SOCIETY

SELF CULTURE CLUB HAVE PROGRAM ON SOUTHERN WOMEN

The Women of the South and of Texas was the subject of the program at the meeting of the Self Culture Club April 11, at the home of Mrs. Jim West.

At the business session, the club voted to sponsor a Girl Scout movement for the young girls of this community. It was also decided to have an Easter egg hunt for the Mexican and colored children of the town. The hunt is to be held Thursday April 18.

Miss John Alexander, as leader, gave a discussion on comparison of wages, hours, and conditions of work of women in Southern states with those in North and Middle West. Mrs. Geo. Williams discussed the woman farm laborer in Texas, and Mrs. L. M. Hoover gave a paper on extent of industrial work of women.

The roll call was answered with the name of an outstanding southern woman.

Refreshments were served to Mrs. Hoover, Mrs. Geo. Williams, Mrs. Jim Williams, Mrs. J. E. Hill, Mrs. Dollie Edmiston, Mrs. Palmer West, Mrs. J. L. Neill, Mrs. Joab Campbell, Mrs. Bill McSwain, Mrs. O. E. Conner, Mrs. Kenneth Cheek, Mrs. Reuben Dickens, Miss Pauline West, Miss Alexander, members, and Mrs. C. C. West, a guest.

WEDNESDAY CONTRACT CLUB ENTERTAINED

The Wednesday Contract Bridge Club members and a number of guests were entertained on Wednesday afternoon in the home of Mrs. Ed Reynolds.

The Easter spirit prevailed through the afternoon. A salad and ice cream bunnies with yellow cake were served to twelve club members and Mrs. V. G. Tisdale, Mrs. W. O. Alexander, Mrs. Cora Miller and Miss Agnes Rae, guests.

The high score for club members went to Mrs. R. D. Holt, and Mrs. V. G. Tisdale won the high guest favor.

YOUNG WOMAN'S MISSIONARY SOCIETY

The Young Woman's Missionary Society met Monday with Mrs. Clarence Alfrey, with eight members present.

After a short business session Mrs. Elizabeth Hefley gave an interesting talk on the problems of the Japanese, Chinese, Filipinos and Hawaiians, and what the church can do to help these people.

Those present were Mesdames Fred Mathews, Frank Stamford, P. S. Connell, S. D. Harper, Jr., Elizabeth Hefley, Ruby Hext, Fred Bruton and Clarence Alfrey.

BAPTIST W. M. S.

The Baptist Missionary Society, Truette Circle No. 3, met on April 15 in the home of Mrs. Ray Jones. Mrs. W. N. Ramsey was in charge of the study which covered the ninth thru twelfth chapters of Matthew.

The next meeting will be held on May 6, in the home of Mrs. L. T. Wilson. All members of the circle are urged to attend.

—Reporter.

GEODETIC SURVEY PARTY FINISHES WORK IN COUNTY

Survey Tower on Court House Lawn Is Cause Of Much Conjecture

It wasn't a mooring mast for a Zeppelin. It wasn't a machine-gun platform for use in the anti-aircraft service. It wasn't an observation tower for the army. It wasn't any sort of gadget to determine the thickness of the dust cloud, or to charge the atmosphere in the hope of producing rain.

We heard all these surmises, and others, regarding the tall steel tower which was erected on the court house lawn last week. All were wrong, for the structure was a triangulation tower of the U. S. Coast and Geodetic Survey, and was part of a system being used for an accurate survey of the entire country.

The party working this section was camped at Christoval, and was under direct command of Ensign Raymond H. Tryon, Jr. (See No. 1, Last Page)

Veribest Downs Locals In Game Last Sunday

Last Sunday's game with Veribest was one of the occasions when the Eldorado boys mislaid their famous batting eye. They allowed themselves to be out-hit and outpitched by their opponents, and took the small end of a 10-3 score.

Station A comes here Saturday afternoon for a game, the fun to start at four o'clock. The game is scheduled as a seven-inning affair, and will be a ladies' day, the fair fans being admitted free.

Another game is on the cards for the local diamond on Sunday afternoon, when the boys from Miles come down for a contest. This game will begin at three o'clock.

Local fans are urged to turn out in force for both games. The boys promise a good brand of baseball, and deserve the support of Eldorado citizens.

Musicians of School Announce Concert

On Friday evening, April 26, at eight o'clock, a concert will be given at the high school auditorium by the choral club and the glee club of the Eldorado high school.

SCHLEICHER COUNTY FOLKS YOU KNOW

Everybody in Eldorado knows Charlie Buie, the big, genial meat cutter at the Self Serve Grocery. Charlie always has a smile and a cheerful word for everybody, and is a fine example of the home town boy who believes that the old home town is a mighty good place to stay, to help it grow and to grow with it.

Charlie Buie is the son of Mrs. Viola Buie. He is 26 years of age, and has been a meat cutter for the past five years, having learned the trade in Eldorado. He is a graduate of the Eldorado schools, was a valuable member of the high school football team of 1925 and 1926.

In line with his characteristics as a lover of his home town, Charlie last year chose an Eldorado girl, Miss Aurora Willis, for his bride, and the couple are mak-

M. F. Laird Purchases West Texas Service Station This Week

Among the business deals announced in Eldorado this week is the purchase of the West Texas Service Station by M. F. Laird.

