NUMBER 84

Bob Grady Says: School Board Met Here Saturday

German writers say that derfuhrer showed no promise of being a great genius during boyhood: he doesn't seem to have exhibited any to-date, either.

Since the fall of Messina the "foe of the Italian boot" has been frequently in the news. Happily enough the heel of the boot, Mussolini, has faded completely out of the picture.

During his recent meeting with the WLB, John L. Lewis was said to have been the "personification of courtesy." John has not yet been signed up by the movies to play opposite Hedy Lamarr.

Brenden Bracken, British Minister of Information, says that Churchill and "respectable but ruthless gentlemen." Republicans have been saying things like that about FDR for years.

John L. Lewis is unalterably opposed to Wendell Wilkie as a presidential candidate. Wendell must be even better than was at first believed.

While marks of the monetary kind are far from plentiful in Germany, so long as the people allow der fuhrer and his gangsters to remain in power, there will be a surplus of marks of another sort.

POSTAL REGULATIONS ON MAILING CHRISTMAS PACKAGES OVERSEAS

Christmas packages to men in service, overseas, must be mailed between September 15 and October 15, according to Postmaster E. W. Brooks. The packages must not exceed five pounds in weight and not more than fifteen inches long. Should be well packed in a strong carton and wrapped with heavy wrapping paper with complete full address. No foods or perishable articles can be shipped.

If packages are shipped between the above dates, no written request from the men in service will be required. These regulations apply only to overseas men.

It is urged by the Army and Post office officials that every man in service be sent a Christmas package during this period. It will help keep up the morale of the boys and they will be assured of receiving something at Christmas time. Please do not wait later than the above period mentioned to mail your package if you want your boy to receive his package by Christmas, Brooks continued.

Mr. and Mrs. John R. Jones and family of San Antonio are guests this week in the home of Mr. Jones' sister-in-law, Mrs. Ray Jones. While here Mr. Jones was a pleasant visitor at this office and handed us the wherewith to have the Success come his way for a year.

A meeting of the Schleicher County School Board was held at the Court House last Saturday. The following members being present: Ira McDonald, Precinct 1; G. C. Crosby, Precinct 2; Mrs. W. F. Wilson, Precinct 3; V. H. Humphrey, Trustee at large and president of the board; C. L. Meador Jr., County Judge and secretary of the board; Otto Sauer, Precinct 4, being absent.

This meeting was called for the purpose of approving current transfers and to set opening date of schools for this county. All transfers were approved by the board and Monday Sept. 6th was set as the opening date for schools of this county.

Among other matters which came before the board was an apportionment of \$11.00 per capita to the school children from money received in payment of interest on this county's school land. According to C. L. Meador Jr. County Judge, who handles collection of this money, the above apportionment is the largest in the history of the county and if collections continue good this figure may also be hiked for the present school year. In addition to the county apportionment schools will also receive a \$25.00 per capita apportionment from the State this school year.

Collections has also been good this year on money paid in as purchase price of county school land which is placed to the credit of the permanent school fund, and to date the Commissioners Court of this county has invested \$10,598.00 from this fund in interest bearing municipal and Government bonds.

ROY DAVIDSON IN SAN ANGELO HOSPITAL

Becoming ill while doing his work at his Ranch Sunday morning, Roy Davidson was immediately carried to a San Angelo hospital where it was found that he was suffering from complications resulting from a fall he received at his home recently.

As the Success goes to press, it is reported that his condition is regarded as being serious, but that under the circumstances he is resting as well as can be expected.

RED CROSS NEWS

Red Cross knitters are urged to attend a call meeting Saturday, September 4 at 5 o'clock at Hotel Eldo. All who expect to do knitting this Fall and Winter are urged to come. New rules and knitting problems will be discussed. Those who would like to learn to knit are especially invited to attend.

Mrs. Luke Robinson

Mr. and Mrs. Bert Hughes and son of Brady attended the funeral of Mr. Hughes' uncle, Mr. John Langford, here Thursday.

WITH THE MEN IN SERVICE

SGT. FELIX SUSEN HAS EXCITING CHASE

A 19-year-old office employee in the Abbott Finance Co., 3336 N. Broad St., was lashed on the arms and hands today in a holdup by a negro, former employee, who was captured after he had also attempted to criminally attack the girl.

