## Piano Students Receive Superior Rating

The Annual Piano Festival was held Saturday, April 15th at the Trinity Baptist Church in Muleshoe. The festival was sponsored by Muleshoe Music Teachers Association. The purpose of this festival is to give a chance to gain experience by performing for a judge for criticism. The judge for this year was Ferrell Roberts from Clovis, New Mexico. The students were given ratings of fair, good, excellent, and superior.

The following students of Mrs. Jean Craft received Superior ratings: Cynthia Curtis, Lezlee Jones, Marty Watson, Mitzi Dutton, Kelley Walden, Lacy Layman, Page Layman, Jena Baucum, Ken Craft, Shelley Sain, Jim Sain, Sandra Speck, Heather and Terry Baker, Sherri Kinard, Mark Bell, Dorinda Shafer, Janna Wuerflein, Rebecca Barber, Penny Klesel, Tisha Cox, Kristine Miller.

Students receiving Excellent ratings were Shawndi Geissler, Alan Finney and Mandy Plank.

## Assoc. Of W's Ask Support

The Local Chapter of the Association of the W's met Monday night at the School cafeteria.

Twelve people were there to hear Mrs. Patricia Vogler of Hereford speak on "Textbooks in our Schools."

She reported on the new "Innovations in Education". Some of these bring Sensitivity training, Sex Education, Humanistic Psychology, and Fading Textbooks, (no homework).

Books shown encouraged suicide, murder, filthy language and disrespect for parents. Also a complete tearing down of any belief in God was also shown.

The sex education books that are being recommended and used in some of our nation's schools we would not allow in our homes. Also the pictures and wording would not be allowed in our newspapers. It is pornography in the rawest form.

It was reported that in some schools, homework is not given, thereby keeping the parent from finding out what the child is learning.

We are fortunate that we live in Texas and have the opportunity on the local level for our books to be reviewed by a local review board.

However, here are a few things we can do to help stop the "River of Pollution" both locally and nationally. Check what your child is reading and studying, and keep a check on the school sex education program.

On the national level, Senator Edward Zorinsky is sponsoring a bill called the Parental Consent Amendment. It is called the (Elementary and Secondary Education Act.) for prior informed written parental consent for federally funded programs dealing with the student's values, attitudes and beliefs.

Write to Senator Zorinsky giving him your support. Also write your senators telling them of your support for Senator Zorinsky's amendment. Write the Senator at: Senator Edward Zorinsky, U.S. Senate, Washington, D.C. 20510.

We thank Mrs. Volgar for taking her time to inform us of what is being taught to the children of our nation

## Youth Led Revival

The First Baptist Church of Earth is going to hold a church wide youth-led revival on April 21-23. The evangelist for the revival services will be Jeff Edwards; Terry Miller will be leading the music during each service. Both are students at Texas Tech University. The services begin on Friday and Saturday nights at 7:30 p.m. After the services Friday and Saturday night there will be a fellowship for the young people held in the fellowship hall of the church. Cake and ice cream will be served during the fellowship Friday night. A pizza supper will be held Saturday night.

The revival services on Sunday will take place at 11 a.m. and 6 p.m. The youth of our community are especially invited to attend, as is the public. A nursery will be provided during each service.

## Notice

There will be a Little League Baseball meeting held Thursday, April 20, in the Community Building at the City Hall of Earth, at 8 p.m. All interested boys and girls from the age of 7 to 12 are encouraged to attend so they may sign up to play. Also anyone planning on having an adult softball team need to have a representative at this meeting.

## Correction

The following names were unintentionally left out of the UIL Literary article last week. Glen Hausmann placed third in typewriting and Sharon Jones won 4th place in typewriting which is alternate for the Regional meet.

Both of these will be going to Odessa this week for the Regional meet.

### NEWLY WEDS

One key to keeping the "newlywed feeling" is the ability to recognize and handle conflict, bad feelings, or guilt, says Dorothy Taylor, a family life education specialist. "Even when there are differences, open conflict does not have to result, if couples try to really listen, try to reason and then give each other the benefit of a doubt when decoding messages they think they heard," she says. "Couples must realize that each partner brings to the marriage a different set of complicated communication codes, hopes and two individual personalities," she explains. The specialist is with the Texas Agricultural Extension Service, The Texas A&M University System. Exchanges between new couples carry both information and feelings, she continues. "Newly weds may feel guilty when they experience feelings of both love and hate so early in a marriage and fail to recognize these as normal feelings for all human beings. "Newlyweds need not lose feelings of deep love even if hate is present at times. No one loves totally, and couples will feel good and bad about each other at different times," Miss Taylor says. Even in the best marriages there will be conflict, the specialist stresses. "No matter how hard couples try, communication sometimes fails. "Major causes of conflict are money, household management, personality differences, personal goals and sexual adjustments." Recognizing the cause of a conflict as the real "villain," rather than making each other the villain will help keep communication lines open and lead to more mutually satisfying solutions, the specialist says. Attacking the issue and

not the person will help avoid such situations as open conflict. A conflict may start over who carries out the garbage and end up with, "If you loved me, I wouldn't have to ask you to help me," she explains.

There is merit in the sayings, "Kiss and make up," "Never go to sleep on a fight," and "Don't let the sun set on your anger," the specialist says.

"All three sayings indicate that couples do want help, that they want to face the real situation and that they do not want hostile feelings to prevail over their marriage relationship," she adds.

# AMERICA WASN'T FIRST.

We Americans are pretty smug sometimes... until we stop for a closer look.

It was the Russians who put the first satellite in orbit...A South African who performed the first heart transplant...The English and French developed the super sonic Concorde aircraft...and the Germans developed the diesel and jet engines.

And, of course, America has had a great number of firsts also. There's **only one** area, however, where we are head and shoulders above the rest of the world...and that's **Agriculture**.

The American Farmer's ability to produce food and fiber has won him the envy and admiration of the world. The American Farmer's work, sweat and genius have made us the best fed, best clothed people in the history of the world.

The next time you see a farmer, tell him "thanks" for his great contribution to our American way of life.

Agriculture is basic in Texas. America needs a strong Agriculture.

