A CONSOLIDATION OF THE EARTH NEWS & EARTH SUN, OCTOBER 12, 1966

VOLUME 11 8 PAGES EARTH, LAMB COUNTY, TEXAS, THURSDAY, AUGUST 4, 1968 10 CENTS NUMBER 60

★★★★★★ NOSIN... With Polly ★★★★★★

Have heard the stories of several people this past few weeks who were looking for a place to rent in Earth. They say it is almost an impossibility to find a house to rent here... Seems like a few good apartment houses here in Earth would be a good business proposition for someone desiring to invest some money. As well as improve rental prospects for Earth. Some couples, I understand, are faced with having to throw up a teepee, an adobe hut, or some sort of makeshift pad, if they get to live in Earth...

We spent last Friday and Saturday fishing, resting, relaxing, mountain climbing, and enjoying the indescribable beauty at Pine River Lodge near Bayfield, Colorado, owned and operated by the lovely former Earthite couple, Don and Ermalee Atkinson...

Dr. Neal Record, Vice President of Wayland College, will fill the pulpit of the First Baptist Church of Earth, Sunday, August 8, in the absence of M. B. Baldwin, pastor. Dr. Record will be present for both morning and evening services. Mr. and Mrs. M. B. Baldwin left Monday afternoon for a two week's visit in Missouri, Oklahoma and Texas.

Commissioners Advertise For Equipment Bids

The Commissioners Court of Lamb County will take bids until 10:00 a. m., Tuesday, August 31, 1968. All bids will be opened and read aloud for the purchase of the following described equipment: One (1) new diesel powered tandem drive motor grader with not less than 115 horsepower electric starter, power steering, 14 ft. hydraulic sidedrift chrome moldboard, cab, heater, defroster, windshield wipers, 1300 X 24 tires, front and rear. Precinct No. 2 will offer for trade in one (1) used 118 gallon, serial No. 118 HO 2768 and the balance in cash.

All bids must be sealed when filed or presented, and will be opened at the above time and date. The Commissioners Court reserves the right to accept or reject any or all bids.

Bookmobile To Be In Earth, Springlake Today

The High Plains Bookmobile is scheduled to be in Earth and Springlake on Thursday, August 5, and in Pleasant Valley, Friday, August 6.

The first stop for the Rolling Library, Thursday is for 9:15 to 10:15 at Amherst. The next stop is slated for 11:00 to 12 noon at Springlake, and from 1:00 to 4:00 p. m. at Earth. Friday the Bookmobile stops at the Y-L Community from 9:30 to 10:30; at Pleasant Valley, from 11:00 to 12 noon; and at Sudan, from 1:00 to 4:00 p. m.

F. E. HARWOOD INJURED SATURDAY

F. E. Harwood, employee for the Earth Pump Co., received slight chest injuries Saturday while working on the drilling rig. Harwood was taken to the Earth Family Clinic late Saturday evening and given first aid treatment. He was able to return to work Monday morning.

Rains Improve Crop Outlook

Rain which fell in the area last Wednesday afternoon, has improved the cotton outlook in the irrigated lands as well as the dry land farms around Littlefield, according to County Agent, Bill Kimbrough. One inch rain falling generally, and up to five inches in some areas was reported. Little rain was reported east of the Springlake-Dimmitt highway. Sunnyside received approximately five inches, and some places north of Earth reported approximately three inches.

NORMAN HAD A PROBLEM. Work was started this week in the dry fertilizer bins at Farm Chemical Co. of Earth to raise the floor. Several hundred dollars worth of fertilizer was lost in mid-June because of high water.

K. M. P. Pump Co. Steps Up Production

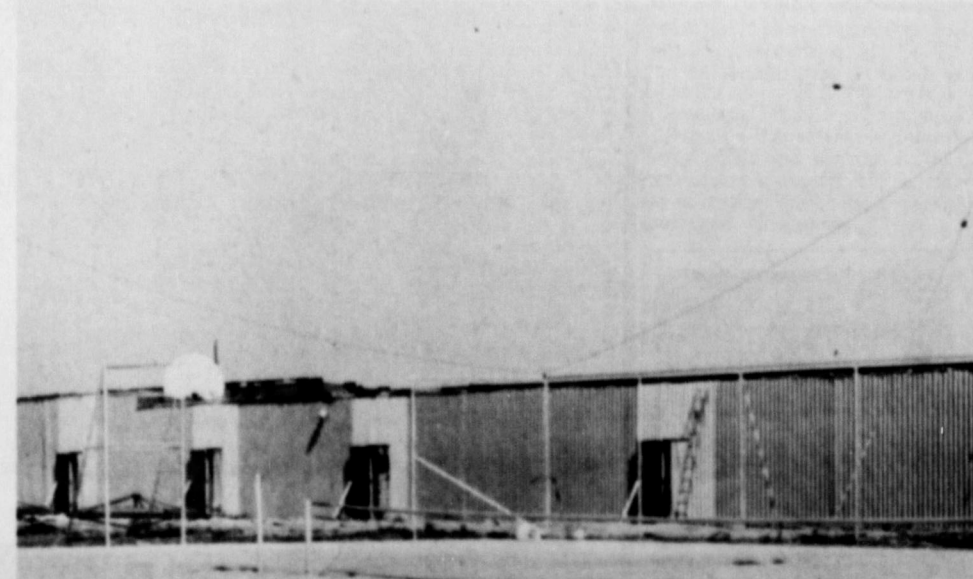

Ensvio Piedra of Amherst, has been employed at the KMP Pump Manufacturing Company in Earth. Piedra, an expert welder, was secured in order to step up production to meet the demand for the Superior Lake Pump, which is currently being sold in Oklahoma, Texas, and Colorado. The new KMP Lake Pump Manufactured in Earth has been tried and improved and found to be highly successful. The demand for this new pump is increasing daily.

C of C - Ag Breakfast Termed Big Success

Percy Parsons, Olton Funeral Director, was guest speaker Friday morning at a member breakfast for the Earth Chamber of Commerce and Agriculture, held at the Wolverine Drive-In. Parsons used as his subject, "Businessmen and Farmers Working together to build economy in a community and make it a better place in which to live." He gave the theory, "a dollar spent at home will change hands 8 times before it leaves town, thus equaling \$8.00 in value." He went on to explain that one Earth person spending \$100.00 in Lubbock would equal an \$800.00 loss to the over all Earth community. Unity in a community, he pointed out, is the answer to building a better community. Approximately 30 people, including directors, members, and guests were present for the breakfast.

Health Clinic Holds Second Meeting

The second meeting of the Migrant Health Clinic, sponsored by the Young Homemakers Club, was held Monday, August 2, from 7-9 p. m. in the Earth Community Building. Approximately 75 DPT, small-pox, and polio vaccines were given. Nurses participating include Mrs. Neil Pounds, Mrs. Helen Barton, Mrs. Mary Miller, Migrant Health Nurse, and Dr. C. H. Bausman, local physician. Young Homemakers and FHA workers include Mrs. Judith Jones, Mrs. Norman Clayton, Mrs. Sawnie Branscum, Mrs. Johnny Pellham, Mrs. Gerald James, Debbie Barton, and Jill McCord. The film, "Infant Diphtheria" was postponed this week, and is scheduled to be shown at the third meeting. There were several help booklets for the patient to pick up. These booklets were on child care, health, nutrition, sanitation, birth control, and dental care. The patients seemed very interested and picked these books up freely. The clinic was said to be a big success. It was better organized than the previous meeting, more helpers were present.

NEW SHOP-CLASSROOM. The new Stran-Steel building to house classes in Industrial Arts and Voc-Ag, as well as a garage for the buses is nearing completion. The new building is located west of the school cafeteria and is all steel, constructed by Dura-Bilt Products of Clovis, at a cost of \$25,000.

Help...

The News-Sun personnel is currently working on the next two issues of the paper in order to close Wednesday night, August 11, for a vacation. Producing two papers in one week is the only way we can allow employees an annual vacation with their families. In order to do this, we need the cooperation of advertisers as well as club reporters in turning in ad copy and news on Thursday, Friday, Saturday, and Monday for the August 12 issue. News copy and ad copy for the August 19 issue must be turned in Monday and Tuesday and no later than noon Wednesday, August 14.

May we thank each of you for consideration and cooperation during the past years, and may we once again solicit your help in producing these issues early. These issues will be mailed on the regular publication days, August 12 and 19.

Earth Lions To Sponsor Sunday Dinner

The Earth Lions will sponsor a Sunday dinner immediately following church services to 2:00 p. m. Sunday, August 8. The dinner was planned for August 1, but was postponed. A complete dinner with all the trimmings will be served, so following services at the church of your choice, enjoy a leisurely dinner with the Lions. Proceeds will be used to help finance the eye care program for underprivileged school children, the Crippled Children's Clinic, etc. Advance ticket sales will be \$1.00 for adults, 75¢ for children. If tickets are purchased at the door, \$1.25 will be charged for adults, 75¢ for children. Sales in advance will assist the planning committee as to the expected attendance. Tickets may be secured from Earth Lions members.

Earth Junior Riding Club Elects Officers

The Junior Riding Club met Monday night to elect officers. They are: President, Janey Randolph, Vice President, Pete Glasscock, Secretary, Debbie Barton, and Reporter, Alicia Washington. A weliner roast is planned for Monday night, at 6:00 p. m. at the Earth Rodeo Grounds for all members and prospective members of the Earth Junior Riding Club. All who are interested are urged to attend. Dues are \$1.00 monthly. Members attending Monday night were: Bruce Bridges, Craig Barton, Weida Barton, Debbie Barton, Steve Chance, David Foster, Hoyt Glasscock, Pete Glasscock, Kevin Hinson, Diane Jackson, Gary Jones, Janey Randolph, Aaron Schellar, Scot Schellar, Jerry Don Sanders, Kathy Scitem, Mark Waide, Rusty Waide, Alicia Washington, Mike West, and Joe Craker. Mrs. W. R. Morris spent Friday and Saturday in Rudoso.

