Members of the Board of Directors for the Earth-Springlake Hospital District had a called meeting on Tuesday, July 23, in the Citizens State Bank Annex. The purpose of the meeting was to adopt eight points of action that will be taken.

The first action was to collect any 1968 taxes or taxes for subsequent years unless it is determined by the Board that the Board has a legal duty to collect 1968 taxes or taxes for subsequent years. The Board then voted to employ the services of an attorney to assist in abolishing the district in the proper manner.

The Board members decided to pay all proper debts and expenses heretofore incurred and all proper debts and expenses hereafter incurred out of 1967 tax funds on hand. They also determined that if it was legally possible to do so, then the balance of tax funds on hand as of the date of abolishment, if the district is abolished, will be returned to the taxpayers who have paid the same, on a pro rata basis.

The Board voted to abolish the district at the earliest practicable date in 1969, as soon as the proper legal steps have been taken.

A vote to collect all 1967 taxes owing and unpaid so that fairness and equality to all who have paid in the past may be achieved and a vote to take all means necessary including suits in order to collect 1967 taxes were both passed by members of the Board.

All persons having paid their 1967 taxes by October 1, 1968, will not be penalized or charged interest. However, if 1967 taxes have not been paid by October 1, 1968, then penalty, interest, and attorney's fees will be assessed and collected.

The Board concluded by voting that all persons who have paid penalties and interest on Hospital District taxes will be reimbursed at the time of reimbursement on a pro rata basis is done.

 Both Phil and Ross attended the Ronald Reagan event in Amarillo Friday. They came home feeling the evening had certainly been worthwhile.

Reagan supplied the overflowing crowd with statistics on happenings here and abroad and pointed out the dangerous trend toward the loss of freedoms in this nation. Reagan is in favor of more law enforcement and less appearance of law breakers.

Visitor Arouses Suspicion

Alvin Pittman, local City Marshall, called for the aid of the Dimmitt, Littlefield, Milesheo and Olton law enforcement officers Tuesday to help locate a young man approximately 25 years of age who was seen driving a light blue or green pickup.

The young man was first noticed thoroughly examining a local residence early Tuesday afternoon. Claiming to be a painter, the young man entered the home to get information about the owner, who seemingly needed a paint job.

On entering the residence he found the parents absent and he began to question the teenage daughter who was alone.

Pittman received a call at 2:45 p.m., and immediately sent out a bulletin for area patrolmen to be on the alert for a suspicious looking young man.

Area law enforcement officers

aided Pittman in searching out all possible hiding places. The search ended at 1:00 a.m., without revealing any information about the unwanted visitor.

Pittman used this opportunity for making this statement, "Any time trouble arises people should be very prompt in taking down license numbers. Even a partial number would help along with a description of the vehicle--color, make, model."

NOTICE!!!

Starting August 1, the Earth News-Sun will charge \$1.00 for all notices and cards of thanks.

The charge on notices includes showers, meetings and reminders. This becomes effective in one week!!

News-Sun Begins Subscription Campaign

The Earth News-Sun will conduct an all out subscription campaign beginning on Friday, July 26. Anyone from 6-100 in this trade area is eligible to enter the campaign contest.

Among the prizes to be given for subscription sales are first prize, a portable TV, valued at \$295.95 or a \$200 gift certificate to any store in Earth; second prize, a 19 inch black

and white portable TV priced at \$149.95 or a \$125 gift certificate; third prize, a \$199.95 portable TV or a \$100 gift certificate; fourth prize, a nine inch transistor TV valued at \$69.95 or a \$50 gift certificate; and fifth prize is a boys or girls bicycle priced at \$37.95.

Every school student who has ever dreamed of having a great new fashionable wardrobe to

begin the school year now has the opportunity to make some "easy money" to apply toward making that dream come true.

For those who don't want clothes, there are thousands of other useful items that can make living much easier and more pleasant. For instance, \$200 would make a nice down payment on that new car you've always wanted, or a dishwasher, maybe even that new set

of golf clubs that your mouth has been watering for. Now you have a chance to try pampering yourself by just spending a small amount of your time selling subscriptions for one of the most widely read papers in the South Plains.

Just remember, you aren't the only salesman, so get started early and make your dream come true!

Otha Dent To Speak At Barn Dedication

The dedication ceremonies for the new \$15,000 livestock show barn that was endowed by the Ewing Halseil Foundation will be held from 11:00 a.m. - 3:00 p.m. on Saturday, July 27, in the new building.

The new building, which was recently completed after having received the endowment in March, is a 60' x 12' x 60' structure constructed of baked green enamel with an interior of off-white. The structure also contains two restrooms, a snack bar, office, portable bleachers, and a portable show and sale ring. Complete insulation is another asset of the modern building. In the future as effects can be obtained, heating and air conditioning units will be installed. Stout Steel Builders of Tulsa were contracted to build the metal structure.

Leon (Tuffy) Dent will be Master of Ceremonies for the occasion. Rev. Johnnie Wil-

Susan Leads North All-Stars To Victory

Susan Britton, 18, daughter of Mr. and Mrs. Harold Britton led the North All Star team to a 75-64 victory over the South team on Saturday, July 20 in the Duncanville High School gym. The annual North-South game was held in conjunction with the Summer Clinic of the Texas High School Girls Basketball Coaches Association on July 18, 19 and 20.

Susan, an outstanding forward for the Springlake-Earth Wolverettes, offered her basketball ability in winning the state championship two years out of three for her home team. She has also helped in bringing national fame to the local team. Earlier in the year an article concerning the Wolverettes was printed in "The Stars and Stripes" national publication which is sent all over the world to servicemen.

Susan Britton was the main reason the North team remained in the All Star game during the 13th North-South All Star

game. Britton, an All-State cager tossed in more than half of the North's points, finishing with 39 points, 15 field goals and nine free throws.

Entering the final quarter the North led by only one point since Rosebrock of the South team broke through the North's defense in the third quarter. From George West High School, Rosebrock led the South's scoring list with 7 field goals and 11 free throws.

