One thing for sure it isn't hot anymore, but it sure is wet, who was the joker who said it couldn't rain in West Texas? I saw more puzzled looking people running around in the rain without raincoats on... Seemed they thought by the time they dug out their rain protecting garb it would probably stop, so they didn't bother to get them out, and it didn't bother to stop for long during the past six days. But it looks as though it's clearing up now that I have my raincoat out. Sure is a great thing that some of the streets in Earth are paved, or folks couldn't have gotten to and from work these past few days. In our direction from town there were three solid blocks under water, and believe me, I can recall how hard it used to be to get back and forth to work before our street was paved.

From the looks of the beautiful new Winchester Theatre in Lubbock, one gets the idea there are still people who believe that inside movie houses can again become popular if people are made comfortable while being entertained. I arrived at this brilliant deduction Wednesday night when we were on the guest list of J. B. Rhea, along with several other people from all over the Plains Area, and attended the private showing of "Doctor Zhivago" at the formal opening of that lovely new Winchester Theatre on Indiana Street in Lubbock. The first inside movie I have attended in over a year, with the exception of that great movie, "The Sound of Music."

Although the movie was 9 1/2 hours long, no one fled the theatre. It could have been because the movie was a bit difficult to follow if one didn't keep alert, or it could have been the last word in comfort provided by this lovely circular built theatre. However, I'm more inclined to think it was a mixture of both.

It will be interesting to watch future developments on this vast investment that went into the building of this beautiful inside movie house, to see if the owner will be successful in drawing the area population from television and the hearthside, to see an inside movie.

My guess is he can... that people enjoy dressing up and taking in a movie. That is, if the movie is worth seeing. Take for instance, "The Sound of Music." I figure there were more people from Earth drove to Lubbock to see that movie than any movie in Lubbock for the past 10 years. In my estimate, it is the best movie produced in ages. So, if this theatre shows quality films, my guess is he'll succeed... 'Twill be interesting to watch!

A BOY'S ESSAY ON ANATOMY--"Your head is kind of round and hard, and your brain is in it and your hair on it. Your face is front of your head where you eat and make faces. Your shoulders are sort of shelves where you hook your suspenders on them. Your stomach is something that if you do not eat often enough it hurts, and spilage don't help it none. Your spine is a long bone in your back that keeps you from folding up. Your back is always behind you no matter how quick you turn around. Your arms you got to have to pitch with and so you can reach the butter. Your fingers stick out of your hand so you can throw a curve, and add up rithmatick. Your legs is what if you have not two of you cannot get to first base neither can your sister. Your feet are what you run on. Your toes are what always get stubbed. "And that's all there is of you except what's inside and I never saw it."

LARRY PARISH TO RECEIVE DIPLOMA

Larry Parish, son of Mr. and Mrs. O. H. Parish recently completed his summer schooling at Plainview High School, and is slated to receive his high school diploma this week. Principal D. H. Koeninger of Springlake-Earth High School will make the presentation. Percy Parsons of Olton was a dinner guest Sunday in the R. S. Cole Home.

184 Enroll In High School, Enrollment Incomplete

There were a total of 184 High School students enrolled last week at Springlake-Earth School. Superintendent Bill Mann said this was an incomplete figure, and the expected several more to enroll at the opening of school next week, as there were several students on vacation at the time of enrollment.

Of the group that enrolled, there were 55 seniors, 27 juniors, 52 sophomores, and 50 freshmen.

Mann said he expected the senior class to climb to more than 60 students and thus become the largest graduating class in the history of Springlake-Earth School.

First grade students are scheduled to begin enrolling at 9 a. m. Thursday (today) and Friday at 9 a. m. students from the second grade through the eighth grade will enroll.

Buses will run on Friday if roads are dry. If not, buses will run only on paved roads Friday.

Cary Latham Delivers Seasons First Grain To Earth Elevator

The first load of 1966 grain sorghum harvested in the area was a 12,940 pound load of Agro II grain, delivered to the Earth Elevator at 4 p. m. Thursday, August 18.

The grain, grown by Cary Latham of Earth, was harvested on a 1 1/2 acre plot from a 54-acre field located one mile North and two East of Earth.

Latham was paid \$1.75 per hundred for his grain by Elevator Manager Carroll Blackwell. Moisture content in the grain measured 19.07 and was harvested by Nelson Burnett, Custom Harvesters of Lone Wolf, Oklahoma.

Latham said he purchased the seed from Dodd Fertilizer

Company, and planted it on May 3. He said it was watered four times.

According to back records, this grain is believed to be the earliest load of grain brought into elevators in the area in the past 10 years. Latham also has early cotton this year. In this field was found the first cotton blooms and green bolls.

Mrs. L. C. Stepp of Childress spent last week visiting her daughter and family, Mr. and Mrs. Leo Paris. Also visiting the Paris is their daughter, Mrs. O. B. Morgan and daughter of Houston.

EARTH STREETS WERE FLOODED as 7 inches of rain fell in the area during the past 6 days leaving several unpaved streets almost impassible. The rain-soaked streets seemed to be almost bottomless.

Area Receives 7 Inches Of Rain

Continuing rains measuring more than 7 inches at some points pelted the area, beginning Thursday afternoon and continuing until late Tuesday.

Damaging hail was received late Thursday on the Clarence Kelley farm, located 4 miles North and 2 miles West of Earth. He said the hail measured about 1 mile wide and 3 miles long and included some of the crops belonging to S. H. Chaney, Tommy Wheatley, Fred Welch, Doland Fennell, Fred Clayton, L. D. Henderson, Shorty Kelley and Calvin Wood.

Seven inches of rain was received on Kelley's farm since Thursday.

E. L. Dawson, 5 miles North and 1/2 mile West of Springlake, reported receiving 5 inches of rain with no hail.

On the C. A. Watson farm, 6 miles West, and 4 miles Northwest of Lazbuddie, 5 inches of rain was reported. No hail was received.

No hail was received at the Lazbuddie Elevator. However, approximately 4 inches of slow beneficial rain was received. Several of the highways in the area have been closed, due to the heavy rains.

