## Board Will Study Santa Fe-Union Dispute

Santa Fe management and railway labor unions have been negotiating disputes for several months. Negotiations were broken off around the 12th of August, precipitating the strike called by the B. of R. T. Management then had 10 days to appeal the strike call to the Railway Labor Board, which it did. This board will study the dispute, which involves among other things . . . work rules, and hand down a recommendation which is not binding to either party.

# Kennedy Invited To Slaton

**FIRST BALE THIS YEAR**  
Date Keeler, left, who farms five and a half miles northeast of Lubbock, brought in the first bale of cotton in the Slaton trade territory Wed. morning. Shown with Keeler is Charlie Hunter, manager of the Acuff Co-op Gin, north of Slaton, where the first bale was ginned. Hunter's gin also handled last year's first bale, produced by Troy Thomas. (See Farmer-Merchant Dinner story for more details).

## Demo Nominee Asked To Speak At Farmer Dinner; 1st Bale In

Democratic Presidential Candidate John F. Kennedy has been invited to Slaton by the local Chamber of Commerce. Interest has been expressed in the invitation by Kennedy's campaign workers.

The Slaton Chamber of Commerce wired an invitation to Kennedy to speak at the annual Farmer-Merchant Presentation Dinner to be held here Monday, September 12.

Kennedy is scheduled to be in Lubbock that day and, in the view of local observers, would be wise to exercise the opportunity the dinner will provide to visit with area farmers.

Even without Kennedy, the event is expected to bring together a large group of farmers and merchants. It will be held in Tiger Football Field, and is being billed as the "World's First Drive-In Banquet."

A telegram and a telephone call have been received by Joe Teague III, CoC president, concerning the invitation.

Pierre Salinger, Kennedy's press secretary, wired "Thank you for your wire August 25. Am calling your wire to the immediate attention of Kennedy, who is in charge of scheduling and will give you earliest reply." The wire came from Kennedy's vacation home in Hyannisport, Massachusetts.

A telephone call this week from Congressman George Mahon confirmed the local understanding that Kennedy would be in Lubbock on the 12th. However, he is slated to arrive at Lubbock Municipal Airport at noon and stay in the Hub City about an hour, then depart for Houston.

season." native of I has long been on textile industry and past American Cotton Institute, chairman of the Alabama Textile Assn., in addition a delegate to the National Cotton Council and a past president of the NCC. Kennedy was born in 1917 and a past president of the NCC. Kennedy is serving as representative of California in the Senate of Kern, Kings and San Bernardino counties—all large farming areas—Joaquin Valley. An attorney, Hagen is a recognized sportsman on western agricultural support projects, educational resources, and a sound publicist.

He will start back upstate that evening, though, and stop in Austin Monday night. Efforts are now being made locally to see if he could be in Slaton Tuesday evening, September 13th, to speak to the farmers. If he agrees, the banquet date will be changed in order to fit into his schedule.

Bill Ball, CoC manager, said, "We have a chance to get him."

The banquet will be unique in that rows of cars will be pulled onto the football field and tables set up between them, providing shelter in the event of rain, a comfortable seat if desired, and eating facilities. An area will be kept free of cars and tables for the purposes of fellowship and serving.

Area ginners now have tickets for free distribution to farmers. The tickets are being paid for by local and area business and professional men and gins in appreciation for the contributions farmers make to the economic and civic life of the community.

The first bale award this year, \$150, will go to Date Keeler, who farms about five and a half miles northeast of Lubbock. Keeler brought in the Slaton trade territory's first bale of cotton this year Wednesday morning. It weighed 452 pounds, just over the minimum qualified weight of 450 lbs.

Last year's first place award went to Troy Thomas, who farms just north of the Canyon north of town. Both last year's and this year's bales were ginned at the Acuff Co-op Gin. Charlie Hunter is manager of the gin.

This year's winning cotton, pulled over about 30 acres, was planted on April 18, 19 and 20 and survived tow frosts.

### HOME FIRES ARE BURNING

There are many people in Slaton who are vehement concerning the candidates for the Presidency and one man who is going to trouble no end to find out as many details as possible about the two men who are up for consideration. Let it be said that he is not going to be satisfied with mere for he has gone direct to one of the men who is in a position to settle some questions concerning the religious aspects of the campaign. He has written a letter to the pope in Rome having spent several dollars on a special delivery letter that is to be signed for by the prelate himself. If he gets an answer there may be some more news concerning our inquisitive customer but let it be known there is political fire burning in the old home town.

### MONEY NOT IN THE BAG

Because Slaton is almost within whispering distance of Lubbock is an advantage and drawback both to the citizens of our town and to the business firms as well.

Many small firms that are a requirement for electrical, gas and water service have been established here only to find that there are not enough demands for what they have to offer to make it profitable for them to remain in business. In many towns with even fewer inhabitants such concerns would, under ordinary circumstances, prosper but competition from Lubbock eats into the local trade enough to make it up profitable for some smaller concern to stay in business here.

