Forty-Second Year

Eldorado, Schleicher County Texas, Friday, November 5, 1943.

NUMBER 43.

## MEDITATIONS

By The Editor

Just to prove that we are, sometimes wrong (as well as in this case a lot more folk) we said last week that the Mason-Eldorado game could not be decided a one-half win, or a tie. But nevertheless it was decided just that.

So what, we had sworn that we would not mention the incident again since the boys say that game is a thing of the past and that as far as they are concerned that water will never flow under the bridge again. Now that is what we call real sportsmanship.

Want to say 'tho that if the locals do play Mason again to settle the conference championship we want to be there to see it and whoever invites us to ride over (we'll have to hitch a ride) over must also ask the Rev. Jim Hays as he does our rootin', too.

A lady called this week and said that she would pay \$2.00 for having a service man's picture made, but that it was too much to pay for having the boys' pictures made for the special magazine section featuring men from Schleicher county in service. We will take the matter up with the addressing and wrapping department the post office department for postage and the engravers and see if they will give us a better discount. But don't expect a discount too strongly, as the postage rates are pretty stable; the cost of living keeps advancing on the workers in the wrapping and addressing department and the engravers have a habit of raising their prices instead of lowering them.

Fans at the football game here Saturday got their admission's worth in the game, but as a nice bonus they got to see the crowning of Her Majesty Elaine Watson as Football Queen. She was accompanied by Captain Luke Thompson, and Princess Sarah Sweatt, escorted by Walter (Bud) Davidson. The Bugler, Bill Breedlove, hit a low sumpin' in the first call but he got 'em up to the throne some way or another.

We note that Fall styles in women's clothing calls for more pockets. This is going to prove embarrassing to husbands trying to find their wives' paycheck.

The old boy who is worth so many millions and who said the other day, "wealth is a burden," would find if in our place that lack of it is also a burden.

We have it on the authority of the Treasury Department that the average dollar bill lasts for nine months.

That has not been our experience.

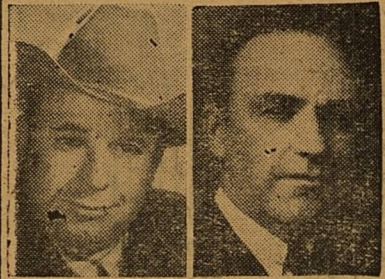

There may be wondering about the difference in the size of type again being changed. This is being done in order to get more news in each issue of the paper and at the same time continue to hold down our consumption of newsprint.

It is with regrets, that we have had to leave out many times of late, items contributed to us, but this was done because of lack of space.

## Many Fine Herefords To Show At Dallas

More than 460 animals (232 bulls and 230 females) are entered by 55 of the nation's top breeders for the 1943 National Hereford Show to be held in Dallas Nov. 15-20. Seventeen breeders are from eight states other than Texas.

Prof. E. A. Trowbridge, head of Missouri University's animal husbandry department, will award ribbons with firsts carrying a top of \$100 in all major classes of a \$20,000 premium list.

Frost Trowbridge

"It is impossible to estimate how much rubber will be saved by this big concentration of fine cattle," declared Jack Frost, president of the sponsoring Texas Hereford Association. "Buyers will not have to drive from ranch to ranch seeking herd needs. Here they can compare desirable cattle side by side. Also we have 60 fine animals, consigned by 23 breeders, for the sale on Nov. 17, date on which judging will be completed. If breeders endure today's difficulties of fitting herds and transporting them to Dallas, then it's a cinch they have some fine cattle to exhibit," he said.

Association Secretary Tom G. Paterson has seen many of the cattle and declares it would be a fine show under normal conditions. He is enthusiastic over loyalty shown by breeders this year. "They realize that expansion and improvement of the breed is better served by a show than by anything else," he said.

## Martin Estes Throws Loop On This 'Gent'

Tuesday of last week, Martin Estes noticed a disturbance in a flock of his sheep and upon investigation, he saw running away a direct descendant of the suscrofa family. Despite the fact that he was mounted on a very young horse, Estes gave chase and conceived the idea of roping the "jeester." After an attempt or two he got to where he could throw a loop on the fleeing animal; this he did several times, but the critter was elusive and would get through. Finally, however, after the chase had been made some three-quarters of a mile he came along side and manipulating his rope in such a manner as to "set-to" just aft the fore legs, he "tightened up", and held fast his prey. Looking for a way to retain his catch, Estes spied a mesquite limb and swung the javalina up and left him suspended until he could return with his pick-up and haul him in.

