Eagles Play Ozona In District Semi-Finals

EAGLES DEFEAT

MENARD 14 TO 6

The Eldorado Eagles won their Saturday's football game over Menard by the score of 14 to 6. Coach Williamson started his first string men at the beginning and in the first few minutes had two touchdowns and two safety kicks in the bag. Then he put in mostly his second string men and the Menard boys made their only touchdown.

During the last part of the game and after Menard almost had their touchdown made the first string was sent in with Menard only about four feet to go with four downs to make and they carried it over the first plunge. This was the only time they threatened to score although they played hard and a real good game, clean in their sports and took their defeat well spirited.

Ozona defeated Rocksprings in Saturday's game. Therefore the district stands in a three-way tie, with Eldorado, Junction and Ozona.

MRS. J. W. HOOVER IS

HOSTESS TO BRIDGE CLUB

On Thursday afternoon November 16, Mrs. J. W. Hoover was hostess to the Eldorado Bridge Club. Four tables of club members and guests were present. Mrs. Sam Roberts was high among the club members for the afternoon games and Mrs. L. T. Barber, high among the guests.

Delicious refreshments were served following the games carrying out the Thanksgiving motif.

Those who enjoyed the occasion were: Club members, Mesdames H. T. Finley, Sam Roberts, Lewis Ballew, J. W. Lawhon, Luke Thompson, A. P. Bailey, Lewis Whitten, J. C. Crosby, B. B. Brittain, R. I. Crain, Lawrence Steen and Miss Annice Putman; Guests were: Mesdames M. O. Shafer and L. D. Bowen of San Angelo and Mesdames L. T. Barber and A. W. Morgan.

A meeting of the football executive committee of District 14 B was held at Junction on Monday afternoon in which it was decided that Eldorado, Ozona, Junction and Fredericksburg each play on Saturday, Nov. 25th in an elimination contest for district championship. Due to the fact that the first three named schools in the western part of the district had played a regular schedule of five Interscholastic League games and were still tied it was voted to bring Fredericksburg into the contest. Fredericksburg claimed the championship of the eastern part of the district although they had played only two Interscholastic League games and would be resting while the three schools in the western part of the district would be battling in two games in ten days, and that after a strenuous schedule this season in the drawing, Eldorado drew Ozona and Junction and Fredericksburg were paired.

It is hoped that after Eldorado wins the game from Ozona that the Thanksgiving championship game will be played in Eldorado on November 30th. Due to the fact that Ozona has played one game in Eldorado this season the game for Saturday is to be taken to Ozona and is to be played at 2:30.

In the previous game on October 21st, Ozona defeated Eldorado by the score of 12 to 7, making the last touchdown in the final minutes of the game. The Eagles are confident of victory next Saturday because they have played their best games away from home.

THE EAGLES

HOLD MENARD

By Aris Carr

The game with Menard came out favorable for the Eldorado Eagles.

The first string started out and ran, not pushed, two touchdowns in the first seven minutes of the game. Within a very few minutes after the second touchdown there were only two or three main stringers, and they too were soon substituted thus leaving the second string to play about half the game.

At the last of the third quarter the Menard pushed the subs to the one-yard line and they Coach sent in the main string. They did not have time to get organized good and on the first play the Menard boys made a touchdown. They failed to make the extra point however. The game ended with a score of 14 to 6 in favor of Eldorado.

The touchdowns for the Eagles were made by Joe T. Hext on a 60-yard end run and by Captain Isaacs on a 20-yard pass to Isaacs from Hext. Eldorado made 5 first downs while the opponents made 8.

Every Eldorado player on the squad saw service. The players were: Isaacs, Joe Hext, Kerr Page, Shugart, Gibson, J. I. Jones, DeLong, Carr, Alexander, Casey, Meador, Butler, Reynolds, F. Susan, H. Susan, M. Davis, P. Davis, Moore, T. R. Jones, Spurgers, Frazier, Jack Hext.