Many towns in the area tabulated record August accumulations, where accumulations to midnight Tuesday reached 6.13 inches, snapping the 52 year old record of 5.95 set in 1914.

SEASON GRID TICKETS NOW ON SALE

With football time nearing a report from Springlake-Earth business office reminds residents that football season tickets are now on sale at that office.

No tickets are being held back, all tickets are now being sold on first come-first serve basis.

Adult season tickets sell for \$10. This includes the five home games, Amherst, Dimmitt, Frenship, Farwell, and Kress.

General admission tickets at the gate are sold for \$1.25 for adults and .50 cents for students.

Pounds Rexall Pharmacy Formal Opening This Weekend

A formal opening celebration is planned for Friday and Saturday at Pounds Rexall Pharmacy in its new home, in the former Whites Auto building, adjacent to Citizen State Bank.

Registration for the eleven free prizes will begin at 8 a. m. Friday and will continue during the two day celebration, with free prizes to be given away at 5 p. m. Saturday.

First prize is a bicycle exerciser, valued at \$65. The second prize is an electric blanket. Third prize is a four piece set of beautiful green glassware. Fourth and fifth prizes are each chip and dip trays. Sixth and seventh prizes are each beautiful wall plaques. The eighth, ninth, and tenth prizes will be serving trays, and the eleventh free prize is a "carnival glass" set.

Free coffee and doughnuts will be served during the two day opening celebration.

Owner-manager Neil Pounds and his personnel, Mrs. David Johnson and Mrs. Eldon Parrish invite everyone in the area to stop in and tour their new premises and look over the many new items offered area shoppers in this spacious 3,000 square foot building.

Securing the Rexall franchise for the area, Pounds has been able to add numerous items not offered in the old firm.

Among the many new departments Pounds Rexall Pharmacy has set up in the new building is a toy department, greeting cards, stationary and school supply department, magazine department, popular records department, and baby needs department. In addition to the new departments, the firm has added new merchandise and restocked each of the departments previously housed in the old Pounds Pharmacy building.

The cosmetic department has been restocked with the latest in beauty preparations, and features the latest shades in lipstick, nail polish, and powder bases in the well known lines of Revlon, Cody, Clarol, and Max Factor. An additional new line, the allercream, cosmetics has been added for ladies who are normally allergic to cosmetics. New lines in fragrances in perfumes and colognes have also been added.

Pounds has also increased his stock in the prescription department, thus affording the area with a well stocked Pharmacy, Drug Store, and Gift Items Department.

Primitive Baptists Convene Today Through Sunday at Cafeteria

Members of the Primitive Baptist Churches of Brownfield Lubbock, Hale Center, Amarillo, and Springlake as well as people from all over the Plains are expected to attend the South Plains Primitive Baptist Association, which will convene at the Springlake-Earth School Cafeteria Thursday, and will continue through noon of Sunday, August 28.

Preachers from all over the state of Texas are expected to attend and address the association.

All meals will be served in the cafeteria for those attending the four day meeting. Accommodations for the attendees will be furnished in homes, motels, or they may bring their cots and sleep in the Springlake Primitive Baptist Church.

Everyone is invited to attend any or all of the meetings.

Band Activities To Begin Today

Band activities will begin Thursday (today) August 25, for local band members, according to Dean Foshee, Springlake-Earth School Band Director.

Activities begin at 8 a. m. with the issuing of Freshman and Sophomore Uniforms. This will be followed by a full band rehearsal for the group.

On Friday, August 26, Junior and Senior band members will receive their uniforms at 8 a. m. followed by a full band rehearsal.

At 8 p. m. Tuesday, August 30, a meeting has been scheduled in the band hall for Freshman Band Students and parents. Foshee is most enthusiastic about his band for the forthcoming year, and expects to have a prize-winning band.

Clayton Elected Booster Club President

Fred Clayton was named president of the local Wolverine Booster Club when fans of the local squad met recently to elect officers for the forthcoming year.

P. A. Washington was named vice president and M. H. Been was retained as Secretary-Treasurer for the local club. The group discussed securing men to serve as markers at football games for the approaching season.

Wolverine coaches discussed their prospects for this season, and the future football program at Springlake-Earth.

Approximately 15 were present for the meeting. The next meeting will be at 8:30 p. m. Monday night in the field house.

Mr. and Mrs. Lewis Rogers, Amarillo, spent Monday and Tuesday with Mrs. Sarah Clark.

THE FIRST LOAD OF 1966 MILO, the earliest load recorded in the past 12 years was brought in Thursday to the Earth Elevator by Cary Latham. The 12,940 pounds of grain was harvested from a 1 1/2 acre plot in a 54 acre field. The load of grain was harvested just as the first sprinkles of rain begin to fall Thursday. Pictured left to right is elevator manager, Carroll Blackwell, Cary Latham, Nelson Burnett, and Clyde Brown.

FINAL PAYMENT FROM ASCS--

Farmers To Receive 8 Million Dollars

Lamar Aten, head of the Lamb County ASCS office, announced this week that preparations are currently under way to pay farmers of the area some \$8,000,000. The payments, Aten said, will be the remainder of government programs, which were handed out as advance payments. The office had earlier paid out about \$2,300,000 in advances to the farmers of the county.

Preparations, which include compiling advance payments and measuring of land, are expected to be completed and payments started by September 15.

Aten said one of the reasons for the earlier date was due to the removal of the requirement that 90 per cent of the farms be measured and surveyed before payment could be made. Under the new rules all that is necessary to make payments is that a sufficient number of farms be measured and the figures compiled by the area survey man. "The removal of the measuring requirement has helped us speed up our work and it looks like we will get the checks in the mail much sooner than we originally thought," Aten said.

In all, the ASCS office will disburse over \$10,000,000 in government money, this year, far higher than in any previous year. Last year the office passed out a little over \$4,000,

000, mainly in the form of grain payments.

In addition to the payments on the cotton and grain programs, the ASCS offices will also make loan payments that will total an additional \$9 million.