This species of animal is fast becoming extinct in this section of the state. It is reported that few are seen, and that Nick Jurecek shot one near the Reynolds community about a year ago.

The animal discussed is a wild hog.

## Cong. Fisher Writes Letter Of Interest

Under another heading "Washington Letter" by Congressman O. C. Fisher, will be found an interesting article to residents of this section dealing with livestock and a threat against the progress of 4-H Club and Future Farmers (and ranchmen) of America.

Congressman Fisher further explains the statement he made on the floor of the House last week in defending rights and possibilities of this cause.

## PICTURES FOR SERVICE MENS' EDITION COMING IN RAPIDLY NOW

It is indeed gratifying the splendid response received since last issue in bringing in pictures of men in service to be used in a special magazine section devoted exclusively to service men.

It is hoped that every man from Schleicher county will be shown in this issue, and that his rating and location as near as possible will be printed for the benefit of those who have been lost track of by friends. Too, the section is to be published in a form that may be preserved for years to come by those who care to have the pictures of the men.

Please remember, that if you delay one hour that hour in turn delays the publication for perhaps a longer period of time.

Won't you remind your friends of this fact, and urge that every man be represented in this edition.

Due to the fact that the cost of having metal plates made of the pictures is so great, \$2.00 is required for each picture. Both the picture and the plate will become the property of those who furnish them.

To those men who have no relatives to pay this cost we want their names and pictures and perhaps someone will help sponsor their representation.

Some means will be found to help persons who are financially unable to pay all of the costs. Call at this office for details.

## Eagles Defeat Lions Last Week

In one of the most spirited games played on the local field this season, the Eagles managed to round out a 14-6 score against the Ozona Lions, who gave the Eagles about the best run for their money they had experienced this year as far as "good ball playing" is concerned. By that is meant that the Ozona team, just about evenly matched in weight with the locals, held them to about an even score all through the first half, and doggedly fought on through the second despite the fact they were overpowered by the Eagles.

George Finley, Eldorado back and Paul Page, end, showed up well in the Saturday tilt against the stubborn line of the Lions'. Captain Luke Thompson, in a high wind that made the pigkin do unexpected things, fumbled the ball more (Continued on Page Two)

## Sergeant Creigh Writes Editor From Hospital Somewhere In South Pacific

A letter arrived this week from Sgt. Billie Creigh, dated Oct. 27, explaining that he had fallen off a truck while going to church on the Sunday previous, which was the 24 and dislocated an elbow.

It is with pleasure that we received this most welcome letter, and our sorrow to learn of his misfortune. A speedy recovery. Sergeant!

His letter follows:

I have been receiving my copy of The "Success" very regular of late

## Coffee Shop Is Purchased By Prince And Isaacs

Effective Monday of this week, W. H. Prince and Leonard (Cook) Isaacs, became the owners and managers of the Eldorado Coffee Shop after purchase from Charlie Weatherly, who opened the place earlier in this year, and who had just recently again re-opened after enlarging and re-modeling the building.

Isaacs is well known here and has been engaged in the ranching business for some time. Mr. Prince comes from Bangs, Texas, having been engaged in the livestock and trucking business and a former cafe owner. Mrs. Prince is a member of the Eldorado school faculty.

The new owners announced this week that Clyde Dykes, who has been employed by the establishment since its re-opening will be retained as head cook and assure the public that the same high quality food and service will be found at the establishment.

Readers are invited to read the formal announcement ad in another place in this issue of The Success.

## The Rev. Hak Pak, Korean Minister, To Speak Here

Announcement has been made by Rev. F. B. Faust, pastor of the Methodist church, that Rev. Hak Pak, pastor of the Korean Methodist church in Oakland, Calif., will speak at the Methodist church, Sunday morning, November 14. The Rev. Mr. Pak was educated in this country and returned to Korea, his native country as a missionary for several years, returning to this country on a mission for his church, he was caught, in a government restriction for wartime travel for the duration.

Mr. Pak has just returned from a year's service in the South Pacific where he served as an interpreter for Col. James Roosevelt. After a month's speaking tour in the Southwest Texas Methodist conference, he will go to Oakland, California to assume his pastorate.