Mr. Laird has been in the garage business in Eldorado more than three years having come here from Oklahoma. He states that his business has been good from the first, and has been steadily increasing to such an extent that more convenient quarters are now necessary.

As a means of showing his appreciation for past patronage, and at the same time to select a popular and appropriate name for his new location, Mr. Laird is giving the public a chance to supply the name for the business, and is offering an attractive prize for the name selected. Details of the offer are as follows:

Each person who wishes to enter the contest is asked to write on an envelope the name which he considers most appropriate. The name of the person making the suggestion is to be written on a slip of paper and enclosed in the envelope, which is to be sealed and left at the office of The Eldorado Success. Mr. Laird will select a name from among those suggested, and then will open the envelope and announce the name of the winner.

The prize offered consists of five gallons of gasoline and a change of oil. All who wish to enter the contest are urged to submit suggestions within the next few days.

Home Demonstrator Gives Garden Hints

"Chinese cabbage requires a rich soil, abundance of water and cool weather, for its proper development," says Miss Ruth Baker, co-operator in the Eldorado home demonstration club.

Miss Baker has Chinese cabbage now growing in her garden. when planted quite early in the spring or in late fall in this country. She plants it in rows just as she does other greens, but thins the plants to approximately 12 inches apart where head formation is desired.

H. E. GIRLS HOLD OPEN HOUSE AND SHOP

The home economics girls of the high school held open house on Friday, April 12. Visitors who desired to do so presented gifts to be used in the department.

Members of the class conducted the guests thru the kitchen and pantry, explaining the uses of the cabinets and drawers.

COUNTY LIBRARY TO OPEN SATURDAY IN COURT HOUSE

75 Volumes Available To Public; Donations Of Books Requested

An institution which will fill a decided need in Schleicher county will come into being this week-end, when the county library will be opened in its permanent quarters in the office of the Commissioners' Court in the court house.

The library will open at one o'clock Saturday afternoon, with 75 volumes on its shelves. Many of these books have been donated by local citizens, and the committee in charge will be glad to receive any further donations of books from anyone who wishes to aid the work of the library in this way.

The library has been sponsored by the Federated Women's Clubs of Eldorado, assisted by the county commissioners. More books have already been purchased and will be placed on the shelves immediately upon arrival.

Library hours will be from one to five o'clock on Wednesday and Saturday afternoon of each week. Books will be issued to residents of Schleicher county, or to visitors in the county who are recommended by local residents.

Following is a list of donors who have presented books to the library. (See No. 3, Last Page)

Local Fishermen Build Road to Get Fish Home

It's one of the unfortunate features of the sport of fishing, that there must always be a certain amount of labor connected therewith. However, it isn't every day that the labor takes the form of building a road to the chosen fishing spot, and then later having to improve the road in order to get out with the fish. However, that was the experience of a local party last week.

The party was composed of L. T. Wilson and son, Louis, Jr., Mr. Harris and Joe Chitty. Their objective was a certain spot on Devil's River, and to reach it they had to go down a narrow and rough canyon. They state that they lost the hub caps off the car by scraping against the rocks, and that it was necessary to move obstructions out of the way, and to fill deep holes with rocks, before they could proceed at all.

The trip seems to have been worth the trouble, tho, for they report such a heavy catch of fish that it was necessary to improve their road before they could return over it with the added load.

Anyway, they went, and had a good time, and really got back with the fish, which last is more than lots of fishing parties do.

Students Spending Holidays at Home

Jack and Grace Ratliff, who are students in Simmons University at Abilene, are spending the Easter vacation here with their parents and with other relatives and friends. They were accompanied by Misses Mildred Stalling, Beth Hamm, Myrtle Eugenia Haggard and Hattie Belle Martin, who will be their guests during the holiday.

151 Cotton Farmers Of County Sign Up Contracts for 1935

A total of 151 cotton contracts have been signed up to date in Schleicher county, and have been sent to the State Allotment Board at College Station, for approval for the year 1935.

There were 132 cotton contracts signed in 1934. Out of the 132 contracts that were signed last year there have been 126 signed for this year. The remaining six have not been sent in for approval due to the fact that they are out for the landlord signature, or have been held back for papers to be signed where there has been a change in the legal status of the farm. The remaining six will be completed in the next few days and sent in for approval.

There were 25 new contracts signed for the year 1935. There were 171 men raising cotton in 1934 according to papers signed up for the Bankhead Bill requirements. As there are a total of 151 who have signed contracts for this year, there remain 20 men who have not seen fit to sign contracts. Several of these came in to sign contracts, but found that they were not eligible under the requirements of the government.

Three men from Sutton county have signed contracts. Others came in from Sutton county, but it was found that they were not eligible to sign. These three men bring the total number of contracts up to 154.

Crop Rotation Proves Value in Gardening

Believing that rotation of the crops is necessary for best production, Mrs. Will Montgomery, co-operator in the Adams home demonstration club, has planted strawberries and blackberries on land over the 80 feet of concrete tiling where she had tomatoes last year, and is laying more tiling in a new location for irrigation of this year's crop of tomatoes.

In planting the strawberries and blackberries, furrows were opened nearly to the tiling, and the furrows filled in with drift soil from the creek. Plants were set out about 24 inches apart in holes deep enough for the roots to be spread out fan-shape, and the soil compacted firmly about them.