The gate receipts amounted to \$80.00 for the game, but expenses absorbed nearly \$60.00 of this.

ELDORADOANS BRING HOME THE GAME

A good many of the local sportsmen who delight in going out in search of the wild game have gone and returned, some have planned to go soon and some are away at present. Some of the huntsmen have failed to bring home the bacon while others have proved their skill in finding them and bringing them down.

Last Friday night Ben Hext and J. H. Jarvis returned from Mason County where they had been hunting deer and where Mr. Hext bagged a nice one.

J. C. Crosby and Leslie Galbreath also returned from Mason County Friday night bringing with them a nice eight-point buck.

Dave Gregory and Jess L. Thompson of the Shell Pipe Line Station went to the Delaware Mountains on their hunt, returning the first of this week with two black-tail bucks. One was a ten-pointer and one a four pointer.

Monday, Judge F. M. Bradley, R. A. Evans, W. N. Ramsay, and A. T. Wright, all committeemen of the R. F. C. work and made members of the C. W. A., went to Austin to attend a State wide meeting of County Judges, and County Chairmen and City Officials in regard to the distribution of the Civil Work Administration which has been set up by the President for relief or work for the unemployed. The Committee secured much needed information and got one of the main projects approved and are ready to put those needing work to work.

The object of the meeting was to acquaint those handling the work with the methods of disbursements of the funds.

All who worked on the former relief work are the first to be employed on this work, and after December 1st others can be put to work. All those wanting work should register with L. T. Barber, who has been elected to sign up those wanting work, and enter their names for the committee placement.

The Committee will probably meet before this is printed and make arrangements to begin work in earnest. The Government is desirous of getting the work started at once and the local board will rush up the work as fast as possible until funds are exhausted.

LIONS CLUB NEWS

The Lions Club met Wednesday in regular meeting with two visitors present, and two new applications for membership. After the luncheon a good talk was made by Prof. Cooper to the Club.

The club took up the proposition of securing a landing for Planes in our city and appointed a committee of three, W. O. Alexander, Dr. L. J. Moore and A. T. Wright to try and secure a landing field near our city and have it marked off so that aviators can find it readily. Other projects were named and will probably be taken up and carried out, one of them being a Public Library.

HILL - SAILOR

Word has been received in Eldorado last week that J. W. Hill and Mrs. Ethel Sailor were married and at present are staying in San Antonio.

Mr. Hill has lived in our city for about 32 years and followed ranching for many years, but has sold his ranch holdings and is interested in banking. He has a host of friends here where he has resided for so long. He is the father of J. E. Hill, Vice-President of The First National Bank here.

Mrs. Sailor is a trained nurse and is well known here to most of our people as she has done considerable nursing here.

The Success joins in congratulations and trusts that they will decide to make their home here.

Schleicher Farmers Pay 100 Per Cent.

PARKER - STEPHENSON

Saturday evening at 8:00 o'clock at the First Baptist Church, Mr. Thorpe Parker led to the marriage altar Miss Mary Jo Stephenson, daughter of Dr. and Mrs. W. A. Stephenson of Galena, Illinois, with the Rev. J. L. Katliff reading the Episcopal Ring Ceremony.

Only a few close friends and relatives attended the wedding. Mr. F. J. Wood, brother-in-law of the bride gave the bride away. Miss Stephenson came to Eldorado early in the year and has made her home with her sister, Mrs. Francis J. Wood and since she has been here has made many friends among the young people of our city and won the land of one of our best young men.

Mr. Parker is a son of Mr. and Mrs. W. H. Parker and has been a citizen of our city all of his life and is among our best and finest young men. He has for the past several months been business manager for his father's store, leaving his school work at Texas Tech to come and take charge of the business at the death of his brother, Grady. Mr. Parker has a host of friends in our city, who join The Success in wishing for him and his bride a long and happy wedded life. They will make their home just north of the court house in a home recently bought by them and which has been put in order by the groom.

