

Eldorado Success

Forty-Second Year

Eldorado, Schleicher County Texas, Friday, September 10, 1943.

NUMBER 35.

MEDITATIONS

By The Editor

When we complain about the hardships we are undergoing we should stop and consider the children. Just this week we heard one say that they had to start to school Monday and that there was nothing further for them to live for.

A query concerning why do we think Texas boys are such good fighters causes us to say that probably it is because they can trace their ancestry back to the Boons. . . some even further than that, back to the baboons.

Anyway, don't think that Adolf doesn't know what he is up against in the sons of the Lone Star State. Rommel hasn't stopped running since he heard that the British Eighth Army is from the State of Texas.

Bet Hitler thinks now that he is still having the same luck he had when he was a boy and they played horse, when one boy would stoop over and catch the other boy around the waist, and thus form a horse. But he never was the boy in front.

The lady in California must, by this time, realized that there are many sections of Texas she did not discover; as evidently she has had a deluge of "fan" mail going to her address. We would wager that she got letters from the vast expanse of Texas that she did not know had been as yet inhabited.

When she tries to disrupt the attitude of native Texans she is up against a big portion of the armed forces.

Perhaps some one would like to send her these figures that give a statistical idea. Meditation has tried for three weeks to get this information for the lady's information.

Here 'tis:
Texas is the state which supplies 90 per cent of all men in the Army, Navy, Marines, and Coast Guard, and 94 per cent of all the women who join the WAVES and WAVES and those who become Hollywood queens. Once these facts are absorbed, even a Californian can perceive that in anything and everything Texas produces the "Biggest and Bestest."

Remember the Third War Loan drive is on. Go now, this One Day Nearer Victory, and purchase a bond for Schleicher Men in service.

BUYS FINE RAMS

John Williams and C. O. Bruton, breeders of registered, Rambouillet sheep, received in San Angelo, last Saturday, one Ram each, purchased of the Jno. K. Masden breeding and coming directly from the Salt Lake, Utah sale.

Mr. and Mrs. Desmond King are the parents of a boy, born Aug. 24 at their home here. The infant weighed 8 1/2 pounds and has been named Alvos Hal.

\$219,900 County's Third War Loan Quota; Drive Began September 9th

With the surrender of Italy reported Wednesday, it is hoped that the Third War Loan Quota, calling for 15 billion dollars will be entered into this week with zest enough to put it "over the top."

The drive starts today. Although this paper carries the usual Friday dateline, it is hoped that mailing of the paper will be completed in time for the majority of local readers to know that September 9 is the starting point.

There has been some change in the personnel of local committeemen but particulars had not been released for publication at

Last minute reports were that C. L. Meador, Jr., had been appointed county chairman and precinct chairmen are: W. T. Whitten, Precinct 1; John Irvin King, Precinct 2; Jim O'Harrow, Precinct No. 3; Alton Clark, Precinct 4; and committeemen at large are W. O. Alexander, Leslie L. Baker and C. A. Reynolds.

A meeting is to be held at the courthouse at 3 o'clock tomorrow (Saturday) for committeemen, Meador said.

press time. Nevertheless we are all aware that Secretary Morgenthau has made an appeal to the press of the United States to sponsor this

drive in every conceivable way and the Treasury Department has released material to this, as well as thousands of other newspapers, all over the country. This advertising is being sponsored by local firms and individuals in the hope that every family will make a concentrated effort to buy all the bonds possible.

Schleicher county has a huge quota to fill and every citizen knows that they may purchase these bonds in any series they desire, either at the bank or post office. But buy your bond in Schleicher county, as the quota is non-banking. The amount of the quota is \$219,900, meaning that you and you and you will need to dig deep and buy and buy in order to assure our fighting men that as many of them as possible will return home after the armistice.

"Let's buy a bond and save a life" has been suggested as a slogan during this drive. Remember, Our boys are giving their lives; we can at least lend some of our earnings at a good rate of interest.

In another place in this issue of The Success will be found the ad for this being sponsored by local patriotic firms and individuals that will explain the starting of the Third War Loan Drive. Read it, and then start your plans for bond purchasing.

Rainfall Varies Over County Last Week

Rainfall, varying from none to 5.25 inches, was dotted about over the county last week, according to reports gathered by the Soil Conservation Service Office and furnished The Success this week.

A summary of the report, which include the total moisture for the week, are as follows:

Eldorado	1.16 in.
Jim O'Harrow	5.25 in.
J. F. Runge	.20 in.
W. R. Bearce	1.25 in.
S. M. Oglesby, Jr.	
Light Shower	
Truett Stanford	2.00 in.
J. F. Kinser	.07 in.
G. C. Crosby	2.70 in.

All of the moisture was from local showers, and many sections of the county received only a sprinkle or no rain at all.

Eleven Men In September Draft

The following men have been selected to fill the September 24th quota for Schleicher county. John Ford Oglesby, Jr., John Sidney Williams, William Frank Meador, Jr., Prince Albert Oglesby, Hassell Ratliff, Carlos Robledo, Samuel Garcia, Santos Pina, Olegreio Guana, Juan Guerra, and Melvin Harris.

