Green Thumb Boys hard at it.

## Cleanup Campaign Moving Ahead

The city has engaged the help of the Green Thumb boys, a federally funded project to help ease the unemployment situation and at the same time give some low cost help to the cities.

Part of the cost of these workers is paid by the Federal Government and the city supplies all the material and supplies needed.

The past few days they have been cleaning the streets and gutters along Main Street and subsequently painting parking areas along both sides.

They are planning to clean the city yard and build new fencing and a new shed for the city maintainer.

Along with the efforts by the city, we understand that the Jaycees have rented the old pool hall and plan to clean it up and use it for their monthly meetings.

We have noticed a few of the merchants along Main Street are making an effort to clean the front of their businesses.

A little cleaning goes a long way toward making our city a beautiful place to live and a lovely area to drive through. Let's all pitch in and do what we can to keep the ball rolling, and avoid the necessity for enforcement of the city ordinances against junk being left on private property.

## 4-H And FFA Stock Show Entrants

Last week we ran several pictures of winners in the Stock Show at Littlefield. We regret that limited space prevented us from running all the pictures we had and hope that in the next few weeks, we can get all the pictures published.

Our youth didn't do as good at Amarillo as they did at Littlefield, but hopefully they will again bring home many honors from the coming shows at El Paso and Houston.

We all owe these children and their leaders a vote of thanks for the job they are doing in these shows and right here in our own community. They work long and hard all year for these shows and in most cases their only reward is the self-satisfaction of a job well done.

Let's all do what we can to promote and back the Earth-Springlake Junior Livestock Show coming up next month.

## S-E Hosts TSTA Meeting

The Springlake-Earth School was the host for the Lamb County Texas State Teachers Association Monday night. About 60 members attended the meeting and dinner.

Barbeque, beans, salad, and chery cobbler were served.

David Crane entertained by playing dinner music on the piano.

Mrs. Charlene Reast, President of TSTA, was the

Mistress of Ceremonies.

Jimmy Ford, of Sudan, introduced the speaker, Bill Potts, the field representative for TSTA. Mr. Potts spoke on legislation before the Texas Senate and the House of Representatives. He spoke in regard to school finance.

The group adopted a new constitution which updated their old one.

The benediction was given by Kenneth Hill.

## Local Student On Honor Roll

WTSU--14.3 percent of West Texas State University's 6,557 students were named to honor rolls for the fall semester.

202 students were named to the President's List, who have a semester grade point average of 3.85 or higher for a completed semester load of 12 semester hours.

738 students were named to the Dean's List, who have a semester grade point average of 3.25 or higher for a completed semester load of 12 hours.

Listed from Earth was Rebecca Pittman, an elementary education major. She is the daughter of Mr. and Mrs. Alvin Pittman of Earth.

Listed from Springlake were Larry Dear, an agriculture business and economics major, son of Mr. and Mrs. J.W. Dear and Arietta Schoenberger, a speech and hearing therapy major.

## Loose Dogs Cause Problems

Even though the city is trying to keep the stray dog problem at a minimum, there are still many complaints of the damage that is being caused by loose dogs.

Residents in the Hite Park addition are having trouble with dogs carrying off their newspapers and bringing other trash to deposit in their yards.

The City of Earth has a strong ordinance against dogs being allowed to roam at large, and every effort is being made to enforce the ordinance, but a lot of help is needed from everyone to help curtail the mischief caused by these animals.

Fines are being levied and stronger action may be taken if the problem is not solved soon.

## Move Barn??

Sometimes it is difficult to fathom the workings of the minds of politicians and public servants, but this time it is impossible.

It seems that several years ago, the county decided to build a new barn on the outskirts of the city of Earth, and in doing so, a mistake was made in calculations as to where city property ends and county property begins. Then in order to correct the error, instead of trying to come to some equitable solution with the city, the powers that be in the county have decided to move the barn. MOVE THE BARN!!

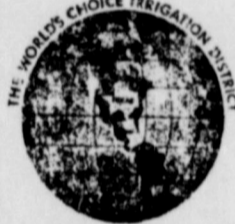

It has been estimated that at least \$3500 will be needed to accomplish this, and that is taxpayer money that will be spent to correct an error that could have been avoided and can still be rectified simply by the county commissioners meeting with the Earth City Council and working out the solution.

Let's hope that cooler heads will prevail and a needless waste of taxpayer money will be avoided.

Below is reprinted the letter that the city has transmitted to the county in hopes that a solution can be reached.

### CITY of EARTH

EARTH, TEXAS 79021

January 24, 1977

Honorable Judge Ruth Forbis Kirby  
Lamb County Commissioners' Court  
Court House  
Littlefield, Texas 79339

Dear Sirs;

The City of Earth is of the understanding that you plan to move the County barn in precinct no. 2. The Council feels that there should be further negotiations before there is undue waste of tax payers money.

Since the County barn encroaching on City property is not an emergency situation, the Council would like to extend an invitation to the Commissioners' Court to meet with the Earth City Council at their next regular meeting on February 7th, 1977 at 8:00 PM. If this is not possible the City Council would be happy to meet with you any time thereafter.

Your truly,

## Earth Lions Club To Have Community Blood Drive

President Brian Hamilton announces there will be a Blood Donation Drive Monday, January 31. Donations will be taken from 3:00 until 5:00 p.m. at the Homemaking Cottage at the Springlake-Earth School. Everyone is welcomed to donate blood.

Each individual will be interviewed and some may be excused for medical excuses. At least 30 individuals are needed.

The Blood Services, Inc. of Lubbock will handle the medical end of the Blood Drive. The Blood Services is a non-profit organization, and acts as a middle man from the donor to the hospital.