Britton began to toss in points and the South was left in its tracks. The North racked up a 13 point lead, 25-12, before Thelma Berwick scored for the South to break a seven-minute scoring drought.

Berwick was the South's second high scorer with 18 points. Allan Webb of Dimmitt was the second high scorer for the North with 15 total points. While Sloan of Talco brought in 11.

It was the North's 12th victory in 13 games.

Bill Clayton To Be Listed In Two Important Publications

AUSTIN-State Representative Bill Clayton of Springlake is being listed in two important 1968 reference publications of leaders in Texas.

He is listed in the first edition published of "Who's Who in Texas", which lists Texans who have distinguished themselves in various fields. Clayton is cited for his legislative and civic leadership, particularly in the development and conservation of water resources.

Another book, "Community Leaders in America", will be published early this fall, will list his achievements in church,

civic, area and state activities that benefit his community.

Clayton is currently serving in his sixth year as a representative of the 78th Legislative District, comprised of Farmer, Deaf Smith, Castro, Lamb, Bailey, Oldham and Cochran Counties.

A farmer and businessman, Clayton and his wife, Delma, have two children, Brenda is a senior at Springlake-Earth High School, and Tommy, 13. They are members of the Baptist Church. Clayton is a native of Lamb County and is a graduate of Texas A & M.

In accordance with this order the Earth Post Office will be closed on Saturdays beginning July 27th, 1968. No business will be transacted on these days; however, mail will continue to be received and dispatched on Saturday and Sunday and your mail will be placed in your post office boxes. Also your Rural and Star routes will continue to run as before. A General Delivery window will be open from 9:00 a.m. to 10:00 a.m., Saturday morning for the delivery of mail to General Delivery patrons.

Business will be transacted as usual Monday through Friday.

Little League All Stars Lose Tournament

The Springlake-Earth Little League All Stars lost the Area A baseball championship to the Sudan-Amberst team at 8:30 p.m. on Wednesday, July 17, in the Roger Miller Little League Park in Milesheo.

Richard Niles of Sudan won the winning pitcher's crown with a 12-5 victory over Springlake-Earth. Hal Wood was the losing pitcher.

Jimmy McCurry was one of the main standouts for the Springlake-Earth team by hitting his second homerun of the tournament.

Dimmitt Wheat Growers Schedule Meeting

CROPS IN THIS VICINITY-Are looking much better this year compared to the crops in the past years. Weather, rain and sunshine have all cooperated nicely.

Lice Invade Area Milo

Area farmers should be on the alert for an unusual specie of lice that is spreading severe damage to milo crops in the areas around Friena, Hereford, Dimmitt, Springlake and Earth.

This particular type of lice has never been seen in this area in past years, but they are causing numerous problems this year.

Sandy Sanderson of the Springlake Farm Chemical Company reports that on Monday he was requested to spray some 3,000 acres but because of the lack of time and equipment, he could only manage 2,400 acres. The farmers who were unable to receive help on Monday had to search for spraying

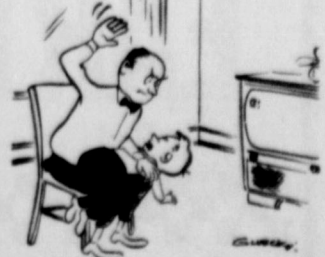

services elsewhere because their crops could not wait.

Norman Hinchliffe stated that in previous years the regular lice had not created a major concern for the farmer, but the new specie has already caused serious damage and should be arrested.

Lieutenant and Mrs. Carl Sanderson are spending the week with Carl's parents, Mr. and Mrs. W. G. Sanderson.

Thursday guests of Mrs. W. O. Wood were Mr. and Mrs. V. O. Newton and Mrs. Wood's sister, Mrs. Beon Hodges of Sunny Vale, California.

Colorful Gymn Almost Complete

The Springlake-Earth High School gym has taken on a new colorful look this summer. Coach Dallas Clynch, who is donating his time to the redecorating job described the new features of the gym.

The outside border of the gym floor has been painted Wolverine green with an orange strip separating the outside area from the playing area. The free throw area has been divided with the area nearest the goal being painted green and the area behind the free throw line being painted a bright gold.

The center of the gym has been arranged with the outer circle being painted green while the inner circle is gold. On each side of the playing court stands a 36 inch S-E.

The work on the gym began immediately after school was dismissed in May and will be completed in August. Coach Clynch and Mike Wages manager of the Springlake-Earth athletic teams have both given of their time to redecorate the gym for the enjoyment of the basketball fans.

Encephalitis Case Reported

Charles Kuntz, 19, son of Mr. and Mrs. Fred Kuntz of Route 4, Dimmitt, is reported as having a mild case of encephalitis. His case was diagnosed on Thursday, July 18, by Dr. Hicks of Hereford.

The doctor stated that Kuntz's condition was as well as could be expected. Kuntz is considered lucky at having found the disease at an early stage.

Charles does spraying and applies fertilizer for his father who owns and operates the

Flagg Fertilizer. Charles cannot say definitely where he came into contact with the germ carrying mosquito. It was definitely reported that the type of encephalitis that Kuntz had contracted was carried by one of the three types of infectious mosquitoes.

Cheerleaders Attend Camp

The Springlake-Earth cheerleaders attended cheerleader camp at Cisco Junior College during June 9-16.

The local cheerleaders picked up an outstanding record by winning two first place ribbons in competitive yells. During the five nights of competition the local team won two first places, two second places and one third place. Also among their honors was the winning of the "spirit stick" on four nights out of five. The "spirit stick" was awarded to the team who showed the most spirit each night.

253 girls attended the training camp and the local team competed against 13 squads representing different areas of Tex-

as. The cities represented were Burkburnett, Burleson, Granbury, Electra, Maybank, Pierce High School of Dallas, Segoville, Lewisville, Fredricksburg, Koffman, Hamilton, Rochester and Clifton.

The cheerleading camp stressed "crowd participation" rather than the cheerleaders acting as entertainment for the fans.

The Grand Pep Rally ending the weeks training divided the 253 girls into two large groups, giving each group thirty minutes to conduct a pep rally.

