## General Election Scheduled Tuesday

**WATER ENGINEER VISITS MULESHOE** . . . As Frank Rayner, left, explains some of his theory to Tommy Black, Kenneth Henry, Norman Head and J.K. Adams. Rayner, who is manager of the

High Plains Underground Water District from Lubbock, was in Muleshoe to show a slide presentation and play a tape in an attempt to allay controversy over the presentation.

## Slide Presentation Given

Approximately 100 people packed the council chamber at the Muleshoe City Hall Wednesday night to view a controversial slide presentation compiled by Frank Rayner, manager of the High Plains Underground Water District, of Lubbock.

Rayner's presentation became controversial following a report to Muleshoe citizens after it was learned the presentation was given in Amarillo.

Following presentation of the same slide program and playing of a tape made during the meeting in Amarillo, Rayner brought out on both the slide presentation and in the tape that he was concerned with the possible contamination or pollution of water from herbicides, pesticides and fertilizer placed on crops, especially alfalfa crops now being grown on the sandhills, which formerly were not cultivated.

Although he did not at any time state firmly that the water going to the cities of Muleshoe, Littlefield and Lubbock was being contaminated by the chemicals, he did imply that fact and said he "assumed" such was taking place through 60 to 80 percent recirculation of the water.

However, he did agree not to show the presentation anymore and said he had decided it was a mistake to have shown it even though for the first time. This followed

**Snow Surprises Area Residents With 6 Inches**

Snow, which began falling throughout the area Wednesday morning, came to a halt shortly after noon Friday, and late Friday afternoon, the sun broke through for the first time in three days.

Temperatures ranged around 32-36 during the three days, and although the accumulation was around five inches at one point, it is estimated that six to eight inches of snow fell during the three days. Late Friday, the temperature had warmed up to 49 degrees and Muleshoe School Superintendent Neal Dillman, Special Services Official Tom Jinks and members of the coaching staff were on the football field with brooms attempting to clean the field of snow enough for the homecoming game. They estimated an accumulation of four inches swept off the field.

This was estimated to be the largest snow to fall early in the winter in this area since 1911.

intensive questioning by a number of the citizens present who asked why samples had not been taken to either verify or discard the "assumptions".

The engineer, who is the manager of High Plains Underground Water District from Lubbock also clarified another question. He was asked directly who requested him to make the program and the presentations. He said no one did, that it was all his own idea. He told the group that he made the slide presentation to present to the Texas Water Development Board in an effort to seek funds for additional testing and sampling of water.

Rayner did not answer directly when asked why the Texas Water Quality Board, who have said they have the funds and trained, qualified personnel to conduct such tests, had not been asked to check the water. He said that he wanted to keep the results and works "close to home" and cited the stringent rules of the Environmental Protection Agency (EPA) who he said need little to no excuse to condemn a public or city water supply.

According to the engineer, his sole purpose for the program is an attempt to protect the water supplies and the irrigation farmers from needless expense by EPA, and said that under federal ruling 935.23, the EPA is given broad powers to ban all irrigation in areas they suspect of polluting the water supply.

One citizen asked several questions and stated, "You should

have a little more in the way of facts" and asked for checking of water samples before assuming the water is being polluted.

According to a recent report in the office of the city manager, Dave Marr, there is no problem with the water in Muleshoe at this time. The report was submitted to the engineer during the meeting.

He said he was concerned with the irrigation which is creeping along the city water rights along the sandhills and the heavy amounts of water put on the fields, along with chemicals. Rayner did also say he is planning a public meeting in the near future to discuss a proposed change in ruling on the spacing of water wells. He added that the proposal will prove to be highly controversial and has requested input from agriculturists and from city officials pending finalizing the proposal.

## County Commissioner Sole Contest Locally

Only one contested race will be on the ballot to face voters in this county Tuesday for the general election. That one contested race on a local basis will pit incumbent County Commissioner R.P. Bob Sanders against Domingo Ramos. Sanders is on the Democratic ticket and Ramos of a Raza Unida Party candidate for the position of county commissioner.

Bob Sanders is a longtime resident of Bailey County. His wife, Kathleen, is a teacher in the Muleshoe Independent School System. He is seeking his second term as county Commissioner for Precinct Three.

Unavailable for information to The Journal is Ramos, opponent of Sanders for the position of County Commissioner, Precinct Three.

Polls will be open in Bailey County from 7 a.m. to 7 p.m. in eight locations. Check the upper right corner of your vote registration to check your own polling place.

A mid-afternoon check Friday in the Bailey County Clerk's office showed 176 absentee votes cast, and a forecast of a large election turnout November

United States Representative are incumbent George Mahon, Democrat and Jim Reese, his Republican opponent.

The only other contested race on the ballot is for Railroad Commissioner for the State of Texas. Included are Democratic

candidate, Jon Newton; Walter Wendlandt, Republican and Fred Rodriguez, Raza Unida Party and Pat O'Reilly, Socialist Workers Party.

Other candidates, unopposed, include Jack Pope, Associate Justice, Supreme Court, Place One; Don Yarbrough, Associate Justice, Supreme Court, Place Two; James G. Denton, Associate Justice, Supreme Court; Place Three, and John F. Onion Jr., Presiding Judge, Court of Criminal Appeals.

Also, Truman Roberts, Judge, Court of Criminal Appeals; W. T. Phillips, Judge, Court of Criminal Appeals, unexpired term; Max Sherman, State Senator; Bill Clayton, State Representative and Charles L. Reynolds, Associate Justice, Court of Civil Appeals.

Also on the ballot are two proposed constitutional amendments. Both concern water.

Amendment No. One reads, "The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d, and 49-1 of Article III of the Texas Constitution; and

## Frona Chieftains Tame Mules, 13-0

Shivering, and with teeth chattering in damp, cold 36 degree weather, four Muleshoe High School students and their escorts took to the football field at halftime to hear who was named homecoming queen for 1976.

Patti Poynor, who was escorted by Robby Young, was named queen for this year. She was crowned by her escort and presented roses and a gift. Other candidates were, Donita Dale, escorted by Tony Vela, Beverly Gigerstaff, escorted by Danny Gonzales and Dani Dunham, escorted by Randy Whalin.

Adding to the chill and woes on the partially snow covered field were the injury plagued Mules, who lost to highly rated Frona, 13-0.

During the first half, the Mules maintained the ball and held the Chieftains scoreless. The Chieftains, who came into the game with a 2-0 district record, played see-saw with the Mules and at halftime, the score was 0-0.

Muleshoe almost ran out of quarterbacks. Starting quarterback Randy Whalin has been an off-again, on-again player with a recurring knee injury and saw no action in the first half. However, after the first series of plays going into the third, Whalin took to the field in an attempt to put the ball in the air and add to yardage lacking by the Mules.

He was sacked after failing to connect on a couple of passes and apparently re-injured his already tender knee. Martin Nowlin, who is also a quarterback for the Mules, again took to the field and after only two plays, fell on a fumble caused by a 'busted play' and was taken out with an injury. Whalin managed to complete the game, however, it was apparent that his injured knee kept him conscious of the soreness enough to not be up to his usual playing status.

Four fumbles by the Mules on the slippery field can be compared to four by the Chieftains. Also, the Mules were intercepted twice on pass attempts as were the Chieftains.

One Frona touchdown was made with just over five minutes left on the scoreboard clock in the third quarter. Frona quarterback Keith Martin went a round the right end and waltzed into the end zone standing up. A kick by Edward Castillo made it a 7-0 game.

