MEDITATIONS

By The Editor

Week by week we are requested to send more and more papers to boys overseas. Now, what we want is for more and more boys in army camps over the world to write us short letters about themselves that will pass the censors. Nothing gives us more pleasure than to receive these letters. In fact, we want some of not too personal a nature that we can reprint. This request applies to boys in camps this side of the pond, too.

Just about the happiest moment of our life was experienced last Thursday when late in the evening we were called long distance, advising us of a cablegram received from the Red Cross in Hamburg, Germany, informing us of the safety of Lieut. Robert L. Taylor, who was reported lost in action over Hamburg, July 25 while on a bombing mission. It gives a thrilling sensation to know that a loved one is still alive despite the fact they are held captive of the German government.

Believe you me, we enjoyed a real dinner this last Sunday. We fooled one of those good Baily Ranch ladies and accepted an invitation to go out and have lunch with her and the ranch boss. Out we went to the L. Kent place and took our family, after lunch we had to take a nap, naturally. Then, when we awoke it was time for the evening meal. We complimented Mrs. Kent upon the splendid meals and lo and behold, she made us bring our Monday dinner home. She simply can't be outdone.

From Camp Canol, Northwest Territory, Canada comes a letter from L. T. (Butch) Barber, stating to this writer how much he enjoys the Success and that he had just received the issue in which was written a reply to a statement made by a California woman concerning Texas.

Elsewhere will be found an ad in this paper from him advertising for "more of the same of something" for his pal, Rusty Newlin.

HELP!

Growing more acute day by day is the housing shortage in Eldorado. Numerous inquiries come to this office seeking living accommodations. It has been weeks now since even an apartment ad has been listed. We spend much of our time and gasoline trying to be of assistance to those seeking to locate here. If you have living quarters for a couple or a family list it with The Success.

Right now a desperate situation is at hand in an endeavor to find lodging and eating places for a company of about 40 men who are to be here for a short duration of time in about 14 days.

PHILLIPS STAKES TEST LOCATION NEAR McKAVETT MONDAY

Application was also filed by the Phillips Petroleum company with the Railroad Commission to drill a proposed well on the Mrs. W. J. Callan place in the north-eastern part of the county near the Menard county line.

The test is reported to be drilled to a 6,500 feet by rotary and will be located one-half mile south and west of a location on the J. M. Treadwell ranch which the petroleum company filed an application for a permit to drill a well in June of 1942. The test was never started.

DISTRICT COURT TO RE-CONVENE OCT. 4

Fifty-first District Court convened here Monday of this week, presided over by District Judge John F. Sutton and after the jury returned three separate indictments charging wool and mohair thefts against George S. Robinson, now under suspended sentence following a trial here previously on a similar charge, and the State of Texas versus Otho Barnes dismissed on motion of County Attorney Joab Campbell after the case had been appealed and reversed in the court of criminal appeals, adjourned until October 4.

Lions' Club Host To 2-A District Governor

Directors of the Eldorado Lions club last week perfected plans for a ladies night luncheon for Tuesday evening of this week when the club had for honor guests District Governor of 2-A Ed Hackelman, of Corpus Christi, and Deputy Governor, E. C. Grindstaff of Ballinger. Other guests introduced were Mr. and Mrs. Joe Kreklow and Major and Mrs. Dave Williamson.

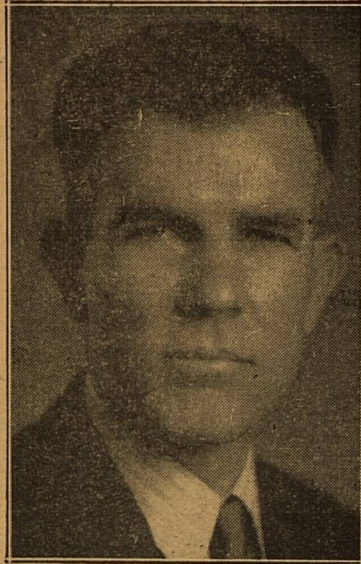

Kreklow rendered several piano numbers following the accompanying of Lion Chester Wheeler in two vocal solos. Major Williamson gave a short talk on his work in the army dealing with chemical warfare and officer and enlisted personnel. Judge Grindstaff was introduced to the audience and following a brief talk introduced Governor Hackelman, principal speaker of the evening.

