Hap Watson accepts a check from Beta Sigma Phi member Ruby Babcock which will be used to retire the debt on the new ambulance. Sorority President Sue Britten and ambulance service member Darlene Jones look on as John Howard, president of State National Bank reads the final paperwork for the payoff.

Beta Sigma Phi Opens And Closes Ambulance Account

Alpha Mu Xi sorority chapter voted last year to donate money to the Groom Ambulance Service for needed equipment to update the service. A check was presented on Feb. 19 to several members of the service which opened one of the largest fund raising events ever undertaken in Groom.

The goal, the purchase of a new ambulance at a purchase price just shy of \$40,000.

This week sorority members and ambulance service members gathered again to officially retire the loan used to complete the purchase of the new ambulance when it arrived before enough donations were secured to complete the payoff.

The sorority again donated the final \$500 which enabled the Ambulance Service to complete payment of the

balance. The sorority sponsored a dance recently to raise the funds.

Lacking just one day, to the year the fund was begun, the checks arrived and Bank President John Howard transferred the deed of the ambulance to the service accepting a check from Darlene Jones and Hap Watson and from sorority members Sue Britten, president and member Ruby Babcock.

The ambulance service at the same time the fund was

opened with the generous check from the sorority began taking donations in the form of memorials and living memorials, as well as donations from various businesses and individuals. All these donations from \$5.00 to several thousand dollars have helped to make Feb. 18 the all important day.

Just when the Ambulance Service thought all was well with a new ambulance, insurance rates were doubled

Comptroller Bullock Projects State Revenue Losses At \$1.3 Billion

State Comptroller Bob Bullock cut \$1.3 billion from what he says is available for the state to meet its present two-year budget.

Bullock said he revised the state's revenue outlook because of tumbling oil prices and federal budget cuts.

Reductions in tax revenue from oil, natural gas and sales taxes made up the majority of the cuts.

At the same time, Bullock also warned that the state's 1988-89 budget could be short as much as \$6 billion based on current revenue projections and current spending which has increased an average of 16 percent a biennium.

"The oil price slide is drastic and its effect is just as dramatic on the Texas budget," said Bullock.

Farm Bureau To Host Question & Answer Session On Farm Bill

The Carson County Farm Bureau is sponsoring an information seminar including a question and answer session on the 1986 Farm Bill. The seminar will be held Friday, Feb. 28 at the Carson County Ag Barn in Panhandle. The program will begin at 7:30 p.m.

Speakers will include Ed Blackwell, Carson County Conservation & Soil Service; Eddie Winegeart, Executive Director of the ASCS; and Sammy Cook, District Director of the ASCS.

Everyone with an interest in agriculture is invited to attend.

Bullock said he first warned state leaders of the potential of a revenue shortfall last March in a letter outlining the state's revenue estimate.

"We said then and I say today that price trends in the world oil market can change dramatically in a matter of days or hours," he said.

The heart of the state's revenue projections was based on average taxable oil prices in Texas of about \$25 a barrel for the 1986 budget year, \$24.15 a barrel for the 1987 budget year and \$21 a barrel for 1988.

Spot prices as low as \$16 barrel in recent days have sent the price of taxable Texas oil—the majority of which is sold under the posted or contract market—to an average near \$22 a barrel.

Bullock's new estimate puts the oil price forecasts at \$21.08 a barrel for 1986 and \$15.18 a barrel for 1987.

Bullock also pegged more than ten items ranging from

a court case against the state's new filing fees to budget cutbacks from the Gramm-Rudman bill as forces that could further effect the state's income in coming months.

"We know the potential effect of all these factors could be in the hundreds of millions and most of them fall on the negative side of the ledger," he said.

Cuts by Bullock in sales tax and franchise tax revenue reinforced the chilling effect that declining oil prices will have on the Texas economy.

He said personal income is expected to grow by only about 4.1 percent this year versus an estimated 6.9 percent in 1985.

Specific revenue cuts included oil production tax \$377.1 million; natural gas tax, \$338 million; sales tax, \$334 million; franchise tax, \$155.2 million; all other taxes \$36.2 million; federal funds, \$26.6 million; interest income, \$121.6 million and other revenue, \$102.7 million.