After a seven-play drive, Martin again went over, just making it into the end zone shortly after the fourth quarter began. The point after attempt failed as Castillo received a bad toss on the ball.

Possibly saving touchdowns by Frona was Dean Northcutt, who scored two touchdowns for

## Sleep Later, Time Change This Sunday

Everyone an hour early for church today -- hold up your hand!

If you didn't turn your clock back when you went to bed last night, Saturday, you got up exactly one hour too early, so lean back, have an extra cup of coffee and relax for awhile.

At 2:00 a.m. today, the nation officially went off Daylight Saving Time and back to the regular time scheduled. For this area, by turning back the clocks an hour, we went back to Central Standard Time where clocks will remain for the next six months.

Basically, this will mean getting accustomed to going to bed an hour later and getting up an hour later.

## Young Homemakers Start New Project

Muleshoe's Young Homemakers, known to take a big chunk out when they start a project are beginning a new project and have made plans and plans and plans.

Right on the heels of their successful project to get Muleshoe's fire hydrants painted and decorated, much to the delight of not only home people, but to travelers and visitors, are undertaking a major new project.

They are starting out to acquire funds for \$1,500 for new playground equipment at the new city park.

A spokesman said, "At the present time, the park is equipped with nothing but slides and climbing apparatus. The Young Homemakers would like to buy two swing sets, one for babies and one for older children plus a merry-go-round. In order to purchase this equipment, it will be necessary to come up with approximately \$1,500."

One way is the contribution of bonus gift coupons. Boxes have been placed in each of the grocery stores in Muleshoe for contributions. Coupons will be redeemed for cash at the end of the campaign.

Two different tickets are on sale for lucky winners to receive merchandise. One is \$1 each for tickets for a Singer Sewing Machine with stretch stitch and built-in buttonholemaker. The machine, which was contributed by Bass Appliance, is on display in the store. It will be presented on December 18.

Second item is a rifle or shotgun, contributed by Poynor's White Store. The winner will get his choice of a Winchester 243 bolt action rifle or Winchester 1400 12 ga. shotgun. Tickets are also \$1 and it will be presented on November 20.

Muleshoe Kiwanis has agreed to assist and will help selling carpet sweepers and smoke detectors. The carpet sweepers are \$20.95 each with \$7 from each one sold going to the Young Homemakers. The smoke detectors are \$60 each with \$15 of that amount going to the group for the park fund.

"We would like to give a special thank you to the Kiwanis Club for offering to help with the park drive," continued the spokesman. "And we would also like to thank Harvey Bass and the Poynor Brothers for

## Rural DDD To Start In November

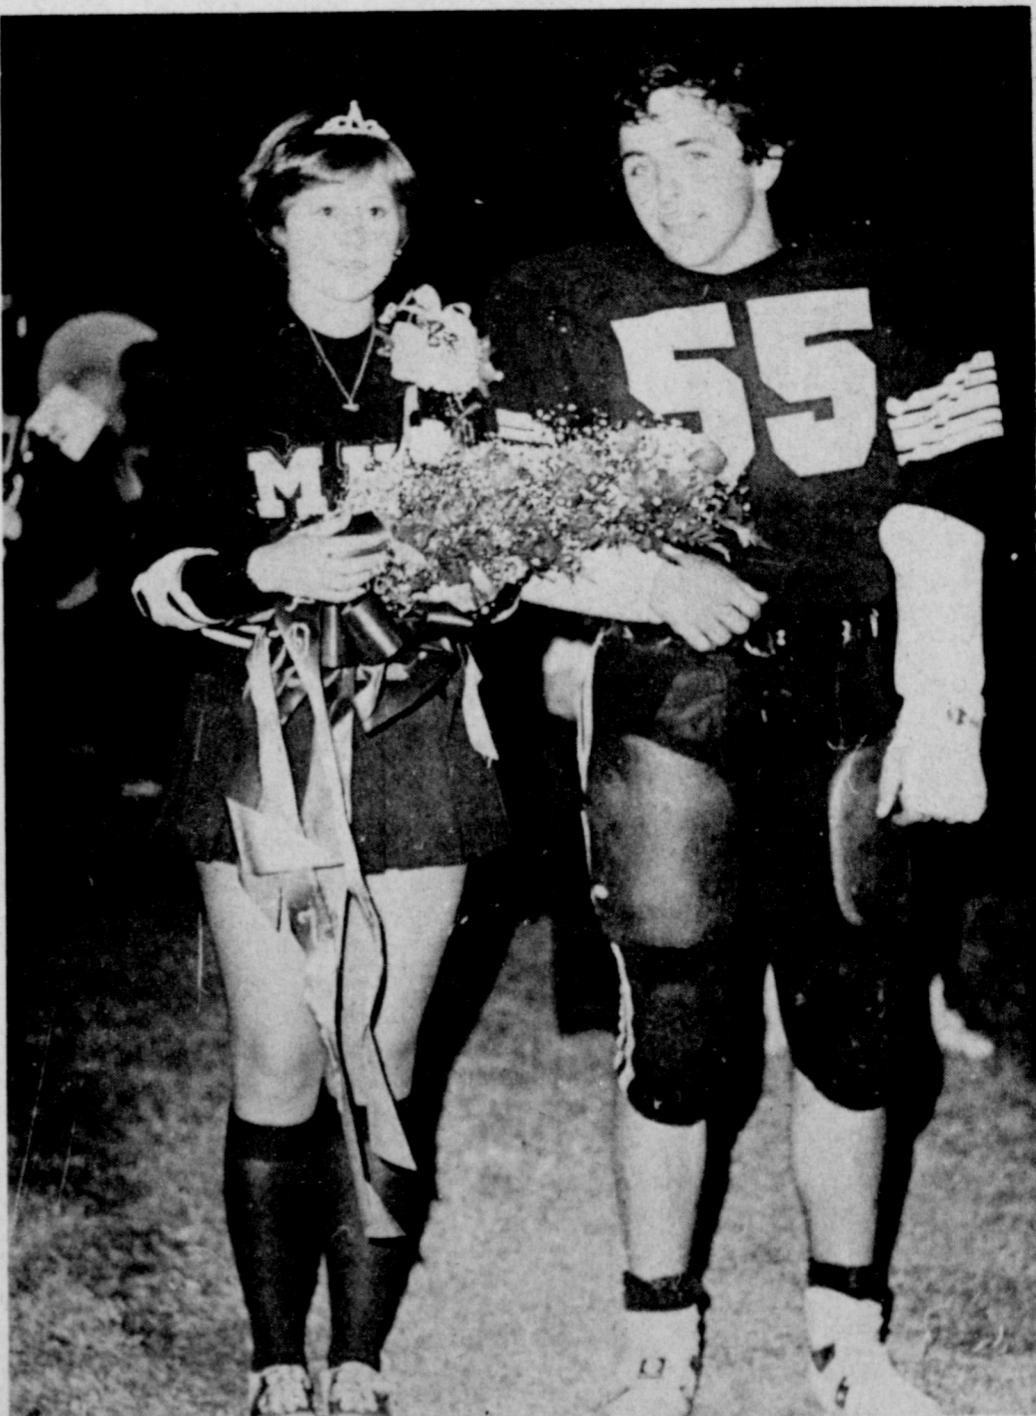

Five Area Telephone Cooperative announced that the Direct Distance Dialing Service for Lazbuddie, Needmore and Bula will be available in November. Lariat Exchange joined the Muleshoe group in DDD on Wednesday, October 27.