Mrs. Faye Lackman, 2608 S. Fairhill St., a secretary, who was alone in the office, was treated for cuts at Temple University Hospital. Her screams of "get that man," attracted Air Force Sgt. Harold susen of Eldorado, Texas who chased the fleeing negro on North Broad St. to a parking lot where the bandit attempted to slash Susen, but was knocked out by the six-foot-three Texan.

Editors Note.-- The above story appeared in the August 28 issue of the Philadelphia Daily News. Sgt. Susen who is attached to the Amarillo Air Field is taking a special technical course at the Bendix plant in Philadelphia, and happened to be walking down the street when he encountered the trouble. He is a son of Mr. and Mrs. Felix susen who reside in this county.

Staff Sgt. and Mrs. Waymon Evans returned to Ft. Benning, Ga., last week after visiting here with Sgt. Evans' sister, Mrs. Raymond Dickens and family. Sgt. Evans' and Mrs. Dickens' mother, Mrs. Lee Stacy of San Antonio was also here for a short visit.

Mrs. Lois Wilson has been notified of the promotion of her husband from Pfc. to Corporal. He is in England and has been overseas over a year.

Pfc. and Mrs. W. H. Graves visited here over the weekend with his parents Mr. and Mrs. Gus Graves and friends.

Whit Smith has been notified that his son, Lonnie B. has been promoted to the rank of MM 2/c. Smith is stationed at Camp Peary Va. His wife is visiting here at the present.

Pfc. Billie Wade informs his parents that he has transferred from San Diego, Cal., to Louisville, Ky., where he is to receive Diesel training. He is in the Marines.

Pvt. Ovid Wade, Jr., with an Infantry Division somewhere in South Africa in a letter written August 16, states that it is cold and that he has seen a lot of interesting things. He also inquired about his brother, Charlie Wade, who was transferred to foreign service about the first of March, and whose whereabouts are unknown to relatives here. He is in a gunnery group.

SPECIAL TO THE SUCCESS

Fort Knox, Ky.—The Armored School Communication Department today had graduated a new class of skilled radio electricians.

The list of graduates announced from the offices of Maj. Gen. Alvan C. Gillem, Jr., Chief of the Armored Command, included Pfc. Calvin C. Henderson son of Mr. and Mrs. Lester Henderson of Eldorado, Texas.

During their course the electricians learn to repair and maintain radio sets. Their task is a vital one in keeping in operation the communication system by which the smashing, driving units of the armored divisions control tanks and other vehicles in combat.

The Communication Department is one of eight in the Armored School, headed by Brig. Gen. Joseph A. Holly, Commandant. The school, unique among Army and civilian institutions, is one of the largest technical schools in the world. It graduates annually many times more thousands of students than the largest civilian universities or colleges.

Mrs. R. L. Nolen of this city has recently received a letter, dated Aug. 5, from her husband Pfc. Robert L. Nolen. It was the first in 5 weeks. Apoard a ship, Pfc. Nolen writes these words, "Where I am going I don't know, but I have an idea I am going to see a lot of fun."

He has been stationed at different points in the Hawaiian Islands for the past ten months. Inducted into the service in October 1941 he sailed for oversea duties in November 1941. Mrs. Nolen, the former Miss Ruth Woodward of Mertzon, and their year-old son, Gerald Ray, reside in Eldorado.

Sgt. Harold Susen, who has been stationed at Amarillo for a year is now in Philadelphia, Pa. for some four weeks of advanced Instrument training at the Bendix plant there. He expects to be sent back to Amarillo at the completion of this period of training.

Mr. and Mrs. S. E. Jones Sr. have been notified that their son, Pfc. Samuel E. Jones, Jr., has landed safely on a Pacific Island. Pfc. Jones states that the place is beautiful and that he is fine. He stated further that the Spurgers twins were located at the same place with him.

Mrs. A. R. Luedecke, wife of Col. Alvin R. Luedecke left last week for Grapeland where she expects to visit her mother, Mrs. Odoree Calhoun. She spent ten days with Col. Luedecke's parents, Mr. and Mrs. John Luedecke, Sr., who reside three miles west of town. Mrs. A. R. Luedecke came here from Tucson, Ariz., where they had been stationed until Colonel Luedecke was called overseas recently.

