## Eagles Take Punting Duel From Rocksprings

Before one of the largest crowds in several seasons, the Eldorado Eagles hung up another victory last Saturday on the local gridiron by defeating Rocksprings 6 to 0. For the first three quarters the game was a punting duel, with Captain Isaacs of the Eagles at an advantage for the most part. Neither side was able to complete passes, only very few being made in the game.

Features of the game were a 45 yard end run by Isaacs, a similar gain on a pass from Hext to Isaacs and the end run by Hext which resulted in the only touchdown of the game in the last few minutes of play.

The outstanding ground gainers for the visitors were M. Earwood and J. Brown. Earwood made one 45 yard around the Eagles left end.

Rocksprings penetrated Eldorado's 20 yard line three times during the game and it seemed for a time this might decide the game in favor of the visitors. About the middle of the fourth quarter the Eagles by a series of bucks by Isaacs and Hext, penetrated Rocksprings twenty-yard line and then scored. Isaacs failed to kick goal for the extra point. The visitors made six first-downs, while the Eagles made ten.

The players were as follows: Eldorado Posit. Rocksprings B. Kerr L. E. G. Frank A. Page L. T. J. Wittenburg J. Meador L. G. L. Ellis W. B. Gibson C. S. Brown J. I. Jones R. G. B. Cloutier DeLong R. T. H. Dallahite A. Carr R. E. S. Morris Joe Hext Q. J. Brown, Capt Alexander L. H. Bardwell G. Casey R. H. B. Ross Isaacs, Capt. F. M. Earwood

Substitutes — Rocksprings: Fred, Epperson and Garvin. Eldorado: E. Butler, F. Susan, J. Shugart, T. R. Jones.

Officials: Trammell (Daniel Baker), referee; Cooper (Simmons), umpire; Adams (Abilene Christian College), headlinesman; Isaacs, (McMurry), field judge.

The Missionary Societies of the Baptist, Methodist, Presbyterian and Christian churches met Monday at the First Baptist Church in a Fifth Monday program.

The members of the Presbyterian Church gave a very interesting Missionary Program. Mrs. R. D. Holt has charge of the devotional, which was followed by a solo by Mrs. Weidenmann. Parts were also given by Mrs. Loyd, Mullett, Irby, Page and Gunn. A prayer was given by Mrs. Frazier.

The program was concluded with a prayer by Mrs. Ratliff. A short business meeting was held in which it was decided to have a meeting of all the societies every quarter.

The ladies went to the basement of the church where many Hallowe'en games were played. These games were directed by Mrs. Ollie Alexander and Mrs. Geo. Williams.

The refreshment plate also carried out the Hallowe'en motif by having yellow salad, individual pumpkin pies, sandwiches and coffee.

## HALLOWE'EN ENTERTAINMENT FOR BENEFIT OF SCHOOL

A Hallowe'en Carnival was put on by Miss Gaynelle Robbins principal, and the patrons of the Mayer No. II, Tisdale School, Saturday evening, October 28th.

The chief features of the evening were, a short program put on by the ten pupils enrolled in the school, eleven booths, and a popular girl contest.

An estimate of 200 people attended the affair. The amount taken in was \$27.77, with a profit of \$20.08. This money is to be used on playground equipment and renovating the building.

All decorations were furnished by Mrs. D. C. Ogden, one of the trustees.

We wish to thank the patrons of the neighboring schools for their hearty co-operation.

## EAGLES TO PLAY JUNCTION NOV. 11TH

After a rest of two weeks the Eldorado High School team will play Junction on Armistice day on their home field. Junction has won three League games, having defeated Ozona, Menard and Rocksprings. ## Rains Visit This Section Wed. Night

Wednesday night the most of Schleicher County was visited by rain, out in the west side it has been so dry all the year. Ed Davis reports that about an inch and one half fell at his place. East of Eldorado Bert Page reports a half inch at his ranch, and Miss Chris Enochs reports that one and a quarter inches fell on the Old Vermont ranch. Other sections have not been heard from but indications are that more moisture is scheduled to fall. It will relieve the situation to a great extent and ranchmen will wear their old time smiles.

