What Happened in Slaton Last Year

Taken from the April 21, 1950 issue of the Slatonite:
Saturday evening at 7:30 the Slaton Youth Center, now known as "Tiger Town," will have its formal opening with all Slaton youth invited to attend. No special entertainment has been planned for the occasion as it is believed that young people prefer to make their own entertainment.
No Foolin'! That is the name of the Senior play, which will be presented this Friday, April 21 in the Slaton High School Auditorium at 8:00 p.m. The play is under the direction of Mr. Chaney Watson, head of mathematics, and Mr. Vic Williams, director of the high school band.
The annual spring conference of Fourteenth District Texas Congress of Parents and Teachers, was concluded in Slaton Friday afternoon with the installation of new officers who are to serve two year terms.
Miss Vera Williams, 18-year-old daughter of Mr. and Mrs. Edgar Williams who was injured Sunday evening in front of the Church of Christ, when she was struck by an automobile while crossing Division Street, was reported to be improv-

NOTICE
BY CITY OF SLATON TO OWNERS OF PROPERTY ABUTTING CERTAIN STREETS OF INTENTION OF CITY TO PAVE AND IMPROVE SAID STREETS AND TO LEVY SAID ASSESSMENT AGAINST SAID PROPERTY AND THE OWNERS THEREOF IN PART PAYMENT THEREOF AFTER HEARING: AND TIME OF HEARING.

Whereas, on the 26th day of February, 1951 the City of Slaton by Resolution requested Parkhill, Smith and Cooper, Engineers of said City, to prepare plans and specifications and estimates of costs of paving and improving certain streets in the City of Slaton; and

Whereas, by Resolution passed on the 12th day of March, A.D. 1951 said City Commission approved said plans, specifications and estimates and determined that it is necessary that the hereinafter set out and enumerated portions of streets, avenues, and alleys in the City of Slaton be improved by raising, grading and filling same, by installing standard concrete curb and gutter, and by paving with triple asphalt surface treatment on six inch compacted caliche base;

UNIT NO. 23: Fourteenth Street from 22' South of the North Property Line of Jean Street to 22' South of the North Property Line of Powers Street.

UNIT NO. 24: Fourteenth Street from 22' South of the North Property Line of Powers Street to 22' South of the North Property Line of Edwards Street.

Whereas said Resolution provided that the property abutting said sections of said streets proposed to be improved and the owners thereof should be assessed and pay for not exceeding all the costs of curb and gutter abutting their respective properties plus 9/10ths of the remaining costs of the improvements in the Units on which the respective properties abut; and

Whereas, the estimated costs for said standard curb and gutter is \$1.45 per front foot and the estimated costs for paving is \$2.61875 per front foot, for each of said Units or Districts, the total estimated costs of improvements designated as Unit or District No. 23 is \$3,270.60, the total estimated costs of improvements for Unit or District No. 24 is \$3,270.60; and

Whereas, said Resolution provided that before the levy of such assessments, hearing be held under provision of Article 1105b of the Revised Civil Statutes of Texas, after notice given as provided by law;

Now therefore, under provisions of said Article 1105b R.C.S. of Texas, notice is hereby given to all said owners of property abutting upon said streets and alleys, and to all persons interested in said improvements that hearing will be held by the City Commission of the City of Slaton on the 28th day of April, 1951, at the City Hall at Slaton, Texas, beginning at 3:00 o'clock P.M., at which time any of said owners or interested persons who shall desire to contest any such assessments on account of the amount thereof or for any reason will be heard; and such hearing shall be continued from day to day and from time to time as may be necessary to give all said property owners and interested persons a full, complete, fair and impartial hearing upon all matters with respect to such improvements and the levy of assessments in payment therefor.

After all persons have been heard and such hearing has been closed, assessments will be levied by ordinance against the abutting property and the owners thereof, which assessments will be a personal liability of the owners of such property and the first and prior lien upon said property as provided by said Article 1105b R. C. S. Texas.
Published by order of the City Commission of the City of Slaton, Texas, this 9th day of April, A.D. 1951.

The Slaton Lions will open their 1950 Oil Belt League season here this coming Sunday at Lions Park beginning at 2:30 p.m. against the Seagraves Oilers. The Lions were to have met Post here at 7:30 o'clock Thursday night in a final exhibition game of the year.
Lewis Hollingsworth and J. E. Eckert, who attended the Canadian River hearing in Washington, were expected to return Thursday from Washington. Mr. Hollingsworth represented the Slaton Chamber of Commerce and Mr. Eckert the City of Slaton.

Bean Soaking
There's no need to follow the old, slow routine of giving dry beans five hours or longer to soak up water before cooking, according to Mary Hulsey, Alabama Polytechnic Institute extension service nutritionist. She says to sort beans as usual, boil two cups of dry beans two minutes in six cups of water, remove them from heat, and soak one hour. Cook beans in the water they soaked in because it has taken up some of the vitamins, minerals, and good bean flavor.

IS DELEGATE TO CONVENTION
CHICAGO—With an address by Sen. Charles W. Tobey (R.) of New Hampshire scheduled as a climax, the National Association of Evangelicals is holding its Ninth Annual Convention from April 10 to 13 in the Congress Hotel, Chicago.
Among the delegates is Rev. Lowell Merrell of Slaton, Texas.

He is a sophomore student of Theology studying at Southwestern Bible College of Oklahoma City, Okla.
Merrell attended the convention with the President of the college, Dr. R. O. Corvin, with the intent of gaining more information regarding the work of Evangelism around the world.
Senator Tobey's talk on the closing night will serve to aim the force of an aroused Christianity against organized crime.
More than 300 official delegates and 600 visitors are attending the all-day session from all over the U.S. They are taking up questions not only vital to the church but essential to the well-being of U.S. life and freedoms.

Slickers Are At Work In Slaton . . .

Several business firms in Slaton reported last week that solicitations are being made over town for advertising in publications that are unknown in this area and several say that it is evident that a considerable amount of money is going in to the coffers of irresponsible concerns that prey on business firms, individuals, who do not investigate before they hand over their money.

There are of course legitimate concerns doing business in towns all over the nation and such concerns are entitled to consideration by business people. Some active way of protecting the business firms of Slaton should be worked out where all concerns soliciting business from house to house or in the business district would have to prove their reliability.

In larger towns such matters are handled through better business bureaus and the business firms sign agreements that they will not patronize any firms or individuals that do not have the approval of the better business bureau. The bureau makes thorough investigations of all applicants who wish to solicit business in the towns, issue cards showing that they have been investigated and the firms if they wish to do so, patronize those who have cards.

