SLATON, LUBBOCK COUNTY, TEXAS, FRIDAY, JUNE 1, 1951

NUMBER FORTY-ONE

### Herring Appointed To Dumas Church After Three Years As Pastor Here

Rev. O. B. Herring, pastor of the local Methodist Church for the past three years, left Slaton Thursday for his new appointment as pastor of the Dumas Methodist Church in the Perryton District. Rev. Herring received his appointment Sunday afternoon in the closing session of the Northwest Texas Annual Methodist Conference in Abilene. Rev. Lloyd Mayhew, pastor of the Highland Heights Church, Sweetwater, was appointed pastor of the Slaton Church.

REV. O. B. HERRING

During his ministry here Rev. Herring has had 185 additions to the church, about 100 of which were on profession of faith and vows. Just the past year there were 57 additions, 31 being accepted by vows and baptism, and the others on certificate.

One of the main accomplishments of Rev. Herring's pastorate here was the beginning of construction on the new sanctuary. Approximately \$30,000 was raised during this year for the building fund.

The new pastor, Rev. Mayhew, will preach his first sermon here Sunday morning at 11 o'clock.

Dr. J. E. Shewbert of Colorado City Methodist Church was appointed to replace Dr. J. O. Haynes as district superintendent of the Lubbock District. Cal Wright, former pastor of Slaton, was returned to Spur, and E. C. Raney, former pastor here, was returned to Cotton Center.

### Methodist Church School Reports Good Attendance

The Methodists report that about two-thirds of the children in the Methodist Church are attending the Vacation Church school which opened last Monday morning. About 84 were present Tuesday. There was no meeting of the school on Wednesday due to the Memorial Day holiday.

The Junior Department is studying the History of Methodism, a course never taught before in the Slaton Methodist Church School. The other departments also are following interesting courses of study.

Various kinds of craft are taught as a part of the program. Refreshments are served to the students and teachers each morning by some of the mothers or various organizations of the church.

Each session begins at 9 o'clock and lasts until 10:45. The closing session will be June 8. All children are invited to attend.

Mrs. Bruce Pember is chairman of the kindergarten division; Mrs. Sue Robertson, Primary; Mrs. Douglas Wilson, Junior, and Mrs. R. J. Clark is director of the entire school.

### 500 Poppies Sold Buddy Poppy Day

Approximately 500 Buddy Poppies were sold here last Saturday, according to an estimate by a local VFW spokesman. Buddy Poppies are made by disabled veterans.

About 50 percent of the money raised here in selling Buddy Poppies will be used by the local VFW post. Ten per cent is given to the girls who helped in selling them, and the rest is distributed among the disabled veterans in the various V. A. hospitals over the U.S.

Capt. Louis Sanders called his wife and mother here from Japan on Monday, May 28. He is there for a rest after being in active battle one year.

Jerry Pricer left Wednesday morning to visit his sister, Mrs. T. L. Raney in Abilene.

### Baptist Vacation Bible School Has Large Attendance

Vacation Bible School was opened at the Baptist Church last Monday with 258 children enrolling. The second day there were 271 present for the school. Rev. J. T. Bolding, principal of the school, stated that this is the largest attendance the Baptist have ever had in such a training program.

Students meet at the church each morning at 8:30 for the opening exercise which consists of the devotional, salute to the Christian and American flags, reading of the scripture, memory verses, and songs. After the opening services the children go to their respective departments for Bible stories, etc. Later in the morning all the students are directed in various types of crafts.

The only unusual thing about the school, says Rev. Bolding is the wonderful crowd. The new educational building is working in wonderfully with the Bible School.

Superintendents of the various divisions include Mrs. H. G. Stokes, Mrs. George Privett, Mrs. Ray Murphy, Mrs. J. C. Smith, Mrs. Wayne Liles, Mrs. Roy Carpenter, and Mrs. T. E. McClanahan. Each morning session of the school closes at 11 o'clock. All children through the ages of 4-17 are urged to attend the Bible School. The last session will be Friday, June 8.

### Work Starts On Circus Drive-In

Construction has started on the Children's Theatre's drive-in to be located on the Post highway in Slaton, according to Bill McDavid, manager of the Slaton Theatre here.

McDavid also announced a new policy of keeping the Palace Theatre open all week instead of just week-ends.

Work on the screen tower of the drive-in is underway now and McDavid predicted a July opening. The drive-in will be named the Circus drive-in.

"A circus motif will be carried out in the construction," said McDavid, "with the entrance similar to a circus entrance, and circus trappings insofar as possible."

The Palace theatre, formerly open only on week-ends, will start a seven-day showing, with picture changes on Sunday and Thursday. Double Feature programs will be shown, said McDavid.

SHOULDER WITH A VIEW—

This London lass solved her view problem without the aid of a periscope when the King and Queen of Denmark paraded through on their visit to England. The Bobby made a perfect viewing stand from which to watch the visiting royalty.

### Working Girls Picnic Planned

Attention: Working Girls!

Big plans are underway for a picnic on the city hall lawn for all the "working girls" of Slaton, to be held the early part of the week of the Frontier celebration. A definite date has not been set, but will be announced later—all you girls watch the Slatonite for further information.

The sooner you don those western togs the better. The deadline is fast approaching and the hand-cuffs are ready and the chain is up, so let's get into the swing and work up 'ye ole western spirit!

Every working girl is urged to help in making a success of this picnic. **NO MEN ALLOWED!** It is hoped that the girls will be there 100 percent.

Any additional information may be obtained from Frances Sargent or Cora Sealy.

### News Of Slaton Men In Service

Pvt. Curtis B. Wilke, son of Mr. and Mrs. B. O. Wilke, Rt. 2, Wilson, is home on a two weeks leave. He is being transferred from Camp Carson, Colo. to Camp Stoneman, Calif.

Eugene Edwards Johnston, boat-swain's mate, third class, USN, husband of Mrs. Mildred M. Johnston of 705 Ninth St., Slaton, Texas, is recently enlisted in the U. S. Navy for six years, at U.S. Fleet Activities, Yokosuka, Japan, where he is presently serving.

W. H. Mudgett, Jr., of 128 Raleigh Place, San Antonio, received his orders last week to be sent overseas. He is stationed at Randolph Field, having been called back into active duty in April. He is the son of Mr. and Mrs. Jerry Mudgett and the son-in-law of Mr. and Mrs. Harry Stokes.

A letter from Mrs. W. L. Holman this week informed us that Cpl. Thomas Wheatley had written recently that he is just fine and was to get a 12 day pass soon. He planned to visit Baquir but would spend most of his time in Manila. He won third place at a costume party given at the post for the men. He was dressed as a hillbilly, with red patches and all. Tom is with the 8148th Army Unit, U. S. Army Hospital (P. S.), Manila, P. I. He has been in service for three years and 11 months spending 21 months of that time in Manila. He would like to hear from friends in Slaton. His address is: Cpl. Thomas E. Wheatley, R. A. P. O. 928, in care of P. M., San Francisco, California.

Pfc. Joe Tuckner has been home for about three weeks for a visit with home folks. He has been with the Marines stationed in San Diego in radio school for about four months. He enlisted in October. He will report to Camp Lejeune, N. C. for further training.

Pvt. Walter Heinrich, son of Mr. and Mrs. O. E. Heinrich, was inducted into the army on January 26, 1951. He spent six weeks in Camp Chaffee, Ark. and had eight weeks of artillery survey training at the replacement center at Ft. Sill, Okla. He has been visiting his family and friends here and left by chartered plane last Saturday with 35 other boys from this vicinity to report to Ft. Lawton, Wash. From there he will be sent to the Eastern command.

Robert Woodfin went to Albuquerque last week for a check up at the hospital there. The doctors were well pleased with his progress in recovering from his recent accident. He will report back to the hospital in three months for another check up.

Big dance at the American Legion Hall, Saturday night, June 2, 8:30. Music by Circle B Ranch Boys. Everyone come.

### Charter Night Of Scout Troop 28 Will Be Monday

Scout Troop number 28 will hold charter night next Monday night in the basement of the Christian Church at 8 o'clock. A special program will be presented. All parents and friends of the troop are invited to attend. Refreshments will be served.

Troop 28 is sponsored by the First Christian Church, and membership is open to any boy who cares to join the scouts. Parents of members of the troop and the men of the church are going to sponsor a camping trip sometime this summer. They plan to raise money in various ways to finance the trip. A concession stand and ducking pool will be run by the boys on June 16 at the Frontier celebration. All money made will be used for the camping trip.

Pearce J. Burns is scoutmaster, and his assistants are S. R. Murphy and Clifford Cox. James Blair is chairman of the troop committee. Members of the troop committee are O. D. Kenney, Norman Burns, and Tommie Davis; Institutional representative, J. A. Smith; Explorer adviser, Robert Hall Davis. The regular meetings of the troop are on Monday nights at 7 o'clock.

### Cub Scratches

Cub Scouts of Slaton and their parents met April 26 in West Ward Auditorium for the purpose of making new applications for 1951-52 charter. Included in the program was a pot luck supper. Nineteen cubs and their parents attended.

Scouts registering included: Rank of Bobcat: George Privett, David Childers, John Dodson, Beau Boulter, David Bonds, Steve D. Edwards, Travis R. Hendricks, Frank E. Chapple, Ralph D. Klaus, Russell E. Cummings, Richard A. Edwards, and James R. Vardy. Rank of Wolf: Jimmy Blankenship, Dickie Todd, Billy Murphy, Tommy Bonds, Leon E. Kenney, Richard A. DeMoss, and Martin E. Self. Pack leaders elected at the meeting were Eldon Boulter, cub master; Richard DeMoss, assistant cub master, and Edwin Cummings, chairman of the pack committee. The committee members are Mr. Bonds, Mr. Hendricks, Mr. Murphy, and J. S. Edwards, Jr. Mr. Chapple was elected treasurer. Den mother at large is Mrs. Charles Marriot and Mrs. Eldon Boulter is reporter.

May 24 at the regular pack meeting, the following were advanced to the rank of Wolf: Beau Boulter, James Vardy, David Bonds, and R. D. Klaus. Those advanced to rank of Bear were Richard Edwards and Russell Cummings.

May 28 a meeting of the pack leaders was held in the home of Eldon Boulter. Leaders attending were Richard DeMoss, Edwin Cummings, J. S. Edwards, Jr., Mr. and Mrs. Bonds, and Mr. and Mrs. Chapple. The June program was discussed at this meeting. Plans were made for an outdoor program, which will be conducted under the theme of "Lost Island," following the story of Swiss Family Robinson. Each cub will participate by building a shelter, making island clothing, improvising dishes, spoons and water containers, out of which to eat primitive cooking and tropical foods. The climax of this program will be an exhibit on Thursday, June 28 at the home of Mr. and Mrs. Bonds, Rt. 1. The cubs will display the articles and island home which they have made, at that meeting. A picnic lunch will be served with emphasis on tropical foods. Cubs who have earned awards will receive them then in an impressive ceremony which they will long remember.

This is only the beginning of many interesting things planned for the Slaton Cub Scouts through the summer. The Cubs and their parents are urged to be present.

### Annual Outdoor Meeting Of Square Dance Association To Be Held Here

### Rotary Officers Named For 51-52

HOWARD HOFFMAN

Howard Hoffman will be installed in the first July meeting of the Rotary Club as its new president, succeeding O. Z. Ball. Other officers to be installed at the meeting will be vice-president, Howard Swanner; secretary-treasurer, P. G. Meading; Sgt. at Arms, Bill Welch; song leader, Ted Swanner, and pianist, Mrs. Webber Williams. Present officers include Ball, president; Hoffman, vice-president; secretary - treasurer, Meading; song leader, T. Swanner, and pianist, Mrs. Williams. New directors are John Sims and J. J. Maxey and hold-over directors are Tip Kendrick and Lewis Hollingsworth.