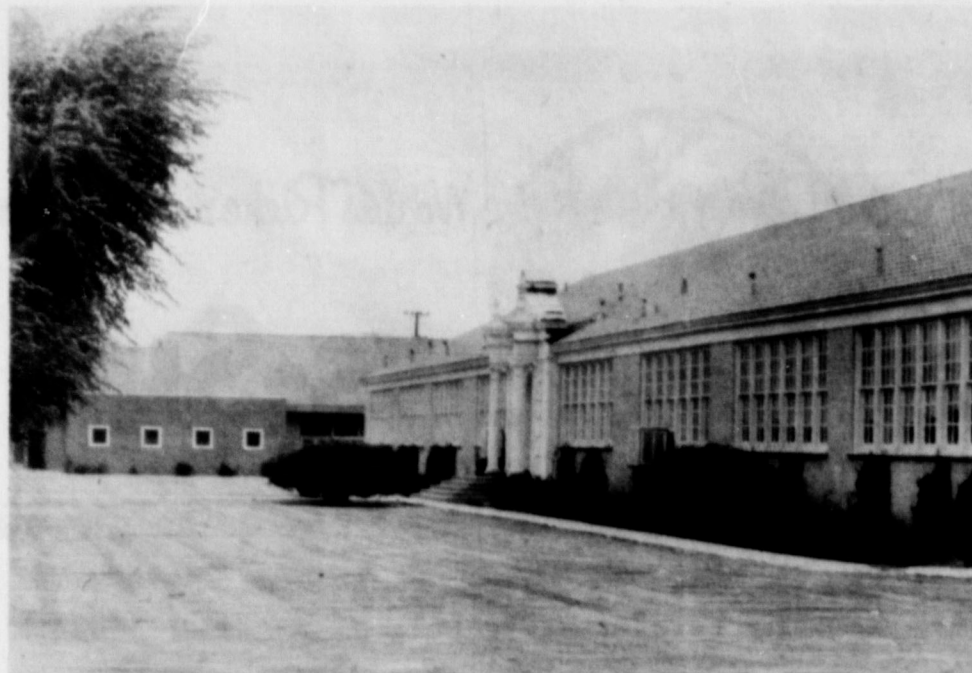

The cotton and grain program payments for Lamb County will be only second to the payments made in Lubbock County where farmers will receive payments for about 30,000 more acres, than will their Lamb County neighbors.

Aten said the \$10,000,000 total is the highest ever paid out of the local office.

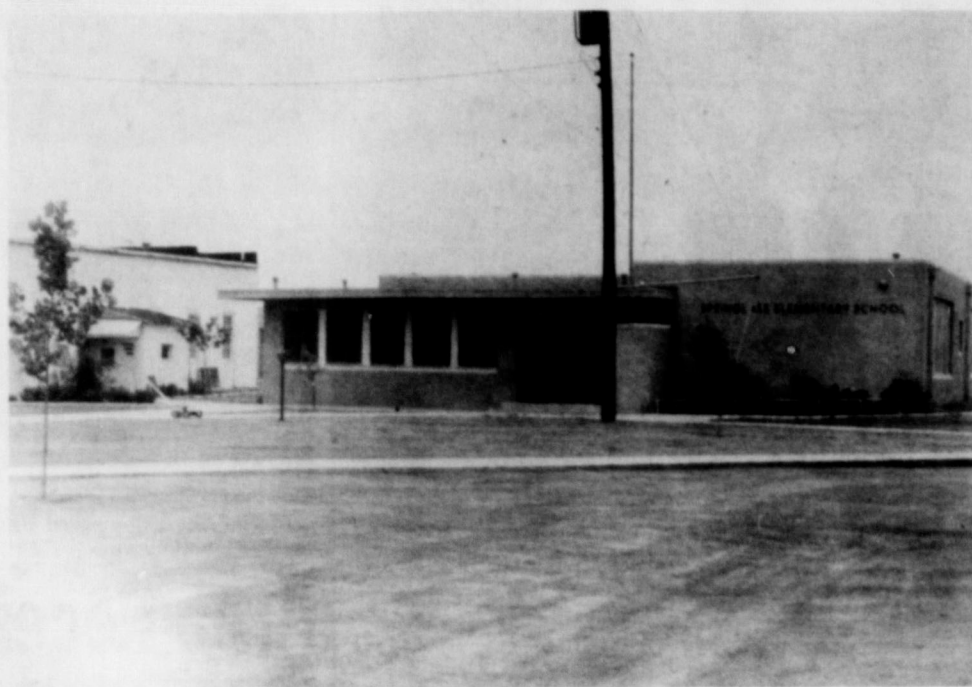

"Before the current cotton program was put into effect, we only made payments on the grain program, but now with the current program and grain, we will be making more and more payments, and depending on the allotment for next year, our total could go over this year's," the ASCS manager said.

Aten would not say how long it would take to get all the payments made, but indicated his office would push to see that the requirements were completed and checks issued as soon as possible, and hoped the job could be completed in a couple of weeks.

The move by the ASCS, coming several weeks before expected, is certain to bring renewed activity in the retail

DESERTED CAMPUS TO LOOK ALIVE MONDAY with the ringing of school bells spelling out the end of the long summer vacation and the beginning of a new fall term of school. Springlake-Earth will have the largest Senior Class in the entire history of the school.

READY FOR THE BIG DAY, MONDAY, AUGUST 29 when the campus will look alive, and will be humming with excitement by that first day at school. J. J. Davis is principal of the Elementary School.

and commercial business of the area.

Aten said a large number of payments have been assigned to area lending institutions, but that there will still be a larger than usual amount of money in circulation for this time of year.

Officials of various leading institutions in the area said they did not really know what to expect from the payments, since this area has never had anything like this before.

