COUNTY POLLED 898 VOTES SATURDAY

GOV. SALE OF CATTLE TO REACH \$100,000

Government Buying Of Cattle In Schleicher Heavy

During the last 9 days 3800 head of cattle have been appraised, 600 of which were condemned and killed on the owners' land. This amount of cattle will bring to Schleicher County nearly \$100,000.

The buying is expected to last two more weeks. A number of new contracts have been made with previous contractors, to sell more cattle. This is caused by our prolonged drought, and unless rain is received soon still more cattle will be offered to the government.

The Appraisers office has been working night and day to accommodate the ranchmen, several of which sold the majority of their cattle to the government.

HUMBLE ERECTING DERRICK

According to reports from Mr. Griffin, tool pusher on the Humble, like Honig No. 1, the Crosby Drilling Co. has completed the contract depth of the wild cat, also two water wells, one sulphur well and one fresh water well. 1 1/2 inch casing was set and cemented at 609 feet in the wild cat. The last water well was drilled to 250 feet; water was struck at 195 feet; a test was made of the well by running 4 inch casing and pumping 24 sulphur water from the well.

The work of erecting the derrick installing and rigging up rotary machinery started Thursday. They plan to be in full operation within 30 days. Humble No. 1 Honig is located ten feet west of the center line of section 38, block M, G. H. & S. A. Ry. Co. Survey.

Schleicher County Represented At A. & M. Short Course

Those that are at the A. & M. Short Course from Eldorado are: County Agent C. Snel, and 5 F-H Club boys; John I. Jones, Jack Mendor, Cecil Moore, and Dee LeLong.

Miss Farnsworth, Home Demonstration agent and the following representatives from each community club are attending the short course. Messdames Geo. Williams, Otto Williams, Tommy Reford, Gordie Alexander, R. G. Nance, Grace O'Harrow and Miss Oveda Faught.

L. T. Barber of the Eldorado Wool Co. is also attending the Short Course.

Schleicher County Fair Association Need Aid

The lien holder of the Fair Association now holds and has been holding for the past several years three Vendor's lien notes in the amount of \$500.00 each. This lien holder has shown every consideration to the Fair Association in this connection, but now he should be paid. He, the lien holder agrees to accept payment for face value of the said notes if payment is immediately. It is very imperative that sufficient money is subscribed to meet this obligation, or lose the Fair grounds.

There has been invested over \$8,000. all will be lost unless the citizens of Eldorado and Schleicher county aid the Fair Association.

The Fair Park is our one and only place for fairs, rodeos, races, baseball, football, and other public gatherings.

The citizens of Schleicher county will be notified at an early date how we may keep this fair park. You will be called upon to aid in this public enterprise.

The Lions Club for the past two years have made a profit of nearly \$400.00 each year. This reveals that money can be made, and as the park is necessary let us all work to clear it of debt; then we will have a park paid for that is a pride of every citizen.

BRITISH CHAMPION

Henry Cotton, English professional, who captured the British open golf championship in the tournament at Sandwich.

African Beasts Protected

Signing of the international convention to protect the wild animals and vegetation of Africa is expected to preserve much of the wild charm of that country. The convention closely restricts the killing of animals. A large number, grouped in Class A, are to be protected as completely as possible, hunting, killing, and capturing to take place only by special permission, which will be given only in the interests of science or when essential to administration. This covers the gorilla, some antelopes, the zebra, and the elephant when the tusks are small. In Class B are included animals not to be hunted, killed, or captured save by special license. These include the chimpanzee, the gaffe, certain gazelles, the elephant when the tusks are grown, the secretary bird, and the egret.

LIONS CLUB CLEARS \$400.00 ON RODEO

Leon E. C. Hill, at the Lions meeting Wednesday announced that the club cleared about \$400. after all expenses had been paid, on the annual Rodeo.

The dance, at the Rock Tourist Inn, made the most money in proportion to the expense incurred.

The Lions will take action to help keep the Fair park. Arrangements will be announced later.

Bailey and Dr. Blanton Of Sonora Die In Car Accident

Gene Bailey, Sonora pharmacist and Dr. A. G. Blanton, Sonora physician were killed shortly before noon last Friday in a car accident near Christoval. Mary Sue, daughter of Dr. Blanton was injured.

Dr. Blanton is survived by a widow, a son DeWitt and two daughters, Mary Sue, and Mrs. Ben Martin, Eagle Pass. Dr. Blanton had been a resident of Sonora for nearly 15 years.

Mr. Bailey had been a resident of Sonora for seven years. He is survived by a mother and other relatives in the state of Georgia.

Eldorado Citizen Dies

The death of J. N. Craig of Eldorado last Sunday marked the passing of one of our pioneer citizens. Mr. Craig was found dead, in his bed, early Sunday morning by his wife. The couple had been living alone for the past several years.

Mr. Craig was born in Washington county, Texas, Sept. 15, 1859, which makes him 74 years old at his death. Mr. Craig was survived by a widow, and two sons, Monroe and H. G. Craig, two daughters, Mrs. C. B. Tisdale of Tuscola, Texas, and Mrs. G. H. Blackman, Gainsville, Texas. There are fifteen grandchildren.

Funeral services were held at the home of Mrs. J. A. Whitten, San Jones, Bert Page, Will Isaacs and Orvil Conner. Burial was in Eldorado cemetery, with J. L. Hatfield undertaker in charge.

BRADLEY, RAMSAY, AND RUNGE DEFEATED

RUNGE AND SOUTH IN RUN-OFF

Judge Carl Runge of Mason and Attorney Charles L. South, of Coleman will be in the run-off, having outdistanced E. E. Murphy and Culberson Deal of San Angelo. Both were in San Angelo Monday morning to make plans for their run-off campaign for office of congress in the new 21st district.

Runge was high. South was second, with over one thousand votes behind Runge in the four cornered race. Both Runge and South will make an effort to capture the Murphy and Deal votes in San Angelo in the coming primary. South will probably make headquarters in San Angelo for the western end of the district.

South carried all counties in which he is district attorney, by big majorities, as well as his neighboring counties. Runge carried Mason and all surrounding territory, by large majorities.

SHERIFF ARRESTS ONE

ON FORGERY COUNT

Sheriff O. E. Conner made a trip to Sonora, yesterday evening and returned J. L. Sutton to the Schleicher county jail. Sutton is wanted on a charge of forgery. He, Sutton, gave the following merchants each a \$5.00 check on Mr. Verge Tidale; Hoover Drug Store, Red and White Store, Isaacs Service Station, and Texas Service Station, Sonora. All checks were dated July 23.