A meeting of the new officers and directors will be held in June to make plans for civic projects and activities during the summer. The club recently amended the by-laws to provide for two annual night meetings, in addition to Ladies Night. The local Boy Scouts will be honored by the Rotarians one night in July of each year, and the school faculty will be guests of the club one night in October. The annual Rotary Anniversary will continue to be held.

### Cotton Plants Are Beginning To Show

Judge Smith reported early this week that there are a lot of cotton plants coming up already over the country. Part of it, he said, is on irrigated land and some on dry land. The recent rain which fell generally all over the territory brought enough moisture to start the growth of the cotton crops.

One cotton authority here said that he is reminded now of the 1941 cotton season, whereas a couple of weeks ago it looked like we were in for another "1934 season."

Prospects for a good crop are greatly increased and if there continues to be enough rain throughout the summer this may be a record year, according to some local farmers.

### Legionnaires Set Convention Dates

The Fifth Division of the American Legion of which Slaton is a part, is scheduled to meet in Plainview, June 9-10. Charles C. Gibson of Amarillo is the commander of the division. The date set for the state convention of the Legion is August 16-19 at San Antonio.

Mr. and Mrs. Harry Marsh and son, Donnie, and Mrs. Vivian Williams left Tuesday for a five day visit in Albuquerque.

Mrs. F. A. Drewry was in Dallas and Mt. Pleasant last week visiting.

The Westerner's Square Dance Association will have its annual outdoor dance in Slaton June 16, in connection with the city's frontier celebration. Garza Street will be roped off between 8th and 9th streets Friday night so that the streets can be cleaned for the dance. Jim King and his Cosden Playboys from Big Spring will furnish music for the evening's entertainment. Local members of the association, Mr. and Mrs. Vilas Tudor, are making arrangements to have some of the best square dance callers in the state to be here for the event. Those who have already accepted the invitation to be here are Bill Howard of San Angelo, Cecil Gartin of Abernathy, M. L. Van Arsdel of Amarillo, Anson Oden, president of the association from Brownwood, Bill Ingram of McCreary, C. C. Lindsey and Dallas Whaley of Lubbock, James Henson, Felix Dooley and John L. Henson all of Roscoe, John S. Waring and Joe Waring of Comanche, Jack Fomby of Sweetwater, and Loyd B. Brame of Lorraine. Several others had been notified but no answer had been received from them early in the week.

Baldridge's sound equipment truck has been engaged for the public address system for the square dance. Plans are being made by Slaton members of the association to meet sometime soon for the purpose of going through the square dances for those who want to learn to square dance or to brush up on the dances. The date, time, and place of meeting will be announced later. Programs will be mailed out to members sometime next week with the scheduled activities of the Association the night of June 16.

The Frontier celebration will get underway Saturday morning with the parade. All business men or individuals planning to enter a float in the parade are asked to fill out an entry blank at the Chamber of Commerce office right away. Prizes of \$75, \$50, and \$25 will be awarded owners of the three best floats.

Other events to be included in the day's program will be the appearance of Wylie and Gene, well known western entertainers from Oklahoma; the awarding of a Shetland pony to some lucky boy or girl; and the awarding of cash prizes to participants in the celebration who are judged to be dressed most authentically western.

### Funeral Services Held Here For Former Resident

Funeral services were held on Thursday, May 31, in the First Baptist Church at 2 p.m. for W. W. Stone, 79, who died in Abernathy, May 28. Mr. Stone was a resident of Slaton prior to 1925, moving from here to Abernathy in 1936. Services were conducted by Rev. J. F. Nix, assisted by Rev. J. T. Bolding and Rev. Geo. York. Burial was in Englewood Cemetery. The services were in charge of the Masons.

Survivors include five sons, Osa and Oscar of Los Angeles, Calif., Otis of Seagraves, Lee of Anton, Woodrow of Lamesa; three daughters, Mrs. H. B. Jarman, of Slaton, Mrs. Annie Wilson and Mrs. Ralph N. Norman both of Dallas; a sister, Mrs. Lula Ormsby, Slaton; a brother, R. J. Stone, Sherman; 11 grandchildren and four great grandchildren.

Melvin Henderson, son of Mr. and Mrs. W. A. Henderson, was seriously injured Monday while swimming at Phoenix, Ariz. All relatives have been called to his bedside.

# What happened in Slaton Last Year

Taken from the May 26, 1950 issue of the Slatonite:  
The steadily growing and active interest in prospects for oil in this area constitutes a large variety of information coming from the nearby wells—and little of the information is actually authentic.  
Dr. Douglas E. Nelson of Pampa, Texas will conduct a five-day preaching mission in Slaton at the First Presbyterian Church from May 29 through June 2.  
Annual convention of the Fifth Division of the American Legion, which includes Slaton and surrounding towns, will be held this weekend, May 27 and 28, in Amarillo.  
W. H. Rodgers, manager of Buffalo Lakes, who was in Slaton on business last week, reports that there is more water in the lakes than there has been in several years and that considerable water is going down the spillway.  
Rev. W. O. Harper, recently appointed by the Foreign Mission Board of the Southern Baptist Convention as a missionary to Nigeria, Africa, will speak at the evening hour service of the First Baptist Church.  
Clay Oates left Saturday for Dallas where he attended "The Men's Show."  
After winning twelve straight games without a loss in the regular season, Slaton bowed out last Saturday afternoon at Lions Park to Spur's powerful Bulldogs, 6-0, in the Region 1-A baseball finals.  
Mrs. Johnny Berkley, Johnetta and Gene, and John Singleton visited in San Saba this week.  
Mrs. Dick Taylor has been ill for the past week and a half. So far doctors have not decided exactly what is wrong with her.  
The last estimate that came from the census offices in Lubbock concerning the number of people who are residents of Slaton is 5,100. However, it is possible that the figure may go to 5,200 or slightly higher.

"SWORDS INTO PLOWSHARES"—In a plan to mechanize her agriculture, Chile is training more than 300 soldiers in the use of modern U. S. farm machinery. Some of the "farmers-in-uniform" are shown above manning 15 combines during a harvest of rye near Santiago.

Beginning this Tuesday the Slaton Theatre will bring you a Bargain Encore Movie each Tuesday! The biggest and the best of the old pictures will be brought back for those who want to see them again and those who missed them.

ADMISSION: 25c ADULTS

**A PRINCESS VISITS THE POPE**—Britain's Princess Elizabeth, extreme left, wearing a floor-length black velour dress and a black veil of Spanish lace, walks through the Papal Chambers in Vatican City for an audience with the Pope. The Duke of Edinburgh follows the Princess, while the Swiss Guards serve as an escort.

**WINNIE WINS ONE**—Winston Churchill leans forward to get the good word before the race from Jockey T. Gosling, who rode the British statesman's horse, Colonist II, to victory in the Churchill Stakes at London. Colonist II finished two lengths ahead of Above Board, owned by King George. Star-Spangled Banner finished third.

**Sea Serpents**

The sea serpent of ancient tradition, which gobbled ships and men like tasty hors d'oeuvres, has been properly debunked. But the Danes, and other oceanographers as well, recognize the possibility that the ocean may hold unknown creatures—giant eels, for example—that would help explain the recurrent tales of great sea serpents.

**SHOULDERS, ETC.**—The men of the heavy cruiser Los Angeles proved they know art when they see it by christening movie actress Andrea King "The Shoulders." Their findings concurred with those of sculptor Yucca Salamunich who recently proclaimed Andrea the possessor of the most beautiful shoulders in Hollywood.

**Prepare Metal Surface**

Before painting a metal surface that has any grease or oil on it, clean it thoroughly with benzine or mineral spirits. All new galvanized metal surfaces should be treated. A solution can be used which is made by adding eight ounces of either copper acetate or copper sulphate to a gallon of warm water in an earthenware or glass container. A liquid manufactured for the purpose may also be employed. The solution should be applied with a brush and allowed to dry on the surface before proceeding with the priming coat.

Typewriter and adding machine ribbons, all makes, at the Slatonite. FOR SALE: 1 cash register. 5c to \$2.00 sales. \$40 at the Slatonite.

**Card Of Thanks**

We want to express our sincere thanks to our friends and neighbors for the many acts of kindness shown us during Robert's recent illness.

Mr. and Mrs. Verl Woodfin, Charlie and Robert

**ATTEND SON'S GRADUATION**

Mr. and Mrs. J. D. Holt are leaving Tuesday for Galveston to attend the graduation exercises of their son, William D. Holt, who is graduating from the University of Texas Medical School. Dr. and Mrs. Holt and their two sons plan to visit his parents here for a while before he reports to a hospital in Oakland, Calif., on July 1 to serve his year's internship.

Letter size steel safety boxes with index only \$5.50 at the Slatonite.

**ATTEND CONFERENCE**

Among those attending the annual Northwest Texas Conference of the Methodist Church in Abilene last week were Mrs. Martin Collins, Mrs. S. S. Forrest, Mr. and Mrs. E. R. Legg, W. L. Blaylock, Mr. and Mrs. W. C. Church, Mr. and Mrs. Bill Layne and Betty, Mr. and Mrs. Paul Walker, Mr. Holloman, and W. C. Womack. Martin Collins and David, Miss Joyce Sherrill and her brother, Marvin of Sudan, went to Abilene Sunday to attend the closing session of the conference.

Lt. and Mrs. Ellis P. Schmid of Baltimore, Maryland visited his mother, Mrs. F. A. Dreyfus this week, enroute to Monterey, Calif. where he will attend Language School for about six months.

Electric and hand operated adding machines for rent at the Slatonite.

Mr. and Mrs. Olan Griffith left Tuesday for a week's vacation at Lake Brownwood, Texas. They plan to visit Mr. Griffith's old home town of Bangs, Texas also.

Jeanette Burrell flew to El Paso and went sight seeing in Juarez, Mexico last week-end with her uncle and aunt, Mr. and Mrs. John F. Boldin and Mr. and Mrs. M. F. Dagley of Lubbock.

**Sloth Bear**

The fat of the sloth bear is highly prized by the natives of the mountainous parts of India for the lubrication of delicate steel parts used in gunlocks. It prevents rust and will not clog with constant use.

**Livestock Parasites**

Good rations and sanitary surroundings are more important than drugs in controlling internal parasites of livestock.

**MRS. M. D. GAMBLE**  
Mr. and Mrs. Melvin Cade attended the northwest Texas Methodist conference at Abilene last week.

The Baccalaureate service was at the Baptist Church at Cooper Sunday night. Rev. Bill Tanner, pastor of the Union Baptist Church gave the sermon.

The Commencement exercise was Wednesday night in the High School Auditorium with Rev. C. R. Hankins giving the invocation and Calloway Huffaker delivered the Commencement address and W. T. Lemon presented the diplomas to the 26 graduates.

Rev. and Mrs. W. D. Tanner and baby spent this week in Abilene with Rev. Tanner's parents.

The Vocational Bible School will be held at the Baptist Church June 11-16.

Guests in the home of Mr. and Mrs. Alvin White last week were Mrs. White's brother and family. Mr. and Mrs. W. E. Chancellor and Don David of Cooper. It was Mr. and Mrs. Chancellor's first visit to the plains and they thought it was a wonderful country.

Mr. and Mrs. Dick Cade and two daughters of Wilson visited in the home of Mr. and Mrs. R. M. Cade Sunday night.