The new Lions District Governor, on a tour of some 300 miles of clubs, brought to the Lions and wives and visitors progress of Lionism despite adverse world conditions and made an appeal to club members to function harmoniously with each other and to try to their utmost to perfect any undertaking regarding the progress of aiding in the war effort.

H. T. Finley, club president presided over the meeting attended by some 42 guests and members.

Major Dave Williamson Lauds Enlisted Soldiers; Frowns On Over-confidence

In addressing the Eldorado Lions Club here Tuesday evening of this week, Major Dave Williamson, former superintendent of Eldorado Schools, lauded the ability and willingness of enlisted men in the armed forces. The visiting army officer said that the enlisted men were "coming through" more so than officers, as officers were in so many cases lacking in leadership ability and training. Taking the position that he, himself was an officer, he had the right to make the statement. Major Williamson has been in chemical warfare branch of the service since he entered the army and is now on his way to an officers replacement pool in Alabama to be station at Camp Sibert, near Gadsden. He stated that he was hoping to be assigned to combat duty and was anxious to "be on his way." Further discussing his work in chemical warfare he discussed briefly some of the techniques applied in fighting with and combating poisonous gases. The likeable Major very graphically impressed the group with an admonition that we should not become to overconfident about the

certain victory that is to be ours, but fight on the home front until the day of victory. Using a World War I reminder that on the day before the Armistice there were 21,000 allied troops killed in action.

"Fight on on the home front as the fight will be carried on on the battlefield, this might save the life of a husband, brother, father or son," Major Williamson said.

Lieut. Commander Edwards Gives Account Of Plane Crash Taking Life Of Lieut. D. E. DeLong, Jr.

Lieut. Commander H. K. Edwards, U. S. Navy has released details to relatives of Lieut. D. E. DeLong, Jr., concerning his death recently in an airplane crash. The information follows:

"The crash occurred while Dave was making practice water landings in the harbor. Both he and the pilot with him were considered highly capable aviators and there is no evidence of faulty pilot technique in the crash. Statements of the survivors indicate that the plane struck an object in the water as it was taking off and immedi-

ately crashed on its nose. Lieutenant DeLong was undoubtedly killed instantly and although a crash boat was alongside within 10 seconds the plane sank in 50 fathoms of water before his body could be removed."

Memorial services were held of the Schleicher county man in the open under the trees in the squadron area with a simple impressive service. At the end the bugler played "Taps". "Knowing Dave as we did, we felt it was the way he would have wanted it," the communication continued.

WOOLEN BLANKETS ARE MADE HERE, SOLD HERE

Again Eldorado does the unusual—although it is a small West Texas town—it has a manufacturing plant, the West Texas Woolen Mills who have this week released to the Ratliff Store 100 percent woolen blankets for resale to West Texans that will keep them warm. They are of the same quality as U. S. Army blankets, except that some have seams and other slight irregularities.

BROTHER-IN-LAW OF ELDORADO MAN PASSES AWAY

Mr. and Mrs. Jerry M. Pennington attended funeral services held in San Angelo Wednesday afternoon at 4 o'clock conducted from the Johnson Chapel for Charles L. Hodges, 42.

Mr. Hodges died at 10:30 p. m. Monday in a San Angelo hospital. He had lived in Big Spring prior to entering the hospital at San Angelo.

Mr. Hodges was the husband of a sister of Pennington, local West Texas Utilities company manager.

Methodists Elect Officers For Year

The fiscal year for the work of the Methodist Church came to a close on Tuesday evening of last week when officials and members together with Dr. F. H. Hamner, District Superintendent of the San Angelo District, enjoyed a covered dish supper in the basement of the church, after which the fourth quarterly Conference was held with Dr. Hamner presiding. Reports from various organizations of the church were made and officers for the following year were elected as follows:

Trustee President and steward, W. F. Meador; other Stewards were A. T. Wright, D. E. DeLong, J. E. Hill, Joab Campbell, Mrs. Jess Koy, Sam McGinnes, G. R. Marshall, J. Ford (Continued on Page Five)

JACK WILLIAMS BUYS BOND WITH THEATRE AWARD MONEY

Jack Williams, son of Mr. and Mrs. John Williams was among first purchasers of bonds in Third Loan Drive with money he was the recipient of in Theatre award from the Lone Star Theatre last Wednesday night. The total amount received by William's after the tax deductions was approximately \$87.00. About that time the Third War Loan Drive was about to get under way and Jack decided the best thing to do was to put his money into a bond. This purchase was among the first bought in the new drive in this county.

