Making History in Pacific Hop

Delayed by headwinds encountered much of the way from San Francisco to Hawaii, the China Clipper landed safely at Manila with the first Pacific airmail, inaugurating the epochal trans-Pacific aviation service. The huge flying boat is pictured as it took off on the history-making flight, the skeleton of the Golden Gate bridge across San Francisco Bay in the background.

HALL COUNTY POULTRY SHOW BEING PLANNED

Meeting of Poultry Fanciers Called To Discuss Matter

A meeting of all persons in Memphis and Hall County who are interested in a county-wide poultry show next January are asked to meet with the County Agriculture Council Saturday afternoon at 2:30 o'clock in the district court room, James A. Jackson, county farm agent, announced this morning.

Riley W. Carlton, vocational agriculture instructor of the local High school, will be present; and he will outline his plans along

ANNOUNCE NEW COTTON PLAN

Increased Payments To Share Croppers And Tenants Plan

County Agent James A. Jackson's office was rushed this morning by Hall County farmers who heard that the AAA cotton adjustment program had been announced. Mr. Jackson stated that he did not know more than was released in the state newspapers.

A four-year adjustment contract was announced last night, aiming at crop reduction and a bettering the lot of share croppers.

NEW LEADER FOR C.C.C. CAMP IN THIS CITY

To Take Over Local Command on 12th Of This Month

Lieut. Oscar P. Houston, 15th Field Artillery, U. S. Army, arrived in this city this morning, preparatory to taking over command of the local C. C. Camp, on the expiration of Lieut. Hill's tour of duty, which ends December 12.

Lieut. Houston is a veteran of the World War, having served with the 35th Field Artillery during that conflict. He has just completed a tour of duty with the 15th Field at the Fort Sam Houston artillery range, and comes here directly from there.

The new commander is a breeder of registered Arabian horses, and is much interested in this part of the country for that purpose.

COLLINGSWORTH HONOR ROLLS TO HEAR PLANS FOR ECW WORK FOR LOCAL SCHOOLS

Meeting of Farmers at the Swearingen School Tonight

More Students Make Coveted Marks Than Last Time

Honor rolls at the Junior High school and the West Ward school, held up over the Thanksgiving holidays by school officials, show a slight gain. The honor roll at the Junior High school for the second six weeks term, although still small, is over seven times as great as the first six weeks honor list. Only two students were listed the first term as compared with 15 this term. An average grade of "A" qualified a student for the roll.

Ninety-six students made the coveted list at the West Ward school. Honor students have not been made known at the High school, and the senior list will be carried in Thursday's issue of The

MANY BUYING HOMES IN CITY

Local Agencies Are Now Disposing of Many Local Homes

There have been more homes purchased in this city in the past week than at any like period in the history of Memphis.

Loan companies who own many homes in the city are anxious to turn them into cash, and are offering them at terms that are remarkably reasonable. Every agency in the city reports sales as brisk, and homes going like hot-cakes.

JUNIOR C. C. WANTS BIRDS

Appeals to Hunters For Birds for the Annual Banquet

The banquet committee of the Junior Chamber of Commerce is appealing to the hunters of the city to use their efforts to secure birds for the Junior Chamber Annual Banquet December 10th.

The committee has made arrangements with Tarver's to put all duck or quail brought in on cold storage, and local hunters who have a surplus of birds are requested to take them there, where they will be held for the big feed next Tuesday night.

DAN CUPID HAS A BUSY MONTH

Twenty-one Permits To Wed Are Issued By County Clerk

Old Dan Cupid, with an eye to the long, cold winter months ahead, was unusually active in Memphis during the past month, accounting for the issuance of 21 marriage licenses by Floyd Springer, county clerk.

A "not for publication" note was serawed across one couple's names. The other licenses are as follows:

Jack Henson and Miss Jewel Melton, Paul H. Duncan and Miss Maurine Martin, H. S. Gardenhire and Miss Velma Weatherly,

WE SAW

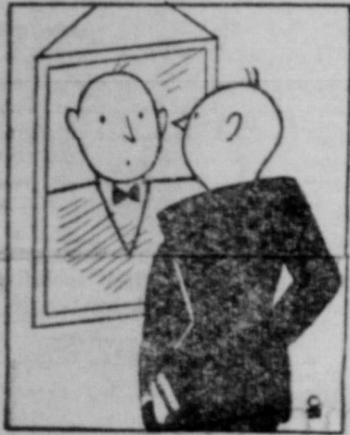

A lot of folks the past two morning with red ears and noses. Jack Frost sure uses the pink paint on the old probosis on mornings like these.

