VOLUME XVIII

MEMPHIS, (Hall County) TEXAS, THURSDAY, OCTOBER 22, 1925

NUMBER 17

CYCLONE WINS GAME FROM BOB CATS

Yearly: "The hail got all my cotton and most of the top crop."

Stewart: "The hail did but damage to my crops, but my men suffered heavy losses."

Thompson: "The hail Wednesday last week cleaned my mouth of them."

Smith, living near the J. place near Leslie said: "Did any hail last week. It struck a mile south of us."

Kercherville, living three miles from Newlin, was in Memphis the last of last week and stated the hail did not reach his place but very little.

C. E. Jameson went to Amarillo Tuesday and made an address to young people of the Amarillo Tuesday night. She reports enthusiastic meeting.

Williams: "Notwithstanding that Hall county was visited by a disastrous hail storm Wednesday last week, she looks better than I saw between Memphis and while going to and from the Canada, living west of Parsonage, south of the river, was in Memphis Friday and stated that he did not see any of the hail of last Wednesday afternoon. His crops are looking good and prospects are still good fine yield."

A. Wood: "I have five hundred thirty acres of cotton in cultivation on my place four miles west of Newlin and the entire acreage was hit by the hail of last week. The sun will come out and shine a nice stiff breeze for a week or so, I think about fifty per cent saved."

E. Lockhart: "I noticed in last week's paper where the carrier stated that all the lights in my home were broken out by the hail. The carrier was evidently scared when he was at our home as there were only window lights broken out. I am looking for some kind of nerve as my crops were almost wiped out."

The Memphis "Cyclone," local high school football squad, decisively defeated the Childress "Bob Cats" by a score of 48 to 0 on the local field Monday afternoon with a brilliant line and end running attack coupled with aerial work that the "Bob Cats" were unable to smother.

At no time was the "Cyclone" goal in danger, Childress making only two first downs and was held on the defensive throughout the game. The first touchdown came before three minutes of play when Dennis passed 35 yards to Cohen; Lemons and Cohen made three yards each at the line and Dennis scampered off 20 yards across the Childress goal on a fake pass.

Coach Bolton's men made gain after gain by their superior forward passing and line bucks and fake plays netted many yards. The defense was insurpassable, allowing but few gains and two first downs. The entire team played a brilliant game and will prove a thorn in the side of some championship contender if not gaining district championship themselves. The several new gridsters developed this season demonstrated ability to fill the vacancies of missing stars of last year and well earned a permanent berth on the flashy "Cyclone" squad.

Dennis was the outstanding player, making 24 of the 48 points for Memphis, with perfect marksmanship with the boot, broken field running second to none and passes that seldom failed.

The Childress team was a game bunch and fought a hard battle throughout the contest.

Score by quarters—
Memphis 7 10 7 24—48
Childress 0 0 0 0—0

Officials—Referee, Connelly; Quarterback, Norris; Umpire, Jackson; Head linesman, Jackson, Memphis.

Dr. and Mrs. E. H. Boaz returned Saturday from a two weeks hunting trip in the mountains of Colorado. They brought a large buck deer with five prongs that had been killed by Mrs. Boaz on Mt. Blanca. It was killed Wednesday of last week during a heavy snow storm, with a 35-55 Winchester rifle. Dr. Boaz had the animal put in the refrigerator and frozen. Then he had it cut into nice pieces and given to several of his friends. This is the first time we have tasted venison in many years and it was very appetizing indeed.

J. C. LOFLAND DIES MONDAY

Mr. Jonathan Cruse Lofland, aged 76 years passed away Monday, October 19, at his residence in West Memphis, after an illness of several weeks but not serious until Monday night when he died suddenly.

The funeral services were held at the First Methodist church Wednesday at 2 p. m. conducted by the Rev. C. E. Jameson, assisted by the Rev. Chas. T. Whaley. Interment was made in Fairview cemetery.

Mr. Lofland was born May 26, 1849, at Bluffton, Ark., and married Maryann Elizabeth Crawley, March 18, 1875 at Bluffton, and who survives him. To this union were born six children, three of whom survive: John and Lofland of Memphis and Mrs. Ada Caviness of Gravelly, Ark. He was the eldest of seven children—two brother still survive him: J. S. Lofland, Gravelly, Ark., and J. R. Lofland, Rockwall, Texas. The latter was present at the funeral.

Mr. Lofland moved to Texas 20 years ago, and lived in Memphis for the past 16 years. He made many friends here who regret his untimely removal from their midst, and joined by the Democrat, extend sympathy to the bereaved family.

CAPTAIN BUGBEE OF CLARENDON DIES SUNDAY

Clarendon, Oct. 19.—Capt. Thomas S. Bugbee, 85 years old, pioneer citizen of the Panhandle, died at his home here Sunday morning.

Captain Bugbee came to the Panhandle in 1876 and settled in what is now Hutchinson county, about two miles north of the present town of Pierson, where he operated a ranch for several years.

He is survived by the widow, a son and six daughters.

Captain Bugbee was recognized as one of the greatest citizens of the Panhandle. He was always working for the betterment of the cattle industry as long as he was active in it and never lost interest in cattle and cattlemen. He was loved and respected by all who knew him.

Being a direct descendant of the Pilgrims, Mr. Bugbee always pushed westward blazing the trail started by his ancestors. He served in the Union army during the Civil war and was in some of the hardest battles. In one his regiment lost 547 out of 760 men and Mr. Bugbee received a flesh wound.

Bugbee and his partners were the first to build wire fences in the Panhandle. This fence cost \$200 a mile. The wire and posts were hauled from Wichita Falls 160 miles from the pasture.

In 1897 the Bugbees moved to Clarendon. Their ranch interests covering a large portion of this section of the Panhandle.