Area Food Bank Program

Still Under Study

By Local Volunteers

Charleen Weller has announced that evaluation of the community's needs to assist some residents with food purchases is continuing. Questionnaires have been distributed and the results are being tabulated. The survey questions asked persons to respond if they had need for more food than they could afford at this time. The survey also included portions designed to indicate those residents who would be able to assist others with contributions of food.

"Preliminary results do indicate a need within the community who have a need for assistance with the food bank reserves contributed by others."

Committee member Bea Stephens emphasizes that the Food Bank program is completely local. It will be coordinated, funded and dis-

pensed on a completely local basis. "All citizens of Groom should become involved in the program on an individual basis, advising of needs as they are known, and offering assistance when possible."

She emphasized that the program has no connection whatever with the Federal child nutrition program administered by the school. The school program is entirely confidential and any information given to the school in the children's meals programs is not available to any other program or for any other use.

A meeting is scheduled for 3:00 p.m. March 4 at the United Methodist Church for community members.

Anyone with interest in the local Food Bank program should attend the meeting or contact coordinators Jerry Moore, Bea Stephens or Charleen Weller.

Don Lyles LYLES SATELLITE (806)248-6691

HOME SATELLITE TV IS ALIVE AND WELL, SAYS A LOCAL DEALER.

Despite a flurry of negative publicity by cable TV interests, home satellite television continues to boom, according to Don Lyles, owner of Lyles Satellite.

"There's absolutely no truth to the allegations that home satellite TV is 'piracy,' or that scrambling will put an end to the variety of programs dish owners can receive, asserts Don.

In fact, home satellite TV reception is perfectly legal. In October 1984, President Reagan signed the Satellite Television Viewing Rights Act, which started that anyone may receive unscrambled satellite-transmitted programming without obligation to the programmer.

Scrambling hardly means that satellite TV owners will lose access to free programming. On the contrary, the vast majority of programmers have no intention of scrambling their signals. The handful who do, like Home Box Office (HBO), will become premium options for dish owners to choose from.

Indeed, Don points out that only home satellite TV gives a person complete control of his viewing options. "With cable TV, it's your local cable company that chooses what service you will be offered," he says.

Don is not alone in his optimism. According to David Wolford, publisher of Satellite ORBIT magazine, the industry's leading program guide, "many people who already have cable would prefer the variety you get with home satellite TV. And then there's the 31 million rural Americans who live outside cable-wired areas. For them, home satellite TV is essentially their only option."

Currently, home satellite TV viewers can receive more than 100 unscrambled domestic channels, plus several dozen additional audio services. As the number of satellites increases in the future (six new satellite are expected to begin operating this year), so will the number of programs. Thus dish owners will likely be able to enjoy an even greater selection of programming in the years ahead.

For more information about home satellite TV, how it works, and the programming it offers, see Don Lyles for a free copy of *Tuning In Home Satellite TV* (written by the editors of *Satellite ORBIT* magazine).

Lyles Satellite is located at 705 Ware St. in Groom, Texas. Hours are 9-6 Monday thru Friday and 9-12 Saturday.

in their field adding another burden for the small volunteer service. The Service is asking for their continued support of their organization through memorials. This year insurance for the ambulance alone was \$3,000 that does not include any coverage for attendants. Rates are expected to continue to climb.

A book containing the listing of donations and memorials has been compiled in this first year and will be placed at the Groom Branch Library as reference. All further memorials and donations will be recorded and on file at the Library.

Mrs. Darlene Jones who has kept records for the service on donations and memorials says that members of the service not only insure the ambulance is available and manned when needed but spent many hours working to raise funds for the purchase of the ambulance. They cannot say thank you long enough or big enough to each of those who helped in anyway to raise funds for the ambulance. They want each of you to know how proud of you they are in your love and dedication that made the fund raiser a success.

**Ag Service Hosts
Task Force With
Members From McLean**

The Texas Agriculture Extension Service sponsored a meeting of a Community Development Task Force on Thursday, Feb. 13.

Among the concerns discussed were: how to eradicate bindweeds, litter, junk autos and abandoned property; how to involve young people who will be leaders in the future; how to develop interest in the well-being of the entire county; how to develop leaders with greater abilities; how to work with the school to achieve more student involvement; and how to improve public relations by learning to work with others.

To address these problems, the task force divided into five sub-groups on Community Leadership, Economic Development, Community Organizations, Environmental Concerns, and Special Community Services.