G. B. Green Is New High School Principal

Supt. C. A. Reynolds announced this week that G. B. Green of Eden had been elected to fill the vacancy of high school principal created when C. R. Brace resigned that position here recently to become superintendent of the Eola schools.

Miss Elizabeth Faust, this week was released from the local school faculty, when she submitted a request to school officials for her release in order that she may return to L. S. U. and complete her degree. No announcement had been made Thursday as to who would fill this vacancy.

A general teachers' meeting will be held in the high school English room Saturday morning at 10 o'clock. The senior class will register at 1:30 o'clock Saturday afternoon. Monday morning, opening exercises for both grade and high school will be held in the high school auditorium at 9:30 o'clock.

Regular class work is to begin Tuesday morning, Mr. Reynolds has announced.

FUNERAL SERVICES FOR J. W. LANGFORD HELD

Funeral services for John Whitfield Langford, who passed away at the home of his sister, Mrs. W. E. Bruton, Wednesday September 1, at 10:45 a. m., were held at the Baptist church, Thursday afternoon Sept. 2, with Rev. J. M. Hays, assisted by J. L. Ratliff conducting the services.

Mr. Langford was born in Navarro county, February 24, 1893. He lived in Hill county for a while and came to Schleicher county thirty five years ago and had made his home with his sister and husband Mr. and Mrs. W. E. Bruton since that time. He had been a member of the Methodist church since early childhood.

Brothers and sisters surviving are Mrs. D. N. Bruton of Mertens; Mrs. W. E. Bruton of Eldorado; Mrs. Pat Donahew of Elm Mott; Joe Langford, Waco; L. B. Langford of Dallas and Grady Langford of Waco. Out of town friends and relatives here for the funeral were Mrs. D. N. Bruton, Mertens, Joe Langford, Waco, Mr. and Mrs. Grady Langford and daughter, Billie Fays of Waco, Mr. and Mrs. R. J. Alexander of San Antonio, Mr. and Mrs. Alf Bruton of San Angelo, J. W. Bruton and wife of Waco, Mr. and Mrs. B. L. Hughes and son John William of Brady and Mrs. L. L. O'Brien of Wicket.

Pall bearers were W. J. Humphrey, Gordie Alexander, Payne Robinson, John Williams, Clyde Keeney, John Isaacs, and W. C. Parks.

Interment was in the Eldorado cemetery under the direction of the Ratliff Funeral Home.

Mrs. D. E. DeLong and daughter, Mrs. Ruby Fowler of Amarillo, returned the first of this week from San Diego, Calif. They were accompanied home by Mrs. D. E. DeLong, Jr.

WAR MUST BE WON, OUR FREEDOM PRESEVED

(EDITOR'S NOTE: Following is an article taken from The National Legionnaire, and which we are republishing upon request and for its interest to our many readers.)

In an Independence Day address delivered from the steps of the historic state capitol of South Carolina at Columbia, National Commander Roane Waring sounded a warning that America may lose her freedom and independence at home while her armies are hammering out victories on foreign battlefields.

Declaring that it is "meet that we on this, probably one of the most tragic anniversaries of our independence, stop and carefully consider what might be called the state of the nation," National Commander Waring warned against "the dangers that threaten our form of government from within."

"Important as is our war effort," he said, "as necessary as it may be to devote our every energy to the successful conclusion of this war, we must be ever mindful that this war is being fought solely for the purpose of vindicating, sustaining and perpetuating our democratic ideals—the America of our forefathers. It would be a tragedy, indeed, to successfully conclude this war, dictate a peace of absolute victory and then discover that we had lost our freedom and independence at home.

"Ever before us then should march in step with our war effort the grim resolve to defend and perpetuate our democratic institutions, the ideals of our great American government—freedom guaranteed us by the Constitution—and that is the right of every citizen to live his own life in the way of his own choosing, free from regimentation and from bureaucratic control.

"Ever should we be mindful that this government of ours was created for the sole purpose of protecting the rights of the individual, of guaranteeing to him the enjoyment of free enterprise in the exercise of his free initiative. Our government was never created to dominate him, to control him, to suppress him nor to dictate to him his personal life.

"These inalienable rights must at all times be jealously guarded, more so now than ever before, lest in our zest for prosecuting the war we overlook entirely the necessity of guarding our domestic rights. These inalienable rights must not be taken for granted. We have always had them—they came to us as free as the air we breathe. With our forefathers this was not so. They fought and bled, and many of them died for these rights.