HELEN PHILLIPS AND DWALA BOONE

Local Students To Attend Youth Conference

Helen Phillips and Dwala Boone will represent Springlake-Earth High School at the Attorney General's Youth Conference on Crime in Austin, Texas, August 20-22.

This 23rd annual conference, sponsored by the Attorney General of Texas, Waggoner Carr, the goals of which are one, "to stimulate existing Church, Civic, Youth, and other community organizations to devote more of their energies to projects designed to help youth meet the challenges of their generation through projects presented during the conference"; secondly, "to provide a clearing house for ideas among Youth workers, church youth leaders, educators, law enforcement officers, recreation staffs and other interested agencies and organizations; a clearing house filled with fresh new ideas from the youth of Texas themselves," and thirdly, "to teach Texas youth new ideas for combating delinquency which they can implement in their own communities in cooperation with the adult community."

J. W. Kelley, Area Pioneer Dies Thursday

J. W. Kelley, 83, died Thursday night in Lubbock Methodist Hospital, following a lengthy illness. He had been a resident of Earth 41 years, coming here from Sweetwater, Oklahoma. Kelley was a retired farmer and grocer. He was a member of the First Baptist Church of Earth, and of the Masonic Lodge. Services were held at 3:00 p. m. Sunday in the First Baptist Church of Earth, with M. B. Baldwin, pastor, and Rev. Earl Landtroop of Clovis, officiating. Burial was in the Earth Cemetery under the direction of Parsons Funeral Home, following Masonic graveside rites. Survivors include his wife, two sons, Ray and Marshall, both of Earth; one daughter, Mrs. Beulah Danforth of Earth, seven grandchildren and fifteen great grandchildren. One daughter, Ruby Devenport, preceded him in death. Grandsons and great grandsons were pallbearers. They were: Norman E. Danforth, Jerry W. Kelley, A. E. (Pete) O'Hair, Harry T. Lewis, Bill Dameron, Jerry Don Angeley, Arthur Ray Haberer, and Kelley Earl O'Hair. Out of town relatives attending were: Mr. and Mrs. L. N. Watson, Blair, Oklahoma; Mrs. J. B. Kelley, Erick, Oklahoma; Mr. and Mrs. B. Barham, Wheeler, Texas; Mr. and Mrs. Norman Danforth and family, El Monte, California; Mrs. Sybil Simmons and sons, Poway, California; Mrs. Clarence Ginn, Lubbock; Mr. and Mrs. Corbett Roberts and Glenn Belle, Lubbock; Mrs. Ruby Hodge, Lubbock; Mr. and Mrs. Bill Dameron and Pam, Littlefield; Mr. and Mrs. Jerry E. Devenport and daughters, Littlefield; Mr. and Mrs. O. B. Kelley and daughter of Tulsa. Miss Diane Hodge appeared on KGNC T. V., Amarillo, Saturday. She was accompanied by her family. Mrs. Mike Simmons is visiting in California.

THOSE GUIDELINES

A comparatively new element has been introduced into the ticklish areas of government, business and labor relationships, it is found in "guidelines" proposed by the government and covering very wide and important fields of activity, including labor-management negotiations and the trend of wages and prices.

Until recently, the guidelines have come in for relatively little criticism. But now, dissenting voices are being raised--and they deserve to be heard and evaluated.

George Champion, chairman of New York's Chase Manhattan Bank, provides one of these voices. In a speech which has been given an unusual degree of national attention, he called government by guideline "a giant step in the direction of Federal domination of the national economy." He added that "There seem to be guidelines for almost everything except the size of the Federal Government."

The guidelines, theoretically, are voluntary without the force of law. But there are grave doubts if that is actually the case in practice. Of this, Mr. Champion said, "Always in the background is the subtle threat that failure to comply with the guidelines voluntarily will bring strong coercive measures--measures applied for the most part without public debate in... Congress or legal appeal in the courts." In other words, if government fails to get its way by use of the carrot, it may reach for the stick.

The guidelines, and their methods of application, must be watched with infinite care, lest they become a subtle and insidious means of providing the government with unprecedented and dictatorial powers over all the nation's economic affairs.

Minimum Wage Problem

In one of his recent newspaper columns, David Lawrence wrote of the dangers and problems that are apt to result from arbitrary increases in the federal minimum wage, which is now set at \$1.25 an hour.

For one thing, increases lead to demands for wage boosts by more highly-paid workers. In Mr. Lawrence's words, "... As one class of employees is given an increase, the class just above it feels it is entitled to something of the same kind. This is often referred to as 'bumping' the wage scales."

For another thing, upping the minimum may actually do the most damage to those it is designed to help. Of this Mr. Lawrence says, "It can... mean that those persons without skills who are not considered today to be worth more than \$1.25 an hour would find it more difficult to get jobs because it might prove necessary for employers to hire better qualified persons at higher wages rather than to take chances with employees who are not really competent to do the work."

In sum, jacking up the minimum could set off a new wage-price spiral which would hit everyone in the country, and fall hardest on people of small means and lack of skills. And that, incidentally, would prevent the attainment of two avowed administration goals--increased employment, and the maintenance of a stable wage structure.

Waste Gets In Air And Water

Take a serious look at our country and you'll see some of the greatest achievements in the world's history.

Take a second look and you'll see our trash--our garbage and debris--pouring into our air--into our water.

No matter, you may think, we have plenty of air and plenty of water to carry this waste away. But this is not true. Our needs for good water and good air continue to grow while our supply of water and air remain the same, and we spoil much of what we have by dumping wastes into them.

Every person needs water to live. The basic water needs of each person--drinking, washing and such--average about 20 gallons per day. Today, however, the average American uses about 150 gallons a day. We soak our lawns, wash the car, fill our swimming pools and bathe as often as we wish.

Industry and agriculture have an even greater thirst for water. For example, production of one ton of synthetic rubber requires 600,000 gallons of water.

Every person requires air, minute by minute, in order to live. And we take air as it is, not knowing what debris or chemicals are in it. It's a pleasure to breathe on a brisk day when breezes blowing and a clear, blue sky overhead. But we've coined a word--we call it smog--for overcast days when the supply of air and wastes hangs heavily about us.

Pollution of our air is a hazard to our health; it affects the development of chronic diseases such as chronic bronchitis, emphysema and asthma--to name a few.

Further, air pollution costs us as a nation an estimated seven and a half billion dollars, or \$325 per family annually by running the paint on our houses and cars, soiling our clothes, corroding our buildings, ruining our crops and making our cattle sick.

The pollution of our air and water is something we can no longer afford. Your State Health Department has air and water quality surveys and other programs across the state.

But you as an individual have an important part to play. Support pollution control programs in your community, and think twice before you dump trash into your air or water.

PARTY LINE

Sunday dinner guests in the home of Mrs. L. D. Stanford and Ceal were her daughters and grandchildren, Mr. and Mrs. O. A. Winters of San Antonio; Mr. and Mrs. Virgil Williams, Mr. and Mrs. Jim Lumpkin and Jerry, Mrs. Larry Lumpkin and Stan, Mr. and Mrs. Theo Actkinson and Johnny, all of Muleshoe; Mr. and Mrs. Bobby Actkinson of Lubbock; Mr. and Mrs. Cecil William and family, and her father, Harvey Huckabee of Levelland; Mr. and Mrs. Billy Williams and family, Muleshoe; and Mr. and Mrs. O. D. Scheller and boys of Earth.

Mr. and Mrs. Ross Middleton and Phil spent the weekend at Pine River Lodge near Bayfield, Colorado.

needs might not be too far in the future. Due to the dwarfing effect on the plant caused by the hormone, it is also thought that yields may be increased in some instances by closer planting of the crop. At this time, Dr. Gohlke reports that his research will be complete in about 3 years. The results of the 1964 hormone research showed an increase in lint of from 16 to 50 percent per acre. Quality was unaffected with some indication of a stronger fiber.

WE AIN'T SO SMART

"SMART AS A WHIP," the old saying used to go. And I reckon we are pretty smart, with our push buttons, automatic hay balers, and air-conditioned combine cabs.

But, after all, are we really so "cotton-picking" smart?

Back in the prehistoric times some guys invented the wheel, the wedge, the pulley, the hammer, the saw, the chisel and the treadmill. Applications of these basic discoveries are still being used by modern man. These are some of man's most valuable basic mechanical inventions and they are old as the hills.

For my generation, I would like to nominate baling wire and kerosene for a place in somebody's hall of fame. Back when I was a kid, baling wire literally held the farm together, and kerosene was a combination fuel and antiseptic that was a 'must' in every farm home.

You name it and the farmer could fix it with baling wire. A broken cultivator, a split hoe handle, a broken wooden gate, broken spokes in a wagon wheel, harness in need of repair--any of these were mended with baling wire. In every barn you'd find a convenient nail in a wall or post used for hanging old baling wire.

Garages and repair shops were few and far apart. Home blacksmith shops were the source of repairs. So when the breakdown occurred, you'd always expect to hear someone call: "Get the baling wire."

And the kerosene! I can see it now--in the 1-gallon can with a potato stuck on the spout. If Junior struck a nail in his foot, or Papa cut his hand, Mama would always call for the kerosene.

Even today, in our modern and sophisticated environment, a 4-ounce bottle of kerosene on a drug store shelf would be a hot item for guys like me. Because back in my day, folks simply did not know how to operate a farm or home without kerosene.