Lariat users are now able to dial station-to-station long distance calls without the use of the telephone number. To dial long distance in our own 806 area, dial a one, plus the entire seven digit telephone number. Outside the area code 806, dial the one, plus the area code for the area you are calling, then the entire seven digit number.

In the event you receive a wrong number on DDD, immediately dial the operator on "0" so you will not be charged for the wrong number called.

**NOT A COWGIRL, BUT A SNOWGIRL** . . . A unique snowgirl, gaily flaunting a red bandana decorated the yard of Mr. and Mrs. Bill Denton Thursday. She was contrived by Mrs. Denton and her sister-in-law, Carol Denton. The lady is wearing a carrot nose, apple eyes and mouth, pepper ears, and spaghetti hair and eyebrows.

**HOMECOMING QUEEN, 1976** . . . Named Homecoming queen for 1976 is Patti Poynor. She was crowned during halftime activities at the Muleshoe-Frona game Friday. Muleshoe lost to Frona, 13-0, and the team had several injuries, including both quarterbacks.

## Child Abuse Speaker To Be On AC Campus

Ken Wooden, a Pennsylvania native, who has worked to expose the plight of thousands of children locked in institutions for noncriminal acts, will be on

the Amarillo College campus November 5. Wooden will speak on "institutional effects on children and child abuse," said Ann Graves,

director of student development. Amarillo College is currently involved with child abuse problems through the sponsoring of

an eight-week class to train volunteers to work with abusive parents, said Miss Graves.

Wooden's appearance coincides with the local and national problems of child abuse. Wooden's lecture is at 11 a.m. in the Oak Room of the College Union Building. "He will be speaking to psychology and mental health classes," said Miss Graves, "and possibly to law enforcement classes."

Wooden has recently published a book, **WEEKING IN THE PLAYTIME OF OTHERS**, that is the culmination of more than two years of investigative research and assessment of laws and conditions affecting incarcerated youth throughout the United States.

Wooden told the U.S. Senate Permanent Subcommittee on Investigation of children being beaten with chains and whips, being injected with their own urine, being shackled and jolted with an electroshock machine, being dared to commit suicide, among other inhumane treatment.

From Arkansas to Connecticut to California, his findings are meticulously documented.

In his book, Wooden blasts the dumping of "status offenders" -- runaways, truants, homeless or mentally retarded youngsters who have committed no crime -- into penal colonies where they may be confined until they reach 21.

Recent legal campaigns have led to some breakthroughs. Steve Bercu, a Texas lawyer, sprang 500 children from the Texas Youth Council with a single writ of habeas corpus.

Wooden mobilized the government subcommittee into the largest Congressional investigation ever conducted by that subcommittee. Shortly thereafter, Senators Henry Jackson and Charles Percy held nationally televised hearings on the abuse of the Civilian Health and Medical Program of the Uniformed Services, a poorly operated federal program.

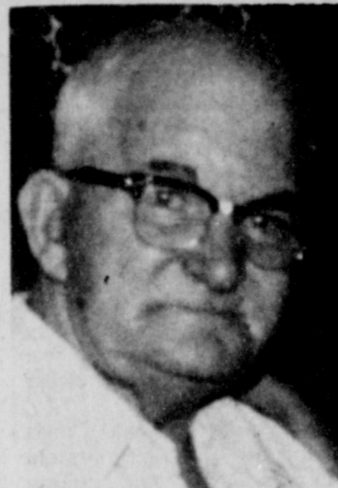

The U.S. Justice Department and the FBI were then mobilized by Wooden to study the constitutional questions of transporting children across state lines while they were subject to physical and psychological abuse.

That investigation is currently underway and will terminate in a federal court of law.

Former Executive Director of the Institute for Applied Politics

at Princeton. Wooden is a consultant for the U.S. Office of Education.

He is also an active political campaigner, lecturer and writer who spent some of his own youth in reform schools. His lecture is open to the public at no charge.

### N.F. Stovall Funeral Held On Saturday

Nealy Fearil (Pop) Stovall, 71, died in Littlefield Hospital at 1:15 a.m. on Thursday, October 28. He was a former resident of Muleshoe, moving here from Scipio, Okla. in 1950, and to Littlefield 18 months ago. Pop Stovall was born December 17, 1904 in Van Zandt County, Texas and was a retired farmer.

Funeral services were conducted at 10:30 a.m. on Saturday in the Assembly of God Church with Rev. H.D. Hunter, pastor, officiating, assisted by Rev. Robert Barnard, pastor of the Assembly of God Church in Littlefield. Burial was in Bailey County Memorial Park under direction of Singleton-Ellis Funeral Home of Muleshoe.

Survivors include his wife, Lela; nine sons, Willis E. Stovall, Providence, R.I.; Raymond L. Stovall, Casa Grande, Ariz.; Gene Stovall, Dallas; Bill Stovall, Muleshoe; Jesse Stovall, Nashville, Tenn. and Bobby Stovall, Casa Grande, Ariz.; Jacky Stovall and Andy Stovall, both of Littlefield; and two daughters, Mrs. Virginia Russell, Fort Worth and Mrs. Frances Jackson, Sonora, Tex.; two brothers, Clarence Stovall, McKinney and Worley Stovall, Arlington; 40 grandchildren and eleven great-grandchildren.

### Letters To The Editor

Letter to the Editor:

It is my belief that unless Texans give solid support to the Water Amendments in the November 2 vote, we may have to revive the aged poem, "The Ancient Mariner", as our state song. The arguments being advanced by opponents are pointless when they say, "There must be a specific plan before

we vote to tackle the water problem." You do not sit down and draw up a 25-year water plan for the southwest as you would for a 10-story building. Before any master plan can be considered, we must have studies and conferences with various states, with dozens of federal agencies, and even international bodies. These studies cannot be even started until monies are made available by citizens of the southwest who have everything at stake and absolutely no lead time to spare. The irony of it all is that when time runs out in the 1990's, and we have done nothing, the

entire southwest will go down like the Titanic because of lack of vision and wisdom on the part of us now enjoying all the beautiful blessings of the present day.

From Houston to high lonesome New Mexico, this is by far the biggest question facing the southwest today. Think it over. State Representative R. B. McAllister

## I Believe

**1** too many freeloaders have muscled in on welfare. We must decentralize welfare programs -- get control of welfare out of Washington so that Congressmen can't buy their own re-election by giving away our tax money to those who won't work. We should help the needy, not the greedy!

**2** national defense is our most important domestic program. In many areas now the Russians are ahead. If present trends continue, the United States will be subject to the threat of "nuclear blackmail". To be second in national defense is to be last!

**3** all of us are drowning in a sea of government regulations and red tape. It's tough for a small businessman to survive the costs imposed by OSHA and all the other government agencies. We should repeal OSHA, eliminate the FEA, and place end-dates on all bureaus and agencies with the "sunset" provision.

**4** the cornerstone of our "farm policy" should be to guarantee free access to world markets. Protection against natural disasters should be available, but agriculture should be allowed to operate without government interference. Washington bureaucrats couldn't run a fruit stand in West Texas if the highway patrol flagged down the traffic and gave them the watermelons.

**5** the liberal Congress has done for the energy problem what Evel Knievel did for the space program. If we had strong free enterprise leadership in the House of Representatives, we could be solving the supply situation instead of distributing the shortage.

**6** too many of our present laws seem to protect the criminals instead of the victims. I oppose the liberal suggestions of gun registration or confiscation. A better solution is to provide for mandatory prison sentences for anyone convicted of committing a crime while having a gun in his possession.