After servicing the blood donated, Blood Services transfers the blood to the hospitals.

The Blood Drive is a community service of the Earth Lions Club.

Highlighting the show was the introduction of the new lawn and garden lines, and the new brand name program featuring major appliances. White's dealers

will now be able to offer Kelvinator, Speed Queen, and B.F. Goodrich to their customers. Company officials predict this program, aided by one of the most complete lines of lawn and garden and seasonal items anywhere will prove to be one of the most successful ever launched by the chain. Mr. and Mrs. Lively also viewed the new items in the well rounded blend of housewares, automotive, sporting goods, toys, hardware, tires, giftware, and electronics offered by White's.

During the show, the Livelys were invited to attend clinics on Kelvinator, Speed Queen, B.F. Goodrich, C.B. radios, and White tires. Top salespeople from the companies presented

**Tribute To Ranching Family**

The Ranching Heritage Center on the campus of Texas Tech at Lubbock was the scene of a tribute to one of the most well-known ranching families in this part of the country. Two giants of the cattle industry, William Electious Halsell and Ewing Halsell, were honored with an autograph party for their biography, "A Ranching Saga: The Lives of William Electious Halsell and Ewing Halsell." W.E. Halsell is the cattleman depicted in the mural by Peter Hurd of West Texas history in the rotunda of Holden Hall. Ewing Halsell, who created the Halsell Foundation, was the first contributor to the outdoor ranch museum at Texas Tech. Seated at the many autograph tables were: Dr. W.C. Holden, professor of history at Tech, author of the book and illustrator Jose Cisneros of El Paso. Also in demand for autographs were: W.E. Halsell's daughters, Mrs.

Clare Holmes of Shawnee Mission, Kansas and Mrs. Mary Vilan of Beverly Hills, California. Descendants of the Halsells and former cowboys of the "Mashed O" from several states attended the ceremonies which included display of many items donated to the ranch museum by the Halsells and illustrations by Cisneros. Mr. William H. McCluskey of Kansas City presented a two-volume set of the book to the Ranching Heritage Association which will be located in the library of the Edith Whatley McKanna Parlor at the center. The autograph party was the culmination of a nostalgia-filled day of visiting the many facts of the museum and renewing old acquaintances of family and friends of the entire party. Johnny Murrell, longtime ranch manager of the "Mashed O" and his wife served as hosts for the event.

**The Speaker Reports**

by Bill Clayton

AUSTIN--Those who put finances at the top of their legislative priority list did not miss the mark. We are only two weeks into the session, but already it is evident that the money situation will have great significance.

For that reason, I took the unprecedented step of calling together all of the House committee chairmen and vice-chairmen for a face-to-face meeting. It was the first time all committee chairmen and those vice chairmen whose duty it is to oversee appropriate matters have ever been called together for such a talk.

What they were told was simple. Help us hold the line on state spending.

That \$3 billion surplus is going to be attacked from every angle this session. I wanted our committee leaders to know from the start that I want them to point in the direction of fiscal conservatism.

The Legislative Budget Board took a hard look at our agencies when making their recommendations and setting a funding level of \$15.3 billion for the next two years. Our committees will take this into account, but I believe that we can do even

better in the money-saving department.

By scrutinizing every aspect of an agency's request in committee hearings, I am confident that there is still some trimming we can accomplish.

Appropriations Committee Chairman Bill Presnal will have his committee looking at a budget version approximately \$120 million thinner than the LBB's recommendation.

It now appears that if the Governor's budget requests are met—including the areas of highway spending and public school finance—only about \$400 million will be left on the table.

There will be many efforts made to reconcile the spending levels. There will be many long hours spent making sure that the people of Texas are getting a dollar's worth for every dollar of tax money spent.

The response I got from our House Committees is that they understand the situation and that the message from back home is clear to them as well: Cut government spending and don't increase the size of government.

Hopefully, we can carry out those orders.

**Kathleen Anderson On Dean's Honor Roll**

PLAINVIEW--Kathleen Anderson, a Wayland Baptist College sophomore, has been placed on the Dean's Honor Roll for the period September 1-December 17.

Dr. Kyle Perrin, academic dean of the four-year Christian liberal arts college in the Texas Panhandle, said the position was earned with a 3.63 grade point average.

"Announcement is made at mid-semester and at the end of the semester of those students who have carried at least 12 semester hours of academic subjects and have made an average of 3.5 or above."

She is the daughter of Mr. and Mrs. Bill F. Anderson of Earth.

Kathleen is a member of an unique student body in a college which has been obviously unique from her founding in 1908, said Wayland President Dr. Roy C. McClung. "Wayland's very survival of the first 25 years, which

saw numerous other area schools close, points to a destiny of distinction. Wayland has been a significant leader through the years as evidenced by

her early integration of the races, early international student emphasis, women's sports (Wayland is home of the popular women cagers, the Flying Queens), calendar innovations,

interinstitutional cooperation, vocational and career offerings, budgetary stability, and outstanding achievements by graduates and former students."

Dr. McClung, now completing his 14th year as chief executive officer, points with pride to the students, faculty and

administration of today who sense a yet more significant role for Wayland. "Wayland aspires to be a center for the intelligent exploration and initiation of new ideas in the spread of constructive influences upon community and national life."

**Cotton Prices Higher**

The United States Department of Agriculture's Agricultural Marketing Service reported cotton trading was moderate to slow during the week ending January 21.