The W.M.S. met at the Baptist Church Monday afternoon with Mrs. Henry Heck from Idalou as a visitor.

Mrs. Hattie Cade had as her guest last Friday night, Mrs. J. E. Farley of Slaton.

Mr. and Mrs. Leslie Greene and Lou Ann visited in the home of Mr. and Mrs. Joe Gamble Friday night.

Rev. and Mrs. C. R. Hankins returned the first of the week. Rev. Hankins attended the conference at Abilene and Mrs. Hankins spent the week with relatives at Wellington. Rev. Hankins was sent back as pastor of the Methodist Church for another year. Dr. J. E. Shewbert is the new district Superintendent to replace Dr. J. O. Haymes who will be pastor of the First Church, Plainview.

Misses Glenda Evans and Thelma Cassetty left Saturday for Sherman to spend a week visiting.

A slumber party was enjoyed recently in the home of Dinah and Donna Cade. Attending were Thelma Cassetty, Glenda Evans, and Mary Ann Smith.

The Union Home Demonstration Club met last week, May 23 with Mrs. John Griffin as hostess. The program for the evening was "Let's Go To The Fair." Mrs. W. B. Jeter gave "What Is Good Taste In Textiles." "Let's Judge Our Canned Food," and "Does Your Cake Have Good Flavor and Texture?" Mrs. Clester Griffin gave "Are Your Flowers Good Specimens?" and "Artistic Arrangements." "Art Department Judging" was the discussion given by Mrs. E. C. Craddock, and "What Makes A Good Antique" was given by Mrs. J. B. Patterson. The next meeting will be June 13 with Mrs. Harold Morrison with Miss Clara Pratt giving the demonstration. Those attending the meeting May 23 were Mesdames Hattie Bishop, H. M. Cade, C. L. Griffin, Joe Gamble, Clester Griffin, Harold Morrison, J. B. Patterson, E. C. Craddock, F. H. Griffin, Bryan Blevins, W. B. Jeter, and John Griffin.

Brother and Mrs. Bill Tanner had as their guests Sunday Mr. and Mrs. Evans of Henderson, Texas and Mr. and Mrs. Tanner of Idalou.

Mr. and Mrs. R. M. Cade and Donno Sue and Dinah Mae spent Sunday in Levelland visiting in the home of Mr. and Mrs. Jonnie Meadows.

The close of the school will be Tuesday morning when the pupils will receive their report cards and be ready for their summer vacation.

**Feeding Sows**

The sow's feeding schedule from time of farrowing until the pigs are about two weeks old should start with nothing but warm water the first day and a small amount of bran or oats the second day, with a gradual increase over the next ten or twelve days until she is again on full feed.

**Southland News**

**MRS. FLOY KING**

The Southland school closed on Friday night with commencement exercises for the Senior Class of 1951. The program consisted of the Processional by Mrs. Richard Lewis; Invocation, Troy Bruster; Salutory, Mary Frances King; Class Will, Patricia Hafer; Valedictory, Carolyn Edwards; Class Prophecy, Jean (Sims) Basinger; Vocal Duet, Sybil Smith and Cleeta Fern Lewis; Graduation address, Calloway Huffaker; Presentation of Awards, Supt. F. W. Calloway; Presentation of Diplomas, Lee Mason; Benediction, Rev. M. H. Gray, and Recessional, Mrs. Richard Lewis. The class colors are maroon and white and the class flower is the chrysanthemum. Class motto—Learning for Living.

The Grade School put on a program Wednesday night.

The seniors left early Monday morning on their senior trip to be gone nine days. They plan to tour Arizona.

Rev. and Mrs. J. C. Arnold attended the Methodist Conference at Abilene last week.

The Harry Kings had all their children and grandchildren home last week except the oldest girl

and her husband, Mr. and Mrs. Lee Saflar from Phoenix, Arizona, and a daughter-in-law, Mrs. Marcia King of El Paso. Those present at the Kings were Mr. and Mrs. W. E. Bull of Kalispell, Montana who arrived here Wednesday night and left here Saturday morning for Abilene; Mr. and Mrs. Leo Kramer of Chicago, who arrived here on Thursday evening and left early Tuesday morning; Bryce King of Chicago who arrived Thursday and left Friday night for El Paso; the Pete Kings and children of Slaton; Sgt. and Mrs. Henry King and children of Lawton, Okla., who arrived Thursday and left Saturday. The family all visited in the Pete King home in Slaton while here, and also attended the rodeo in Post Saturday night.

Mr. T. H. Basinger and daughters, Betty Sue, Emma Lou, and Dolores, spent the week-end in Oklahoma, returning home Monday.

**Hair Facts**

A human hair fiber continues to grow for a period ranging from six months to six years. The average growth is half an inch a month. When a hair fiber dies and falls out, another grows in to replace it.

### Return Of The Jitney

There is something to think about in what is happening in Detroit.

There are no streetcars running at the moment in the nation's fifth largest city. Neither are there any buses. There haven't been any of either for four weeks now. But in spite of the inconvenience, the two million people of Detroit are managing to keep their factories, stores, schools and other establishments running on a normal, or nearly normal, schedule.

Since April 21, the 3,500 public transit workers have been idle. Their strike for higher wages was expected to paralyze more or less the city. But the private car in the nation's auto capital has risen to meet the emergency. Car pools and share-the-ride motorists have kept Detroit on the move.

Competition from the millions of privately owned and driven autos has, admittedly, put all city transit systems on the spot. But the average 6-passenger car on our streets morning and evening rarely carries more than one or two people. That is a lot of unused transportation. Is the Frankenstein that seems bent on strangling our transit systems capable of being tamed? There is something to think about in what is happening in Detroit. —The Dallas Morning News.

### Consistent Stand!

Congress in recent years has blown hot and cold—and now mostly seems to be blowing cold—on the question of universal military training to maintain the nation in an adequate state of preparedness. The Senate has passed a bill calling for a diluted form of universal military training, while the House version of the military manpower bill promises only to consider such a plan at some indefinite future date. The varying versions of this important measure are now in conference committee, and in what form it will emerge is anybody's guess.

The confusion in Washington over the age at which youths should be drafted into military service, and whether the draft should be combined with UMT, undoubtedly has been transmitted to many of our citizens. But there is one nation-wide organization which has a notable record of consistency on the subject. It is the General Federation of Women's Clubs, which has just ended its 60th annual convention in Houston.

Soon after the close of World War II, when American military might was at low ebb in comparison with this country's world obligations, the federation adopted a clear-cut resolution advocating UMT as the means of creating and maintaining armed strength necessary for national security. It is to be remembered that this was done at a time when the United States was not engaged in a shooting war and when the menace of Communism aggression to the peace of the world was not so clearly apparent as it is today.

The women of the federation have not changed their minds. By overwhelming voice vote, the delegates to the Houston convention reaffirmed their stand, indorsing universal military service for the nation's youth to begin at age 18. These were not politicians, trying to catch the winds of popular favor. They were women—many of them—who are the mothers of sons who will be called into service if UMT is made law. They are women who also see that strength is the nation's best shield of safety, and that over the long pull UMT is the best, cheapest and most democratic way to achieve and maintain that strength. —The Fort Worth Star-Telegram.

### A Studendous Job!

The Legislature has passed a law requiring an annual safety inspection of automobiles in Texas. The State Department of Public Safety now is studying means of setting up the machinery for the inspections, with the expectation of getting the system into operation some time this fall.

It is no small undertaking if the job is to be done properly, considering the vast size of the state and the number of motor vehicles owned and operated within its borders. As envisioned by sponsors of the law, the inspections necessarily will have to be done at first by garages or privately operated inspection stations designated by the safety department, with a gradual transition to a system under which the inspections will be made by the state at stations of its own.

Under the arrangement that will be necessary at first, there is danger that the inspections will be so cursory in many instances as to defeat the purpose of increased safety. And if the experience of other areas where inspections are made at government stations is any criterion, the safety department faces a staggering job in trying to take the system into its own hands. Consider, for example, the situation in the District of Columbia, which conducts its own motor vehicle inspection setup.

There two stations, four lanes each, six inspectors to the lane, have been established. With 48 men working full time, the District of Columbia in 1949 was able to make 307,000 vehicular inspections and 188,000 reinspections.

Texas has 10 times the number of automobiles in the District of Columbia, 3,800 times the area. To give prompt, adequate inspection service in Texas by a state agency will require many stations and a tremendous personnel. Unless the inspections show some tangible results in the way of safety, the whole thing scarcely will be worth the effort. —The Fort Worth Star-Telegram

### QUOTES!

What's a normal, friendly person to do, anyhow? If he has a little triumph, he likes to tell some friend about it; but then that makes the friend envious, and that makes the man sad, and so on, until everyone is behind where he started. —Epitaph, Tombstone, Arizona.

**EPIGRAM**—Finance companies probably consider the married man a safer risk because he so rarely has getaway money.—Kenneth L. Krichbaum.

**DRAMATIC CRITIC**—When Elmer Rice was notified that his play *Street Scene* had been awarded the Pulitzer Prize he was asked to keep the fact secret until the public announcement several days later. Mr. Rice told his family, of course, cautioning them against so much as a whisper to an outsider. The playwright had, however, some misgivings about the ability of his small son to keep a secret. He finally took the lad aside and gave him a heart-to-heart talk on the gravity of the situation should the news leak out. The younger Rice listened politely, if impatiently, until his parent was through. "But, Dad," he said, "who'd want to know anyhow?"

Listening to the soothing sound of a turned-off radio. —Tierney O'Rourke.

Hard times; when hitchhikers are willing to go either way.—Hugh W. Phillips.

Automobile: a guided missile.—Transit Topics.

Suntanned vacationers—with their trips showing.—Elizabeth Pierce.

Matrimony: one of the united states.—Cleo McCann.

**TALE OF A TAIL**—"Jimmy," a 300-pound lion, is having a bandage applied to what is left of his tail, after having it amputated by Dr. Milton Coane, a veterinarian. "Jimmy" got into a rough and tumble with another lion at Trenton, N. J., and had his tail bitten off by that nameless villain. "Jimmy" and stub are doing fine.

**CAUGHT IN THE ACT**—Perhaps hoping to make his "coming-out" party a private affair, the little fellow, above, found that he was the center of attraction as he saw light of day for the first time in Perth, England.

### OUT OF GODFREY'S TEABAG

Today my mood is best expressed by a little poem that I wrote last year:

The sweetest time of the year is when the days are warm and clear:

For summer has come, Winter has gone; My wife will have to mow the lawn.

I'll never forget the day I was born, my mother said, "Let's call him Arthur Godfrey," and my father said, "This is CBS, the Columbia Broadcasting System."

I was reading the paper where the Waldorf-Astoria has a suite that costs \$130 a day. . . I guess that isn't so bad though; it's summer and the days are getting longer. But \$130 a day—I'll bet at that price they don't count the towels when the guests leave.

My weekend in Virginia really did me good. I've still got the bags under my eyes—but they're sun-burned.

There's one thing about those Senatorial investigations that bothers me—on most quiz shows if you answer the questions correctly you win \$20,000. But if you answer a senator correctly you get 20 years in the hoosegow!

### HEARD ON CBS TALENT SCOUTS

**Where Our Money Goes**  
While the lion's share of the 143 billion dollars spent by Americans last year went for food, shelter and clothing, some of the incidentals bulked pretty large. We spent 2.25 billions for personal care (hair cuts, permanent waves, etc.), just slightly less than our total expenditure on medical and dental care. We spent 1.8 billion on household help; approximately 300 million more than we spent for books and magazines. We spent 400 million for stationery and writing supplies and the same amount to ride in taxicabs.