One banker said it will not be the same as if it were a

crop, with labor, but that it would be a help. The payments will allow the growers of the area to make payments on their indebtedness and thus stop interest. It will also allow the farmers to catch up on some of the expenses of his production. To the banker, it will mean additional money at a time of the year when things are slow, and will aid in stabilizing some of the economic factors of the community. Farmers, bankers, merchants, and the entire area are viewing the payments with a very critical eye, not really knowing what to expect, but feeling the payments may well give the area an early fall.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 26 proposing an Amendment to Sections 4 and 5 of Article V of the Constitution of the State of Texas to provide for a Court of Criminal Appeals of five members; prescribing their qualifications; elections, appointments, tenure of office and compensation; and prescribing the term of court of said court.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4 of Article V of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 4. The Court of Criminal Appeals shall consist of five Judges, one of whom shall be Presiding Judge, a majority of whom shall constitute a quorum, and the concurrence of three Judges shall be necessary to a decision of said court. Said Judges shall have the same qualifications and receive the same salaries as the Associate Justices of the Supreme Court. They shall be elected by the qualified voters of the state at a general election and shall hold their offices for a term of six years. In case of a vacancy in the office of a Judge of the Court of Criminal Appeals, the Governor shall, with the advice and consent of the Senate, fill said vacancy by appointment until the next succeeding general election.

"The Judges of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall become Judges of the Court of Criminal Appeals and continue in office until the expiration of the term of office for which each has been elected or appointed under the present Constitution and laws of this state, and until his successor shall have been elected and qualified. "The two members of the Commission of Appeals in aid of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall become Judges of the Court of Criminal Appeals and shall hold their offices, one for a term of two years and the other for a term of four years, beginning the first day of January following the adoption of this Amendment and until their successors are elected and qualified. Said Judges shall by agreement or otherwise designate the incumbent for each of the terms mentioned.

"The Governor shall designate one of the five Judges as Presiding Judge and at the expiration of his term and each six years thereafter a Presiding Judge shall be elected."

Sec. 2. That Section 5 of the Article V of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 5. The Court of Criminal Appeals shall have appellate jurisdiction coextensive with the limits of the state in all criminal cases of whatever grade, with such exceptions and under such regulations as may be prescribed by law. "The Court of Criminal Appeals and the Judges thereof shall have the power to issue the writ of habeas corpus, and under such regulations as may be prescribed by law, issue such writs as may be necessary to enforce its own jurisdiction. The Court of Criminal Appeals shall have power upon affidavit or otherwise to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction. "The Court of Criminal Ap-

peals may sit for the transaction of business at any time from the first Monday in October to the last Saturday in September in each year, at the State Capitol. The Court of Criminal Appeals shall appoint a clerk of the court who shall give bond in such manner as is now or may hereafter be required by law, and who shall hold his office for a term of four years unless sooner removed by the court for good cause entered of record on the minutes of said court.

"The Clerk of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall continue in office for the term of his appointment."

Sec. 3. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A.D. 1966, at which election each voter opposing said proposed Amendment shall scratch off the ballot with a pen or pencil the following words printed on said ballot:

"FOR the Amendment to the State Constitution providing for a Court of Criminal Appeals of five members, and prescribing the term of said court."

Each voter favoring said proposed Amendment shall scratch off the ballot in the same manner the following words printed on said ballot:

"AGAINST the Amendment to the State Constitution providing for a Court of Criminal Appeals of five members, and prescribing the term of said court."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment the same shall become a part of the Constitution of this state.

Sec. 4. The Governor shall issue the necessary proclamation for said election and have same published and said election shall be held as specified in the Constitution and laws of this state.

No Shortage Of Land or Farmers

COLLEGESTATION--Are we running out of farmers and land? With the great decline in the number of farmers and ranchers what is going to happen to food production in the future?

These and similar questions are often asked of John McHaney, Extension economist at Texas A&M University and he has an answer. We've got plenty of both to take care of our needs for a mighty long time, he says.

The economist says people often overlook the scientific advances that have been made through education and research in agricultural production and marketing. There is no reason to believe these advances will not continue in the future, perhaps at even a faster rate, he says. They also forget about the large number of acres that have gone under irrigation with much higher yields and more stable production. These projects have been developed, he adds, through the use of private capital as well as government assistance. And finally, people overlook the fact that local farmers no longer produce just for local consumption but for consumers in other parts of the nation or even the world.

Today, with our efficient farmers, efficient suppliers of production items and our expanding and efficient marketing system, one farm worker supplies farm products for 34 persons compared to 11 persons in 1940.

McHaney says crop production in the United States has increased 30 percent and livestock production 27 percent since 1950. Even with fewer farmers, production continues to increase making Americans the best fed in the world. And, he adds, they eat for less.

The economist believes that people in this country in the future who eat poor diets or have empty stomachs it will be because they do not have the dollar needed to purchase food and not because of fewer farmers and a smaller land area in relation to the total population. We've got plenty of both, he emphasizes.

PRESIDENT ROY BYERS of Springlake and Secretary Robert Smith discuss final plans for the Pioneer reunion Tuesday.

County Pioneer Reunion Set For Tuesday

Lamb County Community Center in Littlefield will be the scene Tuesday, August 30 of the 17th annual Lamb County Pioneer Reunion. It will begin with registration at 2 p. m. All persons in the county in 1936 or previously are invited to attend. The welcome will be given by Mayor J. E. Christholm of Littlefield, who is a pioneer himself.

Mrs. A. B. Brown of Spade is program chairman. Instead of the regular speaker, several groups will present musical numbers. Dr. Aaron Williams is arranging a number of musical selections, which will include some good old-fashioned fiddling. Miss Trudie Grizzle, daughter of Mr. and Mrs. L. G. Grizzle, and who was a member of the All-American Choir Tour this summer, will sing several selections from "The Sound of Music." A gospel quartet from Olton will conclude the program. Persons attending the reunion in previous years have expressed their desire for a shorter program, thus allowing more time for visiting with old-timers.