The responsibility of each sub-group will be to identify a key issue on each subject area; provide information, statistics and other data on why it is a key issue; and suggest an educational goal for Gray County to address the issue in the next five years.

Two McLean residents, Sam Haynes and Pete Bateman, are participating in the task force. Mr. Haynes will serve on the Special Community Services group. Mr. Bateman will serve on the Community Leadership sub-committee.

The next meeting of the Task Force will be on March 13 at 7:00 p.m. in the Gray County Annex in Pampa.

Janet Smith-Charles Christiansen Exchange Vows

Janet J. Smith and Charles C. Christiansen exchanged marriage vows in a double ring ceremony Feb. 14 at Foss Memorial Chaper near Denver. The bride's brother, Alonzo C. Wood of Lexington, Tex. officiated the ceremony.

The bride is the daughter of Adelle (Chick) Wood of Burnet and the late Dr. A.C. Wood who practiced in McLean for a number of years, and Wilbur H. Smith of Nashua, New Hampshire. The groom is the son of the late Mr. and Mrs. Fred Christiansen of California.

The quaint rock chapel nestled in the mountains was complimented with floral

arrangements of red and white carnations and red roses on either side of the altar. Candles highlighted the background.

The bride, who was given in marriage by her father, wore an ivory gown with a fitted bodice edged with lace around the waist-line. The rounded neckline was accentuated by a wide lace collar adorned with pearls. The long puffed sleeves and chapel train were bordered with a lace applique. The bride carried a cascading bouquet of white orchids, red roses, and greenery. She wore a short veil dotted with pearls over her face which was attached to a tiara graced

with tiny flowers and pearls.

Wedding music was provided by the bride's sister-in-law, Beverly Wood, who sang "Truly" and "The Lord's Prayer."

The matron of honor was Teresa Smith of Ruidoso, New Mexico, sister-in-law of the bride. She wore a white dress trimmed in red and topped with a black and white jacket. She carried a bouquet of red roses and trailing greenery. Stacy Hess, flower girl, wore a red velvet dress complimented with ivory lace and she carried a basket of red and white carnations and red roses.

The ringbearer, Timothy Hess, carried the rings on a heart-shaped pillow fashioned with red velvet and ivory lace.

The best man was Wes Christiansen, son of the groom. Ushers were Greg and Sabin Smith of Ruidoso, brother and nephew of the bride.

Following the ceremony the wedding party and guests attended a reception and buffet at the home of the bride. Decorations of red and white carried out the valentine theme. Karma Smith, niece of the bride, presided at the bride's book. Karma, Linda Swindler, and Molly McKenna served the wedding cakes and punch.

Denver guests were Mr. and Mrs. David Bowling, Margy and Molly McKenna, Liz Fournier, Donna McLaughlin and Susan Downing.

Out of town guests were Wilbur Smith of Nashua; Linda Swindler of Fort Collins, Colo.; Mr. and Mrs. Bob Swindler of Colorado Springs; Mr. and Mrs. Greg Smith, Karma and Sabin from Ruidoso; Mr. and Mrs. Alonzo Wood of Lexington; and Mrs. A.C. Wood of Burnet.

The bride graduated from McLean High School and attended Baylor University and WTSU.

The groom graduated from Diablo College in California. He is a cable consultant for J and C Enterprises in Denver.

After honeymooning in Brackenridge, the couple will reside in Englewood, Colo.

Ruby Collier-George Danner

Exchange Vows In El Paso

Ruby Melissa Collier and George Ray Danner were united in marriage on Sat. Feb. 8, 1986, at St. Paul's United Methodist Church in El Paso. Reverend Roland McGregor officiated at the double ring ceremony.

Parents of the couple are Glenn Collier of Artesia, New Mex. and Alvin and Cathy Danner of McLean.

Standing up for their siblings were Teresa Collier Crosby of Jal, New Mex., matron of honor, and Gary Danner of Clovis, New Mex. who served as best man. Rozanne Danner, sister-in-law of the groom, was the bridesmaid. Rick Kennedy of Miami, Tex. was the groomsmen.

Guests were escorted to their seats by Henry Meggs of Dallas and Charlie Bobb of El Paso.