NEWS IN BRIEF

Clyde Barrow and wife, two of Texas' bad outlaws, were contacted by Dallas officers Wednesday and fired upon. Two officers were wounded in the exchange of shots, and indications were that both Barrows were wounded, although they made good their escape.

Rodger Thompson, who was convicted for murder of H. M. Polan and throwing his body in the Pecos River was given a new trial by Supreme Court. He got a 50 year sentence. The case will probably be dismissed.

Gov. Miriam Ferguson has pardoned Ike E. Musil of Runnels, who was convicted last year for being a habitual criminal and sentenced for life in the penitentiary. His was a conditional pardon.

R. C. Tipton was given a life sentence at Comanche Wednesday for the killing of Pink Milton of Comanche. Tipton was brought back to Texas from Idaho last spring by Sheriff Conner and Sheriff Hutcherson.

Herman Evans who attended the Southern Methodist University five and one-half years and did not graduate, is suing the University for \$21,817.15.

The Editor was away from Eldorado the first of the week and our local news may be short this issue. But we want to Austin in interest of laboring people who want work from the Reconstruction work and they might fare better from our work at Austin than from reading what we might have written. Anyway we hope we did some good. This committee gets no compensation from the trip and expected none. Just working for the others.

Mr. and Mrs. Harry Freund visited relatives and friends in Austin last week-end, returning home the first of this week.

Dallas Shoemaker of Abilene, Texas was here Thursday visiting his aunt and uncle, Mr. and Mrs. G. B. Shoemaker.

According to information from T. P. Metcalfe, Field Supervisor of the Farm Credit Administration, Crop Production Loan Office, 1933 crop production loans to Schleicher County farmers have been repaid 100 per cent. In a letter to J. E. Hill, member of the local loan committee, Mr. Metcalfe says: "This makes Schleicher County the first and so far, the only county in my district, to pay up 100 per cent of 1933 crop production loans, and one of the very few in the State. Schleicher County farmers and your committee deserve credit for this splendid record."

ELDORADO TO START

SEVERAL PROJECTS

The local Committee that went to Austin on the Civil Works Administration projects will immediately start several people to work and after December 1st, others will be available.

Several projects are available for the work especially road work and others in the city, some of which were virtually approved while the committee was in Austin. There will be a few details to be worked out by the local committee.

The Editor really enjoyed his trip to the State Capitol. Of course the careful driving of Judge Bradley made the trip pleasant. We didn't quite die going down and got back alive. We did not have much time to see the town only after night and we were there only one night and it was not long enough to see all the town. We are not bribed to tell anything, but we are under word of honor not to tell all that might happen or that we might have seen, so we have designated Bob Evans to tell all our wives anything they might want to know, secretly, in regard to our conduct while away.

NOVEMBER 24, 1933.

The Success is proud of the report from T. P. Metcalfe found elsewhere in this issue of The Success, in regard to the Schleicher County farmers who have borrowed money from the Farm Credit Administration and have paid the loans back 100 per cent. This being the only county in this District that has done it and among the few in the State. Well, we always knew that Schleicher County was 100 per cent on most everything.

We have had a great response on paying up subscriptions the past several weeks and they are still coming in. Let's make them paid up 100 per cent. We have kept the price in reach of all and many of you have appreciated that fact and even paid in advance several years. We also thank you for your encouragement and compliments on the kind of a paper we are putting out.

The hunters of Schleicher County have been going out trying their luck, but most of them come back with about as much ammunition as they left with and less meat.

THANKSGIVING!

Thanksgiving! How fit it is that we of the ranch country should give thanks. For we are mind rich although we may be money poor. We have the heritage of strength and indomitable spirit which carried our fathers through drouth and trouble, and the ingenuity of our mothers who wrested homes of comfort and dignity from the meagerest conveniences.