Slaton probably would not support such a broad program, but some simple plan could be worked out. It would not require a great amount of time for the head of the Retail Merchants Association, the Chamber of Commerce office or the City officials to make investigations and issue permits. All that would be necessary to make such a plan a success would be the cooperation of the business firms of the town.

Comments from anyone interested in this subject will be welcome at the Slatonite office.

The Town Is In A Mess . . .

Slaton will have a city wide clean-up next Monday and Tuesday under the sponsorship of the City Commission and the B.C.D. The organizations are going to considerable expense to get the town in a more presentable and a more sanitary condition, and every citizen who values his own and his neighbors health should cooperate by cleaning up the premises of every home and business house in Slaton.

Campaigns of this kind have been held in Slaton on many previous occasions, some of them have been successful and some have not. This one can be more than worth while if we all act together.

Clean up campaigns are nothing out of the ordinary but they are worth while. Slaton does not, under casual inspection, seem to have unsanitary conditions, but the men who are in position to know, say that the back alleys, vacant lots and the rear entrances to many business buildings need to be cleaned up before the summer season starts.

The business section of Slaton is in particularly distressing condition and it is hoped, by those who are directing the drive, that action will be taken by the business firms of the city.

Morrison Off Base . . .

Although London is reported now to deny it, the Attlee government is believed in Washington to favor handing Formosa over to the Red Chinese. Attlee's new foreign minister, Herbert Morrison, is also said to want the Chinese Communists to sit in on the making of a peace treaty with Japan.

John Hightower of the Associated Press staff at Washington says a note to this effect reached our capital a few days ago. It was handed to Ambassador John Foster Dulles, in charge of peace treaty preliminaries for us, by Britain's Ambassador Sir Oliver Franks.

The Laborites in England would do well to step up their denial of this report. It is more than disturbing to most Americans. The feeling in this country against the Chinese Reds may be described, at the mildest, as bitter. They are not only our enemies; they are our sworn and shooting enemies as well. Their present attack on our men in Korea precludes any idea of our ever meeting around a council table with them to settle the future of Japan.

Messrs Morrison and Attlee may as well know now as later: They can not be pals with Mao and continue to enjoy our friendship at the same time.—The Dallas News.

Thompson Quits . . .

Democrat M. E. Thompson, former Governor of Georgia, who helped swing his state to Truman in the face of the Dixiecrat threat, quits in disgust. Credit the man with integrity. He refused to take a job in Washington at a fat salary and \$53-a-day expense account which was no job at all.

His experience will be hard to brush off. "There are thousands upon thousands of others rendering no service, but on the public payroll." President Truman knew in advance the facts. But nothing was done.

Critics of waste in government are usually brushed off with a bland excuse that "mistakes are bound to occur . . . when your government tries to do something on a big scale, these infractions will happen occasionally." But Mr. Thompson says his case is no exceptional one. "There are thousands upon thousands."

The old party which loyal Southerners yearn to support certainly is not as bad as this indicates. There are fine elements in it. But it has forgotten principles upon which it was founded. It is a mongrel party, supported in part by those to whom integrity and honor are forgotten words.

It is not the principles of New Dealism against which Mr. Truman rebels. It is plain mediocrity, corruption and unconscionable conduct. He could not stomach it.—The Dallas News.

QUOTES . . .

I bought my wife a new spring outfit—a package of seeds and a rake.—Arthur Godfrey.

One third of America's women are trying to lose weight. Another third are trying to gain weight. The other third are trying to take what they've got and shove it around.—Arthur Godfrey.

Slaton People Worth Knowing

E. A. GENTRY

Since September of last year, E. A. Gentry has been the "long arm of the law" in Slaton, as the Chief of Police. He has been a policeman in Slaton for about six years.

Chief Gentry was born in Rover, Tennessee. He went to school in Italy, Texas, and graduated from high school there. He has lived in Slaton for about 21 years. He is a member of the Rotary Club.

There are seven members in the E. A. Gentry family, including Mr. Gentry and his wife. They have one son living with them here.

His duties as police chief keep him pretty busy most of the time, and Mr. Gentry doesn't have much leisure time. However, he said, "I would like to fish and hunt if I could find the time."

In 1660, lenses were ground by hand on crude machines—as shown in a book published in Italy in that year.

POULTRY MANURE IS VALUABLE

Practical farm experience has taught many poultrymen the value of poultry manure. Its use in fertilizing such crops as corn, potatoes, tomatoes, and leafy vegetables has given excellent results. It also has been useful as a top-dressing on grasslands. However, in past years, the lack of supply has prevented it from being widely used and extensively publicized.

But today the situation is changing. Formerly overshadowed by more accessible barnyard and stable manures, poultry manure is now being used on a somewhat larger scale. Today it gives evidence of becoming increasingly important to the farmer and the poultry raiser. For one thing, the rapid growth of the poultry industry has increased the supply of this material.

Important By-Product

Most farm-flock owners can find good use for poultry manure on their own farms. If they do not prefer to use it in that way, they may find a suitable market for it in their community. However, this may not always be true, since in some areas not much of a demand exists for poultry manure. On the other hand, it is believed that a steady use of poultry manure is likely to develop in most localities once its importance as a fertilizer becomes established.

Broiler growers often find poultry manure an extra source of income, and many are benefiting considerably from its sale.

Production

It is said that an average laying hen produces 138 pounds of manure containing 76 percent moisture per year. From this amount, it is estimated that hens housed in laying pens leave 35.4 percent of the manure on droppings boards on in pits and 64.6 percent in floor litter.

According to the figures on turkeys ready for fall market, they produce manure on a 74 percent moisture basis at the average rate of 339 pounds per year.

At these rates, 100 laying hens will produce 6.9 tons of manure a year; 100 turkeys from day-old to 7 months will produce 6.4 tons of manure; and 100 chickens from day-old to 20 weeks will produce 1.3 tons of manure.

With the above amounts being made available each year, it will certainly pay poultrymen to investigate the possibilities of poultry manure—an important poultry by-product!

Destroying Tree Borers
When you detect a borer hole in a trunk, trace the path with a pen-knife. Some borers may be killed by a bent wire. Others can be destroyed by fumigants such as carbon disulphide or borer paste squeezed into the borer galleries tooth-paste-like.

Prospective Blind Men
It is estimated that 220,000 persons in the United States may become blind during the next ten years unless preventive steps are taken. Half of this number can avoid blindness if known methods of prevention are used, and others could be saved by additional visual research.

Why not give your **Pride** a break?