The public is invited to hear the message Reverend Pak has to bring.

## RED CROSS SEWING ROOM OPENED

Mrs. Keno Ogden, supervisor of the Red Cross sewing room announces that the room is now open on Thursday afternoons at 3 o'clock for making kits for soldiers.

County Clerk H. T. Finley, is in a San Angelo hospital for a few days, receiving medical treatment.

## World Community Day To Be Observed November 11th

Armistice Day 1943 has been designated as World Community Day by the United Council of Church Women and by the leaders of women's denominational organizations.

To carry out their program, the church women of the town will meet in an interdenominational group Thursday, Nov. 11 at 10 o'clock, at the Methodist church. All women and others who might be interested, whether a member of one of the respective churches sponsoring the program, are invited and urged to attend.

The theme of the program will be "The Price of an Enduring Peace," and Mrs. L. Wheeler is the program leader. Its purpose is "For all church women to unite in a day's study of their responsibility for a just and lasting peace in a new world order and to continue programs of study and action in every church in every community."

In line with the program, ballots will be cast and the leaders of the churches urge that the church auxiliaries take the ballots at their regular meetings Monday, Nov. 7, due to the fact that Nov. 11 is a holiday.

A sample ballot is shown below:

1. Would you be willing to instruct your Senator and your Representative in Washington to vote for a bill which would authorize the United States to join a world organization for the purpose of insuring a just and durable peace and share in its expense and all other responsibilities involved?  
Yes  No

2. Would you be willing to continue for a period after the war such wartime regulations as the rationing of food, gasoline, and restrictions of travel, etc., if such were necessary to relieve distress, restore order, and help other nations to recover from their war damages?  
Yes  No

## Small Donations Gaining In War Chest Fund Drive

Donations are reported as gaining in the Schleicher County War Chest Fund in small donations, according to W. M. Patterson, Jr., county chairman for the drive.

At the close of business Wednesday some \$700 had been received by committees working on the drive Wednesday afternoon.

A special phase of the drive was pointed out this week by the publicity committee in that this particular drive takes in 17 agencies that have heretofore been contributed to separately. Donors are reminded of this fact in determining the amount they wish to contribute toward the fund.

Many responses were made Sunday after the subject was brought up in the various churches. The good citizenship at Rudd brought the subject up themselves and when the Rev. F. B. Faust returned after his appointment there Sunday he brought back with him donations from that community and turned it in to the committee.

Included in many of the things the fund will go toward furthering are the following of which are of vital interest to local citizens (Continued on last page)

Sincerely,  
Sgt. Billie Creigh.

### Hope For The Club Boys

Few economic movements in history have accomplished as much in such a brief time as the 4-H Club and Future Farmers (and ranchmen) of America program.

A major threat to progress for the club boys loomed last week as the Office of Economic Mobilization issued a directive limiting the price that can be paid for live cattle—beef on the hoof.

What would happen to the club livestock shows, so popular and effective in West Texas, if backers of the boys could pay only the OPA ceiling price for those baby beeves?

Already working on the problem at the request of agricultural agents and stockmen, I presented the issue to Mr. Arval Erikson, head of the feat section of OPA, who would enforce the joint War Food Administration-OPA program.

Mr. Erikson, himself a former 4-H Club boy and club supervisor, told me that he was for the club boy program. He said that before the controls go into full effect on December 1, he believed that they could form the details so that the hotels, cafes, business firms and slaughter houses could pay the premium prices which club boys, who put far more work into every pound of beef than their fathers do with range animals, must have if they continue their educational feeding demonstrations.

Now, more than ever before, our agriculture must strive to get the most and best production from their calves and their forage and feed.

Every community, county and regional club fat stock show would fold up immediately if the bidders were limited to the cry.

"I bid the ceiling price—as specified in Federal Register Document Number 43-17370 filed October 26, 1943."

Mr. Erikson, I'm sure, knows that would sound to 4-H boys as compared with the more cheering: "Thirty cents!" "Forty cents!" or "The champion baby beef of this show is worth more than that. I'll make it 50 cents a pound!"

### Ceiling On Live Cattle

Reportedly over the judgment of Marvin Jones, War Food Administrator, the OPA and Economic Stabilizer Fred Vinson went ahead last week and ordered these price ceilings on live cattle.