The six cheerleaders for the 1968-69 school year are Jamie Washington, Brenda Clayton, Jan Hedges, Becky Sanders, Jenna Banks and Chris Dent.

Positions remaining to be filled are home economics, coach, band director, and fifth and sixth grades.

Mr. Mann reported that interest has been shown and these positions should be filled within the near future.

John West In Plane Crash

John W. West, a Pleasant Valley farmer and spraying service owner-operator, suffered only a minor cut on the elbow when the plane he was piloting crashed on Thursday, July 18, about 11:00 a. m. on his farm located 6 miles west and 3 1/2 miles north of Earth.

West had just taken off in his lightweight spraying plane when a strong cross wind caught the plane and pulled it to the ground.

Considerable damage was done to the plane but West escaped with only a minor cut. West has leased another plane and operator and is still contracting spraying services.

MR. AND MRS. WOODROW RUSSELL SMITH (formerly Sherilyn Hutto)

Hutto-Smith Vows Read

Miss Sherilyn Sue Hutto and Woodrow Russell Smith exchanged double ring wedding vows at 9 p. m. Friday, July 19, at the home of the bride's parents in Stalon with Rev. Clinton Eastman, pastor of the Westview Baptist Church officiating.

The bride is the daughter of Mr. and Mrs. Bill Hutto, 830 South 19th Street, and Smith is the son of Mrs. Cash Richards of Lubbock.

Given in marriage by her father, the bride wore a white lace street length sheath with white accessories. Her shoulder length veil of silk illusion net was attached to a pearl crown and she carried a bouquet of white carnations.

The ceremony was performed under an archway entwined with white carnations and flanked on either side with a tall candelabra.

Miss Sandra Garlington of Muleshoe served as maid of honor. She wore a pink sheath and carried a pink carnation.

Ronnie Perdue served as best man, Candelighters were Jimmy Richards and Dana Holt, and ring bearer was Latonya Richards.

A reception followed the ceremony, and presiding at the guest book was Miss Brenda Bownds. Assisting with serving were Miss Linda Hutto, Mrs.

Phyllis Holt and Mrs. Clarence Holt. The table was covered with a crocheted table cloth, a Sanders family heirloom.

In the receiving line were Mrs. W. H. Sanders of Stalon and Mrs. W. A. Hutto of Littlefield, grandmothers of the bride; Mrs. Cash Richards, Mr. and Mrs. Bill Hutto and the couple.

Mrs. Smith attended Bovina High School and is a graduate of South San Antonio High School. Smith attended Bovina High School and now attends Great Plains Automotive School in Lubbock.

They are making their home at 16th and Lubbock in Stalon.

Cool It -- With Salads

You know ladies, summertime is a great time to try new cooking ideas. Of course, outdoor cooking is the thing during these short summer months, so if you have been experimenting lately, let us know so that we can publish your ideas in hopes of sharing it with someone else.

Summer can also be a housewife's worst enemy, since it means many hours of cooking over a hot stove. Take a break! Try that new salad you read a-

bout that sounds so tempting and if it is a success (which it surely will be) send it in as your contribution to the "Favorite Recipe Cook Book."

Along with your recipe send us your name, address and any information about yourself.

We would certainly appreciate your cooperation and we are sure that you would get some valuable ideas by trying someone else's recipes.

TOPS Loses 16 3/4 Pounds

Gov. Reagan Speaks In Amarillo

LETTERS TO THE EDITOR

California Governor Ronald Reagan spoke at the \$100-a-plate dinner in honor of Congressman Bob Price on Friday, July 19, in Amarillo at the Tri-State Fair Coliseum. Reagan's chartered plane was met by 200-300 supporters at the Amarillo Air Terminal. Shortly after his arrival in Amarillo a press conference was held in which issues such as the Pueblo Crisis, the Wallace threat to the election, and whether or not he would run for vice president, if not nominated as presidential candidate were thrown at him. He began the press conference by donating a registered heifer to Boys' Ranch.

At the \$100-a-plate dinner, people from every age group and every walk of life were represented and each found something good to say about Governor Reagan either pertaining to his speech or his personality. Reagan charmed his way into the political thoughts of people by using his warm outgoing smile and handshake and setting the people straight with the cold facts concerning the needs of America.

Gov. Reagan has so named his program in California the "Creative Society." In essence it fosters the attitude that government should not try to substitute for the people but rather should enlist and coordinate the creative energies of the people for the good of the whole. Thus, the administration is dedicated to discovering and mobilizing the most qualified in every field to review the governmental structure and present plans for streamlining and making it more efficient and economical.

Dear Madam: Many scholarships are available that are not used because the general public has not been educated to know of their existence. One such student aid is the Connally-Carrillo Act. So few people know of this Act that Cooke County Junior College has established an office of information for the purpose of informing students throughout the State of Texas of the Connally-Carrillo Act. Cooke County Junior College will be happy to advise any student planning to attend any college. Of his rights under this Act. We feel that you can be of

"Turn To Texas" Advertising Theme To Pull Industry To State

The Texas Industrial Commission, Austin, revealed this week that the current national advertising program of the Commission has resulted in 1,208 inquiries between September, 1967 and the end of May, 1968, up 93% from the same period a year ago. Inquiries are in the form of clipped coupons of letters mailed to the Commission as direct results of advertising placed in a wide variety of industry trade magazines and general business publications. The Primary objective of the Commission's advertising program is to advise and inform manufacturers and industrialists outside the state about the advantages of locating a plant in

Texas. Such points as favorable tax rates, employment practices, high caliber work force, stable government, mild climate and wide open spaces are stressed in the advertisements. The central theme for all advertisements is "Turn to Texas." One ad of a current series directed to industry executives pictures a woman at work in a factory, with the headline, "New York's Kay Neson Won't Clip This Coupon To The Texas Industrial Commission Today, But Her Boss Should!" This series carries a coupon offering three Industrial Commission Source Books: 1968 Texas Plant Location Fact Book, Texas Community Profiles, and Texas Markets 1960-2020.