Mr. and Mrs. Ben King Boswell enroute home Saturday evening with the family groceries. The newly-weds were running quite a gauntlet of their friends along the way, and said friends were being quite outspoken in their comments. Funny how the world in general loves to kid newlyweds.

Alan Brown and V. L. McGlocklin decorating the store for Santa Clause. Alan was using a mixture of beer and salts on the mirrors, and, inasmuch as beer was ruled out the day before, he said he had quite a time weeding a bottle from someone to use on the mirrors.

A bouquet of chrysanthemums on the boss' desk yesterday and today. Now we wonder whose birthday it is. We can afford to put this in today, because the boss is in Aquarill.

Andrew Womack posing before a mirror several times last week.

Just why Andy should be interested in his appearance puzzled us for a time, until one of his close friends confided to us that Andy had two new hairs sprouting on his pate.

Carl Harrison going by after the morning mail. Someday that guys going to bump his head on one of our awning lights, and its going to cost him.

Which reminds us we saw his paw with his arm around his maw in the store the other evening. Mrs. Harrison contended that Sambo was merely tired and was leaning on her.

John Doyle Copeland of Estelline in town yesterday, wearing what appeared to be tennis shoes.

Dr. John Angus MacMillan in the Democrat office last evening with a half-gallon of what looked like gin. But, since Dr. Mac is Scotch, we don't suppose he'd touch gin.

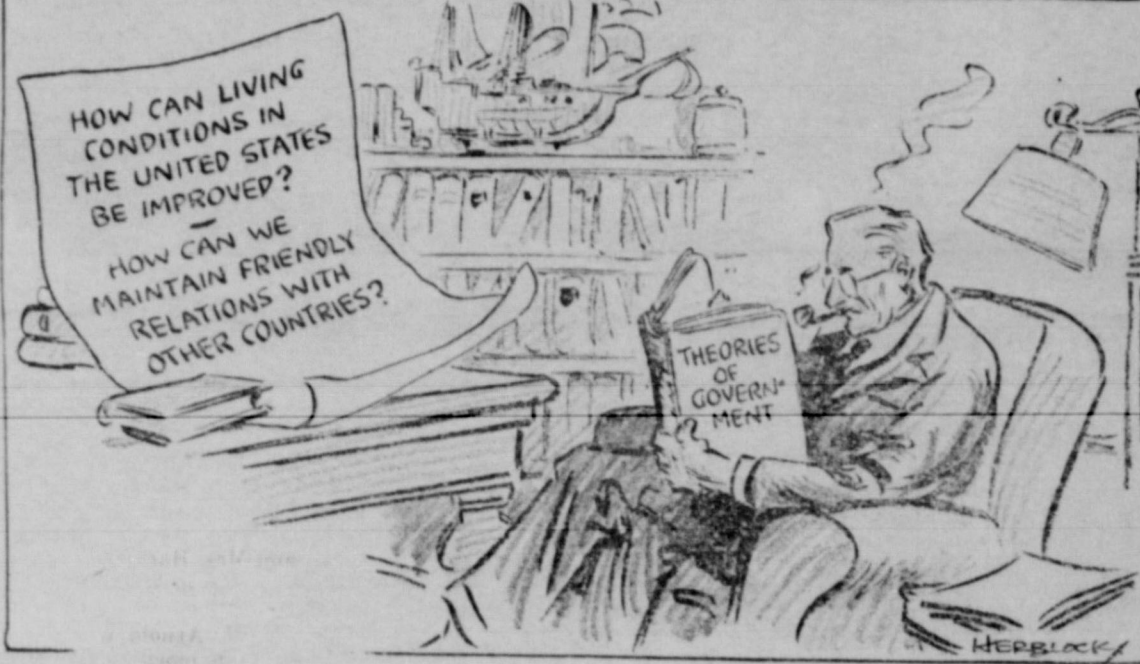

County Superintendent "Tops" Gilreath running at top speed from Tarvers to the First National Bank. In training for the Olympic Games, or something, we suppose.