Regardless of how the program may be applied, in my judgment it will result in just more red tape for the producer to worry with.

Ceilings on beef to the consumer—something quite different from ceilings on the live animal—have long been in force, and the new order can hardly be justified on the ground that it will hold down the cost of living.

As I stated on the floor of the House last week, there are so many different types, breeds, flesh conditions and ages of cattle that arbitrary ceiling schedules cannot be made practical. As for practicality, of the four OPA officials called before the House Agriculture committee to explain the reasons for the new program, three said they were Harvard graduates. I'd feel a little bit easier if at least one could have said that he was a

#### Navy Day—We Can Be Proud

A few moments ago a band and a long line of youthful paraders marched across in front of the Capitol. It's Navy Day.

And never before has America had such a navy to be proud of—today clearly the greatest and best navy in all the world's history.

Two years ago some folk, who didn't know the full results of Jap treachery at Pearl Harbor, asked "Where's our Navy?"

The question can be answered today. Our Navy is here, there and everywhere that water reaches. It's sinking Rising Sun ships in the shadow of the Japanese coastline. It's conveying our men and materials and sinews of war on all the seven seas, to every continent.

Today Admiral Chester W. Nimitz said in Hawaii: "The war against Japan will be over long before the gloomy prediction of 1949." Remember, Texan Nimitz is a conservative.

#### REYNOLDS SCHOOL EXTENDS APPRECIATION

times than has heretofore been done by him this season, however he turned in his usual good playing talent and made a spine-chilling thrill play in the last half of the game when an attempt was made to kick goal for extra point after the center had shot the ball and Thompson missed he quickly recovered and ran it over the line despite the opposition. Finley intercepted a pass to an Ozona man and galloped over 25 yards for the other count credited to the locals.

McWilliams, 118-pound quarterback for the Lions stole the show with his ability to really play all-around ball. No tacklers could seem to stop the midget player "on the spot" and almost as sure as he was caught he would gain another two yards before going down.

All in all, there were less penalties assessed in the game than any so far this year, and spectators were loud in their praise for both teams playing "clean ball."

The Saturday win leaves Eldorado and Mason still tied as 7-B conference contenders following a one-half win for each team decision meted out by a referee following a game on the Eldorado field Friday, Oct. 22. Mason still has Menard to reckon with in order to be in the same bracket with Eldorado so far as championship for 7-B is concerned.

Mason and Menard are to play their game on November 11 in Ma-

## MORE POWER!

**WE CHEERED**, when Uncle Sam called on industry to work 24 hours a day, seven days a week, UNTIL THE WAR IS WON!

Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business.

**We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise.**

The electric industry throughout the nation is providing power where it's needed when it's needed... **MORE THAN THE COMBINED TOTAL OF ALL THE ENEMY NATIONS!**

This is in contrast to claims by proponents of social-

ization who predicted an immediate and disastrous shortage of electric power. The proof is:

- Today, in time of America's greatest need, the country's electric operating companies are supplying over 90% of all the power commercially generated;
- Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes;
- The average home now gets over TWICE as much electricity for its money as it did 15 years ago.

It represents American genius at its best. In little more than two generations electric systems owned by the public (through millions of small stockholders) have become indispensable in American homes AND IN AMERICA'S WAR EFFORT.

It has been possible because America's electric companies have been built and operated the American way—by good business management.

**Eldorado Divide Soil Conservation District News**  
REPORTED BY DISTRICT SUPERVISORS

With the fields getting dry enough to plow, several farmers are trying to complete their terraces. Terraces must be completed to AAA specifications by November 30, 1943, in order to qualify for payment.

Farmers constructing terraces with their own equipment— one-way plows, thrubble disks, or terraces owned by the Eldorado Divide District— include Rex White, Aaron Steward, Joe Edens, Perry Mittel, Billy Green and Will Isaacs.

With fall plowing under way, farmers should keep in mind the value of trashy tillage. Crop residue should not be completely turned under part of the stalks should remain exposed. This exposed litter helps materially to increase moisture penetration into the soil, cuts down evaporation, and reduces run-off.

Now is an excellent time for ranchers to observe the condition

of their native grasses, E. B. Keng, Soil Conservation Service, points out. Since the recent rains some of the better grasses, side oats and hairy grama, bluestems, and buffalo, have made 4 to 6 inches in growth, while many of the poorer grasses have made little or no appreciable growth.

