Forty-Second Year

ELDORADO, SCHLEICHER COUNTY, TEXAS FRIDAY, JANUARY 7, 1944.

NUMBER 51.

MEDITATIONS

By The Editor

IN 1944—WHAT?

One of the first things that all of us must learn to do, beginning on the first day of this month is to make '44 instead of '43.

Is 1944 to be our Victory year? Freedom's light shines brightly as a symbol of hope and opportunity throughout the entire world. There is still work—hard work to be done by every citizen—before the story, but the privileges we have beyond price, sacrifice or toil. Let us, the people, firmly resolve to do our full share toward helping the armed forces and toward hastening the day of Peace—make this year a Victory year!

A reminder might be in order to those who have not paid their poll taxes to do so before January 31.

This department had the privilege of enjoying a few days' rest during the holiday season. We went to visit with our mother and thoroughly enjoyed ourself. Yes, we were so glad to get off that enjoyed visiting our mother-law.

Now all we have to do is work more months and then go see again if travel conditions will permit.

Seriously though, while gone, we were on the streets of a small town in Texas talking to friends of olden times and overheard a conversation by two very elderly men—men we have known for many years. Neither of them were scholars of any college, university and we doubt if they ever attended school that had above the equipment of our present-day fifth grade, but one of them made a remark that we doubt if any economic professor could improve upon in regard to solving our economic problems and political unrest dominating this hemisphere today.

"If people don't like O'Daniel, Governor Stephenson, Franklin Roosevelt, Gerald Mann and other nice fellows, why in heaven's name don't they pay poll taxes and put someone in they do like and change their worry over to helping our boys in the foxholes, and under the sea and in the enemy sky win the war and help them come home and live like a human. An Almighty God intended for them to be... my daddy was a Democrat and I am a Democrat, by gosh I'd be a Republican and do something about it before I would get the little Rome burns... and don't live in helpin' them what in help themselves... some of these fellows wouldn't pull cotton for me 'cause they are afraid if they work now they would have to stop on workin' after the war... I have seen a few times and them too they would be ding'd glad to work and ast' the price later." The old man said, and here I lost the conversation when someone called to me from across the street.

We received a Series E War Bonds for Christmas—the one of the things we got—the other two were a handkerchief and a necktie. Our Birthday is January 17 and the Fourth War Loan starts in a few days and if any one wants to they can give me another "E" for that day—the fighting days can have it now—and if I live I'll buy a suit, overcoat, and pair of shoes with it in 1960. If you do

Services Recognized

Chaplain W. D. Kirkpatrick

The local First Baptist church has recently received a commendation from the Army and Navy for their sacrificing of their former pastor, the Rev. William D. Kirkpatrick. The instrument is in the form of a certificate and the present pastor, the Rev. J. M. Hays is having the sheet framed and the picture of the chaplain placed thereon by The Success. When completed it will be framed and hung in the sanctuary.

The inscription is as follows:

"The Army and Navy of the United States in recognition of the patriotic sacrifices of First Baptist Church of Eldorado, Texas, in giving the services of William D. Kirkpatrick that he might serve God and country as a Chaplain in the Armed Forces of the United States. Signed November 13, 1943 by W. R. Arnold, Chief of Chaplains, U. S. Army."

E. H. (Greasy) SWEATT

E. H. (Better known as 'Greasy') Sweatt, this week has authorized The Success to place his name in the political announcement column as a candidate for re-election to his present office subject to the action of the 1944 July Democratic Primaries. Mr. Sweatt states that he is seeking a return to the office of Sheriff, Tax Assessor and Collector upon his efficiency which has been widened by his past experience and upon the record he has made in carrying out the duties of the county's important office, stating further that he had taken every opportunity to better qualify himself for the position, having attended all available FBI instruction schools for law enforcing officials which training is a vital factor in these times, and that his records are open for inspection; that in every instance he has executed his duties in the most efficient manner and to the best of his ability and without showing

SECOND TURKEY SHOOT

Members of the local volunteer fire department will again hold a turkey shoot Saturday afternoon on the vacant lot next to the Success building. Bring your equipment (not exceeding .22 calibre), or they will furnish you a gun, and you shoot. If you don't want the dead birds, Jess Walston will feed them to "Chocolate." Anyway come out to the shoot and try your skill.

WORK RESUMED ON "SERVING AMERICA"

Congested mails during holiday times, and more pictures than anticipated, together with first of the year work, necessary and essential to business, has caused a slow down in printing of the service mens' book, "Serving America." However, work has again been resumed on the book, and all plates are in and it will be completed as soon as possible now.