Some of the larger firms here do not find it profitable to carry stocks of some items that are slow moving so they either act as agents for Lubbock firms or stall customers off until they can send to Lubbock to get items for which they collect modest profit. Neither arrangement is satisfactory because of delays in delivery and because the customers usually thinks he is paying a higher price to the Slaton dealer than he would if he should go direct to the Lions mouth.

As a town of slightly over 6500 the business section of Slaton is not as large as those in towns of similar size. It is well enough to put the blame on home town people by urging them to trade at home but could such transactions be termed trading at home when the local business man only acts as an agent for some firm in Lubbock or in some other city miles away.

Thousands of dollars worth of business go out of Slaton to merchants and firms in other cities that theoretically should stay here. This condition is more or less true in most all towns under the big city classification but it is particularly acute here because of the nearness of Lubbock. To be able to secure services and materials so quickly and easily from a point so close is no doubt a distinctive advantage but is a drawback to the growth and expansion of local business.

These facts are self evident and are problems that most of our citizens recognize. How to overcome them is something else. Whether they are ever solved, or not, they should be given the attention and consideration all other serious problems that affect the prosperity and advancement of the community are given, such as, water consumption, tax rates, mosquitoes and little league football along with the high school football team and traffic regulations.

### GIANTISM

Have you any idea how much property your federal government owns?

The total is staggering. As a matter of fact, it is possible even the government doesn't really know the extent of all it owns.

With the exception of the Soviet Union, which has a positive and admitted aim of owning all property, the United States government is the largest land owner in the world. The irony of the situation is found in the fact that the American government professes to favor private ownership.

But actions speak louder than protestations. And in point of fact the American government is marching toward a super-state condition in which virtually all if not all the valuable property in this nation will be owned and controlled by the politicians.

The House Government Operation Committee in Washington only recently came up with some findings that are useful in discovering just how much Uncle Sam really has been able to clutch. The dollar figure given to these findings by the committee on land and buildings is \$205 billion.

It includes 788 million acres of land. That's one-fifth of the land surface of the United States.

But this is before we include Alaska and Hawaii, and the other vast state-owned lands. Due to the enormous size of Alaska and the fact that most of that—state is owned by its government, were we to include state lands which the House Committee did not, we would find that the various government own MORE THAN HALF the land of all the United States.

And still overlooking states last year the federal government gobbled up \$2 billion worth of land which up until then had been privately owned. The federal land holdings right now total right at \$72 billion.

If we take a look at governmental storage facilities we could well be staggered. The federal boys in Washington are the largest warehousemen in the business. They manage 2½ billion square feet of floor space—most of its covered over with useless or surplus items for which the taxpayers have been gouged repeatedly.

The federal government is the largest tenant in the nation. It leases property which it doesn't own and only within our own confines, which amounts to almost 2½ million acres. And this includes 94½ million square feet of floor space in buildings it doesn't own.

Overseas figures aren't available but estimates place our overseas rentals at least equal if not greater than all of the

leasings in force within the states.

It is also true that the federal government in Washington is the largest employer in the nation. In the days of our beginnings, government had some small claim to fame as an employer, but nothing like its condition today. The executive department of our government alone employs just under two and a half million persons.

And when we add the armed forces and the man power of the legislative and the judicial branches of the government, we run into a total of more than 5 million persons who are receiving their salaries, pay checks or other forms of remuneration directly from taxpayers via the federal government alone.

Certainly most of us are aware that when it comes to both debts and taxes, our federal government knows no equal at all, even dwarfing the Soviet Union in these categories. So while it is true that in some places Russia has moved far ahead of us in the race to obtain a fully socialized state in other departments we are ahead of the Russians.

This monster we have sired and fed so well began as a tame and tranquil critter less than 200 years ago. It is probably true that there has never been a government in history which underwent such radical changes, such complete reversals, such total contradictions in so short a time.

When we realize that we are still short by more than a quarter of a century our 200th birthday as a nation, we might find the courage to inquire more closely into these shocking cases

Scattered showers fell over the area during the past week. The amount of moisture which fell was extremely variable.

## Mail Orders Being Accepted For Pro Game

Lubbock—Mail Orders are now being accepted for this fall's professional basketball game between St. Louis Hawks and Cincinnati Royals in Lubbock Coliseum.

The game is scheduled for 8 p.m. Tuesday, Oct. 4, and will be the only Texas appearance for the two NBA games. It is being staged by Choe Hutcheson, who promoted last year's pro game tilt between St. Louis and Philadelphia in Lubbock.

Hutcheson has announced that fans who order tickets now will receive choice seat locations in whichever price range they select. Tickets are priced at \$3.00, \$2.00, with all seats reserved. To order tickets, mail a check to Pro Basketball, Box 5002, Lubbock, Texas.

Cincinnati is due to be led by the remarkable Oscar (Big O) Robertson, rated by many experts as the greatest collegiate player of all time. Robertson, NCAA scoring champion for the last three seasons, is now with the U. S. Olympic basketball squad. However he is slated to sign his pro contract with the Royals as soon as the Olympics end.