J. L. Sutton had been working on Mr. Tisdale's Delco light system.

LAYING THE FOUNDATION FOR A STABLE CIVILIZATION

PROBLEM IV CONSERVATION

In order that civilization keep its pace forward in the race of a rapidly growing population and rapidly diminishing resources, we are confronted with the problem as to what we may do to insure our generation as well as future generations, plenty of the necessities and luxuries of life.

In days gone by, when the United States was young, there was no need of conservation; and our forefathers did not dream of a day when these United States would support such a large population that there would be danger of shortage in our natural resources. But—at the rate our trees are used and wasted, at the rate our oil is consumed, at the rate land is lapped beyond paying production—our natural resources are in grave danger.

Our present president has seen this situation and has taken steps toward solving the problem, but to date, conservation movements have been meager. The strange situation is that our people have raised so many objections to all conservation programs. They seem to take no thought for the future—they think only in terms of the present—only in terms of greed: make all we can today and let tomorrow take care of itself.

Several steps must be taken immediately; enforced, if you please. First laws must be passed whereby the use

of our natural resources will be limited and regulated. Second, we must begin an intensive educational program for both adult and youth; we must impress upon them not only the desirability but also the necessity of conserving our natural resources and our land. Third, we must, as the president has already started out to do, replace as nearly as possible, the resources which have already been utilized. Forests must be replanted. Oil must be protected. Land must be laid aside and rejuvenated so that it will again become fertile. But as we now utilize our land and resources, we produce from land as long as we think it will make a dime; we produce oil as long as there is a sale for it, regardless of waste or unreasonableness of price; we cut trees as long as the tree is a tree. We raise corn, cotton, and wheat as long as the land will produce a stalk, regardless of the worn out condition of the land. Such things must be stopped by law until the people can be educated to its necessity.

There will be two run-offs in Schleicher county, one for county treasurer, the other for commissioner of precinct No. 4. O. E. Conner, our present sheriff, and R. C. Edmiston Commissioner of precinct No. 2, were re-elected. W. N. Ramsay, County and district clerk; F. M. Bradley, county judge; and J. Forrest Runge, Commissioner of precinct No. 3, were defeated.

Mrs. Mattie Cozzens, received 315 votes and Mrs. Mable Parker polled 300 votes, will be candidates again for treasurer on the 25th of August. Mrs. E. E. Cloud was eliminated receiving 256 votes. Mrs. E. E. Kent treasurer for 12 years was not a candidate for re-election.

Pat Martin was elected Commissioner of precinct No. 3, over J. Forrest Runge, the incumbent, by a vote of 42 to 35. T. W. Talbot, whose name was written in for Commissioner in precinct No. 2 received one vote less than the present Commissioner R. C. Edmiston. Cecil Meador commissioner of precinct no. 4 will be opposed in the run-off by Henry Mittle. Eldred Roach and W. J. Warren were eliminated.

John Williams was elected Commissioner of precinct No. 1, which includes Eldorado. Williams defeated Henry Speck by nearly 100 votes. Ovid Wade present commissioner was not a candidate for re-election.

Frank Bradley, county judge who was seeking re-election was defeated by H. W. Finley, 492 to 374.

O. E. Conner was returned to Sheriff over J. H. Lueddecke by a 3 to 1 vote.

John F. Isaacs got his old stamp back, County and district clerk, when he won over W. N. Ramsay, the incumbent by 40 votes.

of our natural resources will be limited and regulated. Second, we must begin an intensive educational program for both adult and youth; we must impress upon them not only the desirability but also the necessity of conserving our natural resources and our land. Third, we must, as the president has already started out to do, replace as nearly as possible, the resources which have already been utilized. Forests must be replanted. Oil must be protected. Land must be laid aside and rejuvenated so that it will again become fertile. But as we now utilize our land and resources, we produce from land as long as we think it will make a dime; we produce oil as long as there is a sale for it, regardless of waste or unreasonableness of price; we cut trees as long as the tree is a tree. We raise corn, cotton, and wheat as long as the land will produce a stalk, regardless of the worn out condition of the land. Such things must be stopped by law until the people can be educated to its necessity.

There is no other way; haven't we already tried to get people of our own free will to attend to these matters? And where did we get? Hence we must not balk at conservation measures. They are a necessity—an urgent necessity. Production and use of natural resources, including land, must be limited and regulated. We must think of our children and our children's children. We must become more sane about the problems we face, less greedy about our share of this world's goods, and more systematic about solving our problems. We must plan to conserve, to prorate, to limit, and to regulate with a view of the future and of a better world.

Your puny servant,
Fidel Cozzens.

Great Nest Builder

Probably the most conspicuous bird of the prairie streams is the picturesque, long-tailed, black and white magpie, says Nature Magazine. He is the arch rascal of this bird community, but one of the finest of bird architects, and his giant nest of sticks, as large as a bushel basket, domed over and weather proof, with the nest cavity beautifully woven inside a cup of mud, is one of the crowning achievements in nest building.

CHRISTOVAL ENTERTAINS 1000 OLD TIMERS

Thursday at Christoval about 1000 people gathered under the spreading pecans to organize an old Settlers Annual gathering. Quite a few of Eldorado's citizens visited and joined the organization. The organization was held near the old grounds of the first school house ever built on the South Concho at Christoval some eight or ten of the pupils that attended the school were there for the days gathering. D. E. DeLong and A. T. Wright of Eldorado were among the number. George DeLong of Mertzon, Mrs. Neal Wilkerson of Menard, J. H. DeLong, Mrs. Lillie Brown and Mrs. Fannie Fury of Christoval were others.

Judge W. A. Wright of San Angelo delivered an address describing the South Concho country from 1880 until its present day.

Carl Runge was present and delivered an address in his behalf as a candidate for Congress.

Christoval furnished a program for the late afternoon. Music was furnished throughout the day and dancing was participated in during the day by some of the old time settlers.

Uncle Billie Finnigan Dies

William James (Uncle Billie) Finnigan died at the home of his nephew, Ed Finnigan, Saturday morning at 8:25 o'clock in Vernon Community.

Uncle Billie had been living at the home of his nephew for the last 15 years. He was known by the affectionate title of Uncle Billie by his neighbors and friends of Schleicher county. Uncle Billie has one sister living near the gulf coast, Mrs. Kate Gibson. He has many nephews and nieces. Two nephews here Ed and Ernest Finnigan.

Uncle Billie was born Dec. 14, 1859 in Refugio County, Texas. Burial was at the Eldorado cemetery. Undertaker was J. L. Hatfield, Eldorado, Texas.

Tom Conally candidate for reelection U. S. Senator carried this county over Joe Bailey, Jr. by a 3 to 1 vote. Conally is our present junior Senator, and had the endorsements of Vice-President, Garner.