Another series of ads directed toward executives in those industries which came into Texas in 1967. In addition to media advertising, the Industrial Commission conducts periodic direct mailings to a select list of some 9,000 manufacturing executives outside Texas. Advertising the important advantages and potential that Texas offers industry is a major function of the Industrial Commission. It is also charged with compiling research material to support the state's case for industry and consults with Texas's communities large and small to assist them in setting up programs to attract new industry.

Youth Thrust Into Adulthood Too Fast, Blamed For Drug Use

Society has no more room for real adolescence, according to one authority.

Ed Pope, Extension human development specialist with the U. S. Department of Agriculture, blamed such an attitude for much of the drug use and "youth revolution" today. He said a youth doesn't have time to grow up gradually at his own pace.

"Youth are thrust from childhood too fast in our culture," Pope said in an interview at Texas A & M University. "They have no time to discover a real sense of identity."

But youth has always been searching for their place, Pope said. They have just quit swallowing goldfish and wearing raccoon coats.

Many turn to drugs for "kicks" and to help in their search. Although they are not new, drugs are getting attention today.

Why? Pope said that through modern communications and the nation's emphasis on science, youth know a great deal more a great deal earlier in life than they ever did before.

From this combination of greater knowledge about everything and less time to digest it gradually, arise confusion, conflict and protest in all forms, from drug use to college campus revolts, he said.

"It is difficult for young people to decide who they are and because of this they find all kinds of protest against lack of opportunity to grow up gradually at one's own pace," the human relations specialist said.

"But it is unfortunate that the public is being scared to death of marijuana and LSD," said Pope. "They are scared to such a degree that they fail to learn about the positive achievement in research and therapy accomplished through their use."

Some of the supervised medical research and therapy include treatment of alcoholics and use in psychotherapy, Pope

cited LSD research by Dr. Kenneth Godfrey of the Veterans Administration Hospital in Topeka, Kansas.

In one LSD treatment, called psychedelic, Godfrey found the patient presumably able to see himself in a different and more acceptable way. This treatment is used with alcoholic and psychoneurotic patients.

In another treatment, termed "psycholytic," LSD is thought to lift the forgetting barrier so one may be able to work with the unconscious material brought up during the drug experience.

Godfrey's report said LSD and like drugs may, after sufficient research, prove to be a boon to the psychiatrist in the treatment of mentally ill patients. However, there is no question that this drug is not magical. It is a tool for well-trained individuals to use, Godfrey reported, warning that unwise use is likely to be the vehicle to mental illness.

Pope said that the main danger of LSD is having a bad trip with no one on hand to guide the user. "You can't tell how you will react to the drug," he said. "It depends on personal makeup and the type of LSD he takes."

Drug use is a medical, psychological and social problem, the specialist said. No one is sure of the effects of drug misuse on any of these angles but "we need to work on the problem from all three angles."

Mrs. Grace Hooley was accompanied by Broomfield, New Mexico, to visit her son Ray and family by Mrs. H. C. Miller of Littlefield and Mrs. J. R. Kurkendall of Morton.

Movement To Saturate Every Home In Texas With A Bible, Gains Momentum

DALLAS---A movement to saturate every home in the state with a Bible printed in popular English or Spanish is gaining momentum here with an announcement this week by sponsoring Baptists that they expect to distribute over one million copies during one six-week period next spring.

To facilitate the Texas Baptist mass Bible distribution plan, Dr. T. A. Patterson said some 4,000 churches are being offered an opportunity to purchase modern English and Spanish translations of the New Testament at a greatly reduced cost. Patterson is executive secretary of the 1.8 million member Baptist General Convention of Texas.

The mass distribution of Scriptures has been under development for the past two years, Patterson pointed out. It is part of the over-all theme of the convention, "The Bible—Foundation for Ministry," which emphasizes a return to Bible study by all peoples, he added.

The plan was officially endorsed earlier this year by the convention's 192-member Executive Board which followed earlier meetings with the convention's associational and area missionaries who gave their unanimous approval of the plan.

To be distributed are copies of "Good News for Modern Man" and "Dios Llega Al Hombre," published by the American Bible Society. Both versions have received popular public acceptance with over 10 million copies of the English version having been sold since it first appeared in print in 1966. Some one million Spanish versions have been sold.

"It has been in continuous production," said Dr. Thomas Holloway, field secretary of the American Bible Society. "It has been called a run-away best seller." Holloway added that he did not feel production was "anywhere near the saturation point."

Patterson, chief administrative officer for the mammoth Baptist convention, cited the Bible as being a special book to Baptists. "It is God's written revelation of Himself to man. It is our rule of faith and practice as well as our final authority in all religious matters."

He added that "from the pulpit and through all church program organizations, Baptist churches have presented the Word of God as relevant for this day. They have demonstrated the power of the Bible's message to change lives," Patterson said he felt that this

was an appropriate time for such a movement, while calling attention to a breakdown of religious and moral standards which have "made America a great nation."

The plan comes as a major emphasis of Texas Baptists' participation in the 1969 Crusade of the Americas, a gigantic western hemisphere evangelistic thrust.

"Baptist churches are already gearing up for the thrust," said Patterson, "and are getting ready for church revivals in the spring. As part of their preparation they will make free mass distribution on a door-to-door basis to as many homes as possible."

Delivery of Bibles to churches are scheduled between February 1 and March 15 with distribution slated for March 3 through April 18, 1969.