Twenty two men will be called to service October 19th. One colored call will be made for October 12th. Nine men were called to fill the August quota for Schleicher county.

Two Eldorado Men Met In Pacific

It evidently has been proven that in this World War II, that this is a small world after all. Imagine two Eldorado men meeting each other in the middle of the Pacific and reminiscing world news and home-town news together.

Word was received here this week that Wesley McAlpine and Edward "Two-Bit" Meador, had by chance, met somewhere on the Pacific when the destroyers they were on drew along side each other and one of the men caught sight of the other and called to him. That, in our opinion was a swell reunion for the two men. Wonder if either of them had his Success paper on him at the time?

N'tl Hereford Show Offers \$20,000 In Premiums

Dallas, Sept. 10.—Competition for the second largest premium list ever offered for a National Hereford Show will be keen when the 1943 event is held here November 15-20, according to Jack Frost, president of the sponsoring Texas Hereford Association.

"Assurance of entries from nine states three months in advance of the show indicates the interest which breeders have in the \$20,000 that will be distributed to win-

City Schools

Opened Monday

The Eldorado School held its opening exercises in the high school auditorium Monday morning with Supt. C. A. Reynolds in charge.

The program opened with a song, "America" followed by the invocation by Rev. F. B. Faust. Other numbers on the program consisted of another song, "God Bless America", a piano selection by Miss Frankie Thompson, a violin solo by Miss Elizabeth Faust, accompanied by Miss Mae Ellington, and a reading by Joan Bearce, "In Flanders' Field".

Supt. Reynolds, introduced the new teachers including W. B. Green, principal of the high school and mathematics teacher. Others who will teach here for the first time are Misses Jewel Shelton, Doris Johnston, Ina Lightsey, Mrs. Ruth Prince and Ernest Sutherland, athletic coach and science teacher.

A moment of silent prayer was observed in memory of the boys from the school who are serving on the battle fronts and in particular for the one who recently gave his life, Lt. (jg) D. E. DeLong, Jr.

Rev. Kelly Neal pronounced the benediction and after adjournment, pupils enrolled in their respective classes.

MISS TURNER STARTS FALL MUSIC CLASSES

Printed material has been completed by The Success for Miss Mollie Turner to better enable her to carry on her work as director of The Eldorado School of Music. Her fall classes started Monday of this week.

WINNING CORRIEDALE FROM STANFORD FLOCK

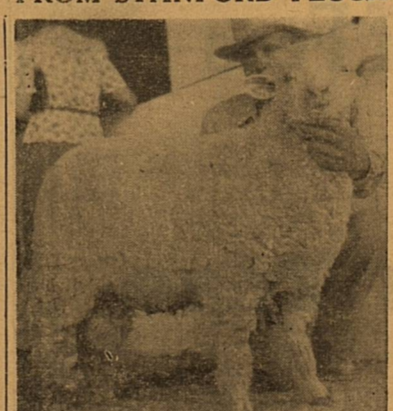

Photo Courtesy Sheep & Goat Raisers Magazine

Shown, is Truett Stanford of the Stanford & Son Ranch holding a second place winner in the yearling ram class at the recent Corriedale sheep show. A similar article appeared in the current issue of Sheep & Goat Raiser Magazine.

ners this year," Mr. Frost said.

State Fair of Texas' excellent facilities have been made available for the show, although no fair is to be held this year.

Following a long-established Dallas precedent, special emphasis is being placed on club calf classes this year.

EAGLES TO MEET SONORA IN FIRST GAME OF SEASON

Change in an announced football schedule, calls for a game with Sonora on the local field, Sept. 17 instead of Sept. 24 as previously announced.

Coach Ernest Sutherland, new mentor for Eldorado, hopes that he will be able to build a good, strong team from the light material this year. Although new here and to the team, Sutherland thinks he has pretty well picked some of his men and made the following statement concerning a probable line-up:

"Observation in practice work-outs the last few days leads me to believe that the following men will be included among the outstanding players this year: Ends will be Paul Page and Hal Whitten; backs, Luke Thompson, Bud Davidson, Geo. (Red) Finley, Bobby Barber; Elmer McMillan, guard; Bob Oglesby, center and Joe T. Logan, tackle."

Not being familiar with all the boys' names, Coach Sutherland could not give the names of other players at random just before the Success went to press, but stated that there was other good material to choose from, although somewhat limited.

Local anticipation is for good work to come from L. Thompson and J. T. Logan on the Eagle squad this season.

Schedule announced is as follows:

- Sept. 17 — Sonora, here.
- Sept. 24 — Del Rio, there.
- Oct. 1 — Open date.
- *Oct. 8 — Menard, here.
- *Oct. 15 — Sonora, there.
- *Oct. 22 — Mason, here.
- *Oct. 30 — Ozona, here.
- *Conference games.

