ELDORADO, SCHLEICHER COUNTY, TEXAS, FRIDAY, APRIL 9, 1943.

NUMBER 13.

COUNTY QUOTA SET IN SECOND LOAN

MEDITATIONS

By The Editor

What are we yelling about—no one is shooting at us!

This might be a good start for this column this week when it is learned of the amount of money that is to be raised this month in the Second War Loan Drive.

For further emphasis and thought about our freedom for which we are fighting, we would like to reprint in this column a poem taken from the Brady Standard last week.

CENSORED

Can't write a thing
The censors to blame,
Just say that I'm well,
And sign my name.

Can't say where we sailed from
Can't mention the date,
Can't even remember
The meals that I ate.

Can't say where we're going,
Don't know when we'll land,
Couldn't inform you,
If met by a band.

Can't mention the weather,
Can't say if there's rain.
All Military secrets
Must secrets remain.

Can't have a flashlight
To guide me at night,
Can't smoke a cigarette
Unless out of sight.

Can't keep a diary
For such is a sin.
Can't keep the envelopes
Your letters come in.

Can't say for sure, folks
Just what I can write.
So I'll call this my letter
And close with "Good Night."

VISITS SISTER HERE EN ROUTE TO CALIFORNIA

Lt. Ralph W. Swindle en route from a United States Navy post in Atlanta, Ga., to Mather Field, Calif., landed his plane at Good-fellow Field, San Angelo, and spent Monday night with his sister, Mrs. J. M. Hays and Rev. Hays.

Rev. and Mrs. Hays, accompanied by Mrs. Dura Swindle, mother of Lietu. Swindle and Mrs. Hays, met the flyer in San Angelo Monday.

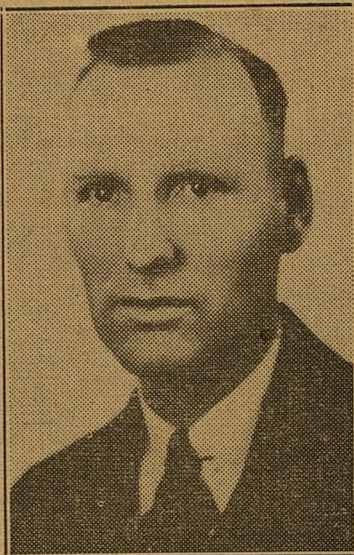

Although Lieutenant Swindle is in the Army Air Corp, he was sent to the Naval post in Atlanta for special training in instrument flying. On his return to Mather Field he will continue as a navigation instructor.

Five Men To Leave Monday For Service In Armed Forces

Schleicher County's Drafted quota for April will be filled when five men will leave Eldorado Monday, April 12, for induction into the armed forces.

They are, Mart Jolly Sample, nephew of Mrs. Tom Johnson; Woodrow Wilson Page, son of Mr. and Mrs. Bert Page; Chester Nicholas Dameron, son of Mr. and Mrs. L.R. Dameron; Salomon Torres, and Antonia Valesus Martinez.

Elected Mayor

Shown above is Leslie L. Baker, who was elected to the office of mayor for the City of Eldorado in an election held Tuesday of this week.

Light Voting In City Election Held Tuesday

Voting was light in the city election held Tuesday for the electing of a mayor and three aldermen. Only 36 votes were cast. Three names were entered on the ticket for aldermen, and these three being elected.

For mayor, Leslie L. Baker, local banker, went on the ticket unopposed in that bracket.

Aldermen are: H. E. Finnigan, W. J. Humphrey, and Jess L. Thompson.

W. N. Ramsey was acting election official.

Presbyterians To Have Guest Speaker Sunday Morning

Dr. R. P. Richardson, returned missionary from China, will be a guest speaker at the Presbyterian Church Sunday morning, Rev. J. Kelly Neal, local pastor announced this week.

Dr. Richardson has only been in the United States for a few months, returning home on the Gripsholm with many other missionaries from the Orient.

Topic for the visitor's talk will be on his work in the Orient.

DAUGHTER OF LOCAL MINISTER NAMED ON L. S. U. HONOR ROLL

The Success has just received notification that Miss Libby Ann Faust, daughter of Rev. and Mrs. F. B. Faust of Eldorado has attained the honor roll of the Louisiana State university college, Baton Rouge, La.

Dr. E. B. Roberts made the announcement and stated a student must have a "B" average or better for work done in the semester in order to attain this distinction.

Miss Faust was one of 88 students named to the honor roll.

BAPTIST MEETING OFF TO GOOD START

Dr. G. B. Bradshaw, visiting evangelist, and Rev. J. M. Hays, local pastor, this week expressed their appreciation for the interest and attendance at the revival meeting, which started last Sunday morning at the First Baptist Church.

Dr. Bradshaw, state evangelist of McKinney, Texas, is to be here to hold services twice daily through Sunday, April 18. A cordial invitation is extended to the public to attend the services.

WITH THE MEN IN SERVICE

Pfc. J. C. Miller of Camp Adaire, Ore., in the Infantry Division arrived Wednesday for a four-day furlough and visit with his parents, Mr. and Mrs. M. J. Miller.

James (Curly) Hays, a well-known West Texas athlete, and a former resident of San Angelo, but now employed by West Texas Utilities in Abilene has been commissioned an ensign and is to report to Dartmouth University this week for training, is a nephew of Mrs. E. H. Coulter of this city.

Hays has pitched softball for a club in Eldorado at one time.

Former Eldoradoians Mr. and Mrs. Carl Reagan, now of Denton, recently notified friends here their son, Rudolph, who is with the U. S. Coast Guard, is attending an officers training school in New York City. Upon completing this course he will be a second class petty officer.

Pfc. Jack Jones (Mousie) of Camp Wolters, Mineral Wells, arrived Thursday for a three-day furlough with his parents, Mr. and Mrs. T. K. Jones.

Pfc. Albert McGinnes left this week to report to his camp at Harding Field, Baton Rouge, La., after having been off duty for some time on sick leave, which time he has spent here with his parents, Mr. and Mrs. Sam McGinnes.

Mr. and Mrs. M. J. Miller, Sr. received a letter from their son,

Pvt. M. J. Miller, Jr., who is serving somewhere in North Africa, with the Heavy Coast Artillery. The letter was written March 8. Pvt. Miller reported that he was doing fine.