**7** forced busing to achieve racial balance in schools is both a fraud and a failure. Parents and children of all races resent the dehumanizing influence of loading up the yellow buses in an attempt to pursue a social experiment which doesn't work. Congress should limit the power of the courts to impose forced busing. No judge or court should be telling us how to raise our children.

**8** we must protect the future of those who have invested in social security and who now rely upon it for their livelihood. We should remove the earnings limitation so that an individual can continue to earn and be productive without fear of having his payments cut. Congress has treated the social security system like a political football for too long.

**9** we should limit the terms of those serving in Washington... ten years for a Congressman, two 6-year terms for a Senator, and one 6-year term for the President. Then, perhaps those elected to these offices would think more about how their actions will affect the next generation rather than their own next election.

**10** inflation slowly is crushing us all. The primary cause of inflation is deficit spending by the reckless Congress... but asking a professional politician serving in the Congress to balance the budget is like asking Typhoid Mary to stop the epidemic. Congress will not change -- we must change the Congress!

Jim Reese

## 12 Reasons Why A Conservative Won't Vote For George Mahon For Congress

**1** PANAMA CANAL... Mahon voted for funds to continue negotiations to give away the Panama Canal. H.R. #8121 -- Oct. 7, 1975.

**2** HOUSE INTERNAL SECURITY COMMITTEE... Mahon voted to abolish the committee. H.R. #5 -- Jan. 14, 1975.

**3** CONGRESSIONAL PAY RAISE... Final vote was 214-213... Mahon voted for. Also included inflationary automatic cost-of-living escalator. H.R. #653 -- July 30, 1975.

**4** OSHA... Mahon voted against this amendment which would have exempted small businessmen with 25 or fewer employees from first-time penalties for alleged OSHA violations. H.R. #8069 -- June 25, 1975.

**5** WAYNE HAYS' POWER... Amendments by Armstrong (R-Colo.) and Bauman (R-Md.) to strip Hays of his power... Mahon voted to let Hays keep his power. H.R. #6950 -- May 21, 1975.

**6** FOOD STAMPS FOR STRIKERS... Mahon voted with the Liberals to give food stamps to strikers. H.R. #15690 -- June 29, 1972.

**7** FOOD STAMPS ABOVE THE POVERTY LEVEL... Mahon voted against cutting

off stamps to those making above the poverty income level. H.R. #10647 -- Nov. 13, 1975.

**8** PAROLE REORGANIZATION ACT... Mahon voted for. Included an amendment which would make prisoners eligible for parole after only ten years of imprisonment... regardless of the offense. H.R. #5727 -- May 21, 1975.

**9** MACOS... Mahon voted to continue funding HEW's "Man: A Course of Study." An educational program that some say teaches children to challenge our family and ethical values. H.R. #12566 -- March 25, 1976.

**10** BALANCING THE BUDGET... Mahon voted against balancing the budget all three times. H.R. #619 -- May 29, 1976. H.R. #466 -- Nov. 12, 1975. H. Con. Res. #218 -- May 1, 1975.

**11** PUBLIC WORKS PROJECTS JOBS... Mahon voted for temporary government jobs at a cost to the taxpayers of 6.1 billion dollars. H.R. #5247 -- Feb. 19, 1976.

**12** DEBT CEILING... Mahon voted to increase the debt ceiling by 73-billion dollars to a total national debt of 700-billion dollars. H.R. #14114 -- June 14, 1976.

## Deadline Approaches For Livestock Loan

Livestock producers in Bailey County must act before the end of the year to take advantage of the Emergency Livestock Credit Act of 1974, a temporary Farmers Home Administration program.

Now two years old, the Act provides for emergency financial help to the producer whose business has a good chance of success if it can survive the current liquidity crisis, points out Spencer Tanksley, county agent for the Texas Agricultural Extension Service.

The revised Act now in effect has changes to make it more palatable to both the borrower and lender.

Tanksley lists some of the conditions of the Act:

1. A "line of credit" is permitted, whereas the original Act permitted only a single loan.
2. Anyone with a "substantial operation" in breeding, raising, fattening or marketing is eligible. (This includes one who devotes at least 25 percent of his time to, derives at least 25 percent of his income from, or has at least 25 percent of his capital invested in livestock operations).
3. The Act terminates on

December 31, 1976.

4. The loan period can be up to seven years, with possible renewal for three years.
5. The guarantee by the Farmers Home Administration is increased from 80 percent of the loss to 90 percent of the loan principal and interest.
6. The line of credit has been increased from the previous \$250,000 to \$350,000 per loan.
7. Secondary financing of the guaranteed portion of loans may now be made by the Federal Financing Bank, thus increasing the marketability of the securities to the lender.
8. The total authorization under the Act was reduced from \$2 billion to \$1.5 billion.

Many cattlemen can use this type of financing due to present economic conditions, points out Tanksley. Therefore, the Emergency Livestock Credit Act should help them protect their operations from financial disaster in the coming months.

Tanksley advises stockmen to contact the local Farmers Home Administration office or their lender for particular details. This must be done before the Act expires on December 31.

## On Wall Street By Bob Hill

Our inflation rate has been consistently dropping since it hit the double-digit level for the first time in 1975. But, in Brazil the inflation rate is 50 percent and it isn't dropping. Because of this and the reluctance of Brazilian banks to lend consumers money for the purchase of big ticket items, Brazilians are joining buying clubs by the thousands. These clubs offer the thrill and excitement of a lottery and guarantee a new car, boat or airplane to each member within 60 months.

Ford Motor Co. of Brazil finds a major market in the clubs and now runs 2,300 of them, selling 20 percent of its total Brazilian production to buying clubs. Since the first buying club was started nine years ago, Ford has sold 140,000 cars with this method. Ford has also had inquiries about the program from Europe and other Latin American countries and plans to offer it in the Philippines.

Consumers members of the buying clubs agree to make monthly payments to the club for 60 months. The monthly payment is determined by taking the price of the item being purchased and dividing that by the number of members which, by Brazilian law must total 120. The club would buy two cars outright each month, thus avoiding interest charges. A lottery is held monthly for the names of the winners of the two cars. A new member might win a car the first month, but will still have to keep making his monthly payments for the five years. In order to keep an early winner from defaulting on his monthly payments or disappearing with the car or airplane, two co-signers are required before delivery. There is also provision for increasing payments over the next 60 months should the price of the merchandise climb.

The buying clubs are a means for the lower income families to purchase big ticket items at a cost of about 1/2 the cost of financing the purchase through a Brazilian bank.

## First Baptist Slates Pre-Election Service

"A Great Day in the Morning" is being anticipated by the members of the First Baptist Church of Muleshoe, the week pastor J.E. Meeks, the week.

"Preparation, promotion and visitation is being made by the Sunday School of the church in order to reach an attendance total goal of 305 in Sunday School today (October 31). Templo Bautista, a mission of First Baptist Church, is also expecting a 'Great Day in the Morning', and urge their members and guests to be present."

According to the pastor, 'A Great Day in the Morning' is being utilized by Southern Baptist Churches throughout the state of Texas to reach an attendance goal of 676,676 for Bible study on the last Sunday prior to the national election.

He added, "An invitation is extended from First Baptist Church and Templo Bautista to everyone who is not engaged in a systematic study of the Bible to attend 'Great Day in the Morning' and begin to be advantaged by the study of the Bible."

"You will meet friendly people and be enriched by Christian fellowship and the teaching of the Bible."

