Rutland Children Get Poison

The little daughter of Mr. and Mrs. D. L. Rutland of San Angelo, formerly of Eldorado, Dorothy Christell, was buried in Eldorado Monday afternoon, the service being conducted from the First Baptist Church, The Eldorado Funeral Service in charge.

The child and a brother accidentally got some poison put out for rats at a neighbor's house last Friday. Dorothy died after a few hours of suffering, but Duward Leon was recovering Monday afternoon when they had the funeral services for his sister.

Mr. and Mrs. Rutland lived in Eldorado some five years and moved to San Angelo about a year ago. Mrs. Rutland is a daughter of J. S. Cathey of our city and has a host of friends here that extend sympathy to them in this their sad hour of bereavement.

The body was laid to rest in the Eldorado Cemetery Monday afternoon.

Eldorado Cars Collide Near Ballinger

While returning home from Fort Worth, Aubrey Baugh ran into the J. A. Parson car which was also returning home from Brownwood.

Mr. Parson was accompanied by Mrs. A. H. Green. They had been to Brownwood and were returning when they had a fiat stopped to fix it but remained on the highway with lights off. Mr. Baugh, who was also accompanied by his brother, Milton Baugh and daughter, were returning from Fort Worth. Just as approaching the Parson car, he met another car coming. Mr. Baugh put his lights on dim and the cars accidentally met at the Parson car, which caused the wreck. Mr. Parson was standing in front of his car which ran into him when it was hit in the rear and broke his leg. Mrs. Green who was in the car was badly buried. The occupants of the Baugh car were painfully cut from broken glass. Aubrey's face was badly crushed and cut, while Milton's head went through the windshield and was cut in several places.

Mr. Parson was plied in a hospital at Ballinger. Both cars were badly damaged.

City Officers Urging Clean-Up Campaign

The City Health Officers and other officials have asked the citizenship of our city to begin a clean up campaign of all property in the city, including homes, business places and public streets and alleys. Every one should join in this and make it one of the best clean up campaigns the town has ever had. Every one knows that filth brings on contagious diseases and other sickness. So let us make it unanimous in the work. After time has been allowed for the work the City Inspector will visit your premises.

Heflin Again Seeks Congressional Seat

Tom Heflin of Alabama, who was refused a place on the Democratic ticket at last election for Senator because he stumped his State against Alfred E. Smith in 1928. Heflin is a strong campaigner. He only liked about 7,000 votes carrying Alabama against Smith, and will likely win in the coming election. He is a strong Roosevelt enthusiast.

This is the season that we make each other glad. It is an easy task if you live right. Your life perhaps brightens a soul.

A CHRISTMAS PUZZLE

There's just one thing I'd like to know,

About this jolly "Santa" show; That chimney story has to be fixed up a little bit for me.

Of course, a child that's fairly bright

Can see how he gets down all right—

That doesn't bother me—but then

How does he get back up again? I asked my grandpa, and he said he'd never got that through his head.

"We'll stay right in this room and see

How Santa gets back up," says he.

"The mystery comes up every year;

Tonight we're going to make it clear."

So he sat up to watch and wait. I snuggled down beside the grate

Next thing I heard from grandpa's chair:

"Why, how is this? I do declare!"

The room was full of Christmas things,

The kma that Santa always brings.

Grandpa gazed up the chimney

no,

"That Santa chap's a sly old soul!

We'll have to wait another year,

To have that puzzle solved, I fear."

Mrs. W. E. Bruton was in from the farm Saturday visiting and trading. She was accompanied by her daughter, Mrs. Ray Alexander.

SANTA CLAUSAGE.

Jacksonville News: Of all people we have ever known we do not know of anyone who holds his age as well as Santa Claus. We can remember when we were a small boy, that Santa Claus was an old man, and when we see him each year, he appears to be just as young and spry as he did in the long ago.