These better grasses are provided by nature with an excellent root system, and when properly handled, will produce much valuable feed. The less desirable grasses— curly mesquite, needle grass, hairy triodia, and red gama— which crowd the better grasses when pastures are overgrazed, are generally less productive.

Pasture management may be compared to livestock management, Keng added. If properly stocked and handled, pastures will respond with continuous high production of valuable forage plants, while if continuously overstocked production will gradually decrease until growth practically ceases.

since they affect us more or less from an individual standpoint:

USO is to receive half of the fund, and certainly no one with relatives and friends in the service fails to realize just how much this organization means to the men.

United Seamen's Service and the War Prisoners Aid are two of the 17 agencies that will receive their budgeted proportion of the drive's proceeds, together with

other agencies that will eliminate to a high degree suffering in war-torn and occupied countries by orphaned and maimed children, who are literally starving by the thousands.

Mrs. R. O. Smith, daughter of Mr. and Mrs. R. A. Evans, is recovering from an operation which she underwent in a San Angelo hospital Monday night. Mrs. Evans and Mrs. Smith's mother-in-law of Ozona, are with her.

**SOCIETY**

**MRS. J. E. TISDALE NEW W.S.C.S. PRESIDENT**

Re-elected president for 1943-44 of the Woman's Society of Christian Service was Mrs. J. E. Tisdale when the group met Monday afternoon at the Methodist church.

Elected to serve with Mrs. Tisdale include: Vice-president, Mrs. J. F. Isaacs; secretary, (recording), Mrs. Ben Hext; treasurer, Mrs. Luke Thompson; corresponding secretary, Mrs. Frank Van Horn; secretary of supplies, Mrs. Keno Ogden; secretary of spiritual life, Mrs. F. B. Faust; secretary of education, Mrs. G. R. Marshall; secretary of children's work, Mrs. Reuben Dickens and chairman of publications, Mrs. W. H. McClatchey.

Mrs. Ogden was leader for the Yearbook program, "Strength For Our Task" and Mrs. Thompson gave the story, "Congo Women In a New Life." The program opened with a song, "Jesus Shall Reign," followed by a prayer by Mrs. G. A. Neill.

During the business hour Mrs. Tisdale discussed plans for a World Community Day program to be given at the church Thursday afternoon, Nov. 11, and announced that the other church societies of the town had been invited to participate in the program. Committees were appointed to meet with those from other church societies to further plans for the program.

Mrs. Ogden closed the meeting with the prayer from the yearbook, "Banza's Prayer." Mrs. Tisdale was hostess and refreshments were served to the following: Mmes. A. J. Adkins, Neill, Ogden, Van Horn, L. Wheeler, Faust, Ben Isaacs, J. F. Isaacs, Marshall, O. E. Conner and Miss Tom Smith.

**YOUNG ADULT BIBLE CLASS ENTERTAINED**

Miss Virginia Ryan, Mrs. Mabel Parker and Mrs. Jack Shugart were hostesses to the Young Adult Bible class of the Methodist church school when they entertained with a social Friday night in the basement of the church.

The room was decorated with black and yellow paper, and the Hallowe'en motif was carried out in the tallies and refreshment plates. Much amusement was afforded when the guests were given rolls of cerpe paper and asked to construct a hat for their partner. Much originality was shown by the vari-colored hats.

Games of "42" were played and refreshments of coffee, cocoa and doughnuts were served to Messers and Mmes. R. E. Smith, Jerry Pennington, Sam McGinnes, Charley Dupree, W. Irl Breedlove, Frank Prochaska, Jack Welch, Van McCormick, Rev. and Mrs. F. B. Faust, Mms. L. Thompson, E. C. Hill, Mabel Parker, Reuben Dickens, Miss Sammie Stewardson, J. B. Kidd; Glenda and Paula Breedlove, Carol Lynn and Jonnie Lee Dickens, Jerry Lynn Pennington, Frank Otto and Charles Prochaska; and the hostesses.

**DEMONSTRATION HELD WITH MRS. MITTEL**

The Eldorado Home Demonstration club met in the home of Mrs. Perry Mittel for a special demonstration on upholstering furniture, given by Miss Virginia Ryan, county demonstration agent Friday, Oct. 29.