Cincinnati also boasts Jack Twyman, who last season averaged 31.1 points per game for runnerup season scoring honors in the NBA. In addition, the Royal roster includes two of Robertson's Olympic teammates—Jay Arnette of Texas and Big Bob Boozer of Kansas State.

St. Louis, making its second appearance on the South Plains, features a forecourt trio composed of Bob Pettit, Cliff Hagan and Clyde Lovellette. The Hawks' backcourt duties are handled primarily by Si Green, Johnny McCarthy, Al Ferrari and rookie Len Wilkens.

However, the cloud cover and showers kept temperatures down over most of the area. These conditions were not the most favorable for cotton growth. Bacterial blight is alarmingly bad in many cotton plantings.

Fleahoppers continue to be found in varying populations from light to heavy in the cotton fields of the area. Lack of damage continues to be common even where large numbers of fleahoppers are present. Before control measures are taken the estimated length of the remaining season should be considered to prevent protecting cotton forms which will not have time

Police in Osaka, Japan, are trying a new experiment: they are playing "The Blue Danube" at busy street intersections to try to calm motorists while waiting for the traffic lights to change.

Bollworms and bollworm eggs were found in increasing numbers in cotton plantings over the area. Heaviest populations of eggs and bollworms were found in Dawson, Mitchell and the northeastern part of Crosby counties. Medium infestations were reported in Martin, Dawson, Garza, Gaines, Reeves, Reagan, Mitchell, Crosby and Midland counties. Other counties reported an increase in bollworm miller activity and bollworm egg counts in cotton plantings. With these facts in mind cotton plantings should be checked closely and control measures taken when the population warrants it. Control is most satisfactory when the worms are small and active.

Cabbage loopers continue to build up in some areas and are causing considerable ragging of cotton plants. Control measures have been taken in Garza, Lynn, and Midland counties. Heavy to medium population of loopers and looper eggs are reported in Reeves, Martin, Midland, Lynn, Lubbock, Garza, and Terry counties. Reports of heavy egg mortality have been received.

Cotton leafworms were found in light infestations in Yoakum, Floyd, Hall and Presidio counties.

LABOR BOARD . . .  
ded.  
Ralph Brock, Lubbock County Democratic Chairman, spoke last Sunday afternoon to a joint meeting of local railway brotherhoods, urging their support of the Democratic ticket and asking them to "get out and vote."

CARD OF THANKS  
We wish to thank everyone who sent food, flowers, for every word of kindness, and for every prayer sent up in our behalf. In the passing of our dear loved one, we thank Bro. Ferguson for the comforting discourse and Bro. Gaze for the sweet prayer he prayed and the singers for the lovely songs.

PEMBER TO . . .  
of 267 district governors supervising the activities of more than 10,600 Rotary clubs which have a membership of nearly 500,000 business and professional executives in 116 countries throughout the world.

Wherever Rotary clubs are located, President Liles asserted in discussing the governor's visit, their activities are similar to those of the Rotary Club of Slaton because they are based on the same general objectives — developing better understanding and fellowship among business and professional men, promoting community - betterment undertakings, raising the standards of business and professions, and fostering the advancement of understanding, good will and peace among all the peoples of the world.

SAFETY PROJECT . . .

others across the state.

The project was decided on at a called meeting Monday afternoon. Don Kendrick, chairman of the committee which will arrange for at least two local Jaycees to be on the job at the stops all day Labor Day.

Chief of Police Eugene L. Martin has pledged his department's cooperation with the project as well, in view of the current estimate of 29 traffic deaths in Texas during Labor Day week end.

Palbearers will be her nephews.

DEMO NOMINEE . . .  
Continued From Page One  
Awards will also be given to the producers of the second and third halves ginned with no. 2 getting \$75 and no. 3, \$25.

Billy Klattenhoff, who farms just west of Slaton, had a bale earlier this week, but it didn't weigh the required 450 lbs.

TO TAKE . . .  
The Antique Auto Club has headquarters in Midland with meetings on the fourth Sunday of each month.

In the photo accompanying this story, five members of the Slaton group who will be on the tour are wearing original clothes of the Klattenhoff family.

Magnus Klattenhoff is shown wearing his father's wedding coat and vest, worn by his father in 1892. Mrs. Klattenhoff is wearing the 1922 wedding suit of Mrs. W. J. Klattenhoff. Mackie is wearing the 1916 wedding suit of a cousin. Mary Ann is wearing the 1929 wedding dress of her aunt, Lena Klattenhoff Benton. Judy is wearing a dress made in 1916 by the late Mrs. Clara Klattenhoff Hayes. Ross Dunn, not shown, will wear antique clothes of W. J. Klattenhoff.

*Ask a Little Child*

Did you ever notice that small children talk about God with a faith so simple, so beautiful that you cannot question its sincerity? Ask them why they like the rain, for instance, and they may answer, "Because God made it, so the flowers will grow."

Unlike grown-ups, children accept God's order without a doubt. They believe in his love for them as naturally as they get up with the daylight and go to bed with the dark.

