## Eldorado Eagles At Lockhart Today.

### MANY ELDORADOANS MAKE TRIP TO LOCKHART

Coach Williamson and twenty one boys on the football squad left early Thursday morning for the long trip to Lockhart for the bi-district game with the strong Lockhart Lions. The boys made the trip through via Austin in cars and expect to make the return trip on Saturday after the game by way of San Antonio so that the boys may have the opportunity of seeing both cities.

On Thursday night an enthusiastic monstrous pep rally was held in the school auditorium to show the boys and the coach that the school and the town were for the boys. Pep talks were made by Clarence Knight, R. L. Sample, Edward Ratliff, Conn Isaacs, Glenn Ratliff, Coach Williamson and others.

A number of parents and other backers of the team accompanied the team on its trip to Lockhart and many other rooters will make the trip on Thursday afternoon or Friday morning. Eldorado will be represented well when the starting whistle begins the battle Friday at 3 P. M.

The local high school is dismissing Friday so that the pupils and teachers can make the trip if they wish. More than one-half of the student body had signified their intention of going to the game and had written permission from their parents up to Wednesday afternoon and this was not counting the football boys.

### SERVICE SUNDAY NIGHT FOR FOOTBALL BOYS

Rev. W. H. Marshall held a special service at the Methodist Church last Sunday evening for the football boys, with the Pep Squad girls in the choir. The house was decorated with the colors.

There was a large crowd out to hear the message which was well delivered and quite appropriate for the occasion. Brother Marshall keeping before the boys the Higher Ideal of Life and the need of God in their lives to complete a successful life.

He brought out plainly that the greatest touchdown yet to be made was at the end of life, should they be prepared to enter into the promised land when this life ends.

We note from the Heart O' Texas News, Brady, that Jess Bradshaw visited his father, Jim Bradshaw at Calf Creek last week, also Mr. and Mrs. Bill Williams visited Mr. and Mrs. T. E. Donakison at Calf Creek last week.

E. H. Kent returned from the plains last week and is glad to be back in our midst.

The Eldorado Eagles will go to Lockhart in a District game of football, Friday, today. Lockhart first offered \$150.00, but Eldorado soon raised over \$350 for the game here, and finally accepted the Lockhart offer of \$450 to go there. We understand that the Lockhart team has 60 boys on the team to draw from and have not been defeated this year in a section of Texas where they have larger schools and more people to draw from, but only 11 can play at a time and Eldorado has 11 good players, and then a few extras.

### SAN ANGELO WINS OVER SWEETWATER

San Angelo walked away with the Turkey Day Game with Sweetwater and became champions of their District.

### LIONS PLANNING TO HEAR GAME

The Lions in their Wednesday's Luncheon set plans to try and get the football game to be played at Lockhart Friday by the Eagles over the wire and receive it play by play. The money was raised and if the committee can get the equipment and announcers ready and can get the work done so that it can be heard here. This is rather a big undertaking by a small town but if any town can put it over, Eldorado is that town, and it will be a real treat to those that stay at home if they can get the game as it is played.

Lion Nance of the Sonora Lions Club was a visitor at our luncheon and said that Eldorado had most all Lions Club beat except one and that Club was just South of Eldorado where he held membership.

Most of the time was spent in discussing the prospects for hearing the game.

### REV. J. L. RATLIFF GETS SIXTEEN POINT BUCK

While returning from a business trip to San Antonio Tuesday night, Rev. J. L. Ratliff ran into a large sixteen point buck on the Junction-Sonora Highway, breaking two legs on the deer. He was by himself had no gun nor hunting license. He got out of his car, managed to wrestle the deer down and cut its throat, pulled him across his auto fender and brought the monster in to feast on. He was really thrilled over the incident as it did not damage his car any. He carried the head to San Angelo to have it mounted and the man told him it was the largest that had thus far been brought in, and it would cost him nothing for the mounting unless some one later brought in a larger one.