Land Broken, Grain Drilled On Davidson Farm Thursday

Roy Davidson, local farmer, confined to a San Angelo hospital where he, this week, had a leg amputation, is reported as resting as well as could be expected.

Thursday, friends of the family gathered at his farm and with some twelve tractors pulling breaking plows and grain drills, broke 187 acres of land, drilling in some 100 or more acres in grain that day.

It was opinioned by many present to a Success reporter that this was the largest field ever broken and planted in a single day in Schleicher county.

Money was raised here in a short while Wednesday to purchase gasoline for the tractors, seed was furnished by various other friends of Davidson. In other words, they hope to make him feel that his interests are being cared for while he is away.

Assurance was made the reporter that the ladies out at the farm worked hard to serve the field workers a real laborer's dinner, too.

Just another example of friendly Schleicher deeds.

TIME FOR THAT FALL VICTORY GARDEN

By Virginia Ryan,
 Co. H. D. Agent

Co. Home Dem. Agent
 Since the showers of the past week, people are becoming more interested in fall and frame gardens. There is no substitute for the flavor and goodness of vegetables grown in your own gardens.

Cutting and removing all weeds and plant refuse is the first step in preparing the soil. Turned under, this vegetation molds, heats and dries the top soil. Do not plow fall gardens more than four to five inches deep as deep plowing tends to dry the soil. Break up all clods, and rake the soil fine and smooth before sowing the seed. Seed saved from spring may be used for fall planting.

Mustard greens should be planted with the first good rain or should be watered when planted, if at all possible. This vegetable grows quickly and should be ready for the table in four weeks. Leaf lettuce should receive special consideration because it is more tolerant to heat than the head variety. Spinach, beets, carrots, and cabbage mature slowly, and should be planted where they will be well drained if the rains come later in the fall. Since germination at this season is usually poor, about one-fourth more seed should be planted in order to obtain a good stand.

Seed with a hard seed coat, such as spinach, beets, and swiss chard should be soaked in warm water over night before planting. Do not plant soaked seed in dry soil, irrigate or plant immediately after a rain.

Carrots require special preparation of the seed bed. It is advised that the row be spaded to a depth of eight or ten inches and well rotted manure or compost mixed to prevent packing. When carrots reach hard layers of sub soil they become misshapen. Plant the seed one inch deep, firming the soil by tamping with a hoe. Lay boards on the row after

RADAR SAVED ENGLAND

A well-known writer in one of the popular scientific magazines, writing of post-war professions, says that in his opinion RADIO is going to be one of the outstanding professions when peace comes. He bases his opinion upon the many new uses for radio which have been discovered and developed because of necessity during this war. He says that the discovery of RADAR, which rightly belongs in the radio family, saved England from being destroyed. This is a device that locates enemy bombers and directs mechanically anti-aircraft fire directly to the plane, thus making possible the destruction of the enemy bomber planes. This is just one of a score of new uses for radio in all of its phases. When this practically newest of sciences is put to peace time use, there is no telling just what new and interesting opportunities it will offer the young men and young women who are interested in this new profession.

There is a school located at Tyler, Texas, that has been teaching RADIO for a number of years. Their graduates may be found all over the country; in fact, they have just finished training nearly two thousand men in radio under contract for the War Department. Undoubtedly, this school is well-equipped for this type of training or the War Department would not have used their facilities. If you are interested in learning more about radio, why not write them for their catalog? Just address the Tyler Commercial College, Tyler, Texas, and tell them to send you their catalog. (Adv)

planting to retain moisture and to keep the earth cool. Remove when the seed begins to germinate, which is usually about seven days.

FDR says:

Every worker should increase the amount of bonds he or she is buying.

BAILEY RANCH H. D. CLUB MEETS

The Bailey Ranch Club met at the home of Mrs. C. N. Shaw, Sept. 3rd, with ten members present. The club voted to help secure cup towels for the school cafeteria. Each member agreed to given her share and ask other patrons to help.

A report of the Council was given by Mrs. C. N. Shaw. Miss Ryan, H. D. Agent had charge of the program. She gave the club ways of preparing chickens and also gave a demonstration of Chicken pie making.

Mrs. Archie Mittel, who was a delegate to the T. H. D. A. which met in August in Dallas, gave a report of the meeting.

The chicken pie and other refreshments were served to Mesdames Hop Ashmore, J. E. Spencer, Bill Roberts, Archie Mittel, Chas. Sudduth, C. N. Shaw, J. F. Kinser, E. W. Mund, Lester Henderson, Peyton Cain, and Miss Ryan.

APPRECIATION

May we try to express our appreciation in these few words for the many loving kindnesses shown us upon hearing of the loss of our dear loved one. The sympathetic letters, cards, calls and words of friends and loved ones helped more than words can tell to make the pain of Dee's going easier to bear.

May God Bless each of you and bring your loved ones safely home from this terrible conflict.

"THANK GOODNESS!
 Here's one thing that hasn't changed!"

Reddy: You're exactly right, Lady! Every other civilian service has been affected because of the war, but not electricity! It's still on hand every moment to make life easier and more pleasant for you!