JOINT HOSTESSES AT EASTER PARTY

Mrs. A. D. Richey and Mrs. W. E. Cooper were joint hostesses with bridge in the home of Mrs. Cooper, on Tuesday afternoon, April 16.

The Easter motif was carried out in appointments, while a color scheme of green, yellow and pink was used.

A salad with sandwiches and iced tea, and a dessert of ice cream and cake, were served to twenty-two guests.

Mrs. Kenneth Garey was presented the high score trophy and Mrs. J. W. Hoover the high cut.

MRS. DeLONG GIVEN BIRTHDAY DINNER

Mrs. S. D. Harper, Jr., and Mrs. Lawrence Stein, daughters of Mrs. D. E. DeLong, surprised their mother with a birthday dinner last Sunday.

The dinner was prepared and carried to the DeLong ranch home. About twenty relatives and friends were present.

CLEAN-UP DRIVE IS 'SPONSORED IN CITY' BY ELDORADO LIONS

April 29 to May 4 Set As Dates for Work; City Will Co-operate

Sponsored by the Eldorado Lions Club, and with the support and co-operation of the City of Eldorado and the Federated Women's Clubs of the city, a clean-up campaign has been organized for the week of April 29 to May 4, inclusive.

The sponsors of the campaign urge every citizen to clean up all rubbish, trash piles, old cans and any like accumulations which may be found upon their premises. All such rubbish should be collected in boxes or sacks, or other containers which may be removed easily, and placed so that they can be reached easily from the street.

The City of Eldorado has donated the use of a truck for the purpose of removing such accumulations, and during the week designated this truck will be at the command of the citizens. It will only be necessary to call the city secretary, and the truck will be sent as soon as possible to collect the rubbish. It should be re-

(See No. 2, Last Page)

Ellis Parts Beat Sta. A Oilers By 7 to 5 Score

The Ellis Parts team downed the Station A Oilers of Sonora last Sunday afternoon by the count of seven to five.

Duke started for Ellis Parts, but after pitching to three men was removed in favor of Breed, who pitched four innings, retiring in favor of Welch. The last named hurler had complete control of the situation for the remainder of the game, striking out nine of the first eleven men who faced him.

White started for the Oilers but was removed in the fourth inning on account of wildness.

The Oilers made only three hits, while their opponents collected a total of eight safe blows, one of them being a circuit drive by Welch.

Station A meets Ballinger in Sonora next Sunday, April 21.

Floyd Williams Dies After a Brief Illness

Floyd Williams, aged 38, died Sunday after a very brief illness, pneumonia being the immediate cause of death.

Mr. Williams was a member of one of the pioneer families of this county, and had been a resident of Eldorado for the past thirty-four years. He is survived by his wife and three-year-old daughter, his parents, two brothers and one sister.

Funeral services were held on Monday afternoon from the First Baptist church, conducted by Rev. J. L. Ratliff. Interment was in the Eldorado cemetery.

POOL HALLS ARE CLOSED

Acting under the terms of an injunction signed on Monday by District Judge John F. Sutton, Sheriff Conner this week issued orders closing all pool halls in Schleicher county. The operation of slot machines was also outlawed under the terms of the injunction.

A Well Greased Car Saves Gas

The careful owner of an automobile knows that proper greasing and lubrication of his car more than pays for itself in savings on gasoline. If you do not think this is so, try it out under actual test and you will soon be convinced.

Cars properly greased and lubricated while you wait, if you find it inconvenient to leave your car. Service rates are very reasonable. Phone 75 if you wish us to call for your car.

**EDITORIAL
CLEAN-UP WEEK**

The movement for a Spring clean-up week in Eldorado, concerning which more information will be found in the news columns of this issue of The Success, is one which should have the support and co-operation of every citizen.

Not that we think the town is so exceptionally dirty; don't get that idea, for nothing is further from our opinion. The benefits of cleaning up are just as much mental and spiritual as they are physical, and it is this phase of the clean-up movement which is of the greatest and most lasting worth to the community.

The mere fact of living in a clean town, and one which keeps clean, is a matter of pride. No inhabitant of the slum districts or "the other side of the tracks" has ever been expected to have pride in his surroundings. The best and neatest town, if neglected, will in time, and a very short time at that, cease to be neat and cease to be a source of pride, if it is neglected.

Read the mayor's proclamation, then look around your own property and see what improvements can be made in the way of cleaning up. Co-operate in this movement, and you will feel a greater pride in your town and in yourself as a citizen.

Many problems face individuals and groups of individuals today. Some of them can be solved satisfactorily with the exercise of ingenuity, tact, and perseverance. Others it is best to leave alone for the time being. The man who can make up his mind quickly into which category any problem falls will soon be solving something.

If you are the sort of person who will compromise with your neighbor over a difference rather than let a minor grievance develop into an open breach, then you have that self-control which among nations would end war.

FOLKS TO DEPEND ON

Tho a person boast of the beauties of his home town when he is away from home, and argue for patriotism until he is black in the face, yet does nothing to make his home town better, then his words are worse than sounding brass and clanging cymbals.

On the other hand, you may not be rich, or clever, or good-looking, yet if you give loyalty to whom loyalty is due all your neighbors will overlook a lot and love you just the same.

Folks who are busy planning ways of being loyal to their own home town don't have time to spread smut, knock the churches, lodges or schools, or speak ill of their relatives.