### JOHN BARLEYCORN COMES BACK TO U. S. A.

Several State in America were selling strong drinks again Wednesday when the 36th State ratified the repeal of the 18th Amendment. President Roosevelt gave out a statement urging the people to use it wisely and to prevent the return of the open saloon. Also urged the people of they were going to buy to buy from legalized houses and not buy the bootleg drinks.

"The policy of the government will be to see to it that the social and political evils that have existed in the preprohibition area shall not be revived nor permitted again to exist," he said. "We must remove forever from our midst the menace of the bootlegger and such others as would profit at the expense of good government and law and order."

The proclamation directed "specific attention" to authority given the government by the repeal amendment to prohibit transportation or importation of intoxicating liquors into dry states.

In concluding, the president said:

"I trust in the good sense of the American people that they will not bring upon themselves the curse of excessive use of intoxicating liquors to the detriment of health, morals and social integrity."

Mr. and Mrs. Jimmie Martin of McCamey visited friends and relatives in Eldorado last week end. Mrs. Martin was formerly Miss Marietta Sessions.

Mrs. George Joseph and son, George Jr., are visiting Mr. and Mrs. A. B. White this week. Mrs. Joseph is a daughter of Mr. and Mrs. White, and George Jr., came out to help his grandfathers run the ranch a few days.

with some Christmas goods for the Store.

Last week end a man by the name of Earnest Briggs came to the Bacum ranch and said he wanted work. He was driving a car and had some provisions. He remained over night and worked Sunday in assisting to doctor sheep. Sometime Sunday night he left, leaving everything he brought there, just walked away. A man of his description ate breakfast at the Oliver place Monday morning, came there during the night and stayed out around the barn until daylight, came to the house and asked for breakfast, was fed and then he asked the way to almost every town in the surrounding counties and walked away.

Sheriff Conner went out Tuesday and spent the day trying to locate the man but could not get any trace of him after he left the Oliver ranch. The man has worked on the Rector Henderson ranch in this county and on the Head-of-the-River Ranch. It is thought he has lost his mind and has wandered away probably not knowing just where he was going, his car and provisions were left at the Bacum ranch. He told the people on the Oliver ranch that some one had run him away from his car and he had left it back down the road.

Mr. Briggs was later found in San Angelo and carried to his people.

Mr. E. E. Pittman, Resident Engineer of the State Highway Department, at Sonora, was in Eldorado Tuesday on business. They are planning to let a contract for some road work north of Eldorado on December 11th. The contract will be let provided the Commissioners Court secure the right of way.

McCulloch county citizens must have harvest a good crop and have plenty to eat. We note from last week's Brady Standard that J. E. Chitty of our city visited relatives at Stacy. Miss Mildred Smith visited her grandparents at Nine and Judge F. M. Bradley visited relatives at Fife.

### BAPTIST HAPPENINGS

On last Friday evening some fifty members and other friends met at the Church basement for a Social sponsored by the Adult Union and all turned again to children and played several games, the last of which was a quarrel contest between husbands and wives, each couple retiring to separate rooms closing themselves in and quarreling it out, but as the Pastor and wife entered their room with the full confidence of winning because of previous experience. All of the quarreling spirit vanished when we beheld there was no room to dodge each other on account of an abundant supply of groceries which included everything that goes in making a complete pantry. Now you can imagine how the disposition to quarrel would fade from a hungry couple.

There were several friends that had a part in the pounding who could not be present at the social, and to them as well as those present the Pastor and family herein express our deepest thanks for your thoughtfulness and kindness as expressed in these gifts, and it is our prayer that our lives among you may be such as to show our appreciation and that our services may prove a blessing to every one.

Remember our doors are always open to those who come. And we are always happy to have you in any of the Services of our Church.

Duckie Lawler came all the way from Fort Stockton to see the Eldorado-Junction football game Thanksgiving. He formerly lived at Junction and was interested in the game, but had to see his favors go down in defeat.