Spanish VBS In Full Swing

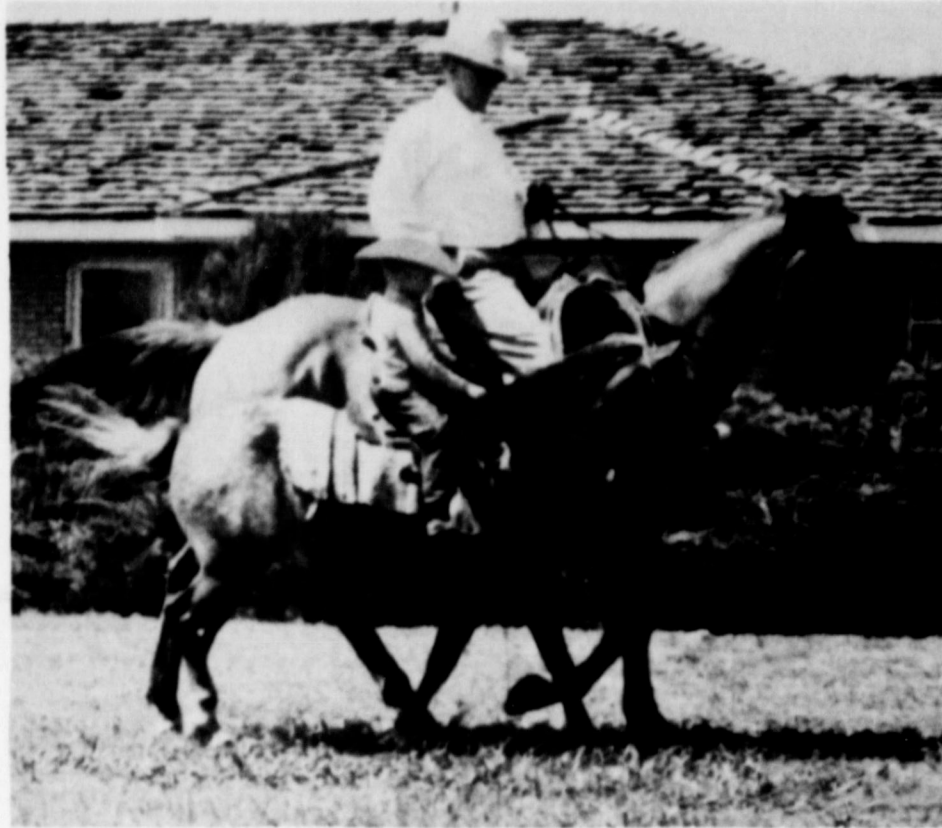

The Baptist Latin American Vacation Bible School began its week long classes on Monday July 22. The school meets each evening from 7:00-9:00 at the Baptist Mission south of the B & W Supermarket.

Average attendance for the five day school has been approximately 60 boys and girls from 4-15 years of age.

Alicia Galloway is principal of the school. She is assisted by Mrs. Elvin Barlow, Mrs. L. H. Galloway, Mrs. Earl Kellar, Larry Tunnell, Rev. and Mrs. Julian Mendoza, Rev. and Mrs. M. B. Baldwin and Janey Branscum.

Refreshments are being served each night by Mrs. Nina Adriand, Mrs. Clota Belle Kelley, and Mrs. Janette O'Hair.

Commencement services will be held during the regular Sunday evening services at the Mission on July 28. Everyone is invited to attend.

SEE GRANDPA, I'M A COWBOY, TOO!! Barry Murrell and his grandfather, Red Murrell, are shown as they were riding Sunday afternoon.

Savings In USA Rose To New High In 1967

Net financial saving by individuals in the United States rose to a new high in 1967, according to estimates by the Securities and Exchange Commission. Individuals increased their financial assets by \$62.4 billion while the gain in individuals' debt, an offset to saving, amounted to \$14.8 billion. As a result, net financial saving by individuals amounted to \$47.6 billion, up approximately \$19 billion from the 1966 rate of saving.

Growth in individuals' liabilities of \$14.8 billion was the smallest since 1961. Mortgage debt, mirroring the weak recovery of the housing market, grew less rapidly than in recent years. Consumer credit had the smallest expansion in six years as the extension of automobile credit dropped while repay-

ments continued to grow. Securities loans increased \$1.2 billion, partly reflecting the active market during the year.

LEGAL NOTICES

NOTICE TO ALL TAXPAYERS OF THE EARTH-SPRINGLAKE HOSPITAL DISTRICT

THE STATE OF TEXAS
COUNTY OF LAMB

All taxpayers of the Earth-

Springlake Hospital District in Lamb County, Texas, are hereby notified that the Board of Directors of said district has recently taken the following action, to-wit:

(1) Voted to not take any steps to collect any 1968 taxes or taxes for subsequent years unless it is determined by the Board that said Board has a legal duty to collect 1968 taxes or taxes for subsequent years;

(2) Voted to employ the services of an attorney to assist in abolishing the District in the proper legal manner;

(3) Voted to pay all proper debts and expenses heretofore incurred and all proper debts and expenses hereafter incurred out of 1967 tax funds on hand;

(4) If it is determined legally possible to do so, then the balance of tax funds on hand as of the date of abolishment, if said district is abolished, will be returned to the taxpayers who have paid the same, on a pro rata basis;

(5) To abolish the district at the earliest practicable date in the year 1969, as soon as the proper legal steps have been taken;

(6) Voted to collect all 1967 taxes owing and unpaid so that

fairness and equality to all who have paid in the past may be achieved;

(7) Voted to take whatever means are necessary including suits, in order to collect 1967 taxes;

(8) All persons who have paid penalties and interest on Hospital District taxes will be reimbursed at the time reimbursement on pro rata basis is done.

You are hereby notified that all persons who have not heretofore paid their 1967 taxes should pay the same on or before October 1, 1968. If said taxes are paid by said date no penalty or interest will be assessed. If said taxes are not paid by said date, October 1, 1968, then penalty, interest, and attorney's fees will be assessed, and collected.

The above and foregoing notice was authorized by order of the Board duly entered on the 23rd day of July, 1968, at the principal office of the District.

Tax Bill Is Law, Effective October 1

Now there's no way out of paying those new taxes approved by the Legislature in special session, Governor John Connally has signed into law the bill which is designed to raise \$160.2 million for 1969 state operations. It's effective October 1, and here's what it does: Raises the general sales and autosales tax rates from two to three per cent statewide, in cities which levy 1% local op-

tion sales taxes the rate will be four per cent. (No change was made in exemptions.)