Lots of folks are loyal, but have their own ways of showing loyalty. Being loyal does not of necessity mean that one must work in church or club or school. A valuable part of home town loyalty right now would include taking part in the program of beautification work which is being pushed in preparation for the Texas Centennial next year.

Loyalty may be expressed by doing all possible business in the home town, so that business and professional people may have a chance to earn more with which to do more for the town.

Loyalty is one of the greatest tests of a citizen. If you stand up for your home town it's a safe bet that your neighbors are your friends and that your town appreciates your efforts.

H. Galt Braxton, Editor of the Kingston (N. C.) Dailey Free Press, says:

"People undoubtedly read newspaper advertising even though, seemingly, they are not always conscious of the fact.

"Ask the average newspaper reader, 'Do you read the advertisements?' and the answer in quite a few cases will be, 'No, I do not.' The fact is, such readers do read and absorb the advertisements much more than they realize. Question them about advertised goods and trade marks and see how much better acquainted they are with goods that are advertised and with firms that advertise than they are with non-advertised goods and non-advertised firms.

"Let a mistake be made in an advertisement—it makes no difference how insignificant it may be or how inconspicuous the ad may appear—see how many people will note and call attention to the error.

"The most unmistakable evidence that newspaper advertising is read, however, is the fact that it produces results. Those concerns which advertise in their local newspaper consistently, regularly and intelligently, year in and year out, find that it pays."

Families of character make up nations of character. It makes a real difference in the world, how you and I and our neighbors live.

The great lesson in life is to learn the value of temperance in all things.

Our own idea is that the nation can afford some inflation, but we are against running wild.

AROUND TOWN

By Walter G. Shields

This column is to be conducted by the newest addition to the staff of The Success, same being the long, tall, sad-looking fellow whom you may have seen chasing up and down Main Street after the editor for the past few days. But don't misunderstand; don't think that we said we were chasing the editor up and down Main Street. That isn't being done by Texas columnists this year.

This effort for this week is just intended as a sort of introduction, to give you some sort of a warning of what you're in for if you persist in reading this column week after week. If you see anything herein at any time that you don't like, remember not to shoot the editor. He's not responsible. Sometimes we have a pretty strong hunch that we're not responsible for what we say, either. Fifteen years of pounding linotype machines tends to make a fellow irresponsible, anyway.

We've been trying for the past three months or more to get to Eldorado, and now having succeeded we are truly glad and feel that our expectations have been fully justified. We've worked on newspapers all up and down the Atlantic coast, and for the past six years in Texas. We've seen quite a bit of this country in that time, and of it all, West Texas suits us the best. And we believe that Eldorado is going to prove to be our favorite part of West Texas. So if you don't want the aforesaid lanky columnist as a permanent pest, you'd better get hostile pretty quick.

The editor has been so kind as to express the opinion that we could help him in the development of The Success. We don't know whether he means it, or whether advancing years have served to dim, in some measure, his accurate judgment. You see, the editor was pretty well and intimately acquainted with this columnist back East some ten years ago, and he really ought to know better.

Seriously, tho (if we can make our Irish humor be serious for as much as a minute at a time) we are delighted to be in Eldorado, and we intend to do our very level best to help to give you folks the best newspaper in West Texas. We know it can be done, and we believe that we'll have your co-operation in the effort.

And with that we'll leave you till next week. We'll probably say something lots worse next time. That's fair warning, we claim.

The time is never coming when you can get something for nothing.

Going to church may not be necessary, but it does put one in pretty good company.

The politician knows that he can't please everybody; what he wants is to please the majority.

A sound mind in a sound body is not the work of chance.

**SAMPLES DAIRY
USING APPROVED
COOLING SYSTEM**

An institution of which Eldorado is justly proud is the dairy operated by R. L. Samples. This dairy has no superior in this section in the matter of modern equipment, and every precaution is taken to insure that all products reach the consumer in perfectly sanitary condition.

Of special interest is the cooling system. The central part of this equipment is a Frigidaire cabinet, through which water is circulated into the bottom of the bottom of the cooling chamber rising to the top and keeping the cans of milk constantly surrounded by a rising flow of chilled water. A can of freshly strained milk put into this cabinet is brought to a temperature of 34 degrees within a period of thirty minutes.

This equipment is the most modern on the market, and was installed by Mr. Samples late last summer, he being the second dairyman in this section of Texas to install the system. All state laws regarding quality of milk are carefully complied with.

Mr. Samples' herd is state and federal accredited and is inspected regularly. The milking barn is fly-proof and of convenient and safe arrangement. Every precaution is taken to insure perfect cleanliness in handling from the time of milking until the bottled milk is delivered to the door of the consumer.

Mr. Samples is planning to add new items to his line of dairy products during the summer. He is making an effort to give the people of Eldorado the very best in his line, and invites anyone who so desires to visit his dairy and watch every step in its operation.

**VOCATIONAL DEPARTMENT
ANNOUNCES ITS PROGRAM**

As a result of the widespread interest in vocational agriculture work aroused by the winnings of the Eldorado class this spring, it is hoped that next year the department of the local school may be put on a full time basis for the entire year. To do this it will be necessary to have at least thirty-six pupils enrolled for the course.

A full-time course in vocational agriculture will assure that interest in the work will not be allowed to fail during the summer months, as the instructor maintains close contact with the boys, oversees their projects, makes suggestions for keeping their work going at the most efficient rate during the summer, and in general serves to co-ordinate the work of the school year with the home work during the summer.