From 1900 to 1908, Captain Bugbee served as president of the Panhandle Cattlemen's association. In 1908 he was elected a delegate to the National Republican convention which met in Chicago and nominated Taft for president.

PROHIBITION MAKES U. S. RICH NATION

London, Oct. 20.—Former Prime Minister David Lloyd George, prior to his visit to the United States some time ago, had heard the suggestion that prohibition in that country had been put through by cranks, but he found this entirely untrue for he never met a man who would vote for the re-establishment of the saloon.

Lloyd George was speaking at the City Temple on the "responsibilities of the Free Churchman." He declared prohibition was an experiment Great Britain should investigate. Last year England spent 316,000,000 pounds on alcoholic liquor.

It's on use indulging in slap-dash condemnation of America, he said. "Not only have the Americans carried prohibition but no political party in America now dares propose abolition of prohibition. As politicians, the Americans beat us at every turn. Do not condemn American prohibition haphazardly."

"One hundred and ten millions of people do not continue to make fools of themselves for long. They are the most prosperous people under the sun, not because they have the gold, but because they have not the drink."

METHODIST CHURCH

C. E. Jameson, Pastor

Only two more Sundays before Annual Conference. Come with us and help make them count for God.

Preaching at 11 a. m. by the pastor.

Sunday evening will be given over to the presentation of a pageant entitled "The Voice of the Future." This will be a most delightful program and commences at 7 o'clock.

Immediately following the program Dr. Griswold will hold our Fourth and last Quarterly Conference. We have had a good year and expect to go to Conference with a well rounded report.

METHODIST SUNDAY SCHOOL CLASS ENTERTAINED

Mrs. W. W. Beaty and Mrs. Beach entertained the Daughters of Wesley Sunday school class October 15, at the home of Mrs. Beaty.

This being the time for election of officers, the following were elected: Mrs. Silas Ross, president; Mrs. E. A. Nolte, vice-president; Mrs. J. M. Norman, secretary-treasurer; Mrs. Boss Meacham, assistant secretary-treasurer.

Many new plans were made for the year, after which lovely refreshments were served to 23 members.

NEW SODA FOUNTAIN AT LEVERETT- WILLIAMS

Leverett-Williams Drug Co., has this week received one of the most complete and modern frigid-air fountain equipments, in the entire west. It has several different frigid compartments, giving four different degrees of temperature. It also freezes almost enough ice to supply the cold drink fountain. A coil is running by all the syrup containers, thus keeping them cool at all times. The black and white Mosaic tile front for the fountain did not arrive on time but will be here soon. They are also rearranging the rear room and making it into a modern and up-to-date radio and phonograph parlor, where the most choice music may be heard and records purchased.

KILLING FROST AND THIN ICE HERE MONDAY

Following several days of cool weather a norther arrived Sunday and on Monday morning there was some ice and a heavy frost over this country, which killed practically all vegetation.

Late feed and late cotton suffered somewhat from the frost, and will be cut shorter than if the frost had held off a few days longer. Early stuff will be helped by the frost, and cotton is opening fast since, as the weather has been fine and the sun shining bright each day. Cotton picking is on in earnest now and with plenty of open weather from now until the first of 1926 the crop will be practically wound up.

This frost came about the usual time of year, except that of last fall which was several weeks later. However, the freeze was some weeks earlier than it has been for many years.

COUNTY SCHOOL BOARD MEETING HELD MONDAY

The county school board held an interesting meeting last Monday at the court house. The board is composed of E. M. Dennis, Chas. A. Williams, J. A. Lacy, T. J. Cope, R. E. Durrett.

Considerable business was transacted at this meeting. Owing to the fact that the county superintendent's work has increased so much, due to the many schools under her direct supervision, an assistant, Mrs. G. D. Lee, to aid her in the work, has been appointed.

The board will have a course of study printed for the use of the schools of the county, which will give a history of each school, names of teachers and trustees, detailed course of study and attainments of each grade of work in each subject, month by month. This will be based on the State Course of Study, but will be briefer and not so bulky.

The board is asking the state for aid for the schools to the amount of \$18,015. Last year \$12,865 was granted to the schools of the county and in 1923 \$8404.

Work has begun on the Leslie annex building.

The Lakeview and Hulver annex are almost completed.

MEMPHIS TO MEET SHAMROCK FRIDAY

The Memphis "Cyclone" will meet the Shamrock football squad at Fair park Friday afternoon at 4 p. m. in a scheduled interscholastic league game. Neither team has yet been defeated and this promises to be a real battle, both squads fighting hard for district championship and the loser of this game will be eliminated from the race.

Memphis has a good team and deserves the support of the local fans.

MAIN ST. CHURCH OF CHRIST

Sunday School—9:45 a. m.

Last Sunday in October, let us make it the best.

Preaching at 11 a. m. and 7:30

Morning subject: "The Basis of Christ's Kingdom."

Evening service subject: "The Foolish Farmer." This will be the third of a series of sermons on the "Five Fools of the Bible."

Junior C. E.—3 p. m.

Church meeting Wednesday, 7:30 p. m.

A. D. Rogers will preach at Giles Sunday at 3 p. m.

A letter from Brother Bogue states that he will visit Memphis next week.

Mr. and Mrs. Scott Broome departed Thursday night for their home in Fort Worth, after a visit here with their parents, Mr. and Mrs. C. W. Broome.

Judge A. S. Moss received a message last Friday morning from La Grange that his mother had fallen and broken her hip. He left immediately on the south bound train to be with her.

T. N. Baker departed for his home at Mineral Wells after a five week's business visit. He reports the loss of some 200 bales of cotton on the 600 acres last week by hail. He also states that he will make one-half bale per acre after the hail damage.