Eagles Take Sonora 34 to 0

Coach Sutherland's Eldorado Eagles trounced the much heavier Sonora Bronco squad on the home field last week to a score of 34 to 0. "Off-side" was the penalty that frequently was called on the Eagles or a score of more than 34 would have been ironed out.

The Eagles meet the Del Rio squad there tonight for a real tussle.

FATS AND GREASES

With millions of pounds of waste kitchen fats still critically needed to meet war demands, W. M. Patterson Jr., salvage committee chairman for Schleicher County, today urged housewives to remember that even if accumulated fats become rancid, they still retain a majority of the valuable glycerine that goes into products for war.

When the Government started the waste fats collection program, it was recommended that fats be stored in a cool place pending turning them in to the butcher, so that the fats would not become rancid. It was pointed out that rancid fats become smelly, and therefore a nuisance to handle, as well as slightly reducing their glycerine content.

Some housewives, particularly in farming communities, believing that rancid fats are valueless, have not been turning them in for salvage, Patterson said. This has resulted in the loss to the war effort of thousands of pounds of glycerine that should have been processed from these fats.

The need for salvaging all waste kitchen fats is so important that housewives are urged to turn in all fats, rancid or not, and butchers are asked to accept all fats for immediate shipment to renderers. Every ounce of fat received by the renderers is being rushed into war production.

In answer to complaints that some butchers are refusing to accept collections of waste fats, Patterson said that he would appreciate reports of such. Also, butchers who have been unable to dispose of their collections are asked to communicate with Patterson or to write to the Texas Salvage Committee at Austin.

ARMY TRUCKS TO COLLECT SCRAP IRON AND STEEL THROUGHOUT THE COUNTY

Cooperating with the Eighth Service Command, Col. Glenn L. Davasher, commanding officer of Goodfellow Field, San Angelo, has ordered a mobile salvage collecting unit composed of 40 men and ten trucks to cover every street and rural area in Schleicher County for the purpose of collecting scrap iron and steel for the war effort.

The army trucks are to move into the county October 6th, according to Lt. Don K. Parsons, who was here Tuesday making preparations for the drive. Lt. Parsons, who will be in charge of the trucks, is asking all those who have any scrap to donate it to the army. All scrap iron and steel should be piled on the road before the trucks arrive.

The goal set for the county is 500,000 pounds. The army needs this scrap metal and it is vitally necessary that all citizens of the county cooperate with the armed forces in this huge undertaking.

It is estimated that in 1943 one hundred million tons of steel will be required for the war effort. Approximately one-half of that amount is scrap, with the large mills using over 150,000 tons of scrap metal a day. The shortage must be overcome by combing every ranch, farm, city street in the south.

Every piece of iron or old wornout farm implement turned in for scrap means more guns, tanks, and other needed war implements, as well as new farm machinery and new repair parts that are vitally needed. No piece of scrap should be left on the farm, ranch, or in the back yard when the drive has ended.

Lieutenant Bailey was reared in Eldorado and now stationed in Sioux Falls. Mrs. Bailey plans to leave early next week for a visit with the new grandson.

BAILEY RANCH H. D. CLUB MEETS

The Bailey Ranch Home Demonstration Club met at the home of Mrs. Bill Roberts Sept. 16, with only five members present on account of the rainy afternoon. As Mrs. Chas Sudduth told us the date for the county-wide exhibit would be Oct. 23 we each began planning to take part and help in every way to make Home Demonstration work a boon to our county.

Mrs. J. E. Spencer told us in a very interesting way how to display our Flag.

Those present were Mms. Chas Sudduth, J. E. Spencer, Bill Roberts, Lester Henderson and Archie Mittel.

"BUILDING WORTHILY IN OUR STATE," STUDIED BY W. M. U. CIRCLES

"Building Worthily In Our State" was the topic studied by the members of the Baptist W. M. U. when the three circles met Monday September 20.