Mrs. J. L. Henson of Springlake will be in charge of gifts. Recognized will be the person coming the farthest distance, the oldest person present, and the person living in the county the longest number of years. Mrs. Russell Haberer of Pleasant Valley will conduct the memorial service honoring the pioneers who are now deceased. Two new features have been added this year to the reunion. Each community will have a display of items used in the early days of Lamb County and pictures which have been saved and treasured through the years. Mrs. T. L. Matthews, president of the Lamb County Historical Survey Committee, will be in charge of the display. She has also asked that everyone write a short history of his family and make 100 copies or more so they may be distributed. This has been tried at reunions in other towns and was well accepted.

R. L. (Sport) Byers of Springlake, president of the Lamb County Pioneers for the past year, will conduct the business meeting. One new director and a new slate of officers will be elected. Two directors whose terms expire are Weldon Findley and Alvin Webb. Mr. Byers will serve as a director. Appointed recently to serve on the nominating committee with the president were Bonnie Haberer of Pleasant Valley, V. M. Peterman of Amherst,

T. L. Matthews of Littlefield and Bud Holt of Olton. All persons in the county attending are asked to bring a covered dish to be served with the barbecue beef, baked beans etc. V. M. Peterman of Amherst is donating a beef for the reunion. W. B. Dickenson, Jr. of Olton will be in charge of barbecuing the meat.

The \$1 registration fee pays for membership in the organization and also for the meal. This year's officers include Byers, president; Bud Holt of Olton, vice president; Ray Smith of Spade, secretary; and Herbert Dunn of Littlefield, treasurer.

BAPTIST GROUP HAS WEINER ROAST AT CLOVIS PARK

Members of the Young Married People's Classes from the Earth First Baptist Church went to Clovis to the City Park on Thursday at 5 p. m. for an outing and weiner roast. The group toured the zoo and observed the animals shortly following their evening feeding. Among those attending were Mr. and Mrs. Billy Robnett and children, Mr. and Mrs. George Laing and sons, and Mrs. Larry Tunnell and daughters.

PARTY LINE

Mrs. Ethel Lewallen of Amarillo, Mrs. May Furlong of Greenville and Mrs. Garnett Ellis and daughter of Ft. Worth visited in the home of their sister-in-law and aunt Mrs. Alice Martin and also in the R. S. Cole home. Mrs. Martin and Regina Cole returned to Amarillo for a few days visit with them.

Mrs. Gene Chaney and Mrs. S. H. Chaney were in Plainview Saturday on business.

And he said unto them, Where is your faith? —(Luke 8:25)

There is power in prayer—faith is a life-giving force. Let our faith be in God and His Power to heal. Our strong faith, and our unwavering stand for truth have great effect. Through our faith we are a channel through which God's healing work is done. Our prayers help us to stand firm to rise up in the assurance that healing is God's will and that with God all things are possible.

Coker-Burgess Vows Exchanged Saturday in Methodist Church

In an impressive candle-light ceremony in the Earth Methodist Church at 7:30 p. m., Saturday, August 20, Miss Marilyn Jaye Coker, daughter of Mr. and Mrs. I. J. Coker of Springlake became the bride of Michael Lynn Burgess, son of Mrs. Floyd Burgess and the late Mr. Burgess of Earth.

Albert F. Lindley, pastor of the church, read the vows before a background using the lighted church cross as a focal point with candelabra on either side of the cross, holding fourteen long white lighted tapers. Large bouquets of dark pink gladiolus interspersed with small white mums decorated the front of the church. The windows of the church were decorated with long white lighted tapers draped with greenery.

Miss Joan Dawson, organist, accompanied soloist Mrs. Dwayne Jones as she sang, "Because," "Whither Thou Goest" and "The Lord's Prayer." The bride given in marriage by her father, was beautiful in a formal-length white silk organza wedding gown styled with an empire bodice and long sleeves that come to tiny points over her wrists. The scoop neckline was outlined in re-embroidered French lace, and a cascade of matching lace accented the slim skirt. The removable chapel length train was secured at the waistline with a large bow and embellished with French lace. She wore a mantilla of imported silk illusion edged with hand-clippled lace. She carried a lovely bouquet of white feathered carnations and roses centered by a large white orchid, and two long stemmed pink roses. As she approached the altar walking with her father, she stopped and handed her mother a long stemmed pink rose. The other, she presented to Mrs. Burgess on her return trip by the aisle with her new husband.

The bride carried out the tradition of something old, something new, something borrowed and blue. For something old, she carried a hand-made lace handkerchief made by her great grandmother that had been carried by her mother and aunt in their weddings. Something new was a string of pearls given her by the groom, something borrowed was the penny in her shoe, and she wore a blue garter.

Nancy Mix, Sudan, cousin of the bride, served as Maid of Honor. Other attendants included Janice Blackburn and Mrs. Bill Chaney, both of Earth, and Jo Ann Coker, sister of the bride, was junior bridesmaid.

The bride's attendants wore identical formal length gowns designed with a white bonded lace bodice re-embroidered in pink and featuring tiny bows of dark pink velveteen ribbon down the front bodice. Matching velveteen ribbon accented the empire waistline. Their fitted skirts were designed from pink crepe. They wore opera-length white gloves, and headpieces designed from dark pink velveteen and tulle. They carried nosegays of white pom mums interspersed with pink. Dick Evans served as best man. Groomsmen were Kenneth and Jimmy Burgess, both brothers of the groom, and Jimmy Coker, brother of the bride, served as junior groom-

man. Candle lighters were Bob Coker, Springlake, brother of the bride and Alan Brown, Vernon, nephew of the groom.

Ushers were Bob Coker, Alan Brown, Kenneth and Jimmy Burgess.

For her daughter's wedding, Mrs. Coker chose a blue lace street length, belted shift dress, over taffeta, accented by tiny rhinestone buttons and complimented by matching blue hat and shoes. She wore a white mum corsage, and white gloves.

For her son's wedding, Mrs. Burgess was attired in a pink lace and crepe dress with matching pink hat and shoes. Her corsage was of white mums.

Immediately following the wedding a reception was held in the Fellowship Hall of the church.