Mr. and Mrs. L. R. Damron are in receipt of a letter from their son, Cpl. Robert Jack Damron, stating that he had been made a Sergeant. Sgt. Damron is stationed at Camp Maxey, Texas. He formerly lived here but entered service from Eden, Texas, in August, 1942. His wife is employed at Eden.

Pvt. Ernest Sweatt, Jr., who is a mechanic in the Air Corps at Hobbs, New Mex., is spending a fifteen-day furlough with his parents, Mr. and Mrs. Ernest Sweatt, Sr., and other relatives and friends.

Mrs. E. H. Sweatt has received word that her brother, Willard Newlin, has been promoted to the rank of Corporal. He is Company Clerk in the Army at Normoyle Ordnance Depot in San Antonio.

Karl Kerr, U. S. Army, notified his mother, Mrs. Beulah Kerr that he had landed safely somewhere across the Pacific.

Pvt. and Mrs. J. T. Kerr, Mr. and Mrs. Bud Kerr and Corporal Howard Belcher of Childress, visited last week with Mrs. Belcher's mother, Mrs. Rutha Boyer. The men are serving in the Air Corps at Childress.

Success Editor Sees Eldorado From Air Through Courtesy of C-B Ranchman Sunday Afternoon

Sunday afternoon The Success editor was honored with a visit of H. Leslie Jones, who with his mother, Mrs. Carmilla B. Raggio, operate the C-B Ranch, nestled in the beautiful country at the head of the San Saba River near the eastern border of Schleicher County. The ranch proper has a historic background that within itself could furnish material for a book of unlimited size, and which someday, we hope to visit and learn as much of its background and history as possible.

Mr. Jones, a progressive-minded man, and one who tells the world that he is glad to be a citizen of Schleicher County, is also an airplane enthusiast, operating his own port and maintaining his private plane, a beautiful Waco bi-plane in excellent repair, and on which an attractive color scheme is carried out in the designing of the ship, with the body in red and black trimmed in gold.

Upon invitation to "see Eldorado from the air," we accepted, and immediately we were ready for the take off. Heading into the headwind which made the flight slightly rough, we climbed to an advantageously suitable height for view, then circling southeast around town and coming over the residential section, continuing to

circle and fly, a beautiful sight was to be seen as "from up there" the greenish hue of spring foliage intermingled with visible landscapes made a spectacular sight. Upon going back toward the landing field, another circle of broad expanse was made to the north, and in taking this course a more enchanting sight was beheld as visible tilled blocks of land appeared as though the most skilled architects and designers had employed their skills to create indescribable touches of beauty on "The Divide". We have flown over the timberlands of Louisiana and Eastern Texas, the Texas and Oklahoma Plains, and the Bad Lands of New Mexico, but we never hope to see a more beautiful sight than we saw Sunday afternoon. Cattle and sheep in the green pastures; the beautiful landscapes and the little city at this particular time of the year, together with the freshly tilled soil, made the trip one worthwhile to witness indeed.

Climaxing the flight, Mr. Jones set the ship down again at the local field in a very commendable landing, and we congratulate him upon his skill in handling the craft.

Thank you, Leslie H., for a very enjoyable and appreciated flight.

Lions Club To Sponsor Egg Hunt Sunday, April 25

Announcement was made this week that the Eldorado Lions club will sponsor the annual Easter egg hunt for children. A committee is now at work making special plans for the occasion which is to be held on the courthouse plaza and the adjoining block on the north. Age limits will be reduced for participants this year due to the scarcity of both candy and hen eggs.

Request was made for those who have eggs they will donate for the event to leave them at any of the grocery stores and they will be picked up and dyed and prepared for hiding.

Details of the hunt will be published as soon as it is definitely decided on whether or not the various churches will join the group in the egg hunt, confining the occasion to one place for all the various hunts held heretofore separately. Several persons representing various churches have voiced their opinion that they wanted to join the Lions hunt, this being satisfactory with the club, and details are being worked out to this end.

4-H'ers Brought To Close Mobilization Week Friday

The 4-H'ers, their parents and friends of the county, brought to a close 4-H Mobilization week with an assembly program at the local high school auditorium Friday, April 2 at three o'clock.

The program was opened with a sing-song which added zest to the afternoon's affairs. As one famous general has said: "You can't lick a singing army," so the 4-H'ers are helping to bolster the morale of the nation with song as well as being the "soldiers on the home front, fighting the food battles for all of us."

Two numbers were rendered by the band; a style show and a "team demonstration on the use of cottage cheese."

A skit, "Uncle Sam's Worries," was enacted by members of the various 4-H Clubs, with extemporaneous responses from various youngsters on The Part They Would Play in Seeing That Uncle Sam Was Supplied with all the scrap metal, food growing, poultry raising along all lines, and many other things in which they might aid in the war effort.

At the close of the program, a basket lunch was spread on the Court House Plaza in which approximately 200 people participated.

Schleicher County is to be commended on the progress being made in the 4-H and home demonstration club work under the direction of County Home Demonstration Agent Miss Mary Lewis.

Production slogan for the 1943 4-H movement is "I'll try to feed and clothe a soldier and myself."

State and local authorities have stated that interest as well as enrollment has increased 100% in Schleicher and it is hoped achievements will be equally as high in percentage.

PARENTS OF SON

Mr. and Mrs. Cecil Meador are the proud parents of a baby boy born Saturday, April 3, at the St. Johns Hospital, San Angelo. The baby weighed 8 pounds, 2 ounces. Mother and baby are doing fine.

Final preparations are this week being made in the appointing of committees to carry on the huge task of raising \$71,000 in Second War Loan Bonds this month. Only about 20 days is allotted to raise this amount which is the quota assessed Schleicher County. Thirteen billion dollars is what the nation must raise immediately to carry on to the unconditional surrender of our foes.

It was announced Wednesday that J. E. Hill had been appointed chairman of the War Finance Committee of the county. Johnny F. Isaacs is chairman of War Saving Committee. W. O. Alexander is chairman of the Victory Fund Committee.

Emphasis cannot be stressed too strongly on the early purchase of these securities. This is in no sense of the word a donation, but an investment which has to be made by those who are able to do so. Too, it means that many are going to have to sacrifice in order that they may purchase small amounts.

This however, will be much more easily done than raising funds for bomb shelters, which we might have to do if bonds are not purchased. Then there are our men in the midst of battle and preparing to enter, who must have fighting equipment, medical attention, supplies and a thousand and one other things which our loans will help supply.