In God's eyes, we are all children . . . His children. And what we adults have lost in the way of vision, in the way of faith, must be renewed and replenished with each day and advancing year. We, too, can find God again—and, often, ourselves as well—by going to church, by praying, and by accepting the love He stands so ready to give us.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**JUST TALK**

BY A. M. J.

Last week, at the invitation of Mr. and Mrs. Earl Wilson, we made a visit to their expansive country home and found Mrs. Wilson wielding a hoe, rake, hedge trimmer and a spade with great determination while Mr. Wilson perched on the patio and made worth while suggestions.

Mr. and Mrs. Wilson are both enthusiastic flower fanciers and there is hardly a flower known to science or to the botanist that they do not have growing in great profusion at their home.

Have you ever seen a Jimson flower? Assuming that you have not I will explain that the plant is a shrub and will take your place unless controlled and the flower resembles a good size lily and is pure white. The spelling of the name of the plant is my own and may be all wrong but that is what I understood Mrs. Wilson to say it was and if it is wrong just hold me responsible and see where it gets you.

The place has been landscaped so that the flower beds are laid just so and from my observation have caused some one a lot of back aches and been extra hard on a lot of finger nails.

It was with envy that I, as a slow and stiff backed amateur gardener viewed the showing but when I came home and pulled three or four careless weeds from the corner of our back yard I gave thanks that we do not have so many pretty things to care for and I viewed our weed patch, limped back into our house, turned on the bed lamp over my couch and laid me down to rest.

While visiting Mr. and Mrs. Wilson I was shown through their well house which not only houses the pump to their irrigation well but contains their supply of tools and materials for repairs. On a shelf Mr. or Mrs. Wilson had their supply of nails. The nails were in glass jars and assorted according to size. The fact that one could at a glance select the size nail suitable for each job struck me as very ingenious and I came home with the full intention of assorting our nails the same way. We have ours in a wide assortment of dusty sacks and the only way to tell what size nail is in each sack is to fish around and pull out a few. In the past we have not been very careful about putting them back in the same sacks and it is a gamble as to what size nail, each sack contains. Some day when I can build up a big head of steam I'm going to get my nails arranged just like those of the Wilsons. Who got the idea of arranging them in glass jars? To me sounds just like some woman's and I suspect Mrs. Wilson.

Now I must give Mr. Wilson credit for a good idea or for swiping a good idea from some one else. He has laid out, with

a lot of back breaking work long and tedious brick work to keep the grass from growing over the curbing he has given a thin spray of diesel fuel which not only kills the top of the grass but goes down and kills the roots and keeps the curbing from being covered up. It is from near your cement walks and from your cement around flower beds etc. might try it. Mr. Wilson it works fine. As soon as it gets up and get wiggling a whole flock of plovers are going to smear diesel fuel over our front yard and way with mowing every

In my search for words and educational material just talk we called on Norma Caldwell who pointed subject of English into the Slaton High School students.

We found her smiling happily awaiting the opening school and free of hay fever colds.

In the past year Mrs. well has suffered severely these ailments and at the suggestion of one of her friends secured a chihuahua dog has not had hay fever or since Chico, the chihuahua I immediately made friend I am seriously considering into the dog raising business and renting dogs out to hay fever by the week or year. The pay for what doing now is not meeting expenses.

George Gobel told a story one of his recent programs went like this:

A man went swimming himself, and an alligator up and bit off one of his legs. He screamed for help, and a man came running, and

"What's the trouble?" Said the other:

"An alligator bit off my legs."

The man asked: "Which?" "How do I know? I cut one alligator from another."

# City Receives Safe Water Works Award

The Water Department Superintendent George Willis and his staff have received an award from the American Water Works Association for their safety record during 1959. This is the fourth year they have made these awards and each year more cities are becoming interested in the program, as evidenced by the number of awards presented. 1956-28, 1957-38, 1958-93, 1959-112.

"The purpose of the program is to promote safe methods in the operation of water systems throughout the country. This program is a continuous one and each member city may qualify for additional awards in subsequent years. As soon as you receive your Safety Award Form for this year's operation, you are requested to fill it in and return it to the Safety Committee promptly.

"Having received this award, you now become eligible to receive national acknowledgment in the form of a plaque from the national association and if you can maintain continued safety in your operation, you will be eligible for additional section awards."

# 29 Deaths Predicted For Holiday

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, has announced the official prediction that 29 persons will be killed this week end in Labor Day holiday traffic in Texas.

Garrison said some 125 extra patrolmen from the department's other uniformed services will join the regular Highway Patrol force in attempting to halt traffic law violations—which figure in most fatal accidents.

"We hope the driving public will help this Labor Day week end to prove that we have overestimated the number of traffic fatalities that will occur in the three-day period," he said.

"Department patrolmen and all other law enforcement officers in our state will do everything possible to make the streets and highways safer by removing lawless drivers—but the statistics prove the main job is up to the individual behind the wheel."

# Attorney Speaks At Secretary, Clerk Meeting

A program on delinquent taxes by City of Lubbock tax attorney Cleddie Edwards highlighted a meeting of the South Plains City Secretaries' and City Clerks' association in Lubbock on Aug. 19.