## Linda Lacy Honored

A dinner honoring Linda Lacy, bride-elect of Hal Lacy, was held Saturday evening, April 15 in the home of Mrs. James A. Lacy, Jr. The table covered with a cloth accented with Linda's chosen color of white, was centered with a bridal hat bordered with ribbon, filled with silk flowers in shades of yellow, orange, and mint green, designed by Mrs. W.O. Coker. Crystal and silver centerpieces completed the table decorations. Refreshments of fruit sausage balls, nut muffins, cheese and various breads with coffee and hot tea were served by Mrs. Coker, Mrs. Clifford Daniel, and Jennifer Wood and Becky Littleton. Special guests included Mrs. Pat Lacy, mother of Linda from Brownwood. Other out of town guests were from Seminole, Lubbock, Littlefield, Sudan and Amarillo. Hostesses for the event were Mrs. Tommy Wheatley, Mrs. W.B. McMillian, Mrs. Jay Walters, Mrs. Ronald Clewinger, Mrs. John

## Bugs Bunny Follies To Be In Lubbock

For the first time ever, Bugs Bunny, the star of thousands of cartoons seen and the world in movie theatres and on television, featured in over 350 newspapers and read in over 3 million comic books a year, comes to life as the star of his own live production, "The Bugs Bunny Follies" beginning April 25, 1978 at Lubbock Municipal Auditorium for three performances.

Truly family entertainment, The Bugs Bunny Follies is a presentation of Rodgers and Hammerstein Productions. Bugs Bunny headlines a live costumed performance of the most famous

Warner Bros. cartoon characters. He co-stars with Porky Pig, Speedy Gonzales, Daffy Duck, Elmer Fudd, Yosemite Sam, Road Runner, Wile E. Coyote, Merlin the Magic Mouse, and Tweety and Sylvester along with Tweety's mistress and protector, Granny. One of the highlights of the show is an exciting special guest appearance by world famous crime fighters, Batman and Robin.

The 2 hour show delights the audience, adults as well as children, with a mixture of singing, dancing, comedy and a tremendous amount of audience participation. Through the use of highly sophisticated rear screen projection, large cartoon type color visuals set the changing scenes.

Mel Blanc, the man who created the voices of the Warner Bros. characters and performed them in over 3000 cartoons, has again utilized his unique talent to record the sound track for the Bugs Bunny Follies. Tickets are \$4.00 and \$5.00 reserved seats. Tickets are available at the Auditorium Box Office, Furr's Family Center, Hemphill Wells at South Plains Mall, and Flipside Records. Kids 12 and under receive \$1.00 discount on all adult priced tickets.

Tuesday, April 25, at 7:30 p.m. is KLBK-TV Bargain night with all seats \$3.50, general admission. Mail orders can be obtained by sending a self-addressed stamped envelope and cashiers check or money order payable to CIVIC LUBBOCK, INC. to the BUGS BUNNY FOLLIES, P.O. Box 5486, Lubbock, Texas 79417. For information call 762-4616.

## Bill Clements Comments

Any surplus state money should be used to reduce the sales tax, gubernatorial candidate Bill Clements said last week. "I think we can reduce taxes," Clements said. "We should be able, with our revenues the highest in history."

But, he warned at a luncheon at the Inn of the Hills, state legislators "have carefully planned how to spend every nickel." "I think if you have a surplus on hand, as every sign indicates, any excess should be refunded in a reduced sales tax," Clements said.

## John Hill Comments

Attorney General John Hill called on the federal government today to adopt proposed petroleum price regulation amendments which would bring additional income to farmers. "The potential for helping our farmers by passing these amendments has been ignored for too long," Hill said in comments submitted to the Department of Energy on behalf of the State of Texas.

Texas 79417. For information call 762-4616. BUGS BUNNY FOLLIES performances are Tuesday, April 25, 1978 at 7:30 p.m. and Wednesday, April 26, at 4 p.m. and 7:30 p.m.

will be no incentive to market Gasohol. "Farmers in particular would benefit from passage of these amendments because agricultural crops and crop residues represent the largest source of fuel for the production of alcohol. Facilitating the production of Gasohol would help our farmers by giving them a market for their surplus products which have tremendous energy value," Hill said.

"Proper business management can cut taxes for the state," he said. "And that can lead to a surplus on top of the surplus we're accumulating automatically from economic growth."

There are goats in Tennessee and Mississippi that actually fall into a dead faint at any loud sound—a thunderclap, an engine starting up, even the clatter of a feed bucket. The cause is not cowardice, however, but an inherited nerve disorder.

PETRIFIED TREES (and live ones) in Petrified Forest Arizona.

**your National Parks  
Right Around Home**  
by Ben Moffett

Some of the nearly 300 parks in the National Park System were set aside by Congress to preserve special kinds of trees. There's Redwood National Park and Sequoia National Park. There's Big Bend National Preserve, and there's Joshua Tree National Monument, which usually protects a giant species of yucca. But none is more interesting than petrified forest National Park in Arizona. Congress also set aside the Petrified Forest to protect the trees. These trees are a little weird, however. They don't require water and the peripendient doesn't seem to worry about an insect infestation. All he seems to worry about is people carrying them away, pocketful at a time. The Petrified Forest is old and has been for 180 million years, give or take a few. But visitors along Interstate 40 in eastern Arizona still marvel at it. You will too if you like autumn colors. This forest is laden with golds and reds and even blues-365 days a year. At Petrified Forest, even the bark is pretty. That's because, through the process of petrification, the wood has been replaced over the millennia by the silica-based materials carnelian, agate, jasper, onyx and opal. It all started in the Upper Triassic period of geologic time, scientists believe, when the trees settled into a flood plain and were buried under oxygenless deposits of sand, mud and volcanic ash which prevented rotting. After burial, underground water flowed through the trees, depositing silica crystals. The collection of these crystals in the cell structure of the wood was the basis for the trees turning to stone. When the area began to erode millions of years later, the drab tree trunks reappeared as brightly colored stone, which retained in detail original tree shapes.

**THEN and NOW**

"Double the image, double the fun," must have been the thought that inspired Sir Charles Wheatstone to create the first 3-D stereo viewer in 1838. The result? Literally millions of European families found fun together viewing thrilling worldwide panoramas, treasured works of art, comedy scenes from "hit" shows, as well as "visits" with famous celebrities—all in their own parlors. Now, thanks to GAF View-Master viewers and full-color 3-D reels, silent and sound, families are again experiencing renewed joy with this toy that brings them closer together and keeps dull moments away.

# "Making Earth Tracks"

By Carolyn Hamilton

Jones Family: For half a century the prairies have been filled with the Joneses.

In 1930 the W.O. Jones, Sr. family came to Earth from Vinson, Oklahoma, venturing out into new country. Included in the family group at that time were Ruby, Lessie, Bud, Alma, Buzzy, and Naomi and her family. At the time, they settled on their land approximately 5 miles north, one and one-half east, and they all lived in a three room house while building their home. At that time, there were few neighbors: Sam Jones, John Gehnes (and the land which the Hamiltons had purchased, but had not moved on).