The above picture of the vocational agriculture class is reproduced thru the courtesy of the Southwestern Sheep and Goat Raiser, which magazine carried an interesting account of the success of the Eldorado boys in its issue of March 15.

The following is a brief outline of the work of the class, and something of its program for next year.

The Vocational Agricultural cause should apply not only to boys regularly enrolled in high school, but to boys out of school and to adult farmers as well. In fact the State Department of Education recommends that the teacher meet with the farmers and ranchmen once or twice a week to discuss some phase of agriculture, and if the men are interested in discussing their problems in agriculture meetings will be called for that purpose.

The Vocational Agricultural course for the boys regularly enrolled in high school is a three year program. The tentative three year program for this county, which has been approved by the State Department of Education, is as follows:

Second Year: Feeding Live-stock and Poultry; Managing the Farm Business; Marketing Plant Products; Harvesting and storing Farm Products; Marketing Animal Products.

Third Year: Caring for Live-stock and Poultry; Controlling Diseases of Plants; Controlling Pests of Livestock; Controlling Diseases of Livestock and Poultry; Controlling Rodents and Pesticious animals; Caring for Farm Equipment.

As this is the first year that Vocational Agriculture has been offered in Eldorado only the first year course is being taught. The following boys are enrolled in the course this year: R. J. Alexander, Robert Lee Anderson, Marshall Davis, Hollis Nutt Jr., John Luedecke, Glen Parker, John E. Rogers, Bill Smith, Felix Susen,

Harold Susen, Milton Spurgers, Raymond Spurgers, W. C. Spurgers, George Williams, Harmon Bodine, Paul Davis, Orval Edmiston, Odell Green, Jack Hext, Gene Koy, Jack Jones, Billy Kerr Cecil Newlin, Jim Tom Roach, Sam Smith, Alton Page and Banning Wade.

Some of the main objectives of the year are as follows:

To teach the principals of selecting individual animals, for poultry, sheep, dairy, cattle, and hogs; To study the major breeds for the above classes of livestock

and to determine the breeds most suited to this locality; to teach the classes and grades of wool and mohair and some of the factors that determine the value of the same; to teach the selection of seed for planting; to teach how to prune, graft, and bud fruit trees; to teach the value of terracing and rotation of crops; to teach a method of killing and curing pork; to determine what the farm may economically furnish as food for the family and the kind and amount of each product needed.

A COMMUNICATION FROM CHAS. SOUTH

A communication from Congressman Chas. L. South to the Southwestern Sheep and Goat Raisers Magazine follows:

"I am glad to have your telegram of March 29th, having to do with the appropriation for predatory animal control.

"When the Agricultural Department appropriation bill passed the House of Representatives a short time ago, it contained an item of \$450,000 for such purpose. This amount has been increased to \$1,000,000 by the Senate Agricultural Committee and the bill is now pending in the Senate as recommended by the Senate committee, the matter will then be adjusted in joint conference. You may be sure that I feel a keen interest in this matter and that I shall continue to ward its final passage.

Sincerely yours,
(Signed) Chas. L. South."

P-T. A. CONVENTION TO MEET AT MIAMI, FLA.

Plans for the 39th Annual Convention of the National Congress of Parents and Teachers—April 29 to May 3, Miami, Fla.—were developed at a meeting of the convention program committee in Washington, D. C., January 20. Mrs. B. F. Langworth, national president, and Mrs. Hugh Bradford, chairman of the Convention Management Committee, and the following members of the National Board were present: Mrs. J. K. Pettengill, Mrs. Hamilton Shaffer, Mrs. Raymond Binford, Mrs. Simon S. Lapham, Mr. J. W. Faust, Mrs. Frederick M. Hosmer, and Mr. and Mrs. E. C. Mason.

The convention program is based upon the theme, "Home—the Index to National Life." Convention speakers and conference leaders will contribute toward developing this theme.

Since this is the first National Congress convention to be held in the far southeast, a large number of members and visitors are expected to attend. Full details concerning the convention transportation facilities and hotel accommodations may be obtained from headquarters of the National Congress of Parents and Teachers, 1201 16th Street N. W., Washington, D. C.

"Newspaper advertising opens the door to increased prosperity for every business," so says my friend, James E. Barrett, managing director of the Oklahoma Biltmore Hotel.

Every visit to a weighing machine by some couple seems to be a matter for depression.

Cotton Prices Are Below Loan Value

Cotton again demonstrated its strongly international characteristics about the middle of March by taking a drop of about 100 points below the loan value placed on it by the United States Government, according to Dr. A. B. Cox, director of the University of Texas Bureau of Business Research and internationally known cotton economist. Decline in the price of American cotton so far below the Government loan value has virtually priced cotton out of the market for the time being, he said.

"According to the New York Cotton Exchange Service, the total stocks of American cotton in the United States was about 10,500,000 bales on March 14," Dr. Cox said. "Mill stocks amounted to a little over 1,000,000 bales according to trade sources, the United States Government controls about 5,500,000 bales now, and there are about 500,000 additional bales subject to the 12-cent loan, which at present prices means that the Government will either own or control 6,000,000 bales of cotton. This leaves only about 3,500,000 bales for export and consumption in the United States until the new crop comes. Moreover, stocks in European ports and afloat to Europe are only 982,000 bales, or 957,000 bales less than on March 1 last year. Stocks of American cotton in and afloat to the Orient are about 50,000 more than last year.