The Lubbock Cotton Exchange's Spot Quotations advanced approximately \$12.50 per bale from the previous week. The base price for grade 41, staple 34, mid 3.5 through 4.9 was 61.85 cents on Friday, January 21, up 250 points from the previous Friday.

Demand was moderate to light, Dickson said. Prices paid growers for cottonseed ranged from \$85 to \$112 per ton, mostly \$96 to \$110.

Grades 42 and 43 were predominant in closings at Lubbock this week. Grade 42 accounted for 17 percent and 43 made up 20 percent. Bark reduction was assigned to 54 percent of the samples classed.

Predominant lengths were staples 31 and 32. Staple 31 was 28 percent, and 32 accounted for 32 percent.

Mike readings in the desirable 3.5-4.9 range amounted to 37 percent of the total. Mike 3.3-3.4 was nine, 3.0-3.2 accounted for 18 percent, 2.7-2.9 claimed 16 percent, while 2.6 and below was 17 percent.

**Emergency Farm Loans Announced**

Congressman George Mahon's office in Lubbock announced that farmers in four West Texas counties are eligible to apply for an emergency loan from the Farmer's Home Administration to cover crop losses caused by adverse weather in 1976. The counties are Bailey, Hockley, Lamb and Yoakum. The annual interest rate is 5% and the loans are payable within seven years, with the possibility of an extension for up to five years. Specific details should be obtained from the local Farmer's Home Administration offices.

**you and the LAW**

PRESENTED BY THE STATE BAR OF TEXAS

Q: My husband and I both were previously widowed, and I have children from my first marriage. My first husband left me considerable real estate. How can I make sure my children will receive this property? Will a will, designating the property to the children exclusively, be sufficient?

A: Property left to a widow by her first husband is defined by law as the widow's separate property and can be willed to anyone of the widow's choosing, including children from a first marriage. In the absence of such a will in this case, the law provides that the surviving second husband would receive one-third of any personal property and a life estate in one-third of any real property, with the remainder passing to the woman's children.

Q: Four months after I renewed my apartment lease for another year, I was notified that my lease was terminated because of increas-

ing costs. Are apartment owners allowed to raise rents in the middle of a lease?

A: Most apartment owners use a standard lease form which prohibits rent increases until the end of the lease term, or until the expiration of any renewal or extension period. These leases also require that a 30-day written notice of a rent increase be provided if the landlord intends to increase the rent when the lease expires. Unless a lease specifically allows rent to be raised during the term of the lease, the landlord cannot raise the rent.

Q: My husband received an inheritance before we married. Did this property become community property after we married? And, he invested part of his inheritance in other property and savings accounts. Are these new investments community property belonging to both of us? Also, would the law be the same for my inheri-

tance? A: A spouse's separate property is defined as property owned before marriage or property received by gift or inheritance after marriage. The owner of separate property, whether a husband or wife, is free to manage and own it independent of the other spouse. Income from separate property, such as interest on a savings account, is community property and is owned jointly by the husband and wife.

Q: I obtained a default judgment against someone to collect a debt. They kept their checking account inactive to prevent me from obtaining those funds to satisfy the judgment. Could I hold a lien against the proceeds of their homestead if they sell their home and move to an apartment?

A: The family homestead is exempt from all general claims of creditors. This exemption also extends to funds obtained from a sale of the homestead within a short period of time. If a debtor sells his home, deposits the proceeds into a bank or savings account, and rents an apartment, the homestead exemption has been abandoned, and a creditor can move to establish a lien upon the funds to satisfy his debt.

WENDY BRANSCUM—RES. GRAND CHAMPION STEER—  
LITTLEFIELD STOCK SHOW

Good enough to keep, but it can be and should be made better.

That's essentially the verdict handed down on the government cotton program January 18 by the Plains Cotton Growers, Inc. Board of Directors. It came in the form of legislative policy developed by the PCG Legislative Committee and the Board, calling for an extension of the program's basic concepts but asking for significant improvements.

The Agriculture and Consumer Protection Act of 1973, of which the program is a part, expires with the 1977 crop. PCG, representing about 20,000 producers in 25 counties surrounding Lubbock, is one of many commodity organizations and other groups across the nation seeking to influence Capitol Hill as a farm law for future years takes shape.

Under the present law the Commodity Credit Corporation loan price on cotton is set at 90 percent of the three-year average price of U.S. cotton in world markets, and the PCG policy says the loan rate should continue to be based on average market prices.

However PCG will be working to "improve the data and procedures under which the loan is calculated..." Officials of the producer organization maintain that USDA has had too much leeway when it figures the average of foreign markets, then applies its own "location and quality" adjustments.

PCG also is asking that the loan be made a more workable marketing tool for producers through lower CCC interest rates, an option to renew loans for at least eight months beyond the present statutory minimum, plus a requirement that the final loan rate for each crop year be announced by November 1 of the preceding year.

Other program improvements called for in the PCG policy include elimination of the inequitable \$20,000 payment limitation, a disaster program administered "in accordance with the intent of Congress," and an end to provisions which perpetuate cotton allotments in areas where cotton is no longer produced.

Points in favor of the current program are included in the opening statement of the PCG policy, which recognizes that under the 1973 Act "... growers have experienced (a) freedom to plant what they can grow and produce most efficiently, (b) new opportunities to avail themselves of market-oriented price opportunities, and (c) an improved image with the Congress and the public which resulted from greatly reduced taxpayer costs."

The sense of the PCG Board's feelings, said Executive Vice President Donald Johnson after the January 18 meeting, "is that the market-oriented philosophy of the 1973 Act should not be abandoned, but that every effort must be made to improve administration of the Act in such a way as to give producers greater protection against weather and market hazards."