So when the history books of my generation are written, they will be inaccurate and incomplete if they do not have a chapter titled: Baling Wire and Kerosene.

Taken from the Farmer Stockman.

Growing Crops With Less Water By Use Of Hormones Being Studied

Farmers have searched many years for ways to produce crops on less water. This may be just around the corner for Texas

farmers due to research at the High Plains Research Foundation at Hallsville, Texas.

Laboratory, greenhouse, and field experiments currently underway at the Foundation may disclose the possibility of securing the same yield from cotton on 1/4 to 1/2 of the irrigation water now used. A hormone applied in research by Dr. Arthur F. Gohlke, Assistant Director and Senior Soil Scientist for the Foundation, has been found to produce cotton plants with shorter stems, thicker stems, and thicker darker green leaves than untreated plants. This change of the plant inhibits the evaporation of water through the leaves of the plant. Treated plants undergo a great change, but this change does not reduce the yield or quality of harvested cotton. The application of the hormone in sufficient amounts shortens the internode distance between leaves and stem. This, in turn, produces a short dry weather cotton plant capable of possibly producing from one to two bales of cotton per acre on less irrigation water.

The Plains of Texas grows 16 percent of the nation's cotton on 1.6 million irrigated acres. Water alone has made this possible. It is hoped that by the full utilization of this chemical hormone, the productivity of the land can be maintained.

It is thought that yields on dry-land cotton may be obtained, through the use of this hormone, similar to those now being harvested off irrigated acres. On irrigated land, the reduction of up to 50 percent of irrigation

Pioneer Natural Gas Company

STRAIT JACKET

On July 2, the Equal Employment Opportunities section of the 1964 Civil Rights Act went into effect. This is the provision that outlaws discrimination in employment because of race, color, religion, sex, or national origin.

In the near future, Congress will be called upon to approve or reject the proposal to repeal section 14(b) of the Taft-Hartley Act. Section 14(b) authorizes the states to pass right-to-work laws, which forbid compulsory union membership as a condition of employment. Nineteen states have done so.

It's hard to see how a Congress which approved the Equal Employment Opportunities guarantee could even think of repealing 14(b). Certainly, the right of a man to hold his job without being forced, against his will, to join any private organization is every bit as basic as the right to obtain a job for which he is qualified regardless of his race or religion.

Labor is free to organize. This is recognized in law and overwhelmingly supported by public opinion. By the same token, the individual worker should be free not to join a union if his conscience so dictate.

The Florence, South Carolina, Morning News came straight to the point when it said: "Should Congress... invalidate existing right-to-work laws, it would straight jacket American production to the whims of a handful of all-powerful labor bosses. In that same straight jacket would go an individual right so basic that it seems incredible that it would be challenged."

Party Line

House guests of the M. E. Kelleys and Pete O'Hairs were Mrs. Kelley's sister, Mr. and Mrs. Vernon Glass and granddaughter, Angella Best of Marlon, Oklahoma; Mrs. J. H. Teague, Jr., Slaton, Texas; Miss Myrtle Teague, Dallas, and Janet Auburn of Dallas; Mrs. Courtney

Sanders and daughter, Katherine Ann, and Donna, of Morton.

Visitors in the M. E. Kelley home and attending the funeral of J. W. Kelley were: Mr. and Mrs. Melvin Johnson, Mr. and Mrs. Henry Habbinga, all of Lubbock; Mrs. L. H. Roberts of Sweetwater, Oklahoma; and Mr. and Mrs. Raymond Wallace, Tulsa.

Asp Spoils Herbie Bid On Lison

Herbie Habitat, self-styled answer to the Animal Kingdom's prayer, has new problems in maintaining liaison with his assorted creature-clients.

The latest abortive contact effort came when a centipede obviously entrusted with a message of secreting itself in Herbie's morning newspaper, some time between the instant the paper was thrown on his lake-side lawn and it was picked up by the sleep-walking grouch.

Whatever the message was, all was chaos when Herbie unfolded the paper and bared the hideous worm. He did just like anybody else and grabbed a hoe.

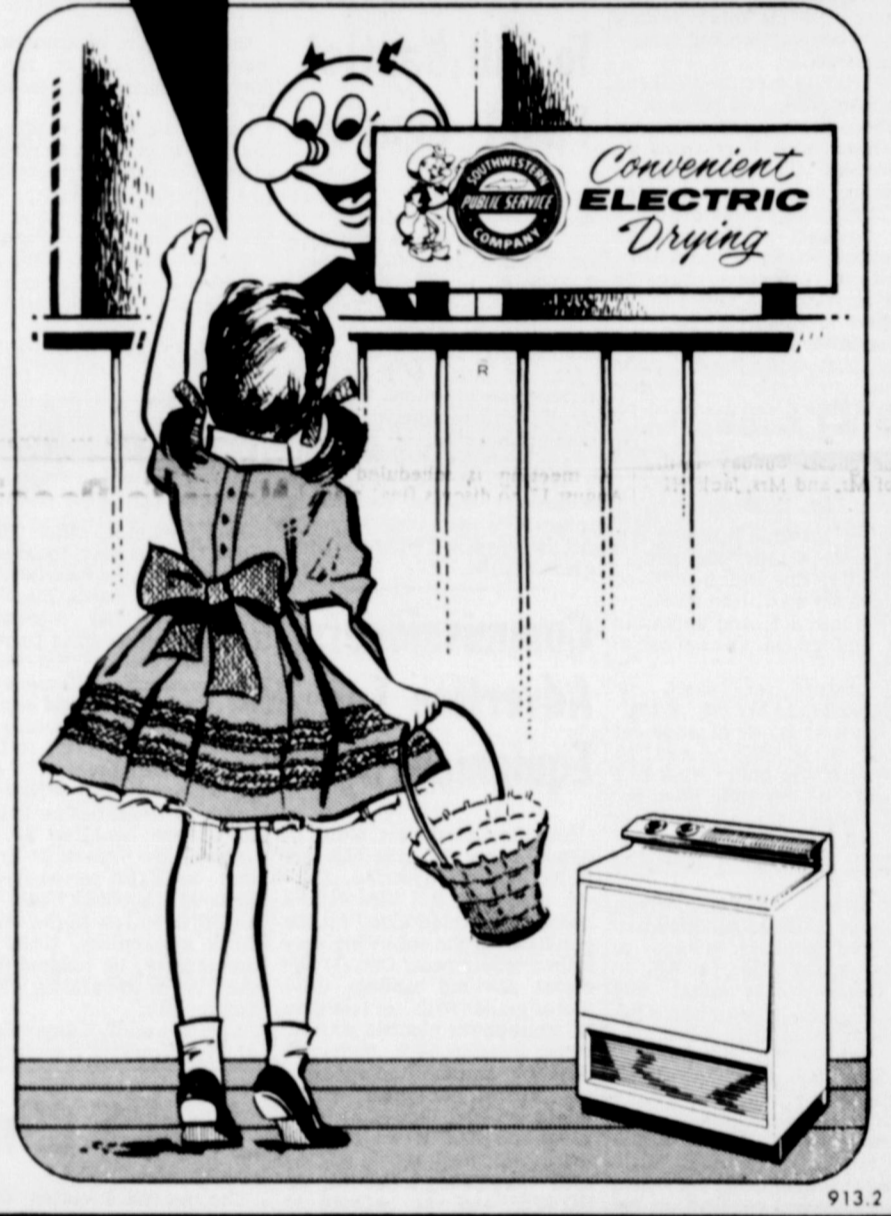

Possibly, he was slightly jittery from an evening-before contact attempt.

Then an asp had tattooed a poisonous phrase on the arm of Herbie's daughter and exploded a five-alarm emergency. Definitely, the message said nothing about "taking me to your leader."

Mr. and Mrs. Houston Oden spent the weekend in Stanford.

Larry Kirk from Lubbock is visiting his aunt this week, Mrs. Houston Oden.

Sorghum Midge Can Ruin Crop

Texas farmers should start looking for signs of sorghum midge, says Weldon Newton, associate Extension entomologist, Texas A&M University. The small orange fly is best seen as it crawls over spikelets of young grain sorghum in early morning.

Destroying thousands of dollars of grain every year, midge is one of the most damaging insects attacking Texas grain sorghum. Usually farmers are unaware of midge until it-tale "blighted" or "blasted" heads begin to appear. Then it is too late to attempt control, Newton adds.

He explains that sorghum midge, whose adults are about one twelfth of an inch long, overwinter as larvae in cocoons which are attached to spikelets of Johnsongrass. About the same time that Johnsongrass begins to bloom the midge matures and flies to fields of grain sorghum where heads are beginning to emerge from the boot.

The females deposit their eggs on spikelets of young heads during a four to ten day period following booting. The eggs produce maggots that bore into and consume the internal portion of the seed.

The only economical way to control midge is by destroying the females before they deposit their eggs. This requires precise timing because it must be done during the four to ten day period when adults fly to the young heads.

Many growers choose to apply insecticides immediately after head emergence if midge damage occurred the previous year. Others prefer to inspect their fields and determine the need for treatment depending upon the number of adult midge among newly emerged heads.

"Research shows that best results are obtained if insecticides are applied when approximately 90 percent of the heads have completely emerged from the boot," Newton reveals.

"The application should be repeated after three to five days if adult activity continues." He says that sevin, toxaphene, endrin, parathion, carbophenothion, diazinon and ethion are effective insecticides for sorghum midge control. Farmers should obtain additional information concerning concentration, methods and time of application from their local county agent's office.