"If the Government is to hold its cotton for 12 cents or better, there must inevitably be a strong advance in prices of all growths of cotton or else very drastic curtailment of the consumption of American cotton, which might conceivably result in a carryover of cotton on August 1 in the United States equal almost to that of 1934 in spite of the 9,600,000 bale crop."

Lesson Learned

The wealthy man who left his entire estate to his lawyer had learned about the shortest distance between two points.—Albany Knickerbocker Press.

Those timorous souls who have a constant fear for the future of the home city should take courage from the business men who, with determination and dogged effort have made the home city what it is today.

Born to Mr. and Mrs. R. E. West a baby girl, Wanda Meril, who arrived March 29.

LET'S KEEP THE FAITH

History does not accord to any country that was forced to fight its way to liberty, greater and superior generalship than it accords to Sam Houston. No greater statesmanship has ever been recorded than the statesmanship of Lamar, Houston, and others who planned, fashioned, and established our government and they will never fade from the pages of the history of Texas nor become a faint memory in the hearts of Texas people.

The 1,500,000 children attending our public schools and the more than 25,000 attending the higher institutions of learning, do so under an educational system conceived and established by Lamar. His great message to the Congress in 1838 outlining an educational system is a classic that is not surpassed by the great state papers of any country. We quote one of the well known gems of that message, as follows:

"Cultivated mind is the guardian genius of democracy, and while guided and controlled by virtue is the noblest attribute of man. It is the only disaster that freemen acknowledge and the only security that freemen desire."

Our liberty, the government and educational system that followed have endured for a century. These were accomplished in many localities and at different times. The remains of these patriots repose in cemeteries in different parts of Texas. The first 100 years of Texas as conceived, planned, and fashioned by the patriots of that day will begin. In 1936, and our second century will begin. In 1936 we step from the old century into the new. If the jealousies, criticisms, and apparent indifference should grow to the hurtful stage and prevent a suitable mass celebration, each true Texan will have an individual celebration in his own heart, and do honor to those who gave such a rich legacy to posterity of which he in part is a recipient.

Some refer to the cost to the State of two or three million dollars and attempt to justify a position to postpone that times are too hard and refer to the \$10,000,000 deficit in the State's General Fund as a reason. Perhaps many taxpayers do not realize it, but the small deficit has been a great blessing to the taxpayers for the reason if fifty million dollars had been in the State treasury two years ago it would have been spent and perhaps an equal amount borrowed in addition by this time. Let's keep patriotic impulses in our own soul and our treasury and prosperity will grow beyond all expectation.

High Relief Cost Must Come Down

Only five Texas counties could boast a record of less than five per cent of their residents on relief rolls as of March 1, statistics compiled by the Texas Relief Commission reveal. These counties are Crockett, Kenedy, Lavaca, Reagan and Winkler.

Fourteen others, Hudspeth, Terrell, Upton, Parmer, Hutchinson, Carson, Hidalgo, Cameron, Nueces, Bee, Karnes, Gonzales, Fayette and Fort Bend, were in the respectable class in the eyes of state relief officials with not more than from 5 to 10 per cent of their residents receiving aid. Twelve counties had more than 40 per cent of their inhabitants on the relief rolls as follows:

Loving, Yoakum, Cochran, Garza, Kent, Stonewall, King, Cottle, Titus, Cass, Llano, and Zapata.

"These high case loads have got to come down at once," said Adam R. Johnson, state relief director, as preparations were being made to send out funds for April.

"Federal authorities have cut our applications drastically and this means we must reduce our caseload or the individual budgets of clients. We want to issue adequate relief to those in dire need and administrators have been instructed to examine their relief rolls closely and close out all cases where the need for aid is not clearly established."

A further reduction in the number of cases is hoped for in May as the peak will be reached for seasonal farm employment.

MAN FLIES WITH WINGS

Daytona Beach, Fla.—Clam Sohm, a parachute jumper, recently jumped off an airplane 12,000 feet up. He wore wings across his shoulders and attached to his arms and wrists. His legs supported a webbing whing when spread, gave him the plane surface a bird's tail.

He dropped 2,000 feet and then spread out his arms, checking his descent. For a while he glided, then he zoomed right and left, shot upward and downward and looped three times.

At 6,000 feet he pulled the ripcord of his parachute and settled to earth.

Money's Worth

There may be more than a joke—there may be philosophy—in what some one has said that the world will have to have a big war pretty soon if only to get its money's worth out of the battleships that are building.—Wilkes-Barre Times-Leader.

Every dollar spent away from home makes the home city that much poorer. Every dollar spent in the home city makes it just that much richer.

TYPING TEAM WINS IN SAN ANGELO

Last Saturday, April 13, Mr. Smith took the typing team to the District meet in San Angelo. We left Eldorado at 9:30 and reached the Junior College at 10:45. The college students were having class when we arrived but after looking into the room we went to the track meet until class

was dismissed. At eleven o'clock we went to the typing room and practiced for an hour.

The contest began a few minutes after two Saturday afternoon. Eleven student entered the contest with four schools participating.

College students helped to grade the papers and until 3:30 there were a very impatient group outside the door.

Cecil Newlin won the gold medal, Doris Fish won second place and Clarice Lee won fifth place. These students were all of Eldorado. These three Eldorado students will represent Eldorado High School at the Regional meet to be held in Abilene soon.