The flower of our young manhood has been called to arms. Our job on the home front is to preserve the freedom of this, their America, and to keep the necessary war materials flowing to them. The hearts of the American people are with their soldiers. While they may be somewhat confused at times by the veritable patchwork of government regulations and counter-regulations, they are honestly, fervently and conscientiously doing their best.

"Yes, there have been failures. There have in some places been collapses of the war effort. There have been unnecessary and acrimonious disputes that have arisen between the masses and the classes of American people. There have been strikes. There has been much absenteeism and many slow-downs in war work. There can be no more excuse for either management or for labor to desert their jobs than there is an excuse for the soldier who deserts the battleline. All of this responsibility for these failures cannot be laid alone on the doorsteps of management or of labor. Much responsibility rests upon the shoulders of government, for there has been a failure of government in leadership and directing.

"Just as the lack of a strong leadership can wreck an army, so can also the vacillating policy which the government pursued toward labor and management wreck production. Such vacillating policy tends to confuse the issues and encourage strikes when none would exist if strong leadership had been forthcoming!

"Thank heaven, Congress has at last awakened to its responsibility—it is now fulfilling its obligation in this constitutional government of ours by passing the legislation necessary to meet our war needs. Ours is a constitutional government whether we be at peace or at war.

"In the capital of our nation long even before Pearl Harbor many of those on the Federal payroll developed affections for new and un-American philosophies of government. They created a gigantic political octopus whose powerful tentacles seek to reach further and further into the private lives of American citizens. Here in this government of ours these so-called master minds of politics, distinguished only by their inexperience and incompetency, but steeped in foreign ideologies, have built a patchwork of bureaucratic directives.

"With these they seek to put class against class, business against labor, farmer against consumer, and, yes, race against race. This pattern of modernistic art to the average American is without meaning or design. Too many of our people in the stress of war seem somehow to have forgotten that this government of ours was founded by men of business and of wisdom and of judgment. Out of their collective experience they built for us the pattern of American life.

"We hear on every side talk of so-called mass movements, of social revolutions. What does all this mean?? Social revolutions against what? Our government and our country? God forbid! But nevertheless it has become the

style in some high places to use such fighting words too lightly, and I hope inadvisedly. Only a short while ago the Vice-President of this country was quoted in a speech as saying: 'The peoples' revolution is on the march, and the devil and all his angels cannot prevail against it.' I hope that was thoughtlessly said. Perhaps as thoughtlessly said as when on another occasion he favored furnishing all of the people of the world with a quart of milk.

"Well, maybe the devil and all his angels cannot prevail against it, but it will indeed be a sad day for this America of ours when the sons of America, your sons and mine, who are now fighting on the battlefields of the world to save us from enemies from without, return to find their government threatened by so called social revolutions. We do not want them to shed their blood to defend the world, then return home to find our constitutional way of life has been affected by any sort of a world revolution.

"Our entry into the war has increased the opportunities for the employment of many more additional theorists and social reformers, none of whom ever made an honest living by the sweat of his brow. These groups of impractical dreamers have set about to weave from their own fallacious theories a newfangled type of government. These groups do not even agree among themselves as to just what type of government they want. The only thing that they can agree upon is that the ideals and doctrines handed down to us by our forefathers are outmoded and should be swept aside.

"These preachers of false and un-American ideas feel now that with the ending of the war the America of the past, both industrially and economically, must be socialized and fitted into a world pattern; that by the waving of a wand all the other people of the world can be brought up to our standard of living at the expense of the American people.

"Some of our people in high places go so far as to advocate the extension of governmental generosity to encompass the peoples of all nations. These inexperienced idealists, dreamers and experimenters would take charge in post-war America and completely rebuild and reconstitute this great country into an experimental station to test their theories and illusionary dreams.

"America's war effort must in no way be abated, but at the same time we must zealously guard the preparation for the future and we must be ever ready to strike and strike with telling effect at any move calculated to commit this country to a course not carefully charted along the lines of sound Americanism.

VISIT IN SAN ANTONIO

Mr. and Mrs. T. H. Alexander visited last week in San Antonio with their sons R. J. and Claude and their families. While they were in San Antonio their grandson R. J. Jr., had the misfortune of breaking his arm. The accident occurred when the boy was jumping from a barrell to catch a limb of a tree while playing.