County Judge Vallance snooping around the county clerk's office, to see if any marriage licenses had been issued. Probably planning to call up the prospective grooms and do a little canvassing for business.

Mrs. Raymond Thomason telling her husband to tell a Democrat reporter that "we went to Dallas last week, and I want everybody to know about it." Very well, we'll print it. Mr. and Mrs. Raymond Thomason spent the weekend in Dallas.

John, Turington and "Wimpey" Jones slapping each other on the wrists. Gee, they play rough.

GOOD WILL ON THE ROAD

THE holiday season is a peculiarly fitting time to emphasize the obligations of every motorist. It is of more than passive interest that the Yuletide closes that quarter of the year when automobile accidents, deaths and injuries are at an annual peak, according to insurance underwriters. How horrible is the thought that as we approach the days when the sentiment, "Good Will to All," is glorified throughout the land, a carnage of wrecks and broken bodies is strewn more than ever over the face of our country.

A great deal has been said about the necessity of courtesy in driving, as an accident preventative. The observance of safety rules of the road are the dictates of courtesy and manners. So, too, are they the dictates of the principle of the good neighbor. Good driving, with a real desire to safeguard the lives of others, is practical Christianity. It is the kind of practical Christianity that followers of all creeds can subscribe to as they

join in the general rejoicing at this Christmas season.

The first concern of the churches of America is the saving of souls. By entering with whole-hearted activity into the automobile safety movement, they can extend their activity to the saving of lives, without violating their purpose. The blot upon a soul as a result of killing or maiming another through careless or heedless action, is one not easily erased. The churches have the advantage of being able to appeal to a great section of the drivers of the country on occasions when they are most receptive to the idea of good will as a driving maxim. The good neighbor on the road could well serve as a theme for a sermon in every church at this time of the year.

So long as selfishness and stupid recklessness, so long as death and destruction exist on our streets and highways, the idea of peace on earth, good will toward men, will command little more than lip service.

MUCH INTEREST IN INSTITUTE OF BUSINESS

Session Will Begin Thursday at the County Courtroom

Judging from the degree of interest displayed by business organizations, the Institute of Business to be conducted by W. Stanley, Director of the Trade Extension Division of the Dallas Chamber of Commerce, will be one of the outstanding events in the business life of the city this year. So many requests have been received for definite subjects to be discussed during the session that the Institute, which will be held on Thursday, December 5, at the County Courtroom, has decided to publish a list from which the subjects will be chosen.

The oven of today has its regu-
lator which automatically controls
the flow of gas, oil or electricity.
It is almost impossible to main-
tain consistent results in baking
without the use of an oven ther-
mometer of some sort. If your
oven hasn't a regulator, buy a
thermometer. It will pay for it-
self many times over.
Of course a knowledge of the
requirements demanded in the
cooking of each type of food
is essential. Women who learned
from experience that 12 corncobs
would do the trick for a cake and
that 3 maple sticks would keep
the oven hot enough for a pie
were the pioneers of the heat regu-
lated oven and worked out for
themselves what the manufactur-
er does for the present day home-
baker.
Cakes require entirely different
oven manipulation. The oven tem-
perature should be low when the
cake is put in and gradually in-
creased until the required tem-
perature is reached to complete
the baking. Three hundred and
fifty to 375 degrees F. are good
temperatures for most butter
cakes.
An important point regarding
cake baking is the position of the
pan in the oven. The loaf cake
should be placed in the center of
the oven so that the distribution
of the heat may be even—top,
bottom and sides. Layer cakes,
however, they bake more quickly,
are less apt to rise unevenly.
Crisp cookies should be baked