Tom Hunter carried Schleicher County 344 to Allied 270. Small and McDonald ran 84 to 83 respectively. Woodward carried Schleicher over McCraw by over a two to one vote, ran as follows; Runge, Deal, Murphy, and South.

James V. Allied is to be in the run-off primary with Tom Hunter both of Wichita Falls. McDonald is running a lagging third. Small is fourth.

Allied has a lead of over 50,000 votes. It seems that Ferguson is out of the picture with his man out of the run-off.

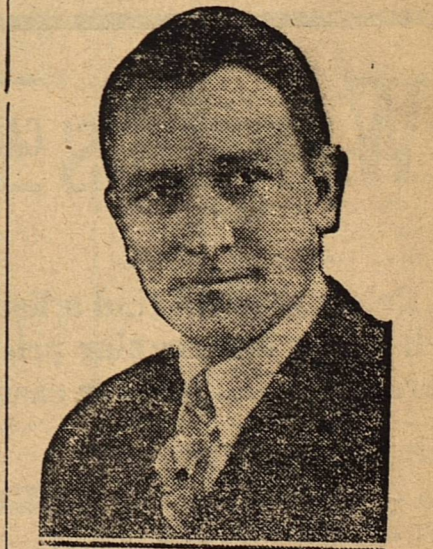

Lon A. Smith, present chairman of the Railroad Commission, is leading John Pundt, of Dallas who will be his opponent in the August primary.

William McCraw is leading Walter Woodward of Coleman in the Attorney General race.

Lockhart will be our State Treasurer again having received a majority.

LEGISLATURE CALLED FOR AUGUST 27

SENATE JOINT RESOLUTION

NO. 16

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1 or Article 8 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

SECTION 1. TAXATION TO BE EQUAL AND UNIFORM AS TO REAL ESTATE AND TO BE EQUAL AND UNIFORM AS TO ALL REASONABLE CLASSIFICATIONS OF PROPERTY; AND OCCUPATION AND INCOME TAXES; EXEMPTIONS; LIMITATIONS UPON COUNTIES, CITIES, ETC.

"Taxation of real property shall be equal and uniform. All property in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may by general laws make reasonable classifications of all property other than real property for the purpose of taxation, and may impose different rates thereon; provided that the taxation of all property in any class shall be equal and uniform. The Legislature may impose a poll tax. It may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax; provided that Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture, belonging to each family in the State, shall be exempt from taxation, and provided further that the occupation tax levied by any county, city or town for any year on persons or corporations, pursuing any profession or business shall not exceed one-half of the tax levied by the State for

the same period of such profession or business."

Section 2. The foregoing amendment to the Constitution of Texas shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election, all voters favoring said amendment shall write, or have printed, on their ballots the words:

"For the Amendment to the Constitution of the State of Texas providing that taxation of real property shall

be equal and uniform; and that all property in this State, other than that owned by municipal corporations, shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation, and that the taxation of all property in any class shall be equal and uniform and providing further that the Legislature may impose poll tax and occupation tax and income tax and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; and exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family; and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that all property in this State, other than that owned by municipal corporations shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation; and that the taxation of all property in any class shall be equal and uniform; and providing further that the Legislature may impose poll tax and occupation tax and income tax, and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family, and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

Will You Let Your Child's Eyes Limp Through Life?

NOTICE the next time you are in a crowd of people just how many of them are wearing glasses.

Why is it that so many eyes are defective? In a great many cases it is because of poor lighting and improper use of the eyes in childhood. If you permit your child to read, to study, or even to play where there is not enough light or where there is blinding glare you are making a mistake that may be disastrous. Take care now to prevent your child's eyes from limping through life.

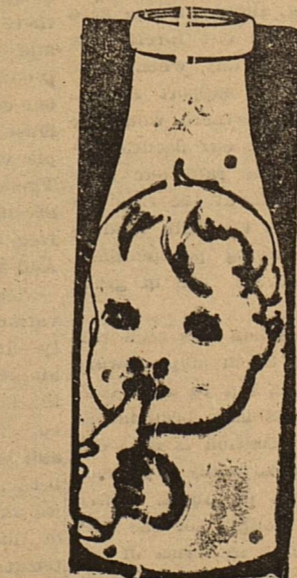

Good light cannot be obtained from bare lamps, or lamps improperly shaded. Use good light to eliminate harsh contrasts—between bright and dark areas.

Enjoy the benefit of plenty of light, for it is inexpensive, and new eyes cannot be bought for any price.

Let your home-lighting specialist tell you how to arrange your lamps, and get the full value of the light you buy. This service is free.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule and adds only a small amount to your total bill.

SENATE JOINT RESOLUTION
NO. 21
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1 of Article 9 of the Constitution of the State of Texas, be amended so as to hereafter read as follows:
"Section 1. The Legislature shall

have the power to create counties for the convenience of the people subject to the following provisions:

First. In the territory of the State exterior to all counties now existing, no new counties shall be created with a less area than nine hundred square miles, in a square form, unless prevented by the preexisting boundary lines. Should the state lines rendered this impracticable in bordered counties, the area may be less. The territory referred to may, at any time, in whole or in part, be divided into counties in advance of population and attached, for judicial and land surveying purposes, to the most convenient organized county or counties.

Second. Within the territory of any county or counties now existing, the Legislature may by a two-thirds vote of both Houses, create new counties, combine existing counties and parts of counties and abolish existing counties and change county boundaries at will, provided that no new county shall be created with an area of less than nine hundred square miles nor shall any existing county be reduced in area so as to contain less than nine hundred square miles, unless such new county or such remaining county, and both shall have a population of not less than fifty thousand according to the last United States census prior to the date of the creation or change of such county. When any part of a county is stricken off and attached to, or

created into another county, the part stricken off shall be holden for and obliged to pay its proportion of all liabilities then existing, of the county from which it was taken, in such manner as may be prescribed by law. Third. No part of any existing county shall be detached from it and attached to another existing county until the proposition for such change shall have been submitted in such a manner as may be provided by law, to a vote of the electors of both counties and shall have received a majority of those voting on the question in each."

Section 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election all voters favoring said proposed amendment shall write or have printed in that ballot the word.

"For the amendment to Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties." Those voters opposing said proposed amendment shall write, or have printed on their ballot the words: "Against the amendment to Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties."

DILLINGER, TOO

John Dillinger is gone. Just another evidence that the Federal government means business in its war on crime. Bonnie, Clyde, John—whose next? Crime costs the American people \$13,000,000 annually—25 cents out of every tax dollar. We can afford to clean up at that rate. And racketeering has horned in on so many American industries that it is impossible to count the actual cost to the American people because we have no way of knowing just how much racketeering affects the price of commodities. No, we don't realize it, but practically everything we buy is taxed in some form or fashion by organized rackets.