Soloist for the wedding was Steve Collier of Dallas, cousin of the bride. Musical selections included "People Will Say We're in Love", "Greensleeves" and "Be Thou My Vision." Guests were registered by Maureen Collier, cousin of the bride and bird seed bags were distributed by Britney Danner, niece of the groom.

Escorted to the altar by her father, the bride wore an angelskin satin gown adorned with lace insets in front and back. Seed pearls outlined the mandarin collar's

edge, the ends of the long sleeves and the princess waistline. Alencon lace encircled the bottom of the semi-cathedral train and the waltz-length veil. The Juliette cap of the veil was made of satin and pearls and fell to fingertip and waltz lengths.

The bridal attendants wore tea length dresses of scarlet taffeta with princess waistlines. The gowns were worn off-the-shoulder and opera length white gloves completed the ensembles.

The groom wore a gray tailcoat tuxedo with a gray satin tie and cummerbund. The groomsmen and ushers wore gray tuxedos with red satin ties and cummerbunds.

A reception followed the ceremony at the El Paso Marriott Hotel's Grand Ballroom. A March honeymoon is planned with a trip to Taos Ski Valley.

Special guests included Mrs. Lilly Holub of Dodson Prairie, Tex., grandmother of the groom; Mrs. Freddie Watson of Jal, New Mex. and Ms. Ellen Madera of Carlsbad, New Mexico.

The new Mrs. Danner is a graduate of Kansas State University and is a marketing representative of MedPlus, Inc. of El Paso. Mr. Danner is a graduate of McLean High School and West Texas State University. He is a gas controller with El Paso Natural Gas Co.

**Services Held For
Vera Butler Of Claude**

Funeral services for Vera Beall Butler, of Claude, were held Wednesday, Feb. 4, at 2 p.m. at the Claude First United Methodist Church. The Reverend Dew Travis, pastor, officiated.

Burial was in Hillcrest Cemetery in McLean by Lamb Funeral Home.

Mrs. Butler, who was born Dec. 3, 1908, died on Feb. 2.

Survivors include one son, Robert Wilson Beall of Park City, Utah; four grandchildren, Robin Martinez of New York City; Don Beall and Scott Beall, both of Park City, Utah; and Shannon Beall of Ketchum, Idaho; two great-grandchildren, Erick and Blanca Martinez of New York City; and two great-grandchildren, Rachel and Ali Salomon of Park City, Utah.

**Snow White Theme
Chosen For Pageant**

McLean Chapter of Beta Sigma Phi held its first meeting of February in the home of Cherine Beaver. Others in attendance were Linda Syfrett, Nancy Billingsley, Mary Lou Glass, Kathy Reynolds, Lyndia Meaker and Jan Layfield.

It was decided that the theme for the children's pageant would be Snow White. The date of the pageant will be set later and all proceeds will be for the scholarship to a senior student in McLean. The sorority will also be hosting the annual Easter egg hunt.

**Persons Working For Two
Employers Could Pay Extra**

A person who works for more than one employer during the course of a year may pay more than the required amount in Social Security taxes.

A person may pay excess taxes if his or her total earnings for the year exceed the maximum amount on which Social Security taxes must be paid. If this occurs, the worker may claim a refund of the excess amount paid when he or she files an income tax return for the year. Earnings over the maximum for a given year cannot be considered in computing

the benefit rate. The situation is different if an overpayment of taxes is due to excess deductions made by an employer. In such cases, the worker should apply directly to the employer for a refund.

Any questions about refunds should be addressed to the Internal Revenue Service rather than to Social Security.

Questions about Social Security can be answered at the Social Security Office in Pampa. The telephone number is 669-1018.

THE RED-HANDED RIP-OFF OF WHITE OIL

1 What's Wrong is Wrong

Texas law said it was illegal. The Texas Railroad Commission reaffirmed that it was illegal. But certain operators in the Panhandle Field went ahead and drilled anyway. They took natural gas and chilled it in refrigeration units to create a colorless liquid they called "white oil." They did this in order to claim they were operating oil wells. In fact, they were running illicit gas wells that produced insignificant amounts of liquid and enormous quantities of natural gas. It was natural gas these operators had no legal right to produce because others held the lease rights. And it was natural gas produced in total disregard of Texas conservation laws. These laws allow one gas well on a section of land, but up to 64 oil wells. By claiming their wells were "oil" wells, white oil operators were hoping to pirate gas that didn't belong to them — and evade gas conservation laws designed to protect and prolong the life of the Panhandle Field.