Increases the corporation franchise tax rate (collectible May 1) from \$2.25 to \$2.75 per \$1,000 of taxable capital, surplus and undivided profits. Portion of the franchise tax on corporate debt will be reduced from \$2.25 to \$2.00 in 1969 and phased out by 1973.

118 Million People Of Voting Age In USA

About 118 million civilians of voting age will be residing in the United States on November 1, 1968, according to estimates by the Bureau of the Census. This represents an increase of about 6 million persons (5%) since the last presidential election in November 1964. About 11.5 million civilians will be old enough to vote for President for the first time this coming November. About 63% of the civilian resident population of voting age voted in the last presidential election. Highest participation

rate was in New England where 72% voted followed by East and West North Central states where 71% voted. Low participation rates were evident in East South Central States (45%), West South Central States (49%) and South Atlantic (51%).

Voter participation rates in 1964 increased with income, with education, and with age up to 65 years, were higher for men than women, and higher for the employed than the unemployed or those not in the labor force.

IT WON'T BE LONG! As the summer months start coming to a close the crops are almost to the harvesting point.

Lyna Pitts and Jan Glazener To Represent County In Contest

by Mrs. Lady Clare Phillips County Home Demonstration Agent

ant Valley 4-H Club and Jan Glazener, Junior from Spade were the highest scoring girls. These two will represent Lamb County in the district contest, July 30.

Girls who have had clothing as a project were awarded ribbons for the revue contest. Twenty-two participated in the

event. Mrs. Lady Clare Phillips, CHDA and Lyna Pitts narrated the show. Refreshments were served by Peggy Starnes and Mrs. J. M. Griffin.

Those entering were Seniors: Lyna Pitts, Vickie Cook, Debbie Fields, and Jenine Pierce, Juniors: Jan Glazener, Laquinta and Renee Clark, Susan Cardwell, Sharon Cox, Phyllis Ray, Connie Ham, Gayla Freeman, Paula Parks, Janice Cannon, Lajuana and Marilee Marshall, Julia and Melanie Tomme, Elaine and Theresa King and Sandra Mills. 9 1/2 Miles Of FM Roads In Lamb To Be Developed In '68

The Texas Highway Commission today announced plans for development of 9.5 miles of Farm to Market Roads in Lamb County as part of the 1968 Texas Farm to Market Road Program.

District Engineer O. L. Crain of Lubbock said the estimated cost of the work is \$178,000.00. The Texas Highway Department engineer in charge of the work will be Rhea E. Bradley, of Littlefield.

The work is part of 826 miles of Farm to Market road development included in the program. The 1968 Farm to Market Road Program includes the addition of 545 new miles, bringing the designated mileage of the Texas FM-RM system to almost 39,5 thousand miles.

The Texas Farm to Market Road system is one of the most highly developed networks of rural highway facilities in the nation, exceeding the total mileage of the entire highway systems of most other States.

Mildred Patterson, County Home Demonstration Agent, Lubbock; Mrs. Jennie Borland, County Home Demonstration Agent, Morton; and Mrs. Hazel Kimbrough, former County Home Demonstration Agent, Littlefield.

Judges for the junior records were Laura Sue Wheeler and Connie Hulsey, Olton junior leaders.

The program includes advance stage construction on some roads already begun in addition to new mileage. Total cost of the work is \$23,8 million.

Included in the program are construction projects in 142 Texas counties. It covers advance stage construction on some roads already begun as well as new routes.

Of the new mileage 377 miles or 69 per cent are school bus routes and 344 miles or 62 per cent are rural mail routes.

Each day during the school year, almost half a million Texas youngsters are transported to school and back home by an estimated 8,000 school buses. Trips to school and back daily amount to more than half a million miles of travel, much of it over FM roads.

Rural mail carriers drive an estimated 50 thousand miles a day over the FM-RM system.

Impetus for the modern Farm to Market system was afforded by legislation passed in 1949 to "get the farmer out of the mud"--to enable farmers and ranchers to get their produce and livestock to market and to provide adequate, safe highways for school buses and mail routes.

In recent years, many FM and RM routes have taken on additional roles, providing access to recreational areas, daily trips between urban homes and rural farms or suburban homes and urban employment.

WOULD YOU BELIEVE frozen tomatoes, lettuce and other salad greens? They aren't on the market yet, but food scientists are working on solving the problems connected with freezing these foods with high water content, say Extension nutritionists at Texas A&M University.

SUMMERTIME brings warm weather, sunshine and itchy problems. One of the itchy problems is the chigger, a mite smaller than a dot. Chiggers are found out doors in many places. Lawns, golf courses, parks and river banks are just a few of the places they are readily found. If you get the pests on you, they cause intense itching. A prompt soapy bath will reduce the irritation.

YOU SHOULD USE a 150 watt bulb in a reading lamp. If you have a multiple socket you need three 60 watt bulbs. A floor lamp used for prolonged reading or sewing should have a bulb wattage of 200 to 300 watts, according to Extension home management specialists.

TOMORROW'S WORLD may not have some of the fruits that we have today unless machinery can be developed to harvest the crops economically. Most fresh fruits have been harvested by migrant workers in the past, but that is a long drawn out process, say Extension foods specialists. Tomorrow's world will see new cultivating practices being used for fruits or some of the fruits will not be available on the market.

HPRF Annual Field Day To Feature Oil Seed Crops

A display of oil seed crops including plants, care, and products will be an interesting feature of the 12th Annual Field Day of the High Plains Research Foundation on September 12, 1968. Hosts for the afternoon will be members of the Oil Seed Commodity Committee of the Board of Trustees of the Foundation. The display will be located in the Seed Processing Laboratory.

Soybeans, Sunflower, and Rapeseed are included in the Research Program at the Foundation. The display will include all these crops, with emphasis on soybeans. Short, medium, and long-season soybean varieties will be compared. Differences in yield and quality as affected by cultural practices will be shown. A soybean production guide, published by the Foundation, will be available. Producers have found this information valuable in selecting planting dates, irrigation procedures, and harvesting methods.

Sunflowers will be on display to show plants of acceptable

combine heights and desirable head size. Products of both soybeans and sunflower will be on display.