### Speed Up Refund

Taxpayers can receive their refunds faster by using the preaddressed peel-off label on their returns, the Internal Revenue Service said.

The label, which appears on the cover of the tax package mailed to taxpayers, lists name, address and social security number.

The IRS emphasized that if any information on the label is incorrect, the taxpayer should make corrections right on the label.

Married taxpayers filing a joint return should check to see that two social security numbers appear on the label. If only one social security number is shown, the other spouse's number should be entered on the appropriate line.

According to the IRS, taxpayers can also ensure a faster refund by mailing their return in the coded envelope also included with the tax package.

**University Day At Texas Tech**

LUBBOCK—High school juniors and seniors and junior college students will get the inside story on college life, February 25, at University Day at Texas Tech. Students and counselors from Texas and Eastern New Mexico have been invited to the Lubbock campus for a first-hand look at university programs and activities. "These visitors will be able to look at college life in general and life at Texas Tech in particular," said Marc Scott, associate director of the Office of Admissions and Records. The University Center (UC) will be the center of activities for University Day, according to Gloria Masso, student coordinator. The program will begin in the new UC lounge at 8 a.m. with visitor registration. Each of Texas Tech's six

colleges, many service offices and student organizations will set up special booths in the UC ballroom. Staff, students and faculty will visit with student and counselor guests. Colleges of Agricultural Sciences, Business Administration, Engineering, Education, Arts and Sciences and Home Economics will offer special programs in their respective facilities. "Texas Tech has long

had a reputation as a friendly, student-oriented university," Scott said. "Beyond this, however, is the fact that Texas Tech offers excellent academic programs in its more than 100 undergraduate areas. This is evidenced by the type and number of job offers made to graduate each year."

Tours of the campus will be offered and a movie of Texas Tech will be shown. Activities will conclude with a swimming party and dance.

Overnight accommodations will be available in student residence halls for visitors traveling long distances to Lubbock, Scott said.

Additional details on University Day may be obtained from high school and junior college counselors or by contacting the Admissions Office at Texas Tech University.

Offices and organizations which will be represented include Admissions, Career Counseling and Placement, Student Financial Aids, Career Counseling and Placement, Student Financial Aids, Honors Programs, Testing and Counseling, Tech Band, Recreational Sports, Women's Intercollegiate Athletics, Housing, Fraternities and Sororities, Student Association, Army and Air Force ROTC, Student Organization for Black Unity, United Mexican-American Students, Student Affairs, Men's Service Organization, Women's Service Organization, Saddle Tramps and the Ex-Students Association. Additional details on University Day may be obtained from high school and junior college counselors or by contacting the Admissions Office at Texas Tech University.

## Wolverines & Wolverettes

BY: CLINT DAWSON

The Wolverettes played one of their best games of the year as a team last Tuesday night and took an important victory over Farwell, 76-74. The game was an offensive battle as the score indicates. The girls fell slightly behind in the first quarter but they came back to tie the score at 19 before the buzzer sounded. The second quarter was close until the final minute when Farwell scored two quick baskets to lead 40-36 at halftime. Farwell came out in the third quarter and scored 6 unanswered points. This gave them a ten point lead which the Wolverettes

spent most of the rest of the game overcoming. The team narrowed that lead to 5 by the end of the third quarter and the score was 62-57. With about 5 minutes left in the final quarter, the Wolverettes tied the score at 64 and it was a close battle from there on. With the score tied at 72 and almost a minute left, Christi Pittman made a 3 point play and soon after that Farwell's stunned guards threw the ball away to Kim Dent. Susan Clayton sunk a free throw with about 30 seconds left to insure the victory.

All three forwards played an outstanding game. Christi Pittman led them with 28 points. Susan Clayton scored 25 and Kim Dent 21. For the guards, Ranae Winder grabbed 7 rebounds, Alayne Slover

grabbed 3 rebounds and 1 steal. Tammy Davis got 2 rebounds and 1 steal and Pam Eagle got 1 rebound and 1 steal.

In the boys' game, Farwell's height and speed led them to a 73-50 win over the Wolverines. Farwell shot well from outside in the first quarter and played tough defense as they led 18-8. The Wolverines hustled back to cut Farwell's lead to seven by halftime, 33-26. The third quarter proved to be the downfall for the Wolverines. Farwell scored many unanswered points and built their lead to as much as 20 points. The Wolverines could never crack that lead and Farwell went on to win.

Mark Barton led the Wolverines with 14 points and 5 rebounds. Kevin Kelley was next with 9

points and 3 rebounds. Rodney Geissler had 6 points and 3 rebounds, George Flores 4 points and 3 rebounds, Terry Hood 4 points and 3 rebounds and Tim Thomas 3 points and 4 rebounds. Other scorers were William Flores with 5, Joe Fulfer with 3, and Clint Dawson and Royce Jordan 2 apiece.

The Wolverettes lost an important district game to Vega last Friday night. Although the final score was 65-54, the game was generally closer. The forwards once again had a good game but the guards had trouble getting the ball to them. The Wolverettes jumped out to a 6-2 lead early in the game, but Vega came back and took a 19-16 lead after the first quarter. The Wolverettes tied the score in the second quarter

before Vega got hot and scored 8 unanswered points to lead 32-24 at halftime. Vega increased their lead in the second half and held on while the Wolverettes tried unsuccessfully to rally.

Christi Pittman led the scoring with 31 points. Kim Dent made 12 and Susan Clayton 8. The guards were led by Alayne Slover with 4 rebounds and 1 steal. Pam Eagle also got 4 rebounds. Ranae Winder had 2 rebounds and a steal and Tammy Davis had 2 rebounds.