ELDORADO DOES HER BIT
Thirty-six schools were represented in the ten-county district meet held in San Angelo last Fri-

Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. S. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theodor's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well." . . . Your druggist sells this reliable laxative in both forms. "Children like the Syrup."

day and Saturday, April 12 and 13.

Eldorado was represented in five literary events. They were Senior girl's declamation, represented by Marguerite Davis who placed fourth, Senior Boy's declamation, represented by Marshall Davis who placed fourth, grammar grade girl's declamation, represented by Wanda B. Rape, grammar grade boy's declamation, represented by Willie Bridgeman, high school essay, represented by Celeste Tisdale, grammar grade essay, represented by Genevieve Ramsey who placed third, typing contest, represented by Cecil Newlin, Doris Fish and Clarice Lee who placed first, second and fifth, respectively, girl's debate represented by Mary Lee Davis and Josephine Clayton and boys debate, represented by John E. Rodgers and Charles Ratliff. The boy's team placed second in the meet, being beaten by Paint Rock.

Eldorado won only one first place in the literary part of the meet, but everyone made a good showing. We hope that next year some more of our students will get to go to Abilene along with the typists.

DISTRICT MEET

The district meet was held at San Angelo Saturday, April 13. Here is how the clubs finished on the pointage: San Angelo, 40 1-4; Robert Lee, 25; Eden 18 1-2; Winters, 16 3-4; Miles, 13 1-2; Ballinger, 10; Eldorado, 9; Millersview, 5; Sonora, 3; Paint Rock, 3; Bronte, 2 1-2; Barnhart, 2; Crews, 1 3-4; Norton, 1 1-2; Bethel, 1-2.

Bill Smith won third in the 100 and second in the 440 yard dashes. Smith, Susen, Davis and Hext won third in the mile relay. John Edwin Rodgers won third in the shot put with a 41.5.

Eldorado made a fair showing against the larger towns. They seem to like those third places.

SENIORS' AGES

The Seniors' ages range from sixteen to twenty-one years. When school began in September seven out of the twenty-two seniors were sixteen. But now, there is only one; Clarice Lee is the youngest of her class. There are two seniors who are twenty-one. The remainder of the class is between sixteen and twenty-one.

HOME ECONOMICS GIRLS MAKE TRIP TO KERRVILLE

Saturday morning, April 13, seven Home Economic girls of the Eldorado High School went to Kerrville with their sponsor Marvel Ford.

Girls that attended the meeting were Maxine Wilton, Johnnie Fern Isaacs, Mary Jess Koy, Wenona Enochs, Rosa Sauer, Leola Sauer and Zona Clare Koy.

The meeting started at 10:30 o'clock in the morning and lasted till 12:00.

In the afternoon the group went to the Methodist Encampment grounds where lunch was served and the program was finished.

The schools represented were: Junction, Kerrville, Center Point and Eldorado.

ELDORADO SCHOOL HAVE PARENTS DAY

Last Friday April, 12 was Parents day and all the parents of the grammar school pupils were invited to attend. The Parents came and looked at the exhibits and work of their children. At 12:35 to 12:55 they had music. 12:55 to 1:10 Reading in all the classes. 1:10 to 1:30 Reading A2. 1:30 to 1:45 Reading A1. 1:45 to 2:00 numbers at 2:00 to 2:20 the parents had a social gathering where they went through the new school building.

2:20 to 3:05 there was a play in the auditorium. 3:05 to 3:40 a play in the Gymnasium.

83 people attended.
—Eagles Screams—

DO HIGH GRADES MEAN ANYTHING IN LATER LIFE?

Do the habits we acquire in high school mean anything to us in our business life of later years? Yes, these habits are going to stay with us. If we just "coast on" in school so will be in business. If we acquire the habit of loafing or if we get the habit of studying, we'll do so in later life.

THE SENIORS PRACTICE PLAY

It seems that some of the seniors are always being picked on and teased about being a Clark Gable or Jean Harlow, but when the senior play is over those who teased may find out that the so-called Gable or Harlow really is a good actor. Some of the characters may not be able to go on the stage professionally, but most of them are showing real ability.

The stage setting and scenery is expected to be very attractively arranged for this type of play. The lighting is to be very different and also very pretty.

All the characters seem to be very well chosen and each one seems to be doing his part to put "The Ghost Parade" over.

SPRING FOOTBALL BEGUN

Spring training will start in earnest for the Eagles next Monday. Suits will be issued and the ruff-stuff will soon start. Coach Williamson lost 11 men from the squad. Eight of these were regulars. Four of the regular backs are gone.

Coach Williamson is noted for making a good team out of practically nothing. He will surely have to do his stuff next year. Those who will be out for the squad are, Lewis Kerr, Marshall Davis, A. Page, F. Susen, Jack Jones, Anderson, H. Susen, Carl-yos Brown, and Wade are linemen. Those out for backs are, Williams, Bradley, Moore, Davis, Captain Spurgers, and Hext. (A pretty small inexperienced bunch.)

The schedule for next year has been announced. Sept. 28, Merton here; Oct. 5, Brady, there; Oct. 12, Sonora, there; Oct. 26, Junction, there; Nov. 2 open; Nov. 11, Rocksprings, here; Nov. 16, Menard, here; Nov. 23 Ozona, here; Nov. 28, Sonora, here.