oven of not more than 350 degrees F.
Cakes with fruit in them require a moderate oven, but they must be thoroughly baked because this type of cake improves as it stands after baking.
Prune honey cake will stay fresh for a full week, but it must be thoroughly baked in the beginning.
Prune Honey Cake
One cup cooked prunes, 2 tablespoons finely shredded orange peel, 1 cup granulated sugar, 1-2 cup strained honey, 3-4 cup butter or other shortening, 3 eggs, 1-2 cup milk, 3 1-4 cups flour, 3 teaspoons baking powder, 1 teaspoon salt, 1-2 teaspoon soda, 8 prune pits.
The prune pits may be omitted and you may use nut meats. Pit prunes and mash to a pulp. Crack pits, remove kernels, peel off the brown skin and slice kernels fine. Cream sugar, honey and shortening. Beat in 1-2 cup sifted flour. Add eggs well beaten and mix thoroughly. Add prunes, orange rind and prune kernels. Mix and sift remaining flour, salt, soda and baking powder. Add alternately with milk to first mixture. Pour into three layer cake pans which have been well oiled and dusted with flour. Bake thirty minutes in a moderate oven (350 degrees F.). Put layers together and cover top and sides with boiled frosting.

With All My Love

by Mary Raymond Copyright NEA 1935

BEGIN HERE TODAY

After the death of her parents, lovely DANA WESTBROOK, child of her mother's second marriage, comes to America to live with her grandmother, MRS. WILIARD CAMERON.

Dana's half-sister, NANCY WALLACE, feels bitter toward her.

Mrs. Cameron decides to introduce Dana to society with a party, hoping rich RONALD MOORE will become seriously interested.

Dana, meanwhile, has met and become attracted to young DR. SCOTT STANLEY, Nancy, who masks her love for Ronald behind an antagonistic attitude, dresses happily for the party. Her happiness fades when she sees Dana, radiant and beautiful, in a twin frock.

Dana alone on the porch while Ronald goes to bring her a glass of punch, hears a whistle from the garden. She goes there and finds Scott Stanley.

NOW GO ON WITH THE STORY

CHAPTER IX

Scott eyed the girl intently. "I keep telling myself," he said, "that first impressions aren't reliable, that you couldn't be as wonderful as you seemed. I had to find out."

Dana answered coolly. "When you've finished your inventory I think I'd better go back to the house."

He ignored this. "It's probably the moonlight playing tricks," he went on. "Or that dress you're wearing. Even a plain girl would seem beautiful in that dress. Anyhow I don't dare trust my judgment. I'll have to see you again—soon."

Dana was amused. "And how many times," she asked, "will you need to see me before you make up your mind?"

"I might suggest most of your evenings—a lot of your afternoons—every Sunday. Or I might ask for all your todays and tomorrows."

Dana's heart quickened to something in his voice. "Are you trying to make me believe you are in love with me?"

"No, Scott said slowly. "Not yet."

Abruptly he arose from the bench and pulled her into his arms. Their steps fell together easily, rhythmically. "Do you know that

tune—'Living in the Middle of the Moonlight'? he asked.

"Yes."

"But you haven't ever danced in the middle of it before?"

"No."

"You haven't danced like this before?" Scott urged, drawing her closer.

Dana broke from his arms. "Good night," she said. "I don't know what I'm thinking of—"

She heard his laugh. As she neared the porch she heard him whistling softly. The sound stopped abruptly and Dana realized he had jumped over the garden wall.

She hoped her grandmother hadn't noticed her absence from the ballroom. With all the crowd dancing it wasn't likely.

But Dana was wrong. A short time before Mrs. Cameron had motioned to Nancy. "Dana's not on the floor," Mrs. Cameron said in a low voice. "Find her. In my days, 'twasn't considered proper to desert guests and sit out in dark corners with young men."

"Here comes my perennial partner," Nancy said. "Amuse Tommy for me and I'll see if I can lure Dana into the light."

She went into the hall. There was another door leading to the side veranda and this way she would avoid the curious-eyed and also the danger of having someone, like Tommy, tag on.

Nancy suspected Dana was sitting out with Ronnie, and had no pleasure in her mission. "Just like Gran to pick me for a job like this," Nancy thought gloomily.

But the darkened veranda was deserted. Nancy stood for a moment close to the vines, which were stirred by the cool night wind. She turned, startled. Ronnie was coming toward her, holding a glass in his hand. "That gang in there would turn Niagara into a Sahara desert," he complained. "Thought I'd never get through to the punch bowl!"

The girl in the shadows did not reply. Ronnie placed his glass on the bannister railing. "It was because I wanted to get out here with you, that made me so impatient. . . . I'm out of my head about you."