Education has opened a new vista, and books and the radio have brought the worlds of literature and art to our very doors, and the beautification of our homes is our joy.

Our children are given the advantages of learning, and let us be thankful that their heritage is the subtle understanding of the finer things of life culture, background, truth and courage, and a wealth that comes not from gold and silver out from the inner flame.—The Co-operator.

GOLD AND EMPLOYMENT

Mr. Roosevelt's latest announcement on gold, in which he pledged the government to offer a market at the world price for as much of the yellow metal as is offered to it, will have a salutary effect on this country.

The purpose of the plan as affecting currency and credit expansion is of only academic interest to most of us.

Its effect will doubtless be an important expansion of mining activities, both here and abroad. Gold is like everything else—the wider and more profitable the market, the more effort will be given to finding and developing the product.

Thousands of men will find new work in the mining industry. Thousands of families will receive their livelihood because of it. And millions of dollars will be put in circulation, to surge through the veins of industry and speed the work of recovery.—Industrial News Review.

COUNTRY WOMAN'S CLUB

The Country Woman's Club met Wednesday Nov. 15, at the home of Mrs. L. Kent for achievement day.

Most every kind of canned meats and vegetables was exhibited also.

There were only eight members present and four visitors.

EVERYONE MUST HELP

Not another winter like the last!

That was the pledge of the new Administration when it came into office. Every effort is being given to achieve it. It represents the most earnest hope of every citizen.

But government alone can't do it all. We can spend money for relief—and we are, but there is never enough. We can build public works—but there comes an end to that, and the public treasury is not bottomless. A large share of any kind of relief effort must be borne by the individual citizen.

And this doesn't mean charity vital as that is. The best kind of relief is that which spends money and provides jobs on projects which are permanently valuable and gives those who pay the bill something really needed. That is true whether the work is done by the Federal government or the state, or John Jones down the street.

A dollar spent for a new house, or to repair an old one, does double duty. An extremely large share of it goes directly to labor in your own town. The rest of it goes to various industries, through numerous pockets. It touches many states and communities. It is always growing—and by the time it has run its course it has done the work of fifty or a hundred dollars.

Remember that—and remember too that you have a selfish interest in building and repairing while prices are still in the economic basement.—Industrial News Review.

CAN ELDORADO WIN THE DISTRICT CHAMPIONSHIP

By David DeLong
 Sure, Eldorado can win the district Championship. We have started well on the road to championship of this district and we want to keep going.

Eldorado will play Ozona at Ozona next Saturday Nov. 25th as decided by the representatives from the towns of Eldorado, Ozona, Junction and Fredericksburg which met in Junction last Monday. Junction will play Fredericksburg at Junction also on Nov. 25th.

Let us all try to go to Ozona strong because everybody wants to see Eldorado win.

THE DRUM AND BUGLE CORPS

Edward Cox
 Some two weeks ago Mr. Neal Hollis, a teacher of all wind instruments and piano, came to the school with the purpose of organizing a drum and bugle corps. A drum and bugle corps consists of sixteen drummers and at least twenty buglers, the boys playing the bugles.

This would be an opportunity for this school that no other school in this section of the state has at this time. The instruments are to be furnished and a charge of One-dollar and fifty-cents per month are to be charged for tuition. This would not only give much training but

would be beneficial to the school in all types of games and some forms of entertainment in the way of meetings. Some people have the idea that a drum and bugle corp would only make a lot of noise but if they could have heard Mr. Hollis' talk Tuesday morning they would have a different opinion. It is necessary that we have at least fifty members before it will be given credit to go on and organize. At the present time however we have the required number but Mr. Hollis said that he would like to have a few extra to begin as some would drop out some time in the near future. He explained in detail the entire cost of the affair as well as the time required to practice which will not exceed two hours a week and therefore will not take too much time of the student for practice.

Everyone should be extremely interested in this form of an organization and should get behind it and help put it over. A full list of the members of this organization will be published at an early date.

