NOSIN... With Polly

I found the following letter in one of our exchange papers. It is supposedly written by a mother to her college son. Just thought if you have a problem, writing interesting and informative letters might take lessons from this lady. It's bound to bring a chuckle.

Dear Son,
 Just a few lines to let you know that I'm still alive. I'm writing this letter slowly because I know that you cannot read fast. You won't know the house when you come home, we've moved.

About your father, he has a new job. He has 300 men under him. He is cutting the grass at the cemetery.

There was a washing machine in the new house when we moved in, but it isn't working too good. Last week I put 14 shirts into it, pulled the chain, and I haven't seen the shirts since.

Your sister Mary had a baby this morning. I haven't found out whether it is a boy or girl, so I don't know whether you are an Aunt or Uncle.

Your Uncle Dick drowned last week in a vat of whiskey in the Dublin Brewery. Some of his workmates dived in to save him, but he fought them off bravely. We cremated his body, and it took three days to put out the fire.

Your father didn't have much to drink at Christmas. I put a bottle of Castor Oil in his pint of beer; it kept him going till New Years Day. I went to the doctor on Thursday and your father came with me. The doctor put a small tube into my mouth and told me to keep it shut for 10 minutes. Your father offered to buy it from him.

It only rained twice last week. First for 3 days and then for 4 days. Monday it was so windy that one of our chickens laid the same egg four times.

We had a letter yesterday from the undertaker. He said if the last installment wasn't paid on your grandmother within four days, up she comes!

Your loving Mother
 P.S. I was going to send you \$10.00 but I had already sealed the envelope.

Since the Surgeon General's report on "Smoking and Health" came out in 1964, a total of 100,000 physicians have quit smoking. Not only that, census reports indicated fewer and fewer physicians are smoking each year.

It's a good thing, for I imagine it must be pretty tough on a patient who has been asked to quit smoking by a physician who, himself smokes. Evidence proves beyond a doubt physicians are believers of the dangers of smoking and are fast doing away with the habit. I, who never had the habit, keep thinking if folks can do without sugar and sweets, a smoker should do without cigarettes if he chose to. Ross keeps smoking just enough to keep the desire. I keep wondering if maybe a rolling pin might help in his case.

DETAILS TO BE WORKED OUT-FILM ON TOWN IMPROVEMENT

Chamber Receives Suggestions, "Buddy Day" Friday At 8 a.m. Community Room, C-O-M-E

Sixteen members of the local Chamber were present Friday at 8:30 a. m. at a called meeting for the purpose of discussing new ideas, new projects and goals the town wanted the Chamber to do in 1976.

Several suggestions were made to have some kind of a town-wide event in conjunction with the nation-wide Bi-Centennial year celebration. Among the suggestions were a family-style picnic in the city park, church program, talent show with prizes for talent, town parade, style show for both men and women, planting shrubs in the park as memorials, also erecting playground equipment.

As a town improvement idea Perry Martin suggested making arrangements to keep the weeds cut down around town during the summer.

Bob Belew made the suggestion to move the annual customer appreciation Free Fish Fry up to Saturday, July 3. This was the only suggestion agreed on during the meeting. Other details and other ideas will be decided in the forthcoming meeting Friday, January 16 at 8 a. m. in the Community Room.

Various members present volunteered to drop in to see their neighbors and invite them to attend the "Buddy Day" Chamber meet Friday.

Kenneth Owen, Area Development consultant for the Southwestern Public Service Company in Amarillo, will be the featured speaker at the Chamber of Commerce meeting at 8 a. m. Friday, January 16 at the Community Room in the

City Hall. The "Buddy Day" is planned to bring many interesting facts to the city.

The subject of Mr. Owen's talk will be "Store Front Modernization," a program recently designed by the Area Development Department of Southwestern Public Service Company.

The object of the modernization program is to stop the "shrinking" of the retail business community by giving it a "new look," thus encouraging local people to shop at home. Mr. Owen will cover the implementation of the details of the plan, financing, publicity, and how to make the plan successful.

The SPS Area Development Department cooperates with community leaders in their ef-

forts to further the community's total economic development. In keeping with this objective, the department is featuring "small cities" in its national advertising. This advertising approach presents the small community as the solution to many companies plant location problems. Often, the location of new industry is a major step toward broadening the economic base of that community.