A fast charging, scrapping, well trained bunch of youngsters, stepped up against the powerful team of Junction Eagles and came out on the long end of a 13-0 score.

The score was not the chief feature of this game, played for the district championship, but the battle that both teams put up was. It was a battle of two teams keyed to the highest pitch, each with all to win and a championship to lose. The Junction team threw all orthodox football aside and time after time, depending on the hard running Garret, carried the ball on fourth down in their own territory and usually made a first down. Junction kicked the ball only one time during the entire game. It was only thru very aggressive charging on the part of the Eldorado line that the powerful Garret was kept from going over for a touchdown.

At the pening of the game Eldorado received and at once unearthed a brilliant running attack. Quarterback Hext broke over center and shaking all four would be tacklers ran forty yards but the ball was brought back and Eldorado penalized fifteen yards for clipping. The rest of the first quarter saw Junction hitting over center time after time for short gains but being stopped when in the local's territory.

In the second quarter captain Isaacs, on a cut back, from his own 25 yard line broke loose and out ran the entire Junction team for a touch down. It was one of the prettiest and longest runs of the season. The rest of the second quarter was uneventful, Junction continuing their line plunges and Eldorado using a cut back with a reverse and a pass occasionally thrown in.

The third quarter the Junction players came out on the field with tears in their eyes and proceeded to put up one of the hardest fights seen in this district in years. Garret carried the ball to the Eldorado 7 yard line but some effective tackling by Billie Kerr, who played a smashing game from his end and many times pulled the ball carrier down from behind, kept the Junction star from going over. A feature of the third quarter was the hard tackling of little "Toodles" Spurgers from a defensive end position and the hard tackling down the field of the Eldorado ends, Billie Kerr and Aris Carr.

Felix Susan and Alton Page were main stays in the line slamming the opposing ball carriers to the ground many times, with such force they had trouble regaining their feet.

Quarterback Hext called a heads up game and in the last quarter slipped around his own right end for a touch down and crossed the goal standing up. His performance in this game and in the Ozona game should rate him all-district quarter.

The blocking of "Crip" Alexander and Isaacs together with their outstanding defensive play, coupled with the best all-round blocking of the season by the entire team was responsible for the victory.

A large holiday crowd of around fifteen hundred saw the game and were furnished many thrills.

The handling of the complicated plays of Coach Dave Williamson's boys showed how well they had been drilled, and their blocking and tackling showed just only they are District Champions.

DECEMBER 8th, 1933.

Eldorado will likely send a goodly number of fans to Lockhart to root for the Eagles.

Well, we have time this week to say the Eldorado Eagles did themselves justice, their town justice and the Junction Eagles justice and make their Coach feel like he is justified in his work.

Today, Friday December 8th at Lockhart the Eagles will make another stand for higher fame. Here's hoping that they fly high in the air, overcome their opponents, although out weighed, and bring home the bacon. It's not an impossibility.

A caleche base is being placed on the road to the cemetery and it will soon be an all-weather road. The work being done by the men on the reconstruction work, the county furnishing the caleche from the pit on Mrs. C. C. West's place. This piece of work is not only needed but the work is in keeping with the employment plan of the government, in order to give employment to the needy.

The Roosevelt plan began with the financial institutions of the Nation. He set them on sound basis, and from that he went to the producing field of the country. He has raised the prices and has set the producer where he can make a living. He is now bringing the laborer into the picture by giving employment to all that might want to work and that at a decent wage. Our large financial interest seem to be the less appreciative, from the inner confines of Wall Street comes the dark criticism. The Roosevelt plan is working nicely. The monetary system is attracting the attention of the wise and could William Jennings Bryan speak from the grave, he could say, "I told you so."

The early mailing of your

Christmas packages will insure them a safer landing. Don't wait until the Christmas rush to push in and want and expect immediate service. We understand that even a postmaster has a soul.