CAR TURNED OVER ON HIWAY

A. M. Dowell, cotton buyer of McKinney, Texas, came to Memphis last Saturday and will buy cotton here this fall. As Mr. Dowell was coming down the long hill near Salisbury school last Saturday night, he met a large car going in the opposite direction. The driver of the large car is reported to have placed his car in the middle of the road forcing Mr. Dowell either to hit him or go in the ditch. Mr. Dowell chose the latter. His Ford coupe was turned upside down in the deep ditch, pinning him beneath it. Several parties gathered and released him. The Memphis Mattress Factory truck came along about this time and brought Mr. Dowell to the city. On Sunday morning Mr. Dowell secured the help of several white men and some negroes and pulled the car onto the highway. Mr. Dowell was pretty badly shaken up and received a few painful bruises about the body. People should get on their side of the road and stay there, thereby avoiding such accidents as this one.

HALLOWE'EN CIRCUS TO BE GREAT EVENT

Arrangements are fast being completed for one of the greatest times ever pulled in Memphis, on Halloween night, on the public square. A program was outlined by the arrangements committee of the Rotary club which, if carried out, will make a full evening of fun and frolic, with young and old enjoying every minute of the time.

Every organization in town and county is asked to have one or more numbers on the program—in the way of stunts or comedy. Many have already signified their intention to have something prepared for that occasion.

The tentative program and which will be carried out as near as possible follows:

7:30—Parade of Children.
8:00—Band Concert and Sing Song.
9:00—Stunts by Various Organizations and Individuals.
11:00—Judging Costumes.
11:00 to 12:00—Old Time Square Dance.
12:00—All over.

Prizes will be given for the best individual costumes. Also good prizes will be awarded for the first and second best stunts by organizations.

Old time fiddlers and square dance callers will be asked to help make the old time square dance a go. And the older the dancers are the better it will please all present.

Get ready to enjoy the whole time from 7:30 to 12:00 o'clock Saturday night, October 31.

HALLOWE'EN PARTY

The young people will be entertained at the Methodist church on Friday night, October 30, with a Halloween party, which will be one of the nicest and most interesting affairs the young people have been invited to attend in a long time. This party is for all the young people and plans are being made which will entail considerable expense and trouble on the part of those who want to show the young folks a good time.

DELPHIAN CLUB HOLDS REGULAR MEETING

The Delphian club met in regular meeting October 20, with Mrs. M. J. Draper as hostess. Twenty members answered roll call with a thought on science. Mrs. Brewer gave an interesting talk on the value of the short story. After which Mrs. Guthrie told the club an interesting story.

On next Tuesday afternoon the club will have a reception at the beautiful home of Mrs. C. A. Powell. The treasurer gave a report of \$264.00 above expenses from sales of Lyceum tickets. The club will take part in the Halloween celebration sponsored by the Rotary club.

U. D. C. VETERANS, WIVES, AND WIDOWS ENTERTAINED

The U. D. C. entertained Confederate veterans, wives and widows at the home of Mrs. W. L. Wheat, last Thursday afternoon. The affair was very informal. After Mrs. Wheat had spoken a warm welcome in behalf of the Chapter, Old Southern songs, readings, reminiscences and anecdotes were enjoyed by those present. Before leaving the guests were summoned to the dining room where a hot dinner was served by the social committee. Messrs. Merrick and Gipson of Childress were welcome guests of the affair. The regular meeting of the chapter was held the following afternoon with Mrs. J. A. Whaley and Miss Adkisson as hostesses. The chapter again voted to give a medal to a high school student for the best essay on a historical subject to be selected from Sam Houston—his policies and views on secession were most thoroughly discussed. Eleven members responded to roll call after which a delicious salad course was served during the social hour.

GINNINGS TO OCTOBER 1, TEXAS CROPS OF 1924-25

The Department of Commerce, through the Bureau of the Census, announces the preliminary report no cotton ginned by counties, in Texas, for the crops of 1924 and 1925. The total was made public Thursday, October 8.

County	1924	1925

Webster Warblings

The farmers of this community were somewhat disappointed because of the frost that fell Sunday night. Cotton certainly is opening up fine at the present and everybody is in a rush to get their feed cut. Because of the rain last Saturday Miss Thelma Durham did not entertain the young people with her party, which was to be held Saturday night. Misses Irene and Minnie Reid visited at the Scoggins' home Sunday afternoon. Mrs. Fisher and son, Leon spent Sunday on the farm. Misses Mae Vie and Verda Loftin accompanied by Herbert and Ollie Davis, visited Miss Opal Harris Sunday they also visited Mr. and Mrs. Emmons and family. Quite a crowd attended the singing at Leslie Sunday afternoon. Webster school opened Monday of last week with the same teachers as last year. Miss Carrie Buchanan and Miss Virginia Stines. A very good enrollment for this time of year.

Hulver Hints

Miss Iva Lee Boykin of Spur is visiting her relatives, Mrs. Lee Wheeler, Mrs. E. J. Boykin and Mrs. Lloyd Phillips. Ellsworth Henderson has been quite ill the past week but is now able to be out again. Rev. Colthorp of Lakeview filled his regular appointment at the Baptist church Sunday. Mr. and Mrs. J. M. Bell honored their son, J. C. and wife and Mr. and Mrs. Grady Hill with a shower at their home Saturday night. A large crowd was present and many beautiful and useful gifts were received. Mrs. C. W. Newton entertained the missionary women, Monday afternoon, honoring Mrs. Dillon with a miscellaneous shower. After an hour spent in social chat a delicious plate luncheon was served to nine members one visitor and the honoree. Garnett, the Radiator Man, 10th and Main. 13-ct