Eldorado merchants, county officials and individuals from various walks of life have helped to sponsor a full page ad to be found in this issue of The Success. We urge you to read every word of it and then begin preparation to buy the type of securities best suited to your needs. Other business establishments also are inserting ads in this issue to impress the urgent need for these purchases.

"Go to the bank now, or to a committee member and purchase these securities in the amount that you can afford," say officials in charge of the drive which begins April 12 and ends April 30.

Little Interest Shown in Saturday Trustee Election

Saturday's school trustee election saw a light vote cast here, reflecting that little interest was shown in the event. Only some forty-four ballots were cast it was reported the first of the week.

The official ballot carried four candidates' names, with three to be elected. Those on the ballot were S. M. Oglesby, Jr., M. J. Wade, J. H. Mace and W. R. Bearce.

Expiring terms were for W. R. Bearce, M. J. Wade and Eldred Roach. Mr. Roach declined having his name re-entered on the ballot. Result of the Saturday election was the election of Oglesby, Bearce and Mace.

The trustee personnel now includes J. W. Lawhon, Jr., T. K. Jones, J. W. Hoover, Jess Koy and the three elected in the Saturday election. Terms for Lawhon, Jones, Hoover and Koy will expire next April.

W. N. Ramsey was presiding judge of the election.

A large optical company has turned over to the government its speedy machine method of grinding precision lenses. The machines eliminate the previous slow grinding of lenses by hand.

American People Face Acid Test in Treasury's 2nd War Loan To Raise 13 Billion Dollars in Three Weeks

The Nation Dare Not Fail in This Greatest Financing Task in History—"They Give Their Lives—You Lend Your Money."

Washington, D. C.—Coming as it does upon the heels of income tax payments, the people of America will face an acid test this month when the Treasury's Second War Loan drive opens April 12 with an objective of thirteen billion dollars to be raised through sale of Government securities.

A substantial part of this huge financing, the most stupendous ever undertaken by any government in the world's history, must be loaned by people in ordinary walks of life.

High Government officials have pointed out that the nation must not fail in this duty to our men on the battle fronts who are now carrying the offensive to the enemy at every stage. It is obvious to every thinking man and woman that as the United Nations take this offensive against the dictators, the cost of war operations increases in proportion.

The American people must no longer think of war costs in terms of equipping a soldier, building a tank or plane or a ship. We must now think in terms of the cost of battles, invasions and new offensives. Attacking armies cost more money than equipping that army and we must meet that increased cost by buying more War Bonds and Second War Loan Securities.

They Give Their Lives.

It is not only necessary that the American people left here at home assume this additional participation in the war effort—it is an honor to do so . . . for we here at home can do no less than attempt to approach the sacrifices of our brave men out on the fighting fronts to whom the last great measure of sacrifice is but a daily offering. They give their lives . . . we are asked only to lend our money.

And that is the theme of the Second War Loan, "They Give Their Lives—You Lend Your Money."

Financial experts who know monetary conditions in the nation point out that at the present time there is in liquid funds, cash and commercial bank deposits over and above taxes and present investment in Government Bonds, and over and

above what can be bought this year because of restrictions and rationing . . . approximately 40 billions of dollars which should go into Government Bonds.

It should be the objective of every American to invest these loose dollars, idle dollars, in Government securities, not only from a patriotic standpoint, but from the standpoint of their own financial security. There is available during the Second War Loan a type of Security to fit every pocketbook.

Are Wild Dollars

Every dollar of these forty billions of dollars available, which is not invested in Government securities during this War Loan Drive is a "wild" dollar which, together with its mates, will tend to increase inflation. Uncontrolled inflation might raise the cost of living to a point where the dollar is worthless. It can happen. It happened in Germany after the last war when the price of a loaf of bread cost more than an annual wage.

Invested in Government securities, your dollar will work for you. It will hold down inflation because it is harnessed in war work; it will help buy food, transportation, munitions for our boys on the front lines and it will be earning interest that, together with your original loan, will come back to you later to help you buy the things you cannot buy today . . . to insure your peace of the future.

Remember those boys out there . . . in Tunisia . . . in the South Pacific . . . They give their lives—You lend your money.

One hundred pounds of scrap fats and oils can be converted to more than six pounds of glycerin, then to nearly 15 pounds of nitroglycerin.

Newly designed lifebelts, to guard the lives of U. S. troops aboard transports, are worn night and day. They can keep the heaviest soldier afloat indefinitely.

"They Give Their Lives—You Lend Your Money"

I Give You Texas

By BOYCE HOUSE

Thought for the day:
"I live for those who love me,
For those who know me true;
For the heaven that smiles above me
And awaits my spirit too;
For the cause that lacks assistance,
For the wrong that needs resistance,
For the future in the distance,
And the good that I can do."

Loan shark forces—desperate at the 16-6 vote by which Senator Weaver Moore's bill passed to engrossment—are making the unfounded claim that small town bankers would be injured, although the bill recognizes the service charge for small loans as authorized in the new banking law, which was approved by Texas bankers. That small town banks have nothing to fear from the Moore bill is shown by the fact that both Senators who are small town bankers have voted for it consistently. The bill gives the Attorney General, county and district attorneys the right to ask for a district court injunction against loan sharks, many of whom are charging 240 per cent interest and more and are victimizing war plant workers and soldiers.

Can you remember Bryan and "free silver"? Then maybe you will recall "Coin" Harvey. He wrote a little book on the money question, hence the nickname, and the booklet had a circulation of several million copies.

My acquaintance with Coin Harvey was not nearly as far back as '96, however. It was in 1925, when he had settled down in the pretty little town of Monte Ne, Ark., up in the Ozarks, and was running a tourist hotel—and was building a "pyramid to civilization."

He explained that forces were likely to wipe out this civilization, just as the civilizations of Chaldaea, Assyria and Egypt were destroyed.

"The lore of these ancient peoples was carved on stone or baked on tablets of brick whereas ours is on paper," Harvey declared, "and so our science, literature and history will be lost because of the flimsy material on which it is recorded."

Therefore he proposed to store, in an air-tight chamber, copies of the most important books as well as miniatures of our inventions, so that the automobile, the train, motion pictures and other products of this age would not be lost to a future epoch as were many of the discoveries of the ancients.

We visited the site of the pyramid. Construction of the base was in progress. Harvey estimated that it would be several thousand years before the structure would

be completely covered by erosion and, against that day, he would have a brass tablet on top of the pyramid, urging the finder to dig.