RAY HAMILTON SLIPS AGAIN

Ray Hamilton, Texas outstanding outlaw at the present time, is free again. The slick criminal with two comrades was the first ever to escape from the death cell at Huntsville. As evidence of organized crime in Texas, guns had been smuggled to the outlaws, condemned to die for murders and robberies. We must stop crime.

GERMANY HARD HIT

Almost as desperate as during the world war, the German nation is again being forced to ration food, especially fats and oils. We may be in hard circumstances in the United States, but we have lots to be thankful for when we can call our wide-open spaces where people have plenty of breathing space "the land of the free and the home of the brave."

LONGSHOREMEN VOTE TO ARBITRATE

A sign that people haven't gone completely radical and out of control, 12,000 Pacific Longshoremens have voted to let the new labor-capital board arbitrate the troubles which have been the seat of strikes, rioting, and devastation. Through reasoning rather than impulsive moves, many of our troubles can be removed to the satisfaction of the majority of people.

HOUSE JOINT RESOLUTION

No. 42
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 30, Article 16 of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 30. The duration of all offices not fixed by this Constitution shall never exceed two (2) years, except that the elected officials of a city that has adopted and amended its Charter as provided in Section 5, Article XI of the Constitution of Texas may, by amendment to such city's charter, hold office not to exceed four (4) years; provided, that when a Railroad Commission is created by law it shall be composed of three (3) Commissioners who shall be elected by the people at a general election for State officers, and their term of office shall be six (6) years; provided, Railroad Commissioners first elected after this Amendment goes into effect shall hold office as follows: One shall serve two (2) years, and one four (4) years and one six (6) years; their terms to be decided by lot immediately after they shall have qualified. And one Railroad Commissioner shall be elected every two (2) years thereafter. In case of vacancy in said office the Governor of the State shall fill said vacancy by appointment until the next General Election."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State on the next General election to be held on the first Tuesday after the first Monday in November, 1934, at which election all voters favoring such proposed amendment shall write or have printed on their ballot the words, "For the Amendment to the Constitution of the State of Texas permitting home rule cities to amend their charters that the elected officials of such cities may hold office not to exceed four (4) years," and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting home rule cities to amend their charters that the elected officials of such cities may hold office not to exceed four (4) years."

Interpretative Flash

More Air Force

Secretary of War, Dern has set his approval upon a request that the United States increase its air forces, warning that the next war will call for air forces.

We don't want a "next war," but the Secretary of War has good foundations for asking that we be prepared. Peace loving Americans will never force war on any nation, but as long as other nations are armed to the teeth, the American nation is foolish to disarm. A scout motto, "Be Prepared," fits well into this situation. It is a sin for a man to loose trouble, but it is just as much a sin for a man to be unprepared to protect his household. If we are prepared to hold our own against aggression, and other nations know that we are prepared, they are not so likely to cause trouble.

Where a slip means death!

MOST AMAZING PROOF EVER KNOWN OF EXTRA TRACTION AND NON-SKID SAFETY

Up . . . up . . . up . . . to 14,000 feet above sea-level! Skirting yawning chasms, tearing around 181 treacherous turns at breath-taking speeds, daredevil drivers fight their way up, grinding, pounding, swaying! In the annual Pike's Peak Race, where a slip means death, Firestone High Speed Tires were on the winning car. Surely this is the most amazing proof ever known of Extra Traction—Non-Skid Safety—and Dependability.

The new Firestone High Speed Tires for 1934 have the toughest, longest wearing tread Firestone has ever made. They have a wider tread of flatter contour, deeper non-skid, more and tougher rubber, giving you more than 50% longer non-skid mileage.

Every cotton fiber inside every cord is soaked and coated with Extra Rubber—eight additional pounds absorbed by every 100 pounds of cotton cords. This is Gum-Dipping, the Firestone patented process that provides extra Blowout Protection.

50% LONGER NON-SKID MILEAGE

Remember — with every Firestone Tire you get the Triple Guarantee

- for Unequaled Performance Records
- for Life Against All Defects
- for 12 Months Against All Road Hazards* (*Six Months in Commercial Service)

HEAT CLAIMS ITS TOLL

Heat has claimed more than 400 lives in the United States within the last ten days and little relief has yet been afforded. Most of the deaths have been in the midwest though more than a hundred people in the southwest have died from heat. Another good point for the wide-open spaces of West Texas where it gets hotter and dryer than any place on earth but very few people die from heat.

AT IT AGAIN

Europe is in the throes of another war—a war which may involve the entire world again as in 1914-18. This time the trouble is more complicated. Instead of nation against nation, the trouble exists between forms of government. In Austria the Nazi and Fascist governments are in civil strife Germany is backing the Nazi and Italy the Fascists. Yugoslavia is also involved in the conflict and other interested countries of Europe are awaiting their chances to step into the strife.

If the United States is wise—if she remembers the lesson learned in 1917-18—if she remembers defaulted war debts, she will stay completely out of the present conflict both financially, materially, and morally. No American Eagles, no American boys, and no American support will leave Europe to solve her own problems—problems which we would be willing to help solve if Europe were willing to listen to reason and arbitration rather than desiring to listen to the rattle and roar of guns.

Die on the battlefield, Europe! That is your tradition—your one desire. Such death was not designed for Americans: we're bigger men than that. To die for one's country is noble; but to live for one's country is more noble. War has never advanced civilization except in rare cases; the lives of men dedicated to service is the mainstay of progress of civilization. Fight with guns if you will, but the man who fights with his brain for more noble ends is the braver, better, more courageous man.

CAMPAIGN PROPAGANDA

No less than 4,007,615,420 lies have been told to voters of the state of Texas in the present struggle for office; and at the present time, there is nothing we can do about it.

Now here's the solution we have to offer. Let's pass (or have passed) a law (just one more won't hurt any) which will automatically impeach any candidate—elect who does not fulfill his roster of campaign promises. Even proving that he has done his best to carry out his program as promised does not entirely excuse a candidate for failure to fulfill his promises. One running for a public office should not make rash promises; and if one is elected and fails to carry out one's promised action, it develops that one was elected under false pretenses.

And after all is said and done, we still believe that anyone can accomplish what he sets out to do if he is interested in his job as much as he is interested in his salary. Work is simple and only requirement.

As voters of this state we ought to make it so hot for a candidate-elect who does not stick to his "little campaign speech" that he will be forced to seek refuge.

Mr. and Mrs. M. O. Shafer and children of San Angelo were guests of Mr. and Mrs. H. H. Hooker and family last week for the Rodeo.