## CHICK CHATS

Presented by Dr. Salsbury's Laboratories

### VACCINATE YOUR POULTRY EARLY

As chicks grow older, poultrymen should give some thought to protecting them against fowl pox and fowl laryngotracheitis, two costly diseases of growing birds and pullets. Either disease can be prevented by vaccinating.

**Not Always Necessary**  
It should be pointed out that vaccination is considered advisable only under certain conditions, circumstances under which a definite chance exists for pox or laryngo to break out unless protective measures are undertaken. These conditions are:

1. When the disease has broken out on the farm and it is desired to prevent further spread. Non-infected pens should be treated first in such an instance.

2. When the farm has been the scene of a past outbreak of pox or 'laryngo', and it is desired to protect young stock.

3. When susceptible fowl are added to a flock in which the disease is present or in which the disease has occurred previously; and when survivors of pox or 'laryngo' are added to a susceptible flock.

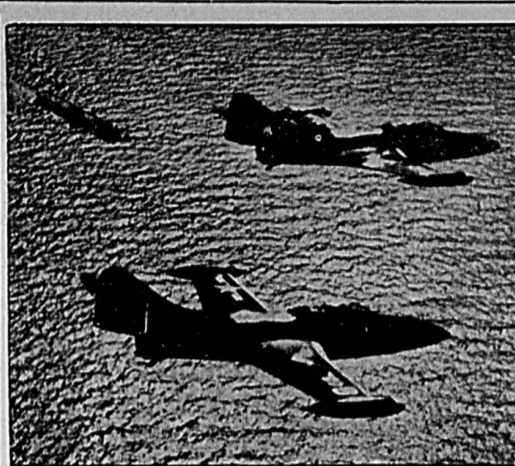

4. When the disease exists on nearby poultry farms.

**When To Vaccinate**  
If the poultry producer's farm is free of the diseases, if neither pox nor laryngotracheitis was on the farm during the past year, and if there are no diseased flocks in the immediate neighborhood, there is no need to vaccinate. However, if either disease breaks out, one should be ready to vaccinate the non-infected birds quickly after the first appearance of the disease.

## HUSER HATCHERY

"THE STORE WITH THE CHECKERBOARD SIGN"

150 W. Lynn

**GOING HOME**—F9F Panther jet fighters wing homeward to the deck of the carrier USS Princeton, upper left, after another air strike in support of UN forces battling Communist troops in Korea.

**Cost of Colds**  
Colds, our No. 1 disease, costs us \$2 billion annually—the amount we spent to develop the atom bomb. They are responsible for more than half of all absenteeism. Statisticians figure we have 500 million colds a year, which hit two out of every three of us at least three times.

**A Notch in Time**  
By the seemingly simple trick of putting a notch in either one or both edges of a standard drill, engineers are drilling through metal up to 10 times faster than possible before.

# FOR ECONOMY it's the POWER PILOT

designed to cut running costs on every truck job

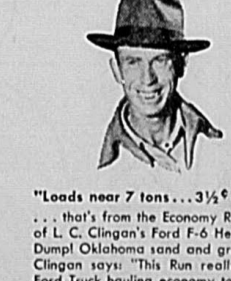

**FINAL RESULTS NOW IN**   
from 50-million-mile Economy Run covering 48 states . . .

"3200-lb. loads . . . 2.34¢ a mile"  
Texan Alex Forshave was one of 5000 truck operators who kept daily records of gas, oil, maintenance, and repair costs in the Ford Economy Run. Exact per-mile running cost of his Ford F-5, 2.34¢!

**Gives you the MOST POWER from the LEAST GAS!**  
... that's the Ford POWER PILOT story in a nutshell! The Economy Run provided overwhelming evidence that Ford Trucks DO save you money every mile. The POWER PILOT is one big reason why. Designed to fire gas twice as accurately!

"Loads near 7 tons . . . 3 1/2¢ a mile!"  
... that's from the Economy Run report of L. C. Clingan's Ford F-6 Heavy Duty Dump! Oklahoma sand and gravel man Clingan says: "This Run really proved Ford Truck hauling economy to me!"

# FORD TRUCKING COSTS LESS because . . .

## FORD TRUCKS LAST LONGER!

Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

### Auxiliary To Have Series Of Parties Throughout Summer

The Ladies Auxiliary to the B. of B. T. attended the first of a series of parties to be held this summer. A party-planning committee was selected by the auxiliary, with Mrs. Robert Green as chairman, assisted by Mrs. Harvey Banks, and Mrs. Herman Isbell.  
 Plans were made for five parties, and others may be planned later. The purpose of the parties is to raise money enough to purchase a coffee-urn for the auxiliary and have a "Guest Day" in the fall of the year.  
 The first of these parties will be a "Come-as-you-are" coffee, followed by a "Kid" party. Several of the affairs planned will be "family affairs" such as an ice cream party, and a weiner roast. The parties are to be held approximately 2 weeks apart giving entertainment over a longer period of time.

### NEW CHURCH WILL HAVE REVIVAL JUNE 20 - 24

Rev. C. T. Warren will begin a revival at the Bible Baptist Church in Slaton June 10. It will close June 24. The place of the revival will be one block east of the square. Services will be at 8 o'clock each evening.

ALMOST new Smith - Corona Combination Cash Register and Adding Machine. \$100. Sold new for \$177.00 Slatonite.

## Reid - Berkley Vows Exchanged

Miss Eva Jo Reid, daughter of Mr. and Mrs. G. M. Reid, Tahoka, became the bride of Jack Berkley, son of Mr. and Mrs. John Berkley, Slaton, in Livingston, N. M., May 5. Rev. W. R. Houston, pastor of the First Methodist Church, Lovington, read the ceremony.  
 The bride wore a blue voile dress with white wine accessories.  
 The couple's only attendant was Thomas Parks of Slaton.  
 After a wedding trip to Texoma Lake, Galveston, and Houston, Mr. and Mrs. Berkley are at home in Slaton. She is employed by the Slaton Public Schools, and Mr. Berkley is a truck contractor.

## Mrs. Romines Is Hostess To Class

Tuesday, May 15, the Ruth Class of the First Baptist Church had their class meeting at the home of Mrs. Arthur Romines, 555 West Scurry. The group captains gave their reports and the membership vice-president gave the class report.  
 Mrs. Jack Clark gave the devotional. Two new officers were installed.  
 Refreshments were served to 12 members. The next meeting will be June 19 in Mrs. Stephens' home. All class members and officers are urged to be present.

Born on May 23 to Mr. and Mrs. J. M. Fondy, Slaton, in Mercy Hospital, a boy weighing 8 lbs. 5 ozs.

 Born on May 25 to Mr. and Mrs. E. B. Anderson, Post, in Mercy Hospital, a boy weighing 8 lbs. 6 ozs.  
 Born on May 25 to Mr. and Mrs. C. R. Lancaster, Post, Rt. 1, in Mercy Hospital, a boy weighing 6 lbs. 13 ozs.  
 Born on May 26 to Mr. and Mrs. Clyde McAllister, Box 152, Justiceburg, in Mercy Hospital, a girl weighing 7 lbs.  
 Zipper Bibles and all leather covered bibles, Saint James edition, red letter and Concordance sizes at the Slatonite.

# Society Clubs

## Mrs. S. S. Forrest To Be Leader Of Civic And Culture Club Next Year

### Mrs. Walker Will Head Study Club

The Daughters of the Pioneer Study Club met Monday, May 21 in the home of Mrs. Troy Pickens for their last meeting of the season. A pot luck dinner was served to the members with the hostess furnishing the main dish.  
 Officers for the next club year were installed as follows: President, Mrs. Joe Walker, Jr.; Vice-President, Mrs. Edwin Forrest; Recording Secretary, Mrs. Joe Teague, III; and Treasurer, Mrs. Milton Davis.  
 At the beginning of the year members of the club drew names and each one was to make a gift for the person whose name she drew. These gifts were exchanged at the last meeting.  
 Plans for entering a float in the Frontier celebration parade were discussed.  
 About 24 members were present. The next meeting will be the first Monday in September.

### OBSERVE 50th ANNIVERSARY

Mr. and Mrs. W. A. Simmons, of Slaton celebrated their Golden Anniversary by visiting in the home of their son Rev. Rob Simmons at Monahan Saturday, May 26th.  
 Mr. and Mrs. Simmons were married at Gordon, in Palo Pinto County, on May 26th 1901. Mrs. Simmons was before her marriage, Miss Ada Wartiss.

### MRS. A. R. KEYS HOSTESS TO SLATON ART CLUB

The Slaton Art Club met Tuesday evening in the home of Mrs. A. R. Keys with Mrs. C. L. Tanner as co-hostess.  
 Mrs. Willard Childress gave a review of the book, "Elizabeth Ney" by Jan Fortune and Jean Burton.  
 Two guests present were Mrs. C. E. Davis and Mrs. Robertson of Lubbock. About nine members attended.

Nineteen members and guests of the Civic and Culture Club attended a luncheon at the home of Mrs. R. O. Hayes Saturday afternoon, May 26, which closed the organization's season. Hostesses with Mrs. Hayes were Mrs. J. A. Elliott and Mrs. Henry Hollis.  
 Pink roses and yellow and white honeysuckle were used to decorate the tables.  
 Mrs. R. G. Shankle discussed Poetry—Universal Language. She followed out the subject in a logical and interesting manner, quoting many poetic gems from great poets throughout history. In the second part she brought out especially the poetry of the Bible, giving emphasis to the four special books, namely Job, Proverbs, Psalms, and Ecclesiastes. She climaxed this by quoting St. Paul's magnificent "Ode to Immortality."  
 Mrs. A. C. Strickland played several appropriate hymns to close the program.  
 Mrs. S. S. Forrest gave a talk on the recent General Federation of Women's Clubs which was held at the Shamrock Hotel in Houston.

Due to illness the president, Mrs. J. L. Fertig was absent. As vice-president, Mrs. Forrest presided for the business meeting which immediately followed the luncheon and program. As the newly elected president she read the names of the incoming elected, and appointed officers, and of the standing committees for the ensuing two-year term.  
 A course of study was chosen. Visitors introduced were Mrs. Tom Hemphill of Mineral Wells, sister of Mrs. W. E. Smart; Mrs. E. M. Pember, Mrs. W. O. Leet, of St. Paul, Minn., sister of Mrs. M. A. Pember; Mrs. Flossie Hubbard of Long Prairie, Minn., and Mrs. F. W. Ater of San Angelo, relative of Mrs. W. T. Cherry.

### PHIDELIS CLASS MEETS

The Phidelis Matrons Sunday School Class of the First Baptist Church met May 17 in the home of Mrs. Carter Caldwell. Mrs. Sam Phillips gave the devotional. Refreshments were served to thirteen members.

## Herrings Honored At Buffet Supper

Rev. and Mrs. O. B. Herring were honored with a buffet supper in the home of Mr. and Mrs. Magnus Klattenhoff Sunday evening when they returned from the annual conference at Abilene, Friends of Rev. and Mrs. Herring were present to wish them good luck in their new home at Dumas, Texas.  
 After supper Mr. Klattenhoff showed movies of the ground breaking and erection of the New Methodist Church in Slaton.  
 Those attending were Rev. and Mrs. Herring, Mr. and Mrs. F. B. Sexton, Mr. and Mrs. Paul Walker, Mr. and Mrs. J. R. Barron, Mr. and Mrs. O. D. McClintock, Mr. and Mrs. Vascor Browning, Mr. and Mrs. R. H. Todd, Jr., Mr. and Mrs. L. M. Cole, Mr. and Mrs. C. C. Cox, Mr. and Mrs. Joe Walker, Sr. Mrs. J. E. Eckert, Mrs. Ray Conner, Mrs. Joe Fondy, Mrs. S. M. Cleveland, Mrs. Joe Johnston, Mrs. C. E. Smith, Mrs. S. H. Adams, Mrs. A. E. Whitehead, Mrs. M. L. German, Mrs. H. G. Sanders, Buddy Sexton, Bettv Jo Fondy, Pat, and Mike Fondy, Cliff Cox, Mae'le and Mary Ann Klattenhoff, Roland German, Gay Ann Kempton, John Mark and Carol Todd, and David Walker.