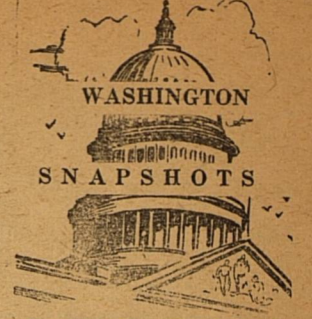

Your columnist thought it was all just a publicity idea or perhaps that its originator had become a little unbalanced. But in view of the insane schemes of Hitler and Hirohito for universal conquest, "Coin" Harvey's spirit may be murmuring today somewhere beyond this world, "Who's crazy now?"

Down in Austin, where this observer is at present, a highly interesting investigation is under way by a House of Representatives committee into the complicated situation wherein the Guadalupe-Blanco River Authority (after having filed three lawsuits) agreed not to block the City of San Antonio from buying the system of the San Antonio Public Service Company provided the city would turn right around and lease the main power plant to the GBRA—and, when this was done, the GBRA immediately leased the plant to the Lower Colorado River Authority for a guarantee of \$250,000.00 a year for 30 years. Thus, the GBRA, without spending a cent, made at least \$7,500.00. Now the question is, Why did the GBRA have to come into the picture at all? Why couldn't the City of San Antonio have dealt directly with the LCRA and thereby have saved this \$7,500,000? More, perhaps, about this later.

TO PRESENT PUPILS IN PIANO RECITAL

Miss Mollie Turner announced this week that she will present a group of pupils in recital Sunday April 18, 3 P. M. at the Presbyterian church, to which the public is cordially invited.

Programs for the event are being arranged and will be printed in The Success next week.

By JAMES PRESTON

Many members of Congress believe that the Administration's Economic Stabilization program has reached a new crisis and that the next two weeks will tell the story.

The threat of organized labor to breach the "Little Steel" formula appears to be a test of the ability of the War Labor Board to stand up under powerful pressure.

An equally determined campaign to include the costs of labor in the computation of farm parity prices, as represented in the Pace Bill, will soon come up in the Senate where passage is almost certain.

Indications are that Lewis' coal strike threat and the impasse between the mine labor leaders and the operators will be referred to WLB this week.

Several Congressmen were of the opinion that if the Lewis strike threat is carried into action, there may be swift, retributive legislation—possibly along the line of the Austin-Wadsworth Compulsory Manpower bill.

The War Department, through Under Secretary Robert P. Patterson, has endorsed the Austin-Wadsworth bill as necessary. AFL President Green opposes it on the (See Washington, Page Three)

Dr. Hardson has only been back in the United States a few months. He is home on the Gripsholm with many other missionaries who left the Orient.
 8:30 p. m. evening worship. Subject for the evening sermon will be "At The Cross."

ST BAPTIST CHURCH

The Church With A Friendly Welcome.
L. Hays, Pastor
 Our meeting started Sunday with good attendance. Our service last evening was well attended.

The service was an ordination service, ordaining two of our men as deacons, and was very impressive. We are having two services daily, 10:00 in the morning and 8:30 in the evening. Dr. Bradshaw is bringing fine inspiring messages. We urge all of our people to attend every service possible. We also want everyone in our town to know they are welcome to come and enjoy these services with us. Will you not help us to make this meeting one of the best our town has ever had.

Women of the W. M. U. met in their respective circles Monday. All report a good meeting; and the study was Community Missions. We are grateful for the work the W.M.U. is doing for missions; and the emphasis they are giving to our spiritual life of our church.

I hope all of our officers and teachers in Sunday school and Training Union will get the entire enrollment to Sunday school, Training Union, and church services Sunday. Remember that our meeting will run through the 18th. Sunday School 10:00, preaching 11:00, Training Union 7:30, preaching 8:30. Come to all these services and bring someone with you.

For the past few months the Dallas District has sponsored a regular Sunday morning program over KRLD from 8:30 to 8:45 a. m. Communications from listeners all over Texas, from New Mexico, Arkansas, Louisiana and Oklahoma indicate the interest in the program and its value to Methodists of this section.

The program for the coming three months is as follows:
 April 11, Rev. Lance Webb, University Park Methodist Church.
 April 18, Dr. W. C. Childress, Ervay Street Church.
 April 25, Dr. F. A. Buddin.

AAA Offering Pre-measurement Service To Farmers

Schleicher County farmers are urged to take advantage of the pre-measurement service available for them at the AAA Office as soon as their plans for planting have been made.

This year it will be necessary to request farm operators to measure the acreage planted on their farms to crops which affect performance, and to report these measurements for acreage determinations before a visit to the farm is made by the Performance Reporter. Operators are encouraged to make these measurements before the crop is planted in order to comply with all provisions of the 1943 program.

SPECIAL ANNOUNCEMENT

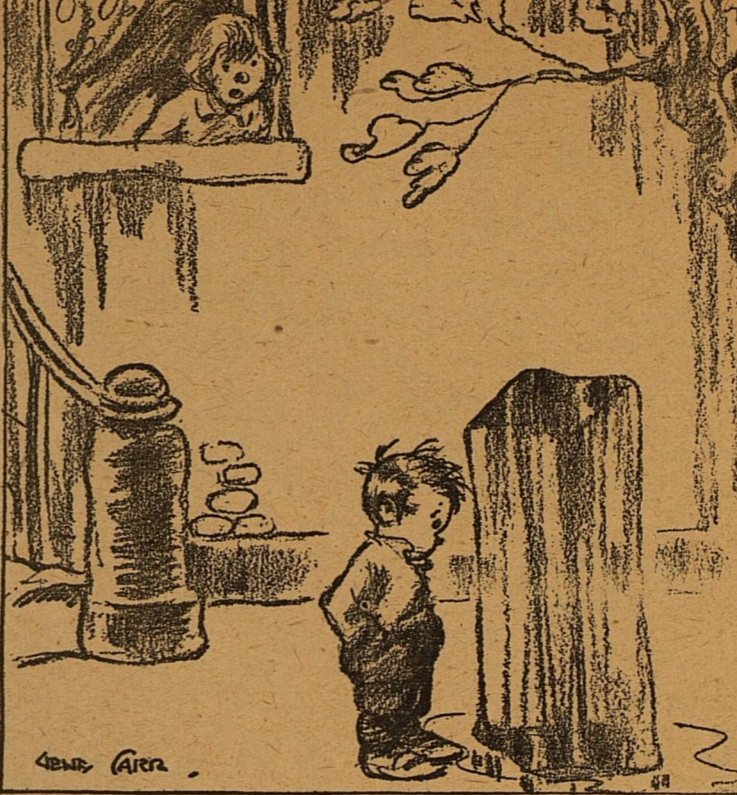

We wish to announce to those interested in a surgical dressing unit that we may be able to get one started here soon. In order to know if we will have workers enough to turn out our quota, it will be necessary to call a meeting next Tuesday afternoon at 3 o'clock at the Methodist Church, at which time they will register for the work. We are expecting a call soon for the supervisor to go to San Angelo for training, so will need this registration before they go. Those who can't attend the meeting will please have someone register for them.