"Santa Claus was born with whiskers and a convex tummy. His whiskers are not gray, but white with snow. No baby was ever born with gray whiskers if Santa holds his age better than the average it is because he is younger than the average and he is younger than the average because his heart is tender.

There is nothing that so closely approaches eternal youth as a gentle heart with a generous mind. When you see a man with a face like a cucumber pickle left out in the rain he is not necessarily an old one. He is only a sour, dour, cynical and avaricious individual, the kind who can't say his prayers without suspecting he concedes more to God than God deserves. Santa Claus enjoys making toys because he enjoys thinking of the joy he gives. He works 364 days in the year in order that he may practice benevolence one day.

A spirit like that would keep anybody young. We recommend it to the editor of the Jacksonville News, who looks older than Santa Claus, although probably a good deal younger in fact. By the way, don't tell the children but there is some talk of Santa Claus not coming this Christmas. The North Pole, where he lives, is said to have suffered such a depression it is now a hole in the ice. The Santa Claus igloo went down with it and it is feared he can't scratch his way out. This is only a rumor, and is believed to have been started by certain malcontents who are gunning for the blue eagle."—Dallas News.

The above taken from the Dallas News and Jacksonville News, is real interesting at this season and especially to the age of old Saint Nicholas, who appeared upon earth long ago, and yet in many instances he is scarcely 20 and may be 100

We know of no better time to gratefully acknowledge appreciation for the confidence and good will of our patrons. We thank you for your loyalty and hope for further opportunities to render you dependable service.

In this Spirit we greet you and wish you good fortune all thru the Coming Year.

SICK HEADACHE

Many cases of SICK HEADACHE are due to constipation. If you have headache that is due to constipation, take Theford's BLACK-DRAUGHT for refreshing relief.

"I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation.

"I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."

Theford's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical.

For CHILDREN, get the new, pleasant-tasting SYRUP of Theford's Black-Draught, in 2¢ & 5¢ bottles.

years of age, which reminds this writer of the eternal abode of the departed spirits, just how old is the departed spirits, will they be babes? young or old people? They will be perhaps like Santa Claus, the continued old Jolly fellow throughout eternity never getting older, making others happy. The Spirit of Santa Claus will never be quenched. He finds in most cases a way to get around the depression and in most cases visits in some way the most of our people. Those who are missed are generally those who are dead in Spirit.

Mrs. John Rae and daughter, Miss Agnes, were in the city Tuesday from the ranch shopping and visiting.

FOOTBALL BOYS ORDER SWEATERS

Anna Ruth Spurgers The reserves of the Football team are all in smiles now but could you blame them? They are getting sweaters this year also. They are light weight coat sweaters with "R" for reserve and they think its just about as good if not better than the sweater of the letter men. The letter sweaters are a heavy weight slip over with a big "E" and a small 14B on the front. Don't you know the boys will feel "stuck-up" when they get them, but they deserve them. The only thing that many hate to see them come is because they have to make a speech before they get them. This way they will catch many who have never made a speech this year, such as Billy Kerr, but he'll have a chance next year and a big one as he is the next captain.

BOYS NOW PRACTICING BASKETBALL

By Aris Carr Now that the good old football days are over most of the high school boys are coming out for basket ball. Mr. Cooper, the Math teacher, is doing the coaching. He is an excellent player and knows plenty about coaching a team. There are about twenty-two boys out practicing now, but in the near future the squad will be cut to about ten. The school has ordered ten basketball suits and ardered suits for the boys. The boys are working hard and are going to try to fly as high in basket ball as they did in football.

PUBLIC SPEAKING CLASS BEGINS PLAYS

By Gene Koy The Public Speaking Class is getting ready for the contest plays to be given in March. Miss Zimmerman, who is the teacher of Public Speaking is at

the head and she takes them through many stiff practices. The first one act play is the "First Dress Suit." This is about a small boy who gets his first dress suit to wear to his sister's wedding. And in the play much brotherly and sisterly love is shown. The girl who is to be married is Jess Ella Johnson and her fiance is W. C. Spurgers. The boy who gets the dress suit is Thomas Richard Jones and the mother is Inez Cobb.