Edwards spoke on collections, assessments, and court procedures in the collection of delinquent accounts. The attorney said that there is no cost to cities in court cases and that tax cases take priority over all others on court dockets. He also discussed the venue and jurisdictional areas of cases.

Association president Joe Seagler, city secretary form Morton, appointed a nominating committee to report at the next meeting which is scheduled for Nov. 18 at Morton.

Attending the meeting were Mrs. Judy Moses, Ralls city secretary; Arolene McGalliard, Spur city secretary; Tommy Woods, Post city secretary; Wynell Holland, Post assistant secretary; J. J. Maxey, Slaton city secretary; Norton Barrett, Crosbyton city secretary.

Also Albert L. Field, Friona city secretary; R. H. Tate and Mrs. Tate, city superintendent of Post; C. R. McClenny, Big Spring city secretary; E. T. House, Lorenzo city secretary.

# Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1960.

HOUSE JOINT RESOLUTION NO. 39 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain powers and duties and subject to certain stated limitations; providing that any enabling Act shall not be invalid because of their anticipatory character; providing for an election; prescribing the form of ballot and providing for the necessary proclamation and publication.

Section 1. That Article IX of the Constitution of the State of Texas be and the same is hereby amended by adding the following Sections which shall read as follows:

"Section 6. The Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (75c) per One Hundred Dollar (\$100) valuation of taxable property within the District, subject to district taxation.

# Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1960.

SENATE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas, increasing to three and one-half percent (3-1/2%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board; providing for an election and the issuance of a proclamation therefor.

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following:

"The foregoing notwithstanding, bonds hereafter issued by the Veterans' Land Board pursuant to the authority of this Section 49-b of the Constitution may bear a rate or rates of interest not to exceed three and one-half percent (3-1/2%) per annum.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1960, at which election ballots shall have printed thereon following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-1/2%) per annum."

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-1/2%) per annum."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, which shall have the same published as required by the Constitution and laws of the state.

There's plenty to see in Texas, wherever you may roam on a holiday jaunt or on a vacation trip. Clockwise from the lower left hand corner, some of the impressive sights to see in Texas are: The Big Bend, some of the most striking scenery in the state; Guadalupe Peak, highest point in Texas at 8,751 feet; the Palo Duro Canyon, camping grounds for Indian tribes in

frontier days; East Texas oil fields, biggest of them all; the 570-foot San Jacinto Monument, commemorating decisive battle of Texas history; Gulf Coast Beaches, some of the finest in the world; the Alamo, "Cradle of Texas Liberty," and in the center of the state, Texas Longhorn Cavern, biggest cave in the state and third largest in the world, one of Texas' most spectacular natural wonders. Sightseeing is fun in Texas.

 Among the gridgers will be 21 lettermen. Seven starters from last season will be back, including ends Don Waygood of Sundown, tackles Larry Mullins of Snyder and Bobby Cline of Belton, guard Fred Weaver of Lubbock (Cooper), center E. J. Holub of Lubbock, split back Dan Gurley of Fort Worth, and fullback Dick Stafford of Temple (now a center).

In recent years, the highest statewide traffic toll for the three-day Labor Day holiday was 43 killed in 32 accidents in 1955. Thirty died in 1958, and 27 motorcists occurred during the Labor Day holiday of 1959.  
 "Labor Day is a yearly turning point in our lives—a time of year when activities, dress and behavior of Texans make a definite change. It is a time for many of us to take that last big outing before settling down to the routine of fall and the school season," Garrison said.  
 "Therefore, we can expect Texans to be on the move on our streets and highways—and we should be alert of the extra hazards presented by unusually crowded conditions."

MRS. JERRY ALLEN nee Miss Vicki Kirksey

## Vicki Kirksey, Jerry Allen Exchange Wedding Vows

The First Baptist Church was the scene of the wedding of Miss Vicki Lynn Kirksey and Jerry Vedder Allen, Friday, August 26. The double ring vows were read by Rev. Ted Gaze.

Parents of the couple are Mr. and Mrs. Chris Kirksey of Slaton, and Mr. and Mrs. Terrell Allen of Slaton.

Mrs. Aubrey McNeely accompanied Miss Harriet Perkins in wedding marches as the bride entered the church with her father.

For the candlelight ceremony the bride wore a gown fashioned with a fitted bodice and long sleeves. The square scalloped neckline was etched with sequins and pearls. The softly gathered skirt flared into bouffant fullness and swept into a cathedral train. Her imported illusion veil depended from a tiara fashioned of iridescent pearls. She wore a gold wedding band which belonged to her late grandmother, Mrs. R. L. Kirksey.

Her bouquet was of white orchids surrounded by sweet-heart roses on a white Bible. Miss Sandra Wells was maid of honor and bridesmaids were Miss Judy Allen, sister of the bridegroom; Miss Peggy Kirksey, sister of the bride; and Miss Kathy Smith.

They wore dresses of orchid lace and silk organza designed with scoop necklines and bracelet sleeves. A flat bow at center waistline emphasized the fullness of their skirts. They wore half hats of organza petals and demi veils.