A living room chair was refinished for the small sum of nine dollars. Miss Ryan stressed the care that should be given in matching and using materials of design.

Miss Ryan explained the National War Chest Fund to those present. The Eldorado club voted to give \$2.50 to this drive. Club members were urged to help with the rolling of surgical bandages and also housewives to bring their tin cans to the school house. The vacant lot opposite the school has been designated as the place for these cans. They should be clean, but may be slightly rusty, if they are flattened. These cans are sent to New Mexico and the copper is reclaimed.

Club members present were Mmes. W. H. McClatchey, G. L. Ballew, E. H. Coulter, Palmer West, R. C. Spurgers, T. W. Johnson, N. G. Hodges, Jerry Pennington, J. H. Mace, John Williams, Miss Ruth Baker, Miss Ryan and three new members, Mmes. Perry Mittel, W. H. Joiner, Joab Campbell, and Mrs. Sam Jones, a guest.

**REYNOLDS COMMUNITY**

**HAS HALLOWE'EN PARTY**

Reports from the Reynolds community carnival, which was held at the Reynolds school house, Friday night, Oct. 30, are that \$130.00 was realized from the sale of pie, coffee, cakes, bingo games, and other hallowe'en booths. Proceeds from the carnival are to be used in buying a piano for the school.

Mrs. Owena Johnston, teacher, was in charge of the program, and a committee composed of Mrs. Elvis Craig, Mrs. Leonard Lloyd, and Joe Kreklow have been appointed to help select a suitable piano.

**LOCAL GIRLS PLEDGE SOCIAL CLUB AT T.S.C.W.**

(Special to The Success)  
DENTON, Tex., Nov. 2. Social activities for eleven literary clubs at Texas State College for Women began this month, with 275 pledges accepted for membership.

A round of rush parties followed by the usual "mock initiation" activities were concluded Oct. '8. Formal initiation will be pledged at the next regular meetings of the clubs, after which pledges will be official members.

Two students from Eldorado are pledges of the James H. Lowry Club. They are Miss Mary P. Hoover, daughter of Mr. and Mrs. L. M. Hoover; and Miss Rosalyn Jones, daughter of Mr. and Mrs. T. K. Jones.

**A SON**

Mr. and Mrs. J. B. Wooton announce the arrival of a son on Oct. 14. The baby weighed 9½ pounds and has been named William Joseph. He is a grandson of Mrs. Lillie Craig.

Mrs. Marlie Logan who is employed in the Naval Civil Service, Houston, is here for a ten-day furlough with her parents, Mr. and Mrs. J. T. Ottaberry.

Mrs. Ralph Fowler, formerly of Amarillo, is making her home here permanently with her parents, Mr. and Mrs. D. E. DeLong, Sr. Mrs. Fowler's husband, who is an auditor, is to be employed after Monday, as auditor for Concho Field, San Angelo. He has been stationed at Pampa.

**Nov. 1-30 Date For Milk Producers To Make Applications**

Joe B. Edens, chairman of the Schleicher County A. C. A., this week announced that between Nov. 1 to 30, is the period set for taking applications of county milk producers for payments on October production under dairy feed payment program. Payments will be made direct to producers at the rate of 40 cents per hundred for whole milk, 5 cents per pound for butterfat and 4 cents per pound for butter. All payments will be based on total October sales, with satisfactory evidence of sales presented to the committee before payment can be approved.

Payments on November and December sales will be made in one check after January 1, 1944. Application for this payment must be made to the AAA office between January 1 and January 31, 1944.

The feed payment program was launched to offset part of the increased cost of dairy production.

Mrs. A. E. Kent will leave Saturday for East Bernard where she will make an extended visit with her daughter, Mrs. Wyatt Means.

Mrs. J. C. Whiteley returned Sunday from a ten-day stay at Brady at the bedside of her mother, Mrs. M. D. Clevenger, who is seriously ill in a hospital there.

Mrs. Everett Stewart and son returned Wednesday of last week from a three-weeks visit with relatives and friends in Menard and Junction.

WITH THE MEN IN SERVICE

Mr. and Mrs. O. E. Conner have received word that their son, John K. Conner, has been promoted to Corporal. He is stationed at Mountain Home, Idaho.