Another grandson, John Thomas, son of the Claude Alexander's had the misfortune of cutting off two of his toes when an electric motor fell on his foot. Both boys are getting along alright now, it is reported.

APPLIANCE TROUBLE?

CALL YOUR REPAIRMAN!

Your repairman, if you stop to think, is one of the most essential workers around any industry today. You see, since the manufacture of appliances has stopped, the dealers' shelves are getting mighty empty. And that's where the repairman and you come in! The new ones that would normally be coming off the lines have gone to war. So, it's up to us to make the ones we have on hand last for the duration.

Electric appliances were made to last for many years—and they will if given proper care and servicing. By keeping your refrigerator, range, food mixer, iron, etc. in tiptop working conditions—by keeping them clean, shining, and fit—you can help win the victory on the home front.

And don't forget to call your repairman, when repairs are necessary. He's a busy man—in fact, he is already working overtime, but he'll be glad to help you, because he knows that it's up to you and him to KEEP 'EM WORKING!!

385 Miles Terraces Planned In County

With the fall harvest season getting well under way, many Schleicher County farmers are looking for some way to get terraces constructed on their cultivated land. Some 90 farmers, cooperating with the Eldorado Divide Soil Conservation District have planned about 385 miles of terraces on their land in order to "hold their moisture where it falls", and to make every acre produce the maximum amount of food or fiber.

Several farmers are using their own equipment or small terraces provided by the District to construct terraces. Farmers now using such equipment include Perry Mitchell, Will Isaacs, and Joe Edens, while A. W. Keys, F. J. Valis, and E. C. Parker plan to start construction soon. Construction of terraces must be completed by December 1, in order to qualify for the \$42.24 per mile A A A Conservation payment.

Schleicher County farmers who already have terraces saw them fill up from the 3 to 4 inches of rain in May, storing water in the subsoil which was used for producing crops during the "rainless July and August". A. J. Shiver, District Technician, stated. A check of the 31 year monthly rainfall record shows that many of our dry periods have ended by a 3-5 inch rain which often fills the draws and lakes with runoff water.

A properly planned and constructed terrace system to hold and store the moisture from such a rain will provide a good deep season or "backbone" for the next crop, and may easily mean the difference between a good crop yield and a poor one in 1944.

Mrs. C. A. Russell visited the first of the week here in the home of her daughter, Mrs. Amos Shiver and family.

FDR says:
Curtailed spending. Put your savings into war bonds every payday.

Radio The Modern Miracle

When Prime Minister Winston Churchill speaks to the world from England, as he utters his words, they are flashed all over the world in a split second. How is this miracle performed? The answer, of course, is RADIO. It seems simple, doesn't it? But, do you realize how many different people are required to make the broadcast possible? With hundreds of radio technicians scattered at strategic points along the way, radio operators at each transmitting station on the hook-up, wire technicians, transmitter technicians, men who are trained in all phases of radio are required to make this one broadcast possible. A wrong connection or a slip up on the part of anyone of the many hundreds engaged in making this broadcast possible and the whole thing fails. So, radio technicians must be highly trained to serve when so much depends upon knowing what and when to do certain things right—at the right time.

It is remarkable what a growing demand there is for men who know RADIO. When peace comes, there is going to be a great demand for radio operators. They say eighty per cent of the traveling will be done in airplanes. If that is true, there alone will be a demand for thousands of operators. Planes are flown, we might say, by radio. Where are radio operators available? They must be trained. Thousands of airports all over the country will be calling for radio operators.

If you want to get information on where you might get radio training, why not write that school at Tyler, Texas. It is the outstanding radio school of the Southwest. Address Tyler Commercial College, Tyler, Texas, and ask for their catalog. (Adv.)

4 H Club News

By Virginia Ryan,
Co. H. D. Agent

The club girls in Schleicher County have been very busy helping with canning, harvesting of the grains and cotton, and in some instances riding to help care for the live stock. With these added responsibilities they have had time for recreation. The club presidents met in July to make plans for a two day encampment to be held in Christoval August 5th and 6th. As plans were shaping up so nicely for this event the health department issued a warning against meetings in public places and using public swimming places, so it was decided to postpone the event until later in the month. In the meantime the clubs were invited to the McIntosh ranch for their encampment on August 26th and 27th.