They carried fans with purple asters and satin streamers.

The best man was Giles Smith, cousin of the bridegroom. Ushers were David Bishop, Tommy Tatum of Pinebluff, Arkansas, cousin of the bridegroom; and Joe Bob Jones.

Candles were lighted by Miss Peggy Kirksey and Larry Bownds.

A reception followed in Fellowship Hall of the Church. Members of the house party were Mmes. Bert Lamb Aubrey McNeely, Leman Reasoner, Milton Hancock, Wayne Liles, Leon C. Vaughn, Ed Haddock, Lee Peebles, Roy Wyatt, Robert Heaton, Jerry Jones, Mike Haddock, Dwayne Preston, Robert

E. Lee, and Misses Dorothy Heaton, Patsy Pettigrew, Louise Moore and Mary Jane Lovelady.

Mrs. Allen is a graduate of Slaton High School and is now employed as medical record librarian at Mercy Hospital.

Her husband is a graduate of Slaton High School and is now employed at Medaris Company and at Curry's Trucking. He will enter Texas Tech this fall where he will study agriculture.

After a wedding trip to Ruidoso, N. M., Mr. and Mrs. Allen will live in Slaton. The bride traveled in an orchid silk shirt-waist dress with orchid accessories. She added an orchid corsage.

## Hoyt Meador Is Reunion President

More than one hundred relatives and friends of the Meador family greeted each other in "The Community Club House" Sunday, August 21, 1960. The president Paul Meador called the house to order. Herman Terry read the invocation at the noon hour. Lunch was served buffet style.

Four generations were present to help Mr. and Mrs. Louis Hahn to celebrate their 50th Wedding Anniversary. They have three children, four grandchildren, and six great grandchildren.

A special table laid with a white lace cloth over gold was decorated with a white basket of gold dahlias, and an anniversary cake with many gifts. Officers elected for 1961 were Hoyt Meador of Slaton, President; Chester Meador, Plainview, vice-president, and Mrs. Ethel Hahn of Amarillo, Secretary-Treasurer.

The oldest member present was Mrs. C. H. Meador, who was 75; youngest, Audra Lujan Sutterfield, 2 months. She is the daughter of Mr. and Mrs. Rodney Sutterfield. Mrs. Dan Evans of Klamath Falls, Oregon came the farthest distance.

After singing several hymns, accompanied by Royce Meador at the piano.

The meeting adjourned to be back in the same place on the 4th Sunday in August, '61.

Those present for this occasion were Mr. and Mrs. O. Z. Ball, Slaton; Mr. and Mrs. H. D. Terry, Abilene; Mr. and Mrs. Boyd Meador, McLean; Mr. and Mrs. J. A. # Remember, Motorists, School Is Underway

With more than 2,250,000 children attending Texas schools as September, motorists were urged to adjust driving habits accordingly by J. O. Musick, General Manager of the Texas Safety Association.

gsters when nearing a school," he urged. "It is very appropriate for us to pause at this time of the year when children begin their training to prepare themselves for life, that we prepare ourselves through better driving habits."

bits to make it possible for them to live," Musick said. Almost 200,000 youngsters full of anxiety will be going to school for the first time and will be a particular hazard from a safety standpoint. Although there is a tendency to think in terms of youngsters entering school for the first time, each age level has its particular safety hazards.

"While we have 200,000 starting school, there is another 115,000 reaching driving age. Congestion around Junior High Schools and High Schools is presenting greater traffic hazards each year," Musick pointed out.

Elementary schools will show a total enrollment of approximately 1,598,000. Children on bicycles present a particular hazard around these schools.

Parents were urged not to send children to school without going over basic safety precautions such as cross streets only at intersections and on direction of the Safety Patrol, ride bicycles on the right hand side of the road and move in the

same manner direction as automobiles, use hand signals when riding bicycles, walk facing (or on the left hand side) traffic; and above all else, "Don't turn your youngster loose behind a ton of steel and bolts unless you can depend on him to obey traffic laws, exercise reasonable judgment and has in his possession a valid driver's license," Musick cautioned.

While parents are cautioning children about traffic problems, they owe it to the children to examine their own driving habits. "One of the best safety devices we know of is a child who watches the speedometer while his parents drive," Musick declared. "Whenever you have a child in the car with you, drive as if you were teaching him to drive...because you are," he said.

NEVER leave an infant at home alone regardless of the weather. "Far too often we hear of cases where a mother doesn't want to take a small child out in rainy weather and thinks it will only take five minutes to run over to school and back,"

Musick said. The result too often is that mother gets tied up in a traffic jam at school and gets home 15 to 20 minutes later to find the home ablaze.

School is a thrilling experience of learning for children. "Let's help children learn the thrill of finding out that adults care for them...and are willing to protect them through safety," he said.

September 1 to April 15, 1961. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Johnson said, "this program has become a very minor inconvenience and expense to the motor vehicle owner...provided he moves early to comply with the law."

"The more than 4,500 authorized inspection station over the State are capable of handling the inspection of Texas vehicles without delay if owners will not wait until just a few days before the deadline."

