How It Looks From Here

By Ray Freedman

The exhibition put on last week by the Springlake-Earth High School Rodeo sponsored by the Student Council and FFA was one that surpassed any performance of previous years. The events were well planned and scheduled like clockwork, which made for an interesting fast-moving evening at the Rodeo. These teachers, community participants and students deserve a vote of thanks and congratulations for a job well done.

Which brings us to the upcoming annual rodeo, scheduled for July 20, 21 and 22. The rodeo this year promises to be bigger and better than heretofore. We

Hire-A-Teen

Need a lawn mowed, a wall washed, leaves raked or snow shoveled?

A new Hire-a-teen program announced by the Earth Chamber of Commerce is solving these problems for area residents.

Here's how the program works. The Chamber office serves as a clearing house between teens who want to work for pay and those who have jobs they want to pay to have done. The Chamber accepts applications from kids 13-19 who want to work to earn money. From these applications the pool of labor is formed. The Chamber also accepts requests from people who have a job that needs to be done.

Each day the requests are matched to the pool of available teens. The applicant is contacted by the Chamber and given the employer's name and phone number and the prospective employee contacts the employer, and from that point on it's up to the two of them to work it all out.

MAKE THE Community aware is the purpose of the new marquee, but this is not possible if the people won't let those responsible for changes know what and when the upcoming events are. Call Gary Bulls, Tom Lively or the Chamber office.

Cokers Granted Tech Degrees

Texas Tech University College of Business Administration conferred Degrees on Jo Anne Coker and Steven Kent Coker during commencement exercises on Friday evening, May 12th and Saturday morning, May 13th.

How It Looks

(Cont. from page 1)

are extremely proud of the fact that the Band Director at Springlake-Earth School has assured us that he will make every effort to present the City of Earth with a band for the Rodeo parade. This was the only disappointment last year, there was no band. The planners of this event are encouraging everyone to be present and a special invitation is extended to individuals and organizations to enter a float in the parade. There was a good turnout last year, but there was a very distinct absence of several local service and civic organizations. Let's all do what we can to make this year's Rodeo a huge success.

We were engaged in an interesting and informative conversation with a couple of women who are promoters and backers of our school. They informed us that we did not present enough of the school news in the paper and were most eager to do what they could to correct this situation. We explained to the ladies that we also are concerned about some of the school news that is left out, and presented a partial solution to this problem. We are not able to cover news events that we aren't aware of until the event has passed. We again implore each and everyone in the community to please drop us a card or call us and we will make every effort to cover these events. Sometimes, we cannot send a representative to the event, but if we are aware of it, we will make an effort to get the facts and run the story. Again we say this is your newspaper, please help us get your news covered each week.

4-H Play Day

(Cont. from page 1)

All Around contestants must enter 4 classes, one of which must be Halter or Showmanship.

Belt Buckles will be awarded to all age groups.

Trophies will be awarded 1st through 6th place in each age group and event.

Everyone is invited to watch the kids participating and enjoy the fun.

Valedictorian

(Cont. from page 1)

Postmaster Issues Reminder

Postmaster Harold D. Miller today issued a reminder to postal customers in Earth that if the Postal Service's new packaging guidelines are followed they can virtually eliminate damage to their parcels.

Postmaster Miller said that checks at bulk mail plants show that more than 80 percent of all articles damaged in the mails were improperly packaged.

While the regulations and guidelines adopted recently by the Postal Service are detailed, they boil down to several basic steps that can help assure safe delivery.

First, select a strong carton. Use a fiberboard box with the "burst-test" number printed on it.

If the box says, for instance, 125 lbs. it can be used for mailing many types of merchandise weighing up to 20 lbs.

When a person is shipping dense or heavy materials, such as books, stronger boxes are required. For 10 lbs. of books the Postal Service recommends a box with a 175-lb. burst test.

The Postal Service suggests that wrapping paper not be used on cartons. If a wrapper is torn or lost in transit, the mailing address may disappear. Further, the paper adds nothing to the package's strength.

The use of masking and cellophane tapes for closing or sealing is prohibited. In transit they tend to peel off, and they have little strength. String is not recommended. If twine loosens, it can readily catch on processing machinery.

Instead, parcel post customers are urged to use the pressure-sensitive, reinforced tapes. They are almost unbreakable.

When marking a package "Do Not Bend," it is required that the container have stiffeners which will protect it from being bent.

In using a second-hand box, it is important to make out addresses that may have been printed on it along with extraneous numbers that could be confused with the ZIP Codes.

A final suggestion: Always return address card in the package so that it can be returned if the mailing label is damaged or lost.

Postmaster Miller said customers should contact the Earth Post Office for more information.

Dimmitt Locals

By Maxine Short

Funeral services for 81 year old Mrs. Lucie M. Lindsey of Memphis, mother of Robert Lindsey of Dimmitt, were held Sunday afternoon May 7, in the First Baptist Church in Memphis with burial in the Fairview Cemetery there.