There are Sunday School departments designed especially for pre-schoolers, children, youth and adults, said the minister. He also said the newly renovated facilities for nursery age children at First Baptist and the teaching of the nursery staff

Muleshoe against Dimmitt last week. He intercepted Friona passes three times, twice right at the end zone to end scoring threats by the Chieftains. The player also recovered one Friona field goal attempt. In a last ditch effort with time running out on the clock, he intercepted right in the end zone to end what could have added six to eight more points to the Friona score.

Also making an outstanding interception was Willard Norman, who intercepted a Chieftain pass just as the half was ending to halt a Friona drive and a possible touchdown.

As the crowd was beginning to leave a disappointing homecoming game, it was noted that bleachers wet from three days of snowfall had frozen.

### 10 Years Ago

Bobby Julian, who intercepted two passes against Dumas Friday night, was named Player of the Week. Julian played an outstanding game as defensive safety and did a fine job running as halfback. He is the son of Mr. and Mrs. Jack Julian and a 150 pound, two year letterman.

Two persons guessed national football winners with equal accuracy last week, but one out-guessed the other on the result of the Muleshoe-Dumas game, thus becoming the No. 1 winner for the week. James Whitson, Muleshoe, took top money, and Faye Chapman won second. Each guessed eight winners among the college games, but Whitson figures the Muleshoe score at 12 to Dumas 42, while Mrs. Chapman predicted 13 to 48 for Dumas.

## Sudan Artist Has Levelland Showing

A reception Sunday afternoon (October 31) for artists Cecile Foster and Mickey Stephenson kicked off their month-long art show in November at South Plains College.

Watercolors, acrylics, enamel on copper, collages and sculpture will be among the 40 works exhibited by the women. The exhibit marks Mrs. Stephenson's first showing at SPC. A

Sudan resident for 25 years, Mrs. Stephenson has studied with watercolorist Charles Reid of Westport, Conn., Robert Wood of California, Milford Zornes of Utah and Walter Hook of Albuquerque, N.M. Mainly working with sculpture for 20 years, she took up watercolor two years ago because, she says, "it was such a challenging medium".

Mrs. Foster, vice president of the West Texas Watercolor Association, teaches art privately in her Levelland studio. The Fosters moved to Levelland nine years ago from Sudan, where her husband Joe was manager of Higginbotham-Bartlett for a number of years.

## Heart Group Seminar Held

A Heart Association Seminar was held on October 20 at the South Park Inn in Lubbock. The welcome was given by Dr. Joseph Sasano, Jr. of the Tech Med School. "The American Heart Association and How the Dollar is Spent", was given by Mrs. J.A. Chatman, board member of Lubbock, "Campaign, 1977" by Bill Pope of Levelland and the invocation was by Frank Barrow, president of the Floyd County Division.

A low cholesterol dinner was served to a large group.

For the program, Mrs. JoNell Oswald, a legal secretary and a very active person gave her story on "What Stroke Has Meant to Me", as she was a victim of a stroke and how the Heart Association and the Stroke Club has helped to rehabilitate her.

After the program, those present were divided into group sessions.

At the close of the group sessions, John Caraway gave the group ideas about publicity and the need for publicity. Ralph Krebs, Lubbock County Campaign Chairman gave evaluation sheets to have for further information.

Those attending from Muleshoe were Mr. and Mrs. Don Seales and Mrs. Owen Jones.

## High School Fall Tourney

Muleshoe High's tenth annual fall speech tournament was held this past weekend. Two hundred and ninety contestants from sixteen schools competed in the five-event meet.

Speech students from Muleshoe did not compete for awards, but they served as hosts and hostesses. The tournament began with registration at 8:15 a.m. and concluded with the awards assembly at 4:30 p.m.

Amarillo High School won the sweepstakes championship, Friona second and Big Spring third. Amarillo High won first and second place in advanced

and novice debate divisions. Friona won first in persuasive speaking; Clovis first in informative speaking; Brownfield first in prose reading; and Big Spring first in poetry interpretation.

The Speech Department wishes to thank all judges for their time and generosity. Without patrons, the tournament could not have been held.

## Volleyball Girls Win

The Muleshoe High School girls volleyball team was victorious over the Morton Indians in their first district game. The game was at 5:00 p.m. October 25, 1976. The scores were 15-11 and 15-2. The second district game will be at Morton on November 1 at 5:00.

## Calendar For The Week

## Freshman Football

The Mules freshman football team defeated Dimmitt 27 to eight. This was the second win over Dimmitt this year. The Mules won the previous game 16 to 0.

The Mules got behind early eight to nothing but were able to come back and lead at half-time 14 to 8. The second half was all for the Mules as they went on to take the victory.

The Mules played Friona there Thursday. The Mules play at Frenship Thursday, November 4.

## Laura Beene Attends T.E.A.

Thursday, October 21, the Texas Education Agency sponsored a meeting in the Texas Commerce Bank Building to draft revisions of the principles and standards on which elementary and secondary schools are accredited. The purpose of the meeting was to get opinions and ideas from area Superintendents, teachers, parents and students on changes that should be made in the accreditation principles and standards. The suggestions from this meeting will be compiled with others from all over the state. These ideas will be used by the Texas Education Agency to rewrite and update the present standards which all Texas schools must conform to if they wish to be recognized by T.E.A. as an accredited school.

The Texas Education Agency invited two representatives from each school and their superintendents to attend the meeting. Laura Beene was chosen to represent Muleshoe High School as a student at the session and Mary De Shazo teacher Vernelle Craig, was chosen as a teacher representative.

## Seniors Order Announcements

The 1977 Senior Class met Monday, October 25, at 11:30 a.m. in the auditorium. The class members ordered graduation announcements from the Star Engraving Company during the meeting. A \$10.00 deposit was made when the announcements were ordered.

Students were to contact Mr. Moore if they needed any more tickets to sell for the chili supper that was held Friday prior to the Homecoming football game.

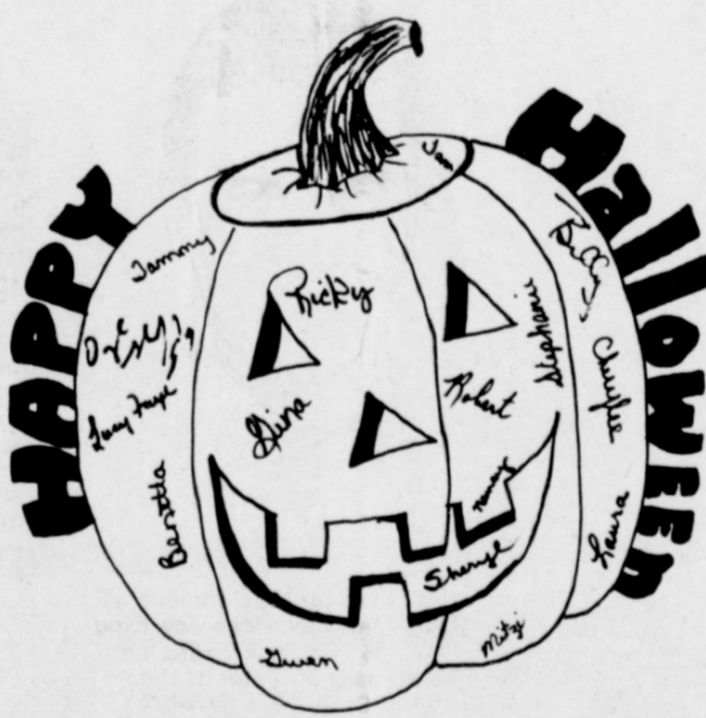

The meeting was adjourned by the President Gary Gunter, and the Seniors are anxiously awaiting the arrival of the announcements.