Those present for last Friday's meeting were Gary Bulls, president, D. E. Parish, Aurelia Sanders, Bill Scott, Billy Moore, Raiford Daniel, Mrs. Melton Welch, Mr. and Mrs. Ross Middleton, Mrs. Gid Howell, Wilton McDonald, Perry Martin, Macky McCarty, Bob Belew, M. H. Been and Chamber secretary Alene Griffin.

Four Directors For The Chamber To Be Elected

The Chamber of Commerce will mail out a list of names of the entire membership of the Chamber for the purpose of selecting four new directors from the list. Names of current directors will not appear on the ballot.

Members are asked to select the four names from the list, that they feel will work for the betterment of the town and the area. Prior to this year, a committee has been appointed to select a group of candidates for members to vote on. This year however, each member will have the opportunity to make their selection from the entire membership.

After careful consideration of your vote, the Chamber asks that the ballots be returned not later than February 25.

TRACTOR FIRE NEAR EARTH

The Earth Fire Department extinguished a tractor fire at 10:35 a. m. Wednesday on the W. P. Holland, Jr. farm. The tractor was in a field 3 miles east, one mile south and 1/2 east of Earth.

The wires ignited while the tractor was being driven by Pam Holland.

Bud Matlock, Fire Chief, said Wednesday noon that damages to the International Harvester tractor had not been estimated.

Lamb County Livestock Show Thursday-Saturday

The Lamb County Annual Junior Livestock Show is set for January 15, 16, and 17 in the Lamb County Agriculture and Community Center in Littlefield.

Melvin Chisum, FFA instructor at Springlake-Earth said 51 animals would be exhibited by the local FFA chapter. He also indicated there would be several animals exhibited by the fine 4-H club of Springlake-Earth.

Lexie Branscum, Richard Bills and Dewitt Kelley are among the sixteen board of directors, selected from the county.

Judging of the sheep will begin at 5:30 p. m. Friday. Swine will be judged Saturday morning and steers will be judged beginning at 1 p. m. Saturday.

Showmanship awards will be presented in swine, lamb and steer divisions. College students will select the showmanship award winners.

Exhibitors will be from Amherst, Earth, Littlefield, Olton, Spade and Springlake.

ALL-REGION BAND MEMBERS... From Springlake-Earth Wolverine Band, Cindy Robinson, Kim Jones, Steve Warren and Karen Robinson.

Bulls Honored As Fireman Of Year

Gary Bulls was recognized as the Earth Volunteer Fireman of the Year for 1975 Monday night at the annual ladies night and installation.

W. B. McMillan presented the trophy to Bulls. In presenting the award McMillan stated that the fireman of the year was selected by the firemen for their work in the fire department and also other extra duties pertaining to the improvement of the department.

Bud Matlock was installed as fire chief. Gary Bulls, assistant chief and Danny Byers, secretary.

Team captains are Haskell "Hap" Pyle and Billy Pittman. Special guests for the banquet were the firemen's wives and the retired firemen.

The Wolverine Drive-In was the scene for the banquet.

Four Students Named To All-Regional Band

Four students from Springlake-Earth High School were recently named to the 1976 All-Region Band. Cindy Robinson, Karen Robinson, Kim Jones and Steve Warren, all clarinet players, will be representing Springlake-Earth in the All-Region Concert to be held in Lubbock's Monterey High School Saturday night, January 31.

Troy Warren, Springlake-Earth Band Director, reported that auditions for the band were held last Saturday in Littlefield. Students from schools in Class B, A, and AA were represented at the try-outs. After hearing a short rehearsal of the band Saturday, Warren reported that this will be one of the best All-Region groups in recent years. The band will rehearse on Thursday, Friday and Saturday, January 29-31, prior to the Satur-

day night performance. Conducting the band will be Mr. Lee Boyd Montgomery, director of the West Lake High School Band in Austin. Mr. Montgomery is a well known teacher and conductor who is highly regarded in this area, and is a graduate of Littlefield

High School. The program will include "The March of the Belgian Parachutists" by Pierre Leeman, "That's Entertainment" by Arthur Schwartz, "The Drum Major's Daughter" by Jacques Offenbach, and "Siegfried's Funeral Music" by Richard Wagner.