Party Line

Dinner guests Sunday in the home of Mr. and Mrs. Jack Hinson were Mrs. Hinson's sister, Miss Mable Vore and friends, Mrs. Mavis Utterback, Mrs. Edna Barron, Mrs. Fisher Adams, and Mrs. Lota Faye Bristol, all of Amarillo.

Mrs. Lela Weiland, from Albuquerque has been visiting her daughter, Mrs. Charles Parish this week.

Mrs. Oletha Sanders returned Friday from Austin, where she attended the Texas Education Secretarial Work Shop in Austin.

Plans For Nursery Kindergarten Discussed

A Nursery-Kindergarten meeting was held recently to acquaint parents interested in their children attending, with the materials and purpose of the school.

An outline was given by Mrs. Judith Jones, supervisor, on the aims of the modern kindergarten, preparing the child for the new experience and text materials for the children. Texts include first and second semester SRA Learning to Think Series, second semester Mathematics Readiness, and Weekly Readers. Mrs. Jones stresses that these texts are designed especially for kindergarten and are not compiled to overlap first grade books.

Children eligible for preschool classes range in age from five to six years. Tuition for the class is \$22 per child per month. There are no extra expenses during the school year.

Nursery school children, ages three to four years, will be given the same opportunities at play, creativity and expression as the older group. Tuition will be \$15 per month.

Classes will be held two blocks north of Cooper's Cafe, where ample equipment is being constructed for the large play area.

County Pioneers Set Date For Annual Reunion

Lamb County Pioneers gathered in the County Court room in Littlefield Friday night for the first meeting of the year to formulate plans for their 16th annual reunion.

The date for the annual event slated to be Tuesday, August 21, in the Community Center at Littlefield, was announced by President, L. L. Uelton, of Amherst.

The group elected E. J. Foust, Sr., of Littlefield, as vice president to replace Harry Woody, Committee Chairman for the various functions for the reunion. Also appointed, these include: Mrs. Blanche Dodgen, Johnny Murrell, Sid Hopping, Ted Haber, T. V. Murrell, Mrs. Bonnie Haber, Mrs. Sid Hopping, Mrs. A. B. Brown, Mrs. J. L. Hinson, Mrs. Norman Renfro, Raymond Renfro, James Angeley, Mrs. Weldon Findley, M. E. Kelley, Standley Doss, Cloyce Foust, and E. J. Foust, Jr.

A meeting is scheduled for August 17, to discuss final plans for the reunion.

Floydada Red Sox Beat Earth Mets In Tournament

The Earth-Springleake Mets met the Floydada Red Sox Thursday at 8:30 p. m. in Floydada. This was a single elimination tournament with Floydada, Abernathy, Silvertown, Matador, and Earth-Springleake participating.

The Floydada Red Sox beat the Earth Mets 6-4.

The Road Report . . . BY ARBA

The INTERSTATE SYSTEM is saving you time.

When the Interstate is completed in 1972, you will be able to drive from Washington, D. C. to Los Angeles in the same time it used to take to drive from Chicago to Los Angeles.

City Dads Search For Solution To Drainage Problem

The Earth City Dads gathered for a regular session Monday night in the meeting room of the City Hall.

Mrs. Ruby Anderson, City Secretary, read the minutes from the previous meeting. These were approved by the group.

The group talked at length, in search of a method to eliminate the present drainage problem existing in the Hite Park Addition. The problem at present is, the field adjoining the residential lots on the north side of First

Street in the new addition is draining on these properties, and in some cases, leaving water standing for days.

The date for closing of the City Pool was set for July 27. Those present were Mayor Marshall Kelley, Aldermen, Richard Stockstill, Donald Runyon, Earl Parish, Wendell Clayton, and Dud Chesney, also Secretary, Ruby Anderson, City Marshall, Clarence Hazlett, Water Superintendent, Sammy McGuire, Ross Middleton, and Jack Ryland.

Diane Hodge Represents Earth C. Of C. And Ag In Grain Pageant

The "Miss Grain Sorghum of the Nation" Pageant will be held Saturday, August 7 at 7:30 p. m. in the Dimmitt High School.

Miss Diane Hodge, daughter of Mr. and Mrs. Billy H. Hodge,

sponsored by the Earth Chamber of Commerce, will represent our city in the pageant.

Entries in the pageant were seen on KGNC T. V. Saturday noon, July 31.

News To Receive Distinguished Service Award Wednesday

The Earth News-Sun will be among the ten Texas newspapers to be honored on August 11th at the Vocational Agriculture Teachers Association of Texas meeting in Dallas at the Adolphus Hotel. Waylon R. Carroll of Lubbock, President of the organization, made the announcement.

Selected by each of the ten areas of the state, the Distinguished Service Awards go to the following newspapers in recognition of their outstanding support of the Vocational Agriculture program, by devoting much time in gathering, writing, and photographing the many events of the local FFA Chapter.

Those selected were: The Earth News-Sun, Ross Middleton, Editor; The Hamlin Herald, Bob Craig, Editor; The Brenham Banner-Press, Ben F. Blanton, Editor; The Comanche Chief,

William B. Wilkerson, Editor; The Garland Daily News, Phil McMullen, Editor; The Gilmer Mirror, Russell Laschinger, Editor; The Lampasas Dispatch-Record, Ward Lowe, Editor; The Mart Daily Herald, Louis Hartley, Editor; The Polk County Enterprise, Billy Dove, Editor; and The Robstown Record, Carroll Keach, Editor.

Middleton is slated to participate in a directors meeting for the West Texas Press meeting in El Paso, and will be unable to attend. Mrs. Clarence Hamilton will represent the News-Sun and will accept the coveted award.

KONNIE EAGLE ASST. MANAGER EARTH TEXACO

Effective August 2, Konnie Eagle, son of Mr. and Mrs. Jimmie Eagle, became assistant manager of Earth Texaco Station.

Pat Patterson, of Olton, is owner-manager of the station. Blackburn of Olton, who was connected in business with him, is no longer associated.

Party Line

Recent visitors in the home of Mrs. Grace Hooley were her grandsons, Lane and Kirk Mayon, of Morton, who returned Tuesday with their parents, Mr. and Mrs. Bob Mayon.

Out of town visitors Monday afternoon in the home of Mr. and Mrs. A. C. Barton were Mr. and Mrs. W. A. Wilson, (former residents here), of Athens, Texas and Mr. and Mrs. G. P. Reddell, Carolyn, and Debbie, of Texas City.

Mrs. Rowena Cleavinger and family visited Wednesday in the home of Mr. and Mrs. G. S. Armstrong.

Mr. and Mrs. L. Z. Anglin and Jimmy recently returned home from an extended visit in Ruidoso, N. M.

Mr. and Mrs. Junior Littleton spent last weekend in Ruidoso.

Visiting in the home of the Gardner Sandersons are their daughter, Carolyn, and four grandchildren, of Alomogordo, N. M.

Clarence Hamilton and Butch spent Tuesday in Lubbock.

Local Students

(Continued from page 1)

cover transportation. Pre-registration closed May 15, with final registration on July 15.

The conference consists of three Seminar Sessions and general assembly programs designed to cover areas of major concern. Seminar leaders will be students who in cooperation with adult professionals in their respective fields have prepared seminar materials in advance of the conference.

Topics will include Juvenile Juries, Public Awareness Radio Shows and how to sponsor one in the average community, Job Opportunities, How to combat "Drop-Outs", Traffic Safety, Church and Youth Activities, and Vocational Training needs for Texas youth. A talent show will be held Thursday evening following registration.

An interesting full schedule of recreation and entertainment is also included in the agenda of the conference.

Muleshoe will be represented at the youth conference by Dennis Burrows and Larry Meyers.

July Building Permits \$500

One building permit was issued in July. It was an improvement which the Earth Co-op Gin made of \$500.00. In July, 1964, there were no permits issued.

During the first six months of 1965, total building permits were \$11,350.00, as compared to the total figure of \$284,385.00 in 1964. This was a difference of \$173,035.00, but can readily be clarified when it is realized that \$9,060.00 was the cost of the new Methodist Church. With a total amount of only \$30,975 below 1964's figure, there was not a sharp decline during the first six months of 1965.

Instructors Attend Home Ec Conference

Mrs. Marie Slover and Mrs. Evelyn Maxey, Home Economic instructors at Springlake-Earth High School, returned recently from the State In-Service Education Conference, July 26-30, at the Adolphus Hotel, in Dallas. The theme of the conference was "Home Economics, Dual Purpose."

Purposes of the conference were to become familiar with the provisions of new legislation concerning vocational education and its implications for home economics; to consider some of the contributions and responsibilities of home economics education in preparation of youth and adults for the occupation of homemaking, and the occupations involving home economics knowledge and skills; to understand the importance and need of identifying the basic subject matter in home economics and gain experience in the use of the conceptual approach to curriculum building; to take advantage of the opportunities provided for professional growth; and to plan for follow-up of the State In-Service Education Conference.

Meetings were held in the Adolphus Hotel with the general session beginning Monday, July 26, a full program of activities daily, with outstanding speakers, music, films, awards dinner on Tuesday, and the general session on Wednesday. Area Planning Committees met, followed by a general session Thursday, with divisional meetings and area meetings on Friday.

The meeting was very educational and beneficial in assisting in planning the program for the coming school year.

Party Line

Mrs. Ruth Schafer had major surgery at Plainview Hospital on July 26 and is improving nicely.

Weekend visitors in the E. R. McAlpine home were Mr. and Mrs. Curtis Holderman, of San Antonio, Texas.

Visitors in the home of Claude Ellis are Mrs. Claudia Roberson and daughter, Rose Mary, of San Antonio, Texas.