The second play is "Romances." Sounds different from the first doesn't it? This play is of the Romeo and Juliet type. The leading role is played by Junior Isaacs and Loleete Andrews. If you've never heard of Romeo make love you just ought to hear him in this part—Just suits him. The other characters are Arnold Farrington, Aris Carr and W. C. Spurgers.

GIRLS BASKETBALL

By Minnie Logan The girls basketball has started off with the right spirit this year, and we hope the spirit will be caught by the town people, and then will help support our games.

We have plenty of girls to pick from this year to make our team. Although none of them are very large.

As most of you know by now, we have played only one match game and it was with Merton. The score was 22 to 6 in favor of Merton. But we are going to play them again the first Friday in January at Merton and try to even the score at least. We do not have ways to go to Merton as yet, and if you can go and take some of the girls let Miss Norwood or the basketball captain, Zona Clare Koy, know.

The girls coming out for basketball are: Gussie Nolan, forward; Zona Clare Koy, forward; Majorie Parks, forward; Anna R. Spurgers, forward; Mar-

guerite Chick, guard; Minnie Logan, guard; Mildred Willis, guard; Ollie Ruth Newlin, guard; Janet Wakefield, jump center; Billie Boyer, jump center; Aurora Willis, jump center; Jetty Grace DeLong, run center; June Hooker, run center; Jennie Louise Page, run center; Maurine Parks, run center; Marguerite Powers, run center; Mary Jess Koy, run center.

FOOTBALL PROSPECTS FOR 1934 COULD BE DARKER

By Sam Cloud If all the boys that are eligible return next year, there is a chance that Eldorado will have another strong team. There will be six letter-men in the line and three in the backfield. In the line there will be Kerr and Jones, ends; Felix Susen and Page, tackles; Butler and Shugart, guards. In the backfield there will be Joe Hext, Alexander, Spurgers and it will be between Jack Hex and Paul Davis for the other position. There are good prospects for a good center in Harold Susen.

The reserve material may be better than in this year as some big boys are expected from the 7th grade.

JOKES

W. C. Spurgers Charles Ratliff: "The king fleas."

Miss Allen: "You should use 'has' with the past perfect tense."

Charles: "The king has fleas" (Just like Charles)

Mr. Cooper (basketball coach): "Now look here, just because I'm behind a cage don't mean that you can monkey with me."

Teacher: "Say, where did your beautiful string of pearls come from? You don't mind my asking do you?"

Sweet young student: "Certainly not, they came from oysters."

Imagine Mr. Irby thinking

he is the most sarcastic person in school!

Father: "And why did you lose your job in the variety store?"

Son: "I misplaced a sign."

Father: "What sign?"

Son: "I put a dress sign on the bath tub."

Father: "What did the sign say?"

Son: "Buy your girl one of these."

STUDENTS OF ELDORADO HAVE PICTURES TAKEN

By Anna Ruth Spurgers The same man that has taken pictures for the past several years returned Monday to take them for this year. The first called out were the Seniors. Two girls and eleven boys. Mr. Holt refused to have his picture taken with us. We wonder why? The Juniors came next with a larger group, then Sophomores and last the Freshmen. Then it went to to grades. The football boys had theirs taken afternoon. Wouldn't you like to have a picture of the district 14B champions? The Pep Squad will get theirs taken some time later this week. The man had to leave after taking the boys pictures. We wonder if his camera was broken?

—E.—H.—S.—

WE WONDER WHY

Anna Ruth Spurgers 1. Samuel Smith teases Inez Marshall?