60 Attend PTA Monday

Approximately 60 were in attendance at the PTA meeting Monday afternoon in the Springlake-Earth school cafeteria.

Twenty-one students from Mrs. Ed Haley and Mrs. Jay Winders classes were participants in the program. They sang "America" with Craig Hoover as director. Shondl Geissler was flag bearer. Mrs. Ray Joe Riley explained the meaning of each individual

phrase of the Pledge of Allegiance which proved to be meaningful and interesting to her audience.

The next program will be held February 10 with the entire second grade class singing patriotic songs. The class will be costumed. They are students of Mrs. Betty Anderson and Mrs. Jay Winders.

Registration Through January 23 For Classes At SPC

LEVELLAND--Persons wishing to take college courses this spring may register now through January 23 for day and evening classes at South Plains College. Late registration for college classes offered at Reese Air Force Base will be from 5 to 7 p. m. Monday (January 12) in the Education Office (Building 91) at Reese AFB. Classes are offered at Reese through SPC's Division of Continuing Education.

Late registration for classes offered at the Lubbock and Plainview Regional Occupational Centers also will continue through January 23. The centers, vocational extension cen-

ters of SPC, offer courses at a variety of locations. B. P. Robinson is dean of the Lubbock ROC, which has offices at 2404 Ave. Q in Lubbock. Leon Harris is director of the Plainview ROC.

For further information, contact either the office of Jerry Barton, SPC registrar, Don Yarbrough, dean of continuing education at SPC, (806) 894-4921, or the Education Office at Reese AFB, 885-4311, ext. 2634. To reach the Regional Occupational Centers, dial 747-0576 for the Lubbock facility or 293-3605 for the one in Plainview.

will be made at an interest rate of 8 3/4 percent. The previous rate of 9 percent had been in effect since September 2. The new rate, effective Monday, will apply to FmHA loans to eligible families for purchase or improvement of individual homes. FmHA's rate is consistent with the current interest rate on housing loans insured by the Department of Housing and Urban Development and

Veterans Administration. The interest rate of 9 percent will continue to be applied to FmHA loans for the development of rental and cooperative housing. Housing loans are administered by FmHA in rural areas including rural towns of not more than 10,000 population, and in certain designated towns and cities with populations between 10,000 and 20,000.

"Health And Safety" Program Presented To Study Club

The Town and Country Study Club met Thursday, January 8 in the home of Mrs. John Laing. The club collect was led by Mrs. Ray Kelley.

Today's concern, "Health and Safety" was the topic for the program conducted by program chairman Mrs. Laing.

Mrs. C. P. Parish presented an article "Hands Up", a national volunteer effort to halt crime, which was sent from General Federation of Womens Clubs.

Following reading of one article, she conducted an inquiry on crime reduction.

The topic of Mrs. Price Hamilton's discussion was "Three Keys to the Future." Mrs. Hamilton said the three keys are parents, teachers and community leaders who can motivate and influence youth.

"Each of these keys unlocks a separate doorway of communication to young minds. What passes through them, then, plays a vital role in shaping their knowledge, understanding and attitudes toward the world they are destined to lead."

Delicious refreshments of chocolate creme squares, chicken salad sandwiches, nut bread and coffee were served the nine members and two guests attending. Mrs. Troy Blackburn and Mrs. Shirley were the two guests present.

The next meeting will be January 22 in the home of Mrs. C. P. Parish. Mrs. Ray Axtell will give a book review at this

meeting. In honor of the Club's 25th anniversary, special guests will be past presidents and former members of the club.

Water District To Begin Measurement Of Water Depths

Personnel of the High Plains Underground Water Conservation District No. 1 will begin the annual measurement of the depths to water in the more than 800 observation wells in the 15 counties comprising the District on January 5, 1976. Purple and white identification tags will be placed on the well-head equipment of all observation wells measured in 1976. The water-level records obtained via the observation well program constitute the foundation for the District's cost-in-water depletion, income-tax-allowance, program. The coordinated and systematic measurement of the depths to water in the observa-

tion wells located in Lamb County constitutes the only method of determining changes in the volume of water stored in the Ogallala aquifer beneath the land surface.

An observation well is a well that has been selected for inclusion in the annual water-level measuring program. All wells are privately-owned, the District does not own any wells, and are measured with the permission of the well owners.