Lady: Did you say, "easier"?

Reddy: Yes, that's what I said. You see, Lady, we realize what an important and patriotic person you are, with your Red Cross work, the Motor Corps, besides that very vital job out in the kitchen.

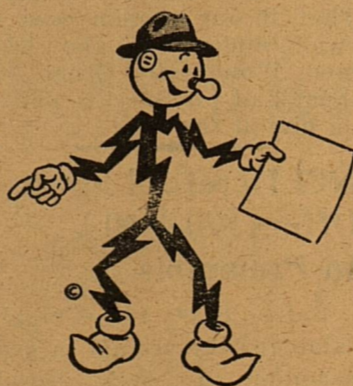

Lady: But it's the least I can do for the war effort.

Reddy: Of course, it is, and your electric company is now serving Army Training Camps and war-time industries, but it has also pledged itself to go right on serving you. Electric refrigeration keeps the food for your family safe and healthful; electric cookery retains vitamins and other valuable food elements essential to good health. Then there is your sweeper, iron, washer, and many other electric appliances, all at your finger tips to save your time and lessen the labor.

Lady: Whee, that's a big job!

Reddy: You bet it is, but it's our contribution to the War and to you. All of it adds up to friendly, dependable service at low cost.

Lady: And that sounds mighty good to me and my budget—and it's more than you can say about most items, since the war began.

WITH THE MEN IN SERVICE

Word was received here this week that Jewel Butler Burge had been made a Private First Class in the newly organized Women's Army Corp which recently absorbed the WAAC. She is just recuperating from a tonsillectomy and feeling much better at the present time. She is stationed at Aberdeen Proving Ground in Maryland.

A letter from Pat McAlpine to his mother bearing a dateline from somewhere in New Guinea last week stated that he was fine and liked his assignment. He stated that he had just seen the first show since he landed there. He is manning anti-aircraft equipment.

W. E. DeLong M. M. 2/c has notified his parents, Mr. and Mrs. D. E. DeLong that he has landed safely in Iceland. He states that he is in a country that is somewhat similar to ours "around December". DeLong is in the Sea Bees of the Navy.

Pvt. Jack Shugart arrived Wednesday for a week's visit with his wife and other relatives. He has completed his work at Salt Lake City, Utah and will be stationed at Dalhart, Texas upon completing his furlough.

Lt. Earl Bryant who has just completed his cadet training at Victoria, Texas spent Thursday here visiting his parents Mr. and Mrs. E. R. Bryant. Lt. Bryant will report to Randolph Field for a refresher course, after which he will be an instructor.

Cpl. John R. Conner notified his parents Mr. and Mrs. O. E. Conner that he has been transferred from Willow Run Air Base in Michigan to Mountain Home, Idaho.

Lt. Carl Nall has been transferred from Tucson, Arizona to Blythe, Calif.

Mrs. M. L. Potter has received word from her brother Pfc. Louie (Slick) Nolen and he states that he is somewhere in Australia and that it is a very beautiful country that looks a lot like ours but that he had rather be back in his own home.

Lt. Dayton F. Walston and wife of Camp Hann, California are visiting here with the formers brother Jess Walston and family.

Mrs. J. A. Butler, mother of Fred Butler, who entered the Armed Services June 3, received a letter from him this week stating that he had been made Private First Class. He is stationed at Camp Campbell, Ky., and is in a medical detachment.

In one of Sgt. Robert K. Bradley's recent letters to homefolk, he stated that he was now in Sicily.

Mrs. Allie Sweatt has received word that her son, Irvin Willis was made Corporal August 10. He is also M. P. and is stationed at Concho Field.

You Can Study The Three "Rs" In Army

Visiting here this week is Staff Sgt. Jefferson S. Nixon, who has made a mark in the Army in the form of an educational organization director. Sergeant Nixon, a former Eldoradoan is the son of Mr. and Mrs. A. M. Nixon and a brother of Mrs. Ray Jones. His wife is here visiting also.

The educational organization is known as a Special Training Unit of the Special Service Office and according to the Staff Sgt. Jefferson S. Nixon, the purpose of this school is to give men a chance to make use of their spare time and to increase knowledge that will help them to become better soldiers as well as better citizens after the war. It is also for the purpose of raising the educational level of men, who for various reasons, were not able to finish their school work prior to entering the service.

Reports here concerning the school include the following information:

The first step taken by Nixon after his appointment as school director was to begin a basic course in education for those men with little or no schooling. He went to Lubbock, Tex., to study the methods of the school at the air field there. Upon his return 10 days later, he examined the classification records of enlisted men, talked to the squadron commanders and first sergeants of each organization explaining the school, and through this campaign got an initial enrollment.

Eight men from the 327th Aviation Squadron who took advantage of this opportunity completed the basic course Monday. They were taught the basic principles of education, principally the three R's and spelling as well as a smattering of history and geography. All of the graduated men want to continue with practical arithmetic, English and spelling in the advanced course which will begin this week.