MANY STUDENTS ON HONOR ROLL IN WEST WARD

Low First—Mrs. Miles, teacher. Raymond Powers, Ouida Reed, Ann Palmeyer, Mary Katherine Blankenship, Geraldine Kinard, Dorothy Dunbar. Low Second—Miss Ezzell, teacher. G. W. Smith, Fred Wright, Lucille Cudd, Billie Jack Joyce, John Wesley Hammonds, M. E. McNally, Hiram Moore, Travis Thrasher, Florine Bullard, Jane Browder. High First—Mrs. DeBerry, teacher. Pauline Givens, Jack Johnson, Vida Fay Thurman. Low Second—Miss Wulfman, teacher. Charles Champion, Agnes Cottingham, Norman Deason, Carl Endy, Helen Bell, Vad McKee, Etta Mae Hill, Leroy Messer, Jimmie Brown, Jessie Mont Reed, Billy Ragsdale Ross Springer, J. D. Webster, Wilson Morrison. High Second—Miss Jones, teacher. Mary Hourland, Ilma Mc Intosh, Inez Thurman, Byron Lingo. Low Third—Miss Ball, teacher. Estalina Helm, Geraldine Watson, Mary Ellen Hamilton, Lewis Foxhall, Annie Ruth Mitchell, Virginia Orr. High Third—Mrs. Dycus, teacher. Bobby Ragsdale, Robert Johnson, Marjorie Butler, Ruby Emma Lee, Bobbie Lee Salter. Low Fourth—Miss Welch, teacher. George Brewer. High Fourth—Miss Wrenn, teacher. Elizabeth Champion. High Sixth—Mr. Blankenship, teacher. Marorie Guill, Mary Etta Gibson, Grace Ogden, Hattie Salter, Jeanette Thomas, Walter Hill, Kirby Rodgers.

FIRST BAPTIST CHURCH

Rev. Chas. T. Whaley Pastor Services begin promptly at 11 a. m. and 7:15 p. m. Preaching by the pastor. You are urged to be in the services Sunday. We need you, and you need the church. Sunday School, 9:45 a. m. W. M. S. meets Monday at 3 p. m. with Mrs. G. H. Hattenbach. They will render a special program in connection with institution of officers for the ensuing year. Every lady is urged to attend this meeting. Sunbeams meet Monday, 4 p. m. Mrs. Leverett is doing a splendid work with the children, give her your full support. Prayer Meeting, Wednesday 7:30. Choir practice, 7:30 p. m. Thursday. You are cordially invited to attend all services.

MEMPHIS SCOUTS MAKE RESPONSE TO REQUEST

That the Boy Scouts of Memphis are up and doing is attested by an article in the last issue of the "Panhandle Scout," published at area headquarters in Amarillo, which follows: "We requested in the first issue of the Panhandle Scout that one Patrol of each community volunteer its services for the distribution of the Panhandle Scout to scouts and officials of that community. The first and only patrol to respond was the Black Bear Patrol of Memphis, with Buddie Brewer, Patrol Leader. Seemingly Buddie has other qualifications than whistling, for he has developed a patrol spirit that we are told is hard to beat."

CHURCH OF CHRIST

Seventh and Brice Streets The church meets every Lord's day, at 10 a. m. for class work. About 100 in classes each Lord's day. Quite an interest is being manifested in all classes of the work of the church. Preaching at 11 a. m. and 7 p. m. every Lord's day. You are invited to be with us, and enjoy the work, of primitive Christianity. Prayer meeting and Bible study every Wednesday at 7:30 p. m. The Bible study is of great interest, and is proving very beneficial to those who attend. Why can you not be one of those who will be there Wednesday night, for the study of the one book? The ladies' Bible class meets each Friday at 3:30 p. m. for their study of the Book of God. Their meeting is at the church house. Our aims at all times promote the cause of the Master, by teaching, believing, and obeying what the Lord has commanded. You are respectfully invited to be one with us at any and all of these meetings. We have additions almost every Lord's day. Subject next Lord's day, "Coming to God." C. H. Kennedy, Minister

Vacation Time With Its Pleasures

By T. R. GARROTT

da, Colorado is a busy railroad located on the Arkansas River the tourist camping park is on the banks, so close in fact when the campers throw out of potato peelings and em-pish water the volume of the is increased that much. That resting under the tent listening rushing waters and the ringing bells on the switch engines, a feeling of quiet content-which replaced the memory of and jolts received that day our hundred and thirty mile Leaving Salida, we traveled Ocean to Ocean highway up h Poncho Pass, 9990 feet the sea and on to the city of (pronounced Siwash), from south through the largest valley world entirely surrounded by tains. Then we went on to Vista and Alamosa Just us to entering this wonderful y, I was told of a gold mining any operating and in the open es between the mountains a big dredging machine which great ditch about 40 feet wide brought up the dirt, ore and

rocks in big steel scoops on an end- less chain. The mine looked like railroad dumps and cuts and had produced many millions of dollars in gold. Perhaps the depression in the earth's surface had once been a river into which the rich gold flakes and nuggets had been washed from the hill sides. In the distance could be seen patches of snow and amazingly high sand dunes. We were told that the road through the valley was perfectly straight, and for 50 miles there were no perceptible turns. The valley is about 30 miles by 70 miles and is in a state of prolific cultivation through the use of artesian water which flows in canals by the road- side. Dozens of artesian wells could be seen topped by plumes of white water shining in the sun light and the growth of the crops was luxuri- ant. The principal town, named Cen- ter, has a live commercial club whose slogan is "Pigs, Peas and Potatoes." One could see in this valley more hogs than anywhere in Colorado. Al- falfa and potatoes appeared to be the money crops and there were im- mense adobe storage barns with doors for three trucks to drive in abreast. Irish potatoes were in bloom at this time, August 6, and the rows looked like they extended for miles. If all this valley was planted solid in po- tatoes and they all began to mature at once they might swell up the val- ley so full that New Mexico would be pushed into Texas, causing the Gulf of Mexico to slosh over and spoil the Panama Canal. Perhaps it wise in these people to diversify their crops and avoid such a catastrophe. In the vicinity of Alamosa can be seen some of the biggest mountains of sand that the world contains. Hundreds of hogs grazed in the pas- tures or alfalfa fields.