Mrs. Ida (Jones) Allen and her three children rode from Vinson to Floydada with Mr. and Mrs. Crill Bulls Minnie Jones two years before (in 1928). Mr. Allen drove the truck with their possessions to Floydada that same day in December. Then they joined him and all drove to Earth on the following morning. Later other belongings were brought out in a covered wagon along with their teams and plow tools. Mrs. Allen and her family lived with her brother, Tom Jones, in his home for about two weeks while their house was being completed. It was a little two room house, south of the school building, where Joel Jones, another brother, did live. During the next year the Allens built another house in Earth, south of the Post Office. They moved from the farm to town and then to different farms in the area where Mr. Allen rented land and farmed. Since 1956 Ida Allen lived in Earth until moving to Rockwell, Texas.

Mrs. Allen recalled that when they went to visit her brother, Tom, now deceased, they would just drive up the road just a little way and then turn out across the pastures to their destination. She worked at the laundry for about twenty years, and also did baby sitting. When she was at home, she was never idle, for she pieced quilts, washed, ironed, sewed. "I didn't ever have a spare minute," she said. "But I never regretted that we moved out to the Earth area."

(Note: When Clarence, Carol, and I moved to the farm near Earth in 1941, our shanty was located about a mile through the turn rows from the W.O. (Buzzy) Jones, Jr. (Buzzy, Clara Mae, and Dean.) In those days people were a rarity in that area, and I recall so vividly the first time I looked out on the eastern horizon and saw a young western man coming toward me. Was it a mirage? No, it was a neighbor about our age, Buzzy who had heard that a new family had moved in and had come to say "howdy." That began a lasting friendship between the Buzzy Jones and the Clarence Hamilton families. We all were starved for friends, especially young friends, and we and some of our other neighbors had many good times together. This is not the Hamilton story, but I must tell how primitive we really were. In order to have music in our little shanty, since we possessed no home radio, Clarence 'hooked up' our V-8 Ford car radio to a 6 volt windcharger battery so we could have music. Were we ever pioneers!

The W.O. (Buzzy) Jones, Jr. family moved to the

farm in 1939 the year they married. Clara Mae was from Amherst and in later years her family moved to Carlsbad, New Mexico. Dean, their first child, was born in 1940; Karen, some years later.

In our interview earlier in the 1970's I began "Tell me about the Buzzy Joneses." Buzzy said: "Well, (in his Texas brogue) "Ida and her family came out here in about '29; Tom in '25. All the family, all eleven kids left Oklahoma in a truck before daylight in January of '30 to go 210 miles, and with all the household belongings. We arrived at midnight that night in Earth. All met down at Ida's. There were five of them (Ida's family), four of the Floyd Burgesses, and Mr. and Mrs. Jones, Sr., Lessie, Bud, Alma, Ruby and me. There were sixteen of us in a two-room house!" (As mentioned before they all lived there while building their other homes.)

"Buzzy, is it true that your father took ice cold showers, year round?" I asked. "Yeah, but none of his kids would do it!" And in Oklahoma, the family lived in a half dugout on a homestead the first two years of my folks married lives. Two of the babies learned to crawl in that dugout. Sometimes snakes and skunks got into the building paper on the walls of the half-dugout."

(I refrained from inquiring which two.)

Clara Mae said: "Something funny happened out here in the '40's. 'Bezy' (Clara Mae's name for Buzzy) lost his pants to the ensilage cutter. That was one of the funniest times."

Buzzy commented: "We... opening up a new

brother-in-law was behind the cutter, catching. My sister-in-law had given me some red silk drawers."

"Sorta sexy in those days?"

"Yes," Clara Mae laughed, "it was real racy when he came to the house for more drawers!"

"And," she added, with another good story, "about fifteen years ago, 'Bezy's' cattle got out, and he could not get them back. When he finally found them, and started home with them, they ran out of one field into another. About that time, a car came along, and then they stampeded!"

Buzzy: "Did you know that seven days later I finally got those cows home? I went on horseback and rode one row at a time to get them headed home. Why, I had just about given up on 'em!"

Another tale he mentioned, "Remember the e-

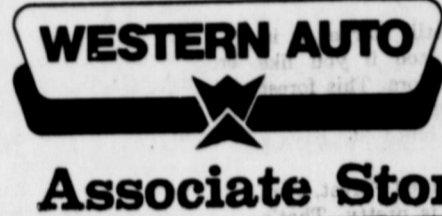

tall evergreens we had out at the farm? Well, it was at the new house at the farm, after the war, and the Conservation Program had said we could get trees at 39 cents each, so we or-

dered 500! I took the pickup and trailer to pick 'em up. Well, they were about 3 inches high and planted in paper cups." Clara Mae and I were becoming hysterical.

She said: "They look like lightning had struck them. 'Bezy' had dug ditches about 14 inches deep for them. A year would have done the job." (Cont. on page 8)

PETRIFIED TREES (and live ones) in Petrified Forest Arizona.

Johnson brought the Church of Christ services. Dean Campbree visited all the residents. Adrian Martin and son Kyle of Sudan visited Griff Boyle. Charles and Viola Jones visited Etta Jones. Pauline Renfro visited Mrs. Lehman as did Lucille Hulse. Mr. and Mrs. Dutch Burnett visited R.L. Gunn. Dorothy Abbott visited her mother, Etta Jones. Mr. and Mrs. Truman Stine visited his mother, Roie Stine and Mrs. Jones. Annie Nuttall visited Mrs. Jones and Mrs. Stine as did Mrs. Ralph Smathers. Mrs. Stacy Carr visited Mrs. Lehman. Mr. and Mrs. Clois Tomes visited Fannie Tomes. Zanelle Martin visited her father, Griff Boyle. Anita Munoz from Earth, Mrs. Lupe Acevedo and Licha and Rosie Villanueva from Littlefield visited all the residents and brought them fruit. Norman Patton from the Amherst Methodist Church gave church services on Thursday.

Opal McCaghren visited the residents. **THEN and NOW** "Double the image, double the fun," must have been the thought that inspired Sir Charles Wheatstone to create the first 3-D stereo viewer in 1838. The result? Literally millions of European families found fun together viewing thrilling worldwide panoramas, treasured works of art, comedy scenes from "hit" shows, as well as "visits" with famous celebrities—all in their own parlors. The idea for this pleasurable pastime was imported to the U.S.A. in 1861, when Oliver W. Holmes, the poet, invented his 3-D stereoscope and American families doubled their fun, too. Now, thanks to GAF View-Master viewers and full-color 3-D reels, silent and sound, families are again experiencing renewed joy with this toy that brings them closer together and keeps dull moments away.