In the boys game, the Wolverines tough defense gave Vega many problems but poor shooting caused the team to lose, 57-41. The shooting percentage for the game was about 26% which means the Wolverines made only one out of every four shots. On the other hand, Vega wasn't doing much better as the Wolverine's defense was very quick and tough. They rebounded well and caused many turnovers. The score by quarters was: 1st 4-11, half 10-18, 3rd 21-33.

George Flores led in scoring with 12 points followed closely by Mark Barton with 11 and Keevin Kelley with 10. William Flores scored 4 points and Rodney Geissler and Terry Hood scored 2 points apiece. Leading in rebounding was Terry Hood with 6, George Flores was next with 5, Mark Barton, Keevin Kelley, and William Flores grabbed 1 rebound apiece.

### 8th Grade Boys

BY: RORY JONES

On the 20th of this month, the Wolverines Junior High boys went over to Vega to try for another Vmx

On the 20th of this month the Wolverines Junior High boys went over to Vega to try for another victory. In the first quarter our boys started out a little slow with a score of 9-4 their favor. In the second half they were getting a little more fight in them and in the last of the second quarter was 12-11 still our opponents favor. During the game Coach Luce got 2 technical fouls but one was apologized as a mistake by the referee. In the 3rd quarter it was getting to look like a tie ball-game and early in the fourth quarter the score was 19-21 Vega's favor. In the 4th quarter both teams were fighting for their lives and by the last of the game it was 22-22. When the first overtime started the Longhorns made a layup just before Biff Belew made two free throws. Pretty soon the second overtime started and by the end of the hair raising game the score was 25-24, another Wolverine victory. High scorers were Biff Belew and Jim Gonzales, with a total of 7 points each.

### 8th Grade Boys

BY: CHESTER ROBINSON

On January 24, the Springlake-Earth 8th grade boys traveled to Hart to compete with the Hart 8th grade boys.

The game started fairly well and at the end of the first quarter the score was 8-2 Springlake favor. In the second quarter Springlake-Earth scored 11 points and Hart scored six, which made the score 19-8.

When the two teams came back from half, Hart kept trying to catch up, but S-E still dominated. At the end of the third quarter, Springlake had pulled away to a 27-12 lead.

In the fourth quarter, Springlake scored 15 points and Hart scored 5 points which made the final score 44-18 victory for

MICHELE McCARTY—RES. CHAMPION HEREFORD—LITTLEFIELD

### 7th Grade Boys

Hart defeated the S-E 7th grade boys Monday 34-17. Springlake-Earth could not seem to get going until the second half.

The scoring was evenly distributed between Arlis Ellis, Cloud Barlow and Sam Ott who all had 5 points apiece. Todd Moore made two points to make their final score 17.

The boys will take on Kress Thursday (today) at 4:55 p.m. in the Wolverine gym.

This will be the beginning of a 3-day tournament. Let's all go out and support these boys.

### Our Men In Service

Navy Seaman Recruit Donald W. Crowe, son of Mr. and Mrs. Donald L. Crowe of Littlefield, has completed recruit training at the Naval Training Center, Great Lakes, Ill.

During the eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Included in his studies were seamanship, close-order drill, Naval history and first aid. He joined the Navy in September 1976.

### Springlake HD Club Attend Friendship Day

The Springlake Home Demonstration Club attended Friendship Day in Littlefield Monday, January 24. The meeting was held in the REA Building in Littlefield.

The program consisted of Becky Culp of Amarillo presenting "Accent With Accessories." Mrs. Wynon Mayes read the book review, Mrs. Doris Waters, of DJ's Studio of Littlefield, presented a ceramic demonstration.

A salad luncheon was served to the 40 registered members and 8 visitors who attended the meeting.

Mary Foster, a Springlake member, was awarded the THDA pin by Clare Phillips.

Essie Hollingsworth, also a Springlake member, won a door prize.

Juanelle Boone of Springlake led the recreation for the day.

Members from Springlake who attended were Mrs. Essie Hollingsworth, Mrs. May Boone, Mrs. Oma Pearl Murrell, Mrs. Juanelle Boone, Mrs. Ottile Wisian, Mrs. Mary Foster, Mrs. Myrtle Steinbock and Mrs. Ruby Biles.

They all admired the beauty of the country and were grateful to the host company for the experience.

### Veta J. Allison On Dean's Honor Roll

PORTALES-Veta J. Allison, a senior from Earth, is among the 47 students named to the 1976 fall semester Dean's Honor Roll at Eastern New Mexico University, according to Dr. George Jones, vice president for Academic Affairs and Administration.

To be included on the Dean's Honor Roll, students must have earned a 3.25 or better grade point while enrolled in 15 or more hours of academic credit courses. Students at Eastern University are graded on a 4.0 scale

### Local Students on Dean's Honor Roll

LEVELLAND-A total of 355 students have been named to the Dean's Honor List at South Plains College for the 1976 fall semester, according to Nathan Tubbs, academic dean.

To be eligible, students must maintain at least a 3.25 grade point average (SPA) while carrying a minimum of 12 semester hours with no failing grades, Tubbs said. There were 83 students who made all A's for a perfect grade point average of 4.0, he added. Local students noted are David Carr (4.0) and Martha May from Springlake, and Lisa Harper (4.0) from Sudan.

### The Lonnie Wilson's Tour Spain

Mr. and Mrs. Lonnie Wilson returned last week from a tour of Spain sponsored by Miller Seed Company.

Trips into the interior of the country were made in small cars which were driven around the curves at excessive speed. The cost of gasoline there is almost two dollars per gallon.