While the State political pot is bubbling over with candidates for governor and other state and national places, our own county is approaching the New Year very quietly and no one seems to want to venture into the race at least this early, as far as this writer knows the prospects is slim for a big crop. But the next few weeks might bring to light the prospects of a splendid harvest.

Now is the time to renew your paper. The Success represents all the best Dailies and Magazines in the United States. Drop in and renew before the date of expiration cuts you off on your choice Daily Magazine.

Senator Clint Small has entered the G. overnors race for next year. He and Tom Hunter both ran well in this county in a previous running, and the possibility of Coke Stevenson of Junction entering the race, and C. C. McDonald, a staunch Ferguson man in the middle clamoring for a Ferguson continuation, makes it look as if Texas will have a warm political time next year. Of course there are several others already announced and others feeling the pulse of the public, our own Jimmy Allred wants to enter and would be a strong contender.

Let the boys get in the running. The season is bright for a large crop year.

There is one thing the critics of The Roosevelt Administration will have to admit. That is it is taking American citizens off the dole system, and furnishing them honest labor. Some of them may not like the labor part but when a man can secure work, he ought to be made work or allowed to starve. The man who goes on the job now is required to do a reasonable days work for the compensation he gets, and the wages are good compared with the past three years.

It behooves every good American citizen to fall in line and

## CHEAP AT ANY PRICE

An example of what good farm cooperatives can do is afforded by the cotton parity price plan recently put forward by the American Cotton Cooperative Association.

The plan represents an ambitious and well-considered means of bringing the cotton producer a better income. The great achievement of the Association is in bringing the plan to public notice and securing support for it. A great amount of favorable press comment has appeared. Economists and public officials have spoken in favor of it, and the outlook for its enactment grows constantly brighter.

That is the sort of thing the cooperative can do well—and it is every bit as important as the work of buying and selling a farm product. Good co-ops occupy a unique position between producer, consumer and government. On the one hand, the farmer knows that they represent his interests and are working to better them—and government officials know that they are strong, well-informed and aggressive. Cooperative executives have had a hand in the making of practically all farm legislation. They are extensively consulted when efforts are made to solve agricultural problems.

A dozen cooperatives, dealing in as many commodities, are doing similar work now. Their members are getting the best service they ever had—service that, as the old saying has it, is cheap at any price. They deserve all the support they are getting, and then some.—Industrial News Review.

see that the work that is being done is work needed to be done and not a waste of money.

Good road work is a worthy project for any community and a good investment. At present Schleicher county is allowed to work 57 men 30 hours per week or a total of 1,610 working hours, this at 35 cents per hour would have a weekly payroll of around \$550.00.

There is also some provision for help for the real needy that are not able to work.

Our citizenship appreciates the fact that they are allowed to work and do not have to just accept a handout.

## A COUNTRY HOME IS NATURE'S UNIVERSITY

College Station, Dec. 4.—"A country home, be it ever so plain, with a father and mother of sense and gentle culture, is nature's university, and is more richly endowed for the training of youth than Yale or Harvard" declared Dr. Seaman A. Knapp, founder of the Extension Service, 26 years ago.

"Dr. Knapp knew that the home is the anchor of civilization and a point at which many of the revolutionary changes for re-adjusting agriculture must start when he began his farm demonstrations in Texas 30 years ago," says O. B. Martin, director of the Texas A and M College Extension Service. "In commemorating the hundredth anniversary of his birth December 16th it should not be overlooked that this great leader foresaw the important place home demonstration work must have in the re-making of country life.

"The organization he brought into existence in Texas in 1904, and which has since spread to every State and territory, not only made possible the present emergency adjustment campaigns, but laid the foundation for wide-spread agricultural re-adjustment," Mr. Martin continues. "The work of county farm demonstration agents in re-adjusting individual farm systems these 30 years has been greatly helped along by the parallel work of home demonstration agents. They have helped to make good Dr. Knapp's assertion that 'the greatest schools for the human race are our homes and the common schools.'"