District personnel will measure wells in Armstrong, Bailey, Castro, Cochran, Crosby, Deaf Smith, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Farmer, Potter and Randall Counties.

A Good Beginning?

Mrs. W. F. Wimberley of Earth has had an unusual run of luck to start 1976. She began the new year by spraining her ankle as she stepped off the porch and still hobbling around, last Friday a water pipe froze in her home, burst under her bathroom sink spilling out water all over the domicile before the water was turned off. The offending pipe was temporarily sealed off until further repairs could be accomplished. On Tuesday another pipe froze and burst almost washing the house itself away as the water poured from the pipe for an

hour before anyone could be rounded up to turn the water off.

In her feeble attempt to stop the flowing river, Mrs. Wimberley leaned heavily across the sink, and, you guessed it, the sink dropped from the wall breaking smack in the middle.

The last few days have been a little dull for her as life has sped by without any major calamities and no unscheduled swims. However, she sincerely hopes the rest of the year continues a bit on the dull side, she feels she can use it.

Who Will Be Texas Rural Hero For '75?

The search is underway for Texas' rural hero of 1975. The Rural Heroism Award, sponsored by the Texas Farm and Ranch Safety Council, is presented annually to some deserving person who has performed an act of exceptional bravery during a time of crisis, according to Ben Bullard, Council Vice president and assistant safety director of the Texas Farm Bureau.

All entries must be submitted by February 21, to the Rural Heroism Award Committee, Texas Farm and Ranch Safety Council, P. O. Box 489, Waco, 76703, according to Bullard.

The heroic act or deed must have occurred within Texas during 1975 and should be related to farming or ranching operations.

Nominations should include a written account of the incident and the names of all persons involved. Newspaper clippings and pictures should also accompany the nominations if available.

The award will be presented March 22, 1976, at the annual meeting of the Texas Safety Association at the Sheraton-Dallas Hotel in Dallas.

USDA Again Delays Brucellosis Quarantine Of Texas

The U. S. Department of Agriculture (USDA) today announced it is postponing the effective date of a brucellosis quarantine on Texas cattle, until further notice.

Meanwhile, according to officials of USDA's Animal and Plant Health Inspection Service (APHIS), Texas is complying

with the "uniform methods and rules" which set forth minimum standards for the 50 states participating in the cooperative brucellosis program.

In response to a temporary court order issued December 30, the Texas Animal Health Commission began requiring the S-branding of cattle exposed to

brucellosis to prevent them from being diverted from shipment to slaughter, and also requiring tighter controls of cattle entering brucellosis-free areas of the state.

Following a January 8 hearing, Judge J. T. Boyd of the state's 64th Judicial District in Castro County, issued a temporary in-

junction directing the Texas Commission to continue enforcing these measures until further orders by the court, or until such time as the new state regulations can be put into effect. The Commission has scheduled a hearing for February 5 on these regulations.

USDA officials said they will continue cooperating with Texas in carrying out a brucellosis eradication program, including the payment of indemnities to owners of infected cattle. Also, Texas counties will re-

tain their standing in the national brucellosis program. Most of the state's 254 counties are currently rated as "modified-certified" brucellosis areas; 25 are "certified brucellosis-free," but 28 are listed as "noncertified."

Brucellosis or Bang's disease annually causes millions of dollars in losses in cattle and swine production. The bacterial disease also can be transmitted from animals to humans, where it's known as undulant fever.

THE FIRST SUCCESSFUL attempt to treat an unborn child for an often fatal, inherited disease was carried out in 1973 by grantees of the National Foundation March of Dimes. The child, diagnosed before birth as having a rare metabolic disease, is healthy today.

USING ELECTRONIC instruments, doctors now can monitor a baby's heartbeat and other vital signs during labor. Such techniques can significantly reduce infant death and birth injury.

Merlin the Magician
on how to solve
your heating problem

"These drafty old castles are notorious even today for being drafty... hot in summer and frigid cold in winter. We didn't have the heat pump in those days. Of course, I think what I see best about the heat pump is its simplicity. One unit provides heating and cooling... complete control in any kind of weather with one setting of the thermostat. And the heat pump is environmentally sound... when heating, it actually provides more energy than it uses. Yes, I'd had a heat pump. I wouldn't have been so chummy about picking on my magic wand."