**your National Parks  
Right Around Home**  
by Ben Moffett

Some of the nearly 300 in the National Park were set aside by Congress to preserve various kinds of trees. There's Redwood National Park and Sequoia National Park. There's Big Bend National Preserve. There's Joshua Tree National Monument, which fully protects a giant species of yucca. But none is more interesting than petrified wood National Park in Arizona. Congress also set aside the Petrified Forest National Monument.

Arizona still marvel at it. You will too if you like autumn colors. This forest is laden with golds and reds and even blues—365 days a year. At Petrified Forest, even the bark is pretty. That's because, through the process of petrification, the wood has been replaced over the millennia by the silica-based materials carnelian, agate, jasper, onyx and opal. It all started in the Upper Triassic period of geologic time, scientists believe, when the trees settled into a flood plain and were buried under oxygenless deposits of sand, mud and volcanic ash which prevented rotting. After burial, underground water flowed through the trees, depositing silica crystals. The collection of these crystals in the cell structure of the wood was the basis for the trees turning to stone.

When the area began to erode millions of years later, the drab tree trunks reappeared as brightly colored stone, which retained in detail original tree shapes. And the beauty in this national park isn't limited to trees. Here also is the famous Painted Desert, a strange landscape of badlands cloaked in curious shapes and vivid colors. Visitors headed west on Interstate 40 will find the park's Painted Desert Visitor center 69 miles west of Gallup, N.M. From the Visitor Center 69 miles west of Gallup, N.M. From the visitor center you can take the 27 mile drive through the Painted Desert and the forest. In all there are 12 designated stops including the visitor center and the Rainbow Forest Museum on the south end of the park.

The ladies of the Ruth Sunday School Class of Sudan gave the monthly birthday party for the residents Thursday. The only birthday for April was Matilde Martinez. Those ladies giving the party were Zetha Young, Edna Seymore, Elsie Seymore and Sue Whiteaker who played the piano. The residents want to express their gratitude to the ladies. Mr. and Mrs. Clarence Muncy visited Jewell Freeman. Bobbie Carpenter and granddaughter, Mandy visited the Manor residents. Kenneth and Joyce Carr, Mandy and Clay visited with Martha Lehman. Ethel Logan and Lenora Morgan visited Mrs. Pace. Mr. and Mrs. Walter Boness of Muleshoe visited Mrs. Doss. Martha Lueck and Mrs. Doss attended church services at Littlefield Sunday with Charla Carpenter. Lynn Blair and Bill

## May Is Older Americans Month

May is Older Americans Month, as designated by the President of the United States and the Governor of Texas. The Office on Aging, South Plains Association of Governments will show their appreciation of these fine people with a Special Recognition Day.

The Senior Citizens Fun Day will feature an Old-Fashioned Dinner on the Ground, Outstanding Senior Citizens Awards and a Senior Olympics. These activities will take place on May 17 at the Fair Park Coliseum in Lubbock. All Senior Citizens in the South Plains area are invited to participate. Selection forms have been provided for Senior Citizens Centers and related organizations. Other organizations wishing to recommend a Senior Citizen Member for an Outstanding Citizens Award may obtain a selection form from the South Plains Office on Aging at 1611 Avenue N, Lubbock. For further information, contact your local Senior Citizen Center or the Office on Aging, 762-8721.

## Basketball Camp

The Lubbock All Girls Basketball Camp will be held on the campus of Lubbock Christian College this summer.

Two week long sessions are scheduled for July 3-7 and 17-21.

The camp will be under the direction of LCC basketball coach Darrell Price. Any girl 10 years or older may attend the camp, however there is a limit of 50 campers for each session. "We want to make sure that each camper gets the proper amount of attention in the basics so we are going to limit the number to 50," Price stated.

Daily sessions will be conducted in the LCC Field House. Campers will live in the college dorms and eat in the school cafeteria. A full-time camper will pay \$90 for the week camp while commuters will pay \$75.

Price also indicated that some girls will not be able to attend. "The University Interscholastic League rules prohibit girls who will be playing on varsity team to participate in a camp like this. Those who are on junior varsity teams may participate however. If anyone has a question regarding to rule they should talk to their coach," he stated.

Registration for the camps will be in the LCC Field House, located on the west Lubbock campus, from 8:30-10:30 a.m. on July 3 and 17.

For more information concerning the camp contact Darrell Price at LCC, Lubbock, TX 79407 or call him at 792-3221 or 792-0114.

CLARA MAE JONES

### Making Tracks

Cont. from Page 5:

"Now they're about 22 feet high!" he added.

"We kept reminiscing: 'Remember our funny incident up at our little shanty the night a certain person spied on us? Just so happened we other friends, and our children were dancing to Bob Wills and his Texas Playboys. It was midnight; we heard someone out in the distance, and all ran out to see who it was. We were just young and having innocent fun; didn't have a cent in the world,'" I added.

"You know, I've thought about it lots. Buzzy said, 'We weren't poor then; we were rich!'"

"We mentioned our picking up the soldier from the Wichita Falls Air Base and bringing him home with us from Earth to spend the weekend. We all were so lonesome and especially for our loved ones in the service..."

"You could really trust people, then," Buzzy said.

"I remember the same thing when we were out in California way back. You weren't afraid to pick up people."

The only time the Buzzy Joneses ever left the farm for employment purposes was in 1945 and '46, when he worked in the mines, and the family lived in Carlsbad, New Mexico.

About the same time we lived in Louisiana. Their younger child, Karen, had not been born. Our younger child, Butch, had not been born.

The Earth home was beautiful and ultra-modern, but they were modest in showing it to me. Clara Mae's art table was set up with working

materials for decorations for a bridal party which she was planning to give in her home. Also she had made all of her holiday ornaments for her Christmas tree the year before. Clara Mae, still the giving, sharing person which she had always been, hostess for so many showers, parties, church affairs. She and Buzzy should definitely be called "Mr. and Mrs. M.Y.F. of Earth, Texas." They have been with the Methodist youth as long as I can remember.