Twelve negro soldiers and five white soldiers are attending basic classes at present and will complete their course in three weeks. Their previous education ranges anywhere from the first to the fifth grade. The men are divided into two classes according to their level of learning.

Most of the students attend school four hours a day five days a week. The squadrons have arranged the students' work schedules so that school can be fitted in. However, classes, other than the basic course, are generally scheduled to fall in the men's off duty time.

Nixon hopes to be able to start classes in algebra, and radio code within a week. Subjects which will be offered later if there is sufficient demand for them include word study, world geography, world history, correspondence, business law, shorthand, mathematics, foreign languages, physics, cartooning and drawing.

Advanced students are encouraged to enroll in the Army Institute for correspondence courses in high school and technical subjects.

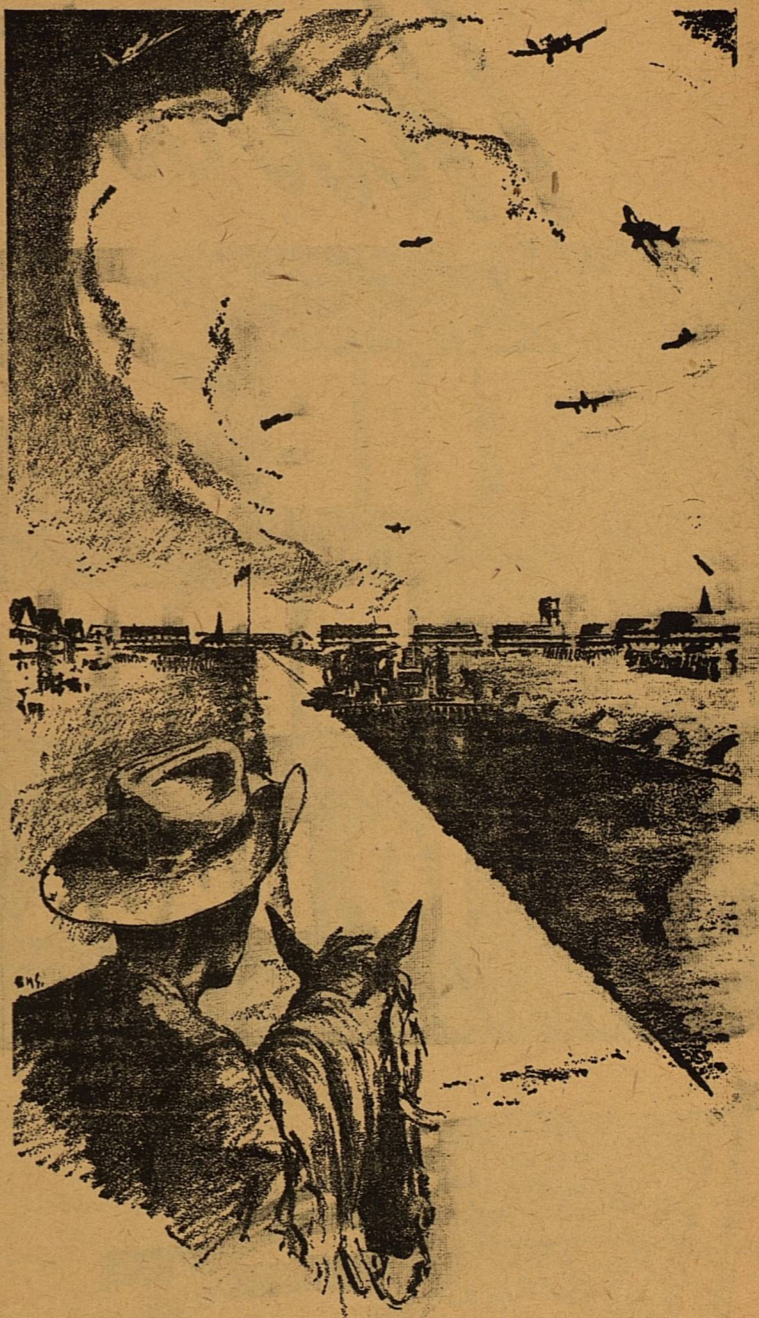

He wrote to the chamber of commerce of each state and to an oil company's travel bureau and as a result of this correspondence received maps, travel folders, and other printed material on every state in the union and the countries in North, Central and South America.

Capt. Clarence Morris, post school officer, and Capt. Harry Nolen, special

service officer, organized the school and are supervisors of the school's activities. Nixon was selected and appointed as director by Capt. Morris.

Nixon was graduated from Southwestern State Teachers College, San Marcos, Texas, with a bachelor of science degree in 1937. He taught industrial art and

social science in the Mason, Tex., junior high school for four years and then worked as a vocational counselor for the National Youth Administration for over a year. He enlisted in the Army Air Forces in September, 1942 and was working in the 492nd Squadron orderly room when he received his director appointment.

This Was The South Pasture

War sure changes things fast. Long as I can remember this was the Boss' south pasture—and now look. Almost overnight, instead of cattle, windmills and barbed wire, there are roads and barracks and soldiers as far as you can see.