The Lottie Moon Circle met at the home of Mrs. A. T. Smith with twelve members present and Mrs. J. M. Hays directing the program.

The Lena Lois Circle met with Mrs. Perry Mittel with Mrs. Gordie Alexander directing the program and seven members present.

The next meeting will be at the church, September 27. This meeting closes the church year for our work and the officers for the year will give annual reports.

Thursday September 30, the State Mission program

will be held at the church, and an offering will be taken for our state Mission work.

"WE WHO ARE AMERICANS," STUDIED IN W. S. C. S. MEETING

Mrs. G. R. Marshall reviewed the last half of the book, "We Who Are Americans" when the Woman's Society of Christian Service met Monday afternoon at the Methodist Church.

The program opened with a song, "America the Beautiful," followed by a responsive scripture reading.

Mrs. A. J. Atkins was hostess and refreshments of sandwiches and punch were served to Mms. G. A. Neill, Ben Hext, J. E. Tisdale, Ben Isaacs, F. B. Faust, J. F. Isaacs, O. E. Conner, W. H. McClatchey, Keno Ogden, Frank Van Horn, Marshall, and Miss Tom Smith.

Mr. and Mrs. Robert Milligan and their daughter, Mrs. E. H. Topliffe, her husband and daughter of Baytown, visited in Ozona the first of the week with Mrs. Stephen Perner and her father, C. C. Doty. They report that Mr. Doty is in a critical condition, due to a fall he received recently. In the fall, which happened while he was left in the room by himself for a few minutes, he suffered a severe gash about the head. Mrs. Milligan reports that he would be glad to hear from his friends here.

Eldorado Divide Soil Conservation District News
 REPORTED BY DISTRICT SUPERVISORS

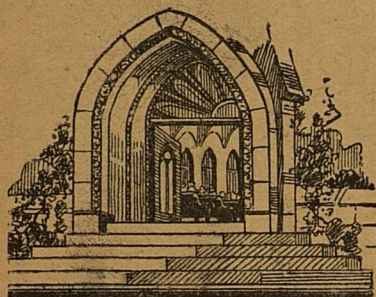

With the harvesting season in full swing members of the Soil Conservation Service staff assisting the District have been making several yield checks to determine the value of various conservation measures.

Small plots of cotton and grain sorghum are harvested in the area above terraces which filled up in the fall rains of 1942 and the May rains of 1943. The yields of similar plots which were above the area covered by water, and only received benefit of the rainfall held by true contour tillage.

Although the studies are not completed, indications are that areas benefited by water above terraces will show approximately 25 percent increase in grain sorghum yields and 15 to 20 percent increase in cotton this year.

Hugh McAngus reported a yield of 2000 pounds of threshed maize per acre on an area entirely enclosed by a circular terrace. This yield shows what can be done,

even in a dry year, when water is held where it falls.

Bob Faught recently combined some Double Dwarf maize for B. E. Moore which yielded 1600 pounds of threshed grain per acre. Bob stated that it was the best upland field of maize he had harvested this season.

Level, closed end terraces, together with true contour tillage held the water that produced this good yield.

The scarcity of labor has prevented many ranchmen from continuing their pearling program this year. Ranchmen who have used his range-improving practice this year include Milton Baugh, Carrol White and Truett Stanford.

WITH THE MEN IN SERVICE

San Juan, P. R., Sept. 20—Granville B. Kerr, an Eldorado rancher for 12 years, has been promoted to the rank of technical sergeant in the Army Air Forces, it was announced here today at Antilles Air Command headquarters.

Entering the Army November 1, 1940 in San Angelo, Sgt. Kerr was assigned to his present overseas unit September 1, 1941 and now is stationed at one of the West Indies air bases guarding the vital approaches to the Carribbean area. He earned his corporal's rating in February 1942, was promoted to the rank of sergeant in June 1942 and was elevated to staff sergeant in June 1943.

Sgt. Kerr, who operated a ranch with his father at Eldorado, was born September 9, 1910 in Brady, Texas, the son of Mr. and Mrs. Louis B. Kerr. He was graduated from Eldorado high school in 1929 and attended Army Air Forces technical schools at Scott Field, Ill. and at his present West Indies air base.