I continued to marvel at the exquisite luxury of their new home, a

decorator's dream. Clara Mae mentioned that Karen, Tech Art graduate, and her husband assisted in decor. They reside in Lubbock. Buzzy and Dean farm. Dean, Judith, and their four children live on the old homestead, redecorated and modernized, although I could hardly imagine its needing anything, from my memories of their lovely farm home. Buzzy and Clara Mae still sing in the Methodist choir. They enjoy children and grandchildren, and were getting ready to go square dancing that evening.

Just about the most ultra-modern feature of their home, to me, was a concealed build-in-the-wall CB base station which assisted Buzzy in keeping in constant contact with all of his farm employees as they irrigated or were out in the fields in their pickups. To someone who lived in the area back in the '40's, this was far-out!

Busy, active, alive, Buzzy and Clara Mae and family are truly pioneers in the history of Earth. Their many deeds of kindness for their friends and loved ones during the years have made them dear. May they never change! Their footprints are indelible in the sands of Earth.

Mrs. Naomi (Jones) Burgess and Floyd Burgess (deceased) and their family made their "tracks" in the Earth area for many, many years. Before coming to Earth, Floyd Burgess had been employed by the Prairie Pipe Line Company, and later as a filling station attendant. Mrs. Burgess (Naomi) held the position as school teacher.

On the Earth farm they raised a garden during the summer months. To water the vegetables they would syphon water out of the overhead tank and run it through ditches into their garden. They would shuck and shell the corn by hand, then take it to the mill to be ground into cornmeal. They raised their own meat, butchered during the

winter, then hung the beef outside to prevent spoiling. Canning in glass jars came next, so that the beef was ready for later use. Cream, eggs, and butter were cooled in wooden troughs in the well house.

The Burgess family was very active in the Methodist Church. Floyd lived until approximately 1964.

(Note: The Burgess family and we, the Clarence Hamilton family, Clarence, Carolyn, Carl and Butch, were neighbors for many years after we moved into our newer brick home in 1955. I did not know them, personally, back in the '40's when we first lived in the area. We were too busy to visit too many people. I saw Floyd farming out in the field and Naomi out in the yard or garden in her bonnet. We knew their boys, Jim, Ken and Mike.) Naomi still lives in the beautiful brick home five miles north of Earth. She and Floyd were both true pioneers.

Mr. and Mrs. Bud Jones (Bud and Jo) and family

lived about five miles southeast of us. They, too, shared some of the neighborly get-togethers which we enjoyed during the war years. Clarence recently ran into Jo in downtown Earth and asked her about a certain song which I am sure 'rang a bell.' And Bud Jones, aback in the early '40's (when we were pretty young) introduced me to my very first western-type of dancing, Texas style.

The Bud Jones family has always been a great part of the history and accomplishments of Earth.

During the early 1970's Mr. and Mrs. Tom Jones rented our farm home. We had moved to Clarendon and Dwayne and family were living, temporarily, in the Jones' home, awaiting the building of a new home. Tom died several years later. (Note: I do not have information concerning Tom and Mrs. Jones back in their pioneering days but I am sure they put their very life into the community for about half a century. I would like a story about this family of Joneses.)

**From Your Agent To You**  
By JOHN FARRIS  
Lamb County Extension Agent

**CHECK ALFALFA FOR ALFALFA WEEVILS.** The alfalfa weevil was first detected in Texas in 1968 in several eastern counties. Since that time it has spread across the state, being first reported in the High Plains in 1972.

Damage to alfalfa occurs in the spring when the larval (or worm) stage feeds on the foliage. The weevil is primarily a pest of first cutting. It overwinters as an adult, with a few eggs being laid on warm winter days. Eggs are laid in clusters in the stem. In the spring, with the advent of warm weather, females begin laying numerous eggs. The young larvae which hatch out are very small, yellow-green in color and feed in the growing tips and developing buds of alfalfa. Older larvae are green with a white stripe down their back. All larval stages have curved bodies and shiny black heads.

The alfalfa weevil has only one generation per year. After the larvae finish feeding, usually by mid May in our area, the larva spins a net like cocoon on the plant or in the soil debris. From this cocoon, the adult weevil emerges and leaves the alfalfa field. The adults stay out of the fields all summer and reenter them in the fall. The cycle then repeats itself. Very small alfalfa plants which are attacked in early spring can withstand only limited feeding by the larvae. Larger alfalfa plants (12-18 inches in

height) can support considerably higher numbers of weevil larvae. If populations of alfalfa weevil larvae are heavy, a damaged field will have a greyish appearance.

We expect to have our peak alfalfa weevil activity in late April or early May in our area. If larval numbers are high enough to reach the economic threshold, one properly timed application should give control. Chemical treatments are recommended if more than 25 percent of the terminals, or growing tips, are infested with larvae. Several effective insecticides are registered for alfalfa weevil control.

Since the larvae are primarily a pest of first cutting, it is sometimes possible to cut a little earlier than usual and avoid chemical treatment. Cutting results in a lack of food and exposure to hot sunlight which kills many of the remaining larvae. Winter grazing by livestock helps reduce weevil populations.

**SUMMER CAMP FOR 4-H'ERS**-Summer is camping time, and for 4-H members, it's time to start thinking about taking advantage of some of the many great experiences in store at the Texas 4-H Center this summer. The Center, located near Brownwood in Central Texas offers a special camping program for 4-

H'ers during the period July 9-28. Theme of this year's camping program is "Texas Heritage and Horizons."

Summer camp at the Texas 4-H Center can be a unique experience. It provides an opportunity to meet new friends, learn new skills and have a great time. There nature activities, folk games, folk arts and crafts, outdoor sports and recreation, music and planned social recreation along with many other things.

Instruction relation to Texas' Cultural Heritage will be provided by qualified college-age counselors and resource persons. Adult 4-H leaders and county extension agents will serve as supervisors.

The camping program will be conducted according to age groups, with the schedule as follows: July 9-12, 15 years and older; July 12-14 and July 26-28, 10-11 years old; July 23-26, 12-14 years old.

Cost of the camp is \$35 per individual except for the 10-11 year old groups which is \$30.

Parents and leaders who will be providing transportation for 4-H'ers may make reservations to stay at the center at the same fee as for the youth.

Applications for the summer camping program at the Texas 4-H Center are available at the county Extension office. Reservations will be made on a "first come, first served" basis.

**Girls District Track Meet**

The Varsity track girls had a very fine day at the District track meet which was held Friday and Saturday, coming in second to Bovina who took top honors with the District win. The girls did well bringing home many medals and ribbons to show how hard they have worked this year.

1st and 2nd place finishers qualify for the Regional which will be held in Odessa on April 21 and 22.