Mrs. Keno Ogden.

JUST HUMANS

By GENE CARR

"Hey, You Jimmy Mullins, Come Away From That Ice. Do Y'want T'git Y'death of Cold?"

Washington—

(Continued from Page 2)

ground that it would impose the same type of slave labor conditions that prevail in Axis-occupied Europe. The President told a recent press conference that he wanted to avoid compulsory service as long as he possibly could, that he did not disagree with the War Department—but that the issue of drafting men and women for the labor force is strictly a question of "when."

From the standpoint of action, the most important development of the week was the Senate passage of a revised version of the Bankhead Farm Deferment bill which originally would have given blanket deferment to farm workers. As finally approved, the measure would direct local draft boards to defer all farm workers engaged full time in the production of war-essential crops designated as such by the Secretary of Agriculture. The measure now goes to the House, where action is expected shortly.

At the end of December 1942, according to the Civil Service Commission, the Federal Government had a total of 2,810,900 civilian employees. This is 73 per cent greater than the number employed in 1941. Biggest increases were: War Department, 770,000 more workers, or a total of 1,257,014; Navy, 57,000 more, or a total of 559,590. Civilian government workers in Washington totaled 284,068—37 per cent above previous year-end figures.

A permanent Postwar Advisory Committee which will meet with him about once a week has been set up by the President. Members are Secretary of State Hull; Under Secretary Welles; Red Cross Chairman Davies; Dr. Isaiah Bowman, President of Johns Hopkins; Dr. Leo Pasvolsky, political advisor to the Secretary of State; and Myron C. Taylor, the President's special emissary to the Vatican.

The Low-Down From Hickory Grove

I see where the jailor in Pueblo, Colorado, is hoping mad. Nothing but women in his jail—not a man—the jailor is disgusted. Our whole U. S. A.—not just Pueblo—is in a funny era. There used to be a story about North Dakota being a funny country. They said that rivers there all run north versus south, and the Irish voted republican.

Now, nation-wide we are veering toward the oddity angle and trying to run water up-hill instead

of down. Instead of being careful and keeping an eye to the future and how we will eat then, and saving for same, we been listening to the Doctor of Economics. We been following the will-o-the-wisp, as we say here in Hickory, the ignis fatuus. And not getting too far off the subject, I been reading where one of these synthetic Doctors has been recommending that we ship canned salmon to Alaska. If you wanted to be humorous, or could be, under the circumstances, you could say "that would be salmon going home to roost."

We been depending too much on the magic elixirs they been concocting. We been depending too much on snake oil.

Yours with the low down,
JO SERRA.

WSCS In Weekly Meet Monday

Woman's Society of Christian Service met Monday at the Methodist Church for a yearbook program.

Subject of the program was "The Training of Native Leadership in Latin America". Mrs. Reuben Dickens was leader.

Others included on the program were Mesdames F. B. Faust and J. E. Tisdale.

A salad plate was served by Mrs. L. Wheeler to Mesdames Barney Jefferson, G. R. Marshall, F. B. Faust, J. E. Tisdale, Ben Hext, W. H. McClatchey, Luke Thompson and Reuben Dickens.

MISS MOLLIE TURNER INSTRUCTING LOWAKE PUPIL IN PIANO

In order that she might be able to enter the National Audition of Piano Guild Recital, to be held in San Angelo in May, Elizabeth Ann Barkley of Lowake, is now taking piano from Miss Mollie Turner, local instructor, who is affiliated with the National Guild. The young lady was a pupil of Miss Turner last year when she attended school here and her parents taught at Bailey Ranch School.

Mrs. Jimmy Martin of McCamey is visiting here with Mr. and Mrs. Sam Jones and Mr. and Mrs. Bert Page and other relatives.

Mrs. E. W. Walls of San Diego, California and Mrs. Joe Gurley from the Del Rio Ranch have returned home after visiting their father, F. B. Gunn and Mrs. Gunn.

Mrs. D. E. DeLong, Jr., of Jacksonville, Fla., arrived Saturday of last week for a visit here with relatives and friends.

Entertains Daughter On Fourth Birthday

Mrs. C. L. Wheeler, assisted by Mrs. Rector Henderson, Mrs. L. Wheeler, and Mrs. L. W. Stein, entertained her daughter, Ellen, on her fourth birthday at her home with a party Sunday.

Tiny paper hats and toy balloons were used as plate favors. Refreshments of ice cream and cake were served to David Steen, Bob Ratliff, Elizabeth Ann Ballew, Barbara Ann West, Reidale West, Sally Sherdahl, Thomasine Jones, Monetta Bradshaw, Judith Ann Jones, Charles Ray Edmiston, "Boosie" Clark and "Prissy" Clark.

ATTENDING WSCS CONFERENCE IN SAN ANTONIO

Representing the local Methodist Church at the Woman's Society of Christian Service Conference in session at San Antonio this week, Tuesday through Wednesday, are Mrs. J. E. Tisdale and Mrs. L. Wheeler, delegates.

Mr. and Mrs. L. L. Baker and Mr. and Mrs. Jack Shugart and Buddy Baker were Dallas visitors Saturday and Sunday.

Mrs. H. W. Smith of San Angelo spent the day with her mother, Mrs. W. M. Bearce, Friday of last week.

Mr. and Mrs. Frank Wright and baby, Frank Edward, of San Antonio, are visiting here with Mrs. Wright's grandmother, Mrs. J. A. Whitten, and her father, B. A. Whitten.

Mrs. M. V. Deaton and children, Sybil, Dean and Jean, of Sanderson, were week-end guests of her parents, Mr. and Mrs. L. T. Wilson.

Taking The Can't Out Of Canning

AS REVIEWED BY MISS MARY LEWIS, SCHLEICHER COUNTY HOME DEMONSTRATION AGENT

Home canning is not a difficult job if the homemaker has good equipment and knows how to use it.