His voice shook with emotion, as he took Nancy in his arms and kissed her.

The next moment Nancy's voice, choked with feeling, fell on Ronnie's amazed ears. "I suppose you go around kissing all the girls you know, Ronnie. But even at that I'm surprised you picked on me."

"Nancy, honestly, I'm sorry," Ronnie said. His amazement was genuine. "I didn't know—"

"So you didn't know you were

kissing me?" Nancy asked.

"Great heavens, no! You don't think I would—well, out of a clear sky like that—"

Nancy said in a queer tone.

"You thought I was—someone else."

Ronnie replied, miserably. "I didn't know you were out here. Anyway, I guess I've had too

much. That punch is plenty spiked. And I've had a couple of drinks on the side."

"I suppose you want me to think you're plastered, Ronnie. It isn't necessary to apologize. The incident is forgotten. So far as I'm concerned, it never happened. My memory is likely to be awfully short where a kiss of yours is concerned. (Continued on page 5)

Norman's Say Give The World As Gift

Because it has been said one gives the world when he gives a radio as a gift, Norman's suggest a radio for a Christmas gift.

Norman's are displaying Crosby radios as excellent gifts. The radios, battery sets, are priced at \$32.50 complete, while the electric metal tube sets are priced from \$20.00 up.

Usually a boy wants a knife for Christmas and Norman's have a complete stock with each knife bearing a guarantee. The knives range in price from 35c upward.

Aside from visiting Norman's to select your Christmas gift, do not forget that the firm deals in sporting goods, hardware, feed, harnesses, glass, auto bodies, and operates a top shop.

Florist Features Yuletide Flowers

The Hightower Greenhouse will feature Christmas plants, such as Cyclopedia, begonias, primroses, coleus, poinsettias, and Christmas wreaths and decorating material for home bouquets.

This Christmas, W. T. Hightower will have in addition to the Christmas plants, a large stock of cut flowers such as carnations, sweetpeas, roses, and chrysanthemums.

During the eleven years, Mr. Hightower has been in the greenhouse business in Memphis, he has endeavored to always keep a fresh supply of beautiful cut flowers on hand and can arrange a bouquet at a moment's notice.

Mr. Hightower and Mrs. Hightower, who assists her husband as head designer, have studied the business under the best designers in the United States in connection with the Florist Telegraph Delivery Association and Mrs. Hightower has studied in several Florist Telegraph Delivery Association schools.

For prompt service call 491 and contact The Hightower Greenhouse, one of the leading floral shops of the Panhandle.

Andrew Hill is ill in the Memphis Hospital, and his sister, Miss Shirley Hill, is in the city visiting him.

Give A Living Gift This Christmas.

Prices REDUCED this year and flowers as fine as ever. Christmas wreaths, cut flowers, and blooming plants.

Mrs. Cameron complacently watched her granddaughter's lovely face and graceful form. Dana had eagerness, with a certain indifference to attention which was probably one of her chief charms.

Only one person had seen Nancy come through the side door—Tommy, who had slipped old Mrs. Cameron's conversational leash and stationed himself at a vantage point.

"Say, Nancy," Tommy's voice halted her. "Go 'way, Tommy," Nancy spoke like a peevish little girl, addressing a bothersome little boy.

Nancy went straight to her room. Something had happened. Something disastrous, terrible, overwhelming. No longer could she fight the truth with contemptuous words.

Memphis Boy Will Play in the Rose Bowl

TUG SANDERS S. M. U. TACKLE

First Local Player
To Set His Cleats
In Rose Bowl Turf

SANDERS

When the Southern Methodist Mustangs journey to Pasadena, California, late this month to do battle with the Stanford Indians in the annual Rose Bowl classic, most widely heralded football game in the world, on New Year's Day, it will be the first time that the Southwest Conference has ever been a participant in a Rose Bowl game; and it will be the first time that a player from Memphis will have set his cleats in the Rose Bowl turf.

William Thomas (Tug) Sanders, husky 215 pound S. M. U. tackle and a former four-year letterman of the Memphis High School Cyclone, will make trip to Southern California for the Nation's premiere grid classic; and he will probably see action in the game.