After driving another hundred and forty miles we reached the town of Antonita, surrounded by thousands of acres of lettuce. The tourist park was a bald place on the open plain and night was rapidly closing down. We hastened to put up the tent and light our gasoline stove. The next day I visited a barber shop and learned from conversation of a Japanese, that he was head of a Japanese com- pany that had shipped 290 carloads of lettuce up to that date from An- tonita. The lettuce is cut and crated in the field and trucked to the rail- road. This lettuce brings \$1.75 per crate of four dozen heads. In some seasons the farmer gets \$500 to \$800 per acre and sometimes the crops are spoiled. Too much heat makes it go to seed and too much rain makes all leaves and soft heads. The Jap said when it makes it makes big and when it fails it is all loss.

TOBACCO USERS COMMIT MOST CRIMES TODAY

The following is based on facts obtained from the Bureau of Statistics, Washington, D. C.

To be intoxicated is to be under the influence of a toxin or poison. It matters little what that toxin is. We have a great many kinds of antitoxin. The man under the in- fluence of whiskey staggering along the street, or lying in the gutter, is said to be intoxicated. The term has been almost wholly applied to these extreme cases of intoxication, but the fact is the one who drinks a glass of beer is intoxicated as truly as the one who is intoxicated to the point of helplessness. He is a more dangerous man in society than the one who is branded as a drunk.

Most of the immoral acts and crimes of impulse are committed by this 'supposed to be' respectable class of intoxicated men and women. The most to be dreaded man is not the one whose legs wobble, but the one whose mind wobbles, who is consid- ered sober and welcomed in society. It is this form of intoxication to- bacco produces.

While tobacco is not used today to intoxicate to the point of insensibility, nevertheless the young man who smokes is intoxicated. This accounts for the strange acts which fathers and mothers so often find it diffi- cult to explain in the son or daugh- ter after they begin to smoke. It is no mere happen so that nine- tenths of all the crime committed by young men is committed by smok- ers. Smoking narcotizes the higher brain centers, which are de- signed to control emotions and the animal nature. Without exception, all men and women of ill fame smoke.

Tobacco produces a more mischiev- ous kind of intoxication than alcohol. There is more hope for the drunkard than there is for a young smoke inhaler. The brain of the smoker seems to be less capable of being impressed by the Spirit of God, and less capable of being brought under conviction. Nicotine is a more subtle and more dangerous poison than alcohol. The greatest en- emy of Christianity is not alcohol, but tobacco. Tobacco intoxication leads to other forms of intoxication. Morphine addicts are without exception cigarette addicts, and statis- tics show that nicotine intoxication leads to morphine intoxication. The worst kind of drunks are always ex- cessive smokers. Alcohol intoxica- tion and nicotine intoxication are associated. The one leads to the other. Horace Greeley once said, "Show me a drunkard who does not smoke and I will show you a white- blackbird." Every bootlegger, without exception, is also a heavy smoker. Every customer of the bootlegger is likewise a tobacco user. These are facts that can't be gainsaid. That these two forms of intoxication are associated is evident. One form of in- toxication leads to another.

Is Your Work Hard?

Many Memphis People Have Found How to Make Work Easier

What is so hard as a day's work with an aching back?

Or sharp stabs of pain at every sudden twist or turn?

There is no peace from that dull ache.

No rest from the soreness, lame- ness and weakness.

Many folks have found relief through Doan's Pills. They are a stimulant diuretic to the kidneys.

Memphis people recommend Doan's.

Mrs. Ona Brooks, E. Main street, Memphis, says, "My back bothered me with a dull ache; it was so sore and stiff it was a task for me to do my housework. My kidneys didn't act right, either, and my feet and ankles swelled so I couldn't put my shoes on. I used Doan's pills and they cured me. I have had no return of the trouble at all."

So Weak Couldn't Stand

"My wife's health broke down and for years she was just a physical wreck," says Mr. Thomas Glynn, of Gibson, La. "We did everything we knew, yet she seemed to get worse and worse. She was so weak till she couldn't stand, and had to be carried like a baby. It looked like nothing would save her that had been done."

CARDUI
For Female Troubles

"I began looking around. I knew that Cardui was for women. I decided to try it for her as all else had failed. She couldn't eat, she couldn't sleep, and I was desperate. "After taking a few doses of Cardui, we were so glad to note that she wanted some- thing to eat, and with each bit of nourishment, and each day's doses of Cardui, she grew stronger and got up out of bed. She is now able to cook, and stronger than in a long time."

Cardui has been in success- ful use for nearly 50 years in the treatment of many com- mon female troubles.

WHAT GOD WILL DO:—He will swallow up death in victory; and the Lord God will wipe away tears from off all faces; and the rebuke of his people shall be taken away from off the earth: for the Lord hath spoken it. Isaiah 25: 8.

PRAYER:—Give to each of us whatever our name or nation, the life that is in Christ Jesus, and then we shall both live and rejoice evermore.

EDUCATION FOR THE OTHER HALF OF THE ENROLLMENT

The United States Bureau of Education estimates that there were in 1924 approximately 12,000,000 children enrolled in strictly rural schools; that is, schools in which the majority of the children come from farm homes or live in villages or towns of less than 1000 population. For the education of these children the one-teacher school is still the prevailing type. It enrolls more children than any other kind of school in rural communities, probably about four and three-fourths million, or approximately 40 per cent of the total 12,000,000. The next largest group of children are those in the consolidated schools, in which there are approximately two and three-fourths million, or 23 per cent of the total number. The small villages come next in importance as to number enrolled, with two and one-fourth million, or 19 per cent, of the total; and the two, three, and four teacher schools in the open country follow with one and one-half million, or 12 per cent. The three-fourths of a million which remain unaccounted for in the above estimate are enrolled in certain types of schools, union, county, etc., not reported as consolidated, and in larger towns where they board or to which they commute or travel in other ways.