Getting good equipment this year may offer some difficulties because of the war-time metal shortage.

The novice can get plenty of assistance in learning how to use preservation equipment. For example: Many women in Schleicher County who have been canning for years will gladly share their "know-how" with less-experienced homemakers.

Both new and experienced canners can profit from getting their equipment in good condition early, states Miss Lewis. First, they need to check the gauge on their pressure cooker, for if this does not register accurately there is danger that the canned food may spoil. The next step is to get the petcock and safety valve clean. They can be unscrewed and washed in hot soapy water. If these parts are corroded or gummed with food particles, they can be soaked in kerosene and vinegar.

The cooker can easily be brightened and rid of odors. To two quarts of hot water add the juice of a lemon or two tablespoons of vinegar or a double handful of potato peelings. Heat this in the cooker for five minutes at five

Mrs. W. A. Russell of Brady is here for a visit in the home of her daughter and son-in-law, Mr. and Mrs. Amos Shriver and little daughter.

George Williamson of Leander is visiting his niece, Mrs. Ida Neill and nephew, Orville Connor and family, for a few days. Mr. Williamson states that Williamson County has had plenty of rain and that the prospect for bumper crops and plenty of grass is good.

pounds pressure. More serious cooker troubles may require new parts or repair at the factory, Miss Lewis says.

The supply of pressure cookers is far short of meeting the demand, and all cookers produced in 1943 will be rationed.

War-time cookers will be made of steel rather than aluminum, and will be equipped with a flat rack but no basket or pans. The cover will have a protective tin coating, while the body will be enameled. Capacity of the cookers will be seven quart jars. The agent further emphasized that these tin and enamel coatings scratch more easily than aluminum, so they must be given special care. Scratches cause the steel base to rust, and rust weakens the walls of the cooker.

"Avoid sharp blows, over-heating, boiling dry, or cleaning your cooker with hard, abrasive powders," Miss Lewis warns. Heating grease or fat at high temperatures in a tin plated cooker may cause the tin to melt, so the cooker should not be used for rendering lard or searing meat.

No shortage in glass jars or jar seals is foreseen unless the greatly expanded food preservation program causes a "run" on canning supplies. There is no restriction on the number of tin cans that may be sold to home canners.

Mrs. Margaret McLeod, Miss Chris Enoch's and mother, Mrs. Annie Enoch's were visitors in San Angelo Tuesday.

Mrs. J. D. Tant of Memphis, Tenn., is visiting in the home of her daughter, Mrs. C. R. Keeney and family.

Miss Janice Baker has returned to Dallas where she expects to be employed soon. She has just completed her business course at a business college there.

Mrs. Orville Berry of San Angelo visited friends and relatives in this city Friday of last week.

Fire Department Enjoys Barbecue, Dance Saturday

Members of the Eldorado Volunteer Fire Department and their families enjoyed a barbecue at Roadside Park on Saturday evening of last week.

Sheep were donated by Joe Tisdale and Goats by R. C. Edmiston for the affair. After the feast a dance was enjoyed at the Rock Station by members and their families as follows:

Messrs. and Mmes. Palmer West, Jimmie West and Barbara Ann, R. L. Ballew and Elizabeth Ann, Jack Hext, Chan Whitten, Jimmie and "Judge", Lewis Whitten, R. E. Smith and children, J. H. Mace and Iretta Fay, R. C. Edmiston and Charles Ray, L. L. Kinser, Russell Donaldson and children, A. E. Prugal, T. R. Jones and Thomasine, D. J. Jones and Donald, Jess Walston, Lum Burk.

Guests were: Joe Tisdale, J. E. Hill, Mrs. Rector Henderson, San Angelo; Mrs. Marvin McLeod, Lum Davis, Mr. and Mrs. C. L. Wheeler, Mr. and Mrs. L. T. Barber.

Mr. and Mrs. Wilton Baggett of Sonora visited in the home of Mrs. Baggett's parents, Mr. and Mrs. R. S. Spurgers and family, the past week-end.

Mr. and Mrs. John Deaton of Sanderson visited in the home of Mr. and Mrs. Marvin Logan and Mr. and Mrs. L. T. Wilson over the week-end.

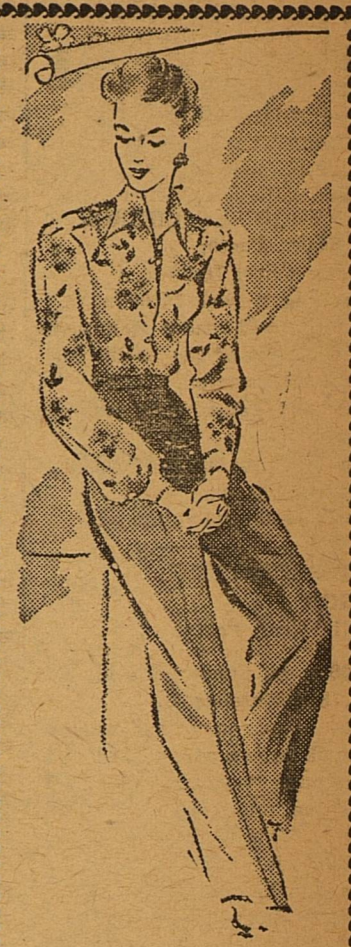

COUPLE MARRIED IN NEW MEXICO FRIDAY

Mrs. Ann Taylor of Carlsbad, New Mex., and Mr. Tom Smith of this city were married in a single ring ceremony in the home of the bride's sister, Mrs. Dave Johnston at Carlsbad, N. M., Friday of last week at 2:00 o'clock with Rev. C. E. Jamison, pastor of the First Methodist Church of that city officiating.

For the ceremony Mrs. Smith was dressed in a navy blue crepe ensemble with accessories to match.

The couple left immediately after the ceremony for Eldorado and are now at home here.

Mrs. Jack Kerr and children, Tony, Ronnie and Phillis have gone to Houston to be with their husband and father, who is employed in defense work there.

Folks Are Funny

By E. V. White, Dean Texas State College for Women

The best way to judge a person is to observe how he judges others.

Look! Listen! Live!