Mrs. Lindsey passed away Friday in Lubbock. She was born in Van Buren Arkansas and moved to Memphis in 1919. Her husband Horace H. Lindsey passed away in 1977. She is survived by two sons, Robert of Dimmitt and Gene of Memphis; two daughters, Betty McBoe and Mrs. Norman Heath, both of Lubbock; one sister, one brother, 10 grandchildren and four great grandchildren.

Funeral services for 87 year old Mrs. Maynard Webb, of Plainview, sister of Mrs. Ollie Carver of Dimmitt were held Monday morning May 8 in the 9th

ALLIE DEAN AIKMAN By Mrs. Tom Stansell Services were conducted at 2 p.m. Saturday May 13 in First United Methodist Church for Allie Dean "Susie" Aikman.

Officiating was the Rev. Olin Cosby, pastor. Interment was in Olton Cemetery under the direction of Parsons Funeral Home.

Mrs. Aikman died about 11 a.m. Thursday in West Texas Hospital in Lubbock. She had suffered a heart attack the preceding Saturday night.

Born September 13, 1902 in Bartlett, Tennessee she was married to Royce "Speck" Aikman May 18, 1929 in Canyon. He died Sept. 17, 1976.

Mrs. Aikman taught school in Oklahoma four years beginning in 1921. She taught two years in Happy, 1927, 1929. She retired in 1964 after teaching first grade in Olton for sixteen years.

She was a charter member of Wesleyan Service Guild of First United Methodist Church of Olton and had been honored with a life membership in that organization.

She had been a member of Epsilon Delta chapter of Delta Kappa Gamma and Charter member of Olton Retired and Ex Teachers Club. She was a long time member of Olton Study Club.

She is survived by one sister, Mrs. M.V. Shuman of Hobart, Oklahoma, two nephews, two nieces, seven grand nephews and nieces and a great grand nephew and a great grand niece.

and Columbia Church of Christ in Lubbock with burial in the Rose Hill Cemetery in Tulia.

Mrs. Webb was born in Brown County. She and her husband were married in 1908, moved to Swisher County in 1926. She moved to California in 1937 and to Plainview in 1949. Her death occurred Friday.

She is survived by five daughters, two sisters, 13 grandchildren, 23 great grandchildren and 6 great great grandchildren.

A fund for Steve Garcia, a Dimmitt youngster who has been in the Northwest Texas Hospital in Amarillo since he was critically injured in a pickup accident near Canyon in March has been established with an account opened in the First State Bank.

To start the fund off, Mr. and Mrs. Tony Martinez sponsored a benefit dance Friday. They expressed appreciation to business firms which donated cash or soft drinks to raise the proceeds.

These included Dimmitt Supermarket, TG&Y, Mr. Burger, Parson's Rexall

Drug, Falcon's Liquor Store, Bobcat Drive In, Carlisle Theater, Joe's Liquor Store and the Guadalupanas, women of the Catholic Church. Garcia underwent surgery Friday with the hope of relieving serious paralysis which resulted from the injury.

When it met Tuesday to canvass the totals in Saturday's primary, the County Democratic Executive Committee found its self holding still another legal can of worms

in the disputed race for county-district attorney. Abiding by a 64th District Court order issued last Thursday, the committee denied certification to Keith Lemons Tuesday because he had not yet been able to produce a license to practice law.

Then the 17 person Democratic governing committee learned that, because of the court order, up to 10 more legal possibilities will now have to be studied before the November ballot is drawn up and that the committee

might find it necessary to arbitrarily appoint a candidate for the General Election. Jack Miller, the committee's attorney who called attention to the potential new problems at the Tuesday meeting said he would research the election laws to see what courses the committee had open.

Although Lemons' name appeared on Saturday's Democratic Primary Election Ballot, Judge George Miller of Floydada issued a temporary injunction two days earlier that barred him from being certified as the Democratic nominee. Stating he would give Lemons "until the last minute" to produce his law license, Judge Miller ordered the temporary injunction to remain in effect until 10 a.m. Tuesday (canvassing day). If Lemons could produce a law license by that time, the judge said, he would reopen the case. Otherwise, he said, he would make the injunction permanent.

Lemons' deadline passed Tuesday with his bar exam still in the hands of the state examining board in Austin.

Lemons graduates this week from Baylor University Law School told the court Thursday that he had taken his bar exam on February 27 and had been told at the time he should get the results in about 60 days.

Thursday's court order came as the result of a civil

suit filed by County Attorney Jimmy Davis, asking that the District Court enjoin the County Democratic Committee from certifying Lemons as the nominee. Davis charged that Lemons was not qualified to be the nominee because he was not a licensed attorney.

The Dimmitt volunteer firemen were called to the intersection of Broadway and Bedford at noon Tuesday, when a Chevrolet, van owned by Pete Rangel received minor damage