2 Little White^{Oil} Lies

"Nobody told us!" cried the white oilers when they found they couldn't use their refrigeration scheme in order to get their phony wells classified as oil wells. "We were misled," they claimed. Not true. The Texas Railroad Commission made clear what was legal as early as the 1930s. And again in 1977 and 1980. Despite all this notification and communication, white oilers drilled on — completing and operating hundreds of illegal wells until the Commission finally shut them down. Again the facts didn't support the falsehood when the white oilers pleaded, "The economy needs us!" The Study Group of the Texas House of Representatives last year dispelled that myth in a research report which refuted the economic claims made by the white oilers.

"We were misled"

"The economy needs us"

3 Change the Law to Fit the Few?

Today, white oil activity is illegal. But some people want the law changed. Their aim is a quick profit ... through the reckless exploitation of the Panhandle's key natural resource. Current law is designed to ensure steady development and maximum production of the Panhandle Field. This stable development supports tens of thousands of jobs in an eight-county region — Hartley, Moore, Hutchinson, Potter, Carson, Gray, Wheeler and Collingsworth. With continued prudent management, the Panhandle Field will remain a mainstay of the Panhandle economy well into the 21st century. If white oil activity is allowed to resume, the field could be rapidly and recklessly drained.

Are you ready to entrust your livelihood to a scheme that is clearly illegal? Are you ready to let a greedy few set the course of the Panhandle's future?

If not, speak out. Let your elected officials — and candidates for public office — know how you feel...

Wednesday, members of the Pentecostal Church were here for a Bible study and returned Thursday for a sing-a-long.

Our faithful lady, Martha Parker, was here Friday to show her great movies.

Our birthday party for the month was celebrated on Saturday. Many thanks to the following: Creed and Wanda Lamb for furnishing corsages; Steven Myers for the entertainment; Joy Cooper, Catherine Weaver, Isabelle Cousins and Louise Turner for the cakes; and the ladies who served including Buna Gudgel, Mary Dwyer, Isabelle Cousins, Fern Boyd, Ruby Tibbetts and Willie Nicholas.

We would like to take this opportunity to thank the Ladies' VFW Auxiliary for furnishing refreshments and serving at our valentine's party. Ladies serving were Mary Dwyer, Mary Groves, Wanda Bailey, Pat Quill, Adelle Walker, Effie Lou Everett, Louise Turner and Isabelle Cousins. Also, a special thank you to the VFW for furnishing us with a new American flag.

Thomas Nursing Center Ladies' Auxiliary will meet this Friday, Feb. 28, at 3:00 p.m.

Voters Should Report Changes Of Residence

Gray County voters who have changed their names, residence address or mailing address should contact county voter registrar Margie Gray as soon as possible. Voters who have not received their new voter registration cards (canary yellow color) should also contact the office as they will not be allowed to vote without such registration.

New voter registration certificates were mailed to all registered voters in January, and the post office cannot forward them. Many are being returned to the voter registrar daily.

Residents must notify the voter registrar of changes by mail or in person so that

corrections may be made.

March 6 is the last day to register or change address to be eligible to vote in the City and School Elections to be held on April 5. April 3 is the deadline for registering or changing address for the May 3rd Primary Elections.

The Secretary of State has announced a new telephone service with election information for the hearing impaired. If a hearing impaired voter has a Telecommunication Device for the Deaf, or TDD, that hooks up to a telephone with a paper printer, keyboard or screen he can receive election information. Phone numbers to call are 1-800-252-VOTE or 512-463-5650.

Texas Agriculture Leaders Set Sorghum Marketing As Top Priority

Leaders of all state and national sorghum producer organizations met in Dallas Feb. 17-18 to plan and activate an aggressive sales program for their product. The conference theme was "Advancing Sorghum To Its Full Potential". It was called by the National Grain Sorghum Producers Association and included leaders of state GSPA or organizations. Also included, were the officers and directors of the three state sorghum checkoff boards: Kansas Grain Sorghum Commission; Nebraska Grain Sorghum Development, Utilization and

Marketing Board and Texas Grain Sorghum Producers Board.