## Eldorado Eagles Defeat Rocksprings

The Eldorado Eagles defeated the Rocksprings Bull Dogs Saturday in a real ball game by a score of 6 to 0. The game attracted much attention and a large crowd attended. The winning of this game by Eldorado keeps them in the Conference with a chance to win. Their next game will be with Junction. The Junction and Rocksprings teams played a tie game and the game will be a hard fought game between the Eagles and Junction, Nov. 11.

The Saturday game with the Rocksprings Bull Dogs was a hard game for the locals and for a while it looked like the Bull Dogs might win on points, but the locals in the last seven minutes of the game put forth a strong effort and the pigskin was finally carried across the line for a touchdown in the arms of Joe Turner Hext with a perfect interference from his comrades.

The atmosphere around the sidelines was full of hats and yelling from the local fans. Rocksprings accompanied their team in strong numbers and rooted hard and thought for a while they would be victorious, when they were on the ten yard line twice. But they are not acquainted with the local team. When they get to the ten yard line they hold the enemy and when they reach the ten yard line on enemy territory they generally go over.

November 11 is the Junction Game. Eldorado should make this day a holiday and go to the game.

NOVEMBER 3, 1933.

These cool mornings make a fellow wonder what he is going to do when the weather gets real cool.

There is always some few on the sidelines that knows just how every play should be made and who should make the play. But fortunately the captain of the team knows the best in most instances and he and his players make the best plans, and so far Eldorado has always had one among the best teams in the District. All can't be first but most of them can be good. Eldorado has a smash up ball team if they do not succeed in winning the conference championship. They play as good sports, clean in their playing and ask no favors. Coach Williamson knows how to get the boys in the game if the outsiders will let he and the boys do the work, as fans and good sports let's not criticize our boys and especially if they make errors. Let the Coach tell them of their mistakes if they have any.

A large crowd attended the bond fire and pep rally at the school campus Friday night, given by the Pep Squad Girls and Boys. Several good talks were made and a new enthusiasm was brought up.

The Methodist Conference at San Antonio passed resolutions condemning the sale of 3.2 Beer at Hotels and restaurants. Why worry about 3.2? A few more drunks like we had Saturday will awaken the people and 3.2 will pass on its way. It is a pity to put visitors in jail but they should be nice when they go visiting.

Rev. J. D. McWhorter and wife were here this week visiting old friends and their son, Jim and their daughter, Miss Lucile, who is teaching the Rudd school for the second term. Bro. McWhorter was moved from Los Fresnos to Liberty Hill by the Conference at San Antonio.

Bexar county wheat farmers are going many others one better in their loyalty to their Government in time of stress. They have voted to stay out of the wheat plan but to reduce their acres of wheat 15 per cent anyway.

We have records of garden sub-irrigation water coming from surface tanks, windmills and from the weekly wash. Now a Hutchinson county woman is reported by the home demonstration agent to be catching the water that runs off the roofs of house and barn for diversion into a concrete tile sub-irrigation system.

Pork was successfully cured in the heat of late September by J. C. Walker of Victoria county in a local storage plant. Using the "A and M Way" he changed three higs for which he was offered \$25 on foot into 600 pounds of pork worth \$50 to his family, he states.

Parkways in Canadian are verdant with turnip greens this year in the effort of city

fathers to provide for their people. Farm women are among those who have gathered greens there for canning.

Somervell county farmers received from \$2 to \$4 more per acre for their plow-up cotton on terraced land than on unterraced.

An average of 236 containers of home raised garden stuff was canned by 7 girls of the Kings Highway 4-H Club in Brazos county this year. They had 24 varieties and averaged 2386 pounds of vegetables per garden.

Three creep feeders have been placed on the Elsinora Ranch in Pecos county to prevent retarding of the growth of calves when grass is short. It found profitable the county agent says the ranch will provide these feeders for their entire 329 sections.