2. Joe Turner Hext has so much to say to Inez Cobb?

3. Jack Meador watches Gussie Nolan?

4. Junior Isaacs holds Winona Enochs coat in the study hall?

5. Zona Clara Koy blushes when you give her a hard look?

6. Billy Kerr likes grammar school?—the 7th grade.

7. Jennie Louise Page and Glenn Parker are always talking?

8. Gussie Nolan blushes when you ask her who she was with last night?

9. Junior Isaacs wants to know where his rib is?

10. Aris Carr picks blonds to the dark headed girls?

—E.—H.—S.—

12. Miss Norwood's car has to have so much work done on it?

13. Milton Spurgers is so up in the air, did his girl from Junction come to see him?

HOW THE STUDY HALL HAS MISSED THE TWO EAGLES

Anna Ruth Spurgers The first thing that you noticed when you come to the study hall of a morning is the Eagle and when it's gone you can't help but notice it. Since we were given another Eagle by Ozona tho' it only got to stay in the study hall a few days, we can't help but notice that it is gone also. When we were getting ready for the championship game with Junction they took the Eagles and had a clever display with them in the Ratliff Store window. And so far we succeeded in getting only one back and it looked as if we weren't going to get it back. I'm sure that the study hall would like to see the other Eagle back soon.

SPANISH CLUB HOLDS REGULAR MONTHLY MEET

Anna Ruth Spurgers How would you like to have gone to a party where presents were given to each one and afraid to open it up because of not knowing what you were going to find? That's just the way it was last Friday night. Miss Norwood who was the big boss let each one in the three Spanish Classes draw a name and the one they drew they were supposed to give them a present. They met at Margaret Hill's home. The tree was all decorated with Christmas decorations and the presents were under the tree. The first thing that was done were two debates, the first "Resolved that girls are more important than boys." For the girls Celeste Tisdale and Lois Whitley and for the boys were Thomas Richard and Glenn Green. And of course the girls won. The second debate was "Resolved that sugar is more useful than salt." For the sugar Aris Carr and W. B. Gibson and the salt Jack Rape and Joe Turner Hext. We found out that

sugar was much more useful than salt. Then we sang three songs that we had learned in Spanish, "Noche Sillar," (Holy Night) "Rancho Grande" and "Ojos de Tejas" (The Eyes of Texas). Then came the most fun of all, the giving out of the presents. Thomas Richard Jones and Alton Page took the part of Santa Claus without his colorful suit. Only a very few presents that were received were useful. Most were some little toy or baby pacifier. Zona Clare Koy received a little doll and W. C. Spurgers received a plug of Brown Mule. Many remarks were made by the neighbors about us being so noisy but could we help it? The program ended by each one receiving a big red apple.

The next time the Spanish club will meet at Jetty Grace DeLong's home.

ASSEMBLY PROGRAM WED. DEC. 13TH

By Edward Cox The assembly program Wednesday, December 13, was sponsored by the seventh grade. The program was divided into three parts.

1. A skit or dialogue: You'd Be Surprised, with Robert Lee Anderson and Raymond Spurgers giving the dialogue.

2. A short play: "The Invisible Structure," with Dorothy Miller Orville Edmiston, Ed Reynolds, Jim Tisdale, Imogene Evans. They told of the important steps in the structure of an education.

3. There was to be a reading by Wilma Nixon but due to her absence it was not given.

The program as a whole was enjoyed by everyone present.

NEW EQUIPMENT IS ORDERED

Anna Ruth Spurgers It seems that many catalogues are being used in High School lately. Mr. Cooper, the basketball coach has ordered new suits for the boys coming out for basketball. Miss Norwood, the girl's basketball coach, has ordered a few suits for the girls. And last and most important the football boys have ordered their sweaters for this year.

WHEAT FOR TEXAS AMOUNTS TO \$5,300,000

COLLEGE STATE 18.—With nearly 14,000,000 bushels signing Government contracts the campaign wheat acreage reduction in Texas has exceeded a 90 per cent sign-up of the State's acreage. It is estimated by Texas A and M Extension Service officials. More than \$5,300,000 is expected to come to Texas this winter and early next summer in benefit payments, of which more than three and one-half millions are due this winter.