The number of children enrolled in one-teacher schools is rapidly decreasing in nearly all progressive States. Small schools are being abandoned and replaced by larger schools in which children can be more efficiently taught and for which larger units of taxation make possible more liberal support and hence better buildings, better teachers, and longer terms than the un-economical one-teacher school can afford.

Each one of us then who has an education, school or college, has obtained something from the community at large for which he or she has not paid. No self-respecting man or woman is content to rest permanently under such an obligation where the State has bestowed education. The man who accepts it must be content to accept it merely as a charity, unless he returns it to the State in full in the shape of good citizenship.

RINGS THE BELL

Last week the Childress Index hit the key note when it came out with an article stating that public schools should not be a haven for mail order traveling salesmen. Class rings, class pins and invitations can be purchased at home and oftentimes at less cost than to order them through traveling salesmen who have to add on their expenses to get by.

Too often has this been done. Many mem-

bers of the graduating classes are children of home merchants. These home merchants are always glad to have the home paper fight the mail order houses. Then along comes one of these traveling mail order salesmen and takes orders that the home merchants and the home papers can supply—and at less cost. One of the prime purposes of an education is to develop the children into good citizens, and to be loyal to home and home town is one of the requisites of a good citizen.

The County Judges and Commissioners passed a resolution in their State convention favoring the retention by the counties of all their auto tax money, letting the Highway Department have the gasoline tax money. They favor the maintenance of the State highway by the County Commissioners under the supervision of the Highway Commission. This would give the counties considerably more money with which to maintain their lateral roads. This would give us roads at cost and keep down such investigations as are now in progress. —Cameron Enterprise.

BESTED BY ONLY ONE

With one exception The Index has the largest circulation of any weekly or semi-weekly newspaper in the Panhandle. The paper that stands first in circulation is the Vernon Record. The Index is next.—At this time practically 1400 copies of the Index are mailed twice each week into the Childress trade territory.—Childress Index.

A good record, but not true. The Index may be bested by only one semi-weekly class, and it is bested by one weekly in the Panhandle—and that is the Memphis Democrat. We want the record kept straight, and do not believe Haskett really thinks he has the largest circulation (except the Vernon Record) in the Panhandle.

Be sure to attend the Halloween Circus here Saturday night week, if you want to have a bushel of fun.

Fine weather since the frost is making for the best interests of the farmers. Crop gathering is being pushed to the limit now.

MICKIE SAYS—

"THEN AINT NUTHIN' FINER THAN ENGRAVED CARDS, WEDDING ANNOUNCEMENTS, INVITATIONS AND SO FORTH AND IT AINT NECESSARY TO GO OUT OF TOWN TO ORDER THIS WORK. AS WE CAN FURNISH ANYTHING YOU WANT, WITH A FINE LOT O' SAMPLES TO CHOOSE FROM"

THE PASSING DAY

WILL H. MAYES Former Dean Department of Journalism University of Texas

Texas Youth in School.

Reports from all over Texas are that there is everywhere an increased attendance in the schools. Most of the colleges and universities have an increase of from 10 to 20 per cent over last year's attendance. This shows that both parents and children in Texas are awakened to the value of an education. Thousands of parents are making great sacrifices in order that their children may be equipped for better living and better service, and scores of organizations of many kinds are rendering assistance to students who might otherwise have to stay out of school. Say what we will about the frivolity of youth, we must confess that the young people of today are getting a better education than their parents have, and there is every indication that this generation will go far ahead of the last in attainments of every kind. Texas seems determined not to stay behind.

Better Roads in Texas.

From all sections of Texas the newspapers bring reports of increased interest in road building. A session of the State Highway Commission at Austin now draws nearly as many people as a legislative session. These are petitioners for State aid, highway contractors, and politicians who are thought to have some sort of a "pull." Immense sums are being invested in roads, and counties are figuring in terms of million dollar bonds that a few years ago would have been frightened at a \$100,000 bond issue.

There is one danger, and only one, in all this good roads movement. Officials and people alike may become extravagant and wasteful. There are already rumors afloat that there is much waste and that Texas roads are costing too much money for the kind of roads that are being constructed. It is up to the people to see that they get full value for their investment in roads and up to the officials in charge of road building to protect the people.

Make Aviation Safe.

Colonel Mitchell, of the aviation service, stationed at San Antonio, has drawn to himself much commendation and criticism by his statements in regard to inefficiency in the aviation service. The people are largely in accord with him, and the officials in aviation say his charges are without foundation, and that Mitchell is just trying to get in the spotlight. Whether Colonel Mitchell is right or wrong in his charges, there is a feeling that there is much unnecessary loss of life in the aviation service, and it is hoped that his criticisms will result in improvement. Every parent who has

had or has a son in the service is praying that Mitchell's complaints may secure immediate action looking to safe flying.

Music a Part of Education.

When the parents of today were in school music was regarded somewhat as a needless acquirement for children. There was a kind of regard for melody, but to study it in school was regarded as a waste of time. Those who gave their lives to it were classed, along with poets, as somewhat queer and freakish—hardly responsible citizens. There were a few piano players everywhere, a few fiddlers, a few song leaders, but most people did not think it worth while to study music beyond a few lessons at a "night singing school," and these were largely excuses for the boys and girls to get together in a common meeting place. Music has come into its own, and is a recognized study in the public schools. Children without love for music are the ones now classed as "queer." Every school that can afford it—and most of them can—now employs its music teacher, who is an important member of the faculty.

Comal River to Furnish Power.