## AMBITION

By Minnie Logan

First of all let us consider what ambition means. Webster's Dictionary says, "To seek after eagerly." It means to try to reach higher stations in life than you have at the present.

A person must be ambitious, or he or she shall never be to any degree a success in a business or religious life. If a boy or girl in school is not ambitious you will find that he is the one who is at the foot of the class. But the boy or girl who possesses an ambition is never satisfied with his place. He always tries to get a head of the person next to him.

Our president was an ambitious man or he should never have reached the high office that he now holds.

Are you ambitious? Are you trying to keep in accordance with the laws of ambition? You say, "Does ambition have laws? Of course everything is governed by law. The seasons, moon, stars, and our great country, the United States. You should be obedient, law-abiding, and work for higher standards in the temperal as well as the life to come.

Ambition to our mind is one of the most essential things of life. If you are not ambitious, you are never a success. You maybe ambitious but do not know it, but when we get to where we do not care what comes and what goes, and do not try to make every thing a little better than it really is, we have lost our ambition. That is like the boy or girl who quits school, and we have seen that he rarely makes a success. So let us all try to become more ambitious and live a life worth while.

## REV. HAYHURST SPEAKS IN ASSEMBLY

By Mozelle Luedecke  
Assembly Wednesday morning October 25th opened with

a song, "America The Beautiful," by the student body, directed by Miss Zimmerman. This was followed by a piano solo by Billie Bob Steward. Then Mr. Hayhurst, who was holding a meeting at the Church of Christ, made a talk, the subject of which was "Be Ambitious." It was based upon a lecture given twenty four years ago by Dean White, now of C. I. A. Mr. Hayhurst stated that the student who stood at the head of his class was ambitious and that every student should be ambitious enough to finish school, so as to make something of himself later in life. The other qualities given for success were obedience and kindness.

Pancho a new cavalry recruit, was given one of the worst horses in the troop.

"Remember," said the instructor, "No one is allowed to dismount without orders."

The horse bucked, and Pancho went over its head.

"Pancho," yelled the instructor, "did you have orders to dismount?"

"Oi did."

"From headquarters?"

"No, from hindquarters."

Arithmetic is a science of truth," said Mr. Irby earnestly. "Figures can't lie. For instance if one man can build a house in 12 days, 12 men can build it in one."

"Yes," interrupted Jim Tisdale. "Then 288 will build it in one hour, 17,280 in one minute, and 1,036,800 in one second."

And I don't believe they could lay one brick in that time!"

While Mr. Irby was still gasping, Jim went on: "Again,

if one ship can cross the Atlantic in six days, six ships can cross it in one day. I didn't believe that either; so where's the truth in Arithmetic?"

Miss Allen: "Why is it you have only ten lines on milk, while the rest of the class has pages?"

Patton: "I wrote on condensed milk, mam!"

It has two legs to walk with, and two more to kick with, and wears its wings on the side of its head. It is stubbornly backward about going forward."

## ROOSEVELT'S PICTURE IS GIFT TO SCHOOL

By Clemens Sauer

If you will come to the school auditorium you will see a picture of President Roosevelt on the front wall. It is the only picture of President Roosevelt in the Eldorado School and we were very much in need of a picture of the president of our country. It is a large picture about 18 by 24 inches, framed nicely and in natural colors.

The picture was donated to the school by Mr. Ed Hill, Vice-President of the First National Bank of Eldorado. We certainly do thank him for this picture and appreciate his kindness.

## GRAMMAR SCHOOL NEWS

Inez Bruton

The sixth grade history class debated last Wednesday at the 6th period. Mr. Holt, the history teacher, has them well trained. This was their third debate and they did real well on it.