## Ethlyn Young Named President Of Club

A regular meeting of the Delta Phi Omega was held in the home of Gerlyne Maxey, May 29. Old and new business was discussed.  
 New officers elected were President, Ethlyn Young, Vice-President, Geraldine Maxey; Secretary, Joyce Burns; Treasurer, Johnette Berkley; Reporter, Annette Wilson; Parliamentarian, Shirley Saage. Sweethearts for the club will be Ethlyn Young and Glen Akin. They will be presented on the night of the presentation party and will reign as sweethearts until next year's presentation.  
 After the regular meeting a coke party was given for the new pledges.

WIND FOR THE STRETCH—Dr. V. C. Fobian indicates the auxiliary wind pipe in the neck of Beaumont Hanover. The stainless steel tube was inserted after it was found that the horse was having breathing difficulties in his home stretch drives. Owners of the seven-year-old gelding hope that the tube will show bright results by season's end at the Saratoga Springs, N. Y., Raceway.

## Slaton Women Give Their Favorite Tested Recipes

The chicken frying season is well underway. Mrs. L. R. Gregory wishes to pass her recipe for "Skill-et Chicken" on to you. She had been using it for about 20 years, and it has been a favorite of the Gregory family during that time.  
 First, select a young, tender chicken weighing about 2 or 2 1/2 lbs. Clean thoroughly and dredge in seasoned flour. Brown in deep fat over unit turned high. Use vapor seal or covered skillet. When the chicken is thoroughly browned drain the fat, and add 3 cups water and two cups cooked noodles or shell type macaroni, one onion finely chopped, and parsley and celery chopped finely. Cover closely. When steam comes freely, turn current off and let cook on

**Finishing Knotty Pine**

To finish knotty pine, give it a thin coat of white shellac or lacquer sealer. Follow that with one or two coats of flat or semi-gloss varnish. Allow each coat to dry thoroughly. Sand all coats lightly except the final one. If a lighter color is desired, use a commercial bleach before you apply your clear coatings.

**THIS and THAT FROM HERE and THERE**

**Editorial Comments**—We have been amazed at the response which is given when the national administration is attacked these days upon any occasion, and upon any subject. Folks sure like to cuss Washington and the Truman administration.

After all the big cussing has subsided, just go back to the loudest protesting group, after the heat has declined and ask for a confidential report on what these protesters honestly think about the national situation.

We believe that invariably you will find that the loud protesters admit that they have never enjoyed such prosperity; that they believe this prosperity would continue so long as the Democrats are in power; that they even voted the Democratic ticket in 1948, and might do the same thing in 1952.

Yet, we object. We like to object; and no one is going to shoot you or even send you to jail for objecting. It is the American privilege in which we enjoy indulging.

—The Canyon News

**Drifting Sands**—The good rains should pep up West Texas. It is generally too late to help wheat, there is plenty of time for feed and cotton. Ranchmen are wearing a broad smile. The rains will certainly improve grazing conditions, and maybe there won't be a meat famine after all, that is, if we can afford to buy a steak now and then.

We've been thinking about trading a year's subscription for three pounds of sirloin or porterhouse

if we can talk some ranchman into making a deal.  
—The Andrews County News

**Levelling Off**—We've observed that most of the daily newspapers and some of the weeklies are using the term "commencement sermon" instead of baccalaureate sermon" in connection with the Sunday service which usually precedes graduation exercises. Having had occasion to write a number of commencement stories the past few weeks, we fell to wondering if perhaps we weren't a bit old-fashioned in continuing to use the word baccalaureate. But a check with Webster's International Dictionary shows the definition of baccalaureate to be "a farewell discourse to a graduating class"—so we're sticking by our guns.  
—The Sun News

**Getting Out On The Limb**—Just the other day I got a newsletter from Washington. A newsletter is supposed to have the inside on the inside but it didn't tell me much more than I already had figured out.

Open rebellion against price and wage controls is in the making, it is announced in underlined type. It will grow in the next few weeks, it is underlined again. Thus price uncertainty for the next three months can be counted upon, underlined. Our opinion is that weaker controls will result, underlined.

For this they want me to pay a dollar a month. I knew this without reading a word and I haven't been in Washington in years.

The government just does one darn silly thing after another and this control business is just a fair

example. The law of supply and demand could probably have taken care of those who overstocked and hoarded to force up prices. The control laws certainly have done nothing to take care of such.  
—The Post Dispatch

**Yours Truly**—Ordinarily George and Booker T. enjoyed more leisurely pursuits. Today they were discussing their individual prowess.

"It's about the strongest man, they is in this town," said George. "You ain't nothing of the kind," said Booker T. "and Ah'll prove it to you. Ah'll bet you fo' dollahs Ah can wheel something in that wheel barrow from here to the fence that you can't wheel back."

"Yo' has got a bet," said George darkly.

"All right, man," said Booker T., moving toward the wheel barrow, "get in."

—The Wink Bulletin

**Editorial**—One of the things we have against the army brass hats is that too many of them want to teach the soldiers to drink. And they succeed far too well in doing so. And too often it is the case that we find that our boys when they come back home not only like to drink occasionally but also to keep the vile stuff on tap at their veterans' meetings. We do not charge that this is the attitude or desire of all veterans, but it does seem to be the attitude and desire of many of them. Peace officers should enforce the liquor laws against respectable clubs as well as against the ordinary bootlegger.  
—The Lynn County News

**Editorial Comment**—O'Dwyer should be recalled as our ambassador in Mexico.

We have had enough reputation, both at home and abroad, without sending as our official representative a man who's shirts are unclean. The President is noted for standing by his friends. Here at home the people may tolerate deep freezes, mink coats and the like but our representatives abroad should be men of unpeachable character.

26 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

"I got the story on  
**50,000 Miles-No Wear**  
and changed to New Conoco Super Motor Oil"

says Marshall Rousseau  
Police Sergeant  
Harlingen, Texas

"Driving at all kinds of speeds, I've piled up 30,000 miles. I've used Conoco Super in my personal cars, and have had absolutely no engine trouble of any kind."

"55,000 hard, fast miles have been put on my Pontiac, with new Conoco Super," says David Brown, Salesman, Salt Lake City. "That car is still like new—excellent gasoline mileage, oil consumption slight, and no engine repairs."

"Our car makes 2 or 3 trips to the top of Pike's Peak every day during the summer," reports R. P. Finney, Sight-Seeing Service, Colorado Springs. "We use Conoco Super and never have to add oil between 1,000-mile drains."

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

# JUST TALK

by  
A.M.J.

be good news for most everyone who knows me, especially my wife who has probably been tired of listening to my bellyaches for a long time.

• The stuff they gave me to put me unconscious is the same chemical that is used in giving truth serum tests and before one gets completely unconscious or when you become partly conscious you tell the truth.

While I have no idea as to how many thrillers I told, my wife will likely not have another good opportunity to really find out all the things she might have wanted to know. From the way she acts sometimes I would not be surprised to get some of the stuff in my coffee.

• The few times I have been to doctors in the past they have always given me a jelly backbone when they stick the two rubber tube things in their ears, blow up an inner tube and say "clench your fist." I never did like the expression on their faces when they looked at the meter on the thing and I develop spots before my eyes, my breath gets short and my ears ring.

Never has a doctor told me what he found out about my blood pressure in a way to give any confidence and when they left I al-

ways felt worse than I did before they came, but when I get to a certain point I always want to call the doctor.

• While in Dallas we met a lot of folks and when we told them that we were from West Texas most of them said "How on earth can you stand it. Why last week we went through Lubbock and the wind was blowing boulders through the air and the dust was so thick I couldn't see my wife's signals from the back seat, on how to drive." After a day or two we changed our reply to say that our home was in Slaton. This stumped a lot of them but when they pinned us down and found out that Slaton was near Lubbock their sympathy for us was deep and unbounded.

After listening to all the faults of West Texas I cannot understand why I want to go back where folks do not get knocked in the head by robbers, run down by drunk drivers, and where you do not have to pay a red cap 50c to carry a 10 lb. suitcase 20 feet. Gimme good old Slaton.

## Unsafe Motor Vehicles To Be Taken Off Roads

AUSTIN, May 22 (Spl.)—Homer Garrison, Jr., Director of the Texas Department of Public Safety, has announced that preliminary plans are under way for the administration of the State's new Motor Vehicle Inspection Act. Recently passed by the 52nd Legislature and signed into law by Governor Allan Shivers, the

act, which is designed to enhance traffic safety by removing unsafe motor vehicles from the highways, will become effective 90 days after the adjournment of the 52nd Legislature. According to Garrison, an additional period of about 60 days will be required to complete the organizational details of the inspection division which, by law, will fall under the supervision of the Public Safety Department. Garrison stated that garage owners and other individuals interested in making application for official inspection stations in their areas may do so by writing directly to him at Austin. The proper

**HORNING IN**—The "Big Bertha" of the horn world, this Swiss Alphon was put through its paces during the picturesque mile-long parade in Konstanz, Southern Germany. The occasion was the annual Whitsuntide festival. More than 4000 persons came from Germany, Switzerland, and France, wearing national and regional costumes and playing characteristic instruments. But the Alphon was the biggest hit in the parade.

application blanks will be mailed to those making inquiry as soon as they are available. Those selected will be subject to a thorough examination of facilities and equipment and will be instructed in inspection standards. Garrison further stated that no testing devices have yet been approved and that it was not advisable for applicants to purchase such equipment until his Department has set up the official standards for such devices.

## Good Health Is Personal Choice Says Doctor Cox

"Good health in hot weather may be largely a matter of personal choice," according to Dr. Geo. W. Cox, State Health Officer, as he called for Texans to take life as it comes in summer and live with it as comfortably as possible.

"These modern scientists can drop ice from airplanes to make rain, and they can forecast weather several days in advance, but nobody has figured out a way to keep the thermometer from rising sky high in a hot summer afternoon," Dr. Cox said.

"Therefore," Dr. Cox continued, "a few common sense practices will help us to live with summer as the hottest part is still ahead, so one needs to remember certain things that are good hot weather practices."

"For example: drink plenty of cool (not ice) water; eat moderate-

ly of simple, but a wide variety of foods, exercise daily in the fresh air and have plenty of air in sleeping rooms; take a fair amount of salt to replace large losses through perspiration; avoid alcoholic drinks, get plenty of sleep; keep clean; don't worry. Do not overeat.

"One of the essentials of summer comfort is the daily bath to wash away perspiration and with it body wastes eliminated through the pores, and to relax tired muscles and strained nerves. There is nothing better than a leisurely bath followed by a short rest."

### Palladium Stamp

Through a recent change in the Canadian precious metals marketing act, palladium articles made of that precious metal must henceforth carry markings of the actual metal fineness. Palladium is a by-product of nickel refining and is produced in great quantity in Canada.

### Sulfuric Acid

Sulfuric acid production is a barometer of business. Over 10 million tons are produced each year in the United States.