Rev. and Mrs. M. B. Baldwin left Monday for a vacation in Missouri, Oklahoma, and Texas.

Visitors in the Elvin Barlow home last weekend were Mr. and Mrs. Darrell Barlow and Norma Joy, of Friona.

Weekend guests in the home of Mrs. J. J. Barlow were Rev. and Mrs. Leon Smith and family, of Hobbs, N. M.

Mr. and Mrs. J. C. Blackwell

and Donna returned Sunday from a visit in Yuma, Arizona and Demming, N. M.

Mrs. Gene Brown and Dickie, Mrs. Bert Weil, Mrs. Pat Jordan and children, spent the weekend in Ruidoso, N. M.

Granville Oden has returned home from Germany, where he was stationed with the army.

Mr. and Mrs. C. L. Hamilton and Butch spent Thursday and Friday at Burson Lake.

Holland Guests Compare Homeland With Texas

Mrs. Leo Dannenburg and Thea, of Amsterdam, Holland, with Mrs. Rick Taylor honored the office of the Earth News-Sun with their presence Monday.

Mrs. Taylor laughingly mentioned, "We took mother and Thea to see Carlsbad Caverns, and did you know, they would not go in the caverns! Mother said, 'She had already spent twenty three hours in the air, forty hours in a bus, and would not spend three and one half hours underground. So we ate hamburgers and just went sight-seeing."

The Hollander's left June 29 from their native Amsterdam, traveled by Capitol Air Lines for twenty three hours, with stops in Ireland and Canada. When they arrived in New York City, Mrs. Dannenburg's first thought was, "I'm glad I'm here!" The afternoon in the city was spent on the subway enroute to the bus depot. They remarked to her mother, "I wish I was already on the bus, and out of New York."

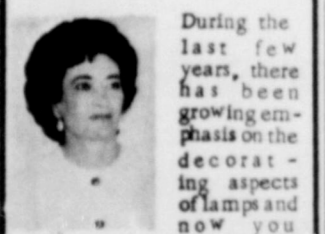

When asked about the problem of delinquency, the mother of Mrs. Taylor and Thea said, "There are the same problems all over the world, but there we do not think it advisable to tell our children. 'If you think you're right, go ahead and do it.' We tell them what to do or not to do, because we feel that we are able to advise them due to our age, our experience, etc. When a youth works, he does not spend all the money he earns; the parents take the money, give an allowance to him, the others he needs, and banks the remainder."

Remarks were made concerning the beautiful weather (so much rain at home), the peace and quiet of the small city, most of the food is good, but we do not like corn or gravy, and your popcorn is substituted by french fries and mayonnaise in our country."

The religion of Holland is primarily Catholic. The population of Amsterdam is approximately ten million people. Mrs. Dannenburg stated, "I believe we are more frank (maybe less tactful) in comparison, to people here. We say exactly what we think, regardless of how you may like it."

During the last few years, there has been growing emphasis on the decorating aspects of lamps and now you have available every possible size, style, color and type of lamp for every decorating use. Actually, the properly selected lamps can be the making of a successfully decorated room in your home.

CALLING ALL HOME MAKERS By Wilma Taylor

During the last few years, there has been growing emphasis on the decorating aspects of lamps and now you have available every possible size, style, color and type of lamp for every decorating use. Actually, the properly selected lamps can be the making of a successfully decorated room in your home.

We have a large selection of lamps here at Taylor Furniture, Come in and look around soon. You are always welcome.

When asked how she liked our agricultural aspects, Mrs. Dannenburg stated, "Beautiful, but oh, there is too much worry with it. Thea, twelve year old sister of Mrs. Taylor, has completed the required six years of school. She will attend a special school to equip her for seamstress, nurse, homemaker, etc. All children are required to attend school until the age of fifteen. Then she will enter high school, which is similar to our college. She likes Texas very much and plans to return when she is eighteen. She has studied French. The students here have weekly exercises, no sports, and no music, with the exception of singing. Thea loves to ride horses, but was frightened when she experienced her first ride here."

Mr. and Mrs. W.J. Foley, Star Route 2, Littlefield, announce the engagement and approaching marriage of their daughter, Judy, to Joe McGeath, son of Mr. and Mrs. Glen McGeath, of Earth. The couple will pledge wedding vows at 7:30 p.m., August 27, in Elms Memorial Chapel of the First Methodist Church of Littlefield.

Medicine has advanced to such a degree that a specialist in each field is necessary. At Taylor Furniture, we have a large selection of lamps here at Taylor Furniture, Come in and look around soon. You are always welcome.

MRS. LEO DANNENBURG AND THEA

Rainbow Assembly Meets For Instruction, Practice

Earth Rainbow Assembly met for instruction and practice session before regular meeting Monday evening. Prada Sanders, past Grand Love, was leader of the session.

Attending were Norma Kelley, Dianne and Annette Hodge, Connie, Annita, and Donita Kelley, Sharla and Camille Haber, and Mrs. Eula Kelley, Mother Advisor.

Those attending the regular meeting were: Linda Starkey, Worthy Advisor; Sherian McAlpine, Asso. Advisor; Pansy Beem, Faith; Kathie Brown, Drill Leader; and Beverly Frather, Outer Observer.

Mr. and Mrs. Jimmy Craft, Timmy, aged 4, and Glenn, aged 18, leave by plane August 18 for Mrs. Craft's former home, near Tokyo, Japan. This will be Mrs. Craft's first visit home in eight years.

Miss Judy Foley is betrothed to Joe McGeath, son of Mr. and Mrs. Glen McGeath, of Earth. The couple will pledge wedding vows at 7:30 p.m., August 27, in Elms Memorial Chapel of the First Methodist Church of Littlefield.

Mr. and Mrs. John Welch attended a luncheon Sunday in the home of their daughter and family, Mr. and Mrs. Charles Packard of Hereford.

Mrs. Stella Sutton returned home from the Green Memorial Hospital Saturday morning. She had been a patient there for about a week.

Mr. and Mrs. Roy Trulock had their two granddaughters from Hereford visiting them this week. Their names are Mary Jo and Betty Lou.

Mrs. Zona Simmons, Springlake, was a Sunday dinner guest in the home of Mr. and Mrs. R. E. Simmons.

Crafts Leave August 18 For Japan

Mr. and Mrs. Jimmy Craft, Timmy, aged 4, and Glenn, aged 18, leave by plane August 18 for Mrs. Craft's former home, near Tokyo, Japan. This will be Mrs. Craft's first visit home in eight years.

Rummage Sale Aids 'XIT' Funds. The third rummage sale held by the "XIT" Study Club added \$55.00 to the total amount of the two former sales, of \$162.00, making a grand total of \$217.00.

Mr. and Mrs. George Kasinger and Mr. and Mrs. Houston Stephens spent weekend at Red River.

Mr. and Mrs. John Welch attended a luncheon Sunday in the home of their daughter and family, Mr. and Mrs. Charles Packard of Hereford.

Mrs. Stella Sutton returned home from the Green Memorial Hospital Saturday morning. She had been a patient there for about a week.

"As Seen In Earth"

August---Time to hurry and take that vacation, and do everything you planned to do before school bells ring. (Shudder!) Head for the seashore, the mountains, the city, or fishing banks.

Cheerleaders returning from Tech Cheerleading School, and just bubbling with excitement for the first football game...

Mr. and Mrs. Pat McCord and Jill attended the wedding of Ann Roberts in Sweetwater, Oklahoma, Saturday, Ann is the daughter of Mr. and Mrs. Royce Roberts.

Mr. and Mrs. Roy Trulock had their two granddaughters from Hereford visiting them this week. Their names are Mary Jo and Betty Lou.

Mr. and Mrs. George Kasinger and Mr. and Mrs. Houston Stephens spent weekend at Red River.

Mr. and Mrs. John Welch attended a luncheon Sunday in the home of their daughter and family, Mr. and Mrs. Charles Packard of Hereford.

Mrs. Stella Sutton returned home from the Green Memorial Hospital Saturday morning. She had been a patient there for about a week.

Mr. and Mrs. Roy Trulock had their two granddaughters from Hereford visiting them this week. Their names are Mary Jo and Betty Lou.

Carroll McDonalds Honored With Ice Cream Supper

Mr. and Mrs. Carroll McDonald, Alan, Brenda, and Roxanne were honored with an ice cream supper last Friday night in the backyard of the Methodist Parsonage.

Seventy guests registered at the table where a "Wishing Well" was featured. Some friends brought gifts, others added to the wishing well.

WMS Observes Community Missions Day

The WMS of the First Baptist Church met at 9:30 a.m., Tuesday in the church dining hall. Four members were present: Mrs. Price Hamilton, Mrs. Guy Kelley, Mrs. Bill Anderson, and Mrs. Lillie Wuerlein.

NOTICE

A come and go layette shower, honoring Mrs. George Laing is slated for 9:30 to 11:30 a.m., Tuesday, August 10 in the Jimmy Craft home.

Party Line

Guests in the home of Mr. and Mrs. J.J. Webb this week are their son and family from San Francisco, California, Mr. and Mrs. Adair Webb and their daughter, Mrs. J.M. Parts, Corpus Christi.

Mr. and Mrs. George Kasinger and Mr. and Mrs. Houston Stephens spent weekend at Red River.

Tennis Tourney Postponed Week

The Lamb County Tennis Tournament has been postponed until August 9th. More entries county. All tennis players, novice or pro, are invited to enter this Optimist-sponsored event.

Card Of Thanks

I would like to express my thanks to the Springlake Fire Department, to Robert Bridge, of Sunnyside, and to all who assisted in extinguishing the fire on my farm Saturday. I shall always be grateful to you.