All over Texas thousands of acres of quiet grasslands have been converted into military camps. Under the capable direction of Army engineers, civilian contractors have rushed to completion the flying fields, army training centers, rifle ranges and navy bases where thousands of our fighting men are being trained.

Essential to the very existence of these military establishments are the streets and highways that form the transportation system within and between them. Petroleum asphalt supplied by Humble has been used for constructing many miles of these strategic roads. Economical, serviceable, and easy to apply, Humble Asphalt is serving in war, as it did in peace, to make all-weather highways, streets, and air field landing strips a reality in quick time.

Road asphalt is but one of the long list of Humble petroleum products that are in the fight on the battle front and the home front. High-octane aviation gasoline, Toluene for TNT, special fuels and lubricants for the machines of war and industry—all come from the same refineries, which for years have supplied you with Esso and Humble gasoline, Esso, 997, and Velvet Motor Oil for your car, your truck, and your farm and industrial machinery.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Unis Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Ban Protective Coatings, Stratosphere Greases, Toluene, Torpedo Greases, Waxes, Waterproof Lubricants, and more. **FOR THE MACHINES OF INDUSTRY:** Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes. **FOR YOUR CAR:** Products and service to help you care for your car for your car.

HUMBLE OIL & REFINING COMPANY
13,000 Texans United in the War Effort

HUMBLE Humble fuels, lubricants and greases have been field-tested and used by successful farmers for years. There is a Humble product for every farm need. Look to your Humble Bulk Agent for advice on your fuel and lubrication problems.

NO MEXICAN NATIONALS FOR HARVEST EMPLOYMENT

The War Food Administration at Washington has advised the Extension Service that Mexican Nationals will not likely be moved in-

to Texas this year to help harvest crops.

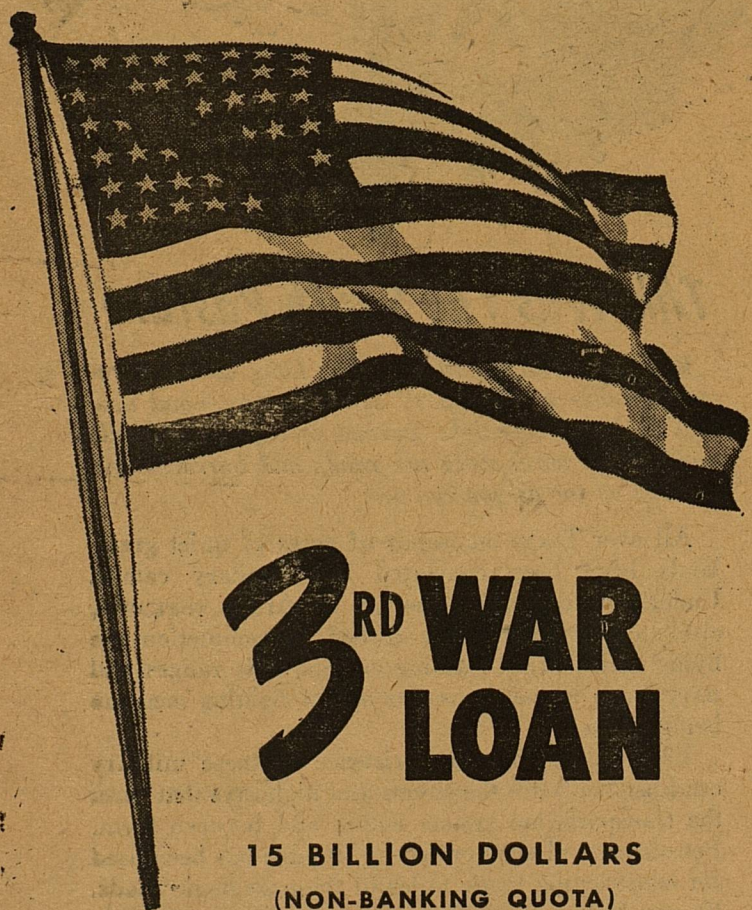

County Agent Jack Welch states that approximately 100 cotton pickers have been requested from his office the past week. About 300 migratory workers will be needed in this county

with in the next two weeks to harvest this years crop according to the Schleicher County U. S. D. A. War Board.

Migratory labor is expected to start from the East within the near future.

Thursday Sept. 9

THE 3rd WAR LOAN DRIVE STARTS - TO BACK THE INVASION!

3RD WAR LOAN

15 BILLION DOLLARS (NON-BANKING QUOTA)

★ ★ ★

What you will be asked to do

MARK well the date—Thursday, September 9th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest in more bonds—hundreds and thousands of dollars' worth more.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they

have into this fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds . . . EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered a choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, 1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; 7/8% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G."