Let's see what it means to own a ROADMASTER.

It means, first of all, that you're a shrewd judge of fine manufacture. Nowhere will you find a mechanism more skilfully fitted part to part with scrupulous precision—engineered to stricter standards of fine-car quality—than the deep-framed and durable ROADMASTER chassis.

It means, also, that you possess keen appreciation of everything that makes for unsurpassed performance.

For there's more to this dazzling beauty than its thrilling take-off. There's the surplus of power that you need to make you the master of busy traffic or open road—plus the velvet magic of Dynaflo Drive (at no extra cost, mind you).

There's the level-going luxury of ample roadweight buoyantly balanced on coil springs on every wheel—and the security of brakes specifically engineered for firm control of this great-powered beauty.

But there's still another distinction to being a ROADMASTER owner.

It marks you as one who buys wisely and well. Size for size, pound for pound, feature for feature, few cars can even approach what your dollars will buy in this finest of Buicks.

There's much more to be discovered by a visit to any Buick dealer's showroom.

There's the sumptuous softness of cushions, the custom excellence of fabrics and interior trim, the grace and charm of every line and contour.

So if you've dreamed of sometime owning a car superbly fine, there's no time like the present—and no car like ROADMASTER for making dreams come true.

Equipment, accessories, trim and models are subject to change without notice.

Miss Hannah Becomes Bride Of Mr. Martin In Formal Service

MRS. LAWRENCE MARTIN

Wedding vows for Miss Wilda Hannah and Lawrence Martin were solemnized Saturday evening, April 7, at 6 o'clock in the First Presbyterian Church, Slaton. The bride is the daughter of Mrs. John M. Hannah, 605 S. 10th., and the late J. M. Hannah. The bridegroom's parents are Mr. and Mrs. Jens Martin of Warroad, Minn.

Rev. David Zacharias of the Westminster Presbyterian Church, Lubbock, performed the single-ring ceremony before an arch of woodwardia fern and peach and white gladioli. The altar was banked with woodwardia fern, white candelabra and cathedral baskets of peach and white gladioli. The bridal aisle was lined with white cathedral tapers tied with white satin ribbon.

Mrs. L. B. Hagerman, pianist, played "Roses of Picardy," "If I Could Tell You," "Venetian Love Song," and traditional wedding marches. Mrs. R. T. Scates of Dallas sang "Yours Is My Heart Alone," "Because," and "The Lord's Prayer."

The bride, given in marriage by her uncle, J. R. Gallimore of Sandia, Texas, wore a gown of white slipper satin, fashioned with a fitted bodice, a standing collar, short sleeves, and a full skirt, worn over hoops. Her matching elbow length mitts ended in petal points over her hands. Her finger-tip veil of imported French illusion, fell from a lace cloche, embroidered with seed pearls. She carried a white Bible topped with a cascade arrangement of white rosebuds, stephanotis, tulle, and satin ribbon.

Mrs. Maurice Middleton of Amarillo, matron-of-honor wore a jade green taffeta, bolero dress with matching mitts and a halo hat of taffeta and illusion. She carried a colonial bouquet of peach gladioli.

Serving as best man was G. W. Gates, Jr., of Shallowater. Ushers were R. T. Scates of Dallas and Bill Tilton of Lubbock.

A small reception was held following the ceremony. The couple was assisted in receiving, by the bride's mother, and members of the wedding party. Mrs. J. R. Gallimore of Sandia, and Miss Bonnie Anderson of Albuquerque, presided at the bride's table. Mrs. G. W. Gates, Jr., registered the guests.

For traveling, the bride wore a navy suit with yellow and navy accessories. Her corsage was of rosebuds.

Mrs. Martin, a graduate of Texas Tech, is a teacher in the Albuquerque school system. Mr. Martin attended the University of Minnesota and is employed by the Mountain State Telephone and Telegraph in Albuquerque.

The couple will be at home at 603 East Gold, Albuquerque. Guests were present for the wedding from Albuquerque, Borgerville, Amarillo, Lubbock, Shallowater, Dallas, Sandia, and San Angelo.

Mrs. Lott Hostess To Quilting Club

The Jolly Twelve Quilting Club met Tuesday for an all day meeting in the home of Mrs. E. M. Lott to quilt for the hostess. A covered dish luncheon was served at noon. The president, Mrs. J. E. Waldrup, presided for the business session. The next meeting of the club will be May 1, with Mrs. H. H. Booher.

Members present for the April 10 meeting were Mesdames S. T. Phillips, C. L. Ward, A. W. Albright, Clyde McGinley, J. F. Richy, Jess Burton, J. E. Waldrup, E. M. Lott, J. W. Scott, and H. H. Edmondson. Guests were Mrs. Fred Stottlemire, Mrs. C. E. Jarman, Mrs. R. C. Sanner, Mrs. H. D. Hollman, and Mrs. Maggie Dobbs.

Pan American Day Observed By Club

The Civic and Culture Club observed Pan American Day in their meeting Saturday, April 14 at 3 p.m. in the home of Mrs. A. C. Strickland, 705 S. 7th. Bowls of blue bonnets and other flowers were used as decorations.

Mrs. J. S. Bates gave the program. In a business meeting Mrs. Bessie Donald reported on plans and arrangements for the Flower Exchange which is to be held on April 21.

Due to the resignation of Mrs. P. G. Meading, Mrs. J. A. Elliott was elected secretary for the remainder of the year. Mrs. S. S. Forrest reported for the Calendar committee concerning the course of study for next year.

Society Clubs

Mrs. Neugebauer Is Hostess For Mes Amies Club

Mrs. Joel Neugebauer was hostess to the Mes Amies Club on Thursday, April 12, at her home on Gordon Road.

A short business session was held and the plants each one brought were exchanged. Mrs. Gordon Burrell gave a brief talk on how to root pyracantha cuttings and Mrs. C. E. McCoy told how to plant and care for roses.

Canasta was played during the afternoon. Refreshments were served to Mesdames C. J. Rhoads, C. E. McCoy, Douglas R. Wilson, Lois Merrill, Edd Caldwell, Gordon Burrell, and the hostess. Guests were Mesdames Joe W. Belote and Ray Cook of Slaton, and Mrs. Vernon Benton of Lubbock.

The hostess presented a tea-spoon in her pattern of sterling.

May 15 will be the next meeting date, in the home of Mrs. Lula Caldwell with Mrs. C. J. Rhoads as hostess and Mrs. Edd Caldwell and Mrs. Gordon Burrell as co-hostesses. Mothers' Day will be the motif of the meeting. Each member will honor her mother or a good friend as a guest in keeping with the month of May.