John L. (Jack) Neill, Jr., USNR, son of Mr. and Mrs. J. L. Neill, left Saturday for Ruston, La., where he will enter training as a Naval Aviation Cadet at the Louisiana Polytechnic Institute.

Mrs. Dial Mercer and son, Sidney, are in Henderson, Ky., with their husband and father, Corp. Dial Mercer, who is stationed at Camp Breckenridge, about eleven miles from Henderson.

Pvt. Lawton Brevard has returned to his station at the Louisiana Polytechnic Institute, Ruston, La., after a visit with his wife, the former Tommye Aline Davidson. Mrs. Brevard visited recently in Ruston and accompanied him here.

Pvt. Lyndon Isaacs has informed his parents, Mr. and Mrs. J. F. Isaacs, that he has arrived safely somewhere in North Africa. Another son, Corp. Harold Isaacs, is stationed somewhere in the Hawaiian Islands.

In order that the Illustrated Men in Service Magazine to be printed soon, is a success every man in service picture's needed. If patrons are not familiar with the plan, ask your neighbor or telephone 77.

# Son of Schleicher Couple Believed Aboard Torpedoed Destroyer

EDITOR'S NOTE: The following account of the torpedoing and straffing of a U. S. Destroyer by Japanese was written by a Washington daily paper reporter and delayed. Wesley McAlpine, son of Mr. and Mrs. G. W. McAlpine, who once before was afloat for days on a life-raft is seeing service on the vessel and is believed to have been aboard at the time of the following incident.

Material for this story furnished through courtesy of the parents of the seaman.

## Aboard A U. S. Destroyer At An Advanced South Pacific Base—

Aug. 23 (Delayed)—An enemy torpedo sliced only a few feet past our bow, a shell almost exploded one of our own torpedoes, and we were strafed and bombed time and again, but to the men of this hard-hitting American destroyer, escorting a supply convey to Vella Lavella, it was just another cruise.

"We're expecting trouble," the skipper said in a brief address to the crew before the battle. "But I'm confident each and every one of you will do his part and we will lick the Japs again." We did just that. The mission was completed without losing a ship or a single pound of cargo.

**Ship Ready For More**  
The enemy struck at us only two days ago, but already this fighting little ship is ready to put to sea again on a half hour's notice. Repair parties found more than 200 shell fragments and

Officers' Course were held there on that date.

Gas masks, protective clothing, decontamination, chemical warfare material, treatment of gas casualties, and chemical warfare tactics were some subjects studied by the army officers attending the course.

Major Dave Williamson, former school teacher in Eldorado Schools was among those graduated from the course.

bullet holes in the ship top-side. One shell had broken open a torpedo warhead without exploding it. But none of the hits were serious and all were patched up in a few hours.

Twenty-five men were wounded, few of them critically, and one anti-aircraft gunner, Seaman 1/c John S. Villani, Patterson, N. J., was killed at his post. A 20 mm cannon shell from an attacking Japanese plane struck him.

At least two of the wounded owe their lives to Lieut. Harvey Frank Kreuzburg, 32, Washington, D. C., the ship's medical officer, who continued to work over his patients for hours after a machine gun slug and a chunk of shrapnel had crippled his left arm.

**Stops Flow Of Blood**  
With the aid of medical corpsmen, working in the half-light of battle lamps, Kreuzburg managed to apply a clamp stopping the blood flowing from one man whose jugular vein was severed. The patient rallied after he had administered four pints of blood plasma.

Kreuzburg was assisted by Pharmacist 1/c Wallace Cable, Butler, Tenn., who worked independently on wounded in another part of the ship, and Hospital Apprentice James Maloney, Heron Lake, Minn. Shortly after the ship had been hit, Lieut. Ford Harold, East Orange, N. J., Medical Officer of another destroyer, came aboard to help out.

Even after Harold had returned to his own ship and the enemy planes had departed from the scene, Krousburg, shirtless and pale, his arm in a sling, con-

tinued making the rounds. He never did attempt to rest himself until the ship reached port and the wounded were taken off.

**Skipper Hero, Too**  
Another hero of the mission was the ship's skipper, who may be identified only by the nickname "Swede" early on the morning of Aug. 21, our first contact with the enemy came in the form of a torpedo. The skipper neatly turned out of its path. We watched it sizzle past, leaving its white wake in the moonlight.