The bride's table was laid with a white net floor length cloth over satin and centered with a circular bouquet of white mums intermingled with tiny pink flowers encircling a three tiered wedding cake. The cake was iced in white and decorated with tiny pink rose buds, and topped with three white wedding bells circled with pearls and decorated with tiny white flowers in net.

Crystal candle holders each holding two pink lighted tapers flanked the cake. Lovely appointments in silver and crystal completed the setting. Karen Jones, Earth, and Linda Jones, Lubbock, both cousins of the groom served pink punch and cake.

Guests were registered by Nancy Brown, Vernon, neice of the groom.

The bride left for a wedding trip wearing a lovely two-piece olive grey suit, trimmed in white leather. Her corsage was a white orchid. The wedding trip will include points of interest in Oklahoma, Kentucky, Tennessee, West Virginia and Virginia.

The bride is a 1965 graduate of Springlake-Earth School and attended Texas Tech where she was a member of Alpha Lambda Delta, a Freshman Woman's Honorary Sorority. She plans to continue her studies at the University of Maryland.

The groom is a 1969 graduate of Springlake-Earth High School. He served two years in the U. S. Army and graduated this year from Texas Tech with a BS Degree in math and physics.

After August 29, the couple will be at home at 542 Parkway Road in Greenbelt, Maryland, where he is employed by Tell-Comperter Service, Inc. of Greenbelt.

Local Tops Club Members Report Slight Wt. Loss

The Earth-Springlake Happy Losers Tops Club met August 18 in the school cafeteria at 7:30 p. m.

Mrs. Burgess Hostess To Rehearsal Party

Mrs. Floyd Burgess was hostess at the wedding rehearsal party for Miss Marilyn Coker and Mike Burgess on Friday, August 19 at 7 p. m. in the Fellowship Hall of the Methodist Church.

The long tables were covered with white cloths and decorated with pink streamers down the center with bouquets of pink roses and green flowers. The head table featured a lovely arrangement of pink roses entangled with tiny pink sweetheart roses and centered with a miniature bride and groom. Pairs of wedding bells were scattered down the length of the table. Place cards were silhouette of miniature brides and grooms.

Gifts were presented to the wedding attendants by the bride and groom.

Rev. Albert Lindley gave the invocation preceding the rehearsal in the sanctuary.

week and 7 3/4 pounds were lost. Billy Hicks received the door prize.

A short program was given by Mrs. Hucks to determine pals for the next three months. Club business was completed and the club adjourned to meet again August 25 in the High School Library at 7:30 p. m.

Christmas in August Program Slated by Baptist Groups

A combined "Christmas in August" program has been slated for 4 p. m., Tuesday, August 30 at the First Baptist Church for members of the Woman's Missionary Society, Girls Auxiliary, and Sunbeams.

Miss Jill McCord will address the group, telling of work with the GA's in Hawaii this summer, and show slides of the work there.

Everyone is invited to come and bring a gift to be sent to home missionaries for use at Christmas in the mission work.

Anyone in the area may participate in the gift program, whether a member or not. Gifts can be brought to Church Sunday and left in the foyer,

by those who cannot attend the Tuesday meeting.

Gifts to be brought are as follows: new and used clothing of all sizes, tooth brushes and tooth paste, deodorants, soap, wash cloths, combs, brushes, towels, razors and blades, Bibles, Testimates, and gospels.

Also wood working tools, piece goods, construction paper, pencils, ball point pens, cup towels, coloring books, puzzles, small musical instruments, head scarves, stretch socks, handkerchiefs, body powder, lotion, sheets, and sheet blankets.

Wrapping paper, ribbons and seals can be included but gifts are not to be wrapped.

Baptists Enjoy Church-Wide Social Friday

Approximately 30 adults attended a church-wide social Friday night in the Fellowship Hall of the Earth First Baptist Church.

Mrs. Troy Blackburn brought a devotional entitled, "Being Thankful for the Harvest."

Mrs. Marvin Sanders directed the game period in which contest games were played.

Refreshments of home made ice cream and cake were furnished by the Adult II Department, of which L. K. Anderson is superintendent.

Mrs. Hershel Martin, Mrs. Lillie Wuerlein, Mrs. Ray Kelley, and Mrs. Raymond Cole served the group.

Rites For Former Resident Held

Funeral rites for Roy O. Barte, 72, of Shamrock, were held Wednesday, August 17 at 3:30 p. m. in the First Methodist Church at Shamrock.

Barte died at 6:30 a. m., Monday, August 15 in a Vernon Hospital following a heart attack.

A former resident of Springlake in the early 1930's, he was well known in the area by early day settlers, and made several visits back to Springlake after moving to Shamrock.

He was the uncle of N. O. Drake of Springlake, and a brother-in-law to R. L. Drake of Earth.

Sunday evening visitors in the home of Mrs. Sarah Clark were Mr. and Mrs. Denson Dudley, Seagraves.

Brownie-Girl Scout Organizational Meeting Set for September 5

Come along with us will be heard in school in the next few days when Brownie and Junior Girl Scouts will resume meetings for the school year. Now is the time to start thinking about whether we will continue to have a Girl Scout Program in our communities, Earth and Springlake.

Our troops are set up to take only so many girls per leader, and more volunteer leaders will be needed before the troops can become active.

Will your daughter be one of the ones who will be enjoying Girl Scouting or will she be sitting on the side line because Mother did not have the time to attend a meeting for organizing new troops? Each mother will have a chance to have her daughter in Girl Scouting by attending a meeting at 9:30 a. m. Monday, September 5, to organize new troops and fill in the vacancies in the existing troops. This meeting will be in the home of Mrs. Wilson Lewis, acting Neighborhood chairman, on East Highway 70.

A program for all age levels of Girl Scouting will be offered if there is enough interest.

A Cadette Troop was disbanded last year resulting from a lack of interest, but with a new bunch of girls being eligible for Cadettes this year, it may be possible to reorganize such a troop. All mothers of girls in grades 7, 8, and 9 are also asked to attend the meeting on September 5.

The Brownie Program covers girls in the second and third grades.

The junior level includes girls in grades 4, 5, and 6. Registration fees are \$1 and are to be paid at the end of a 4 week trial period, during which a girl has time to change her mind about being in Scouting.