Five dams are to be constructed along the Comal river from New Braunfels to a point five miles below Seguin and the water will be used for furnishing power to industrial plants. The time will come when all such streams in Texas will be used in manufacturing. In a few years more Texas will become as noted for manufacturing as it now is for agriculture and stock raising, but that will be after Texas comes to appreciate its water and to conserve it.

Texas Technological College.

The Technological College at Lubbock has started with a splendid attendance of students, largely from that part of the State. In time it should become a great school, and if it is made a technological school in fact as well as in name, its influence upon the future of Texas will be immeasurably large. It has a splendid opportunity for leading in the movement to make Texas the greatest textile manufacturing State in the Union.

Paper Issues County History.

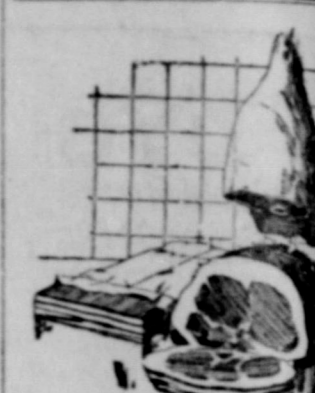

The Wellington Leader has set a good example for other papers by issuing a history of Collingsworth county, a neat book of over 200 pages. Texas needs to know more of its history, and the Leader has set a good example that other newspapers should follow. The local paper is in better position than any other agency to gather and print local history. Should this be done in every county, much historical information would be brought to light. The writer thanks the Leader for a copy of this valuable county history and is glad to pass the word along to other papers.

Who had you rather see prosper, your friend, or a stranger in New York, Chicago, St. Louis or Dallas? Who is your friend, your local grocer, druggist, garage man, or is your friend the Dallas mail order house? Stay by your friends. They stay

by you. Make your friends better friends by giving them your DUE support. The matter of supporting a concern which has a product which is a necessity daily does not demand a great amount of compulsion.

The Cicero-Smith Lumber Co. business in Memphis was established twenty-two years ago with C. A. Crozier as manager. He held this position for ten years, after which J. G. Brown, book-keeper under Mr. Crozier, was made manager and has filled that position efficiently for the past twelve years. Mr. Brown has been in the employ of the Cicero Smith Lumber Co., for twenty-one years.

The company first started with a small yard, and has grown to such capacity that it has been necessary to enlarge several times, and the company at this times owns the entire block immediately southeast of the square and contemplates the erection of a new and modern brick office

—PHOTO BY ORR

building with several other new additions for storage of coal, lumber, lime, cement, posts, builders' hardware, paint, etc.

This is one of the largest yards in the Panhandle, as well as one of the largest owned by the company. It started as a one-man yard, and now employs four men, keeping them busy all the time.

Your wants for lumber will be figured and furnished by the local yard and at the same time you will receive courteous treatment and material at fair prices.

This company has had a hand in helping to build Memphis and Hall County, furnishing material for anything from repairs to the most commodious buildings.

TEXAS FAIRS

PHOEBE K. WARNER

The two thousand fairs to be held in the United States this year will be greater than our own state fair. Few of the states have a diversity of products that are of any use to waste paper. Texas is the greatest producer of raw products in this nation. In fact, the production of raw products has been Texas' special in the Union. And if the women study the some of Texas they would discover some of the most interesting things along this line.

Production of Wealth

It produces more of the raw materials that clothe this nation than any other half dozen states. It produces more of all the cotton in the world and most of the wool and hides that are produced in Texas. And even silk is produced in Texas. That is, the raw materials are grown and the thread produced in Texas. But what becomes of all this? Texas produces more raw materials every year than any other state because she has so many resources in her earth, air and sea. She gets the benefit of this every year? Do the children help produce this wealth? Do the people who work in the fairs get the benefit of it? Do the people who work in the fairs get the benefit of it? This is one of the problems that the 1925 State Fair in Dallas will try to solve. Agriculture is trying to solve it for a number of years but things have become more complex in this day that no one can work out any of our big problems alone. Conditions of life

will soon compel cooperation among all people.

Texas' Weakest Features

The weakest features in our state life is that it is not balanced. Texas has developed most of her thought and energy to production of raw products. She has kept her children out of school to raise cotton for others to weave and make into finished garments to clothe the world. She has cheated her own children out of their own state birthright in order to furnish the people of other states and other nations something to do. She has held herself low in order to build up other countries. That may go on for a few generations and the state still stand. But it cannot and must not go on forever. And the time has arrived when it is the duty of Texas to look to the welfare of her own people. And whether it means the greatest amount of cash for the safety of the people it's got to come and the sooner the whole state recognizes its weakness and its greatest social problem the quicker we will all get down to the work of adjusting our new conditions to our new needs.

What Texas Needs

First of all Texas needs to re-adjust her agricultural program to fit the needs of her own children and not all the other little toilers of the world. Texas must re-adjust her production program so that children will not be kept out of school to make business for other people. Diversified farming will do that in time. And we will have a better fair when we have more diversified farming. And then Texas' new day must include the new industries. We must make a way in Texas to manufacture more of our raw materials into finished products and thus give our own trained workers something to do at home. We must stop sending all of our products out of the state

at the lowest market price and shipping them back in at the highest market price and giving all the profit in between to foreign people. Some of this profit should stay at home to help build up the interest of our own people.

Manufacturers' Exhibit at Fair

That this week has already been initiated, and that it has advanced beyond the belief of us will be demonstrated this year at our Texas State Fair at Dallas. If you go to the fair don't fail to visit the manufacturers building and take a look at what is not only being raised in Texas but MADE in Texas. And then go home and tell it to the world. Especially that part of the world that lives in Texas. Tell it to the children. Tell it to the high school boys and girls. Let's all wake up to the possibilities of Texas New Industrial Day.