**YEAR-AROUND TURKEY**—Good news for the housewife has come out of Lancaster, Calif., where Mrs. Phyllis Higgs has developed an eight-pound turkey. Mrs. Higgs, shown above with one of her gobblers, has been trying for 17 years to raise a turkey that can fit most budgets and ovens.

## West Texas Roundup

Charges of possession of beer in a dry area for the purpose of sale were filed by County Attorney Vernon Townes Wednesday afternoon against Edwin Gorman Tubbs.

Tubbs was released on \$1,000 bond set by County Judge Homer Winston.

The charges were filed following a raid during the Wednesday afternoon raid in which 21 cases of beer were confiscated. Sheriff Ocie Murry, Deputy Sheriff Cliff Jones, Deputy Sheriff Elmer McCutcheon, two Liquor Control Board men and the County Attorney were there.

—The Brownfield News

Molnare, Prigge and Bailey Limited of Sig Spring and Houston have filed applications with the Oil and Gas Division of the Railroad Commission of Texas requesting permission to start drilling operations immediately on 214 projects in the "post-hole" oil field in Colorado City.

A. C. Prigge and William B. Molnare of Houston have operated as independent oilmen for the past ten years. Lamarr Bailey is an experienced oilman of the West Texas fields.

"We have analyzed the field from every angle and are confident that it will produce plenty of high-gravity oil from a shallow depth and at a low cost," the oil men say.

"What looked a joke in the beginning may turn out to be an oil man's dream."

—Colorado City Record

Unprecedented mounting interest in the Levelland airport will reach a high spot this week when J. D. Church, district airport engineer, and S. E. Travis, Jr., chief of the Airports Division for the five-state area will visit here Friday to discuss the local situation.

The two CAA officials will be presented with nine letters that have been sent to Levelland City Manager Ray Drain in support of the proposed \$30,000 worth of airport improvements.

Drain said that a party of city officials will be on hand at 10:20 a.m. Friday when the two men land for an hour visit. Their visit here is part of an area tour that will take them to many airports in West Texas.

—Hockley County Herald

In view of the fact that it has been necessary to postpone the official opening of the road in the Palo Duro State Park because of flood damages, the Treasure Hunt will be opened the first week in June.

The Canyon Chamber of Commerce is cooperating with the Chambers of Amarillo and Hereford in staging this event which has drawn so many thousands of visitors to Canyon during the past two years.

Practically all business firms in Canyon have given prizes to the Treasure Hunt in the past and it is hoped that they will continue this practice for 1951. Solicitation for prizes will be made during the coming week.

—The Canyon News

Funeral rites for James Allen (Al) Bird were conducted in the First Methodist Church at 2:30 o'clock Sunday afternoon. The Rev. O. B. Herring, Slaton Methodist pastor and the Rev. A. B. Cockrell, pastor, were officiants.

Music included "The Church in the Wildwood" by a choir and a solo, "Gathering Flowers For the Master's Bouquet" by the Rev. Cockrell. Mrs. T. L. Jones was organist.

Burial was on the Bird ranch under the direction of Mason Funeral home.

—The Post Dispatch

"All the county is promised a wetting."

That was the headline in the County Wide News last week, and it was a promise made good.

All the county got a wetting, more than just a good wetting, it got a thorough soaking that measured just a little less than eight inches in Littlefield, which included the 25 inches that fell on Sunday night.

This eight inches, with slight variations up and down, appeared to have been the average that fell over the county with all sorts of manufactured and improvised gauges being used to determine the amount in each locality.

The effect of the rainfall has been to necessitate replanting the 40,000 acres of cotton that County Agent Dave Eaton had estimated had already been put in the ground. It also caused some limited damages to terraces in some cases, and made it necessary to again prepare other ground for planting.

In Littlefield the City Park was transformed into a lake that overflowed into the streets on two sides sufficiently to block traffic, and at least three families in and near Littlefield were driven from their homes by the flood.

—County Wide News

Andrews high school students rung down the curtain Friday night on the second annual high school rodeo, a highly successful and fast growing annual event.

A brother and sister, Mildred and Melvin Cotton, walked off with the all-around cowgirl and cowboy honors in the two-performance rodeo. Mildred, of Andrews won first in the girls' calf roping, second in the hat race, and garnered 10 points working on three different teams in the ribbon roping.

Melvin, of Artesia, won the boys' calf roping and picked up two points as mucker on the third place wild cow milking team.

The school team of Andrews won the team trophy with 30 points. Lamesa was second with six and two-thirds.

—The Andrews County News

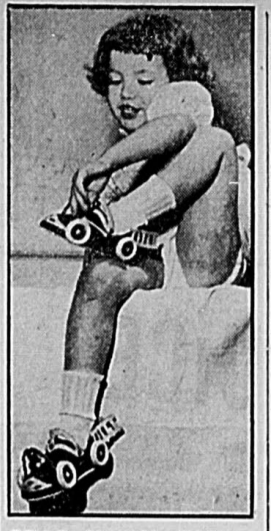

**Auction in Reverse**  
A Dutch auction is one in which the auctioneer offers the goods at gradually decreasing prices, the first bidder to accept, being the purchaser. This is a reverse process to that of an ordinary auction.

**In Edward's Reign**  
The shortage of iron during the reign of England's Edward III raised the pots and pans in the royal kitchen to rank among his most valued possessions.

**Laying Hens**  
Laying hens need plenty of water during the winter—but not ice. Farmers should check poultry house water systems so that egg production and profits will continue during cold weather.

3 for **\$3.50**

# CLAY OATS DEPARTMENT STORE

This has been identified by a long time resident of Slaton as the first home of the First Methodist Church of Slaton. She could not remember who the ministers were while this church was in use. It was located where the home of Mrs. Jim Bates is now.

WEST SIDE OF SQUARE when wood awnings were top style. This part of the business district has changed considerably since this picture was taken and houses many of the most aggressive and modern business firms in Slaton.

**The Gallatin Plan**

In 1808 Albert Gallatin, secretary of the treasury, formulated a comprehensive plan in which he recommended the construction of a continuous turnpike to provide for travel from Massachusetts to North Carolina and another from Maine to Georgia which would unite the major seaports along the Atlantic coast. He also recommended roads across the Alleghenies between the Atlantic ocean and the great western rivers. The plan was never adopted because of sectional differences and on account of its alleged unconstitutionality.

**Gold Alloys**

Pure gold does not tarnish but is easily scratched and is very soft. It is usually hardened with 10 per cent copper for coinage, with various amounts of copper and silver for yellow and greenish jewelry alloys, or with nickel plus zinc and copper for jewelry white golds.

**Trailer Camps**

There were trailer camps long before anyone ever heard of the housing shortage. The Mongol tribes of northern Asia lived in them about 1162 A.D. The Mongols called their portable houses "yurts."

**Stimulate Grass Roots**

When lawn grass is "cut longer" than the conventional  $\frac{3}{4}$  to 1 inch length, growth of the root system is stimulated. The more vigorous the roots, the healthier the lawn.

**Accidental Deaths**

The annual loss of life by fire ranks third among causes of accidental death, being outranked only by motor vehicle accidents and falls.

**Diabetic Workers**

About 250,000 diabetics are in the labor force in the United States, and the number is growing from year to year. Studies show that the work record of diabetics in industry is generally satisfactory as compared with non-diabetics. The increase in the number of employed diabetics reflects their gains in longevity, and also that, thanks to insulin, few diabetic children now die of the disease, but grow up to become productive members of society.

**To Save Motion**

Motion savers: cut out unnecessary jobs and combine others, and put away furnishings and objects that require extra care.

**Check Child's Hearing**

Typical childhood diseases like measles, mumps, scarlet fever, diphtheria, meningitis and influenza, can bring on hearing conditions, which, unless given immediate medical attention, will result in permanent deafness. Parents should have their children's hearing checked after these childhood illnesses.

**Hidden Wealth**

News of important discoveries of rich copper-bearing ores in the Province of Ontario, Canada, began to be circulated in 1883. Little did those prospectors realize that those copper-bearing ores also contained huge quantities of nickel as well as platinum metals, gold, silver, selenium, tellurium and cobalt.

### How To Throw Your Money Away!

While the tipping habit has not yet become a major expense in the smaller towns, like Slaton, it is one of the big problems for everyone who hopes to get any kind of services in the larger cities in the closer populated parts of the state and in the nation.

In the East at most all of the large hotels and night spots, the hat checkers, the half-naked girls who sell cigarettes and the bell hops do not get the tips themselves, but are hired at modest salaries to put the squeeze on the customers. One of the richest men in New York has made his fortune by paying cash for the hat check privileges at the popular night spots where the good looking girl checkers get twenty five dollars per week and take the jobs in order to meet rich men they hope to snag as husbands.

Bus station and railroad red caps demand at least 30c for carrying one or two pieces of luggage and the bus stations and railroads get a kick back. They build their terminal buildings so that an ill person and most women are forced to pay to have their luggage carried, and it is transported, not by the red cap, but on big trucks operated by motors.

If you want to feel like a first class heel you tip the red cap 30c, if you want to get a gruff "thank you" pay 50c and if you should prefer a sour smile it is 75c or a \$1.00.

A good meal at a top grade restaurant now costs about as much in tips as the meal does, in fact if you do not want to feel like you had been caught taking some of the restaurants pewter silverware, you must pay more now for tips than you paid in 1945 for a good meal.

Here are some guides on what the average weak-hearted customer is supposed to pay in tips:

Pullman train porters for one swipe with a whisk broom down the front of your suit or dress — \$1.00.

Shoe shine boy 15c for shine — 10c tip.

Sour pussied waitress, who sloshes coffee in the cup at the counter — 25c.

Long nosed waitress who keeps you waiting forty minutes at a table for an 85c merchants lunch — 50c.

Good looking waitress who serves three couples who came in after you and your wife did — \$1.00.

Good looking waitress who smiles and brings you a big dish of crackers and a little dab of butter so that you can be so full of crackers by the time the meal comes that you will not be hungry — \$1.50.

Bell hop in hotel for bringing up pitcher of ice water you did not want — 50c.

Barber for whom you wait thirty to sixty minutes — 50c.

To rid yourself of all surplus nickels and dimes throw them out the hotel window.

### The Cotton Picking Machines Are Coming!

That the prosperity of this part of the state will eventually be affected by cotton picking machines cannot be successfully denied by any one who is familiar with the history of farm machinery development.

The kind of cotton that is propagated in this section and the fact that the bolls are pulled instead of the cotton picked makes the used of cotton picking machines far more profitable than the use of them in the parts of the country where better staple is important and where it is still the practice to pick cotton instead of pulling it.

The problem of securing pullers is greater each season and the interference of the government by insisting on the payment of social security taxes and the fact that the work can be done quicker with machines, point to the eventual use of cotton picking machines for the gathering of all cotton in this area, and when this condition does come the business traffic with the itinerate workers will be gone. The fall harvest time will mean the arrival of a few hundred cotton picking machines operated by skilled mechanics and the business traffic will be in the sale of tractor fuels and greases.

The local farmers will make more money but there will be no necessity for them to spend a major part of it, the local merchants will suffer and there will be a lot more folks out of work than there are at present.

The farmer will not be to blame, nor will the makers of farm machinery, but the Government is going to find that the country will be saddled with a lot of folks out of work. Not only will there be no money for the social security folks to dish out but a lot of folks who would be willing to work will be going hungry.

### What About France

French politics is heavily permeated with Marxism. Moreover, French labor is largely Communist; a number of French communities have Communist mayors; and the insufficient French army is one-third Communist.

French Socialists are like British Socialists: They resent American "capitalism," although their officials accept our dollar benefactions.