It was home demonstration agents he had in mind when he said of farm girls: "Teach them to mend and sew and cook; how to doctor; how to dress a wound and make a ligature; how to adorn the simple home and make it appear like a palace; how by a simple arrangement the environment can be transformed into a place of beauty. In the United States the art of cooking is mainly a lost art. There are communities where not to be dyspeptic is to be out of fashion. If we could have some lessons on how to live royally on a little; how to nourish the body without poisoning the stomach; and how to balance a ration for economic and healthful results, there would be a hopeful gain in lessening the number of bankrupts by the kitchen route."

## That Old Crazy Boy Says:

(Dedicated to the Debt Beater)

If I should die to-night  
 And you should come to my cold corpse and say,  
 Weeping and heartsick O'er my lifeless clay—

If I should die to-night,  
 And you should come in deepest grief and woe—  
 And say: "Here's that ten dollars that I owe,"  
 I might arise in my large white cravat

And say, "What's that?"

If I should die to-night  
 And you should come to my cold corpse and kneel,  
 Clasping my bier to show the grief you feel,  
 I say, if I should die to-night

And you should cry to me, and there an then  
 Just even hint at paying me that ten,  
 I might arise the while,  
 But I'd drop dead again.

The law of worthy life is fundamentally the law of strife. It is only through labor and painful effort, by grim energy and resolute courage, that we move on to better things.

The Devil don't care how much you go to church, nor how loud you sing and pray, just so long as you drive a bad bargain with your fellowman. Neither does he care what church you belong to just so long as you are not honest enough to at least try to meet your obligations.

If you want the other fellow to try and pay you, why don't you try and pay him?

There are lots of men in hell who were good at refusing to pay their bills? There may be

## LARGEST CROWD IN HISTORY AT DISTRICT GAME

Estimates of the size of the Thanksgiving football crowd, which witnessed the 13 to 0 battle between Eldorado and Junction, have ranged all the way from 1,000 to 2,000 people. It is safe to say however that it was by far the largest crowd that ever witnessed a game in Eldorado. The gate receipts totaled \$434.00. The expenses such as for officials, etc, amount to \$90.00. A bonus of \$100 was paid to the visiting team.

## NEW EAGLE FOR SCHOOL

A large mounted eagle has been added to the trophy case in the high school study hall. Before the game in Ozona on Nov. 24th, this immense bird was tied down with the Ozona High School colors in a large show window. After the game in which the Eldorado Eagles soared to victory, the lone eagle was freed from the Ozona entangling streamers. The proprietor of the store, Mr. Oberkamp, gave the beautiful mounted bird to Victoria Jones E. H. S. ex-student of 1930 and the emblem of E. H. S. is now resting in the Eagles' nest. Thanks for the gift Mr. Oberkamp.

## CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 1.599 miles of Widening Crown, Caliche Base Course with Double Bituminous Surf Treatment from 6.2 Miles North of Eldorado North 1.6 Miles on Highway No. 30, covered by NRH 135-E, in Schleicher County, will be received at the State Highway Department, Austin, Texas, until 9 A. M., Dec. 11th, 1933, and then publicly opened and read. The attention of bidders is directed to the Standard Special Provisions, approved September 27th, 1933, covering subletting or assigning the contract, the use of Domestic Materials, the selection of labor, hours and conditions of employment, and hand labor methods.

Except as otherwise specified the minimum wage paid to all skilled labor employed on this contract shall be forty-five (45) cents per hour. The minimum wage paid to all unskilled labor employed on this contract shall be thirty-five (35) cents per hour.

Attention is directed to the Special Provisions, included in the proposal, to insure compliance with the requirements of House Bill No. 54 of the 43rd Legislature of the State of Texas.

The Title, Prevailing Minimum Per Diem Wage (Based on Five (5) Hour Working Day), and Prevailing Minimum Hourly Wage follows:

## How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat. Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected. Take Cardui to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

## COTTON PLOW-UP MAKES FARMERS MONEY

College Station, Dec. 4.—John Doe, cotton farmer, got or will get about \$727 for his cotton crop this year. Had there been no plow-up campaign he would probably have sold for 5 cents per pound and received about \$424 for his crop. John Doe, average Southern cotton farmer, was helped to an extra \$303 by the plow-up campaign.