New Slaton Women Honored At Coffee

A coffee was given in the home of Mrs. Leroy Holt, Friday morning from 10 to 11:30, honoring Mrs. E. S. Timmins, Mrs. T. L. Talbert, and Mrs. C. C. Park, all of whom have recently moved to Slaton. Hostesses were Mrs. Holt, Mrs. John L. Cobb, and Mrs. M. Jay McSweeney.

Guests were greeted at the door by Mrs. R. H. Todd, Jr. The receiving line was formed by the hostesses and honorees.

Mrs. W. L. Pearson and Mrs. Edwin Cummings poured, and Mrs. Joe Teague, III, registered approximately 100 guests.

The dining room table was decorated with yellow and purple iris, yellow candles. Red roses decorated the living room, and peach gladioli were on the registering table.

Others in the house party were Mrs. J. J. Maxey, Mrs. Glen Payne, and Mrs. C. M. McClure.

MRS. PATTERSON HOSTESS TO HOMEMAKERS CLASS

The Homemakers Class of the First Baptist Church met April 12 with Mrs. Fannie Patterson. Thirteen members and three visitors were present.

President, Mrs. E. M. Lott called the meeting to order. Mrs. Lillie Payton gave the devotional from the 19th Psalm. Mrs. DeVore led in Prayer.

Mrs. Ed Myers was elected third vice-president of the class, and Mrs. Patterson was elected group captain.

Mrs. Strickland gave a special prayer. The next meeting will be May 10th.

JR. CIVIC - CULTURE CLUB MEETS WITH MISS KING

The Junior Civic and Culture Club met Tuesday evening in the home of Miss Gertrude King, 340 W. Lubbock. Mrs. Edwin Cummings, president, presided.

Mrs. Leroy Hogue, Mrs. W. T. Davis and Mrs. Ora Belote discussed the development of the child physically, emotionally and spiritually. Mrs. Belote substituted for Mrs. Roy Saage who was out of town.

About 15 members were present.

DAUGHTERS - PIONEER MEET WITH MRS. E. S. TIMMINS

Daughters of the Pioneer Study Club met Monday evening in the home of Mrs. E. S. Timmins, with Mrs. W. T. Poulos as co-hostess.

Mrs. Clarence Guhl gave the program on the "Art of Conversation."

Two guests present for the meeting were Mrs. T. L. Talbert and Mrs. M. B. Grant.

MRS. PORTER HOSTESS TO LOYAL WORKERS S. S. CLASS

The Loyal Workers Sunday School class of the First Methodist Church met Thursday evening, April 12 for their regular business and social meeting, in the home of Mrs. Ray Connor. Mrs. Lon Porter was hostess.

After the business session a social hour was enjoyed. Refreshments were served to 10 members.

BIRTHDAY DINNER GIVEN FOR DAVEY LEE KENNEY

Guests attending the dinner were Tom Smith, Bill Moody, Norman Newton, and Harry Nash, who is on leave from the Navy.

Mrs. Wilke Hostess To Lutheran Women

The monthly meeting of the Womens' Missionary Society of Evangelical Lutheran Church of Slaton met in the home of Mrs. Edmund Wilke, Wednesday, April 11. Mrs. E. C. Staben opened the program with the scripture and prayer. The topic of the month, Medical Missions, was presented by Mrs. Wallace Becker. Mrs. R. L. Camden led a discussion in Revelation, chapter 6 and 7. The Devotional program ended with the Lord's Prayer.

After the business meeting, the ladies honored Mrs. Ben Brewer of Post with a pink and blue shower.

Refreshments were served to 17 members, the guest of honor, and one visitor, Mrs. J. L. Cunningham of Post.

LOCAL QUARTET APPEARS ON RADIO BROADCAST

Mrs. R. A. Thompson, sponsor of the local quartet including R. A. Thompson, Jr., Joyce Burns, Jonette Berkley, and J. W. Clifton, took her group to Lubbock Thursday morning, April 12, where they appeared on the Pop Echels program over KSEL at 8:30.

The quartet and Mrs. Thompson will go to Pleasant Valley tonight where they will help close out a Stamps Music School.

Both study groups of Eastern Star will meet Friday evening at 7:00 at the Masonic Hall.

Bride - Elect Is Shower Honoree

A miscellaneous bridal shower was given Monday, April 16 for Miss Alyce Schakosky of Lubbock, in the home of Mrs. Carl Kayser. Miss Schakosky will be married to Hugo Mosser of Slaton on April 21.

Guests were greeted at the door by Mrs. Kayser. In the receiving line were the honoree, the honoree's sister, Mrs. John Graves, and the groom-elect's mother, Mrs. Louis Mosser. All wore corsages of yellow iris.

Mrs. Walter Mosser directed the registration of guests in the bride's book. Miss Dorothy Mosser and Mrs. Don Gaitner alternately presided at the punch service. Individual iced cookies with yellow rosebuds were served with assorted mints.

Decorations were carried out in the chosen colors of the honoree, aqua and yellow. The dining table was laid with an ecru lace cloth over aqua and centered with an arrangement of numerous yellow iris and snapdragons.

Approximately 50 guests registered.

Hostesses were Mesdames Sonny Cain, J. D. Blair, Calvin Lamb, Walter Mosser, Joe Wicker, Leon Grochowsky, Gusta Blume, Carl Kayser, Bo Becker, Don Gaitner, Lois Merrill, J. W. Martindale, Joe Shelton, Frances Grabber, Robert Macha, and Misses Dorothy Mosser and Leona Verkamp.

WHO'S BOILING? — Marion Collier stepped inside this new-type oil boiler while inspecting the model in Chicago recently. She checked the gauge of the boiler, which had good reason to become warm even though it wasn't connected.

Laura Mae Raschke of Colorado City had an appendicitis attack while visiting in Slaton and was returned to her home hospital for an operation.

Mrs. Charles Mann of Colorado City spent last week end with Mr. and Mrs. G. H. Sargent.

Mrs. Bill Layne has returned from San Antonio where she attended a three day Convocation of the National Council of Churches of Christ, U.S.A. There were fourteen different denominations of the U. S. represented. Mrs. Layne went on to Houston before returning home. She attended a District Instruction of Vacation Church Schools in Lubbock Tuesday.

Mrs. Howton Haire of Post, and Mrs. Ray Connor left Thursday for Manitou Springs, Colo., to visit their daughter and son, Pvt. and Mrs. Bobby Connor. Pvt. Connor is stationed at Camp Carson, Colo.

