MEDITATIONS

By The Editor

Diversification.

For years there has been a movement on foot for diversification from the standpoint of agriculture. This movement seems to have taken the day.

Nevertheless over the week-end, for the first time in several weeks, we have had time to browse around on the streets and listen to the farmers and ranchers of this section express themselves. This has set us to wondering, and we would like to pass on a little of our meditation to our readers.

First, this country was desperately in need of rain. There is no denying that fact. The lands were parched and cracked, in some instance we have seen cracks in the ground that a grown house cat could be thrown in; grasses were dead and winter grain would not come up to provide grazing for livestock and not enough moisture was in the ground to cause weed growth, where the weeds had rooting and seed.

Very well, we got our rain, about an average of five inches or more over the county. This is being expressed as not enough at that, but during this time goat owners report a serious loss, ranging from 10 to 800 head per flock and some small flocks were entirely wiped out. On the other hand some operators say that their sheep are gaining. So much for the livestock.

There are the cotton producers who are hoping for dry weather. Some persons have estimated that only about half the yield has been gathered to-date. The opinion of some is that if wet weather sets in they will lose their cotton in the field. Hired labor has cost all concerned on an average of about \$4 per day for farm and ranch work, now cotton picking is going at about \$1.75 per hundred pounds. As we see it the cotton farmer has a right to complain. The ranchmen have had to pay dear for labor to help raise the goats and sheep, too.

We wanted to sympathize with all, but had to move down the street to hear the next man's version of conditions. No foolin' we developed a headache in trying to decide if the rain campaign could not be arranged a little differently.

Perhaps we will have to be like the Negro soldier who was about to serve as sentry for the first time and was being instructed by his lieutenant: "If you see anything move you challenge then you shoot; do you understand?" Sam replied, "Yas, suh, and vice versa." The officer asked, "What do you mean by vice versa?" The darky answered, "If something moves, I shoots; if something shoots, I moves."

United War Chest Drive To Start In County

Eagles Trounced Menard Here Friday

Paper shortages and space conservation restricts some things to less space, but for the benefit of many of the football fans in service and others away from home, we are going to say simply this: Should you have been on the sidelines at the game on the local gridiron last Friday when the Eagles met the Menard Yellowjackets in the first conference game you would have seen how dead-bent these fellows are on "bringing home the bacon" this year.

The local eleven went in on the first whistle, with Stuart Williams substituting for Elmer McMillan suffering with an injured hip and played the entire two halves without another substitute, against their opponents who had plenty heavy reserves and who plunged them in frequently.

No doubt, a vote would result in that Captain Luke Thompson was the outstanding player of the afternoon, although several other locals did outstanding work all through the hard-fought game.

At the end of the first quarter the score stood at 13-0 in favor of the Eagles. The opponents having failed in consecutive attempts to penetrate the Eagles' line to any degree of success throughout the quarter.

Fumbles in the second quarter proved a hazard to the foes and an attempt to score was finally made, however this was their last count. The locals making another touchdown and at the close of the half the score still favored the Eldorado men to the tune of 20-6.

Continuing their discouraging blocking against the visitors, the Eagles held them scoreless the rest of the game and gradually fought their way back almost to the goal line in the last quarter when the whistle caught them just ready to make another "kill."

Clean sportsmanship was enjoyed by spectators from both teams and with a little more experience and a continued fighting spirit the Eagles may develop into a real competitive ball club for district foes.

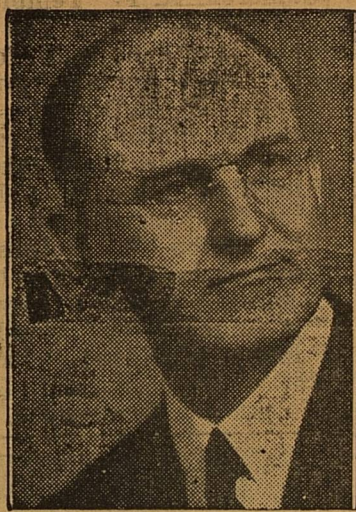

Coach Sutherland will again take the Sonora Broncos to task Friday with the Eagles, who are going to have to really fight to avoid a fall in their second conference game after they took a skunking from the Eagles here recently.