Wolverettes Coast By Bovina 51-38

BY: BILL WELDON

Breaking open a tight game in the second quarter the taller Wolverettes used their height to great advantage as they went on to spank Bovina by the tune of 51-38, a score which is really misleading by its closeness.

The Wolverettes defense started slowly allowing the Mustangs 11 points in the first quarter but then became stingy and gave up only 14 the next two quarters as the Wolverettes offense was opening up a 22 point lead.

The forwards were able to control the ball for long periods of time and outshot the Mustangs from the field in number of attempts by almost 2-1. With the score only 23-17 at the half the Wolverettes simply exploded in the third quarter and outscored Bovina 24-8. With the reserves playing the last quarter the Mustangs were able to make the score respectable at the end.

For the night the Wolverettes were 21 of 66 from the field for 32% and 9 of 13 from the charity line for 69%. Bovina managed only 12 of 37 from the field but did hit 14 of 22 from the line.

L'Anna Sulser had 18 for the Wolverettes with Lindsey Field at 13 and Kim Dent with 10. Wolverettes 23 47 51

WOLVERETTES "TACKLE"
KRESS 44-24

Wondering sometimes if the game was indoor football or maybe ice hockey the Wolverettes escaped with their lives and a 44-24 win over the tough and tumble Kress Kangaroos.

Playing superb defense and displaying good movement on offense the Wolverettes built a solid lead at half time and then withstood the fourth quarter madhouse that threatened to turn into a football game as the "Kangarettes" became flustered and quit playing basketball.

L'Anna Sulser led the charge and spent most of her time at the free throw line. The Wolverettes as a team shot almost as many free throws as they did field goal attempts.

The score at halftime was 24-12 and widened to 34-18 at the end of the third quarter. The Wolverette reserves took over but no drop in effectiveness was seen as they held the Kress club to just 6 points in the fourth quarter.

For the night the Wolverettes were 18 of 37 for 49% from the field and 18 of 31 from the cha-

Wolverines Win Thriller In Overtime 70-68

BY: BILL WELDON

Using the late heroics of Rodney Geissler and Jimmy Furr the Wolverines eased past a starting Bovina Club in overtime by the tune of 70-68. Friday night before a large turnout at the Wolverine gym.

rity stripe for 58%. Kress hit only 11 of 40 for 27% but was even worse from the line with just 2 of 9 for 22%.

L'Anna Sulser had 21 with Kim Dent following with 11. For Kress Diana Hartman had 6.

The Wolverettes now 2-1 in district have two important games as they travel to Hart Friday and then to Farwell on Tuesday to play the leaders, the Steerettes who are 3-0 after defeating Vega Tuesday night 44-35.

Wolverettes 13 24 34 44
Kress 8 12 18 24

Bovina probably left town wondering what hit them as they led most of the first half and seemed to have the game under lock and key as time ran out in the fourth quarter. But with the score 64-62, Geissler, rebounded a missed shot and put it back in leaving Bovina with no time to get the ball down court for a shot.

Then in the overtime, with the score knotted at 68-68 Furr let a shot go from the top of the circle and it barely rippled the net as the buzzer sounded giving the fastbreaking Wolverines a hard earned 70-68 victory.

The Wolverines won the game from the field, as they hit 31 of 78 attempts for 39% and Bovina was only able to connect with 26 of 72, from the charity line the Wolverines were 8 of 15 for 53% while Bovina was 16

of 22 from the line. Geissler had 20 points for the contest with Furr garnering 17. Cleavinger and Barton had 11 and 10 respectively for the Wolverines.

OT
WOLVERINES RUN PAST
HAPLESS KRESS 66-33

The Kress Kangaroos visited Wolverine gym Tuesday night looking for their first win of the season but took the long bus ride home still in search of the streak breaker.

Now 0-18 for the year Kress never led during the entire contest and only wholesale substitutions by the Wolverines kept the score as close as it was. The Wolverines used the fast break effectively at the beginning and quickly jumped

to an 8-2 lead. With Geissler, Hood and Cleavinger dominating the boards, Barton, Furr and Woods were able to lead a number of 2 on 1 and 3 on 1 fast breaks early in the contest.