First Baptist Church
"The Church With A Friendly Welcome".
J. M. Hays, Pastor
It seems that we are at the time when the seasons

are changing; and I feel that it would be a very good time for all who do not support the churches with your presence would be a good time to change your habit and get an even start with the autumn season. Do you ever ask yourselves this question? Is my life and influence counting for the most and best? Just one thing about our influence we cannot be the judge, but our neighbor and friends are the ones who know what our life is and what influence it has. I would hate to live a life and when the end comes, no one missed me and no community or town could say that I had been a benediction to it and a blessing to others. Do you know that each of us only have one life and it may be very brief. So we should find a challenge when we think of good and useful living and those that we influence as we pass this way only one time. Laws of this universe do not change, neither do the laws of religious and moral living change. No doubt you can measure the success of your boy or girl by the kind of training they are receiving at home and other places. This is the reason why life and living is so responsible for we are continually making a path for others to tread.

We are grateful for the good attendance we had on our services Sunday and Sunday night. I hope each of us will do our best in getting someone to our services this next Sunday. Our year's work is fast coming to a close and we need to make every effort to close the associational year with an increase in every organization and every activity.

The plans for our enlistment campaign for our church and various organizations are being worked out as fast as possible and by the new year, which starts with Oct., we will have all plans worked out in a definite way and the work will start and I hope every possibility will be contacted and invited to our services. If we neglect the spiritual and moral values of life we have neglected the most and greatest values.

We have plans well under way for our fall meeting which we plan to have soon after the middle of Oct. Dr. McGinley Norman has been secured to do the preaching and lead us in this special effort for evangelistic purpose. Dr. Norman is another one of our State Evangelists. He comes highly recommended; and a great preacher with a number of years of experience as pastor and evangelists. I hope our entire church family will begin now to make plans to support this meeting with all the Lord has blessed you with.

SON BORN TO RUNGE'S
Mr. and Mrs. Forrest Runge announced the arrival of a son born Wednesday evening at 6:30 in a San Angelo hospital. The young man weighed 7 lbs. and fifteen ounces and has been named J. Forrest Jr. The grandparents are Mr. and Mrs. L. H. Runge of Galveston and Mrs. Robt. S. Winslow of Menard.

AMERICAN LEGION AUXILIARY MEETS
The American Legion Auxiliary met at the Court House Tuesday night, Sept. 7th at 8:30 p. m. with Mrs. W. M. Davis presiding. The finance committee reported the sale of \$475.00 worth of stamps and bonds on Molly Pitcher day. The health committee was advised to further investigate health conditions in the local Latin American community and the membership committee

SOCIETY

W. M. U. HAS SILVER TEA

The members of the W. M. U. of the First Baptist Church entertained with a silver tea in the basement of the church, to raise funds for the Margaret Fund, Monday, August 30th.

Devotional and a song was rendered by Mrs. Jim Hays. Misses Louise and Joyce Burk and Betty Jean McMillan gave a playlet on "The Margaret Fund".

Tea was served to Miss Mollie Turner, Mrs. Coryless, a sister of Miss Turner, Mrs. H. Wells, sister of Mrs. Gordia Alexander, and Mrs. W. O. Alexander, guests. Mesdames Edd Finnigan, J. M. Hays, Tom Smith, J. B. Bruton, Geo. Williams, T. W. Johnson, J. A. Whitten, A. M. Nixon, W. N. Ramsey, H. Mace, Lois Etheridge, Buster Gunn, W. T. Whitten, Ida Alexander, Perry Mittel, and son Gaid, Miss Mary Bruton and Misses Louise Burk, Frankye Thompson, Joyce and Louise Burk, and Betty Jean McMillan.

W. M. U. MEETS

The W. M. U. of the First Baptist Church met in the country home of Mr. and Mrs. Edd Finnigan, Monday Sept. 6th.

Mrs. Finnigan gave an impressive devotional on "Upbuilding". The scripture was taken from 1 cor. 14-26. The opening prayer was led by Mrs. Geo. Williams. Mrs. Jim Hays reviewed a mission study book on Community Mission surveying the work that should be done in every community for the upbuilding of Christianity.

The meeting was dismissed with a prayer by Mrs. Gordie Alexander and refreshments served to new members, Mrs. Green and Mrs. B. A. Whitten, and Mesdames W. N. Ramsay, Perry Mittel, Mattie Bruton, Tom Smith, Buster Gunn, Geo. Williams, Jack Etheridge, R. C. Spurgers, J. A. Whitten, L. T. Wilson, H. Mace, W. T. Whitten, Jim Hays J. L. Hudson, Ida Alexander, Miss Mary Bruton and the hostess.

started work on 1944 membership dues for which are now payable.

Two hundred poppies were ordered from the Veterans' Hospital at Kerrville for sale Armistic Day.

The program was a review of the Legion's newest booklet for service men's families "At Home All Must Be Well." Those present were: Mrs. Rob't. Sproul, Mrs. Sam McGinnis, Mrs. Geo. Long, Mrs. C. C. West, Mrs. Arthur Mund, Mrs. E. W. Brooks, Mrs. J. A. Griffin and Mrs. W. M. Davis.

GIFT TEA HONORS LT. AND MRS. KYLE NEILL

Lt. and Mrs. Kyle Neill of Mitchell Field, New York, were honored with a miscellaneous shower Saturday afternoon at the Baptist Church. Hostesses were members of the W. M. U.