The Bluebonnet Club met April 11 in the home of Mrs. A. L. Clifton, in a regular business and social session. About 12 members were present. The next meeting will be with Mrs. H. S. Crews on April 25.

Mr. and Mrs. Silas Wilson and Paula Wilson and Mr. and Mrs. Bill R. Waldrep and their daughter, Paula, of Hereford, have returned from Dallas. While there Mr. and Mrs. Silas Wilson attended a meeting held by Dr. Norman Vincent, noted New York preacher. They report his messages as very inspirational.

Mr. and Mrs. Henry Murrell, Jr., of Hereford were week end guests of her mother, Mrs. Virgie Hunter, and sister and brother-in-law, Mr. and Mrs. Ray Talbot.

Mr. and Mrs. E. E. Culver and grandson, Jerry Wayne Gobel, returned last Thursday from a week's visit with friends and relatives in Mount Pleasant and Arlington.

Nine members of the Firemen's Auxiliary attended the Brunchon Club in Lubbock Thursday, April 12.

THIS and THAT FROM HERE and THERE

Stricklinly Speaking—Even the churches set precedent for a smile occasionally. The Abernathy Review tells us that an announcement was made from the Baptist pulpit "that the deacons would meet in the cry room after the services."

Then the minister of the Church of Christ patronized a weighing machine that also tells your fortune. It did. The machine advised the preacher to attend church more and night spots less.

—The Terry County Herald

Hither and Yon—And of course the stronger sex is usually the weaker sex because of the strength the weaker sex has over the stronger sex—or is it because of the weakness of stronger sex for the weaker sex?

—The Sun News

Views and Comments—Deferments on ability to give students of exceptional "brightness" or aptitude the opportunity to complete their college work was announced last week as a policy of the Selective Service program. The program was arrived at after conferences and study by top officials and was announced by the president. The idea follows the European pattern which America, in spite of all the warnings of the centuries, seems determined to ape. It will prove unpopular with the average American, unpopular even with many of the young men who are chosen. Nobody knows better than the straight A's of the past generation that the plodders, the C's and D's are usually the ones who furnish the stamina and give the final punch to the job, whatever it may be. The plodders admire the A's immensely. They like them so well they generally hire them.

—The Floyd County Hesperian

Anagrams—The art of cooking is no more—
By the look of things in the grocery store.
Preboiled rice, preboiled prunes, Premixed cakes and macaroons, Prefried shrimp, veal cutlet, too, Prebaked beans, and prestewed stew.
Yes, cooking has been simplified With preboiled, mixed, baked stewed and fried.
The art of cooking may be forgot. The art of eating, I'm sure, will not.

—The Morton Tribune

Drifting Sands—We notice from the press that castor oil will be rationed to industry, we imagine the kids wish that it would be rationed for medicinal purposes too. As a youngster we can remember the presents, cookies and candies we exacted from our parents if we would be good and swallow it all down at once. Those were the days, castor oil, sassafras tea, sarasaparilla bark soaked in mountain dew. It was supposed to cure all childhood ills including the seven year itch. If by chance these failed on the itch, then sulphur mixed with molasses was supposed to get the job done.

—The Andrews County News

Off the Keyboard—Dr. Gordon E. Richardson really took a razzing at the Lions Club luncheon Wednesday and all because there is, in Lubbock, another Gordon E. Richardson of about the same age. The Lubbock Richardson, accord-

ing to a news item, was fined \$50 and costs in court on a drunk driving charge. But to really top things off, the Swart Optometric Clinic advertisement was in the column next to the story and Dr. Richardson's name was in the ad.

—The Brownfield News

Editorial Comments—General MacArthur upset the tranquility of Washington by inviting the comic leaders to a parley for the purpose of trying to settle the difference in Korea. He said that he wanted to stop needless bloodshed.

While Washington flew into a rage over the MacArthur invitation, the people of the United States accepted the declaration as genuine and from the depths of a heart full of compassion for his men. We cannot conceive of any military man who is willing to continue a war in which men will be needlessly killed or wounded.

Chinese commies have rejected the plea for peace. They do it on the strength of the veiled threat of invasion of Chinese lands by the United Nations. They have the idea that MacArthur would use his forces for invasion if and when the Korea question is settled. The General may be wrong in his seeming attitude of ignoring Washington, but he has no doubt dealt with the same dilatory tactics of Washington so long that he took the matter into his own hands.

We are told that Washington is becoming worried at the attitude

DEFROSTED—"Deep Freeze" woman Dorothy Mae Stevens recently sat up for the first time since being brought to a Chicago Hospital February 8. When admitted, she had a body temperature of 84 degrees, the lowest ever recorded. Surgeons had to amputate her feet, ankles, and all fingers, except her left thumb.

of the people who believe that the war is just about over. Military leaders would like to shock the people back into the spirit of war time preparation.

We are confident that if Washington would seek the opinion of the fathers and mothers who have sons fighting in Korea that it would get the unanimous approval of MacArthur in this matter of peace.

"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"

says H. T. Fitzgerald,
Newspaper Man,
St. Louis, Missouri.

The "Voice of Defense" Reports to Texas

In times like these, when our way of life is threatened, Texans turn to their fastest, most dependable means of communication—and ask—

Is our telephone system prepared to handle its vital role as the 'Voice of Defense'...

Here's part of the answer. There are twice as many telephones serving Texas as there were before World War II. Thousands of miles of long distance circuits have been added. Over 17,000 more telephone men and women are on the job to see this new emergency through—skilled, experienced people, tested and proved in many emergencies.

But preparedness means continued growth. We're looking ahead and working ahead to keep telephone service one of Texas' greatest assets in its defense efforts.

SOUTHWESTERN BELL TELEPHONE COMPANY

"YOUR NEW '50,000 MILES—NO WEAR' OIL is the best we have ever used," says George M. James, Manager, Metro Motors, Ford Distributors, Murray, Utah. "We use Conoco Super in all our demonstrators and recommend it highly to new car buyers."

"I'VE USED MANY DIFFERENT BRANDS of oil, but was never satisfied until I heard the story of '50,000 Miles—No Wear' and changed to new Conoco Super," writes Ben F. Taylor, Traveling Salesman, Fort Worth, Texas. "Now I get greater savings in oil consumption and more gasoline miles to the gallon."

"50,000 MILES—NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

West Texas Roundup

A small fire which smoldered for more than an hour in the Christal Rush grocery store on Highway 51 leading to Littlefield enveloped the entire contents of the building in thick smoke and caused an estimated damage of \$7,000 last Wednesday evening.