The Wolverines took a 17-9 first quarter lead and stretched it to 32-21 at half even though the Roos began to stop the fast break by crashing the backboards and putting pressure on the rebounder, not letting him get a quick outlet pass. But Geissler was controlling the backboards and Barton and Woods made pretty passes to feed Cleavinger for easy buckets and Kress could get no closer than 11.

The lead stretched to 43-27 at the end of the third stanza as the substitutes took over. Kevin Kelley led a scoring binge in the final quarter as the Wolve-

rines emptied their bench. Craig Holland, Woods and Timmy Thomas started controlling the offensive boards and Lee Brown did a good job on the defensive board and the Wolverines slowly pulled away as Kress lost their poise and just plain quit trying to play basketball.

The game was played in Rough-house barnyard style as evidenced by the Wolverines stepping to the free throw line 28 times and sinking 14 for 50%. From the field the Wolverines were 26 of 53 for 49%. The Wolverines outrebounded the Roos by 15 boards.

Geissler led the way with 13. Kelley next with 12, followed by Cleavinger's 11 and Furr and Barton with 8 a piece. Wolverines 17 32 43 66

SPEAKING OF SPORTS

BY: BILL WELDON

The state of Texas will be a peaceful and quiet place Sunday afternoon as millions will gather after church and the noon meal to see if the Dallas Cowboys can complete a miracle year and win the Super Bowl over the Pittsburgh Steelers, the defending champions.

The old cliché of won in the trenches, fewest mistakes, specialty teams, one on one have floated around for the past two weeks as both teams prepared their game plans for this Super Sunday. And while to a degree each one is true, taken in proper perspective they all will play a vital role in determining who is the champ of Bowl X.

In search of a game plan we as armchair QB's will have to take a look at position by position to determine where to attack our opponents. So while we put our game face on, snap our chin straps and slide down in our easy chairs, let's take a look at each team and the matchups.

THE QUARTERBACKS

Both Bradshaw and Staubach are tremendous in clutch situations with the scramble. Both start slow, often overthrowing early. Both hit about same percentage of passes but Staubach threw more interceptions, also

Cowboys allowed more sacks. Edge: A tossup.

THE RUNNING BACKS

Edge here has to go to Steelers because Harris can break big run. Blier is excellent blocker. But Harris has tendency to fumble as against Colts. People all year have underestimated Newhouse and Parson will want to prove to Pittsburgh it was a mistake letting him go. Watch for him on screens.

THE RECEIVERS

D. Pearson and Richards are both deep threats and can get open. Swann and Lewis are also deep threats but Lewis will drop one occasionally. Fugett or Dupres are both better than Brown or Grossman but Bradshaw saves them for surprises. Edge: To Cowboys

OFFENSIVE LINES

Steelers have been together longer and allowed less sacks than Cowboys who will have at least one rookie starting. Cowboys must stop Harris and contain Bradshaw because Steeler offensive line gets better late in game when chips are down. Edge: To Pittsburgh

DEFENSIVE LINES

"Steel Curtain" vs "Doomsday." All depends if Lawless has good day and Neely doesn't get caught holding. Martin and Jones must get good rush but don't over do or Bradshaw will be gone. Cowboys must contain

Greenwood and White or it will be a long afternoon.

Edge: Tossup (Surprised?)

LINE BACKERS

Russell, Ham, and Lambert vs- Jordan, Edwards and Lewis. Could be tested all day as Dallas uses backs in flats and on screens. Jordan may be last game and will want good one. Lewis is key they will attack him.

Edge: Dallas

SECONDARY

Cowboys have had good rush and not allowed big score lately. Steelers with Blount and Wagner are dangerous. Renfro will be tested as will Waters. Cliff Harris must have big day, at least two interceptions. Edge: To Steelers

SPECIALTY TEAMS

Dallas rookies must not make any mistakes as Donovan did against Minnesota. Could be turning point if Henderson could block field goal. Both punters had off years. Gerela and Fritsch about even on range. Edge: To Dallas

The matchup are fun but the Cowboys must contain the front four and the running of Harris and scrambles of Bradshaw. Steelers must stop Staubach to Pearson and Newhouse running. My mind tells me Steelers are too good and Cowboys have too many rookies who will make mistakes, but my heart says the Cowboys by a 38 field goal.