Johnson called attention to the fact that since the beginning of the inspection program vehicles having a defect that was a causative factor in fatal accidents decreased from 11 per cent to 5 per cent last year.

## '61 Inspection Stickers Are Available

LUBBOCK — The new 1961 Motor Vehicle Inspection stickers are available to Texas motorists at approved inspection stations.

Captain Alan Johnson of the Texas Department of Public Safety, recommended that Texans have their vehicles inspected early in the new inspection period which extends from Sep-

*What do you do when you can't wait?*

### WHEN A CRISIS COMES

- ... and you need a prescription filled at midnight
- ... or your plumbing starts leaking
- ... or your car won't start
- ... or you run out of clean shirts
- ... or when the cupboard or the baby is bare

DO YOU saddle up and take a day off to get the matter taken care of in the City, or do you write to a catalog house for help?

OF COURSE NOT. Likely you hardly recognize these and similar predicaments as crises.

Because YOU'VE GOT NEIGHBORS, right here at home... with their skill and their money invested in establishments able to take most of your troubles on their own shoulders so quickly

that you scarcely notice they are difficulties at all.

But HOW MANY skilled craftsmen, and good business men, and good neighbors, and good workers in civic and church affairs, and good taxpayers... how many of these have cut down their stocks, laid off employees, or left the country... because all you were buying from them was the things you couldn't wait to get somewhere else... and how many will leave in the future to go where your money is going?

## Three Prominent Speakers Lined Up For Meeting Of Cotton Growers

LUBBOCK—Three nationally prominent speakers representing the American Cotton Textile Industry, U. S. Congress, and the U. S. Department of Agriculture will be here Friday, Sept. 2 for the fourth annual meeting of the Plains Cotton Growers, Inc.

Now in its fifth big year, the Plains Cotton Growers, Inc. will hold its annual meeting, at Fair

Park Coliseum in Lubbock, starting at 10:30 a.m. Prior to the meeting, at 9:30 a.m., PCG county directors will meet to elect officers for the 1960-61 year.

Those on this year's program include J. Craig Smith, President of Avondale Mills, Sylacauga, Ala., and president of the National Cotton Council of America; the Honorable Harlan Ha-

gen, Representative of the 14th California District, who is a member of the House Agriculture Committee; and Ralph H. Raper, Director, Cotton Division, Commodity Stabilization Service of the SDA, Washington, D. C.

W. O. Fortenberry, president of the PCG, announced that a free barbecue lunch will be served at noon and that free

door prizes will be awarded throughout the day. Also as a special feature this year, the PCG, in thanks for the cooperation and help of Plains ginners, are awarding a grand prize to some lucky ginner and wife of a free trip to the Texas State Ginners' Association annual meeting in Dallas next April. To be eligible the ginner must be present at the annual meeting and be a cooperating member collecting dues for the PCG.

"We want to cordially invite every cotton producer and the public in all 23 counties here on the Plains, to be with us at our annual meeting this year," Fortenberry said.

An exhibit of modern cotton testing instruments will be on display from the Textile Research Laboratory of Texas Tech College at the annual meeting. These will include a cotton colorimeter for instrumental grade classing, a fibrograph for length testing, a presley and strometer for strength and elongation, a micronaire for fiber maturity and others. Laboratory technicians will demonstrate the use of these instruments.

Fortenberry added: "This next year will probably see some major developments in our cotton program and these nationally-known speakers, each of whom is a recognized leader in his respective field, will provide us with much needed information that we can utilize in drafting the PCG position for

the coming season."

Smith, a native of I ham, Ala., has long been in the cotton textile industry as a director and past president of the American Cotton Textile Manufacturers Institute, chairman of the Alabama Cotton Plant contest and a past president of the Alabama Textile Manufacturers Assn., in addition having been a delegate to the National Cotton since 1943, a NCC board member since 1951 and a past man of the Sales Promotion Committee of the NCC.

Cong. Hagen is serving fourth term as representative of the 14th California District, comprising Kern, Kings, Tulare counties—all important producing areas—Southern Joaquin Valley California. An attorney by profession, Hagen is a recognized sportsman. A recognized sportsman in Congress on western matters, Hagen supports development projects, especially use of natural resources, public, broadened social benefits and a sound program of veterans benefits.

Raper, a native of Carolina, has been in government service since 1935 in the staff of the Cotton Stabilization Administration in Washington since 1944.

## E. T. Caldwell's Have Anniversary

Mr. and Mrs. E. T. Caldwell celebrated their Golden Wedding Anniversary Sunday, Aug. 28, in their home. The day was celebrated quietly with only the children and grandchildren in attendance, because of Mrs. Caldwell's ill health.

Mrs. Caldwell, the former Jimmie Opal Whitworth, was born in Winneboro, Texas.

Ephaim Todd Caldwell was born in Little Rock, Arkansas. He and his family moved to Alba, Texas in 1896, making the trip overland by covered wagon and crossing water by ferry-boat.

The couple were "school day sweethearts" and were united in marriage, August 28, 1910, at Alba, Texas by Rev. A. A. Kidd.