If they were sure that Soviet Russia would leave them alone, as part of a Socialist Europe, they would prefer Russia to us.

Knowing what would happen to them, they do not want to be CONQUERED by Russia.

Hence France belongs to the North Atlantic Alliance, in which we have sent General Eisenhower to Europe and are sending large detachments of troops.

France hopes that our military presence, and our priority with the atomic bomb, may avert another European war; or, if the Russians march, our forces will defeat them east of the Rhine.

American military experts do not believe that Western Europe can be defended in a land war unless Western Europe, INCLUDING FRANCE, arms strongly for its own security.—Los Angeles Examiner.

### A Breather!

Capt. Charles Blair of Port Washington, N.Y., probably won't ever be a national hero such as Lindbergh. His present claim to fame is that he is the first person ever to fly over the North Pole in a single engine plane. He took off in Norway, zipped over the pole and then landed in Fairbanks, Alaska. Soon thereafter he streaked toward New York, there to meet the photographers and reporters. His record will doubtless stand for a long time, for there isn't much chance that anyone will fly over the pole in a plane with fewer engines—that is until some of the bugs have been eliminated from gliders.

But we owe thanks to Captain Blair. It has been a long time since there were front-page stories of aviators doing things for the first time, or hanging up an endurance record, or setting a round-the-world time. For just a few moments the picture of Captain Blair reminded us of other days, when a young man in an airplane could make a record of some sort.

There was once an old claim that an explorer named Perry nailed a bunting to the North Pole. Wonder whether any reporters will be alert enough to ask Captain Blair whether he notice the flag, if it's still there.—Amarillo Globe.

### Square Deal Soft Ball League Has Meeting Recently

Leonard Anderson, president of the Square Deal Soft Ball League, reports that the commissioners of the League met in Grassland recently. Several teams were given permission to add some men to their rosters.

Two games were protested at the meeting. Grassland protested

about a game which they had played and the game was played over last Thursday. Post was allowed a protest over Southland in a closely played game at Post. It will be re-played, with the game starting in the last half of the seventh inning with Post at bat, with two outs, and a man on third base. The game is scheduled to be played July 6, at which time another game will be played between Post and Southland.

### News Of Slaton Men In Service

Mr. and Mrs. A. L. Clifton and children have returned from a visit in San Diego with their son, Lt. Emory Clifton and family. Clifton was promoted to Lt. while his family was there. He is stationed on the USS Delta.

Eugene German, son of Mr. and Mrs. M. L. German, left Slaton on May 22 to report to a Navy boot camp in San Diego.

Private First Class Cecil D. Tefertiller graduated recently from one of the Air Force Communications school at Scott Air Force Base, Ill.

Pfc. Tefertiller, son of Mr. and Mrs. Cecil B. Tefertiller, 615 So. 12th, Slaton, a graduate of Slaton High School, enlisted in the Air Force September 5, 1950 and prior to entry in Radio Mechanic School at Scott Air Force Base, Illinois, received his basic training at Sheppard AFB, Texas.

Cpl. Clarence Kitten, son of Mr. and Mrs. August Kitten, was home last week on a three day pass. He was to report back to Fort Hood and expected to be shipped from there to Germany around the first of July.

Second Lt. John T. Hall, son of Mr. and Mrs. R. C. Hall, was recalled to active service on May 27 of this year. He will attend school at Ft. Monmouth, N. J. for about three months. He received training for the signal corps at Texas Tech.

Lt. E. L. Mangum and family have returned to Slaton after serving two years in Japan. Lt. Mangum has received his discharge after seven and one-half years in the army.

Guy Gentry, son of Mr. and Mrs. Sam Gentry of Posey, is home on a six day leave from Camp Carson, Colo. Gentry is in the 412th Engr. Const. Batt. His group has gotten orders to report to Yuma, Ariz.

Bob Bisbee, son of Mr. and Mrs. R. D. Bisbee, writes his parents that he has returned to his base near Casa Blanca in French Morocco after a 30 day leave spent in Ireland and England. Bob, who was in the reserves, entered service in the Navy Seabees in August, 1950.

Pfc. Cecil Mosser has written to his mother that part of his company has been transferred to the artillery. He is in Headquarters Company 313. Pvt. James Mosser is at Ft. Sill where he is in advanced basic training. James was here for a visit with his mother last week end. Pvt. Paul Mosser expects to finish his basic training at Ft. Hood this week. All three of these boys are the sons of Mrs. Louis Mosser.

Pvt. Ed Burton is located at Ft. Sill, Okla. in the Fifth Armored Division. Pvt. Burton has been in service nearly five months. His brother, Sgt. J. C. Burton, Jr. is in the 14th Air Corps at San Antonio, Texas. He has been in service about ten months. The boys are sons of Mr. and Mrs. John C. Burton.

Pvt. John R. Burks, son of Mr. and Mrs. Andy Burks, has been transferred to the 128th Hospital Unit in Japan. Pvt. Burks has been in the army about three years.

Pvt. Bob Connor and his wife left Thurs. for Colorado Springs. Pvt. Connor is in the 196th Regimental Combat Unit at Camp Carson, Colo. This unit has had orders to ship out for a base in Alaska.

Pvt. Harold E. Culver is home on a 15 day leave from Ft. Lee, Va. He is with the 61st Engr. Const. Battalion. His brother, Cpl. Tip Culver, who is in the communications division, is located in Camp Pendleton, Cal. They are the sons of Mr. and Mrs. E. E. Culver.

Cpl. Bobby Cook, son of Mr. and Mrs. Hugh Cook, is located at Camp Pendleton, Calif. In a letter to his parents he told them that he has been helping to fight heavy forest fires near Oceanside during the last two weeks.

Pfc. Phillip Dawson returned to Camp Carson on Sunday after a two weeks leave with his parents, Mr. and Mrs. W. H. Dawson. Phillip has had orders to leave for a base in Alaska.

Bill Golding, son of Mr. and Mrs. A. R. Golding, wrote home recently saying he has had word he will receive his discharge about August 1. Bill, who is now at Pearl Harbor, was a Navy reservist and was recalled to duty on November 1.

Cpl. Bunky Guinn, son of Mr. and Mrs. B. G. Guinn, who is with the Provisiao Cadre in Camp Carson, Colo., will transfer soon to Ft. Riley, Kansas, where he will enter OCS. Bunky went into the army in November.

Marlee Holloman, son of Mr. and Mrs. W. L. Holloman, is located at Port Huene, Calif. He writes that he may receive his discharge in August. Marlee was in the Navy reserve and was recalled to active duty in August, 1950.

Pfc. Douglas Lively, who is in the Air Corps at Kelly, Field, Texas is expected home Sunday for a two weeks leave with his parents, Mr. and Mrs. L. L. Lively. Douglas entered the service in September, 1950 and expects to be shipped out of the states soon.

Pvt. Welker McDonald called his parents, Mr. and Mrs. Bert McDonald last week to tell them that he was shipping out for Japan. Welker entered the army in January and is in the field artillery.

Zipper Bibles and all leather covered bibles, Saint James edition, red letter and Concordance sizes at the Slatonite.

**MILK OF KINDNESS**—Thanks to two-and-a-half-year-old John Knerr, an expert bottle giver, Woody Groundhog has never had it so good. Woody lost his mother while shadow-hunting one day in Allentown, Pa. Along came John to take Woody in hand, and a baby's milk bottle in the other.

MISS AMERICA, A ROYAL GOWN GAL—Wearing a crown of delicate gold wire and jewels and a dress by designer Pierre Balmain, shown in his Paris salon, 21-year-old Yolande Betbeze, Miss America of 1951, looked every inch a beauty queen as she previewed her official pageant gown. Made of ever-glaze cotton and down to Paris from the U. S., the dress will next be worn when Yolande surrenders her title at the September coronation ceremonies in Atlantic City, N. J. Its handstencilled gold design outlined in gold embroidery should draw plenty of "ohs" and "ahs."

Pictured above is one of "Slaton's Substantial Investments" according to the hearing over the same picture in the September 27, 1912 issue of the Slatonite. It was one of the first brick buildings erected in Slaton, and was occupied by the Paul Bank and J. R. Fox's Confectionary. For those who have not recognized the picture, it is part of the present Slaton Slatonite offices.

### Texas Tech Has Four Home Games On 1951 Slate

Slatonites will have an opportunity to see the Texas Tech Red Raiders in four home games this fall, including one SWC team—Texas Christian on Oct. 13.

The Raiders, under the coaching of DeWitt T. Weaver, will meet only three Southwest Conference teams this year instead of the four or five in previous years. Four Border Conference teams, two Missouri Valley members, and a Skyline Seven school round out the football schedule.

The complete schedule: West Texas State, Sept. 22; Texas A-M, Sept. 29; University of Houston, Oct. 6; TCU, Oct. 13; Baylor, Oct. 20; U. of Arizona, Oct. 27; Texas Western, Nov. 3; Tulsa H., Nov. 17; New Mexico U., Nov. 24; and Hardin-Simmons, Dec. 1.

### NAM REGIONAL CHIEF

ROBERT L. HUMPHREY

Who has been appointed Southwestern Regional Manager of the National Association of Manufacturers, to serve business and industry in Texas, Oklahoma, Louisiana and Mississippi, from headquarters in Houston, according to an announcement by Earl Bunting, managing director of the 16,000-member association.

### Alfalfa Caterpillar

The alfalfa caterpillar can be controlled by airplane application of polyhedra virus, spreading an epidemic of wilt disease among the pests, according to experiments by scientists on the Berkeley campus of the University of California.

### Be Speedy with Shellac

As shellac sets very fast, it must be applied rapidly in straight strokes back and forth, working toward the finished section to avoid laps.

## These Folks Once Suffered, Too!

Luther Harris suffered aches and pains.

Ollie May Cooper suffered stomach distress.

Mrs. Waldo Heath was nervous and run-down.

# HADACOL Relieves The Cause Of Stomach Distress, Aches and Pains, Weak, Run- Down Conditions and Nervousness When Due to Deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron

Why Settle for Symptomatic Relief When HADACOL Can Help People With Such Deficiencies?

Luther Harris, 516 Chestnut St., Bowling Green, Kentucky: "For quite some time I was nervous and run-down and I suffered from aches and pains. I was weak and I could hardly do a day's work. I started taking HADACOL and from my first bottle I felt better. Now, I feel good and I can do a good day's work. I am still taking HADACOL and I wouldn't do without it. I praise HADACOL very highly."

Mrs. Waldo Heath, 1020 Jackson St., West Plains, Missouri: "I want to give thanks to the wonderful preparation HADACOL and tell you how it has helped me. Before I started taking HADACOL I was nervous, couldn't eat and didn't have the energy to do my housework. Now, I'm on my eighth bottle of HADACOL. I can do anything I feel like doing, and I also have a good appetite. So, you see what the wonderful HADACOL has done for me. I want to say thanks again to HADACOL. I'm 21 years of age."

Mr. Eclied Cooper, Box 1184, Marksville, La.: "My 13-year-old daughter, Ollie Mae Cooper, was underweight, and she suffered from stomach distress. She is on her fourth bottle of HADACOL. Now, she feels fine and she is able to go where she wants to. She has gained weight and no longer suffers from stomach distress. I intend to continue giving her HADACOL. I give HADACOL to all the family now."

J. D. Rambin, 165 Sunset Drive, Alexandria, La.: "I have taken three bottles of HADACOL, and I could tell the difference in my condition, before I took all of the first bottle. I'm 68 years of age. Before I started taking HADACOL I was tired, and I had aches and pains, and I couldn't sleep well at night. Now, since I am taking HADACOL I feel so much better, and the aches and pains have disappeared, and I sleep soundly. I can't recommend HADACOL enough."