EAGLETS IN MATCHED GAME TUESDAY

Coach E. A. McMillan announced this week that his Eaglets will meet the Ozona Junior team at the Eldorado Fair Park Field, Tuesday Oct. 19. A small admission fee will be charged.

Evangelist

Shown above is the Rev. McKinley Norman, D. D., Baptist State Evangelist who will arrive here Monday to deliver sermons twice daily in the Baptist Revival that starts Sunday, Oct. 17 and continues through Sunday Oct. 24. His home is in Dallas and he is one of the state's outstanding evangelists and comes to the local church highly recommended as a forceful speaker.

Rev. J. M. Hays announces that Rev. C. B. Stovall of Sterling City will be here and have charge of the song services. Placards and circulars have been distributed advertising the meeting and an ad in this issue of The Success will acquaint you further with details of the meeting. You are invited to read it.

COTTON GINNINGS

The census report shows that 433 bales of cotton were ginned in Schleicher County from the crop of 1943 prior to October 1, 1943, as compared with 386 bales for the crop of 1942.

THE NAVY TAKES THE CUE

A favorite indoor sport of the Navy at USO clubhouses here and overseas is pocket billiards. A member agency of the National War Fund, the USO operates more than 1500 clubhouses and centers where every effort is made to furnish the men of the armed forces with a home away from home.

DAR Chapter To Send Gifts To Men In Armed Forces

The Eldorado Chapter Daughters of the American Revolution entertained with a luncheon on Thursday at the home of Mrs. C. M. McWhorter, honoring Mrs. Frederick Brewster Ingram of Dallas, State Regent of Texas.

The living room was tastefully decorated with scarlet sage and wild larkspur, and the dining table was centered with a gorgeous bouquet of pink dahlias in a cut glass bowl on a reflector.

The table was set for fourteen and as the guests were seated at the table, Mrs. Ingram was presented with a corsage made of red, white and blue ribbon cov-

LAYMEN ENJOY FELLOWSHIP SUPPER

Following a fellowship supper for church laymen held at the First Baptist church Tuesday night of which about sixty men partook, Dr. S. Y. Joekel, Austin, professor in the Presbyterian Seminary and the University of Texas, spoke to the men and others in the church auditorium.

Dr. Joekel proved to be a good entertainer as well as a lecturer and brought to the men of the community a well-prepared lecture, that was enjoyed by the entire group.

EVERY PERSON URGED TO LEARN OF AND TO SUPPORT THIS WAR RELIEF PROGRAM

Realizing that the United War Chest of Texas is another home-front victory weapon, citizens of Texas, though it is with one gift, will support the USO, United Seamen's Service, War Prisoners Aid and 14 other war appeals agencies of the National War Fund.

Governor Coke R. Stevenson, honorary chairman of the State War Chest, made an appeal for the support of the war fund over more than 40 Texas radio stations last Sunday night.

W. M. Patterson, Jr., Eldorado lumber firm manager, is county chairman of the local drive and will have completed final plans within the next few days for the conducting of the Schleicher county organization, whose quota has been set at \$2,000, a small amount compared to the combined gifts it includes and the vast amount of benefits derived therefrom.

Plans are being formed to stage an entertainment on the night of Thursday, Oct. 28, at which the entire citizenship is invited to participate. Watch for a more detailed announcement of this affair.

Every Success reader's attention is called to an ad appearing on the editorial page of this issue of The Success, together with an editorial by an executive of a leading Texas industry.

Staake To Speak At Lions' Club

At the regular noon-day meeting this week of Eldorado Lions club announcement was made that Paul Staake, Regional Director of United War Chest, would be on the next week's program to further explain plans for the drive to get under way here beginning next Monday.

Every Lions club member should be present and learn of this VERY worthwhile movement, is the opinion of Lions publicity committee chairman.