Sanders, as a sophomore last year, saw considerable action, starting over half of the games. But because of his being a substitute to the All-American Truman Spain, giant S. M. U. tackle, Sanders has not played quite so much this year. He started the game against Baylor, however, and played good ball, according to Associated Press reports from the game.

During the past several days Memphians have been amused at photographs of Sanders in several of the state newspapers bearing the caption of Truman Spain.

Sanders, the son of Mr. and Mrs. L. D. Sanders of Memphis, now resides in Dallas, where he attends S. M. U. He is married and has a baby girl.

CYCLONE COACH PICKS TEAM OF ALL-SOUTHWEST

Walker Selects All
Southwest Confer-
ence 1935 Team

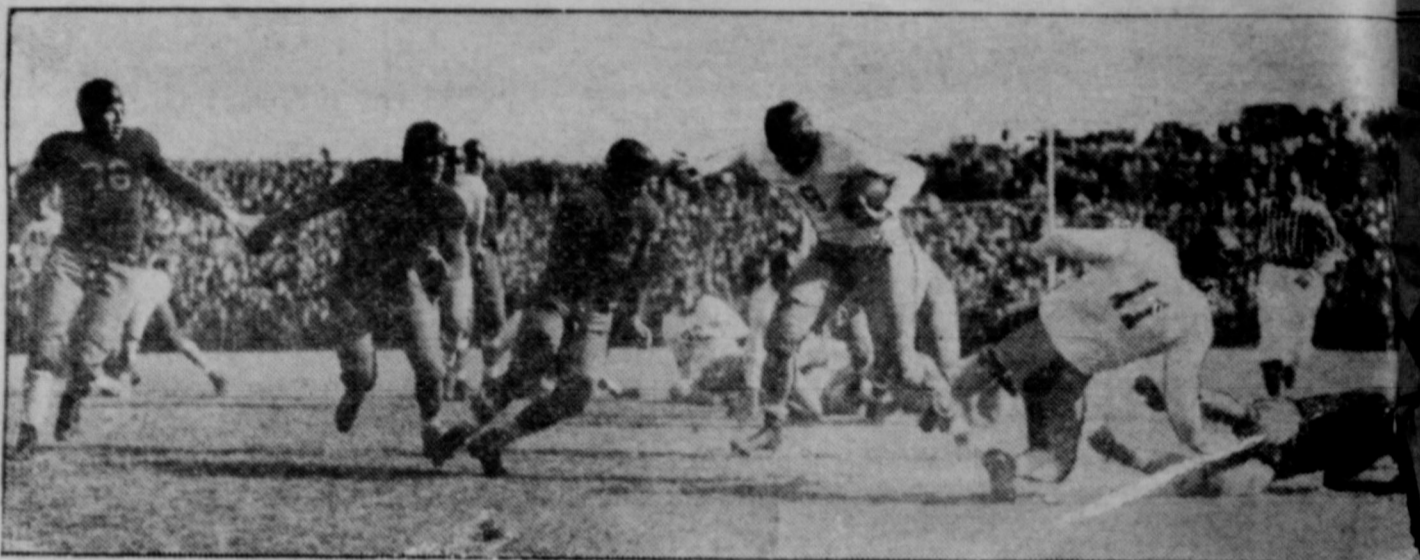

Coach "Chesty" Walker, local football mentor, yesterday picked for the Democrat sports editor an All-Southwest Conference football team.

The director of the destinies of the Memphis Hi-Cyclone picked as his choice of the conference the following team:

- Center—Lester, T. C. U.
- Guards—Wetzel, S. M. U.; Lindsey, A. & M.
- Tackles—Spain, S. M. U.; Miller, Rice.
- Ends—Sylvester, Rice; Meyer, T. C. U.
- Halves—Baugh, T. C. U.; Wallace, Rice.
- Full—Shuford, S. M. U.
- Quarter—Wilson, S. M. U.

In making the above selections, Coach Walker is more qualified than the average picker, having played and coached football for

As Mustangs Belted the Frogs in Crucial Contest

The driving Jimmy Lawrence, 180-pound T. C. U. half-back, rips around the Christians' right tackle for one of the Frogs in the first period of the T. C. U.-S. M. U. Southwest Conference clash. His teammates, Gros-c-ose, 210-pound left tackle, being hit by a Pony linesman. Stamps, Mustang left guard, is about to tackle Lawrence. Behind Stamps are Baker and King the play. The Mustangs halted the Frogs drive 15 yards short of the goal when Sam Baugh's pass over the goal on an incomplete. The Mustangs retaliated with their second marker.