Donnell Jones: "Mother will be surprised when she gets my letter."
 John Alexander: "Why?"
 Donnell: "She used to call me that I was so stupid I would never get a job, and in the last three months I've had six."

"Say, Junior, if you had five bucks in your pocket, what would you think?"
 "I'd think that I had Conn's pants on."

"Now you all understand," said Miss Ford, "That the trunk is the middle of the body, don't you?"
 "It ain't in a elephant," spoke up Gardner McCormick.

Wife: "I cook and bake for you, but what do I get?" Nothing!
 Husband: "You're lucky, I get indigestion."

Jack Meador: "You say anything to me an' I'll make you eat your words."
 L. E.: "Chicken dumplings' hot biscuits an' watermelon!"

SENIORS RECEIVE RINGS

Anna Ruth Spurgers
 A short time last year after mid-term examinations, a man representing the Star Engraving Company of Houston, Texas, as put a proposition before us. We were to sign a contract with him and whether the price of the gold in the rings went up or not we would get them at a lower price and we would also get a wristlet and the picture of the National Capital that we would present to the school. That seemed good to us so the contract was signed. At the beginning of this year the man came back and had bad news. He said that he would have to

break the contract because the government would not allow them to sell so cheap since they had joined the NRA and of course that did not please us. But finally we agreed to it after much arguing. He told us that they would be in soon.

We have just received word that they have come and are still in the Post Office and will be until the Senior lass gets together \$90.61 because that's what they all together cost.

A VISIT TO SOUTH AMERICA

Clemens Sauer
 Just think of a visit to South America in the School Auditorium. We did not go to South America to see it, but Mr. Jay L. Clow brought some of the things up here to show.

Mr. Clow is a man who has traveled all over the world and says, "the western part of South America is the most interesting place that he has seen." The people that live there are not civilized like we are but they live just like Indians of North America did before Columbus discovered America. They are also called Indians because they have always lived there.

L. E. Frazier was the boy who represented one of the Indians for us. Mr. Clow dressed him up with a red sharp pointed cap, a scarf, and a blanket with an opening over his head. After he explained to us how these people dressed, he showed us some of their musical instruments. All of these were hand made. He had a ten string guitar with an armadilla shell for the drum. He also played one of his other instruments for us. The remainder of the entertainment was a picture show. He showed a number of pictures of the people and their customs.

ON TEXAS FARMS

By W. H. Darrow,
 Extension Service Editor
 Cotton and corn crops grew this season where there were citches two years ago on the farm of Dave Link in Milam county. He terraced 75 acres at that time and the county agent is helping him terrace more this fall.

A three-year average of 25 bushels of wheat per acre due to sowing state certified turkey red wheat is the record of Dietz Brothers in Runnels county. The county average has been 18 bushels per acre, the county agent states.

After selling 1986 fryers this season, Everett Dickard of Fairview 4-H club in Harrison county has completed a new poultry house which he hopes will make it possible for him to sell 100 fryers per week next year. He has 7 sections in the house and plans to put 100 chicks in each section in successive weeks.

A cotton oil mill at Rotan is financing the purchase of baby beeves for 29 Fisher county 4-H club boys who will feed them for show and sale at Sweetwater next spring.

For a total cost of \$34, J. N. Swain, Somervell county cane demonstrator, has made and sold 200 gallons of syrup from one acre planted to certified honey drip seed. The syrup sold for 50 cents per gallon.

McCulloch county turkey growers are planning to sell turkey eggs for hatching purposes to Northern growers through the county cooperative association next spring. This is a new industry now in its third year. Last year 120 members received \$5500 for 60,000 turkey eggs, the county agent reports.

J. W. Alexander was in from the Bailey Montgomery ranch Saturday shaking hands with friends and visiting old acquaintances.

Mr. and Mrs. S. D. Harper and daughters were in the city Tuesday from the ranch, visiting and shopping.