Review boards in Amarillo and Fort Worth have concluded their work of approving applications and contracts county by county, and most of the contracts are now being reviewed by the national board in Washington, or are on their way.

More than 90 per cent of the wheat allotted to 28 heavy producing counties in the Panhandle was estimated taken up in contracts, and those counties are expected to receive a total of more than four and one-half million dollars in winter and summer payments. Of the total Texas allotment, 85 per cent was given those 28 counties because they produced 85 per cent of the Texas crop for the period 1928-32.

In 46 wheat counties in the rest of the State it is estimated that more than 50 per cent of the total allotments have been taken up, indicating that about one half million dollars will be paid in benefits this winter and next summer.

A sack of feed costs more than a sack of sawdust—but you can't "save money" by feeding sawdust to your chickens.

Likewise, a sack of RED CHAIN Orange-Vitamins Egg Mash costs more than cheap imitations—because it's worth more to YOU!

Feed it to your own flock; test it in comparison with any other egg mash, and you'll feed RED CHAIN every day in the year—for bigger year round poultry profits!

FOOD PRESERVATION

By canning 38 hens and 5 turkeys instead of selling the culls and No. 2 turkeys on the market, the hens and turkeys would have brought approximately \$12.50. The canned products are valued at \$48.40. There were 121 No. 2 cans filled with boneless chicken, ground chicken, giblets, and soup stock.

PARENT TEACHER ASSOCIATION MEETS

The Eldorado Parent Teacher Association met Tuesday, December 19, in the school auditorium with Mrs. J. L. Neill, President, presiding. Pupils of the Second Grade entertained the assembly with two numbers, namely, a song "Gather Round the Christmas Tree," and a dramatization of "Away in a Manger."

Mrs. Tom Jones gave a report of her visit to the Lockhart Parent Teacher Association which she visited recently. She said that Lockhart has 298 members in its Association. Eldorado is ashamed to say how many, or perhaps few would be better, it has.

Mrs. H. W. Weidenmann read an interesting paper on the subject, "Education for Leisure Time from the Standpoint of the Parent and Child." She stressed the fact that in the new era which we are beginning leisure time will be an important factor in life. The child must be educated to spend this time properly or to be a "Time filled and not a Time killer." She stated that the home must take the major responsibility in solving this problem. The radio, the movie and the newspaper were discussed as outstanding means of diversion. The question is how the child shall regard these things.

The Association plans to have a health nurse come to Eldorado in the near future. She will examine the school children and advise on health conditions.

The next meeting will be on January 16. You are invited to attend.

Mrs. T. W. Logan was in the city Tuesday visiting and shopping.

Both Farm and County Home Agents help in the killing and canning.

Edward Willoughby and Frank Webb were in from the Willoughby ranch Tuesday looking after business.

That Old Crazy Boy Says:

You know you can just about tell what a man is by watching how he observes Christmas. To observe Christmas right shows that you appreciate life and what Christmas means. To observe it wrong proves that you are a PAGAN even if you do live in America. The man who has no sense of honor for what Christmas means and what Christmas stands for, has no sense of honor for his own personality or that of others. He laughs at the Bible where it says, that, "The wages of sin is death." Well, at the rate of the Old Boys are going it won't be long before they will have a chance to know who is right—The Bible or them. Hell is full of men who laughed at the Bible and a clean life.

Merry Christmas

From the Baptist Pastor

On this our first Christmas in Eldorado after eight months sojourn among you, we wish to assure each one that our stay among you has been a very pleasant one. And we wish herein for your co-operation and support of the work that we are engaged in. It has been our purpose to help to make this community one of the best in Texas for righteousness. And I believe that only a very few if any will surpass this community. I hope everyone, others as well as Baptists will accept this as a personal message of appreciations for your kindness to the family and myself, and we are wishing for you all a Very Happy Christmas and a Very Prosperous New Year. Let us be careful to give much place to Him whose birth we commemorate.

Prayerfully,

LEON FRAZIER