LIVESTOCK SALES

Among recent livestock transactions the following deals have been made. No prices on the transactions were released, however:

Tom Smith bought and shipped to Northern wheat-fields 344 mixed head of sheep.

J. B. Kidd received for the Thad Thomson Estate 500 head of sheep from Ray Willoughby.

Nig Calcote and Jim Hoover purchased from T. K. Jones 650 lambs that were reported equally divided.

Many buck transactions have been made but full details were not available. Listings of bucks for sale are found in today's paper.

THEIR NEED IS GREAT

As we read about, or listen to, the daily reports of destruction and havoc on the battlefronts of the world, it becomes relatively easy for us to grow calloused to the carnage and misery of war. Details of large scale operations and description of the performance of men and machines in battle naturally are of such consuming interest that we tend to overlook the human distress and suffering which accompanies every battle and follows in the wake of every bombing.

We who live in comparative safety can scarcely visualize the destruction, the physical suffering and the spiritual torture to which millions of people have been subjected.

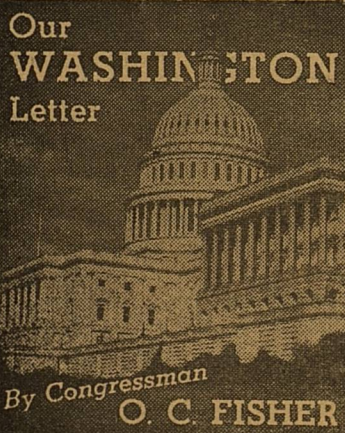

Because we are thus removed, and because our lot has been much lighter than has their's, ours is the privilege and duty to lend a helping hand to those millions who cannot help themselves.

Shortly now, in every community, an appeal will be made for funds for the War Chest, an organization formed by a group of humanitarian people and sanctioned by our Government. Its primary purpose is to collect and dispense money for the alleviation of human suffering in war torn countries. But in addition to this worthy cause the organization will also solicit funds for the USO, an agency which has proved itself to be an indispensable morale builder among our fighting men here and abroad.

As, a rule, the War Chest drive runs concurrently with local campaigns for Community Chest, Welfare League, or United Charities funds. For years these great organizations have served useful and essential purposes in their respective communities, supplying the needs of charitable and character building institutions which rehabilitate unfortunate people. These organizations are faced with higher operating costs, just as we are in the average American home. But their needs are as great as ever; their cause is as worthy as ever.

Certainly, our support with time and money of such a righteous cause as these combined organizations represent is a genuine contribution to the war effort and at the same time a noble gesture to suffering humanity.

—From Humble Lubricator, By Hines H. Baker.

Deferment Restricted

Under the terms of a bill passed unanimously by the Senate—but still to be approved by the House and the President—deferment from military service would be granted only to such draft-age government workers as are certified to Congress as "indispensable" and to industrial workers whose occupational deferments have been double-checked by two draft boards and the

Selective Service director.

Light And Power For The Hill Country

Raymond Hicks and E. L. Teel, representing the Bandera Electric Co-operative, an REA enterprise, were in Washington last week to appeal for release of materials for extension of its power lines to serve 300 additional farm and ranch families.

The Bandera extension project is one of 19 pending from over the nation—three of the 19 are from Texas.

... In showing the need for authorizing this project, we found that the Angora goat—today in the war with our other domestic animals—still hadn't been recognized by the WPB for calculating the number of "animal units" on a farm or ranch. I appealed to the War Food Administration to accord this recognition. The WFA now has officially re-

cognized the Angora goat and has recommended to the WPB that it do likewise.

Wool, Mohair Perk Up

Both wool and mohair trade prospects were looking up the first of the month. In wool, a large new order by the Quartermaster Department for military clothing, speeded up the Boston market. In Texas, mohair was just about bought up, with late sales made in the 60 and 80-cent ranges.