This is the way George E. Adams who is actively in charge of the new cotton campaign at Extension Service headquarters at Texas A and M College expresses the facts on the cotton situation recently issued by C. A. Cobb, chief of the Cotton Section, Agricultural Adjustment Administration.

"Had there been no summer campaign", says Mr. Cobb, "the crop would have been larger by 4,400,000 bales. We would have had about 17,500,000 bales to add to an already heavy cotton surplus. Cotton price recovery would have been impossible. As it is the price has almost doubled what it would have been."

"Total income from the expected 17.1.2 million bale crop at 5 cents per pound would have been \$437,500,000. The reduced crop, estimated at 13,100,000 bales after the plow-up would bring a crop income of \$589,000 with cotton at 9 cents. Add to this the \$112,000,000 of adjustment payments which growers received for cooperating in the emergency program, and the \$48,000,000 of estimated profits on cotton options taken in the campaign, and the total cotton income from the 1933 crop runs to -749,500,000."

"This increase of \$12,000,000 in actual income from cotton, as compared with what the full crop would have brought without the adjustment campaign, constitutes final and indisputable evidence of the success of the emergency program" declares Mr. Cobb.

"Economic recovery made possible by the new cotton income is important," continues Mr. Cobb, "but even more vital is the social significance of the changed situation. Standards of living are being maintained, and institutions which build the citizenship of the future are functioning."

"If the farmers continue their line cooperation during the new campaign which is being launched, the whole Cotton Belt can well look to the future with optimism and confidence," Mr. Cobb concludes.

## THE PRINTING PRESS

I am the printing press, born from the womb of knowledge.

My heart is of steel, my limbs are of iron, and my fingers are of brass.

I sing the songs of the whole world, the oratories of history, the symphonies of all time.

I am the voice of today, the herald of tomorrow. I weave into the warp of the past the woof of the future. I tell the stories of peace and war alike.

I make the human heart beat with passion or tenderness. I stir the pulse of nations, and make brave men do braver deeds, and die for a CAUSE.

I inspire the midnight toiler, with his task, to lift his head again and gaze, with fearlessness, into the vast beyond, seeking the consolation of a hope eternal.

When I speak, people listen to my voice. I command them. I demand them. Yet, I am respected and honored by them.

I am the tireless clarion of the news. I cry your joys and sorrows every hour. I fill your minds with thoughts uplifting. I am light, knowledge, power. I epitomize the conquests of mind over matter.

I am the record of all things mankind has achieved. My offspring comes to you, in the candle's glow, amid the dim lamps of poverty, the splendor of riches; at sunrise, at high noon and in the waning evening.

I am the laughter and tears of the world, and I shall never die until all things return to the immutable dust.

I am the printing press.

## ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

That a balanced ration, a self-feeder and an automatic water trough will pay in raising pigs has been demonstrated to neighboring farmers by Millie Kist of, Burleson county 4-H club girl. Her 8 pure bred Poland China pigs weighed an average of 222 pounds at the end of 177 days.

Leisure time that results in 14 rugs valued at \$102.40 is time well spent, thinks Mrs. A. M. Daniels, home industries demonstrator in the home demonstration clubs of Lynn county. She has a ready sale for all her rugs.

While corn in Guadalupe county was burning up last summer Henry Pfannstiel had 50 acres on terraced land that stood the drought and promised 10 to 15 bushels per acre without any late rain, says the county agent. July rains came and the crop made 28 bushels more per acre than unterraced land.

Members of 10 Jefferson county home demonstration clubs have canned 10,000 containers of meat and vegetables for their needy neighbors.