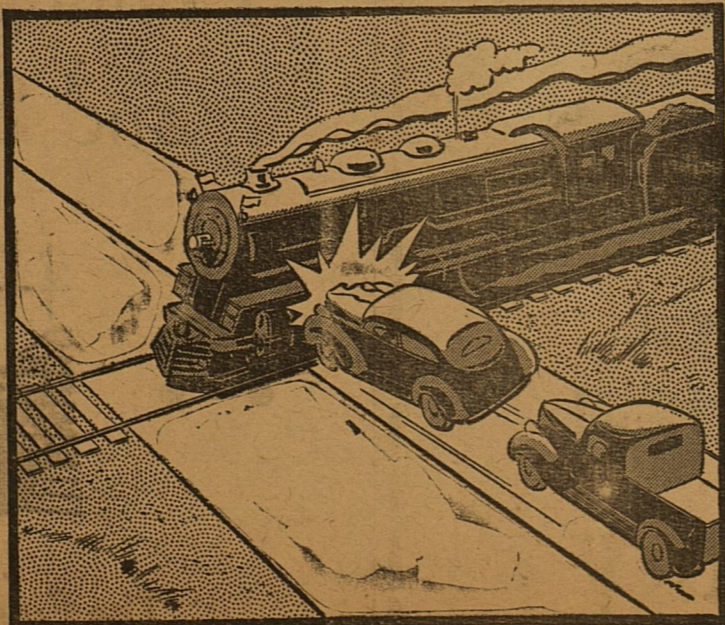

One automobile pushing another across a railroad grade crossing is a dangerous pastime, and that is the way it turned out in the accident illustrated here.

A truck was immediately behind the automobile and there was evidence that the truck had been pushing the automobile as it approached the crossing.

Whistle signals were sounded almost continuously in this case and the signals were heard by several witnesses. Regardless of whether the automobile was being operated under its own power or was being pushed by the truck, reasonable precautions would have averted the accident.

The National Safety Council is conducting a special campaign to stop these grade crossing accidents, which every day delay 38 trains a total of 22 hours—a big blow to the nation's wartime transportation facilities.

Driver carelessness is the cause of almost all grade crossing acci-

dents, according to the Council. To help win the war—to save yourself and others needless suffering

—the Council asks you to be sure the track is clear before you start across.

VARIETY MEATS AID IN WAR MENU PLANNING

Kinds	Characteristics*	Food Value	Buying Guide		Preparation
			Av. Weight	Servings	
Liver (beef, calf, pork, lamb)	Calf, lamb, pork livers more tender than beef. Calf and lamb livers milder in flavor than pork and beef.	Rich source of iron. High in phosphorus, A and B vitamins, quality protein. Some vitamin D.	1 beef — 10 lb. 1 calf — 2 1/2 lb. 1 pork — 3 lb. 1 lamb — 1 lb.	3/4 to 1 lb. for four	Braise, fry or broil.
Kidney (beef, calf, pork, lamb)	Calf, lamb and pork kidneys more tender, of milder flavor than beef. Veal and lamb kidneys sometimes cut with chops.	Rich source of iron, phosphorus. Good source vitamin A. Excellent for B vitamins, quality protein.	1 beef — 1 lb. 1 calf — 3/4 lb. 1 pork — 1/2 lb. 1 lamb — 1/8 lb.	4 to 6 3 to 4 1 to 2 1/2 to 1	Stew, braise, broil or grind for loaves or patties.
Heart (beef, calf, pork, lamb)	Beef heart is least tender but all hearts must be made tender by proper cooking.	Rich source of iron and phosphorus. Excellent for B vitamins and quality protein.	1 beef — 4 lb. 1 calf — 1/2 lb. 1 pork — 1/2 lb. 1 lamb — 1/4 lb.	12 to 16 2 to 3 2 to 3 1	Braise, stuff and braise, stew or grind for loaves or patties.
Tongue (beef, calf, pork, lamb)	May be purchased fresh, pickled, corned, or smoked. Make tender by proper cooking. Pork and lamb usually purchased ready to serve.	Good source of iron, phosphorus, B vitamins and quality protein.	1 beef — 3 3/4 lb. 1 calf — 1 1/2 lb. 1 pork — 3/2 lb. 1 lamb — 1/2 lb.	12 to 16 3 to 6 2 to 4 2 to 3	Simmer in seasoned water until tender. Remove skin; serve as desired.
Tripe (beef)	First and second stomachs of beef. Plain and honeycomb, latter preferred. Purchased fresh, pickled or corned. Make tender by proper cooking.	Good source of quality protein.	Plain — 7 lb. Honeycomb — 1 1/2 lb.	3/4 to 1 lb. for four	Pre-cook in water to make tender. Then broil, fry or braise.
Sweetbreads (beef, calf, lamb)	Divided into two parts: Heart and throat sweetbreads. Tender and delicate in flavor.	Good source of riboflavin (vit. B ₂) and quality protein.	1/8 lb.	3/4 to 1 lb. for four	Pre-cook in water to help keep and make firm; Broil, fry, braise or cream.
Brains (beef, calf, pork, lamb)	Very tender and delicate in flavor.	Good source of iron, phosphorus, B vitamins and quality protein.	3/8 lb.	3/4 to 1 lb. for four	Pre-cook in water to help keep and make firm. Then scramble, fry or cream.

*All variety meats are practically boneless and have high percentage of edible meat.

This handy chart on variety meats is designed to assist the housewife in solving her wartime meat problems. The variety meats are deserving of special consideration because they are high in food value and may be prepared in many appetizing dishes to supplement the usual chops, steaks, stews and roasts.

The 2nd War Loan Starts April 12

13 billion dollars must be raised!

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we *must* do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough *now* to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year *still* won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and

building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion *extra* dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and *get* the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake—for your *own* sake—invest *all* you can!

There Are 7 Different Types of U. S. Government Securities — Choose The Ones Best Suited For You:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; 7½% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

Posted Notices

My ranch property, which is located near the Eastern border of Schleicher County, about one and one-half miles west of Fort McKavett, Texas, has been Posted for many years. But I have been advised that under present conditions I should again publish such a Notice.

All trespassing is prohibited on all property which I control—which, in addition to my own, includes a 118-acre piece of land east of mine, between two branches of the San Saba river, which I have had under lease for many years.

Anyone with authority to be on property under my control will have written authority signed by me.

I have a few times in the past given verbal permission for some grown people and children to be on my property. But any and all such permission is by this Notice withdrawn. I respectfully ask the co-operation of all friends and neighbors.

This notice is published in the newspaper of my own county—The Eldorado Success. And on account of the nearness of my property to Menard County, it has been published in The Menard News.