Visitors

Among our Texas visitors in the office the last three weeks were: E. R. Teel and Raymond Hicks, Bandera; L. J. Alexander, Lt. C. L. Cameron, H. F. Templeton and Frank Cannon, San Angelo; Miss June Puhl, formerly of Fredericksburg; Charles E. McDonald and Bryan E. McDonald, Ozona; E. E. Woodruff, Barnhart; Earl Tate, Lone Oak. Mrs. S. B. Phillips and Lt. and Mrs. Delton S. Holcombe, San Angelo; Irvin Grumbles, San Saba; Mrs. S. E. Taylor, San Angelo; Lt. Marshall Formby, McAdoo; Felix R. Keller, Bandera; and Dick Alexander, Brownwood.

L. C. Ochsner and family visited here Tuesday night in the home of his twin brother, L. D. Ochsner and family. L. C. is from Texon en route to Abernathy, Texas, to become Santa Fe agent at that place. He has been agent at Texon the past 10 years.

Your County War Fund is another "Victory weapon."

The United War Chest of Texas through war fund organizations in every county of the state is charged with the responsibility of raising \$4,885,781.00 for the 17 approved war appeals of the National War Fund. The national goal is \$125,000,000.

Each of the 17 participating agencies was carefully budgeted to stretch every dollar contributed before it received the approval of the President's War Relief Control Board.

Texans now are being asked to take a Texan's share in their County War Funds to aid three fronts with one gift—the Military Front, the United Nations Front, and the Home Front. SCORING BUTTER ON O. P. A. REGULATIONS

Miss Virginia Ryan has released the following information pertaining to questions raised in the last few days as to scoring of butter according to O. P. A. regulations:

"Country butter should be sold according to grades, the same as creamery butter. The grades are:

"U. S. grades for butter—AA or U. S. score, 93; A or U. S. score, 92; B or U. S. score, 90; C or U. S. score, 89. Butter scoring less than 89 is known as cooking grade or 'no grade' butter.

"Butter is scored and graded according to flavor, texture, color, salt and body. The processors may grade their own butter or they may have others who know the score card to score it for them. If it is not graded it is Grading or scoring does not automatically sold as cooking or scoring does not have a special scorer. Producers wishing to score their product should see the home demonstration agent for score cards and instructions for grading."

Popular demand has been made that The Success publish an edition containing as many pictures of Schleicher county men in service as possible. Information accompanying the pictures will be location (as near as possible to give) of the men, their rating and nearest of kin. The edition will be published in the form of a magazine and will be an insert in an issue of the paper in the near future. Some organization interested in the event have indicated that they will assist in compiling the information and securing pictures.

Kin of the men are to furnish the picture and pay a total of \$2 per picture for making the printing "cuts" and cost of handling. The cuts will become the property of those paying for them and they will get the original pictures back immediately after the publishing of the special issue.

Corporal James E. Henderson returned to his duties at Lakeland Fla., after a visit here with relatives and friends and his parents in San Angelo, Mr. and Mrs. Arthur Henderson.

We Built the BARREL BIG

EARLY in the war the electric industry received this challenge from the War Production Board, Production division.

"You'll have to produce fantastic quantities of electric power to keep the nation's war production going up and up. It'll be tough—because the copper and turbines and machinery you need won't be easy to get. YOU'LL BE ASKED TO SCRAPE THE BOTTOM OF THE BARREL TO HAUL OUT MORE KILOWATTS!"

Fortunately, we had built the barrel big... Big enough to keep production lines roaring! Big enough to meet all the power needs of factories and training camps—and still supply your home without rationing—at bargain prices!

Today, America is producing five times more electric power than it did in the last war—outproducing all of the Axis countries combined!

Was it luck that we built the barrel BIG? No, the electric companies under business management—which supply over 80 per cent of the nation's power—have developed the habit of planning ahead. That private enterprise habit has helped us to give you friendly dependable service—and it has enabled us to meet the challenge of America-at-war!

Eldorado Divide Soil Conservation District News

REPORTED BY DISTRICT SUPERVISORS

At the election of District Supervisors Tuesday afternoon, all of the present members were re-elected. C. L. (Buck) Atkins of Christoval was elected to represent Zone 1, which includes that part of the District in Tom Green County east of the South Concho River.

Following the heavy rains of the past few days ranchmen will have an excellent opportunity to check on the "condition" or vigor of their grass.