Party Line

Mr. and Mrs. R.V. Bills, who have recently been hospitalized patients, have returned home, and are improving satisfactorily.

NOTICE

There will be an FHA Swimming pool party Monday, August 9, from 7-9 p.m., at the Earth Pool. All FHA members are urged to attend.

CHEERFUL CHEERLEADERS of Springlake-Earth High School, return, (refreshed and rarin' to go for the 1965-66 season) from Cheerleader's School at Texas Tech, Lubbock. They are Helen Phillips, above, Linda Jordan, left, Pansy Been, right, Brenda Clayton, left, Donna Gover, center, and Lynda Packard, right.

Local Cheerleaders Return From Tech Meet

Cheerleaders from the Springlake-Earth High School returned home Friday following a five-day cheerleader school at Texas Tech, Lubbock. The girls who represented the local school are Helen Phillips, Linda Jordan, Pansy Been, Brenda Clayton, Lynda Packard, and Donna Gover.

The group was placed in a class with larger schools, due to the attendance this year of six cheerleaders from the local school, as compared to last year's two attending cheerleaders. Daily competition was held in the five-day school where approximately 565 cheerleaders were enrolled among the group.

Cheerleaders from all over the U.S. attended the school. A busy schedule of cheer routines, pep rally procedures, lectures, as well as swimming and tennis and an expose of college dormitory life was enjoyed by the group. The girls learned new skills, how to control and assimilate the crowd, pep club, etc., according to rules, post-pon-

rountines, and enjoyed the association with other youth throughout the U.S.

The girls were delighted with the experience and are anxious to try out their new techniques at the beginning of the 1965-66 school football season.

Party Line

Mrs. Jody Brown, Muleshoe, visited in the home of Mrs. C. P. Parish Sunday.

Mrs. P. C. Raught and children returned Saturday from a two weeks visit in Corpus Christi.

Hazel Merritt, from Hart, visited Sunday afternoon in the home of Mr. and Mrs. H. L. Patterson.

Mr. and Mrs. Curtis Price, Rankin, Texas, were dinner guests Monday in the home of Mrs. Minnie Price.

Mr. and Mrs. A. S. Mize, Floydada, visited in the L. H. Randolph home Sunday.

Local Athletic Staff Attending Coaching School

Jody Mahan, Earl McKinley, and Milton Flitts, local coaches are attending Texas Coaching School, sponsored by the Texas High School Coaches Association.

The world's largest coaching school will see representatives from every part of the state, as well as a dozen outside states, as they participate in the four days of activities concerning Dolph J. Regelsky of Dallas Crozier Tech in baseball; and Charley Thomas of Texas A&M in track. Eddie Lane, SMU will lecture on athletic training, baseball, basketball, football, and track. Registration began last weekend. L. W. McConachie, executive vice president of the association, said he felt certain there would be more than 4,200 present according to pre-registrations, etc.

Lectures were underway Monday, with meetings of coaches in the various sports. The school

will be held in Houston next year. Plans will be made concerning that meeting.

All-Star squads arrived on the campus of Southern Methodist University Saturday morning. There will be work-outs prior to the Wednesday night basketball game, and the Thursday night football game, the North-South All-Star Game to be played in the Cotton Bowl, in which John Patterson, Springlake-Earth star, will participate.

This, the 33rd annual school, has grown from an enrollment of 251 to more than a thousand, over a period of a dozen years, then to 2,000 during the next decade.

Instructors will be Hayden Fry, SMU and Gene Stallings, Texas A&M, in the football field; Don Haskins, of Texas Western and Ralph Tasken of Hobbs, N.M., high school in basketball; Abner Barnett, of Dallas Sunset and

Fall Fabrics Have A New Look

The new fall fabrics almost dare you to guess the fiber content without reading their labels, says Lynn Parks, Texas A&M University Extension consumer education specialist.

Washables such as cotton, acrylics, nylons and silks are disguised with coatings, bondings and new kinds of knitting processes to achieve a new look.

Nylon is texturized to achieve the look, feel and bright colors of silk. Nylon bonded to nylon tricot produces effects which resemble silk prints.

Nylon tricot is glamorized with Swiss dot flocking which adds "loft" and softens colors. Tricot with a satiny backing made from nylon has a crepe-look with a rich, opaque appearance.

Jersey achieves a frosted look with a blend of Antron and Orlon acrylic fibers. Other acrylic fiber fabrics masquerade as wools and worsteds in tartan plaid, herringbone and blanket-check patterns. These fibers have the construction and feel of wools, are wrinkle resistant, permanently pleated and are completely washable.

A polymeric coating is being used on 100 percent cotton to simulate leather. Its weight, construction and leather colors made this fabric look real enough to mislead a tanner.

A cotton-blend pique has been developed with its texture woven in for permanence, instead of just stamped on the surface. Even silk has been transformed by a cure process which gives fabric the wet look of vinyl. This new silk is waterproof, crackproof, easy to manipulate and completely washable.

McDonalds, Smiths Honored With Party

A covered dish "Going Away" supper, honoring two prominent couples, the Carroll McDonald family and the Danny Smith family was held Friday night, July 30, at 8:00 p.m. in the Earth community building.

Gifts were opened and inspected, and a money tree was presented to each family. Approximately 50 attended the event.

Several sent gifts and money that were unable to attend.

Hosts and hostesses included: Mr. and Mrs. Harold Britton, Mr. and Mrs. Robert O'Hair, Mr. and Mrs. Dean Foshee, Mr. and Mrs. Marvin Sanders, Mr. and Mrs. V. J. Sigman, Mr. and Mrs. Dub Beard, Mr. and Mrs. Lynn Glascock, and Mr. and Mrs. Earl McKinley.

Newspaper Assn. To Open Ad Sales Office In Dallas

Plans of the Texas Press Association to open an advertising office in Dallas in the very near future were announced today by Winn Crossley, publisher of the Madisonville Meteor and president of the Association.

"This is another step in a long-range expansion program planned by TPA Director for the benefit of Texas newspapers when the full-time Central Office was established in 1948," Crossley stated.

In the beginning the Dallas office will have a two-person staff, composed of a sales representative and a secretary. Their primary duties will be to tell the newspaper story to advertising agencies and to supply merchandise data to potential newspaper advertisers. However, the office also will serve as a sales contact for PRESS CLIPS, the Association's press clipping service, and for its monthly magazine, The Texas Press Messenger.

Address of the new Dallas office will be announced within a few days.

Vern Sanford will continue as general manager of the Association. Crossley pointed out, Mrs. Yvonne Justice will remain as manager of the Central Office in Austin. None of the 16 member staff in Austin will be transferred to Dallas.

HELLO WORLD

Mr. and Mrs. Danny Smith are the proud parents of a little girl, Stacy Dee, born July 27 in the Methodist Hospital in Lubbock. The infant weighed 6 lbs. 21 oz. and was 21 inches long.

The Smiths have one other child, a three year old daughter, Shawndi.

Maternal grandparents are Mr. and Mrs. G. T. Sides, Olton.

Paternal grandparents are Mr. and Mrs. A. A. Smith, also of Olton.

Mr. and Mrs. Roger Trueblood, of Alexandria, Virginia, are the parents of a daughter, Jana Dean, born July 25, weighing 7 lbs. 9 oz. The family also has two sons.

Maternal grandparents are Mr. and Mrs. H. L. Miner of Midwest City, Oklahoma.

Mrs. Trueblood will be remembered as L'Dean Minor, who once attended Springlake School.

Draft Quota Rise Expected

Local Draft Board No. 4 in Muleshoe which includes Lamb County has not yet received any official word as to a rise in their induction quota.

Floyd Coffman, a member of the Draft Board stated that the quota has been increased slightly each of the last two months and while official word has not yet been received it is expected that in line with the President's message the quota will probably be doubled in the very near future.

At present the quota for August for the Muleshoe Board is an induction total of 23 and an additional 25 must report for preinduction physicals during the month.

Word is also expected as to the number, if any, the board is expected to provide for the Navy which is planning to resume drafting personnel in October.

Coffman stated that the board had some trouble filling the quotas at the present due to the many types of deferments, such as schooling, and it is not yet known whether there will be a change in the deferment policy to meet the new draft quota.

Texas Infant Deaths Average 560 Monthly

Many people believe that infant deaths are a thing of the past in Texas. This is not so, according to records of the State Department of Health. In fact, they are rising in a number of areas of the state.

In a typical month last year, over 560 infant deaths were reported in Texas.

While infant mortality rates declined in the nation as a whole between 1950-1960, they rose in 7 out of 10 of the nation's largest cities. Two of these major cities are in Texas. Rates also have risen recently in other Texas cities.

There are many causes for the rise in infant deaths, says Patsy Reynolds, Texas A&M University Extension specialist in family life education. "These causes boil down to a major factor which is lack of good prenatal care for the expectant mother."

This is especially true for the very young mother or the mother in moderate to low income levels.

"We must teach all mothers--and especially the teenage girl--how necessary this care is to the health and even the very life of their babies," says Miss Reynolds. "We can't afford this loss of valuable human life, she emphasized."

Dr. R. T. Foster and children of Corpus Christi recently visited in the Norman Sulser home, Dr. Foster, brother of Mrs. Sulser, is a chemist at Pittsburg Plate Glass Co. in Corpus Christi.

Party Line

Visitors in the A. M. Sanders home Monday were Mrs. Gladys Goodwin, Mrs. Minnie Price, Mrs. J. M. Truelock, Mrs. Ray Kelley, Mrs. Cloetta Bell Kelley, Rev. M. B. Baldwin, and Rev. C. T. Jordan, of Lubbock.