The subject for debate was Resolved, that Sam Houston did more for Texas than did Stephen F. Austin. There were two debates on this subject. In the first debate Genevieve Ramsey, Maud Brown and Wilma Burrus had the negative side and James Henderson, Hugh D. Craig and Willie Bridgeman had the affir-

mative. The negative side won. In the second debate Gerald Nix, Julius Carr, and Jack Whitley had the affirmative side, Jewel Butler, Nell Edmiston and Thelia Luedecke had the negative side. In this debate the affirmative side won.

The fifth, sixth and seventh grade boys beat Ozon's Junior High football team. Saturday afternoon, Oct. 21st. The score was 6 to 0. Ozon's boys were all much larger than the Eldorado boys. Our boys held them well and in the meantime made a touchdown. Mr. Irby has certainly done some fine work with these boys. They are our prospects of a football team in the future.

The fourth grade reports that from their class Loyd Spurgers has been operated on for appendicitis. He is doing nicely. Kathleen Crosby has been to the World's Fair and reports a grand time.

The fourth grade has been working on a play "The Hole in The Wall." It will be put on sometime in November.

Miss Zimmerman will have charge of the chapel program next Wednesday morning and some of the Grammar school pupils will appear on the program.

T. P. Robinson of the third grade fell from one of the play ground swings and broke his arm. It is hoped that he will soon be back in school.

## P. T. A. PURCHASE STAGE DRAPES

By Edward Cox

At the meeting of the Parent-Teachers Association on the night of October 19th, a committee composed of Mrs. T. K. Jones, Mrs. Doc Kerr and Miss Zimmermann, recommended that the P. T. A. purchase drapes for the oak and side of the auditorium stage. The suggestion was put to a vote and the majority voted in favor of the suggestion and the material was ordered.

The drape material is of

monks-cloth, a kind of loose woven material of a light color. The probable cost of this material will be around twenty-five dollars. This material has been ordered through the Ratliff Store and is now here.

In having the drapes hung on the walls of the stage it will cover the old walls and give the stage a more pleasing appearance to the audience.

## JUNIORS TAKE HONORS FIRST SIX WEEKS

The Junior Class of the Eldorado High School set a high and wide scholastic pattern during the first six weeks of the 1933-34 session, judging from the grade cards. There are 21 juniors enrolled in high school and 10 of these made the Roll of Honor, the requirements of which are the make all grades above B. The highest twenty-five per cent of the students are allowed to be entered on the list, provided they make the required average. Thus the Juniors had a total of 48 per cent of their members on the Roll of Honor. This class had not only the highest per cent but had the highest ranking student in the entire high school. This was Margaret Hill, who led with an average grade of 96 per cent. The other Juniors in the high brackets were Lois Whitley, Celeste Tisdale, John E. Rodgers, Joe T. Hext, Mary L. Davis, Jess Ella Johnson, Dorothy King and Zella Mercer.

The Senior Class had 29 per cent of its members in the highest twenty-five per cent of the scholastic standing. W. B. Gibson was second in the entire high school with an average of 92.8 per cent. The other seniors were Jack Meador, James Page, Aris Carr.

In the Sophomore Class, 19 per cent of the members ranked in the highest twenty-five per cent of the high school. Although no soph was in the highest ten per cent. The Sophs whose name appeared on the Roll of Honor were Samuel Cloud, L. E. Frazier, Inez Marshall, Inez Bruton, Marjorie Parks and Harold Susan. The last two students named are attending E. H. S. their first year.

The Freshman Class had 16 per cent of their members on this list. The five Freshmen who deserved the honors are Johnnie Fern Isaacs, June Hooker, Maxine Wilton, Milton Spurgers and Elizabeth Stanford.

## MEDAL AND FREE TRIP TO SOME 4-H MEMBER

By Dee DeLong

Something which should interest every 4-H Club member is the medal being given by the Agricultural & Mechanical College of Texas. This medal is being given to a 4-H Club member in each county of Texas. C. Snell, Schleicher County Agent, has given us the needed details with which to write the theme or narrative. They are: write a simple short narrative of the 4-H Club project which you fed or tended last feeding period. All the club members should be interested because one medal is given anyway to a club member in this county if they write this narrative.