The Seniors would like to thank all the mothers who gave their time and effort to make the chili supper a success!!!

## Officers At Leadership Meet

Five officers of the Rose FHA Chapter attended an FHA leadership workshop in Dimmitt High School cafeteria on Monday, October 25, at 4:30 p.m. Area I officers, Marilyn Gamble and Jodie Estes, conducted the workshop for some 150 girls from Bovina, Friona, Lazbuddie, Dimmitt, Tulia, Nazareth, and Muleshoe. Girls were given instruction in communicative skills, officer duties and recreational activities that would improve local chapters. The group returned at 8:00 p.m.

Those attending from Muleshoe High were Tony Beversdorf, president; Michelle Graves, first vice president; Darla Ramage, fifth vice president; Sally Castorena, parliamentarian; and Berta Livario, historian. Mrs. Dorine Harbin, advisor, accompanied the group to Dimmitt.

People who stand outside the church and criticize those on the inside have very little to do.

## Patti Poynor Named Homecoming Queen

The climax of the Homecoming activities for 1976 was the crowning of the Homecoming queen at half-time of the Muleshoe-Friona game in which Friona defeated Muleshoe 13-0. Miss Patti Poynor, daughter of Mr. and Mrs. Haney Poynor, was crowned football queen. Patti, an MHS Senior, is Varsity Head Cheerleader, Student Council Reporter, Senior Class Secretary, and a member of FTA. She was escorted by Robby Young, Senior football player. Robby is the son of Mr. and Mrs. John R. Young. He is a member of FFA and FTA. Patti presented a bouquet of red roses and the traditional crown.

The Homecoming attendants were escorted by Senior football players. They were Miss Donita Dale, a senior, escorted by Tony Vela; Dani Dunham, a Junior, escorted by Randy Whalin; and Beverly Biggerstaff, a Sophomore, escorted by Danny Gonzales. The attendants each received a gift and a long stemmed red rose. These were presented by cheerleaders Shae Penna, Susan Crittenden, and Vicki Williams.

Various activities were held throughout the week. Posters in the halls promoted spirit as classes and individuals displayed their artistic talents and originality.

The traditional bonfire was held at 8:30 p.m. Thursday. The Mighty M Band led the parade to the Boy Scout hut. A miniature float, a project of the Junior Class, was on display. Jimmy Ybarra, a senior football player, gave a spirit talk. The "Burn the Chiefs" bonfire glowed as the cheerleaders led the crowd in cheers and chants. The Indian Chief that burned in the bonfire was presented by the Student Council.

Proceeding the kick-off of the Muleshoe-Friona game, mothers of Senior class members served a chili supper to the public to help defray Senior expenses.

The Homecoming football, which was a Student Council sponsored raffle, was won by Monica Dale. The football was decorated by Senior football player Randy Whalin.

Several evenings followed the Homecoming game with a dance at the American Legion sponsored by the Youth Board, an aftergame fellowship at the First Baptist Church, and a Booster Club sponsored a get-together for all Muleshoe High School exes in the high school cafeteria.

## FHA News

The HERO Chapter of FHA held a supper Monday, October 14, in the Horton Griffin back yard. The cookout was from 6:30 until 10:00 p.m. They had a large attendance of members present and employees.

Basketball, pool, dominoes, tennis and visiting were enjoyed following the meal.

HECE members would like to thank parents and employers who attended. A very special thank you goes to Horton Griffin for preparing the meal of hamburgers with all the trimmings.

Enough money can buy anything, with the exception of peace of mind and conscience.

## Sophomores Give Show At Carnival

On Wednesday, October 26, the Sophomore class had a meeting to discuss what they will do for the Halloween Carnival. The class decided on having a Floor Show. In the Floor Show various people will be doing acts and stunts. There will be four shows during the evening, and during the Floor Show, refreshments will be served.

**EDITORIAL**

**Journal Endorses Ford**

President Gerald Ford, in our opinion, has earned the right to four more years as president based on the record established by his honest, forthright personal actions and overall political policies.

Since being appointed president, Ford had the courage to veto 54 bills, passed by a spendthrift Congress, which he considered adverse to the best interest of our people and our nation. President Ford vetoed these bills according to his own convictions, regardless of political repercussions.

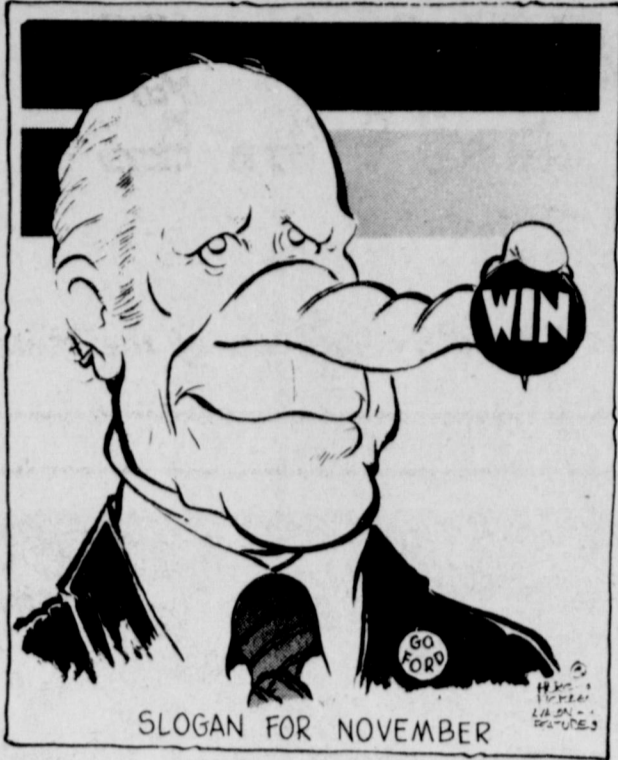

At the present time, more people are employed than at any other time in the history of our nation, inflation has been decreased and farm income is at a record high.

Gerald Ford has a record of being for controlled federal spending, for a strong defense posture and reducing inflation.

Mr. Carter, on the other hand, has indicated that he would initiate a multitude of federally funded programs that would cost the taxpayers billions of dollars, that he is in favor of repeal of Sec. 14-B of the Taft-Hartley Act which would eliminate Right-To-Work laws in 20 states, including Texas. Mr. Carter has also indicated he would be for registration of all types of guns.

Everyone must make their own decisions however, President Ford's record of maintaining a basic conservative attitude and ability to deal firmly with national and international problems lead us to believe, that beyond any reasonable doubt, we would be more comfortable with President Ford in the White House than Mr. Carter and we urge you to vote accordingly.

Also, we recommend a vote for water bonds and water quality bonds.

**WASHINGTON NOTES**

**ON PLUTONIUM**

The 13-agency Nuclear Policy Review group has advised President Ford that the plutonium breeder reactor as the atomic power plant of the future now being developed may not be worth the risks involved.

**BETS & SPORTS**

The National Gambling Commission, drafting its final report, opposes legal-

ized wagering on individual sports events such as football, baseball and basketball games.

**TOP GENERAL**

President Ford has signed a bill that promotes George Washington to the rank of six-star general of the armies so that the father of his country would stand above "all other grades of

the Army, past and present."

**FIRM NAMES RELEASED**

Acting on an order from President Ford, the Commerce Department has released the names of American companies involved in 59 transactions with Arab nations in which they were required to participate in the economic boycott against Israel.

**ON GRAIN LOAN RATES**

Increased production loan rates for wheat and feed

grains have been announced by the Ford administration.