Dr. R. T. Foster and children of Corpus Christi recently visited in the Norman Sulser home, Dr. Foster, brother of Mrs. Sulser, is a chemist at Pittsburg Plate Glass Co. in Corpus Christi.

New Holland's built-in sharpener...

means fine-cut forage!

Here's the capacity champion a big operation needs--the Model 818 Forage Harvester! Its 28-inch cylinder cutterhead is the biggest, strongest in the business--takes punishment that puts others out of action. Best of all, it's easy for you to always get fine-cut forage that packs better, makes silage more palatable. New Holland's built-in knife sharpener automatically lowers and turns the stone to keep blades factory-sharp! Stop in soon to see the mighty "818."

Health And Safety Tips Given In Football Conditioning

Is your boy one of the several hundred thousand American youngsters who will soon be "going out" for football at his junior high or high school?

If so, you will be vitally interested in the new six-point joint recommendations of the American Medical Association and the National Federation of High School Athletic Associations that will help to insure that your boy is properly conditioned for this vigorous contact sport.

Beginning with a satisfactory pre-season medical examination there is no substitute for requiring a standard of physical fitness that assures sufficient strength and endurance, a good level of skill, and acclimation to hot and humid weather, before exposing any individual to the rigors and risks of tackle football.

Following is the AMA-NFHSA program for readiness of school boy gridders for participation:

The boys should follow faithfully a personal conditioning program during the summer, based on information gained through the school's health and physical education classes plus some specific training for the demands of tackle football.

At least the first week of practice should be limited to non-

contact drill with emphasis on conditioning and fundamentals. Shorts, T-shirts and football shoes are the recommended training uniform in this period because of the heat. The boys also should wear their mouth protectors to begin to become accustomed to them.

The second week should include only controlled body contact drills and avoid wide-open play.

Practice games or game-condition scrimmages should be prohibited until after at least two weeks of practice.

A minimum of three weeks of carefully planned practice should precede the first regularly scheduled game.

The two organizations also pointed to two factors that should be considered in school boy football.

Participation in interscholastic football is not a right but a privilege for those who can demonstrate the high level of physical and emotional fitness necessary to play aggressively, skillfully and with sportsmanship.

Participation in high school football should not detract from keeping up with a broad-based physical education program and from sampling other sports during the off-season.

Nylon Assumes New Apparel Roles

Nylon will soon be appearing in new products. It will be used in shoes for dress and casual wear, says Lynn Parks, Texas A&M University Extension consumer education specialist.

These new straw-like shoe upper materials will have a foam-backed lining of nylon tricot in matching shades. Nylon--characteristically long-wearing and easy to care for--also imparts a subtle sparkle and clarity to the wide range of clear pastels and neutrals.

Nylon also is appearing this season in a new type of clasp closure for swim wear, lounge wear and play clothes. This molded nylon resin clasp consists of two parts which are sewn directly on the fabric.

Now, pinpoint stress exerted on fabrics by metal fasteners--which often result in tears and rips--may soon be a thing of the past. The nylon fastener functions as an integral part of the garment. Because the clasp is made of nylon, there is no risk of rust or distortion in the washer or dryer, at moderate temperature settings.

The warm-to-the-touch surface of nylon makes it comfortable to wear. Besides being used for swimwear and lounge wear, the nylon clasp also is appearing as a new type closure for other garments.

Office will be announced within a few days.

Vern Sanford will continue as general manager of the Association. Crossley pointed out, Mrs. Yvonne Justice will remain as manager of the Central Office in Austin. None of the 16 member staff in Austin will be transferred to Dallas.

Blenders Save Time, Energy

Blenders can save you time and energy in food preparation says Mrs. Elsie Short, Extension home management specialist at Texas A&M University.

Before buying one, consider these points: the amount of foods actually prepared using a blender; and an electrical outlet handy with a sufficient current for the added wattage of a blender.

The blender with many speeds can do more than the two-speed models. Study recipe books to see if you actually prepare the foods requiring the extra speeds.

Blenders can do many things for you, such as: Make crumbs for stuffing, cracker crusts or au gratin dishes; chop vegetables, fruits, nuts, cooked meats and seafoods, grate fresh coconut, raw potatoes, citrus peel, dry cheese and nuts.

Blenders can also puree cooked vegetables, fruits or soft raw fruits for babies or special diets. They can mix mals, shakes, thin batters, barbecue sauces and marinades.

In less than a minute, you can mix a cake, pancakes, waffles, quick breads and frostings, or liquefy fruits and vegetables in water or other liquids. A unique specialty of the blender is the speed used to make a sherbet or frappe from a mixture of fruit juice and crushed ice. The sherbet can be served straight from the blender.

Do not expect a blender to whip egg whites or crush ice. Ice cubes used without sufficient liquid may nick or break the blades.

The blender will puree potatoes, but will not mash them. It will chop small quantities of cooked meats but not raw meat. All chopping should be done in small quantities.

At present the quota for August for the Muleshoe Board is an induction total of 23 and an additional 25 must report for preinduction physicals during the month.

Word is also expected as to the number, if any, the board is expected to provide for the Navy which is planning to resume drafting personnel in October.

Coffman stated that the board had some trouble filling the quotas at the present due to the many types of deferments, such as schooling, and it is not yet known whether there will be a change in the deferment policy to meet the new draft quota.

New Holland's built-in sharpener...

means fine-cut forage!

Here's the capacity champion a big operation needs--the Model 818 Forage Harvester! Its 28-inch cylinder cutterhead is the biggest, strongest in the business--takes punishment that puts others out of action. Best of all, it's easy for you to always get fine-cut forage that packs better, makes silage more palatable. New Holland's built-in knife sharpener automatically lowers and turns the stone to keep blades factory-sharp! Stop in soon to see the mighty "818."

Come take advantage of Buick's hottest year!

We're in the business of selling cars. Buicks. And right now we're having one of our greatest sales years on record. We'd like to make it even better.

That's human nature. And there's only one way to do that. You know it. We know it. It boils down to giving you a bang up deal on any brand new Buick you set your heart on. And we've got them. Rivas, Electra 225's Wildcats, LeSabres, Skylarks and Specials. In all the colors of the rainbow. Tops down or up. So, look-if you're in the mood to buy, see Kinsey-Osborn. He'll make it worth your while.

WOULDN'T YOU REALLY RATHER GO FIRST CLASS? GO BUICK!

BROCK MOTOR CO. MULESHOE, TEXAS

Vacation Planning Can Cut The Cost Of Family Travel

Family travel need not be expensive, but it does take planning. The wise vacationer does plenty of planning, both to keep the purse strings tight and to add to the pleasure, according to the Changing Times.

The Klipfinger magazine offers this advice: "After you figure how much cash you'll have on hand, put aside something for emergencies. And don't forget an allowance for a few of those irresistible impulse purchases that can brighten any trip."

Then decide how many days that sum will last. The cost per day depends on the type of vacation you want to take.

the National Park Service. "If you really don't like camping out, though, don't do it just for economy," says Changing Times. "And don't give up a big-city vacation just because you've a tribe in tow."

Reservations are basic to vacation planning, but the chain hotel and motel operators understandably do not like to line up a complete string of reservations for a long family trip.

Sound advice is to have the chain you plan to use set up reservations for your first few days. Then, if you leave each facility, let the clerk teletype ahead and arrange for your arrival at the next stop.

Armed with tourist information on your destinations, advance reservations and a sensible budget, you'll start your vacation relieved of much of the worry of taking the family along.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 27 proposing an Amendment to the Constitution of the State of Texas, amending Article III of the Constitution of the State of Texas by adding a new Section 48b, so as to create an agency of the State of Texas, the Teacher Retirement System of Texas, vesting the general administration and responsibility of the proper operation of said system in a state board of trustees to be known as the State Board of Trustees of the Teacher Retirement System of Texas, authorizing said Board to invest assets of said system in various obligations and subjects of investment, subject to certain restrictions stated therein and such other restrictions as may hereafter be provided by law; providing that such Amendment shall be self-enacting and shall not alter, amend or repeal Section 48a of Article III of the Constitution of Texas or any legislation passed pursuant thereto except insofar as such legislation may limit or restrict the provisions of this Amendment; providing for the necessary election, form of ballot, proclamation, and publication.

equipment, and office building; or in such corporation bonus notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the States of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, and further provided, that the Board shall hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Teacher Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that so long as less than \$500,000,000 of said Fund is invested in the government and municipal securities enumerated above, not more than thirty-three and one-third per cent (33 1/3%) of the Fund shall be invested at any given time in common stocks. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any

Western Ammonia Corporation Explains Chlorosis In Grain Sorghum

By: W. F. Bill Bennett, Agronomist, Western Ammonia Corporation. Some grain sorghum will usually start to turn yellow within 10 to 14 days after it comes up. This type of yellowing usually occurs on the gray soils which occur to some extent on almost every farm in this area of the High Plains.

drawbacks since availability of some iron compounds can be reduced when applied to the soil. An example is the soil application of iron sulphate in which the iron reverts quickly to an unavailable form when applied to the soil.

Chinch Bugs Are Active In Lawns

If homeowners notice yellow or brown patches in their St. Augustine grass lawns, they should check for chinch bug infestation, says W. H. Newton, assistant extension entomologist, Texas A&M University. He points out that many severe cases of lawn damage by chinch bugs have been reported in Texas this year.

white markings on their backs. Newton explains that a gallon can with both ends removed can be used as a sure detection for chinch bugs. This is done by forcing one end of the can two or three inches into the ground and filling it with water.

Control measures should be started immediately if chinch bugs are found. Ethion, Trithion and Diazinon are among several insecticides which may be applied either as a spray or dry granular form. Lawns should be wet when sprays are applied.