ANNOUNCING DEMOCRAT ALL- DISTRICT TEAM

Shamrock-McLean
Place Most Men on
Our Mythical Team

By JACK SITTON
Sports Editor

"To the victor belong the spoils."

Since this saying holds good in love and war, it necessarily holds good in football.

In view of the fact that Shamrock and McLean finished head and shoulders, so to speak, in this district above other contenders, it follows that they should have the best teams and the best individual players. McLean, district titlist, and Shamrock, runner-up, each placed four men on the Democrat's All-District mythical eleven. Memphis, third ranking club in the conference, placed two men on the honorary team, and Wheeler, the other first division member, put the 11th man on the selection.

McCarty, Tiger center, stood out as pivot man in a conference that did not boast too many good centers. He crowded McAbee, Memphis' captain, off the center berth; and McAbee, in turn, got the call over Cooke of McLean as

a guard. McAbee played guard, tackle and center and barely nosed the heady Tiger guard out. Cooke, together with Williams, Wellington fullback, was probably the best man in the district left off the team.

Mills, co-guard of the Shamrock Irishmen, a scrapping guard, the best in this section, fills the other guard position. Trostle, big and bruising tackle for the Shamrock's Green and White, and C. Tillman, Wheeler's outstanding lineman who wreaked havoc in the opposing forward walls, got the nod at tackle.

Nicholson, another McLean star, won by an eye-lash margin from his team mate, Johnson, and from Grady of Shamrock. W. Rook of the Irish was easily the district's outstanding wingman.

Picking a district backfield is a head-ache to sports writers and coaches, for many valuable players must be left off. Shamrock fans will probably howl when they see that their pride and joy, McIntyre, has been left off the squad. But it is believed here that McIntyre is the most over-rated player in the conference, al-

though he is a mighty good offensive threat and at times shows up well on the defense. However, he is not so good as Williams of Wellington, Davis of Shamrock, Rook of Shamrock and Morgan of Lefors, all of whom were also left off.

Wells of the Irish could hardly be kept out of the All-District line-up. He is the slipperiest little player in this class B area and has a football heart. Stratton of McLean was an outstanding candidate for the highest honors, as he is the Tigers' chief scoring weapon and a mainstay on the defense. He is an all-round player, a triple threat of the highest waters... this district's best bet as a college star.

Cunningham, Stratton's running mate, was barely chosen over several other contenders. Powers, flashy little Memphis quarterback, won his place on the team by being one of the best ground gainers in the district. His punts were long and accurate, and his passes were deadly. He was also a good defensive man, all of which he would necessarily have to be in order to place over Adcock, Memphis fullback.

and some tenant farmers through increased payments to them.

Pointed toward a 11,000,000 to 12,000,000-bale production in 1936, the 1936-39 contracts call for a 5 to 10 per cent greater crop reduction than in 1935, with a 1,000,000-acre reduction in base acreage.

A few hours earlier, the Farm Administration had made public details of a two-year adjustment program for corn-hog producers intended to increase next year's hog production by 30 per cent.

The major changes in the new cotton contracts:

1. They cover four years instead of one.

2. National base acreage is reduced from 45,500,000 to 44,500,000 acres.

3. The reduced production for 1936 must be 30 to 45 per cent of the base, compared with 25 to 35 per cent in 1935, and 35 to 45 in 1934.

4. Benefits equal to five cents a pound, or \$8.60 an acre, will be paid in one check for the reductions. Three payments formerly were made on two bases, totaling 4 1/2 cents a pound.

5. Share croppers will receive 25 per cent of the payments instead of the 16 per cent they now get; non-managing share tenants 50 per cent instead of 22 1/2 per cent, and managing share tenants 50 per cent instead of 57 1/2 per cent.

The AAA explained that share croppers are those who furnish labor only and share a half interest in the crop with landlords; non-managing tenants are those who furnish work stock and equipment but not production supervision; while managing tenants are those who supervise production as well as provide stock and equipment.

In addition, their share of ad-