**INDUSTRIAL OUTPUT**

The nation's industrial output failed to grow in September for the first time in 18 months, primarily due to the strike in the automobile industry, the Federal Reserve Board reported.

**ON AEROSOL SPRAYS**

The Food and Drug Administration announced it plans to phase out uses of fluorocarbons in aerosol sprays to protect the earth's protective ozone shield.

**NEWS NOTES**

**REPORT ON TOMCAT**

LONDON—The U.S. Navy reports a "promising contact" has been made with a submerged F14 Tomcat, the Navy's premier fighter plane packed with secret weapons and communication systems that rolled off the deck of the carrier John F. Kennedy a month ago and sank.

**LEAVES WEST POINT**

ST. PAUL, MINN.—Leslie Davis has returned to her desk in a bank after leaving the U.S. Military Academy. She said, "West Point turns boys into men, but I didn't want to be turned into a man."

**WALDHEIM OFFERS**

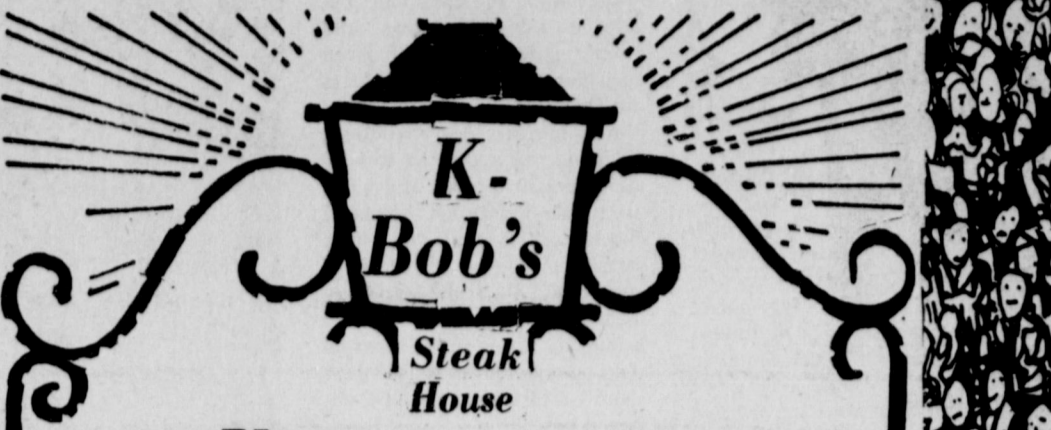

UNITED NATIONS, N.Y.—Secretary-General Kurt Waldheim's office announced that he is available for a second five-year term as chief executive of the United Nations.

**MOSCOW, FORD, CARTER**

MOSCOW—Pravda said President Ford and Jimmy Carter overstepped "the line of permissibility" in their remarks on Soviet influence in Eastern Europe during and after their foreign policy debate, and the Soviet people are "understandably outraged."

**UAW & AUTOMAKERS**

DETROIT—The United Auto Workers, with a Ford Motor Co. contract in hand, has turned to the other Big Three automakers, looking for similar pacts for another 515,000 UAW workers.

**PUBLIC QUAIL HUNTS SCHEDULED**

Most of the quail hunting in Texas is on private property with leases and day hunting fees, but there are two public hunting areas in northwest Texas open to the general public this fall.

The popular Matador wildlife management area, located 11 miles northwest of Paducah in Cottle county, will open its gates for quail hunting on November 6-7, 13-14, 20-21; December 4-5, 11-12, 18-19, 1976; January 8-9, 15-16, 22-23; February 5-6, 12-13, 19-20, 1977.

Quail hunts on the Gene Howe wildlife management area, six miles east of Canadian in Hemphill county, will be open to quail hunting on November 6-7; December 11-12, 1976; January 8-9, 22-23; February 5-6; March 5-6, 1977.

To help defray the cost of conducting the hunt, a fee of \$1.00 will be charged for each hunter for each day hunted. Fees will be paid at check stations when the hunters report to hunt.

Hunters will start arriving several hours prior to the legal shooting time on each area and a first come - first served policy has worked well over the last few seasons.

Only persons 12 years of age or older will be eligible to hunt on any of the wildlife management areas open to quail hunting. The under 17 participant must be accompanied by his parents or by a person 21 years of age or older who shall be responsible for the conduct of the minor. The "under-age" hunter shall remain under the immediate supervision of his sponsor while hunting and will not under any circumstances be allowed to hunt alone. Failure to supervise

the minor will be cause for forfeiture of permits to both sponsor and minor. An adult may sponsor only one hunter.

Information and directions concerning assigned areas and other regulations will be given each hunter as he or she clears the check station.

Most hunters bag two-to-six birds per day according to both management records and hunters are reminded that they must check back through the check stations as they leave the hunt area. This is a precautionary measure for area managers to be sure no one is hurt or lost on the management unit.

More information can be obtained by calling Charles Boyd, Matador wildlife management supervisor at 806/492-3405 or Vernon Morse, Gene Howe wildlife management supervisor at 806/323-6074.

**TREASURES**

He walked a long time and rang many door-bells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what real treasures are—friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also."

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society as way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## FARMERS

Joint-Venture Sunflower Production Contracts are being offered to Sunflower Producers on the High Plains by a European Firm thru a Joint-Venture agreement with John F. Herzer & Associates of Lubbock.

Cash price to the producers shall be determined on the date of delivery of seed by using the combined price of Sunflower Oil and Sunflower Meal in Rotterdam.

The producer is guaranteed a base price of \$0.09 cents per pound which is correlated to a combined Ex-Tank Sun Oil and CIF Sun-Meal price of \$747.00 per metric ton at Rotterdam. The Joint-Venture Contract offers the producer a \$0.50 per metric ton for each \$1.00 fluctuation up or down above the \$747.00 combined price of Sun Oil and Sun Meal.

This Joint-Venture Contract gives the High Plains Sunflower Producers who contract with John F. Herzer & Associates the assurance of a strong Local Market determined by the World Market demands for Sun Oil and Sun Meal based on the Rotterdam prices.

Producers interested in discussing Sunflower marketing through Joint-Venture Contracting or Direct Selling on an open market at harvest are asked to call 792-4418, or 747-0014, or 1-894-3598, JOHN F. HERZER & ASSOCIATES. "THE SUNFLOWER PEOPLE OF WEST TEXAS."

## NOTICE

**For Immediate Release:**

As of Wednesday, October 27, 1976, the telephone subscribers in the **LARIAT Exchange** are cut over to **Direct Distance Dialing**. Telephone users in this exchange are now able to dial station-to-station long distance calls without the use of the telephone operator.

Our AREA CODE is 806. To make a long distance call within 806 Area Code, Dial "1", then the regular seven-digit number (DO NOT DIAL THE AREA CODE). To make a call outside of our Area Code, Dial "1", plus the distant Area Code, then the seven-digit telephone number.

Let us emphasize that you can still call within your exchange of contiguous exchanges without using the "1" plus dialing. (It is for unassisted long distance calls only).

Five Area Telephone Cooperative announces that the Direct Distance Dialing Service will become available in Lazbuddie, Needmore and Bula Exchanges during the month of November, 1976.