The Oil Seed committee reviews the research presently underway and makes recommendations for future research to the Board of Trustees and the staff. W. B. Tilson of Plainview, is Chairman of the committee. Other members are W. L. Goble, Loveland; Delwin Jones, Lubbock; Fred Mercer, Silverton; Macy Orman, Fort Worth; J. Ray Pritchett, Clovis, New Mexico; Cloyce Terrell, Sunray; Raymond Thompson, Vega; Harmon White, Cotton Center; and Clarence Wright, Plainview.

Members of some of the Young Homemakers chapters of Area One will again be hostesses at the Annual Field Day. They will welcome visitors, help them register for attendance prizes, and distribute copies of the program outlining the tours, displays and evening program. Their activities will be under the direction of Area One President, Mrs. R. B. Stanton, Idalou, and her staff.

Business Expected To Be Good In Third Quarter Of '68

At least 1,518 corporate executives interviewed in the recent Dun & Bradstreet, Inc., survey of business opinion were just about as confident in their economic forecasts for the third quarter of 1968 as they had been in the second quarter, the only outstanding shift in opinion, and a moderate one, was in the area of prices.

Slightly fewer of the executives than three months earlier looked for further pricing rises. Three out of four still predicted sales increases for the upcoming quarter, while six out of ten anticipated boosts in their profits.

Sales optimism index (the per cent of businessmen expecting year-to-year gains in the third quarter minus those expecting declines) ebbed slightly in this

latest survey, after two successive advances to the highest level since late 1966. Most appreciable changes in expectations were noted in the manufacturing group.

The nondurable goods makers were considerably more ebullient concerning year-to-year sales gains in the third three months of 1968 than they had been in the second three months, this being the strongest expectation. But, the durable goods makers, in contrast, were strongly less optimistic about their probable sales performance.

A moderate up-grading was registered in the retailers' sales prediction, while, on the other side, an equally moderate downgrading occurred in the wholesalers' prediction.

The Family Is Changing, Child Rearing Roll Less Important

The family is changing; the importance of its child rearing role is decreasing, the importance of marriage is increasing.

People no longer marry just to have families, said Ed Pope, Federal Extension specialist in human relations and development. They marry for self-fulfillment in a society in which other relations are increasingly impersonal. The intimacy of marriage becomes for adults something

they either have or have to find a substitute for, Pope said.

In child rearing, the family increasingly is giving way to peer groups and "all one can do is speculate about its effect," said Pope.

This has never happened in a society before, he said. Children have been turned over to other groups to be raised, but never a group of its own age. It is just happening in our society with no real control or direction.

A basic rule in pesticide safety is to read and follow directions and precautions on the container, advise Extension specialists at Texas A&M University. Do it each time you use a pesticide; don't rely on your memory. Always remember that many pesticides can be harmful to people and pets if they are not han-

dled, applied and stored with care and caution. Safe storage is particularly important to avoid accidents involving young children.

If a pesticide container has lost its label--dispose of it! Don't save or reuse empty pesticide containers, warn Texas A&M University Extension specialists.

Correction: Earl Harrison is a nephew of M. H. Fowlkes rather than a cousin as reported last week. Also the graveside rites for Mac Wolf were at the Lakeside Cemetery near Memphis instead of the one near Tulla as was reported earlier.

Mrs. M. and Mrs. W. E. Louder and Mr. and Mrs. Ezell Sadler visited in Sundown Monday afternoon with Arthur Baggett, a brother of Mrs. W. E. Louder.

Rev. M. D. Durham returned home from the revival in Marton Monday.

Mrs. J. Paul Waggoner, Mrs. Alton Louder and Mrs. L. B. Bowden visited at the Golden Spread Home in Dimmitt Monday afternoon. They took a table on wheels for the record player given previously by the church. They sang with and for the residents and took some pictures.

Mrs. E. R. Sadler worked at Plains Memorial Hospital in Dimmitt Monday afternoon at the desk, gift shop, library and coffee cart.

Mr. and Mrs. Harold Welch, Robert and Patty of Hobbs visited last Tuesday with his aunt, Mr. and Mrs. John Spencer and Mrs. Howard Spencer.

Mrs. Mary Fain, Robert and George of Ada, Oklahoma, and Mr. and Mrs. Clyde Akers of Lubbock visited Wednesday and Thursday with Mr. and Mrs. John Spencer and Mr. and Mrs. Howard Spencer. The Noah Spencers also visited with them some. Mrs. Fain is a niece of Mrs. Spencer.

Debbie Curtis attended Summer-Sun at the First Methodist Church in Earth this week at night. The group spent Friday night and Saturday at Buffalo Springs Lake at Wesley Lodge and got in some skiing, boating and swimming.

Mrs. Gerner Ball and Debra and Mrs. Larry Stams and Deanna visited in Earth Wednesday with Mrs. Ball's mother, Mrs. Beulah Newton.

Enjoying ice cream in the home of Mr. and Mrs. Bill Matlock Wednesday night were Mr. and Mrs. Howard Bridges of Weatherford, Mr. and Mrs. John Bridges and Bruce of Earth, Mr. and Mrs. Eddie Haydon of Sunnyside, his cousin and house guest, Albert Shaw of Dallas, and Mrs. Thelma McClanahan of Sunnyside.

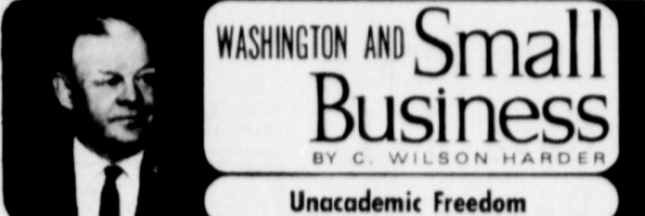

Rev. M. D. Durham and Hershel Wilson took the junior boys to camp Wednesday through Friday. The boys were Sonny Bill Adams, Lonnie Wilson and Lee Brown.

The WMS met for business Wednesday night with the resident presiding. Mrs. Roy Phelan had charge of the prayer meeting in the absence of the pastor.