Louis Farber, Saunemin, Illinois: "A friend of mine had given me a bottle of HADACOL for my birthday. I had been feeling run-down, and just didn't seem to have much energy. So I decided to try the HADACOL that had been given to me. I could notice after the first bottle that I was feeling much stronger. I have since bought the large family size bottle and feel that HADACOL has helped me. I intend to continue taking it."

Mrs. Clarice Brown, 712 La Due Avenue, Cedarblow, Georgia: "I am 39 years old, and I just want to tell you how your wonderful HADACOL has helped me. I was weak, nervous and run-down and could hardly do my work, and what I ate didn't agree with me. I decided to give HADACOL a trial. I have taken six bottles of HADACOL, and I can tell the difference since I have been taking HADACOL. Use my letter. Maybe it will encourage a lot of people that are weak and nervous as I was. Thank you for letting me tell you about HADACOL."

Mrs. Ella Holderfield, 225 Graymont Avenue West, Birmingham, Ala.: "I've been using HADACOL a year now and it sure has helped me. I didn't have any appetite at all, couldn't sleep well, and ached a lot, but since I've been taking HADACOL I can't get enough to eat now. I go to sleep now and can rest all night. I can work hard and it doesn't even tire me now like it did. I am 65 years old and feel good most of the time. Thanks to HADACOL I won't be without it as long as I'm able to buy it. Use my letter—it may help someone."

Mrs. R. W. Bryant, P. O. Box 191, Sumrall, Mississippi: "I have been a HADACOL user for one year. I was nervous, could not sleep, was tired and run-down. I have taken seven or eight bottles of HADACOL and I feel so much better. I do all my housework, milk two cows, sleep well and eat anything I want without stomach misery. I have recommended HADACOL to many of my friends and neighbors. I just cannot praise it enough, for it has done so much for me. I am 54 years old and I believe what HADACOL has done for me, it will do for others. I highly recommend HADACOL."

Miss Ometha White, 1709 Bush Avenue, Alexandria, La.: "I am twenty-five years old and have lived in Alexandria all my life. I am employed by a canning company. A year ago I was nervous and run-down. I lost my appetite and couldn't sleep. A friend told me about HADACOL and I decided to try it. I have been taking one bottle a week for a year and I can report wonderful results. I am gaining weight, my nerves are O.K., I have a good appetite and I can sleep nights again. One bottle a week did it and I recommend HADACOL."

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

From where I sit... by Joe Marsh

Hope "Cappy" Told Him Where To Get Off!

"Cappy" Fisher - who just retired after thirty-five years as a railroad conductor - was telling about a salesman who was often one of his passengers. "That man was so busy," says Cappy, "he used to bring a dictaphone on the train to catch up on his letters. On one trip he'd been rushing around so much he clean forgot to bring his ticket. Left it on his desk." When Cappy started to tell him not to worry about the ticket, the salesman busts out with "Who's worried about the ticket? It's just that now I don't know what city I was going to get off at!" Cappy might have been pulling our leg, but from where I sit, lots of us get so wrapped up in ourselves we often forget "where we're going." Some folks get so narrow they even begrudge their neighbors the right to enjoy a glass of beer now and then. Let's not forget that just as trains run on steam and oil, democracies run on freedom and integrity!

Joe Marsh

West Texas Roundup

Terry county's first wheat of the new season was harvested Thursday by Maurice Thompson who farms near Tokio. The load had a high moisture content, according to T. A. Wartes, Goodpasture Grain company manager. Three or four more loads came in Friday and Saturday. Strangely enough after suffering from lack of moisture all winter farmers were holding off now because of the damp weather and high moisture content. Combines were sitting in fields waiting for a day or two of sunshine Monday. Market for number two wheat was \$2.16 a bushel Monday.

Rains in Mitchell County Saturday night and Sunday have increased the possibility of a bumper crop for farmers in the area, according to Joe Cowan, county agricultural agent.

Most of the farmers in Mitchell County have already planted," said Cowan in an interview today. "Those who have not planted are expected to start immediately." Cowan said that he estimated 130,000 acres of cotton will be planted this year following removal of government restrictions. He estimated that the value of the cotton crop in the area this year will be approximately \$10 million.

Colorado City Record

Sixty voters approved \$200,000 worth of bonds Saturday for the Andrews school system. In a near-record low turnout, 60 people voted for the issuance of the bonds and 10 votes against the issue. The money will pay off a \$100,000 deficit on existing construction now underway, build a new tennis court, and finish the equipment of the new shop building. Repair work on the Junior High building will also be finished with funds from the bonds.

Three capacity crowds packed Seminole's new rodeo arena last week to view the first annual Seminole World's Championship Rodeo, which was sponsored by the sheriff's posse. Sole disappointment for the three-day rodeo season was the untimely shower which drizzled the parade and bystanders last Thursday afternoon. A crowd of some 2,000 persons was on hand to view the parade, but the rain forced many to shelter. The parade included sheriff's posses from Brownfield and Lea County, N. M. and the host posse; and the Seminole High School band.

The Seminole Sentinel

Rex Watson, 7-year old son of Mr. and Mrs. Hubert Watson of Falls, was drowned in a washed out pool at Silver Falls State park in Blanco canyon late Sunday evening. The drowning was a tragic ending to a picnic outing being enjoyed by the Watson and Herbert Waldie families of Falls. The boy, wading in shallow water near Silver Falls with 3 other children suddenly disappeared about 7:30 p. m. The other children called to his parents, and the older Watson and Waldie searched the four-foot deep water for more than 15 minutes before finding the body. The two men gave artificial respiration on the shore before taking the body to the Crosbyton Clinic hospital. The Crosbyton Fire department had been called, but the family met the fire truck before it had left the city limits.

The Crosbyton Review

The city of Lorenzo, under the administration of Mayor O. H. Kemp, is wheeling along on its progressive program of constant improvement of the city's facilities. A new city office has been built, and new equipment for the town includes a new fire truck, new pickup truck and a new grader. Construction of the city office was completed in June 1950. Total cost of the building was \$4,500 and it was paid for by the time it was finished. That this is a good investment is evidenced by the fact that more than \$4,700 had been paid for rent prior to construction of the new city office. The old fire truck was purchased in 1927, and was replaced in 1948 at a cost of \$6,800. The new truck is fully equipped, and has a 250-gallon pumper. Included in the truck equipment are: 1,000 ft. 2 1/2-inch hose, 300 ft. 1-inch hose, both with "Mystery Fog" nozzles, three chemical fire extinguishers, ladders, axes, hatches, bars, hooks, wire cutters, etc.

The Lorenzo Tribune

George Schmidt represents the Chamber of Commerce in soliciting business and professional people of Canyon for prizes which will be offered for the 1951 treasure hunt.

John McCarty, concessionaire, has not set the date for opening of the Treasure Hunt, but this event will be set for early in June, possibly next week.

Mr. Schmidt, an advanced student in West Texas State, will complete his work this week. He reported to the News Monday that practically all of those whom he had contacted are giving prizes similar to the ones which were offered last year.

McCarty states that he has been given about 2,000 prizes by Amarillo business firms, and hopes to close the prize list by the end of this week. He has received some prizes from Hereford but the final list from that town had not been completed. The Canyon News

Dr. C. C. Schmidt, camping chairman of the South Plains council, Boy Scouts of America, announced today that the summer camp for all the Boy Scouts of the South Plains will open for a four week's session - starting Sunday afternoon. C. W. Post Memorial Scout Camp is located 2 1/2 miles southwest of Post. The council is offering this summer four one-week periods - June 3-9, June 10-16, June 17-23, June 24-30. 160 Boy Scouts are registered for the second week, 150 for the third week. There is still some additional room for the fourth week, June 24-30.

Post Dispatch

Snake Charmer A snake charmer could play his music instrument like an angel, but he would not get a rise out of the snake if he did not have rhythm. Snakes have no external ears, and cannot hear sound waves in the air; they react only to the charmer's "swinging and sway."

DOCTORS CAULEY & WELCH OPTOMETRISTS 1114 Ave. L Lubbock, Texas Dial 7180 (One block west Hotel Lubbock)

"WHEN DO I DIE?"—After being wounded and captured by U. S. Marines on the east-central front in Korea, this Chinese Communist soldier asks a Leatherneck interrogator when he will be executed. He was much relieved when he learned that he would be hospitalized for treatment of his wound.

**Southland News**

**MRS. FLOY KING**

The Bible School that has been in progress for the past two weeks closed with a program Friday evening.

Southland played Rhodes Bros. Shop, one of Lubbock's leading teams here Friday night as it was an off night for a league game. It was an amateur game. Lubbock won over Southland 4-2. It was a good game.

Mr. and Mrs. Otto Klaus attended a family reunion at Austin last week.

Mr. and Mrs. Adolph Wilkie spent the week-end with their son, Walter and family of Lingorm.

Mrs. Bill Roberson and children of Ft. Worth, and Mrs. C. C. Brazel of Weatherford are visiting their parents, Mr. and Mrs. L. A. Dunn this week.

Mr. and Mrs. S. B. Dean of Levelland spent last week here with Mr. and Mrs. J. R. Wood, Mrs. L. B. Mathis, and Mr. and Mrs. W. M. Weaver.

Mr. and Mrs. G. D. Ellis and Uncle John Parnell had lunch with Mr. and Mrs. Jack Myers Sunday. They were there during the rain and hail. Mr. and Mrs. Myers report they had one and one half inches of rain and hail that broke out one of their win-

dows and the windshield to the Ellis car.

Mr. and Mrs. D. E. Hambright and children of Midland spent the week-end here with his parents, Mr. and Mrs. L. B. Hambright.

Mr. and Mrs. F. W. Calaway and boys spent Sunday with Mr. and Mrs. Kenneth Davies.

Mrs. Nellie Mathis and granddaughter and Mrs. Nettie Kellum visited Mr. and Mrs. I. B. Mathis of Brownfield Sunday.

Mr. and Mrs. Leo Kramer arrived back here Thursday evening and visited with her brother, Pete King and family and her parents, the Harry Kings. They left here Saturday morning by way of Lawton, Okla. to visit a few hours with another brother, Sgt. Henry King and family, before going on to their home in Chicago.

Mrs. A. Maeker and daughter, Marilyn, are here with her parents, Mr. and Mrs. M. E. Morris. Mr. Maeker went on to Albuquerque, N. M. to find a place to live. Mrs. Maeker works for the Cotton Oil Co. and is being transferred from Houston to N. M.

Mr. and Mrs. Jack Myers visited Mr. and Mrs. A. Ferguson of Post Sunday afternoon.

Mr. and Mrs. Roy Williams visited Mr. and Mrs. Frye Collins and children of Ropes Friday. The Collins have a new baby girl. They are former Southland peo-

ple.

Mr. and Mrs. H. D. Hallman visited their children in Lubbock Sunday.

Mr. and Mrs. Paul Winterrowd

and daughter were vacationing in and around Ft. Worth last week.

**Welcome Visitors To Slaton's Frontier Day**

Far different from the old-time General Store with its cracker barrel and pot-bellied stove, today's grocery stores are modern and designed with the customer in mind. Berkley & Haddock ranks alongside any other super market in that respect. Air conditioning, wide aisles, convenient check-out counters, and our most recent improvement—a 40 foot, newest design, refrigerated produce case, are some of the Berkley & Haddock aids to comfort in shopping. And of course, we keep our prices at the lowest possible level, assuring you of real savings on food.