Aubrey Baugh was a business visitor in town Monday.

W. R. Lewis and wife were in the city Saturday shopping and attending the ball game.

Use This Laxative made from plants

THERFORD'S BLACK-DRAUGHT is made from plants that come up from seeds and grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act — just as Nature put the materials that sustain your body into the vegetable foods you eat.

In Black-Draught you have a natural laxative, free from synthetic drugs. Its proper use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily.

Find out by trying Black-Draught what a good medicine it is for constipation troubles. In 25¢ pkgs. (dry).

P.S. — For Children, get the new, pleasant tasting SYRUP of Therford's Black-Draught. 25¢ & 50¢ bottles.

What Will Congress do

Extraordinary powers were placed in the hands of President Roosevelt before Congress adjourned in the summer of 1933. The regular session promises unusual measures, whether of help or hindrance remains to be seen. The News has the facilities of Associated Press, United Press and North American Newspaper Alliance. These would be sufficient for most newspapers, but not for The News which maintains its own staff of correspondents. The News is the only paper in the Southwest with its own Washington bureau, being represented by Mark Goodwin, outstanding correspondent on national affairs.

Bargain Offer for mail subscriptions to The Dallas News at this time is only \$6.60 daily and Sunday one year. Your local Dallas News Agent is authorized to quote you this rate. Without Sunday, the cost is \$6.25. The large Sunday edition sells for 10c a copy. Order both daily and Sunday.

DO SOMETHING ABOUT IT

A business man of Arkansas recently received a letter from the Federal Barge Lines, in a franked envelope, soliciting his business. He replied—and gist of what he had to say was that he would never ship anything over that subsidized line, and that he resented the free use of the mails for sales promotion efforts.

His views are shared by a legion of American citizens. The difference is that most of them do nothing about it. They watch the hand of the bureaucrat feel its way into more and more business—they see governmentmen go into the unfairness kind of competition with existing private businesses—they watch taxes soar while tax sources grow smaller. They have some realization of the menace in those things—they know that it may be only a question of time before their business will be among those hit. Yet so far, their influence has been negligible in shaping and creating governmental policies. They are disorganized—while the friends of government-in-business are organized and active.

It's long past the time that American business should make itself felt in this. There is plenty of ammunition at hand. The Shannon report, made by the Senate some time ago, produced the fact that more than 50 industries are subject to tax-exempt and tax-financed government competition. Other surveys show amazing discoveries. We can't have real recovery if industry is frightened, and if investors are timid. Nor can we achieve it as long as an extortionate share of the national income goes to the tax collector. Here's a problem for every citizen.

Misses Marjorie and Maurine Parks and Glen and Kenneth Green of Eldorado attended the county meet at Junction Saturday. Glen and Kenneth Green visited Mrs. W. M. Green at Reservation Sunday and Marjorie and Maurine Parks spent Sunday with Mr. and Mrs. W. W. Jarrett of this city. Dorothy Jarrett returned home with them Monday to finish school and little Abe Jarrett went for a visit.—Harper Herald.

WILL THEY HATCH?

--and, if so, what kind of chicks?

LITTLE OR BIG?

Proper feeding of BREEDERS answers both questions. To produce fertile, hatchable eggs and livable, growable chicks a perfectly balanced, palatable feed is necessary. RED CHAIN Egg Mash is the superior feed for breeders because it contains: Cod Liver Oil Meal and a variety of Vitamins and Minerals; it is correctly balanced, easily digested and full of nutrients.

SAN ANGELO GETS RELIEF PACKING PLANT

Tom Green County was designated Tuesday at the Austin meeting on relief work as one of the Texas Counties that would have a packing plant to can meats to be used in relief work, and Ed Mertz was designated by Westbrooks to hear the buying of the canner cows. Tom Green is the center of sixteen counties in the district to be served by this packing plant.