"It's hard to make a profit now in dairying but it can be done by proper feeding with home grown feeds, the members of the Wheeler County Pure Bred Sire Association agreed in their recent annual meeting. It is a good time to buy good bulls, they said, and commended the county agent for organizing another bull circle last summer.

Instead of giving her cull hens away this fall in market sales Mrs. Tom Johnson of Eldorado canned 32 pints of chicken products by home demonstration methods. She now has on pantry shelves sandwich meat, roast, soup and giblets.

An old chicken house was re-

built into a modern A and M roof type house at a cost of \$500. It was built by Howard Sport of Bagwell's community in Red River county with the help of the county agent. Mrs. Sport, after de-lousing the flock of 140 and feeding them well from self-feeders, reports clearing \$33 above feed cost from eggs, in addition to having all the family could eat.

## Give "Useful Electrical Helpers" for Christmas This Year

The modern homemaker is tired of unnecessary and useless gew-gaws for Christmas... even though the donor is most sincere in an effort to please. What she wants... and needs... are the time, labor and money-saving electric appliances which so appropriately combine thoughtfulness, common sense and sentiment.

There are many efficient electrical helpers that will make each day brighter and happier, for years to come... And isn't that what you want to give for Christmas?

Electric appliances are economical to buy and surprisingly inexpensive to operate. Here are a few suggestions... sure to add to the Christmas joy of your loved ones:

- Electric Waffle Irons
- Electric Heating Pads
- Electric Percolators
- Electric Egg Boilers
- Beautiful Urn Sets
- Attractive Lamps
- Electric Toasters
- Vacuum Sweepers
- Electric Clocks
- Electric Irons
- Electric Curling Irons
- Electric Grills

You can purchase these essential appliances on convenient terms, and pay for them with your regular monthly light bill. Give electric appliances this Christmas and know that your gifts are truly and sincerely appreciated.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

### HOME DEMONSTRATION NOTES

The Schleicher County Home Demonstration Council met Dec. 2, 1933 at Miss Howell's office. Election of officers for the coming year took place. The following officers were elected: Council chairman, Mrs. Jim Williams; Vice-council chairman, Mrs. Gordie Alexander; Sec.-Treas., Mrs. W. H. McClatchey. The County exhibit that had been planned was postponed until early in the coming year.

### Mayer Home Demonstration Club Has Achievement Day

One of the most interesting meetings held during the past month was held in the Mayer Community last week. Each member exhibited some of the things that she had made during the year and each one was very interesting. This club has a very interesting Yard Demonstration at the home of Mr. and Mrs. Harry Freund's, and it would be worth any persons time to visit this yard and see what the Freund's are doing. After the exhibit a barbecue was enjoyed by approximately 65 people and after the barbecue the group played "42" and other games.

### Eldorado Home Demonstration Club

The Achievement Day of the Eldorado Home Demonstration Club was held at the home of Mrs. Gib Ballew. Pantry Demonstrator. Approximately 35 guests and members were present and each club member had some of her products or work on display. Mrs. Frank Bradley, Barroom Demonstrator, had for exhibit an orange crate dresser, hooked rug, and stool to match.

### Announcement of Eldorado Home Demo. Club Meeting

The Eldorado Home Demonstration Club will meet in the home of Mrs. George Williams, Friday, Dec. 8th 1933 at 2:30 P. M. Each member is urged to bring cuttings for the cutting bed and all other ladies are invited to attend and join the club.

Later—the meeting will be postponed until next week on account of so many of the ladies being gone this week.

### Meat Canning

The Farm and Home Agents, Miss Snell and Miss Howell are planning to give demonstrations in the county on butchering, canning, and canning beef and pork. If any of the residents of this county need help in this line they will be glad to give their assistance. See either one of these and arrangements will be made.

### TAX ADDS LITTLE TO COTTON GOODS COST

The processing tax of 4.2 cents per pound of the net weight of raw cotton going into manufactured commodities accounts for only a small percentage of the cost of finished cotton goods.