### The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm thinks he has discovered something that may send politics into a tailspin. Dear editor: Something is happening in this country that may drive the politicians up the wall. For a long while now, say from the time of Julius Caesar, politicians have been accused of dodging issues, of double-talk, of taking one stand today and changing it tomorrow. It's not unheard of, although he'd like for it to be that way, for a politician to say one thing in Texas and just the opposite in New Mexico, especially if no network cameras are around. And it seems to work. That is, when both candidates for the

same office do it, one or the other always gets elected. Up to now, the people have always just shrugged, but the public opinion pollsters are finding a strange new out-cropping among the voters. As you know, the polls in the Presidential election are fluctuating wildly. One week Carter will be far ahead, the next week Ford is closing in, the next week he's even, the next week Carter is ahead again, the next week it's too close to call. Trying to explain this, a leading pollster, one who's been right in previous elections, said "Something is happening among the voters. They tell you one thing today and something else tomorrow." That's it! The people have turned the tables on the politicians and for a change are not telling them the truth. It may have taken them over 2000 years to catch on, but it was bound to happen sooner or later. You can see what this is going

to do to the candidates. Say the polls, with the poll-ees answering tongue-in-cheek, show Carter is leading in Omaha and trailing in Little Rock. Immediately he rushes to Omaha, whereas actually just the opposite is true. Multiply this by areas all over the country and you can see what a hilarious mess is going to result. Sounds like more fun than a barrel of monkeys, although there's really no need to be bringing Congress into this. Yours faithfully, J.A.

### Social Security Rules Changed

Beginning January 1, 1977, the maximum amount of earnings in a year that count for social security will automatically increase to \$16,500, up from this year's maximum of \$15,300, James B. Cardwell, Commissioner of Social Security, announced today. Also in 1977, the maximum amount that a beneficiary can earn and still get all his social security checks will increase to \$3,000 in a year under the same automatic increase provisions of the law. Commissioner Cardwell said. The 1976 figure is \$2,760. People who earn more than \$3,000 in 1977 may still get some social security benefits, but every two dollars they earn above \$3,000 may cause a reduction of one dollar in their social security benefits for the year. No matter how much they earn in 1977, they can get their full benefit for any month in which they do not earn more than \$250 in wages (up from

\$230 in 1976) and do not perform substantial services in self-employment. The contribution and benefit base is the maximum amount of earnings in a year that are creditable toward social security benefits and are taxable under social security. The new base of \$16,500 will provide additional income to the social security program without increasing the taxes of workers who earn \$15,300 or less in a year, the Commissioner said. He noted that the social security tax rate, now at 5.85 percent of taxable earnings for employees each, and 7.9 percent of taxable earnings of self-employed people, will remain unchanged in 1977. \*\*\*\*\* Our own experience is that time, when allowed to work, will solve many problems.

### Bula News By Mrs. J. Blackman

Wednesday morning and it seems ol' man winter is making his debut a little early this year. snow is now falling along with a cold north wind. This has been a year we can remember with mixed emotions, our two hundredth birthday, president election year, with all kinds of promises, and yet the farmer is making one of the poorest crops in years. Nice to be living in America and have a "Higher" power to watch over us.

Mrs. Blanche Howard of Borger was a guest in the Nolan Harlan home Saturday night and Sunday. She is an aunt of Mr. Harlan.

\*\*\*\*\*  
WMU met Tuesday at 2:30

p.m. for Bible study, with Mrs. Williams in charge of the study, lesson was taken from Luke - fourth chapter and Matthew - fourth chapter. Mrs. Teaff read the prayer calendar with Mrs. Pierce giving the prayer for the missionaries and opening prayer.

\*\*\*\*\*  
Mrs. Bill Williams of Levelland came up Sunday and spent the day with the Gene Bryans, and was a visitor at both services of the Church of Christ. She is a niece of Mr. Bryans.

\*\*\*\*\*  
Mr. and Mrs. L.H. Medlin drove to Tulsa, Okla. Thursday and spent until Tuesday visiting with his sister and husband, Mr. and Mrs. Jethro Gilbert.

\*\*\*\*\*  
Mrs. Marie Aaron of Carlsbad, N.M. came Saturday and is spending several days with her mother, Mrs. Pearl Walden. Monday they drove to Lubbock and spent the night and also visited with Mr. and Mrs. Clifford Walden and Mrs. Gol-

die Nixon, and others.

\*\*\*\*\*  
Mr. and Mrs. Ray Kennison and girls, Kim and Dusty, of Olton, drove over after church Sunday and had lunch with her parents, the Tom Bogards.

\*\*\*\*\*  
Mr. and Mrs. Lowell Walden of Earth, spent Saturday visiting with the C.A. Williams. The ladies are sisters.

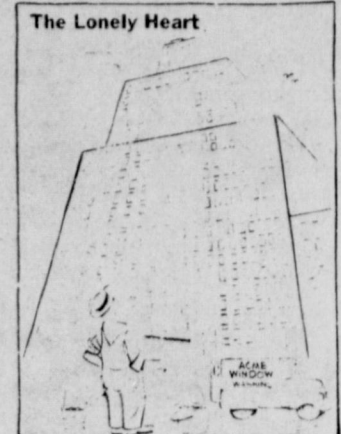

\*\*\*\*\*  
Mrs. V.C. Weaver continues to be a patient in the Lubbock Methodist Hospital since Thursday of last week.

\*\*\*\*\*  
Mrs. F.L. Simmons underwent minor surgery Monday morning at St. Mary's Hospital in Lubbock. She is recovering real good.

\*\*\*\*\*  
Mr. A.P. Fred was able to return home Tuesday from the Lubbock Methodist Hospital, after a stay of several weeks.

\*\*\*\*\*  
The classes of 1947, 1957 and 1967 of Bula and Three Way will

be honored during half time activities at the Three Way School homecoming for Friday evening November 5. Three Way Athletic Booster Club will sponsor an enchilada supper, at the homecoming with serving to be from 5:30 to 6:30 p.m. and also following the game with Cotton Center. Prices for the supper adults, \$2.25 and under 12 years, \$1.50. All ex-students of Bula School and Three Way are urged to attend.

## Agriculture Exempt 1 Year From OSHA

Something has happened in our nation's capitol which will be of interest to all agricultural producers as well as other businesses, notes Dr. Gary S. Nelson, safety engineer with the Texas Agricultural Extension Service. As of October 1, farms, ranches and other enterprises defined as "agricultural operations" who have 10 or fewer employees at any one time are exempt from all requirements under the Occupational Safety and Health Act (OSHA) for one year.

"Annual attempts to amend OSHA during Congressional floor debate on an appropriations bill succeeded this year," points out Nelson. "Certain amendments have been attached to the appropriations bill for the Departments of Labor and Health, Education and Welfare. All OSHA operating funds for fiscal 1977 are in that bill." The bill stipulates that no civil

penalties would be proposed on first-instance OSHA violations (other than serious, willful or repeated violations) unless 10 or more violations are found, explains Nelson. The bill also exempts from OSHA coverage farms with 10 or fewer employees. President Ford first vetoed the \$56.6 billion appropriations bill for the Departments of Labor and Health, Education and Welfare, including \$130.3 million for OSHA, on September 29, on the grounds that it exceeded by \$4 billion the sum he requested for fiscal 1977. However, Congress overrode the veto the following day. The bill will provide \$130.3 million overall funding for OSHA, including appropriations for the preparation of inflationary impact statements, education, research and consultation activities, and an increase of the compliance staff. "Someone has said that it is

differences in opinion which make horse races, and that is certainly the case here," contends Nelson. OSHA restrictions were designed to give some relief to small firms and small farms. OSHA estimates indicate 87.5 percent of all farms in the United States have 10 or fewer employees. However, some Congressmen hold that "exemptions, regardless of the number of employees, regardless of the type of industry, create a second-class group of American workers."

"Future resolution of these differences may be found in the rational use of cost-effectiveness studies which compare the