Control measures should be started immediately if chinch bugs are found. Ethion, Trithion and Diazinon are among several insecticides which may be applied either as a spray or dry granular form. Lawns should be wet when sprays are applied.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas as to the retention or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct upon recommendation of the Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions here by established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

SUNNYSIDE NEWS...

By Tenny Bowden

Mr. and Mrs. Charles Hedrick, Brent, and Bryan returned home last Saturday night from a weeks vacation in Houston and Alba. They visited his uncle, Mr. and Mrs. Mac McKinnin in Houston and the Bill Matlock family in Alba.

Mrs. Winston Waggoner went to Aztec, N.M. last Sunday with her mother to visit with her brother and his family who have a new baby. She returned home Tuesday evening. Quint stayed with his grandparents, Mr. and Mrs. Eulless Waggoner.

Mrs. Leslie Louder was admitted to Plains Memorial Hospital in Dimmitt Monday noon. She was transferred to Plainview Hospital Tuesday noon and underwent major surgery Wednesday noon. Sandy Louder was dismissed from Plains Memorial Hospital Tuesday afternoon.

Mr. and Mrs. Cecil Curtis and Debbie visited in Slaton last Thursday with Mr. and Mrs. Bill Baker and children and spent Thursday night with them.

Mrs. Richard Bills was admitted to Plains Memorial Hospital in Dimmitt Tuesday noon and Mr. Bills was admitted Tuesday night with a virus. He was dismissed Friday. She remained in the hospital through Sunday. Randy and Elaine stayed with their grandparents, Mr. and Mrs. R.V. Bills this week.

Rev. M.D. Durham and Marvalynne were supper guests of Rev. and Mrs. Tom Reynolds and children in Plainview Tuesday night.

Mr. and Mrs. Robert Paschal, Janie and Keith of Wingate visited with Mr. and Mrs. E.R. Sadler and Myles. Mr. and Mrs. Ezell Sadler and family, and Mrs. Pearl Sadler of Dimmitt Tuesday and Wednesday. Janie stayed the rest of the week and visited in the Wednesday evening church services.

Mr. and Mrs. J. Paul Waggoner and Jimmy returned home from Houston and Galveston Tuesday. They did not go on to Corpus Christi as reported last week.

Over one inch of rain was received in the north part of the community Tuesday night, with over two inches in the south part Wednesday afternoon. Some

points in the southwest part received over four inches in all. A trace to .10 was received Saturday night.

Mr. and Mrs. Raymond Haydon of Weatherford brought Kelly Haydon home Tuesday, and visited with Mr. and Mrs. Milburn Haydon, Mr. and Mrs. Eddie Haydon and family, and Mr. and Mrs. Buford Haydon until Thursday.

Mr. and Mrs. Raymond Lilley vacationed in Colorado Wednesday through Saturday.

Mr. and Mrs. Floyd Ivey vacationed at Pagosa Springs, Colorado Wednesday through Saturday.

Sandy Louder spent Wednesday and Thursday with Mr. and Mrs. Dwayne Louder, Lance and Lane of Flagg, Lance and Lane spent Wednesday night with her.

Mrs. Troy Blackburn went to youth camp at Plains Baptist Assembly Wednesday through Friday with Janice Blackburn, Molly Bradley, and Olvis Spencer.

Mrs. M.D. Durham, Mrs. Roy Phelan, and Mrs. Alford Crisp returned from Glorieta Wednesday evening. Mrs. Phelan gave a report of the week to the WMS night circle Wednesday night.

Roy Phelan was elected Sunday School Superintendent and Rex Jenkins, Training Union Director for another year in business meeting Wednesday night. Milburn Haydon was added to the nominating committee.

A budget committee consisting of L.B. Bowden, chairman, Milburn Haydon, and Robert Bridge was also elected in business meeting Wednesday night. An altar prayer meeting was conducted in behalf of the revival after the business meeting.

Mr. and Mrs. Ben Louder of Canyon and Homer Louder of Glendale, Arizona were dinner guests of Mr. and Mrs. W.E. Louder Thursday.

Mr. and Mrs. Gale Sadler of Southard, Oklahoma arrived Thursday for their children, Susan and Cindy Sadler and visited until Sunday. Mr. Sadler returned to Oklahoma Sunday afternoon, but Mrs. Sadler and girls stayed to visit a while longer. They were all visitors in the

Sunday morning worship service. Rev. and Mrs. M.A. Pennington of Dimmitt visited Thursday with Rev. and Mrs. M.D. Durham.

Roy West of Las Cruces, N.M., visited Thursday and spent Thursday night with Mr. and Mrs. J.C. Holbrook and Betty Sue. Mr. and Mrs. Marvin Witt of Dimmitt also visited with them Thursday night. Terry Henderson of Dimmitt spent the day Thursday with them.

Mr. and Mrs. Cecil Curtis, Don and Debbie, and Carolyn Hucks and Marsha Dawson met Mrs. Curtis' brother, Mr. and Mrs. Jack Stephens and family, and parents, Mr. and Mrs. E.M. Stephens all of Petersburg at Buffalo Springs Lake Thursday for a family reunion and outing together. They went on to Slaton and visited with Mr. and Mrs. Bill Baker and children until the reunion.

Mr. and Mrs. Gale Sadler and girls and Mr. and Mrs. E.R. Sadler went through the Carlsbad Caverns Friday. They and Myles Sadler had dinner in Dimmitt Saturday with Mrs. Pearl Sadler.

Mrs. Dwayne Louder and boys of Flagg, visited with Mrs. W.E. Louder Friday afternoon.

Mr. and Mrs. Curtis Ott and family from Fairburn, South Dakota arrived Friday for a visit with his mother, Mrs. Milton Ott and other relatives in the community and outside the community.

Mr. and Mrs. Ezell Sadler took Janie Paschal to her home near Wingate Friday and visited with relatives there and in Abilene until Sunday.

Virgie and Vernice Bradford, Mary Vass, and Mary Beth Williams all of Clovis spent the weekend with Mr. and Mrs. Troy Jones, Mrs. Wanda Newberry and James.

The young people of the church enjoyed a weiner roast at the church Saturday night followed by a devotional by the evangelist, Rev. Jerry Goree of Wayland. There were 43 present. Rev. and Mrs. M.D. Durham and Mr. and Mrs. Bobby Morgan were sponsors. Bobby Strait of Wayland was also present.

Mr. and Mrs. Alton Louder visited in Midland Saturday and Sunday with their daughter, Mr. and Mrs. Tom Messer and children.

Don Curtis attended a Lambda Chi fraternity party in Amarillo Saturday night.

Dr. and Mrs. Harold Bischoff and children of Dimmitt were Sunday dinner guests of Mr. and Mrs. Elton Lilley.

Mr. and Mrs. Raymond Lewis and children of Olton were dinner guests Sunday of Mr. and Mrs. Raymond Lilley and Donnie.

Mrs. Pearl Sadler of Dimmitt was a Sunday dinner guest of Mr. and Mrs. E.R. Sadler and their family and attended the Sunday morning worship service with them.

Mr. and Mrs. Roy Phelan visited in Plainview at the rest home with his uncle, A.J. Morris, at the hospital with Mrs. Leslie Louder, and with the family of the late W.T. Jones. Mr. and Mrs. Irvin Ott, Terry and Terrell of Big Square, Mr. and Mrs. Bill Ott and Melody, of Hereford, Mr. and Mrs. Bob Ott and family of Dimmitt, and Mr. and Mrs. Milburn Haydon, she and Mrs. Curtis Ott attended the Sunday evening services with them.

Mr. and Mrs. Larry Sadler and Carrie visited Sunday with Mr. and Mrs. Tex Conard and Juanelle and other relatives from out of the state.

Terry Morgan of Hereford visited Sunday with Mr. and Mrs. Roy Conard and his cousin, Debbie Anderson of Bloomfield, New Mexico. LaDonna Kay Franklin had been visiting recently with the Noyd Anderson family in Bloomfield.

Mrs. Carl Bradley was admitted to Plains Memorial Hospital in Dimmitt Sunday morning. A 6 lb., 6 oz. boy was born to them Monday morning. He was named Michael Kent.

Rev. Jerry Goree of Wayland arrived Saturday night to conduct the youth-led revival. He and the singer Bobby Strait also of Wayland, who will arrive Monday, will be house guests of Rev. and Mrs. M.D. Durham and Marvalynne.

Ninety seven attended Sunday School Sunday with 74 in Training Union. Harold Spencer acted as Sunday School Supt. Olvis Spencer as Youth Pastor, and Myles Sadler led the singing. The youth choir brought the special music. Janita Blackburn played the piano, Marvalynne Durham played the organ.

The Big Inch

The ruled box above is a one-inch ad. It measures one column wide by one inch deep. It costs advertisers 70¢.

It looks kinda lonesome by itself.

But look at it this way.

What you get when you buy a one inch ad in the News-Sun is not just a single inch of space in the paper, but one inch multiplied by approximately 1400 copies weekly.

So you are really buying 1400 inches, which at 168 inches a page would be more than 8 full pages of printed newsprint.

That's a mighty big chunk of space for a cost of only 70¢. And that price includes delivery to the reader. Just imagine the cost of reaching all those News-Sun families by postcard. It would amount to \$56.00 just for the postage. But the News-Sun does it for a mere 70¢.

So you can see that a little one-inch ad is really a pretty BIG inch when it's advertising space in the News-Sun. And the figures show that it's the most effective and economical way possible to let people in this area know that you have wares and services they could use.

Call 257-4371 and let us show you how a little Big inch can wake up sales for you.

The EARTH NEWS-SUN