The group stayed at Marbella. They viewed the ancient Castle of Granada which was occupied by the King of Spain during the period of Columbus' Voyages.

They saw banana, date and olive trees. It was during olive harvesting. On the coast sugar cane, beans and lettuce were growing. The cabbages were being gathered.

The party saw the wares of the market place which included produce and articles of handcraft.

The tourists did not relish the leisurely five course meals which consisted of salad, soup, main dish and dessert followed by the last course of coffee. If seasoning was added it was of unfamiliar flavor.

They all admired the beauty of the country and were grateful to the host company for the experience.

### ORDINANCE NO. 85

AN ORDINANCE FIXING THE MAXIMUM RATE OF SPEED FOR MOTOR VEHICLES; ALLOWED FOR SPEED ZONES; PROVIDING FOR PENALTY; AND DECLARING AN EMERGENCY.

WHEREAS, the City Council of the City of Earth, Texas, upon the basis of engineering and traffic investigation, find it necessary to establish maximum speed limits, and create speed zones in certain areas, all within the Corporate Limits of the City of Earth, Texas.

WHEREAS, the City Council of the City of Earth, Texas, finds it is necessary to immediate preservation of the public health and safety to provide for the immediate enactment of such measures, constituting an emergency;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EARTH TEXAS;

SECTION 1 Subsection (A), Speed restrictions. It shall hereafter be unlawful for any person to drive or operate a motor vehicle upon any street, roadway or highway in the City Limits of the City of Earth, Texas, at a speed greater than is reasonable and prudent under the conditions then existing, having regard to the actual and potential hazards when approaching and crossing an intersection or a railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions; and in every event, speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

Subsection (B), Where no special hazard exists that requires lower speed for compliance with Subsection 1 (A) of this Section, the speed of any vehicle not in excess of the limits specified in this Subsection or established as hereinafter authorized shall be lawful, but any speed in excess of the limits specified in this Subsection or established as hereinafter authorized shall be prima facie evidence that the speed is not reasonable or prudent and that it is unlawful:

- (1). The speed zones established by this Ordinance shall include all of U.S. 70 within the Corporate Limits of Earth, Texas; the maximum legal speed shall be as follows:

(a). Beginning at the West City Limit, the maximum legal speed for eastbound traffic only shall be 55 MPH for a distance of 0.231 mile to the point of intersection with Cleveland Street extending to the south; thence 45 MPH for a distance of 0.200 mile; thence 35 MPH for a distance of 0.354 mile to the point of intersection with Elm Street; thence 45 MPH for a distance of 0.200 mile; thence 55 MPH for a distance of 1.013 miles to the East City Limit.

(b). Beginning at the East City Limit, the maximum legal speed for westbound traffic only shall be 55 MPH for a distance of 1.013 miles; thence 45 MPH for a distance of 0.200 mile to the point of intersection with Elm Street; thence 35 MPH for a distance of 0.486 mile; thence 50 MPH for a distance of 0.200 mile to a point which is 0.100 mile east of the point of intersection with the West City Limit; thence 55 MPH for a distance of 0.100 to the point of intersection with the West City Limit.

And all Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

- (2). The speed zones established by this Ordinance shall include all of F.M. 1055, Amherst Street, within the Corporate Limits of the City of Earth, Texas; the maximum legal speed shall be as follows:

(a). Beginning at the North City Limits, the centerline of a county road, the maximum legal speed for southbound traffic only shall be 55 MPH for a distance of 0.624 mile; thence 45 MPH for a distance of 0.200 mile; thence 35 MPH for a distance of 0.280 mile; thence 45 MPH for a distance of 0.200 mile; thence 55 MPH for a distance of 0.195 mile to the South City Limit.

(b). Beginning at the South City Limit the maximum legal speed for northbound traffic only shall be 55 MPH for a distance of 0.153 mile; thence 45 MPH for a distance of 0.200 mile; thence 35 MPH for a distance of 0.308 mile; thence 45 MPH for a distance of 0.200 mile; thence 55 MPH for a distance of 0.638 mile to the point of intersection with the North City Limit.

And all Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

SECTION 2. Any person violating any of the provisions of this Ordinance shall, upon conviction thereof, be fined in any sum not less than Ten (\$10.00) Dollars nor more than Two Hundred (\$200.00) Dollars.

SECTION 3. That the hazards and dangers to public health and safety create a necessity requiring all rules providing that no Ordinance shall be finally passed on the day of its introduction be suspended; and this Ordinance is declared to be an emergency measure, to take effect from and after the date of its first publication.

### CONSIDER THE FOLLOWING:

- 1 The best system in the world isn't worth a dime when it's down.
- 2 The best system in the world is worth no more than it's least efficient servicemen.
- 3 The best system in the world is worth no more than the reputation of the local dealer servicing that machine.

Big T Sprinkler Service sells, installs and services Lindsay Zinnatic Self Propelled center pivot irrigation systems. We think it is the best system in the world. It is built in Amarillo by Texas for use by Texas. Our salesman can tell you why we think it is the best, but it's our servicemen who make us outstanding. We have the best service. Period. End of debate. Ask anyone who owns a Lindsay Zinnatic system about the service of Big T Sprinkler Service. Our servicemen get dirty. Routinely. They do the job. They'll keep you running. And they have the training and parts inventory to get you running in hours, not days. And since Lindsay Zinnatic systems are built in Amarillo, shipping time and costs are low, which we pass along to our customers.

### Seeman—Murrell Exchange Vows

MR. and MRS. LARRY MURRELL, JR.