Last school year there were 45 girls enrolled in the Brownie and Junior Girl Scouts. There were a large number of girls turned away because there were no leaders to take charge of a new troop. Each troop has a leader and an assistant leader also at least 3 committee mothers. Training courses are offered by the Caprock Council office for all new workers, and advanced training is also offered each year to persons who have been in the Scouting program for a period of time.

We will try to have such training on a local level if there is enough interest.

In year past, the training has been offered in Muleshoe, Littlefield, Plainview, and Lubbock. This training is not compulsory but adds much to the Scouting program, and the ability of the leaders to present the Girl Scout ideals to the girls.

Girls were accepted on the first come first serve basis last year, with girls whose mothers attended the organizational meeting given first preference. Mothers who work and cannot attend the meetings, will be given second preference if there is an opening left.

THE PHARMACIST'S PLEDGE

1. The exact, scientific compounding of prescriptions shall always be my primary concern. No other department or activity in my store shall take precedence over it.
2. I shall actively assist and cooperate with physicians, hospitals, clinics, the Public Health Service, Civil Defense, and any other agency dedicated to my community's health and well-being.
3. I shall maintain the widest possible selection of fine quality health and beauty products. Further, this selection shall not be based solely upon profit or rate of sale, but rather upon the needs of my customers.
4. Consideration of price will never restrict the service I give to any customer in need. I shall provide ample opportunities throughout the year for the family to purchase its entire drug store needs at meaningful savings.
5. I—and my staff—shall use our special training and experience to serve our customers on an individual basis and to assure their complete satisfaction. Personal service shall ever be our watchword.
6. I shall actively participate in and support my community's civic endeavors.
7. I shall maintain a clean, orderly, well-lighted and efficient establishment, staffed by trained and dedicated personnel who share in and support these pledges.

YOUR **Rexall** PHARMACY

Gown Worn in Whitehouse Wedding On Display in Lubbock Museum

The gown worn by the matron of honor in the wedding of Luci Barnes Johnson and Patrick Nugent this month in Washington is on display at West Texas Museum through the month of August.

On loan to the Museum by Mrs. James Ray of Hale Center, Texas, the gown is of rose moire taffeta, and is shown in color photographs in the cover story of the current issue of LIFE MAGAZINE.

Seams of the bodice and all darts are bound in lace. The designer has custom embroidered inside the hemline the inscription, "Gown by Priscilla of Boston for the White House Wedding of Luci Barnes Johnson, the 6th day of August, 1966, Mrs. James Ray." Gowns worn by the bride's sister and the other attendants were identical in design to that of Mrs. Ray's, but the bridesmaids' dresses were of a slightly darker shade.

Also on display at the Museum are invitations to the various pre-wedding events that Mr. and Mrs. Ray attended, and a menu of the rehearsal dinner bearing autographs of members of the wedding party, as well as famous film star George Hamilton and President Johnson.

A miniature box of the wedding case, and the bracelet given to the matron of honor are in the exhibit. The bracelet's charm is engraved: "To Susan, a bouquet of friendship and love. Luci 8-6-66." The other side of the charm bears a nosegay tied with a forget-me-not, set with pink stones. The museum mannequin holds

the substitute bouquet Mrs. Ray carried for the wedding rehearsal. The pink nosegay is made from decorations taken from packages in which the bride had received wedding gifts. The original bouquet carried by the matron of honor in the ceremony is on exhibit with her other mementoes.

The gown is displayed in the rotunda of the Museum, located on the traffic circle on the Texas Tech campus. The Museum is open free to the public from 9 a. m. until 5 p. m. Monday through Saturday and from 2-5 p. m. Sundays.

Sigman Family Enjoys 3 Day Reunion in Canyon

Children and grandchildren of Mrs. Oma Sigman of Canyon former resident of this area, gathered at the home of Mr. and Mrs. Scott Downing in Canyon for a 3-day family reunion. The reunion began Sunday, August 14, and ended the following Wednesday.

The guests spent the time visiting, singing, swimming, and seeing the various things of interest in and around Canyon, such as the museum, WTSU campus, and Palo Duro Canyon.

Monday night the entire group attended the production of "Texas" at the Amphitheatre in Palo Duro Canyon.

Those attending were Mrs. Leon Smith, Sr., and Toal, Mr. and Mrs. Leon Smith, Jr., and children all of Lazbuddie, Miss Sherry Smith, Muleshoe, Mrs. Leonard Black of Littlefield, Mr. and Mrs. Cecil Sigman and Sam, Mansfield, Arkansas, Mr. and Mrs. Robert Harting and Susan of Tulsa, Oklahoma, Mr. and Mrs. Lee Britting and girls, Lubbock, Mr. Cecil Sigman, Odessa, Mr. Carol Sigman and Jan of San Antonio, Mr. and Mrs. Stanley Sigman, Jr., all of Hereford, Mrs. Paye Jones of San Antonio, Mr. and Mrs. V. J. Sigman and La Donna of Earth, and host and hostess, Mr. and Mrs. Downing and Mrs. Oma Sigman of Canyon.

Draft Quota For September Increased

State draft boards will be called upon to furnish 1,585 men for the armed forces in September, Colonel Morris S. Schwartz, state Selective Service director, said Friday.

Colonel Schwartz also announced that the August quota for Texas had been increased from 1,636 to 1,937 and the July call from 1,284 to 1,381.

These monthly quotas compare with 878 for June, 1,927 for May 1979 for April, 1068 for March, 1,372 for February and 1,475 for January.

The state director of Selective Service said that Texas local boards would probably be called upon to send between 4,000 and 5,000 men for pre-induction mental and physical examinations in September.

Calls on the local boards for September, with quotas for both induction and pre-induction examination, will be sent out by state Selective Service headquarters on or about August 10.

The Texas quota of 1,585 for induction in September is the state's share of a national call for 31,300 men.

Hints Given On Campus Clothing Care

College Station--Care of campus wardrobes will be a big concern for many co-eds as they return to college next month.