Girls on the Springlake-Earth varsity who are going are Sheila Jordan in the Sprint Relay and the 100; Sharon Jackson in the Sprint Relay, Patricia Johnson in the Sprint Relay, Rosa Rivas in the Sprint Relay and the 800, Debra Hood in the 440 and Kim Haydon as an alternate in the Sprint Relay.

Individual track results of the varsity girls teams are as follows:

Rosa Rivas, 4th, triple jump, 31'8 1/4"; Kim Denham, 3rd, high jump, 4'10"; Linda Hood, 4th, shot, 31'9"; Carla Taylor, 4th, long jump, 14'5 1/2"; Patricia Johnson, 6th, long jump, 14'2 3/4"; Sheila Jordan, Patricia Johnson, Sharon Jackson, Rosa Rivas, 2nd, 440 relay, 52.3; Rosa Rivas, 1st, 880, 2:40.7; Stephanie Tunnell, 3rd, 880, 2:46.2; Debra Hood, 2nd, 440, 64.2; Sharon Jackson, 3rd, 80 hurdles, 12.1; Patricia Johnson, Sharon Jackson, Sheila Jordan, Debra Hood, 3rd, 880 relay, 1:43.3; Sheila Jordan, 1st, 100, 11.6; Patricia Johnson, 5th, 100, 12.2; Libby Keller, 6th, mile, 7:18; Rosa Rivas, Stephanie Tunnell, Rosie Lewis and Debra Hood, 3rd, mile relay, 4:29.9.

We congratulate these girls on a good season and for their accomplishments, and wish continued success for those going to compete in the regional.

**Hill Blasts Briscoe**

Attorney General John Hill said today a suit by Rep. Wayne Peveto of Orange attacking the state property tax is another symptom of Gov. Dolph Briscoe's neglect of property tax abuses.

"We had a chance during the last legislative session to start the ball rolling on property tax reform, and Gov. Briscoe never got in the game," Hill said.

"Now, our property tax system is under another court attack."

"We are already being attacked in federal court because of the inequities in

the property tax. "The Houston City Council is reviewing its revaluation system because of a mini-revolt by Houston homeowners."

"All of these danger signals were obvious to many of our state leaders during the last legislative session. I was the leadoff witness at hearings on the property tax relief bill, but our governor took no part in helping us push this reform. He refused to even meet with the sponsor of the bill to discuss it. Once again, Briscoe's neglect is coming back to haunt us."

World War I air ace Eddie Rickenbacker entered the war as chauffeur to General Pershing.

THE "DYNAMIC DLO" Batman & Robin make a special guest appearance in the Bugs Bunny Follies, a 2 hour live stage show opening Tuesday, April 25 at 7:30 p.m. for 3 performances in Lubbock.

### Crime Fighters to Appear at Follies

Batman and Robin, the world's most famous crime fighters, will make a special personal appearance in the Bug Bunny Follies, a live 2 hour stage show opening April 25, at Lubbock Municipal Auditorium for three performances.

A presentation of Rodger Hess Productions the show features Bugs Bunny and a live costumed cast of the most famous Warner Bros. cartoon characters including Porky Pig, Daffy Duck, Roadrunner and Tweety and Sylvester among others.

Batman and Robin bound onto the stage to the familiar Batman Theme. With lights flashing and sirens screaming they enlist the help of an excited audience to solve one of their most perplexing crimes. Robin has fallen under the spell of the infamous Dr. Danger. Only the boys and girls can save Robin from this menacing marauder. Naturally they do and in the end all is well again in Gotham City.

Batman was born in 1937, one of the first of the new crimebusters and certainly one of the most durable. According to his creator, Bob Kane, Batman is a combination of Zorro, Douglas Fairbanks, Sr., The Scarlet Pimpernel, The Shadow, Sherlock Holmes and Houdini all rolled into one.

Batman maintains the secret identity of wealthy playboy Bruce Wayne. Dick Grayson who is secretly Robin the Boy Wonder, was added a year after Batman first appeared. He was a hero with whom kids could identify. In planning his debut a plot was worked out to make him seem natural as Batman's aide. He needed acrobatic training so he was made an acrobat in the circus. His parents having been killed, Bruce Wayne became his guardian and thus the team was formed.

The combination has surpassed the expectations of all. Almost 40 years later, the exploits of Batman and Robin are followed in comic books by approximately 50 million readers a year in this country alone. The stories are reprinted in ten languages and distributed in over sixty foreign countries. Millions of items of character licensed merchandise bearing the likeness of Batman and Robin are sold throughout the world. In the past few years the characters have become more popular than ever through their nationally syndicated television series, The Adventures of Batman and Robin.

It is a fitting tribute to Bugs Bunny to have Batman and Robin appear with him in The Bugs Bunny Follies.

Tickets are \$4.00 and \$5.00 reserved seats. Tickets are available at the Auditorium Box Office, Furr's Family Center, Hemphill-Wells at South Plains Mall and Flipside Records. Kids 12 and under receive \$1.00 discount on all adult priced tickets. Tuesday, April 25, at 7:30 p.m. is KLBK Bargain Night with all seats \$3.50, general admission. Mail orders can be obtained by sending a self-addressed stamped envelope and cashiers check or money order payable to Civic Lubbock, Inc. to the Bugs Bunny Follies, P.O. Box 5486, Lubbock, Texas 79417. For information call 762-4616.

Bugs Bunny Follies performances are Tuesday, April 25, at 7:30 p.m. and Wednesday, April 26, at 4:00 p.m. and 7:30 p.m.

On Dec. 7, 1787, Delaware became the first of the original 13 states to ratify the Constitution.

### Making Tracks

(Cont. from page 8) wonderful Christian and friend of Earth people. He farmed the land and lived the life of the typical West Texas farmer. Minnie (Jones) Bulls, recently deceased, as the other Jones' women, loved her home, her family, friends, and the Methodist Church. The family was a great addition to Earth, and their home is one of the pretty ones on the highway just north of downtown Earth.

Alma (Jones) Moore and Earl Moore (who has been ill for some time), reside in Amherst, but they were Earth residents for years, and memories of them will always remain in the hearts of their Earth friends.

From a recent item in the Earth News-Sun, November 3, 1977, Mr. and Mrs. Joel Jones still live in Earth. Lessie (Jones) Messermore and Harvey Messermore live in Amherst. Mrs. Elva (Jones) Ellis lives in Missouri. (Note: I would

like more about them, for I am sure they, too, made giant strides in the history of the Earth area.)