BY: MRS. TOM STANSELL

Olton-Miss Sandra Sue Seeman of Littlefield became the bride of Larry Murrell, Jr. of Olton Saturday evening, December 18, in the Emmanuel Lutheran Church of Littlefield with the Rev. James W. Ristvedt, pastor, officiating the double ring ceremony.

Parents of the bride are Mr. and Mrs. Chris Seeman of Littlefield and Mr. and Mrs. Larry Murrell of Olton are the parents of the groom.

The bridal aisle was marked by large red satin bows, white carnations and greenery.

The altar area was festive with poinsettias, baskets of red and white carnations and seven branch candelabras fitted with red tapers and decorated by red bows and white flowers interspersed with greenery.

Escorted to the altar by her father, the bride wore a pearl white silk organza wedding gown of Victorian influence with rose-point lace accents. The Dutchess yoke was made of rose-point lace. Full bishop sleeves were gathered to deep cuffs of matching lace. From the empire waistline drifted the A-line skirt enriched with scattered applied rose-point medallions. The hemline was edged in rose-point lace. A full, graceful Watteau train featured an applied fan shape of rose-point lace which accented the train.

She wore Victorian Capulet of allencon lace from which fell the bouffant, chapel-length veil of imported silk illusion and swept beyond the train of her gown.

The bride carried a bouquet of white carnations with red and white ribbon streamers on a white Bible which was a gift from her mother. She carried two long-stemmed roses and presented one to her mother and the other to the mother of the groom.

Roxanne Mullins of Snowflakes, Ariz. was her sister's Matron of Honor. Dorothy Williamson of Bridgeport, sister of the groom was bridesmatron. Bridesmaids were Miss Michele Seeman and Christy Seeman of Littlefield, sisters of the bride. They wore formal length red gowns with white fur trim and carried white fur muffs enhanced by red carnations and greenery. Bridesmaids of white fur and red carnations formed their headpieces.

Little Miss Tammy Mullins, niece of the bride, was flower girl. She wore a floor length red gown and carried a basket of red and white petals.

Dean Murrell, nephew of the groom and son of Mr. and Mrs. Greg Murrell,

Gutherie, carried the rings on a white satin pillow with red velvet bows

Rocky Joe Gore of Circleback was best man. Groomsmen were brothers of the groom, Billy Garner of Earth and Jerry Murrell of Olton.

The groom wore black trousers and hite jacket. His attendants were attired in black tuxedos and white shirts with ruffles. A red carnation formed their boutonnières. Miss Lisa Berry of Littlefield, organist, presented "Because," "O Perfect Love" and "Wedding March."

For her daughter's wedding, Mrs. Seeman selected an orange and white formal length dress with jack. Her corsage was a white orchid with silver ribbon.

Mother of the groom wore a full length dress of white, blue and green floral pattern, with a white orchid corsage.

Mrs. Ola Ganibrel, Springlake, grandmother of the groom was a special guest.

Guest were registered by Kim Foster of Hart Camp.

The bridal couple was honored with a reception in the church fellowship hall.

The bride's table covered by a white linen cloth with

### Kinman Baby Honored

Joseph Guy Kinman, infant son of Mr. and Mrs. Frankie Joe Kinman, was honored with a shower Thursday, January 20 from 4-5:30 p.m. in the Kinman home.

Refreshments of pineapple sherbert punch,

red net overlay and red satin bows was centered by a red and white carnation arrangement. The three-tiered wedding cake was decorated with doves, cupids and red rosebuds. Mrs. Tommy Bryant and Miss Ann Hill, Miss Bicky Bryant and Miss Kelly Hardaway served the cake, nuts, mints, and red reception punch using crystal and silver appointments.

Mrs. Greg Murrell presided at the groom's table laid with a white cloth featuring red bows. Coffee and chocolate cake were served.

At the reception the bride and groom lighted the memory candle which centered the gift table.

Mrs. Mark Warren and Miss Nancy Posey presided at the gift registrar.

For travel to Quartz Mountain Lodge, Okla. the bride wore a blue three-piece double knit suit with white accessories.

The bride attended Willcox High School, Willcox, Ariz. The groom was a student at Olton High School.

The couple are at home in Littlefield where Murrell is employed with Hog Growers.

cookies and coffee was served to approximately 20 guests.

Hostesses for the occasion were Mrs. Robbie Parish, Mrs. Marilyn Luce, Mrs. Jane Murray, Mrs. Jimma Bradley, Mrs. Gena Parish and Mrs. Mary Clayton.

CITIZENS STATE BANK

Commonly called the FDIC, the Federal Deposit Insurance Corporation was created by Congress in the Bank Act of 1933, and became effective on the first of January, 1934, during the depths of the Great Depression.

Deposits in virtually all banks in the country are insured up to \$40,000 by this agency of the federal government. Coverage extends to bank checking accounts, savings accounts and certificates of deposit.

Increases in the amount of the insurance stand as something of a yardstick to measure the affluence and savings habits of Americans. When the FDIC first began insuring accounts the limit was \$2,500. That amount has steadily increased up to the present level which went into effect on November 27, 1974.

Contrary to some misconceptions, this valuable service is not financed by the government, but rather by the banks themselves. Presently, banks are assessed one-half of one percent of their year-end deposits.

**Association Meets**

The Muleshoe Art Association met last Thursday, January 13 at the Muleshoe State Bank. Elsie McMillan, who was in charge of the program introduced Jean Lyles of Hereford, who gave a demonstration on pallet knife painting. She painted a picture of mountain scenes, using oils and her pallet knife.

There was also a question and answer session.