Grass which is vigorous and healthy with a good root system will grow rapidly and produce lots of good green feed. The failure of grass to "kick-off" rapidly following the abundant rain indicates low vigor or poor condition. This condition is caused from over-grazing during several years, and serious weakening of the better plants.

Several ranchmen have reported that they have spots which seem to be entirely dead, and show no signs of "greening up." These dead areas usually appear on little flats, or areas where the soil is deep.

Most of the dead areas are the result of a "thickening up" of the turf and loss of plant vigor. The first result of continuous overuse of turf grasses is loss of strength or vigor, and a shorter, weaker root system of the plants. As individual plants become weaker and smaller the number of plants on the area increases. The root system becomes so short that the plants cannot reach the deep moisture during a dry period, and consequently they will die.

In addition to the general benefits, the heavy rains caused a serious death loss to many goat raisers. Reports of from 10 to 500 lost were fairly common, and several small flocks were practically wiped out.

Most farmers and ranchers having cultivated land are rapidly getting small grain in the ground. Small grain planted before the rain is up and growing rapidly; some of it already being grazed.

Grain being planted will materially supplement the expected feed shortage this winter. Care should be taken not to graze the young plants before they are firmly rooted, or many may be pulled up by sheep.

Rotated grazing, as with pasture land, will help produce more total forage. When the grain is grazed closely, all stock should be removed for a few days, or until new growth is produced. The leaves of the plants manufacture food which is stored in the roots, and when the leaves are continuously clipped short the plant roots will be short and weak.

DON'T FORGET

Don't forget the P.T.A. lamb auction sale to be held Saturday, October 23 on the lot next to the bank. Quite a few lambs have already been brought in and many have been promised. Lambs out of good flocks are going to be auctioned. Officials of the auction state buyers will get their money worth in the lambs you buy.

"Bring your lambs to the pen back of the S. D. Harper residence to be cared for until the date set for the auction" those in charge are requesting.

ered with War Saving Stamps to represent small red flowers.

The members assembled in the living room for a short business session and to hear the address of Mrs. Ingram. Mrs. V. G. Tisdale, vice-regent, presided over the meeting in the absence of the Regent Mrs. Joe B. Edens, and Mrs. W. O. Alexander acted as Secretary in the absence of Mrs. John W. Alexander. Mrs. Ernest C. Hill, chaplain, had charge of the opening ceremony, which consists of a Scripture reading, prayer, the Flag Salute, the Oath of Allegiance and the singing of the National Anthem. Mrs. Lewis Ballew was program leader. The members answered roll call by giving a reason why they were proud to be an American.

Buddy Bags will be sent to the boys in the Armed forces this year, which consists of the things most needed by soldiers, such as comb, tooth brush, tooth paste, etc., and above all, a New Testament.

The secretary reported that the members of Eldorado chapter had purchased \$13,000 worth of War Savings Bonds since April last.

Mrs. Ingram stated that the Blood Bank, through which Blood Plasma is supplied to wounded soldiers, would be the major project of the Texas D. A. R. again this year. This Chapter contributes \$1.00 per member per year to this project. It will also be the aim of the organization to see that each blind soldier is furnished with a seeing-eye dog.

Another project of the State organization in which the Eldorado Chapter has a part, is to furnish our Armed forces with two foreign body detectors, each year. This instrument is used to locate fragments of shrapnel, and bullets in the bodies of wounded soldiers. Among the other projects of the State Organization in which the Eldorado Chapter has a part in the contribution of funds and clothing to the children of the D. A. R. schools for mountain children.

Present for the meeting were Mrs. L. M. Hoover, Miss John Alexander, Mrs. V. G. Tisdale, Mrs. Pat Tinning, Mrs. Lewis Ballew, Mrs. Ernest C. Hill, Mrs. W. O. Alexander, Mrs. A. E. Prugel, Miss Oma Ford, Mrs. C. M. McWhorter, Mrs. Vester Hughes of Mertzson, members, and Miss Kittie Buchanan of San Angelo and Mrs. Ingram of Dallas, guests.