Campus wardrobes can be just so large, and they deserve the best kind of care, says Miss Mary Ruth, Texas A&M University Extension clothing specialist.

Co-eds can stay at the top of their classes if they observe a few clothing care tips, she adds.

Last minute shoppers will want to make sure a garment or material has been preshrunk or stabilized before buying it. Also, check the belt when buying dresses. Some expensive garments may have inexpensive paper-backed belts that are not durable, cautions Miss Ruth.

After you have purchased a garment, keep the hangtags. They contain important cleaning information that will help you and your cleaner.

It's a good idea to file the hangtags at your dorm for future reference. Besides the information included on the labels, here are some other clothing care tips:

Don't leave stains in any fabric too long, or they will set

and become permanent. Blot away as much of the stain as possible right away. Don't rub, however, for rubbing will spread the stain and may damage surface fibers--especially silk.

If you use a spot remover, test on a hidden seam first. Some spot removers will affect a variety of fabrics and dyes.

Avoid pressing a garment in which there are spots of perspiration salts or body oils.

Have your clothing cleaned regularly. Abrasion from wear and dirt will wear out your clothes. Professional cleaning will restore the fabrics to their original beauty.

Rotate your wardrobe. Clothing, like people, needs a rest and fresh air.

PORTRAIT of a PIONEER

Every generation of Americans from Plymouth Rock to the Klondike, has played a part in the nation's progress.

But long before the final chapter is written, the rural electric pioneer has earned an imposing place in the history of rural progress.

The member-owned Bailey County Electric Cooperative, by electrifying remote rural areas has opened a new frontier for agriculture, for industry, for rural development for rural people.

Theirs is a dramatic story of cooperative achievement that blazed a new trail and in Helping Texas Grow.

FIRST GENERAL FACULTY MEETING OF THE YEAR was held Tuesday in the school cafeteria. Teachers discussed new ideas in teaching, and became acquainted with new members of the faculty.

Encephalitis Cases Reported In County

Littlefield area hospitals reported this week that several cases of encephalitis have been found in Littlefield and Lamb County, and that the disease is suspected to have been the cause of one death. Doctors at the Medical Arts Hospital, in Littlefield, say Lance Davis, grandson of C. F. Davis of Littlefield, was admitted last Tuesday, with a "mild case" of the disease. His progress is reported as good and doctors feel the case was caught in time to prevent it from becoming too serious. Littlefield Hospital attendants report three suspected cases of the mosquito borne virus, saying two of the cases were sent to Lubbock for treatment and tests, while a third suspected case was admitted to the hospital. The attending doctor, on the two suspected cases, was unavailable for comment, but one doctor said there was every reason to be-

lieve the cases sent to Lubbock were encephalitis. The third case, also suspected is currently in the hospital. The Community Hospital in Olton reported that three cases had been treated there, while one case was reported from the Earth area. To date, there has been one death from the virus, but doctors said they did not think the case originated in the county. It was reported that J. Forrest Byrum, of Amherst, who died Tuesday, was a victim of encephalitis. Relatives of Byrum say he returned from a fishing trip several weeks ago, covered with mosquito bites, and it is thought that he might have gotten the disease through the bites.

PARTY LINE

Mrs. M. W. Messer entered the Methodist Hospital in Lubbock Wednesday, where she underwent major surgery.

GONZALES RECEIVES SERIOUS BURNS

Gilbert Gonzales was hospitalized in the West Plains Hospital Wednesday evening at the West Plains Hospital Wednesday evening at 8:30 p. m., following an accident at his home in Earth, where he received third degree burns. The accident occurred after Gonzales noticed a butane leak. He went outside to turn the gas off, while in search of his keys to lock the door, Gonzales struck a match. When he did, the gas ignited and caused serious burns to his face, feet, hands, and back.

He was released from the hospital the latter part of last week, but it is not known when he will be able to return to work at Earth Pump and Machine Co.

Beef Is Bigger Bargain Than Usual

College Station--Beef is a bigger bargain than usual this week in many of the state's supermarkets.

Some stores are featuring many cuts of mature beef at special prices, says Mrs. Gwen Clyatt, Texas A&M University Extension consumer marketing specialist. Other stores are featuring baby beef.

She suggests that you take time to do some comparative shopping--and save.

In general, look for best beef values on chuck roasts and steaks, ground beef, round steaks and roasts. There may be other beef "specials" in your favorite store, so check the price lists before buying.

Fryers also remain an economy buy in most meat departments. Turkeys are attractively priced, too. Eggs remain about the same price as a week ago. Medium sizes are becoming more plentiful.

Frozen fish products continue to be good choices for the main dish course meal. If you plan to use fish on the grill, use foil under it when cooking since fish flake easily.

White seedless grapes are among the best values at fruit counters. Peaches, nectarines, plums of several varieties, and bananas are other good fruit choices. Quality cantaloupes remain moderately priced.

Budgetwise, you can't beat potatoes this summer. Supplies are excellent, and they are a wholesome food, adaptable to so many ways of cooking they can be served every day for weeks without appearing the same way twice.

Good vegetable choices this week also include eggplant, carrots, squash, and dry onions. Tomatoes and Southern varieties of peas are relatively scarce.

Mr. and Mrs. E. A. Upchurch and Gaye of Earth, Mr. and Mrs. Alvin Upchurch, Martha, Rocky and Robbie of Littlefield, and Mr. and Mrs. Jim Overby III of Norman, Oklahoma, spent four days vacationing in Ruidoso and Carlsbad, N. M.

What to do while the line is busy

1 Take for granted that whoever is talking on the line will hang up soon.

2 Hope that no one left his receiver carelessly off the hook.

3 Think about how reliable a telephone connection is once you get it. And how Gen Tel is constantly at work to modernize and improve service.

4 Be patient. After all, you may have talked for 20 or 30 minutes once yourself. So decide not to call the telephone company to report an out-of-order phone.

5 Think again about trouble-free telephone service. Then, when you get a line, think of the other party, too.