J. D. Williams, employee of Southwestern Public Service company, had been checking in the area of the grocery store for about an hour in search of the cause of a power failure when at 10:10 p.m. he noted the store, owned by Jethor Rush, filling with smoke, and called the fire department.

Firemen spent the better part of another hour extracting the smoke from the building and finally were able to ascertain the cause as a short circuit in the compressor relay switch on a refrigerator box. The short had produced sparks that jumped into a stack of egg crates near the milk box and the fire smoldered there until the building was filled with smoke. A clock on the wall, evidently had stopped when the short circuit started, showed the short circuit had occurred more than an hour earlier.

—The Sun News

Two Levelland volunteer firemen received minor burns in a potentially dangerous butane tank fire one mile south of the city last Saturday as they crawled beneath a protective sheet of water to turn off two butane valves.

Charlie Copeland and Thomas Joe Bell received first aid treatment at the scene of the fire, administered by firemen and then received further treatment at the hospital for scorched faces, the result of a backlash of flame.

The fire which swept the butane truck owned by A. B. McInroe as it transferred butane at the Pittsburg Butane Gas company apparently started from a spark. Fire chief H. B. Johnson stated that McInroe had two hoses and one tank open and "probably scraped his wrench while opening another tank causing a spark which ignited the butane fumes."

—The Hockley County Herald

Anderson-Priehard Oil Corporation No. 1 A. M. Brownfield, one-quarter of a mile south stepout on the southwest side of the Wellman field in southwest Terry county, had been potentialized for 2,201 barrels of oil.

This was based on a six-hour flow through a three-quarter-inch choke. Gravity of the petroleum was approximately 42 degrees; Gas-oil ratio was 498-1.

Five and one-half inch casing is cemented at 9,896 feet. Production is coming from perforations at 9,893-9,880 feet and 9,880-9,850 feet.

—The Brownfield News

There are numerous small buildings and residences under way here in Brownfield. Some of the residences are to be quite pretentious. Lee Brownfield, for instance, will build a fine home on East Reppito. There are several others we failed to get names of owners. The new Phillips 66 station at the corner of Main and First is nearing completion.

Foundation is going down rapidly for the new \$250,000 addition to the Terry county courthouse. Also tool houses are being built. Excavation is going forward for the east wing to the old high school building, and material is being put on the ground for the walls.

—The Terry County Herald

A heavy shower which totaled .64 of an inch in Crosbyton will bring new life to Crosby county's wheat crop and enable farmers to begin work which they have been putting off because of lack of moisture. The rain was the heaviest fall at one time here in several months.

The rain was accompanied by heavy but rather fine hail which some observers believe damaged the wheat crop. Wheat that was already jointed could have been damaged by this hail, they state, but no accurate check can be made for several days.

The hail knocked foliage from newly leaved shrubs and trees, and also damaged the fruit crop by knocking off the blooms.

—The Crosbyton Review

The Floyd county commissioners court in special session Tuesday voted to submit a bond issue of \$63,000 to the people of Floyd county to afford funds with which to complete and furnish the court house now under construction.

The election is called for Saturday, April 28.

Members of the court Tuesday said they had been caught in the rising trend of construction and equipment costs, had to have more money to finish the job, and were submitting the matters to the people for decision.

The court expects a levy of three and a half cents out of the court house permanent improvement

LILLIPUTIAN DREAM—These two men aren't lost in the land of Lilliput. They are Ford Motor Company officials who are using 66 miniature models to study proposed colors for 1952 Fords. The one-eighth scale cars, which are painted with actual baked enamel finishes, were displayed in the styling showroom at Dearborn, Mich. The models do not represent future body styles, but color selections from this group will be applied to a limited number of full-scale models for final approval.

fund to take care of the indebtedness, including debt service. Thirty year serial bonds will be issued, if the bond issue gets approval of the taxpayers. An interest rate that will average not over 3 per cent is expected to be obtained for the bond issue, when and if floated.

—The Floyd County Hesperian

Members of the First Baptist Church of Brownfield voted to start a "Buy a Brick" campaign Wednesday night after adopting plans calling for a \$220,000 addition to the present educational building.

Approximately 300 were present for the "Family Night" service which included supper followed by the meeting in the auditorium.

A. W. Turner, member of the building committee, presented the

architect's drawing of the completed building and they were adopted. He later presented the financial plan for raising funds for the building through the "Buy a Brick" campaign.

Bricks will cost 25 cents apiece, and through this plan every member of the church can participate. An elistment committee for the campaign was elected to contact every member of every organization, as well as the church, to secure their participation in the campaign.

—The Brownfield News

T. L. Jones, present commissioner, swept into the mayor's office Tuesday with 206 votes in the largest turnout of voters in a city election in Post's history.

He was opposed by Pat Walker who garnered 149 votes. High man on the ticket was Roy Baker who received 298 votes for commissioner. E. S. (Buddy) Stewart received 224 votes. J. Lee Bowen got 142. A total of 358 votes were cast.

Death Valley
Palestine's Dead Sea, 1,286 feet below sea level, is rimmed by the lowest land surface in the world. Some 500 miles westward, Africa's Quattara Depression in Egypt dips down 436 feet, closely matched by the 427 feet currently credited as the lowest point in the Turfan Depression of Sinkiang Province, western China. California's Death Valley, lowest land in the America's, is 275 feet below the oceans.

Complete Line Of Paints And Wallpapers Offered At Wayne's

"Others may beat our prices, but they can't beat our merchandise," declared Wayne Smith, proprietor of Wayne's Paint and Paper Shop. He offers a complete line of paper hanger's equipment and paint brushes as well as a large selection of paints and wallpapers.

Featured in the paint department is Seidlitz-Multitint, in nine different finishes and 36 beautiful pastel colors. The variety of colors makes it easy to match walls and woodwork. The finishes include flat, semi-gloss, and gloss enamels, exterior paints, floor enamels, and brick and stucco enamels. For complete harmony in colors, Wayne mixes any color which might be wanted. This is a system which only Seidlitz has, and Wayne believes it is the most simple way to supply harmonizing colors.

Another line of paints featured by Wayne's is Masury and Butes. Masury Laureate white gloss enamel is non-yellowing and is washable. It is the finest white enamel he has ever handled, says Wayne. The Luminall paints he carries have a water base and are tops in every respect. It is regularly used for walls and interior painting. The Satin-rubber Emulsion paint can be scrubbed with soap and water 30 days after being applied, without any harmful effect. Wayne says it is the finest kind of wall paint. It also can be used for woodwork. Also, he has a good line of exterior masonry paint for brick and stucco.