H. LESLIE JONES,
% The C-B Ranch,
Post Office: Fort McKavett, Texas. 18-1f

Vanilla flavoring tablets have been developed to save shipping space and alcohol. A ten-cubic-inch package of 192 tablets weighs 2 1/2 ounces and is equivalent to a quart bottle of vanilla which weighs 2 1/2 pounds.

"T" Gasoline Coupons Are No Longer Valid

First quarter "T" gasoline coupons are no longer valid, and any commercial vehicle operator having unused ones should turn them in to the County War Price and Rationing Board by April 5, John G. Ross, district manager of the Office of Defense Transportation, said early this week.

All "T" gasoline ration coupons and books are the property of the government, and unused ones must be turned in within five days after the close of the transport quarter in which they were valid, Ross pointed out. The first transport quarter ended March 31.

The ODT is currently conducting a general check of commercial vehicle operations in all sections of the country. In instances where an operator has used less gasoline than he was allotted for the first quarter, ODT representatives will inquire particularly into the disposition of unused "T" coupons.

Under ODT regulations, any failure to return invalid "T" coupons to ration boards may be considered "good cause" for the suspension or revocation of an operator's Certificate of War Necessity.

In addition, such failure to turn in unused "T" rations is a violation of Office of Price Administration regulations.

CALIFORNIA, JUNCTION MEN HERE LAST WEEK

F. E. Whitley, employed as a government guard in a powder plant located at Panol, Calif., accompanied by a cousin, Jack Whitley, formerly of Eldorado, but now living near Junction, were in Eldorado looking for a lease for the former.

While here they were callers at The Success office and the latter handed us the wherewith to have The Success come to his address each week. He stated that the mo-hair clip was good in his locality and that prices were about one cent under prices prevailing here at the same time last week.

"Renegotiation" Might Touch You

Under no other circumstances is the fine spirit of neighborly co-operation shown to better advantage in a rural community than in the case of fire or other calamity. This friendly spirit is not based upon personal interest, but upon the deep sympathy that just naturally arises in case of disaster. Of course, there is a personal interest if the fire threatens our own property, but we like to think this unity of spirit in our rural life is typical of America.

There is this same community of interest between industry, labor and agriculture, although sympathy for each other's troubles seldom comes to the surface. Every farmer knows that his best market for the produce of his farm is our local domestic market. He depends upon this domestic market to consume over 90 per cent of what our American farms produce each year. If anything happens to his domestic market, like the depression and loss of employment in the early thirties, agriculture is at once affected. On the other hand, if anything happens to the buying power of agriculture, industry is hurt just as badly.

Right now congress is considering the renegotiation of all government contracts. The law was passed on April 28, 1942. Some people are urging that these new renegotiation bureaus should examine contracts made long before the law was passed.

Take the case of a contract made in 1940. The work has been done and paid for; taxes have been paid to the government on the profits, if any; labor has been paid and the money balance distributed either in repairs to plant or perhaps paid in dividends to stockholders.

Danger of Retroactive Measures. Suppose that same thing happened to our local store, or even to our farmers themselves. Suppose the prices we received for our crops, or the conservation payments by the government for 1941 or 1940 were suddenly to be "renegotiated." Every farmer has either fed out or sold his crop, purchased new machinery or perhaps painted the barn, or bought a new dress for his wife. If, under a retroactive law, he were suddenly put up against the threat of renegotiation, all of his credit, and perhaps even his investment would be disturbed.

No one wants unfair profits or excessive dividends out of war contracts. Investigation has shown that over 95 per cent of industry and business made no excessive profits out of the war. Certainly no farmers have received excessive prices for farm crops.

Now Is the Time for Unity. We want to get on with this war. We must have unity. Unity is based upon mutual confidence in our government and in each other. We are all looking forward to a return of peace after the war has been won. We will then want to resume our domestic markets, replace worn-out farm machinery and resume our normal trade relationships. Industry and business will need all of their American ingenuity and strength to provide jobs which, in turn, furnish our domestic market after the war.

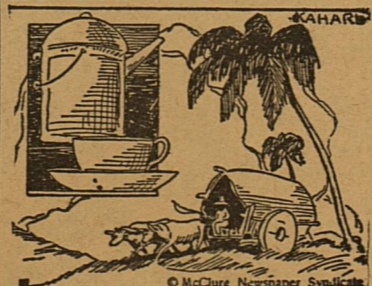

True, renegotiation at present is applied only to industry and contracts with the government. But we all recognize the good old American principle that what is sauce for the goose is sauce for the gander.

If business contracts can be renegotiated under a law passed long after the business contracts were made, how about the sanctity of our own contracts?

Just now the fire seems far from our own neighborhood, but if we look closely, our domestic markets, both now and after the war, are involved. We can well take time off to show a little neighborly spirit and help put out the fire.

A new machine has been developed for fast reproduction of drawings in either blueprint or black-on-white form.

DO YOU KNOW—

That several species of ants, found in the wilds of Venezuela and Brazil, are edible, among them is the giant ant, one and a half inches long, which is roasted like coffee and tastes like kerosene—the yellow Tamari—the Duedue and the Bachaco-Bravo which is as hot as tobacco sauce.

CALENDAR of COMING EVENTS

APRIL 4-10 — Clean-up and Fire Prevention Week.

MONDAY, April 12—Second War Loan Drive begins.

SUNDAY, April 18—Piano Recital, 3 p. m. Presbyterian Church.

SUNDAY, April 25—Easter Sunday and Easter egg hunt on court house plaza.

Ration Data

—POINT RATIONING—

March 29-April 10—Institutional users and industrial users register with local war price and ration boards during this period and receive point allotments.

March 31—Expiration date for A, B and C blue stamps used in buying canned and processed foods. D, E and F blue stamps good from March 25 through April 30.

April 11—Retailers, wholesalers and primary distributors, including processors, begin surrendering of points in their purchase of items rationed under red stamp program.

April 25-May 1—Allowable inventories of wholesalers and retailers will be based on sales of red stamp products, in points, during this week.

May 1—Retailers and wholesalers take point inventory at close of business on this date.

May 3-14—Retailers and wholesalers register with local board during this period and get allowable point inventories.

April 30—Beginning this date, primary distributors, including processors, making first compliance report, covering operations from March 29. Filing of extra copy of reports serves as registration for red stamp rationing program.

—COFFEE—

March 22—Coffee stamp No. 26 in War Ration Book No. 1 becomes good for one-pound purchases dur-