SUCCESS EDITOR AND PARTY VISITING WORLD'S FAIR

John Copeland, editor of the Success is spending the week in Chicago visiting the World's Fair. He was accompanied to Chicago by Mr. and Mrs. George R. Broad of Brownwood and Miss Ernestine Hendrick of Rogers. Mrs. Broad is the editor's sister. The editor stated before leaving Eldorado last Friday that he would bring back some interesting facts on the Fair.

MACS MESSAGES

Editor Jim White of the Brownwood Bulletin should go find a hole, somewhere, jump in, then pull the hole in on top of him. Editor White attempted to tell the people of Brown County that Carl Runge was their best bet for Congress. He turned "thumbs down" on a man C. L. South who was giving the people of Brown County a service that they were proud of. How did the people of Brown County respond? They gave C. L. South a lead of nearly two thousand votes. The few in Brown county who voted for Runge evidently were not readers of White's childish chatter.

Really don't know what caused Editor White to turn his back to his neighbor and try to induce the good people of Brownwood to do likewise. I wish I did know tho'. Was he loyal to his friends? The people of Brown County took to that "sweet aroma of righteousness," as they would the odor of garlic.

Far be it from me to tell my friends how to vote, and I hope the time never comes when I ask my neighbors and friends to forsake a duty and obligation. Let us hope that Editor White repents and makes amends for this gross injustice to his fellow men.

SENATE JOINT RESOLUTION

NO. 2

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas, Article 16, be amended by adding thereto another Section, Section 61, which shall read as follows:

"Section 61. All district officers in the State and all county officers in counties having a population of twenty thousand (20,000), or more, according to the then last preceding Federal census, shall hereafter be compensated on a salary basis. In all counties of this State the Commissioners' Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis; and in counties having a population of less than twenty thousand (20,000) according to the last preceding Federal census, the Commissioners' Court shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis. All fees earned by district, county or precinct officers shall be paid into the County Treasury where earned, for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where pauper's oath is filed, shall be paid to the County Treasury, when collected, and provided that where any officer is compensated wholly on a fee basis, such fees may be retained by such officer, or paid into the Treasury of the county as the Commissioners' Court may direct. All Notaries Public, County Surveyors and Public Weighers shall continue to be compensated on a fee basis."

Section 2. The foregoing Constitutional amendment shall be submitted to vote of the qualified voters of this State and the next general election to be held on Tuesday, after the first Monday in November, A. D. 1934, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more, and authorizing the Commissioners' Court to determine whether County officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioner's Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

"Against the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether county officers and precinct officers shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court to determine whether precinct officers shall be compensated on a fee or a salary basis."

Court to determine whether county officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

HOUSE JOINT RESOLUTION

NO. 14

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That there be added to Article IX of the Constitution of the State of Texas a new section to be numbered Section 2-A and to have five (5) lettered subdivisions and which section shall read as follows: "Section 2-A.

"(a) General management and control of the affairs of the County shall hereafter be vested in the Commissioners' Court, provided that in the exercise of powers not specifically granted to the Commissioners' Court by the Constitution and Amendments thereto, the Court shall be subject to the authority of the Legislature of the State and the court shall also be subject to all general laws of the State now in force not in conflict with the provisions of this Amendment until such laws are modified or repealed.

"(b) All duties heretofore performed by the Clerk of the District Court and the County Clerk shall hereafter be performed by an officer to be known as Record Clerk; all duties heretofore performed by the County Tax Assessor and the County Tax Collector shall hereafter be performed by one officer known as Tax Clerk; and in the counties where the sheriff performs the duties of the Tax Collector he may hereafter perform the duties of the Tax Clerk. The Record Clerk and the Tax Clerk shall be elected to hold office for a term of two (2) years and until their successors shall be elected and qualified. The Commissioners' Court shall have authority to combine the office of County Treasurer and the office of County Surveyor, or to combine either, or both, of said offices with any county office. Within the maximum and minimum limits prescribed by the Legislature the Commissioners' Court shall have authority to fix the compensation of all county and precinct officers except County Auditor, County Judge and County Commissioners. The Legislature shall fix the compensation of District Judges, District Attorneys,

County Judges and the County Commissioners and may provide for a County auditor and prescribe his duties and fix his compensation and the number and compensation of his assistants. The Commissioners' Court shall fix the compensation of and determine the number of deputies, assistants and clerical personnel of all precinct officers and county officers except the county auditor.

"(c) City and county officers and employees may, in addition to their duties as such city and county officers or employees, be required to perform such other similar duties for cities, towns and districts within the county, or for the county, as may be mutually agreed upon and contracted for between the Commissioners' Court of said county and the governing board, or boards, of such cities, towns and districts; and the cost of such service shall be provided for in said contracts and paid by such county, cities, towns or districts into the Treasury of the county or city, town or district, as provided for in said contract. All such contracts shall be approved by the Attorney General of this State and such contracts shall not cover a period longer than two (2) years.

"(d) The Legislature shall have authority, by general law, to provide for complete forms of county government and organizations different from that provided for in this Constitution to become effective in any county when submitted in such manner as may be prescribed by the Legislature to the qualified voters of such county in an election held for such purpose and approved by a majority of the qualified voters vote in said election. Provided, however, that no such law shall impair the of the Commissioners' Court to determine the compensation of county and precinct officers other than the County Auditor, to fix the number of assistants, deputies, and clerical personnel which said officers may employ; nor shall such general law change the present constitutional limitations as to particular and total levies for any or all county purposes; nor shall such general law change the present constitutional limitations on counties to incur public debts.

"(e) In any and all cases where provisions of the Constitution of this State or in conflict with the provisions of this Amendment the provision of this Amendment (Section 2-A, Article IX) shall control; provided, however, should any county adopt a Home Rule Charter under authority of any provisions of the State Constitution or Amendment thereto, this Amendment shall not be applicable to such county."

"(f) The foregoing Constitutional Amendment shall be submitted to the electors of this State, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1934, at which election each ballot shall have printed thereon the words: "For the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners' Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government and different than as now provided by law."

"Against the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners' Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government, and different than as now provided by law."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

NO. 41

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5, of Article XI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 5. Cities having more than five thousand (5000) inhabitants may, by a majority vote of the qualified voters of said city, at an election held

for that purpose, adopt or amend their charters, subject to such limitations as may be prescribed by the Legislature, and providing that no charter or any ordinance passed under said charter shall contain any provision inconsistent with the Constitution of the State, or of the general laws enacted by the Legislature of this State; said cities may levy, assess and collect such taxes as may be authorized by law or by their charters; but no tax for any purpose shall ever be lawful for any year, which shall exceed two and one-half percent (2½%) of the taxable property of such city, and no debt shall ever be created by any city, unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and creating a sinking fund for at least two per cent (2%) thereon; provided further, that no city charter shall be altered, amended or repealed oftener than every twelve (12) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election, to be held on the first Tuesday after the first Monday in November, 1934; at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months;" and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months."