The meeting began with an analysis of the current and projected supply and demand. Estimates indicate that the U.S. will end the 1986-87 marketing year with a surplus of more than 550 million bushels of sorghum on hand. That is an excess of 64 percent of the current annual use—domestic and export. Historically, when surplus stocks of feed grains exceed 16 percent of annual use, the market price falls to, or below, the level of the government loan.

Confronted with (1) the inadequacy of the farm program to control mounting surplus, (2) the dwindling export market and (3) growing competition, the sorghum leaders determined to take a more direct and aggressive approach to grain sorghum marketing. The National GSPA elected to establish and charter the Sorghum Promotion Federation to develop and carry out domestic and export promotion of U.S. sorghum. The Sorghum Promotion Federation membership will be open to state associations and checkoff agencies of sorghum producers and agribusinesses who are interested in sorghum promotion.

"This is the most important grain sorghum meeting held since the establishment of National GSPA," said its executive director, Elbert Harp. "In this meeting, producers have decided to confront their marketing problems head-on. They began immediately to organize, study and develop plans for entering new markets and new approaches to old markets. These producers are the most efficient and progressive farmers in the world and they are applying that same efficiency and determination to marketing their product." The Sorghum Promotion Federation will work with other agencies, public and private, whose goals are to build and maintain markets for U.S. sorghum. In addition, the Federation will aggressively pursue domestic and export markets which are not being fully developed.

The Boys JV Team tied for first place in district with Phillips this season. The JV team coached by Terry Coffee ended the season standing 7-1 in district play. Members of the team are from left to right, Matt Weinheimer, Gordon Titsworth, Brice Ruthardt, Jason Eschle, Nick Weinheimer, Travis Homer, Jason McCoy, Stoney Crump and James Miller.

Tips Given For Efficient Weight Gain For Feeder Cattle

Weight gains are generally the greatest during the last part of the wheat pasture grazing period due to regrowth of the pasture and favorable weather conditions. Producers should maximize that weight gain through cost-effective management techniques. Cattle that were implanted when they were placed on pasture last fall should be re-implanted since most implants last for only 60-90 days.

Cattle that are re-implanted will generally gain 8-15 percent more than those that are not re-implanted which is especially significant on grazeout wheat. Re-implanting might mean some extra time, labor and expense, but the extra weight gain should more than offset the costs of getting it done.

Bloat Control On Wheat Pasture

Bloat is always a problem on lush wheat pasture in the

spring when it begins its regrowth. Commercial products such as Bloat Guard are very effective if fed at the rate of 1-2 grams per 100 lb. of body weight per day. The most effective method of getting the product into the cattle on a consistent basis has been to feed it in 1-2 lbs. of grain per head per day.

Other products such as Rumensin R and Bovatech R have been shown to reduce the incidence of bloat even though they are not labeled for bloat control. They also help boost gain and improve efficiency of utilization of the pasture. They must be fed on a daily basis and the most effective way has been to feed the prescribed amount in 2-3 lbs. of grain mix each day. Both of these products are toxic to horses.

Feeding hay helps reduce bloat, primarily by displacing part of the wheat pasture that is consumed and some research shows that while this practice reduces the incidence of bloat, performance is also reduced due to less pasture consumption.

Methodist Women

United Methodist Women met Tuesday, Feb. 18 in the church parlor.

Mrs. Glynn D Harrell was program leader. The topic was "An Invitation." Mrs. John Eschle was hostess for the social time to conclude the meeting.

Others present were Mrs. Jerry Lee Moore, Mrs. N.B. Helton, Mrs. A.J. Babcock, Mrs. E.W. Lamberson, Mrs. E.C. Goodlett, Mrs. O.P. Blackwell, Mrs. Essie Cooper Knowles, Mr. and Mrs. Curtis Schaffer, Mrs. Julia McGee and Mrs. Roy Ritter.

Texas Declares Independence, March 2

By Mrs. Glynn D Harrell

From the time the Mexican government began to lay down rigid restrictions on the people who, led by Stephen F. Austin, had settled in a part of a state in the Republic of Mexico, the thought of independence became uppermost in their minds.