This place proved to be an ideal spot. A vacant house served as headquarters. The yard was an ideal place to set up cots in groups under the shade trees. There were thirty-eight 4-H girls

and five mothers present at the encampment. It was certainly time spent in fun and congenial companionship. Mrs. Lloyd, one of the mothers remarked that she had never seen a better camping attitude among a group so large.

Following is the program which was rendered while there:

Anita Runge, Master of Ceremonies.

1. Song: Our National Anthem.
2. Pledge to the flag followed by the 4-H pledge.
3. Songs: Selected from song sheet.
4. Reading: The Only Boy by Dorothy Neill.
5. Reports of 4-H Club work by the Club president.
6. Reading: The Bold Cowboy by Dinky Meador.
7. Inspirational talk by Mrs. Hays.
8. Duet: Jean and Dinky Meador.
9. Songs in rounds.
10. Dismissal with prayer.

After lunch a quiet hour was observed after which bedding was rolled to go home and each group cleaned their camping area. By this time it was late enough for them to go for another swim. After returning from

the tank the cars were loaded and camp was over at four o'clock.

To me, it was a wonderful experience. Judging from the attitude displayed at camp, it was for the girls also. Each girl was made to feel responsible for the carrying out of some part of the camp activities. Those on K. P. duty were just as anxious to do their share as the ones in charge of the programs. They are all enthusiastic about 4-H club work.

Bill and Glenda Jo Breedlove visited the first part of this week in Rule with their grandparents, Mr. and Mrs. S. B. Warren. Warren Short, who has been visiting in the Breedlove home for the past three weeks, accompanied them to Rule en route to his home in Wichita Falls.

Proclamation

TO THE PEOPLE OF THE UNITED STATES

Proclamation

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Third War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in buying War Bonds in this Third War Loan he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

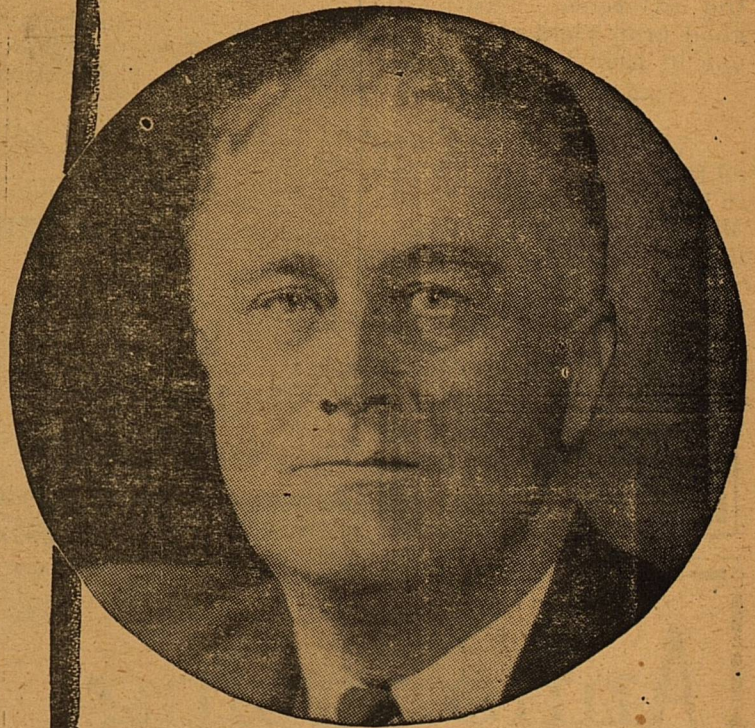

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this twenty-sixth day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence of the United States of America the one hundred and sixty-eighth.

By the President:
CORDELL HULL
Secretary of State

Franklin D. Roosevelt

Sermon Theme: "Indirect Aim."
The Sacrament of the Lord's Supper will be observed at the Sunday Morning hour.

First Baptist Church
"The Church With A Friendly Welcome".
J. M. Hays, Pastor

We are happy to an-

nounce that our plans for the enlargement campaign in regard to our Sunday School and other organizations are going forward and we hope in a few weeks we will be actively going forward with the enlistment and can report an effective beginning.

The Training Union Study Course that we had last week was very good and some 25 awards were qualified for, and will be presented as soon as they can be received from the office at Nashville, Tenn.