NO GOOD REASON FOR PESSIMISM

F. M. Law, President American Bankers Association, Sees Improving Conditions and a Changing Future

WASHINGTON, D. C.—There is no good reason for pessimism today, for though the "depression is not by any means over we are coming out of it," F. M. Law, President of the American Bankers Association told the American Institute of Banking convention here recently.

"Banking is a necessary business and will endure," Mr. Law said. "In order to endure, it must be the right sort of banking, under the right sort of management."

"The American Institute of Banking commands and is entitled to great respect because its major objective is to teach and promote the right kind of banking. One of the chief reasons for my faith in the future of banking is that this organization has 219 active chapters, with over 50,000 members, and with 33,000 students enrolled, and it is doing a good job in teaching these thousands of bank employees what good banking is, and what it is not."

Business Men Should Recognize New Conditions

Business men everywhere, and especially bankers, he said, will do well to recognize and to understand the many changes that are occurring, for "it is fatal to be obsessed with the belief that any and all change from the existing order is heresy."

Banking is a serious business, he said and "I know not one single man or woman who has made a success of it who has not been over a long period of years a hard worker." He added:

"Take for your motto the old German phrase 'Ich Dien.' (I serve). Meaning what? Serve your depositors, your stockholders and society."

"Let no man tell you that private initiative is dead. On the contrary, it commands a greater premium today than ever before. If you and others like you have courage enough, if you possess patience, if you have a passion for hard work, and if, with an open mind, you look to and prepare for the future and the opportunities which are sure to come, you cannot be denied. Your generation will add prestige to the honorable calling that we know as banking."

Banks Repay R. F. C. Loans

Banks and trust companies on May 31 had repaid 61 per cent, or \$967,959,623.08 of the \$1,581,357,085.08 in cash which they had received from the Reconstruction Finance Corporation since its establishment on February 2, 1932.

FEDERAL RESERVE BOARD FINDS BANKING BETTER

WASHINGTON, D. C.—A review by the Federal Reserve Board indicates that the condition of operating banks, particularly in country districts, has improved in recent months, as shown by the fact that these banks have been able to reduce their indebtedness to the reserve banks, to the Reconstruction Finance Corporation and to others.

The July bulletin of the board in discussing these findings says:

"At the same time progress has been made in making available to depositors funds that had been tied up in closed banks.

"Banks in financial centres have been out of debt to the Federal Reserve Banks for a long time and in addition have had a large volume of excess reserves. At the beginning of the year there were still many small banks throughout the country, however, that carried a considerable load of indebtedness.

"Country Banks Reflect Improvement
The liquidation of indebtedness by these banks reflects in part improvement in business condition and the consequent ability of customers to repay bank loans which long had been frozen. It constitutes a strengthening of the banking position."

The board pointed out that the reduction of member bank indebtedness has been continuous since the beginning of 1932 except for a brief period during the banking crisis in the Spring of 1933. The review continued:

"In 1932 liquidation of indebtedness of member banks to the reserve banks was accompanied by an increase of their borrowings from the Reconstruction Finance Corporation. In the past year and a half, however, indebtedness of member banks to the Reconstruction Finance Corporation has also been reduced."

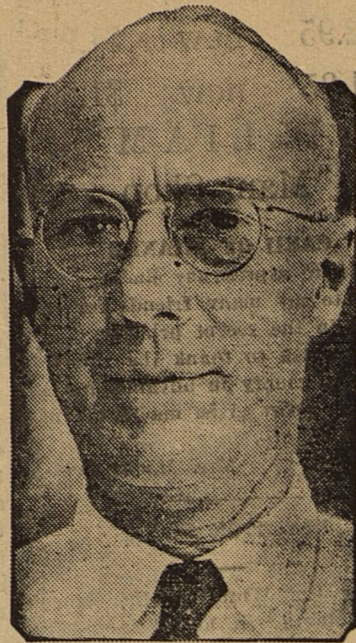

SEES TURNING POINT IN BANKING HISTORY

NEW YORK. — The American Bankers Association Journal in its July issue presents the following review of banking and business conditions:

"It is an almost universal opinion among bankers that June has been the turning point in banking history in the matter of recovery. Reasons for the optimism are twofold—the condition of the banks and the prospects of better banking business.

"The reorganization of the banking system after the holiday of sixteen months ago is now practically complete. The comparatively few banks yet to be reorganized and reopened are no longer a serious factor in the situation. The year's preparatory period for the enforcement of major provisions of the Banking Act of 1933 has passed, and banks now have a definite idea of where they stand."

HEAD OF A BIG JOB

R. M. Priest is chief engineer for the United States government on the All-American canal project, for which bids were opened at Yuma, Ariz. The \$38,000,000 irrigation and water power project, which is expected to turn Imperial valley into a modern "Garden of Eden," will be under construction soon.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16, Article VII of the Constitution of the State of Texas be amended so as to hereinafter read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to the taxation for county and school district purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon the values fixed by the State Tax Board and that the values fixed for school district purposes shall not exceed the values fixed for county purposes on the same land; and provided that the University of Texas from the University Available Fund, shall remit annually to each of the counties and school districts in which said lands are located an amount equal to the tax imposed upon said land for county and school district purposes."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas subjecting the lands of the University of Texas to taxation for county and school district purposes, and providing for the payment of said taxes to the proper authorities of the counties and school districts where said lands are located."

BANKERS SUPPORT SOUND EXPANSION

By R. S. HECHT
Vice President, American Bankers Association

BANKERS universally recognize that the prime economic need of the nation is the stimulation of sound industrial and commercial activities and recent travels over a wide stretch of the country have shown me that they everywhere are making all effort possible to lend constructive financial support within the scope of their proper banking functions to promoting the expansion of business activity.

Frequently in times past when our country suffered from an economic depression and consequent unemployment on a large scale, the rise of some broad new industrial development, such for instance as a new industry like the automobile industry, has been a powerful factor in stimulating a return or an accelerated growth of national prosperity. Such a movement means the creation of new wealth, the employment of large groups of people on useful lines and as a consequence the production and distribution of sound, effective purchasing power, which is a form of wholesome economic stimulant that has none of the evils of monetary inflation.

A New Force for Business Improvement
Perhaps we have at hand, if not the rising of a wholly new industry, a measurable equivalent in the potentialities of a widespread rebuilding and modernizing movement such as home renovating, plant remodeling, the putting of our railroads on a high speed air conditioned basis and other valuable developments in the construction field. The effects of such activities on employment and many lines of business would be most beneficial and I can repeat without reservation that we bankers are willing and eager to play our full economic part in any such constructive developments.