As much as five million dollars had been offered Mexico for the territory called Texas but had been declined. Mexico had, at first, welcomed settlers, even offering them free land. However, as the number amounted to some 20,000, the Mexican authorities became alarmed. When the defiance of Mexican rulers escalated into a full scale rebellion, the Mexican president, Santa Anna, marched troops against the rebels taking refuge in a mission called the Alamo. For ten days, the 187 men under the leadership of William B. Travis held off Santa Anna's Army.

On March 6 the Mexicans overpowered them, killed all the fighters and burned their bodies.

Meanwhile, on March 2, 1836, the rebellious Texans had formally declared their independence and became the Republic of Texas.

Thanks For A Great Celebration

We at Biven's Automotive want to express our gratitude to every person who came by Saturday, Feb. 15, to see our new look and share our joy. Special thanks go to our family members who came long distances to help and share in the celebration. To those of you who were so thoughtful to bring and/or send plants to make our new look ever prettier, we would like to give you a hug and a big thanks.

Then to the Napa people and to our own people and those who helped with moving, remodeling, painting, cleaning, etc., there are not words adequate to say thank you. It would all have been impossible without you. . . Thanks with all our hearts.

There were approximately 130 of you who helped make our party a success. From that number the following won prizes:

Bill Pavlovsky, knife; Wallace Bichsel, vest; Ellie Peebles, jacket; Hayden Bronson, air rifle, Hayden Bronson; camera, Ross Nix; Black and White TV, Bill Ellington; sweater, Joe Davis; play set of cars, Cody Bivens; sweater, Clint Babcock; fishing machine, Mrs. John Krizan; vest, Melvin Wills; AC spark plug phone, Alice Kuehler; Gloves, Jake Lacy, Harry Veal, Elaine Chamblis, Truman Goodlett, Don Whitstine.

Also, play set of cars, Jimmy Britten; Champion bag, Vivian Lacy; playing cards, Brian Pavlovsky; NAPA Bag, Natalia Barkley. Congratulations to each of you. We invite everyone to come back to see us and who haven't been to see our new look.

Ag Service Plans Seminar Feb. 8

With time fast approaching when producers must make critical decisions concerning their farming operations the Texas Agricultural Extension Service is sponsoring a day long program on Friday, Feb. 28 concerning the recently passed farm bill and the new Conservation Reserve Program.

The meeting will be held at the Texas A&M Research and Extension Center, 6500 Amarillo Boulevard West, Amarillo. Registration will begin at 8:30 a.m. with the program getting underway at 9:00 a.m.

The morning program will deal with the Nuts and Bolts Aspect of the 1986 Farm Program" presented by Robert Boyle and Kelly Adkins, Potter and Randall County ASCS executive directors, respectively.

Other programs will include topics of "Evaluating Program Participation Decisions"; "Marketing Options and Economics of Non-Program Crops"; "1986 Farm Bill and the effects of the Gramm-Rudman Amendment"; "1986 Farm Bill Concerning Agriculture Commodities".

The afternoon session begins at 1:00 p.m.

Card Of Thanks

Tile Workshop Set For Feb. 28

The registration for the Tile Workshop sponsored by the Extension Service is Friday, Feb. 28. The workshop will feature sessions on tile uses, selection, repair and application to vertical and horizontal surfaces. Participants will practice using mastic applying tile and grouting by constructing a tile trivet. Presenting the program will be Linda Thibodeaux, Extension Home Furnishings Specialist from Dallas, Texas.

The fee for the workshop is \$5.00 and it is due Feb. 28. To register, send your name, address, phone number and registration fee to: The Carson County Extension Service, Box 639, Panhandle, Texas 79068.

The Tile Workshop will be held March 4 (Tuesday) at 7:00 p.m. in the War Memorial Building in Panhandle.

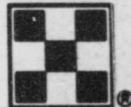

Biven's Automotive Remodels Building

Biven's Automotive opened with a new look on Saturday, Feb. 15. The firm established at the present location in 1964 is owned and operated by Jack and Billie Bivens. Some 130 persons were on hand grand opening day. Mark Bivens checks over his stock of auto accessories from the new expanded shopping area in the parts house. Also employed at the firm is Keith Barkley, mechanic.

Card Of Thanks

We wish to express our sincere thanks to all our many wonderful friends who thought of us in our time of sorrow during the loss of "Tooter". Thank you for each prayer, the food, cards, flowers and memorials. May God bless each of you.