Very little has been mentioned concerning the children, grandchildren and great-grandchildren of the W.O. Jones, Sr. family, but that would be another story.

Imagine, a half-century after the Jones family ventured out into new territory, their ancestors met for a family reunion and 99 attended. All of their children, excluding Tom (deceased) and Minnie Bulls, who was ill (but who was represented by her daughter, Mrs. Beth Faulkenberry and children) were present. Mr. and Mrs. Jones, Sr. would have been proud, rewarded and blessed for their daring and their foresight half a century ago.

Yes, the prairies are still filled with the Joneses. Possibly a half-century from now, the same can be said.

Earth is proud because they made their tracks.

April 13  
Funeral services for 19 year old, David Mueller were conducted Saturday afternoon April 1, in the Assembly of God Church with Rev. Gary Cook, pastor, officiating assisted by Rev. William Summers. Graveside services and burial were held Monday April 3 in the Roselawn Cemetery in Moline Illinois. Dennis Funeral Home was in charge of the arrangements.

Mr. Mueller, a 1977 graduate of Dimmitt High School died Thursday, March 30 at the High Plains Baptist Hospital in Amarillo a victim of cancer. Born February 8, 1959, he moved to Dimmitt with his family in 1966.

He is survived by his parents, Mr. and Mrs. John Mueller of Dimmitt; a brother, John Mueller III, of Dimmitt; a sister, Mrs. Darla Strickland of Avondale, Arizona; a grandfather, John Mueller Sr. of Moline Illinois; and a grandmother, Margaret Gooch of Decatur.

Pallbearers were Danny Anderson, David Anderson, Steve Black, John Davis, Colby Stewart and David Hawkins.

Funeral services for 71 year old Alma Frazier were conducted Saturday afternoon April 1, in the First Baptist Church with Rev. John Street, pastor, officiating. Burial followed in the Castro Memorial Gardens under Dennis Funeral Home Directions.

Mrs. Frazier died at 4:10 p.m. Thursday March 30, at Plains Memorial Hospital in Dimmitt following a lengthy illness.

Born January 16, 1907, in Marlow, Oklahoma, Mrs. Frazier had lived in Dimmitt for the past 45 years. She is survived by her husband Glover of Dimmitt; one daughter, Mrs. Pauline Hendricks of Levelland; one son, Larry Owens of Amarillo; one brother, George Short of Lawton, Oklahoma; three sisters, Mag Coffee and Alma Hicks both of Amarillo, and Opel Phillips of Galveston; 13 grandchildren and 12 great grandchildren.

Pallbearers were Lester McDermitt, Clint Cox, Fred Moulton, M.D. Odum, Rayphard Smithson and David Cole.

Fifteen year old, Steve Garcia of Dimmitt was scheduled to undergo surgery Wednesday. The youth has been in intensive care unit of the Northwest Texas Hospital in Amarillo for the past 10 days.

Garcia's condition was reported "stable-he's doing very well," early Wednesday. He suffered neck injuries on Easter Sunday in an accident on Texas highway 217, two miles west of Canyon, in which seven other youths were injured but less seriously.

Funeral services for 79 year old, Ester Elwin Gooch, a resident of Dimmitt since 1946 were conducted Friday afternoon in the Chapel of the Roses at the Dennis Funeral Home. Burial followed in the Park Lawn Memorial Gardens in Plainview.

Rev. John Street, pastor of the First Baptist Church, officiated.

Mr. Gooch died at 8:50 p.m. March 29 at Plains Memorial Hospital of Dimmitt.

Born July 16, 1898 in Cook County, Mr. Gooch moved to Dimmitt from Bovina. He was a retired employee of the Texas Highway Department.

Survivors are his wife, two sons, J.W. Gooch of Lubbock and Blake Gooch of Plainview; one sister, Bessie Steele of Gainesville; two brothers, Ches Gooch of Plainview, V.T. Gooch of Earth; five grandchildren and five great grandchildren.

Pallbearers were J.B.

Moore, Buford Owen, Vlise Thibodeaux, Jerry Gooch, Gene Gooch and Wesley Gooch.

A 1969 Ford pickup belonging to Jerry McKay was a total loss from a blaze which started from a short last Friday. Dimmitt firemen answered the call to a road 10 miles west and one mile south of town. A fire involving a small house and trailer house at 200 North East 7th at 2:58 a.m. Sunday resulted in extensive damage to both structures.

The Dimmitt City Commissioners accepted the resignation of City Police Sergeant Santos Perez at their Monday night meeting.

Perez, a sergeant in the department since November 1976, said in the letter "I have worked under four different police chiefs during my four years in the department, however, it is with regret that I find it difficult to work under the conditions which exist with the present chief, Alan Newman.

Perez asked to remain on duty until April 30, but the commission leave with pay until that date. Part of the period is accrued vacation time.

Twice Perez had been named acting police chief following the resignations of two different chiefs both of whom claimed non-cooperation from the sheriff's department as their reasons for resigning.

Newman was appointed police chief last month, succeeding Joe Ben Mitchell, who resigned in January.

Dick Reinhardt, a Dimmitt farmer and businessman, was seriously injured Friday when his pickup collided with the right rear of a turning car as he passed a truck 2.7 miles south of Dimmitt on Highway 385.

Reinhardt received severe internal injuries when he was thrown against the steering wheel of his 1976 Ford pickup. He underwent surgery Friday at Lubbock Methodist Hospital, and was reported in satisfactory condition Wednesday a.m.

The accident occurred at 12:40 p.m. Friday at the turn in the Bryce Dowell farm, along a stretch of highway that is now under construction.

The other vehicle involved was a 1977 Chevrolet Monte Carlo driven by Amanda "Molly" Moya of Dimmitt. She is a

medical receptionist here. Mrs. Moya was treated and released at Plains Memorial Hospital for head injuries.

State Trooper Jackie Gunnels said Mrs. Moya's car was south bound in front of a construction water truck and Reinhardt's pickup was behind the same truck before the accident happened.

Reinhardt pulled out to pass without seeing Mrs. Moya's car in front of the truck. At the same time Mrs. Moya started a left turn into the Dowell farm where her parents live.

The front of Reinhardt's pickup hit the left rear of Mrs. Moya's car. Both vehicles went off the unpaved highway. The water truck wasn't damaged.

Mr. and Mrs. Gary Langford of Dimmitt are parents of a girl, Amber Kay, born March 31. She weighed 7 pounds 2 oz.

Mr. and Mrs. Gumerinda Correa of Dimmitt are the parents of a girl, Lora, born April 1, and weighed 7 pounds, 4 ounces.