About .10 inch of rain was received in the community Wednesday night.

Mrs. E. R. Sadler and Mrs. Pearl Sadler of Dimmitt visited in the Methodist Hospital in Lubbock Wednesday with Mrs. Tommy Fowlkes of Fort Worth. Her mother Mrs. Anderson of Lubbock is critically ill and in the intensive care unit. Tommy Fowlkes and boys drove M. H. Fowlkes from the wedding in Austin to his home in Rockport, and then flew to Lubbock to be with the Anderson family while he is on vacation. The boys, Steve and Mark, will spend part of the time with their aunt, Mr. and Mrs. E. R. Sadler and the Gale Sadler family. Tommy brought them Thursday and visited again Sunday. Steve went back to Lubbock with him Sunday.

Unacademic Freedom

Around the turn of the century there was an educator by the name of Dewey who launched the idea of what is known as "progressive education."

And this is perhaps what causes the trouble in the college campuses today. In Dewey's time, the biggest thing going was to set fire to the opposing colleges before they could hold their pre-Big Game rally. Or to paint the sidewalks with the school color.

This then progressed to swallowing goldfish, tearing down goal posts, and even crowding astounding numbers of students into telephone booths.

And now it has progressed to seizing college buildings, burning and destroying records, books and furniture. And such has education progressed that there are even some faculty members who hail this as progressive education.

But as education has become more "progressive" so has the burden of taxes placed on the average citizen for education become more progressive. In fact, much more progress could well break his back.

Perhaps the two most overlooked factors in this whole sorry mess that has disrupted the college campuses are academic freedom and the taxpayer.

This academic freedom cry raised whenever the college is visited Friday afternoon with Mrs. John Spencer and Mrs. Howard Spencer. She is the mother of Mrs. Kenny Akers, Mr. and Mrs. Bob Ort visited Friday night with Mr. and Mrs. Clarence Mitchell of Springlake.

Mr. and Mrs. David Sadler of Lubbock came in Friday evening for the weekend here and with their family in Hereford. They and Mr. and Mrs. Larry Sadler and girls and Mr. and Mrs. James Powell and children of Dimmitt had supper Friday night with their parents, Mr. and Mrs. Ezell Sadler, Mr. and Mrs. E. R. Sadler and Mrs. and Mrs. Ezell Sadler received word Saturday night that an uncle, F. L. (Tiny) Weaver of Abilene had passed away. Mr. and Mrs. E. R. Sadler and Ezell Sadler left Monday morning to attend the funeral services at Abilene.

Mr. and Mrs. Houston Carson and Resa visited in Olton Friday afternoon with his mother, Mrs. J. L. Carson and his sister, Mr. and Mrs. Hack Bilbey of Graham.

Resa Carson attended the Bead Ceremony of her Camp Fire group in Dimmitt. She received the beads she had earned. Her mother accompanied her.

Mr. and Mrs. Dean Kirby and Ronald of Dimmitt were supper guests of Leslie and Sandy Louder Friday night.

A/IC and Mrs. Richard Montgomery and her sister, Wanda Laxson of Lubbock spent Friday and Saturday with Mr. and Mrs. Noah Spencer and Ann. He is stationed at Sheppard Air Force Base at Wichita Falls. She is still working in Lubbock.

Mr. and Mrs. Earl Phelan of Fieldton visited Sunday afternoon with Mr. and Mrs. Roy Phelan and attended church with them Sunday evening.

Mr. and Mrs. L. B. Bowden and Mrs. Ed Thompson left Saturday evening for Bowie to attend the Bowden family reunion Sunday.

Karen and Tommy Lewis of Olton visited in the Sunday morning church services. They and their parents visited with the Raymond Lilley's Sunday at the hospital.

72 attended Sunday School with 51 in Training Union Sunday. Gene Ivey led the song service.

Hogs Top Market Source For Grain Sorghum

COLLEGE STATION---Grain sorghum marketed on the hoof could be the answer for both grain and swine producers in Texas, Dr. Donald B. Hudman, Extension swine specialist with Texas A & M University, says. According to tests conducted at the Stiles Foundation Farm near Thrall, grain sorghum fed to market hogs netted twice as much as grain sold at harvest-

time in the area. On the market, grain was valued at about \$2 per hundred pounds, but the hogs returned about \$4 per hundred. In the nursery unit, pigs from four to five weeks of age raised to 75 pounds, consumed about two pounds of feed per pound of gain. Hogs from 75 pounds to finishing, about 210 pounds, consumed approximately three

and one-half pounds of feed per pound of gain.

The herd average at the Stiles Farm was approximately 334 pounds of feed per 100 pounds of gain, including sows and boars.

In the tests, 196 sows have farrowed 2,077 pigs, but more important, says Hudman, is the number of pigs per litter--10.6. At 35 days of age the litters averaged 9.4 pigs, or about 2 pigs per litter more than the national or state average.

The term "mortgage lifter" could once again be applied to hog raising in Texas if producers follow good production practices, says the specialist.

Market hogs should weigh approximately 200 pounds at 154 days of age for optimum economic production.

A desirable product must be marketed by the hog raiser and it should be one which the consumer wants and demands. About 90 per cent of the market hogs should grade "Number One."

"Today, Texas producers must shoot for the meat-type hog with a loin-eye area of about four and one-quarter inches. An even better indication of the amount of meat a hog is carrying is the back-fat probe--an ideal hog is one with a back-fat measurement of 1.4 inches or less," Hudman says.

Outsiders Have 8-1 Record

The Earth Outsiders baseball team racked up a 11-6 victory over Plainview's Astros at 8:00 p.m. on Tuesday, July 23, in Plainview.

Doug Messer was the winning pitcher, Doug reported that the infield did a great job and played an important role in winning the game.

The Outsiders won their Sunday afternoon game with Olton on July 21, in Olton, by a 21-3 margin. Steve Sanderson and James Thomas pitched. The local team has an amazing record of eight wins and only one loss.

Their next game has been scheduled for Tuesday, July 30, at Plainview.