Wallpapers handled by Wayne's are products of the United Wallpaper Company, with patterns by Birge, in colonial designs; Schumacher custom print patterns; imported Canadian patterns, and Blue Bonnet papers. All wallpapers handled here are sun tested, washable, fade-proof. Also, Wayne's handles Wall-Tex fabric wall covering. It is similar to oil cloth and is washable for enduring decoration. In all, Wayne has approximately 2000 patterns of wallpaper to choose from.

Also, featured are Marble-coat Texture paints and a joint and tape system.

The selection of merchandise at Wayne's is made only after careful investigation of different paints and papers. Wayne tries always to select paints and papers that will be practical for this particular territory, and he is primarily interested in giving his customers the most for their money.

Cure Fatigue With Rest
Normal fatigue from hard work is pleasurable, but chronic fatigue, resulting from driving tension and nervousness is misery. Often the person who drives himself beyond the capacity of his body never enjoys the results of his labors because he is caught in the misery of nervous disorders. Better a little more rest and sleep than extra dollars which bring no pleasure.

Dried-Out Dates
To restore dried-out dates which have hardened slightly, place the dates in a colander and steam for five minutes. This will restore their plumpness, make them easier to use, and the flavor will be better.

Wall Pictures
When pictures are hung on the walls in groups, it is best to have them approximately the same size and pertaining to the same general subject. Framing the pictures in a similar manner also will improve the over-all effect.

Barbara and Margaret Whitley of Lubbock spent last week with their grandparents, Mr. and Mrs. S. A. Peavy, while their parents attended the state Jaycee meeting in Houston.

Mr. and Mrs. Charley Walton and Mr. and Mrs. Jack Clark went on a four day fishing trip to Possum Kingdom this week.

FAYE'S ROSETTE — Lovely New York TV star Faye Emerson, who has been leading the fashion parade in necklines, is also setting the pace in coiffures. She wears a ribbon rosette at the side of her smoothly kept hairdo. Ribbons on a chignon give added glamor and can hide wisps of hair.

WELL-CAST — Pretty Shirley Rhodes stepped into the Gulf of Mexico at St. Petersburg, Fla., to try her hand at fishing. Doubtless the "poor fish" will be tearing each other's scales to wind up on her hook.

TO GO WITH GLASS HOUSES—The transparent plastic doors and hood on the car, above, may not please those desiring privacy, but Italian producers of the auto can be sure they have something different, if nothing else. The vehicle was on display at an international exhibition in Turin, Italy. Seven countries participated, including Germany for the first time since World War II.

Early Record-Keeping
Before primitive men learned to write, they used knotted cords for keeping records. This device, called "quipus" or "quipos" from the famous Inca practice, was the forerunner of the still-followed habit of tying string around a finger as a memory jog.

State Flowers
Vermont was the first state to pass legislation naming an official state flower—the red clover, chosen on November 9, 1894—although the territorial legislature of Oklahoma selected the mistletoe as its territorial flower in 1893.

Colorless Protection
To test lacquer, varnish or shellac for coloring properties, pour small quantity over clear glass. It shows an amber color, it will darken any finish or impart its color to clear wood. If a clear protective coating is desired, it is best to use a water-white lacquer or bleached shellac.

Key to Solution
A noted paint chemist has solved the puzzling problem of distinguishing the various keys on his key ring. He dips the heads of the keys that look alike in different colors of quick-drying lacquer.

Opportunity To See Beautiful Hawaii Offered Young Men

Seven lucky young men from the Panhandle-South Plains area will soon be on their way to the island of beautiful Hawaii, it was announced today by Sgt. J. A. White, of the United States Army and United States Air Force Recruiting Station, 203 Federal Building, Lubbock, Texas. Headquarters Fourth Army at Fort Sam Houston, Texas, has allotted this area a quota of seven young men, without prior service, to take advantage of this unusual offer. Picturesque Schofield Barracks, one of the Army's oldest military posts, has been selected as the site where those men accepted will receive their 14 weeks basic training. Situated on the island of Oahu, the main island of Hawaii, Schofield is only 20 miles from the city of Honolulu. The Post offers beautiful scenery, swimming, recreational facilities and a chance to train in the worlds best all-around climate, 65 to 70 degrees.

Ice Cream Production
When milk production is lowest, ice cream uses smaller amounts. When milk is in surplus production, ice cream uses large quantities—thus upholding prices when they would be low and making no demands when they ordinarily would be high.

B. A. Hanna, Jr., has returned from Wellington, Kans., where he was best man at the wedding of a former classmate at Tech.

EVERYTHING FOR THE BUILDER

YESTERDAY'S QUEEN—The beautiful Boyan Djavidan is shown at right as she appeared in 1910 when she was Queen of Egypt and commanded a staff of 65 servants. Now, at age 72, at left, she is seeking a job as a maid in Paris. Her husband, King Khedive Hilmi II, was dethroned and she has since been living in different countries. She hopes to return to Philadelphia, where she was born May Torok.

Mrs. W. R. Tomlinson left Monday for her home in Temple after a weeks visit with her daughters, Mrs. Claud Porter and Mrs. Howard Hoffman.

Mrs. Annie Mae Smeltzer of Tahoka spent Saturday with Mr. and Mrs. J. B. Huckabay.

Mrs. Hattie Gerics of Farwell, Texas, is visiting with her daughter, Mrs. J. B. Huckabay, and family.

Harry Marsh has returned from a three weeks visit in Albuquerque.

JUST TALK

by
A.M.J.

Wes Izzard, editor of the Amarillo Globe-News, started telling a friend about his new granddaughter the other day. Without saying a word, the friend handed Izzard a card which bore these printed words:

"Rates for listening to parents talk about their children: Grandmothers, \$8 per minute; grandfathers, \$8 per minute; mothers, \$4 per minute; fathers, \$4 per minute; great-grandmothers, \$2 per minute; great-grandfathers, \$2 per minute. Rate by the hour 50 cents extra. No charge for looking at photographs, if no talk."

While these public service rates have not been inaugurated in Slaton I am publishing them so that parents and grandparents, in Slaton, can take warning. For instance Clay Oates, Tom Turner, Mr. and Mrs. Lee Wootton, Harry and Mrs. Stokes, Mr. and Mrs. J. H. Brewer, Mr. and Mrs. K. C. Scott, Mr. and Mrs. Ben Cole, Jr., of Lubbock, my own sister, Mrs. W. B. Paty, of Paris, Texas, and one very charming woman here in Slaton who took me down a peg when I told about her enthusiasm for her grand children several years ago, she has so many now that she does not know which ones to concentrate upon. I'm looking for a fresh crop of parents and grandparents to collect from when we get our rates in effect.