LOSE VALUABLE PLAYERS

The squad regrets the loss of one of the best prospects for a lineman, and as good a place kicker we have had since Isaacs. Sam Cloud will be unable to play next year on account of heart trouble. Sam is a one year letter man. He was being depended on heavily for a guard position next year.

SEND MY BILL TO THE FOLKS NEXT DOOR!

"THEY USE our telephone more than we do ourselves. Send them the bill. Maybe that will convince them that they need a telephone of their own."

San Angelo Telephone Company

ASSEMBLY PROGRAM GIVEN BY CHORAL CLUB

The Assembly program was given by the members of the choral club on the afternoon of Wednesday, April 10. It was a musical program throughout, sponsored by Miss Taylor.

All of the members sang a number of songs. The songs were "Neopolitan Nights", "I Passed by your window," "Stay as Sweet as You Are," "Rain" and "Winter Wander Land".

Then Janet Wakefield, Celeste Tisdale, Elizabeth Stanford, Johnnie Fern Isaacs, Mary Jess Koy, and Wenona Enochs, a picked group of singers sang "Sleepy Head," "Let Me Call You Sweet-heart" and "On a Chinese Hop-mymoon."

The singers were accompanied on the piano by Miss Taylor and

Maxine Wilton. The audience seemed to enjoy the program very much.

W. A. MET MONDAY AT BAPTIST CHURCH

The Y. W. A. met Monday, April 16, at the Baptist Church. Leola Boyer had charge of the program. We sang two hymns "To The Work" and "What If It were Today." This was our Easter program and it was entitled "The Stone Rolled Away." Those taking part on the program were Misses Evelyn Anderson, Pauline Hudson, Florence Page, Mrs. A. J. Quinn and Mrs. Jimmy West. We had fifteen present with two new members, Misses Oma Ford and Bessie Ray Mercer. We hope that our absent members will be with us next Monday night, we certainly miss them when they are not there. Our meeting will be held at the Baptist Church.

—Reporter

Little J. W. Day of San Angelo returned home Sunday after visiting his uncle and aunt, Mr. and Mrs. R. J. Page.

R. J. Page underwent a minor operation Monday at the Rush Clinic in San Angelo. He was able to return home Wednesday.

H. T. Finley is visiting relatives at Wichita Falls.

membered that the containers will not be returned.

This clean-up campaign is in line with the beautification drive now in progress in all sections of the state, which includes planting flowers and shrubbery and otherwise adding to the attractiveness and beauty of the cities and towns of the state. The park near the south entrance to the court house is being cleared and planted to shrubbery this week, which will make a more attractive approach to the business section of Eldorado.

Further announcements and details of the plans for clean-up week will be carried in the next issue of The Success. The co-operation of all citizens is requested in this effort to add to the beauty of the city.

Alexander News

Mrs. Will McAngus attended Parents' Day at the Eldorado school Friday.

Billie B. Steward won third place in declamation, Lavelle Casey won third place in Three R and Lawrence Casey won third place in track at the district meet in San Angelo, in the rural division.

M. H. Casey and family, W. J. Steward and family, Thomas Parson and Miss Annie Herbert went to San Angelo for the district meet.

Mr. and Mrs. J. G. Rushing and children and Mr. and Mrs. R. C. Spurgers were guests of Mr. and Mrs. Thomas Baker Sunday afternoon.

Chrystelle McAngus was absent from school Monday on account of illness.

Mrs. F. S. Miller and daughter, Mrs. Will Jarrett, visited Mr. and Mrs. W. E. Baker Tuesday.

—Amigo.

1

(From Page One)

The following extracts from a statement issued to The Success will give some idea of the nature and purposes of the work being conducted in this section:

A geodetic survey is one which takes into account the fact that the earth has a curved surface. Most geodetic surveys are for the purpose of supplying starting points for local surveys and are therefore often called control surveys. These control surveys must be made with the greatest accuracy, and since they must extend over the entire area of a country they must be corrected for the curvature of the earth's surface which is not uniform.

A geodetic party may be engaged in any one of a number of operations, such as triangulation, traverse, leveling, astronomical observations, or measurements of the intensity of gravity.

The advantages of such a connection are manifold. Local surveys and engineering projects can be shown in proper relation to those adjoining. Roads, railroads, canals, and power projects can be more economically planned and located because existing surveys can be better used. Land boundaries connected to such a triangulation scheme are sure of perpetuation, for even though the boundary marks and the adjacent triangulation stations were destroyed, both could be restored by triangulating from more distant marks.

Tall towers must be built to raise the instruments above intervening trees or hills, and when such is the case each tower consists of two structures entirely separate from each other, an inner tripod on which the theodolite is placed and an outer four-sided scaffold supporting a platform on which the observer stands in order that his movements will not disturb the theodolite.

CHURCH DIRECTORY PRESBYTERIAN CHURCH

Easter services will be held in this church on next Sunday as follows:

Morning worship at 11:00. Evening worship at 8:00. Sunday School at 10:00.

"The Importance of the Resurrection" will be the subject of the morning sermon. The choir has been practicing some Easter hymns, which they plan to sing at this service.

"If a Man Die, Shall He Live Again?" will be the subject for the evening sermon. We are expecting to have the young people to form the choir at this service, and render some special music.

A cordial welcome awaits all at the services of this church. N. P. Wilkinson, Minister.