Max and Karen Newman of Stephenville are parents of a boy. He was born February 21, and weighed 9 lbs. 6 1/2 ounces. He has been named Justin Ray.

Mr. and Mrs. Dudley Wooten of Dimmitt are parents of a boy Jason Robert, born April 1 in Central Plains General Hospital in Plainview. He weighed 7 pounds 4 ounces.

Funeral services for 57 year old, Maria Guadalupe Teni, sister of Margarita Lopez of Dimmitt, were held Wednesday in Midland. Mrs. Teni was born March 22, 1925 in Sonora and died March 20 in Midland.

Survivors other than her sister here include two daughters, Lydia Torres of Midland and Francisca Teni of El Paso; four brothers, David Lombrano of Johnson, Cayelano Lombrano and Pitasio Lombrano, both of San Angelo and Manuel Lombrano of Arizona; three other sisters Leonor Aro of San Angelo, Alejandra Gomez of Sweetwater and Cuca Gomez of Plainview.

Patients in the hospital are Leora Calhoun, Fay Cline, Jose Florez, Ella Higdon, Jaci Holcomb, Althea Jovett, Suzie Martinez, Bob Mooney, Ruby Moultrie, Inez Ramirez, Jennie Staton, Hattie Webb and Peggy Webb.

Patients dismissed are Marie Tote, Steve Ramos, Christy Beliz, Cynthia Rena, James Coughran, Pearl Gass, Dick Reinhardt, Margarita Lopez, Danny Rice, Rose Brikenfeld, Linda Langford, Ruby Shannon and Caroline Correa.

The grand jury for the 64th District Court of Castro County was scheduled to meet Wednesday for its April term to consider charges against six persons.

Charges involve two cases of burglary, two of theft, one for the rape of a child, and one for DWI second offense.

Funeral services for Goodwin Miller, 79, a Dimmitt resident for 50 some years, passed away Monday evening in Plains Memorial Hospital here. Services were conducted Wednesday at 3 p.m. in the Bedford Street Church of Christ with Ronnie Parker

officiating assisted by Dale Wells, minister and Miguel Zuniga. Burial followed in Castro Memorial Gardens. Dennis Funeral Home was in charge.

Born December 9, 1898, in Hill County, Mr. Miller had lived in Castro County 51 years. He was a retired merchant and farmer, and had formerly operated a hardware business here.

He is survived by his wife Jeanie; a son, Jack and a sister, Pearl Sheffy, all of Dimmitt, also two grandsons.

Pallbearers were Fred Bruegel, Jr., Don Carpenter, Bill Gregory, Russel Moran, Charles Nutt and Dean Wiseman.

Honorary pallbearers were Swain Burkett, Earl Chaney, Ron Gfeller, Ward Golden, Woodrow Killingsworth, Carl King, Bob McLean, Ester Noble, Furche Riley, Jack Summers, Carroll Webb, Frank Wise, W.H. Baldrige and Robert Benton.

At its Monday night meeting on April 10, the Castro County Commissioners voted and gave permission to the Sheriff Granville Martin, for hiring a part time deputy at Summerfield.

The commissioners approved the hiring of James Dobbs as part-time deputy at Summerfield. Dobbs will be paid \$50.00 per month plus 10 cents per mile.

A three year dream of the Dimmitt High School Key Club became a reality Friday, April 7 when a big Marquee was put into place in front of the main entrance. Large slide in letters will be used to announce coming events at the DHS. The Key Clubbers have been conducting fund raising projects for more than 2 years to get the \$1700 needed to buy the marquee

Patients dismissed: Leora Calhoun, Bob Mooney, Peggy Webb, Jaci Holcomb, Ella Higdon, Ruby Moultrie, Jose Flores, Maria Reyes, Audelia Estraca, Matt White, Kristen Birkenfeld, Joyce Birkenfeld, Scott Blackwell, Althea Jouett, Fay Cline, M.L. at their center at a Sunday afternoon tea where they welcomed 80 some callers. Old timers of Castro County were among the group which greeted visitors. They included Bill Webb, Faye Holland, Nora Mae Newsom, M.A. Pennington, Ruth Coleman and Mrs. Earl Brock. Myrtle Andrews and Penetha Armstrong served punch and coffee which was served with mints and cookies. The tea table was laid with a venetian lace cloth and centered with a bouquet of peonies in shades of pink. Ocie Bolton was in charge of the tea arrangements.

Hand-made articles large and small were on display, showing visitors the various crafts practiced by members of the Senior Citizens Organization here. Also displayed were plans which have been drawn up for a proposed Senior Citizens Center in a building the county group hopes to acquire, which would give it space for all the activities its members hope for. The present center is the former American Legion building in Southeast Dimmitt.

**A consistent yielder year after year**  
 Pioneer® brand 8311 has proven itself to be a dependable sorghum under many conditions. These bred-in characteristics make it just right for planting in the Texas Panhandle, South Plains and Eastern New Mexico:

- High test weight grain
- Outstanding disease tolerance including MDMV, smut and others
- Good standability with good roots and sturdy stalks
- Outstanding height uniformity with good head exertion

**Outstanding yielder with excellent standability**  
 This new sorghum hybrid has a superior yield record in this area. Pioneer® brand 8501 produces heavy test-weight grain and has outstanding stress tolerance. Take a look at these other characteristics that make 8501 so dependable:

- Yields well under limited irrigation or dryland
- Excellent seedling vigor and disease tolerance including smut, MDMV and others
- Uniform head height with good exertion
- Beautiful field appearance

**Get greenbug tolerance without giving up yield!**  
 New Pioneer brand 8451 delivers top yields in its class of medium maturity sorghum hybrids. And its greenbug tolerance protects 8451 through serious infestations. This hybrid has a lot going for it in '78.

- Outstanding greenbug tolerance without sacrificing yield
- Good seedling vigor
- Good tolerance to MDMV and head smut
- Dries fast for earlier harvest
- An all-around performer, irrigated or non-irrigated

**Who put Johnstown back in touch with the world in 23 hours?**

We did... General Telephone. At least, that was the beginning. And, within a week, our operations were virtually back to normal.

But what a job it was! We had to get cable from Texas and compressors from Colorado...

And we brought in 550 skilled repair people from General Telephone companies, and had them working night and day until the emergency was over.

We realize how important it is to keep you in touch with your world. So we do all we can to create the most reliable phone service the world has ever seen. We spend hundreds of millions of dollars every year, making sure that when you pick up your phone... it works.

**We keep you talking.**