It has been made to appear that money has not gone to work because of the timidity of bankers rather than what is a true explanation, because business men have not had enough confidence in the business outlook to borrow the dollar from the banker and put it to work.

The basic requisite to the expansion of commercial bank loans is sound, normal business conditions on which to conduct sound, normal banking operations. The best business a bank can wish for is the opportunity to loan money to successful business men and manufacturers imbued with confidence to enter upon aggressive business enterprises and endowed with the ability to bring them to successful conclusions. Such loans mean business activity for the community, growing pay rolls and prosperity, and the banker wants to make them because to be identified with such activities not only means profit to him but, additionally, brings him the reward of good will in his community.

There is no better proof of the great desire of banks to take care of the short term requirements of the business world than to point out the abnormally low rates at which this demand is being supplied at the present time.

BANK DEPOSITS WERE SAFEST INVESTMENTS

High Government Official Says No Investments Except U. S. Bonds Suffered as Little Loss as Deposits in Closed Banks

WASHINGTON, D. C.—No form of investments except Government bonds suffered as little loss as deposits in closed banks during the years 1931-32-33, Jesse H. Jones, Chairman of the Reconstruction Finance Corporation, declared in a recent address.

"A point generally overlooked in connection with bank failures in this period, is that upon the whole, depositors in closed banks will get a somewhat larger percentage than has been true in bank failures over a period of say twenty-five years," Mr. Jones said. "Heretofore they have gotten about 58%, but in these wholesale bank closings, my estimate is that they will, upon the average, get about 65% of their deposits."

"Another point worthy of mention is that a depositor in a closed bank loses only a part of his deposit, while the bank stockholder loses all, plus a stock assessment."

"No form of investment, except Government bonds, has suffered as little loss as deposits in closed banks, and while I appreciate that there is little consolation in this fact, those who had their savings invested in stocks, bonds, mortgages, real estate, industrial investments, or in businesses of any kind, have had losses very much greater, and in a much larger percentage, than have depositors in closed banks."

"It is for these reasons, and others not necessary here to enumerate, that it is not possible to justify paying depositors in closed banks with the taxpayers' money."

CARD OF THANKS
We wish to thank our many friends and neighbors who were so kind to aid and comfort us in our recent sorrow.

CODE COMPLIANCE IN TEXAS GROWS

HOUSTON, Texas Aug. 2.—1282 employees of 353 large and small Texas concerns have been paid \$29,333.16 restitution of wages since the establishment of NRA Offices in this State, according to announcement today by H. P. Drought, NRA State Director Texas. This does not include some \$11,000 of restitutions effected by Compliance Boards which raises the grand total of restitutions to more than \$41,000 in Texas.

"3735 complaints, alleging violations of the provisions of permanent codes for industries and trades have been filed with these offices since they were opened," Mr. Drought said. "In the course of adjusting these complaints, it was found in 353 cases that wages less than the minimum prescribed by codes involved had been paid. As a condition precedent to their adjustment, restitution to employees of the difference between what they had received, and should have received under the code applicable, was required. Aside from the direct benefit to the employees involved, it is also beneficial to competitors who have been complying with their codes, and were therefore, at a disadvantage; and to merchants in other lines, with whom these employees trade."

"By no means do these represent the only cases where employees are due restitution," Drought continued. "Our offices are busily engaged upon other complaints and more restitution will be made. During the two weeks period ending July 21, \$5, 083.28 was paid to Texas workers in this manner. "Industries are more and more taking advantage of the opportunity to become self-governing, as provided in codes of fair competition, and 439 complaints have been referred to Code Authorities for adjustment. This is a healthy sign, and in keeping with the principles of NRA. We expect more rapid development along these lines as industries and trades become better organized."

The Houston District Office has been responsible for the restitution of \$21,268.72 in back wages, according to Ernest L. Tutt, Executive Assistant to the State Director, in charge. This sum was paid to 927 employees by 268 firms in this district, Tutt stated. "Complaints received by this office from both employees and employers, as well as from members of the public," Tutt said, "clearly indicate a desire that codes be enforced and that these new rules for business be adhered to. The elimination of sweat shop wages and hours, child labor, misleading advertising, savage price wars, etc., is certainly meeting with a growing, general acceptance."

CARD OF THANKS
To you our neighbors and friends, we want to say, when the Death Angel comes to call a loved one from your home, may you find friends as tried and true as you have been to us in our dark hour.

For every token of love whether spoken with flowers, words or deeds, we thank you. May God keep you always.

Emergency Crop Loans Now Available

DALLAS, Texas, July 26.—Farmers seeking emergency crop loans for general purposes may now place their application for such loans with county loan committees which functioned during the spring of 1934 in all of the drought stricken counties of Texas, New Mexico and Arizona, Charles W. Sherrill, Regional Manager of the Emergency crop and Feed Loan Office of the Farm Credit Administration at Dallas announced today. Crop loans were discontinued May 31 but the period for recovering applications has been reopened in response to demands from drought stricken sections of the Southwest region, Mr. Sherrill said.

The loan area covers primary and secondary drought counties in the three states. The same regulations which governed spring crop loans will apply. Crop loans are limited to \$250.00 to one individual for general purposes, and \$400.00 for summer fallowing or for the combined purposes of summer fallowing and the purchase of seed for winter wheat, winter rye or barley. Loans may not exceed certain maximum allowances per acre in connection with grain, truck and miscellaneous crops.

Outside the drought stricken areas loans may be made for summer fallowing or for the combined purpose of summer fallowing and the purchase of seed for winter wheat, winter rye or barley, but a loan may not exceed the sum of \$250.00 to one individual. The reopening of the emergency crop loan facilities will not interfere with the making of feed and forage loans in the emergency drought areas from the recently appropriated \$525,000,000 fund. The crop loans, including loans for feed for livestock in secondary areas, are being made from the \$40,000,000 fund appropriated in the Act of Congress approved February 23, 1934; whereas the loans for livestock feed and forage production in the emergency areas are being made from a part of the recently appropriated \$525,000,000 drought relief fund.

If an applicant already has obtained an emergency crop loan during the year 1934, his new crop loan plus the principal amount of the old crop loan must not exceed the \$250.00 limit for general purposes, or the \$400.00 limit for the purpose of summer fallowing. Loans will be made only to applicants who do not have other available sources of credit, and any farmer applying for a crop loan in excess of \$150.00 must submit written evidence from a production credit association that his application for a loan of approximately the same amount has been rejected. The crop loans will be secured by liens on the crops financed, and loans for feed for livestock from the \$40,000,000 fund in secondary areas will be secured by mortgages on the livestock.