N. WILLIAMSON SELLS LARGE PIGS

N. Williamson was exhibiting a 14 months old pig on the street Saturday. It tipped the scales at 675 pounds. He had two others that weighed 500 and 465 pounds each. These is some pigs to be raised in Schleicher County. He sold the large one at five cents per pound on foot.

MRS. ROY HOWLAND ENTERTAINS WITH BRIDGE

Mrs. Roy Howland entertained a number of her friends on Tuesday afternoon, November 21st, with a Bridge party. There were three tables of guests present. Prizes for the afternoon entertainment went to Mrs. Luke Thompson who was high and Mrs. H. T. Finley who was low.

Delicious refreshments were served to Mesdames Luke Thompson, H. T. Finley, Van McCormick, Lewis Ballew, Ben Hext, Oscar Martin, A. P. Bailey, Sam Roberts, J. W. Hoover, J. C. Crosby, Lewis Whitten and Miss Annice Putman.

TEXAS INDUSTRIAL ACTIVITIES

Texas Beverage Co., Dallas, is a new \$100,000 industrial corporation chartered at Austin.

Fendley Co., San Antonio, is a new manufacturing charter recently issued at Austin. Capital stock is \$6,600.

Erection of a new saw mill is ready to begin at Jefferson, bringing about twenty new families to that town.

Kurth Lumber Manufacturing Co., capital stock \$125,000, has recently been incorporated at Lufkin to manufacture lumber.

New industrial incorporations include Pyramid Concrete Products Co., Beaumont, \$25,000 capital; Victor Publishing Co., Abilene, \$10,000.

The Itasca Cotton Mill has received one large order from the United States government that will keep it operating two shifts until after Jan. 1st.

Resumption of work at the Belton yarn mill was accompanied by the replacement of much of the old machinery. The plant now has 12,000 spindles.

Industrial development was largely the cause of the 24.5 per cent increase in the State's electrical output between 1927 and 1932, as shown by the Census Bureau reports.

Byrd Air Cooler Co., recently incorporated for \$150,000 capital, is a new industry at Waxahachie which will manufacture air-cooling apparatus for use in homes and buildings generally.

The first rolled-oats plant in the Southwest is in operation at Sherman. It has an hourly capacity of 6,600 pounds and if operated at capacity would require 7,000 bushels of oats a day. It is being operated on a schedule to meet the sales demand.

Rockport wants a shrimp canning plant. It has the shrimp, the labor and the transportation facilities, according to a letter from A. L. Bracht, secretary of the Business Men's League, and a spirit of cooperation available to whoever will undertake to supply the need. Eight carloads of shrimp were shipped out of Rockport in one recent month exclusive of express and truck shipments. Mr. Bracht will be glad to give any further information desired.

MRS. G. C. CROSBY ENTERTAINS WITH BRIDGE

On Wednesday afternoon, November 22, Mrs. G. C. Crosby was hostess to her Bridge Club at her ranch home east of Eldorado. Four tables of guests and members were present and enjoyed the hospitality of the hostess.

Prizes for the afternoon games were awarded as follows: Mrs. Cooper, high club; Mrs. H. T. Finley, high guest; Mrs. Sam Roberts, high cut.

Delicious refreshments were served following the games.

REYNOLDS CLUB MEETS

The members of the Reynolds club had their achievement day exhibition at the Reynolds School house November the eighteenth.

Each member took a month of the year and put on exhibition some project, canned goods or hand work, worked on in that month.

The exhibit was reported to have been one of the best in the county. The club has done well this year in their canning project considering the dry season. We expect to do better in the future as we become more accustomed to the club rules.

Miss Howell read an account of the year book for next year. All the members are interested in improving their homes during the next club year.

Coffee and sandwiches were served after the business was attended to. Everyone reported a pleasant afternoon.

Mr. and Mrs. J. O. Willoughby were shopping and visiting in the city Wednesday from the ranch west of Euadorado.