They were engaged in farming in Wood County, Seymour and Abernathy, moving to Slaton in 1939.

During World War II, both Mr. and Mrs. Caldwell were employed at South Plains Army Air Field in Lubbock. In 1951, Mr. Caldwell began work at Reese Air Force Base in Lubbock, where he retired in May of 1959.

They are both members of Westview Church.

The Caldwell's have four children, Mrs. Lynn Perdue, Mrs. Dave Robison, and Earl Caldwell, all of Slaton and Bruce Caldwell of Lubbock.

They have 10 grandchildren, all residing in Slaton, with the exception of Bill Caldwell of Corsicana, Mrs. Buddy Hackfield, and Bill Dickson, both of Lubbock.

The couple has 3 great grandchildren.

## Betty Gregory Is Shower Honoree

Miss Betty Jo Gregory, bride elect of Rodney Fulcher, was the honoree at a miscellaneous shower held in the home of Mrs. Eura McCain on Tuesday, August 23, from 7:30 until 9 p.m.

The guests were greeted by Mrs. McCain and presented to the receiving line, which was composed of Mrs. Truett Fulcher, mother of the prospective groom, Miss Gregory and Mrs. Myrtle Ray Gregory of Abilene, mother of the bride-elect. Mrs. Edward Caldwell directed the guests to the refreshment table where Mrs. C. E. Hogue poured from a table laid with a pink Itasca cloth centered with an arrangement of white mums with silver accents. White tapers and crystal appointments completed the table decor.

Guests were registered by Mrs. C. E. McCoy.

A mixer was presented to the honoree as a hostess gift. Hostesses were Mesdames Oma Faye Brown, Edward Caldwell, C. E. Hogue, C. E. McCoy, Eura McCain, W. V. Childers, C. E. Gravell, Leon Walston, George W. Privett, Terrell Allen, L. W. Lewis, Audean Nowell, E. A. Kerscheval, M. M. Metts, and M. J. Etter.

The wedding will take place at University Baptist Church, Abilene, Texas, September 10, 1960.

## G. I. Forum Has Program On Health

Dr. Norma Porres, M. D., was the main speaker on a program sponsored by the American G. I. Forum at Guadalupe Youth Center Tuesday night.

She spoke on good health hygiene in general. Nurse Fay Shaw spoke on immunization and Nurse Peterson spoke on sterilization and good habits. Both nurses are from Lubbock. Members reported a good attendance.

## Students Are Entertained By Mrs. Burnett

Mrs. James P. Burnett of Wilson entertained her summer piano and organ students and their mothers with a recital party in her home on Friday afternoon, August 26. Those students who attended and appeared on the program were:

Kathy Nolte—"Minuet" by Bach and "Circus Parade" by Hopkins  
Linda Grabber—"Spring Day" by Andre

Jane Stoker—"The Arab Horseman" by Cobb  
Claudia Stoker—"L'Avant" by Heller.

Jerlene Wied—Organ, "Ave Verum" by Mozart and "Fugue in D" by Handel.

Others who attended were Mrs. F. R. Nolte, Mrs. C. A. Wied, Mrs. Francis Grabber, Mrs. W. P. Stoker and Miss Kennette Sherman.

After the program refreshments were served by the hostess.

# BUYER'S GUIDE

Pictured above is one of the Slaton Co-op Gins. The gins have made some repairs and bought some new equipment so that they can serve the farmers right. Go by today and see the machinery. You will agree with everyone else it's the best.

## A Truly Home Owned And Home Operated Business

This summer the Slaton Co-op Gins have made repairs and added new machinery in both plants, so that they are now able to gin more cotton in a shorter period of time and do much

better job than ever before.

These are your gins if you use them and we invite you to come by and look them over and see for yourself a couple of the best gins in Texas.

Whether or not any gin does a good job, depends on the fellow called the Ginner. We here at the Co-op think we have, not just one, but four of the very best gins in the country.

Our employees work here 12 months out of the year and know every piece of machinery from top to bottom. Come by and let one of these fellows show you through the plants. We believe you will agree that both the ginner and machinery are the best.

We maintain two separate gin offices during each gin season. We buy cotton, write government contracts and put cotton in the Co-op pool.

Our office personnel have been trained in all phases of processing your cotton.

We would appreciate the opportunity to serve you.

FABRICS-

Do You Know  
 Why Women Sew?

FIVE REASONS WHY —

1. IT'S MORE ECONOMICAL  
 you can have a larger wardrobe - more clothes for less - two for the price of one.
2. IT'S A PERFECT FIT  
 what ever your size - or your individuality and fashion flair in your own styles and colorings - we have the smart easy to follow advance and butterick patterns to choose from.
3. IT'S CREATIVE AND SATISFYING  
 "Sew Your Own" and enjoy the thrill of creating something your own way.
4. IT'S ORIGINAL AND DISTINCTIVE  
 Express your own styles and colorings.
5. IT'S PLEASANT WORK  
 It's fun to sew - adventure with your own machine - in the pleasant surroundings of your own home where you're not rushed and can take your time.