Investigations in 10 major cities throughout the country, made under the direction of Dr. A. C. Howe, Consumers' Counsel of the Agricultural Adjustment Administration, indicate that clerks in some retail stores are still explaining price increases on cotton goods by citing the processing tax as the only, or at least as an important cause.

"That the processing tax is a negligible factor in the price mark-ups on cotton goods has been proved beyond quibble," said Dr. Howe in discussing the question. "Those who attribute an undue share of price increases to the tax are badly informed." On a sheet, which contains a little less than two pounds of

### CHRISTMAS RELISHES

With Thanksgiving a thing of the past and Christmas just around the corner it is time to begin planning what you are going to have for your Christmas dinner besides turkey or chicken. Since cranberries have the flavor that goes with poultry the following Cranberry recipes may be of some help when planning your dinner:

#### Cranberry Relish

1 quart cranberries  
2 large apples (with peeling)  
1 large orange (with peeling if desired)  
1 cup sugar (or more)  
Method: Grind cranberries, orange, and apple in food chopper. Add sugar, mix thoroughly, and set aside until sugar is dissolved. This may be served as it is as a relish or it may be made into a salad. Chopped nuts, coconut, dates, raisins, etc may be added.

#### Cranberry Mold

1 quart cranberries  
1 3/4 cup water  
Method: Cook until berries pop good. Strain and put back on stove and let the mixture come to a boil. Take off of stove, add 2 cups sugar and stir until sugar is dissolved. Pour in molds and serve as a jelly or as a salad. This is a very easy and a successful recipe.

### W. M. S. ELECT OFFICERS

The Methodist Missionary Women met Wednesday and elected the following officers: President, Mrs. Bernie Currie; 1st Vice-President, Mrs. J. E. Tisdale; Corresponding Secretary, Mrs. Angie Huey; Recording Secretary, Mrs. Dollie Edmiston; Treasurer, Mrs. A. T. Wright; Supt. of Children's Work, Mrs. J. E. Tisdale; Supt. Young People, Mrs. J. F. Isaacs; Supt. Study, Mrs. A. B. White; Christian Relation, Mrs. D. E. DeLong; Supt. of Publicity, Mrs. W. E. Cloud; Supt. of Supplies, Mrs. L. Jones; Supt. of Local Work, Mrs. Ben Isaacs; Agent World Out Look, Mrs. W. H. Marshall; Parliamentarian, Miss Tom Smith.

### MRS. LUKE THOMPSON ENTERTAINS

Mrs. Luke Thompson was hostess to her bridge club on Tuesday Dec. 5th. Twenty members and guests enjoyed six games of bridge. High score for the club was won by Mrs. H. T. Finley, high guests by Mrs. V. G. Tisdale, and consolation went to Mrs. Oscar Martin.

Delicious refreshments carrying out the Christmas motif were served to the following club members, Mesdames Bailey Ballew, Crosby, Finley, Hoover, Lawhon, Crain, Howland, Brittain, and Roberts; guests were Mesdames Tisdale, Crosby, Cooper, Holt, Smith, Hext, McCormick, Morgan, Martin and Barber.

Mrs. Vester Hughes and children were over from Merton Thanksgiving and witnessed the game between Junction and Eldorado.

cotton, the tax amounts to just under 8 cents. On ordinary work shirts, the tax is about \$1-2 cents. The same proportion holds for other cotton goods, depending upon the weight of raw cotton used in manufacturing.

Other costs than the processing tax contribute to price increases. Where operating and other costs have increased, they are adding to the selling price. The processing tax itself, however, remains a minor factor.

### FOOTBALL BOYS GIVEN BANQUET

The mothers of the football boys and the pep squad girls gave the boys and girls a banquet at the basement of the First Baptist Church last Thursday night after the game. A real good time was had and a swell luncheon was given the victors of the district championship game.

Eldorado has shown her appreciation more than once this year in giving Coach Williamson and his Eagles their best support, and even offered a large sum of cash to get the game here with Lockhart.