A lot of folks seem to like pets if the actions of many of those who visit in our office is an indication. Our cocker, Sandy, spends considerable time in the afternoons at our office and is the official greeter at the front door. Most folks pat him a few times on the noggin and he gobbles it up as if he loved every one in the world. Some of the women who come in, all dolled up, shy away from him and we have a tough time cooling his ardor. Sandy is a great friend of the news boys and we'd like to see everyone, who loves pets, have the kind they admire most.

From now on any one who wants to find a home for an oversupply of puppies, cats, rabbits, white rats, canaries, crows, monkeys, tigers or pink elephants we will do our best, through these columns, to find them a home. If a stray dog or cat takes up with you, and you do not care to keep it phone me and I'll tell the folks about it.

Folks on the outskirts of town complain about stray cats and dogs being left on the roads and many of the animals die from starvation or get killed by automobiles. We would like to help the folks who are annoyed by the homeless animals and at the same time bring some happiness to some of the youngsters, and to other folks, who like pets.

There's bad news this week. It is evident that regardless of the ground hog, the fact that the 21st of March has come and gone and that the women are wearing straw hats, Charley Austin still has on his long handles and there's bound to be more cold weather coming. A close check-up last week convinced me that Charley is still wearing them and even after the insistence, by me and his wife that he take them off, he refuses to do so and claims there is more cold weather coming.

My pair that I bought in 1939 are still hanging up in what my wife says is my closet but which contains all of the old clothing that she will not give away, but refused to wear because they are on the old fashioned side, are stretched to the explosion point, but if Charley's cold spell comes I'm going to shoe-horn myself back into them, even if I do have to go around bent down like a man with double arthritis.

Summer is not far away said stirred up a little, Ed Martin, who

SUPERMAN, JR.—While his mother and grandmother beamed proudly, little Jordan Scott Cantell went nonchalantly through his chinning exercises. The three-and-one-half-month-old Philadelphia doesn't seem to understand why mother Adele and grandmother Mrs. Frances Kessler are so excited.

Charley, but it is not safe to peel down too close and make your blood too thin.

Not long ago I ate a fourth of a piece of pie with ice cream on it at ten thirty at night and I spent the remainder of the night entertaining the pie. I have been accusing my neighbor, who served the pie to me, of having tried to poison me. He denies it but in a way that might signify that it is a good joke even if he did not do so. Before I eat any more pie at his house I'm going to try to make our dog quit barking at night, to cut off the limbs of our trees that snag his hat every time he walks out on the front walk, to chop the weeds that grow in our alley. Maybe he wants to get rid of me.

Last week when the sand was hustling around for the Slaton-

ite, and who came from Dallas out here, looked as if he were ready to take out on a long lope all the time the wind was howling and the rocks flying around in the air.

"Folks tell me that this is not a first class sand storm," said Ed, "but I think they are kidding me."

Doctor W. E. Payne, who admits he was born in Missouri wants it thoroughly understood that he is not from Independence, and that he does not feel that all of the people who were born in Missouri should be held responsible for the condition our national politics are in today.

If he had not been telling folks here for a long time that he was born in Missouri he would move the location to Arkansas, says the Doc, and anyone who goes that far he is getting about to the point where he has lost all his pride.

AMATEUR RADIO OPERATORS TO GATHER IN LUBBOCK

Amateur Radio Operators of the Southwest are to convene in Lubbock, Texas, on April 21-22 for the annual Hamfest. Members of the South Plains Radio Club of Lubbock are to be hosts at the Naval Reserve Training Center in Lubbock on these dates.
 The local club has planned the Hamfest to coincide with the Texas Technological College annual Engineering Show in order that "Hams" may attend both occasions.
 Some 400 Amateurs and their wives are expected to participate in the program which is being built around two meter activity.

Roof Cement Helpful
 Roof cement is used for repairing leaks and cracks in roofs of all descriptions—concrete roofs, tin or metal roofs and composition roofs. It is also used for repairing chimneys, flues, gutters, spouting, eaves and cornices. Roof cement is recommended, too, for packing around pipes, mending skylights, filling holes of all kinds, cracks in wire glass and chimney flashings.

M. H. Duncan and daughter of Lubbock visited Mrs. Delia Boyd Saturday afternoon.

Charles Meyer has been working for R. E. Jones.

Another oil well may be drilled near here with four companies joining in the drilling.

A railroad spur has been built to the property of Ragstad Zachary which was recently purchased from Mr. and Mrs. W. C. Hobbs.

Grady Caudle of the old Tahoka highway, was visiting friends here Monday.

Cattle Branding

Cattle branding is in the best movie cowboy tradition, but is sometimes an expensive practice. A heavily branded cut of sole leather hide is worth about 40 percent less than the same without the brand.

Card Of Thanks

Words cannot express our appreciation to you, our friends, for your words of encouragement and sympathy, the beautiful flowers, all your acts of kindness which were such a comfort to us in our recent sorrow, the passing of our mother, sister, and aunt, Mrs. Bertha Roberson. Marketing Pigs

Farmers are finding it pays to send a ton of pork to market in 10 pigskins instead of eight. In other words, 200-pound pigs usually fit current market demands better than 250-pounders.

Termite Control

A single treatment of DDT to the soil around wooden structures gives complete protection against termite attack for at least five years, according to Michigan State college agricultural economists.

CLEAN UP DAYS

Monday & Tuesday
April 23-24

Monday & Tuesday
April 23-24

CLEAN-UP - PAINT-UP - FIX-UP NOW!

Monday and Tuesday, April 23-24, has been designated by the Mayor as Clean-Up Days for Slaton. The Slaton Board of Civic Development and Chamber of Commerce are working together to make this drive a concerted effort to rid the town of trash and debris. They urge every citizen to participate.

Here's how you can help. Clean up your premises and pile the trash together in the alleys. Trucks and men will go to every part of town to pick-up this debris on Monday and Tuesday.

Dr. W. E. Payne, city health officer, has said that it is imperative to clean up Slaton for sanitary reasons. Summer months are Polio months and one of the most effective ways of combating this disease is cleanliness.

The Slaton City Commissioners are going all out for this clean up campaign... hiring extra help, and making all of the city's equipment available for these two days. Do your part. Everybody co-operate in this drive to clean up Slaton.

REMEMBER, stack your trash in the alleys so the trucks can pick it up on Monday and Tuesday. Let's clean up Slaton!