Loan committees established in the spring will receive the applications which are given consideration by the committee and Government Field Supervisors and forwarded to the Emergency Feed and Seed Loan Office at Dallas.

Supplies are in the hands of the committees in county seat towns and farmers who cannot obtain credit elsewhere are eligible to apply for aid to plant fall cash crops.

CONALLY THANKS SUPPORTERS

July 30, 1934.

To my Friends and Supporters: It will be impossible for me to see personally and extend direct thanks to all of my friends and supporters for their loyalty and support in the campaign which has just come to an end.

Because of the limited time between the adjournment of Congress and the date of the primary it was impossible for me to visit all counties in the state and to meet my friends and supporters. Allow me to take this means of thanking the Democracy of Texas for re-nominating me to a second term in the United States Senate.

To those friends and supporters who actively worked for me I want to express a very deep and keen sense of thanks and gratitude. It shall be my earnest desire to so serve the people of Texas during the next six years as to justify the confidence and regard of all who gave my candidacy their support.

Tom Connally.

Mr. Lewis Sheen, from Clovis, N. M. is visiting friends and relatives in Eldorado and San Angelo. Mr. Sheen has been in the hospital in Clovis, N. M., with a broken leg, however he is doing as well as could be expected now.

Mrs. J. H. Jarvis of Iraan was a visitor in Eldorado last week end attending the Rodeo and remaining for a few days visit with friends.

WORDS OF APPRECIATION

I wish to express my deepest appreciation to those who supported me in the recent primary. Your loyalty has engraved a picture on my heart that I will cherish always for it represents true friendship. I made a clean race and tried to see every voter; I have no ill feeling towards one who did not vote for me.

Sincerely,
Mrs. Ellen E. Cloud.

Rev. P. S. Connell, wife and son visited relatives and friends near Artesia the first of this week. Mr. Connell had business at Artesia and had the trip both for business and pleasure, returning Wednesday and report an enjoyable outing.

Miss Mary Ellen Miller from the University of Texas is visiting her mother Mrs. Cora Miller of Eldorado, this week. Miss Miller has completed her B. S. Degree from the University.

ELECTION STORY

Editor Jim White, of the Brownwood Bulletin, in his "Around the Supper Table," has the following story.

The prize story for irregularity in the conduct of the primary election comes from Victoria, and is so good that it is passed along to the family who may not have read about it. When the ballot boxes for Saturday's primary were distributed in Victoria county, one of them contained an unused supply of ballots remaining after the August 26th state election last year. The election judges did not know any more than ordinary Democrats are supposed to know, and passed out these out-of-date ballots to voters, who seized them eagerly and marked them with zeal.

It was found, when the days work was finished, that the voters of this one precinct had voted in favor of relief bonds, repealed the 18th amendment, exempted homesteads from state taxation and legalized the sale of 3.2 beer. Having done a good day's work, they all went home and to bed in good humor. The theory is that the election judges, not having read the newspapers lately, thought something had happened to the amendments voted on a year ago, and that the whole election had to be repeated.

PROBLEM SOLVING DEVICE INVENTED

AUSTIN, Texas, Aug. 2.—An electrical problem-solving device has been created by members of the University of Texas College of Engineering, according to J. A. Correll, professor of electrical engineering, who is directing the assimilation of the mechanism.

The machine is designed primarily for graph work, logarithms, and differential and integral equations, and therefore is expected to have little value commercially, Professor Correll pointed out. Its service will be in fourth ring the solution of advanced mathematical problems which at present "stump" the research worker.

Credit for the idea back of the machine goes to Dr. J. P. Woods, formerly research assistant in the University Bureau of Engineering Research, who is now engaged in research work for the Shell Petroleum Company at Houston.

TEXAS CENTENNIAL NEWS

CORSICANA, Texas, Aug. 2.—Federal co-operation without stint in the staging of the great Texas Centennial celebration of 1936 may be regarded as a certainty if United States Senator Tom Connally's views are adopted by both Houses of Congress and approved by President Roosevelt.

Senator Connally is chairman of a joint committee of the National House and Senate which will visit Texas this fall to determine the degree and nature of Federal participation in the big Texas event.

Another member of the joint committee is Representative Fritz G. Lanham of the Fort Worth district.

"I am convinced that the Federal government has a definite part, and a part that it should accept, in the Texas Centennial of 1936," Senator Connally said.

"The romantic history of this State is very closely linked with the march of the American flag from the Alleghenies to the Pacific. Of greater importance to the Union was the annexation of Texas than even the Louisiana Purchase, because it opened the way for the quick acquisition of territory all the way westward to the Pacific."

"Again recent arrivals from the United States won the Texas victory at San Jacinto. They created the provisional government and wrote the Declaration of Independence at Old Washington. The entire history of Texas from the days of the colonists is so closely interwoven with the history and destiny of the Federal Union that there can be no separation of the two."

"The Texas Centennial is the greatest step forward yet undertaken by an American State. It at once pays honor and reverence to the fathers and mothers who established a great civilization here, and looks forward to the further development of this mighty empire. Its vision is so far-fetched, its plans so comprehensive, and the determination of its hardworking Commission so marked, that a description cannot be given in the English language."

FACTS OBTAINED BY THE ATCHISON TOPEKA & SANTA FE RAILWAY CO., AGRICULTURAL DEVELOPMENT ON TEXAS.

Extremely hot and dry weather over practically the entire state of Texas during July was such that crops made far below seasonal growth. In many sections the extended drought already has caused considerable damage, and shortage of moisture in many other sections is becoming acute.

Cotton is in its most critical stage of development and progress generally is poor to slow with many sections reporting complete loss of plants. Many plants, stunted, are shedding heavily, and small plants are blooming at the top. The general outlook is unfavorable. Insects are numerous, but due to hot, dry weather little damage has been done. Indicated yield is considerably under that of last year, the reduction amounting to about 25 percent. Picking has started in the southern half of the state and will become general by mid-August.

Rice production is expected to be about normal despite a reduction in acreage. Eastern coastal areas are about two weeks late but the crop is in excellent condition. Western coastal areas were beginning to suffer due to lack of irrigation water, but this condition was overcome by diversion of Brownwood Lake water a distance of about 600 miles.

Wheat harvest is over, the yield being around 20,000,000 bushels, twice last year's yield, compared with the five-year average of 39,000,000 bushels. Stubble land plowing for fall wheat planting is well along.

Prospects are for a normal turkey crop.

Such far feed and water have been ample, but rains are badly needed to replenish diminishing feed supply. Cattle are showing effects of insufficient feed and water, and shrinkage is becoming rapid. Ranges are in poor to fair condition, and stockwater shortage is becoming acute.