Mrs. Lyles grew up in ranch country in West Texas. She studied at West Texas University in Canyon. In her paintings she depicts the beautiful rugged mountains of New Mexico and colorful landscapes of the Texas Panhandle. Old houses and windmills appear frequently in her work.

She has paintings hanging in the Texas Gallery in Hereford and in galleries in Taos, N.M. Her studio is in Hereford.

The next meeting will be Tuesday, February 8. The program will be an all-day painting session.

Thirty members were present. Those attending Earth were Mrs. W.B. McMillan, Mrs. Leon Foster, Mrs. Fred Clayton and Mrs. Tommy Wheatley.

Mrs. Clayton took paintings to be hung at the Corral Restaurant in Muleshoe during the month of February.

**Party Line**

**Cotton Herbicides Tested For Use In Sorghum And Corn**

DALLAS—Herbicides that heretofore have been used in cotton may be effective also in controlling problem grasses in sorghum and corn if applied by post-plant incorporation.

Dale Hollingsworth, research associate with the Texas Agricultural Experiment Station at Halfway, revealed this finding during the 30th annual meeting of the Southern Weed Science Society being held in Dallas January 18-21.

"We have been concerned about yield losses caused by watergrass, seedling Johnsongrass, crabgrass and sandbur," said Hollingsworth. We decided to spray selected chemicals over the crop when it was about one foot tall, and then incorporate the herbicide with a rolling cultivator. This is a relatively new herbicide application technique called post-plant incorporation.

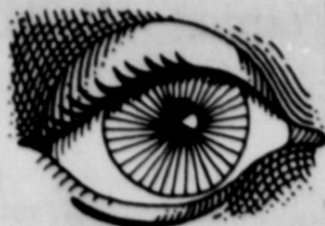

"If the herbicides were put on as they are usually done in cotton weed

control, the corn and sorghum would be severely injured," Hollingsworth said. "Herbicides used in the study were Treflan, Tolban, Prowl, Cobex, Basalin and Amex. All these herbicides are not currently labeled for use in sorghum and corn," he emphasized.

The tests show excellent weed and grass control results without crop injury or yield reduction, Hollingsworth told the agricultural scientists. Also, there was no problem with rotational crops such as cotton or soybean in the year following herbicide application.

The Experiment Station scientist conducted the studies in 1976 at the Texas Agricultural Experiment Station at Halfway in cooperation with Dr. John Abernathy, weed scientist, based at the Lubbock Experiment Station.

Participating in the show

will be members of 4-H, FFA and FHA. Vo-Ag teachers at Olton High School are Tommy Hancock and Steve Freze. Mrs. Evelyn Maxey and Mrs. Jodie Seabarn are Homemaking instructors. Board of directors of the livestock show are Dewey Hukill, president; Landon Smith, general superintendent; Don Muller, T.C. Kennedy, Doug Goen and Elmer Lewis, swine superintendent; Jesse Pinkerton, Larry Garvin and Royce McFadden, sheep superintendents and Garland DePrang and Gene Trotter, beef superintendents.

club and its surroundings in these words, "when I was asked to look at "Hay Camp" for a possible auction, I never dreamed it could be so hauntingly beautiful...My wife Betty and I drove through the gates of Hay Camp and into a new world about three o'clock one cool November afternoon. We were greeted by falling leaves in shades of brown, red and gold and lazy rolling hills. We drove to the pro shop and swimming pool first, then wound our way past a fishy looking lake to the lounge and restaurant. The restaurant looks like a dream house nestled in nature's landscape. Another small lake peeped at us through the trees. The club was closed and the only sounds we heard were of wild turkeys, quail and rustling leaves."

Sunday afternoon Mr. and Mrs. Larry Murrell attended the party honoring the Halsell Family and Dr. W. Curry Holden, author of "A Ranching Saga: The lives of William Electious Halsell and Ewing Halsell."

The party hosted by the Ranching Heritage Association was in the David M. Devitt and Mallet Ranch Building of the Ranching Heritage Center of the Museum of Texas Tech University.

Special guests were friends of the Halsell family and all those who had been associated with the Mashed-O-Ranch. This included Larry Murrell, an employee of the ranch for twenty years.

Mr. and Mrs. Murrell were accompanied to the Sunday afternoon party by their son and his wife, Mr. and Mrs. Larry Murrell, Jr. of Littlefield, the other son Jerry and Miss Linda Gipson.

Melanie Boone spent Saturday night with her grandparents, Mr. and Mrs. Bob Boone. Melanie's parents are Mr. and Mrs. Keith Boone.

At last report Lowell Watson remained in a Littlefield hospital where he was admitted Saturday, January 15.

Mrs. Glen (Fay) Smith was dismissed Sunday from Lubbock Methodist Hospital where she underwent surgery Wednesday.

G.C. Bearden of Amherst, called Sunday afternoon in the home of his sister and family, Mr. and Mrs. J.B. James and Jennifer.

Administrative office of the ranch was in Estelline for a number of years and Colonel Hughes traveled from that town to his estate in Collingsworth County by a coach drawn by four horses. The upholstery of the coach was red velvet and the springs were made of leather.

Tom Birchfield was foreman of Mill Iron Ranch from 1906-1928. He was father of Robert D. Birchfield of Amarillo, a former teacher in Olton School System. Robert was named in honor of Robert D. Green, an employee of Hughes at the Estelline office. Robert Birchfield's son Richard Henry, is supervisor of Secretaries Clearance, First National Bank, Dallas, which had as one of its founders Colonel William Edgar Hughes.

Hay Camp Country Club House, erected at the turn of the century, was originally the home for the ranch foreman and his family. Robert Birchfield was born there.