Miss Kathryn Moore was at the bride's register. Assisting in serving and receiving guests were Miss Ellen Hughes of Mertzon and Misses Mary Hoover and Frances Robinson. Miss Frankie Thompson and Miss Hughes played piano selections during the tea hour.

A "Keep 'Em Flying" theme was carried out in the decorations with a centerpiece of a group of the Allied flags surrounded by model airplanes, placed on the linen covered table. The bride and groom, the bride's mother, Mrs. Geo. Williams, and the groom's stepmother, Mrs. J. A. Neill, were seated before a background of the National colors. A miniature paratrooper hung near the honored guests.

The program consisted of a reading by Mrs. Joab Campbell, and a solo, "The Army Air Corps" by Mrs. J. M. Hays. A message from the "paratrooper" was relayed to the bride and groom stating that other paratroopers would appear bearing supplies and equipment for their future home. Iced watermelon was served to about sixty guests.

W. S. C. S. IN WEEKLY MEET

Missionary Work in Porto Rico and Cuba was the subject of the lesson when Mrs. W. H. McClatchey was leader when the W. S. C. S. met Monday, Sept. 6th.

Discussions of the various phases of the work were given by Mesdames Keno Ogden, Luke Thompson, and Ben Isaacs.

A vocal solo, "Beautiful Garden of Prayer" was rendered by Mrs. Coreley, sister of Miss Mollie Turner and who resides in Dallas.

Mrs. John Isaacs was hostess for the occasion and besides the above mentioned she served refreshments to Miss Tom Pearl Smith, Mrs. A. J. Atkins, Mrs. F. B. Faust and Mrs. G. R. Marshall.

FT. MCKAVETT NEWS
 By Reporter
*** * * * ***

School opened Monday with Mrs. Albert Burleson and Mrs. C. A. Russell teachers. The 8th, 9th, 10th, 11th and 12th grades went into Menard.

Mr. Dan Arnold and family and Daniel Freeman of Mountain Home visited in the Joe Freeman home this week. Lt. Joe Freeman from Victoria, Texas is visiting his parents here this week. Joe will be transferred to Tallahassee, Florida on returning.

John Russell and Buddy McMillan advise that you try to hitch-hike from McKavett to Eldorado these days.

Miss Ann Tennet of Alpine visited Miss Edith Freeman over the week-end. Both ladies will start their school work in Menard Monday.

Mrs. Melba Baker and children are visiting Mr. and Mrs. Kidd Baker this week. Mrs. Baker and children are moving to Sherman, to be with their husband and father, Marvin Baker, who is in the Army and stationed there.

The Rev. Moreland preached an excellent sermon to a large congregation at the Episcopal Church Sunday evening. Charles Freeman was baptised.

Mrs. Lillie D. Poe from Glenmore, Louisiana is here visiting her parents Mr. and Mrs. Jim Pullen.

Mr. and Mrs. Gee Danley visited in Eden Sunday.

Visiting in the L. Wheeler home this week is Mr. Wheeler's mother Mrs. L. R. Wheeler, his sister Mrs. Chester Smith and his niece Miss Bernice Smith of Stockdale.

SENIOR NEWS

The Senior Class of 1943-'44 met September 7th for the first time during the home room period.

Officers were elected for the coming year. Mrs. Carroll Ratliff, the Senior sponsor, presided over the meeting until the president was elected. The officers are as follows: President, Luke Thompson; Vice-President, Tom Potter; Secretary and Treasurer, Polly McLaughlin; Reporter, Sarah Sweatt; Room Mothers, Mrs. C. C. McLaughlin, Mrs. Luke Thompson, Mrs. Fred Watson, Mrs. L. T. Barber, Mrs. E. H. Sweatt.

There was a discussion about our social plans. Being no further business the meeting was adjourned.

HOW TO GET MORE THAN A TWO-INCH RAIN

Recently the editor and family came to the point where they had to have a little rest. We hied to the C. B. Ranch where we spent one of the most enjoyable week-ends ever as guest of H. Leslie Jones and his mother, Mrs. Raggio.

We enjoyed Southern hospitality plus on the picturesque ranch at the head of the Llano river, together with excellent fishing luck that evidently had been saved for a poor "shop-worn" editor.

Anyway, it was a much too beautiful a place to be damaged by the drouth, so we ordered a two-inch rain, or more rain, for the C. B., and this week our McKavett correspondent acknowledged the receiving of the rain.

IN SAN ANGELO HOSPITAL

Mrs. Joe B. Edens is in a San Angelo hospital, suffering from a limb infection. It is reported that she is getting along as well as can be expected and will have to remain in the hospital for some time yet.

Wright's Cash Store

Notions — Groceries — Shoes

The war goes on, so does the point changes, for what reason, God only knows.

But there is a reason why you should buy your groceries at this store: It helps both of us. Come in folks, we like you all if we can't sell you all the bacon you want.