Mr. Sweatt continued: "I appreciate the opportunity of having served Schleicher county in the capacity of the office I now hold, and pledge to carry out the duties of the office in such a manner in the future as to continue to be worthy of the voters' confidence; conducting the three combined offices with only the interest of Schleicher county at heart. I ask that the people of the county give my solicitation for their vote and influence due consideration upon the basis of my experience and conscientious service I have rendered."

Lions' Distribute Christmas Cheer

Some thirty families were the recipients of gifts from the Eldorado Lions' club at Christmas time when a committee, headed by Rev. J. M. Hays made investigation and carried out the club's traditional practice of distributing the cheer.

Included among the things distributed were nuts, candy, groceries, cash and one girl received shoes and a coat purchased from a local store.

January is membership month for the local club, only civic one of the town, and with the entering of service of some members and wartime jobs being taken elsewhere, the membership and attendance is at a low stage.

Missing In Action Over Germany

Sgt. Delbert E. Edmiston

Word was received here this week that Technical Sergeant Delbert E. Edmiston had been reported missing in action on Dec. 20, while participating in a raid over Germany, serving as aerial gunner with the aerial forces in that theatre of war.

The message was received by the former Miss Imogene Miller, wife of the missing man, and residing at Merton. She in turn telephoned Sergeant Edmiston's parents, Mr. and Mrs. F. A. Edmiston of this place.

Sergeant Edmiston entered service Sept. 1942, and had been at his England station for some three months.

So far as is known, he is the first Schleicher county man, out of some 300 or more in service missing in action. High hope is held that he may be a prisoner of war of the German government, as has been the case in so many instances of men serving in that branch of the service.

O. E. Conner Is Sheriff Candidate

O. E. Conner, authorizes The Success to place his name in the political column this week as a candidate for Sheriff-Assessor-Collector of Schleicher County, subject to the action of the Democratic Primaries in July this year.

FIRE DEPARTMENT HAS BENEFIT SHOW

If you like a thrilling picture, one that carries with it the heroism of our Army Air Forces, you will want to see "Aerial Gunner" a Columbia top-notch picture, and starring Chester Morris and Richard Arlen, favorite actors of the screen. The picture is showing last times tonight at the Lone Star Theatre. Another reason you will want to see this picture is because of the fact the local volunteer firemen are to be benefitted by the proceeds. These men never hesitate to risk their lives, their cars and give freely of their time to practice in order to protect the citizens' property; the nights never too cold, nor are they too sleepy and tired to go when the alarm is sounded. A good way of showing gratitude to them is by helping them swell their fund for their convention to be held here in February, by going down to the local theatre and enjoying a good show along with helping them.

Seeking Re-Election To Clerk's Office

H. T. (Dogie) FINLEY

H. T. (Dogie) Finley has authorized The Success to announce his candidacy for re-election to the office of District and County Clerk of Schleicher County, Texas, subject to action of the Democratic Primaries in July, 1944.

"Dogie", as he is familiarly known to his many friends throughout the county, is well known to the people of this county, having moved here with his parents in 1901. Mr. Finley and Mrs. Finley (formerly Ebba Jones) are the parents of two children, George Stanley, 16, and Ebba Ann, 12.

Mr. Finley, a World War I Veteran, served overseas with the Second Division, composed of the 9th and 23rd Infantry and 5th and 6th Marines, which saw quite a bit of service against our common enemy, Germany. Mr. Finley is now Service Officer of our local Legion Post, the Bev McCormick American Legion Post No. 257.

"I promise to continue filling the office to the best of my ability, and to perform the duties of the office efficiently. I feel that with the knowledge that I have gained in the past and the continued cooperation of the people of this County and other County and District and State officers, that I am well qualified for this office, and am asking you to return me to this office strictly on my past record and qualifications as your District and County Clerk."

[Pol. Adv.]

Finley stated. to the all-important office upon the merits of her past efficient service rendered to the people of this county, and states that she will, if returned to the treasurer's post, endeavor to execute the duties of the office as efficiently in the future as in the past; soliciting the vote and influence of every person in the county.

A MOST SENSIBLE RESOLUTION

Among your New Year's resolutions, you could not reach a more sensible conclusion than to resolve to prepare yourself for a nice position in business.

From all accounts, there is going to be a period of reconstruction that will tax the capacity of private business. The whole world is going to have to be converted from war to peace. The markets are bare of practically all the necessities of life, not only here but abroad as well. Our country will be the bread basket of the world; not only that, but billions of dollars will be spent here in re-adjustment, rebuilding, manufacturing of all the things we enjoyed before the war and new products also.

Millions of automobiles, tires, refrigerators, radios, washing machines, electric irons, toys, and almost everything imaginable will be needed, and America has the ingenuity, the means, and brains to do it.