As long as the world stands, folks will have to eat. The manufacturer of foods will never go out of fashion. So long as the world stands people will wear some kind of clothes. It may not be much but it will be something. As long as we have homes we will need some kind of furniture. Texas has the raw products for all these commodities. And it seems that transportation has become a universal fad as well as a necessity. Texas has the raw materials and the raw fuel to keep the nation on the go.

Texas has everything a nation needs to live. But most of it is RAW. Suppose we were to be isolated some night? How many of us would have to stay hid until somebody could build a factory and make us some clothes? How soon would our supply of imported food run out? Where would the next installment of wool blankets come from? Fort Worth and Post might keep us in sheets, pillow slips and a few other garments for a while and Port Arthur would keep us in oil and gas for awhile. Then what? Let's revive the old slogan of "Buy it made in Texas." Let's eat it raised in Texas. Let's wear it raised in Texas. Yes, and let's see it raised in Texas. It's time for Texas to practice a bit of justifiable selfishness. She has allowed her industrial opportunities to go to waste entirely too long for the good of not only her own people but for the good of the whole nation. Texas is not living the ABUNDANT LIFE we hear so much about today. Yet we are producing everything of material wealth in abundance. We have our standards of livestock. We are improving our roads for ourselves and the tourist traffic of the nation. We are improving our methods of agriculture. We are improving our methods of transportation. But how about ourselves? ARE WE, the people of Texas getting much better? Are we living more happily and contented in our homes? Are we killing fewer of our fellow beings? Are we indulging in less crime? If we are not, of what value will all the other improvements be?

It will pay you to see those Bedsteads, Springs and Mattresses at Memphis Hardware and Implement Company. 16-2c

NOTICE OF SALE

At a meeting of the Board of Directors of the Hall County Sweet Potato Curing and Canning plant an order was passed for the sale of real property of this corporation, consisting of curing plant and two lots. Bids will be received at the office of Sam J. Hamilton, Memphis, Texas, until 10 o'clock a. m., Saturday, October the 24th, 1925. Bids will be accepted on building and lots, or building and lots separate.

Any person wishing to bid on this property will mail sealed bids to the Hall County Sweet Potato Curing and Canning plant in care of Sam J. Hamilton, Memphis, Texas.

The Board of Directors reserve the right to reject any or all bids in case the bids are not satisfactory. Hall County Sweet Potato Curing and Canning Plant. 15-3c T. M. McMURRY, Pres.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Order of Sale issued by the Clerk of the District Court of Hall County, on the 14th day of September, 1925, in a certain cause wherein W. E. Gammage is plaintiff, and R. L. Simmons and wife, Mrs. R. L. Simmons are defendants, in which cause a judgment was rendered on the 14th day of September, 1925 in favor of the said plaintiff W. E. Gammage against said defendants R. L. Simmons and Mrs. R. L. Simmons for the sum of 4988.61 Dollars, with interest thereon at the rate of 8 per cent per annum from date of judgment, together with all costs of suits, I have levied upon, and will, on Tuesday, October 27, 1925, at Memphis, Texas, at Fort Worth & Denver City Railroad stock pens within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of R. L. Simmons and Mrs. R. L. Simmons in and to the following described personal property, levied upon as the property of R. L. Simmons and Mrs. R. L. Simmons, to wit:

1 Sorrell mare, 1 Holstein Bull, 29 Cows, 9 two year old Heifers, 3 two year old steers, 5 steer calves, 2 Heifers, 4 Steers, 5 Heifers, 7 Baby Calves, 1 four unit DeLavel Milking Machine, 1 No. 17 DeLavel Cream Separator with electric motor, 1 DeLavel Clarifier complete, 2 quart Mtg Milk Bottles, 23 pint Mtg Milk Bottles, 61 one-half pint milk bottles, 3 ten gallon Mtg milk cans, 1 eight gallon Mtg Milk Can, 3 five gallon Mtg Milk Cans, 2 two gallon Mtg Milk Cans, 1 eighty gallon oil tank.

The above sale to be made by me to satisfy the above described judgment for Four Thousand, Nine Hundred Eighty-Eight and 61-100 Dollars, in favor of W. E. Gammage, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

E. A. THOMAS, Constable Precinct No. 1, Hall County, Texas. Memphis, Texas, October 14, 1925. 16-2c

T. R. GARROTT

Frank Houston, manager of the Texas Power and Light company was here Tuesday from Childress and stated that work on the high line was progressing slowly due to the scarcity of labor. He also stated that the pole crew was north of Red River coming toward Memphis and that the line crew was between Carey and Estelline. If nothing prevents, the crew should reach Memphis within the next thirty days.

LITTLE THINGS

Don't forget the little things You've said you're going to do, Or miss the comfort that it brings To put good projects through.

The little deeds of kindness, The little gifts of love, The little acts of helpfulness, They'll each a blessing prove.

Don't forget the little things That folks have done for you; Or once o'erlook the sympathy And credit that's their due.

The little words of tenderness, The little blessings brought, The little, kind, expressive smiles, That spoke of kindly thought.

Don't forget the little things That for your suitor plead; As calls for water from love's springs, Supply their every need.

A little deed of kindness done, A little act of love, If for the sake of Christ, God's Son, A crown in heaven will prove. —W. H. Davenport.

ANNOUNCEMENT

We take pleasure in announcing that Miss Lula Travis will be in charge of our record department in the future.

This department is being enlarged in order to take care of the ever-increasing Victrola and Radio business.

The telephone number for this department is 633, and if Miss Travis should fail to call you about new records, or records that you desire, please don't hesitate to call her.

Also we are creating a separate repair department for radios and victrolas, with a competent man in charge of the repairs, and all our work is guaranteed.

Don't fail to visit this department when you are in the store, as we shall be glad to see you whether you are in the market for anything or not.