Planes of the Antilles Air Command, of which Sgt. Kerr is a member, fly daily patrols over an area extending from the western tip of Cuba to the equatorial belt of South America, an area seven times that of Texas.

Palm-fringed AAC air bases are located strategically on small volcanic islands and in the midst of Caribbean jungles forming a protective barrier for the vital gateway to the three Americas.

HE'S AN AMERICAN SOLDIER.

Some day, if God is with him, he'll come home.

And when he does, you'll get the biggest thrill of your life if you can look him squarely in the eye and say, "I couldn't help you fight—but I did everything in my power to help you win!"

There's only one way you can say that... honestly say it. And that is to help him win now... when he needs all the help you can give him.

Today's particular job for you is to scrape together every dollar you can—and buy an *extra* \$100 worth of War Bonds! That's *your* job in the 3rd War Loan!

It's not enough to buy your regular amount of Bonds. It has to be *more*. It has to be an *extra*

buy—a little *more* pressure for the shoulder that's against the wheel.

REMEMBER THIS—you aren't *giving* your money. You're *lending* it to the government for a while. And you're making the best investment in the world.

drilling site to accommodate the moving of equipment to the deep test well that a contract is reported to call for a depth of 6000 or more feet. Sublease for drilling has been let to the Lario Oil and Gas Company, A. N. Griffith of Midland is to be production superintendent and a Mr. Roberts is to be drilling foreman, according to information given to a Success reporter.

Lone Star Gas Co., is delivering from the Cooper wells on the Page place through a 45-mile 8-in. line an approximate daily potential of 180 million cubic feet of gas from five wells. This furnishes fuel for the West Texas Utility electric and generating and water pumping plant at San Angelo.

The lone oil producer in the field, Cooper Gas Co. No. 1 C-30 Page, C NW NE 30-L-GH & SA, is the most southeasterly well. It was finalized June 24, 1939, with a daily potential of 259.2 barrels of 42 gravity oil from 5,730 to 5,746 feet the total depth. The oil is delivered to Shell's nearby pipeline.

The new test will be an offset to most northwesterly producer on the Page place.

Leasing in other parts of the county is reported active, but those in charge decline to reveal information concerning location and prices.

An oil writer in a daily paper Sunday released the following information concerning the leasing of the Henderson property: Globe Oil & Refining Co. on June 21, 1943, purchased from Tom R. Henderson 10-year commercial leases on 11,055.74 acres at an annual rental of 50 cents an acre plus a cash bonus.

Friends are glad to know that Tom Pottor is able to be up and about again after undergoing an appendectomy recently.

DO YOU WANT TO GO TO BUSINESS COLLEGE?

This newspaper has made arrangements with that well-known business school, Tyler Commercial College, Tyler, Texas, whereby we can obtain for you a scholarship valued at one hundred dollars and save you a few dollars. We have known of this school through the years; in fact, it is one of the outstanding business training schools of this country. This school is approved by the Texas State Department of Education, a compliment very few business schools enjoy. That fact alone assures you that their courses are standard, that they are ethical in their dealings, and you are assured of the very best in business training. So many recent high school graduates went out of high school into defense jobs and few, if any, took business training. When peace comes, there is going to be a great shortage of well-trained young people for responsible places in business. This war will come to an end soon, we hope, then it is going to be the "survival of the fittest." We think now is an ideal time for young people to plan ahead and prepare themselves well for post-war activities. The better trained will be retained and the others will be washed out.

If you are interested in attending Tyler Commercial College, we have a scholarship we can deliver to you when you are ready. In the meantime, write to the school and ask for one of their catalogs. Just address Tyler Commercial College, Tyler, Texas, and get their catalog and come by our office and make arrangements for a scholarship.

T. P. Robinson, Jr., and Ollie Alexander Jr., who are attending John Tarleton college, are visiting home-folk this week.

MISS GENEVIEVE RAMSEY HONORED WITH GIFT TEA

Honoring Miss Genevieve Ramsey, daughter of Mr. and Mrs. Seth Ramsey of Fort Stockton, members of the Woman's Society of Christian Service, entertained with a gift tea Tuesday afternoon in the reception room of the Methodist Church. Miss Ramsey's engagement and approaching marriage to Lt. John Karl Koschak, Jr. of Galveston was announced recently at Fort Stockton. The wedding is to take place Saturday evening, September 25 at 8:30 at the University Methodist Church in Austin.