Young men and women have a definite place in this world-wide scheme of things if they are properly prepared. Business, of course, has its place in this broad picture; therefore, thoughtful young people will sense this situation and begin now to prepare themselves. We do not know of a better place to get a sound economical business training than at The Tyler Commercial College, Tyler, Texas. For forty years, this well-known school has been serving the public by turning out well-trained young men and women for business. Write them for their catalogs today.

**An EMPTY TIN CAN
 and a spoonful OF GREASE**

Are Mighty Weapons in this War!

Superiority in the air... the prerequisite to victory on the battlefield... can only be attained by the use of hundreds of planes, bombers and fighters. These planes must be armed. The fighter must have thousands of rounds of machine gun bullets; the bomber must have bombs, fifty pounders or block-busters.

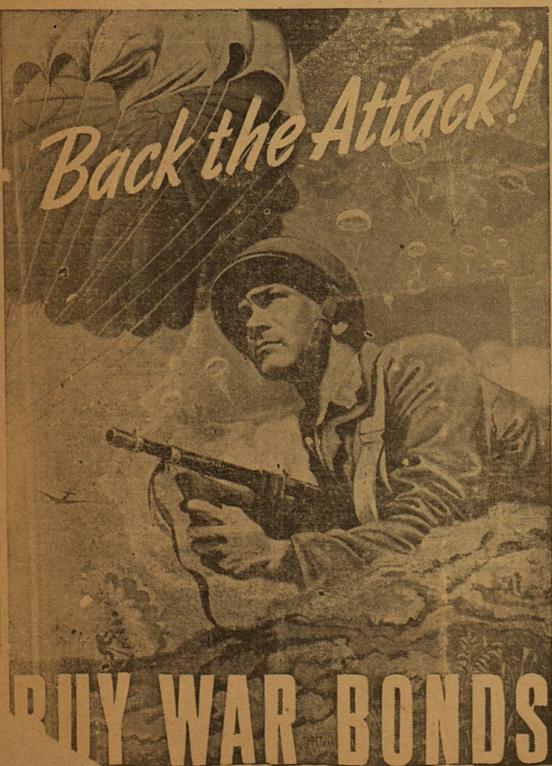

YOU, an American housewife, can help arm these planes. The spoonful of waste grease you pour into the empty tin can is a mighty weapon of war. The grease you save and sell to your local grocer goes into the making of nitroglycerine... the basic explosive used in bombs and bullets.

Our job here at your electric service company is to furnish the power that turns the wheels that makes the planes that carry the bombs and the bullets which your kitchen helped to furnish. The job of producing planes to secure and maintain superiority of the air is a job that only American industry backed by power produced in business managed, privately owned electric companies could accomplish.

Seven-eighths of all power used in war production is produced by companies operating under the American system of private enterprise.

RED CROSS WORKERS HAVE COMPLETED 82 GARMENTS

A total of 82 garments have been completed by local Red Cross knitters, according to Mrs. Luke Robinson, who is in charge of this department. These garments included 50 khaki sleeveless and long sleeve turtle navy sweaters; 19 pairs of gloves and 13 army navy mufflers.

Mrs. Robinson stated that more garments might have been completed had the yarn been available, but materials have not been easy to get, and are out at the present. When more thread for knitting arrives, the chairman has a faithful number of approximately 40 knitters who are ready to do their share.

NOT EVEN WINTER'S BLASTS CHECK THEM

The chilly winds of winter does not keep Schleicher county soil from producing vegetables, of all shapes, sizes and kinds. Proof of this has again been demonstrated by Mrs. Frank Spencer, who brought into this office a perfect cabbage head weighing 2 pounds, 15 ounces, and removed from the stalk on Jan. 4.

The cabbage is firm, excellently shaped and is just another example of what our good black land soil will produce at any time and any season.

'Flu' Epidemic Has Area In Grasp

By MRS. ANNIE DICKENS
"Flu" seems to be the main topic about town this week. Sneezes, sniffles and coughs greet one on all sides, and the general question is "Have you had the 'flu' yet?" or, "How are you feeling after your attack?"

Seriously, influenza has attacked the county in full force, and from all accounts and the number of sufferers reported, has almost reached epidemic proportions.

According to many who remember the serious epidemic of 1918, the attacks are very similar to those which gripped the country during World War I, with fever running high, harsh coughs, nausea and general weakness. However, there the similarities end, for unlike the epidemic of '18, fatalities now are low, and death from the disease itself is almost unheard of, since medical knowledge of the disease is much improved and the use of the sulphadiazine drugs have proven a great development in combating it.

According to a physician's statement, there is no way one can avoid taking the "flu", and the only precautionary measures one can take are to avoid crowds, get plenty of rest, and exercise, drink lots of water and eat lightly.