Something else is being given for all 4-H Club members. This is a free trip to the Grand Royal Show at Chicago in December 1-10, 1933. This is being offered by the Santa Fe Railroad which is giving away 19 free trips. Free trips are given to those who fed or tended calves, poultry, swine, lambs, or crops. Our hope from this county is centered on Cecil Moore who made a good showing at San Angelo and Ft. Worth last spring. Cecil won Grand Champion Car load of fat lambs in both club and open classes at San Angelo and at Fr. Worth. The committee which decides upon the boy or girl which won the 19 free trips to this show in Chicago is now in session. We all hope that Cecil wins this trip as it will mean both pleasure and benefit.

## Nagging Pains

are WARNING SIGNALS

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay.

Take Cardul to build up against the nagging symptoms of ordinary womanly ailments. It has been in use for over 50 years. So many women praise CARDUL, it must be good to have the widespread use that it has today. Sold at drug stores.

**WE CAN'T HAVE BOTH**

The greatest obstacle business is struggling against now is taxation. And taxation, as a result, is the principal barrier in the way of achieving the fullest success for the recovery plans that are now in operation. No business can spend money it hasn't got. No business can put more men on its pay rolls when it is having a hard time bringing in enough revenue to meet existing demands. No business can expand with profitless balance-sheets.

It's a moot point as to how great an influence taxation was in prolonging and deepening depression. But it was, to say the least, considerable. When the national income touched the lowest point in decades, the cost of government loomed like Everest out of the plains of Tibet.

To regain governmental economy, it is not necessary to curtail or damage necessary governmental functions—it simply means that the waste, inefficiency and duplication of effort that is actually harmful to legitimate governmental work, must be eliminated. In some cases a start has been made, and the taxpayers have been saved millions—as in the post office department, which is breaking even for the first time in many years. But the work has barely begun.

Reasonable taxation is the friend of recovery, of employment and higher wage scales, and individual and corporate prosperity. That must not be forgotten.

**A SEEDLESS TOMOTA.**

A seedless tomato has been perfected by W. J. Beechler, Amarillo florist. Mr. Beechler has been experimenting with tomatoes a number of years in an effort to eliminate the seed, keeping his plants growing summer and winter in his hot house. Each year he takes cuttings from the plants producing tomatoes with the smallest number of seeds and starts new plants. He now has a group of plants showing the various stages of seed elimination. Only an occasional seed is found in the fruit of the more advanced of these plants. It is Mr. Beechler's opinion that the flavor is improved with the seed elimination.—The Earth.

**FIRST METHODIST CHURCH**

Sunday School — 10 a. m. C. Snell Superintendent. Morning worship — 11 a. m. Evening worship — 8 p. m. Sunday is the first Sunday of the new Conference year. Let us start the new year right by being present. We had a good year last year, but we can make the new year a better year. Will you help us do it? I believe the church can count on every member, and that the church has a right to expect every member to be loyal, faithful and true to every vow taken at her ALTER. That vow was made to God and not to a building called a church. When we remember this it becomes a delight to love the church and to do our best for the church. May God be able to count on us this year and that we treat God just as we want him to treat us when we are through with this life. If we miss the life in the world to come, we have missed all that life means here. Out side of God and the Christian religion life has no meaning whatsoever.

Sunday morning we will hold a Church Conference; the purpose of which, is to discuss plans and means by which we hope to raise our benevolences for the present year. We hope to have the Christian cooperation of every member this year. Some one said to me not long ago, "I will not allow the church to suffer and the other fellow be burdened because I refuse to do my part." That is the spirit of a Christian; of one who has an interest already laid up in the heavens. May we all be as Christian and as wise. With a membership like that we can do the impossible.

We have a fine board of stewards and they serve a fine people. Let us all help to make their work as light as possible. Let your steward know that you appreciate him or her. They are your co-workers together in the greatest work upon earth. Let us thank God for the good rain that has blessed our land.