Mrs. Luke Thompson was at the bride's register and Mrs. Dave Williamson served punch and cookies from a lace covered table centered with a bowl of tiger lilies and queen's wreath. Mrs. F. B. Faust played piano selections during the tea hour.

A patriotic color scheme was carried out in other decorations with red, white and blue bunting used on the piano and reception table which was also centered with a group of Allied Flags.

Seated before a background of the national colors were the honoree, her grandmother Mrs. J. D. Ramsey and Mrs. Howard Mebane. The program included a musical reading by Mrs. J. M. Hays and a musical skit, "Childhood Memories," with Miss Mollie Turner at the piano, violin music by Patsy Ballew and the vocal accompaniment by Mrs. Hays, which included the songs, "Childhood Memory" and "Let Me Call You Sweetheart."

The honoree was presented with a note which read "Please be ready to accept an air mail package which will arrive in the immediate future," followed by the presentation of a large number of gifts.

Wright's Cash Store

Notions — Groceries — Shoes

We find it more difficult each week to secure cured meats, especially bacon. This week another packing house has withdrawn from this territory when the West Texas Packing Company quit. We will continue to try and get the most and best for our trade but it must be proportioned in small bits if all are to share alike.

CAKES—

We have a nice assortment of cakes for this week's trade, and if you will shop early you may share in these if you desire any.

Corn Sugar or DYNO—

We have several boxes of corn sugar or Dyno. If your sugar is running short, you have several days to go yet on your No. 14 stamp.

DYNO No stamp required ----- Lb. 23c

Toilet Preparations—

We have quite a few toilet preparations that are used daily in the home. See our Notion Counter for these articles. We may have what you want.

We are always in the market for fat calves and hogs. Our prices: for calves 22 1/2 cents per pound; dresser meat and 21c per pound for dressed hogs. See me for further details.

We have plenty groceries to sell without buying rationed goods. You can live without stamps, but stamps are necessary for rationed goods.

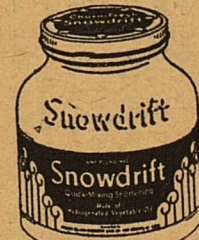

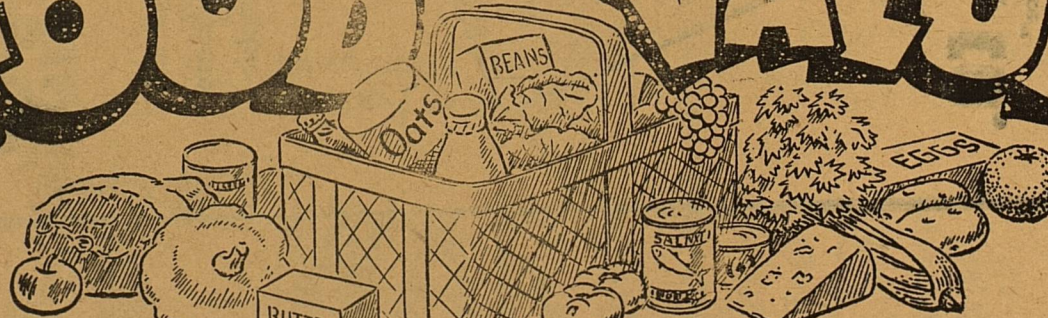

Daughter to Jeffersons

Mr. and Mrs. Barney Jefferson are the parents of a baby daughter, born Sept. 20 in a San Angelo hospital. The young lady weighed 7 pounds 10 3/4 ounces, and has been named Carol Ann. Mother and baby are both doing fine and Barney is gradually getting back to himself again. The Jeffersons have one other child, a son, Barney Lee, Jr.

Crouch's Parents of Girl

Mrs. Jerry Crouch and infant daughter, Jan, were moved to their home here from a San Angelo hospital Saturday. The little daughter was born September 10 and weighed 7 pounds 14 ounces. Both mother and baby are doing fine. Mrs. Crouch is a sister of Mrs. John I. Jones.