The increase attendance in Training Union Sunday evening was most gratifying. We not only hope we can maintain such attendance but we want to continue with a growing interest.

You who are members of our churches, and not present at our Sunday evening services, what do you do? How we need you and how you need the services. Will you not be present from now on and make your life a blessing for others and get a blessing for yourself.

We want to keep in mind the revival meeting we are planning for in October. The exact date in Oct. has not been set definitely, but we will announce it as soon as plans are carried a little further.

We are happy to have the number of people who are moving to our town for these past weeks and months. We hope, if you have not, you will find a church home as soon as possible. We welcome you to our town and to our churches; and would like so much for all to attend all of our services.

It was my good fortune to attend our District 16 An-

nual Laymens' Meeting at Lake Brownwood Monday evening and Tuesday. It was one of the best meetings we have had. I know of any place that would be better for our men to go. There were some three or four hundred men from all over our District to enjoy the fellowship and inspiration. I think with no exceptions it was the best program that the laymen have had.

If you have no church home we invite you to our services, if you have a church home support it by your presence and interest.

Our services—Sunday School and Church 10:00 and 11:00 A. M.

Training Union and Preaching 8:00 and 9:00 P. M.

Our mid-week services each Wed. evening 8:30.

WORKING for VICTORY
ON THE
SANTA FE

Through these hectic days and busy nights, troop trains, regular trains with troop cars, and freights loaded with war materials keep rolling along the Santa Fe.

Watch a section hand grab his pick a little tighter after a trainload of American fighting boys has rolled past. "We'll-get-'em-through" is his attitude these days.

Yet—he is only one of more than 60,000 employees on the Santa Fe who are doing their bit to "keep 'em rolling" all along the line...

moving millions of troops and millions of tons of materials needed for Victory, where and when they are needed.

They know that if you stop the wheels that move them, you stop everything that floats and flies as well!

And they never forget that thousands of boys in our armed forces came from Santa Fe ranks and from the families of Santa Fe employees, and these boys who are fighting for all of us have the toughest job of all!

You bet, we're backing them up in the best way we know—and that's by buying War Bonds, and seeing to it that movements essential to Victory come first on the Santa Fe!

BONDS OVER AMERICA * * *

For years our government has worked to improve conditions for our citizens everywhere. Bonneville Dam in Oregon is one of hundreds of projects erected for our benefit.

Bonneville Dam

In Russia the Soviets with the help of American Engineers harnessed the waters of the Dnieper River. Hitler's Huns marched in and the Russians destroyed their greatest work of this generation.

MRS. JACK ELDER TO OPEN ART CLASSES SEPTEMBER 21

Mrs. Jack Elder is announcing this week her intention of opening Art Classes September twenty-first, to the public.

This year she is adding pre-school and first and second grade work, emphasis being placed on free-hand drawing and crayon work. At the close of the year she expects to instruct the young students in simple oil paintings.

She stated that her annual exhibit will be held in March, the children's work being fully displayed. Mrs. Elder states also that although there is a drastic shortage of all painting materials, that there will be

plenty for use through the Winter's work.

She is urging that, people, this year should turn to some phase of outside work in which they can rest tired nerves. In these troubled days there is nothing that will soothe the nerves and rest the mind as the work of painting and music. Keep up your morale by painting.

See her advertisement in another place of this issue of the Success.

Mrs. Bill Sproul visited last week in San Marcos, the guest of her parents, Rev. and Mrs. J. P. Garrett. Mrs. R. A. Evans accompanied her as far as Fredericksburg where she visited Mr. and Mrs. Lefty Hanes and son. Mrs. Hanes is the daughter of Mrs. Evans.

CARD OF THANKS

We wish to take this method of thanking our friends and neighbors for the beautiful floral offering and the many acts of kindness and words of sympathy extended us during the illness and death of our beloved brother and uncle, John Whitfield Langford. May God's richest blessings rest upon you all is our prayer.

His brothers and sisters, nieces and nephews.

Miss Libby Faust who has been attending L. S. U. since last September, is here for a visit with her parents Rev. and Mrs. F. B. Faust. She expects to return to L. S. U. early next week to resume her school work. She will receive her degree at the close of the next school term.

Mrs. Ben Hext left Tuesday for Austin where she will meet Mr. Hext for a few days' visit. He is employed in Houston as tank gauger for the Shell Oil company.