Almost immediately, we were attacked by dive bombers and strafing zeros. For a full half hour, from 5:45 to 6:15 a. m. the skipper weaved and zig-zagged through the sea, constantly changing our speed to confuse the enemy.

After daylight, our own fighters appeared and drove off several subsequent Japanese attacks. However, a portion of one enemy formation was able to break loose to dive-bomb our supply ships and strafe one of our tiny subchasers. Luckily they caused no serious damage, but was a welcome sight when our lumbering landing barges shoved off for the Vella Lavella beach, loaded with supplies and equipment.

## TOM THUMB WEDDING HIGHLIGHTS WEEK

A wedding in miniature with bride and groom in full dress regalia, the traditional white satin gown, and black "tails" was enjoyed by a large crowd when the Senior class of Eldorado High School presented the Tom Thumb Wedding Thursday night, Oct. 30 in the high school auditorium.

The wedding party consisted of the usual number of attendants, with bridesmaids in lovely pastel gowns, and groomsmen in the usual black and white. The soloist rendered "I Love You Truly" in true wedding style, and the tiny flower girls scattered flowers as they preceded the fair bride to her place of honor.

Even the "Papas and Mamas" were there, with little brother and sister, and "Father" gave the lovely daughter away in his best manner, and "Mother" was seen to wipe away an occasional tear.

Although the wedding was carried off well, and those directing the program are to be commended for their training of the tiny characters.

Following the wedding, a group of girls from the second grade presented a number, the "Gypsy Dance."

Miss Dorothy Jean Burk has just recently completed a business course in San Angelo. She has accepted a position as stenographer at Goodfellow Field. She is the daughter of Mr. and Mrs. Lum Burk.

Mrs. L. T. Wilson is at the bedside of her daughter, Mrs. W. H. Clevenger of Merced, Calif., who is in a critical condition as a result of injuries suffered in an automobile accident recently. Mrs. Wilson left Eldorado Monday afternoon for California.

## TALON QUEEN CROWNED CROWNED SATURDAY

Miss Patsy Martin, daughter of Mr. and Mrs. Pat Martin, and a member of the Junior class, was crowned "Talon" queen at coronation ceremonies in the high school auditorium Saturday night. Walter Roy Davidson, son of Mr. and Mrs. Roy Davidson, was chosen as her King.

Paul Page as court announcer, presented the members of the Royal Court, and the queen's attendants. The raised dais upon which Miss Martin was seated was placed before a background representing a huge rainbow.

Following the coronation, pupils from the grammar grades, presented a program of dances as entertainment for the queen and her royal court. The program included music by the Note Ranger Band.

After the ceremony, the queen reigned over the Hallowe'en carnival in the gymnasium which is an annual affair sponsored by the school, assisted by the Parent-Teacher Association.

#### First Baptist Church "The Church With A Friendly Welcome".

J. M. Hays, Pastor

Our services were well attended Sunday and Sunday night. We are grateful for the presence of all and the increased interest.

We are having a great time this week in our Sunday School Study Course. We are teaching two books and are having a fine response. The week of the 14th to the 20th

we will teach the departmental books. We hope that every superintendent and teacher will make plans to take one of these books. There will be six courses offered. The general officers will take the same book as will be given in the adult department.

The pastor will be gone next week to our state convention at Dallas. I hope this will be no excuse for a drop in attendance at our mid-week service Wednesday evening. There will be someone to lead our services and our work will go right on as though the pastor were here.

#### REV. FRED FAUSTS SURPRISED WITH POUNDING SUNDAY

Realizing full well and making acknowledgement of the fact, the Rev. F. B. Faust "just knew that something was up" Sunday evening when he opened worship services at the Methodist church when a far above the average congregation was present.

G. R. Marshall, delegate to the conference held in San Antonio recently assisted by the alternate delegate, Mrs. Marshall, gave a detailed report on the Southwest Texas meeting.

Following the evening service announcement was made that a fellowship hour would be held in the basement of the church and some 53 members of the church and visitors adjourned to the basement and upon entering the room were served refreshments of hot chocolate, coffee and cookies by a committee representing the various Sunday school classes of the church. Mrs. L. Wheeler was head of the committee and assisted by Mrs. O. E. Conner and Mrs. Reuben Dickens. The reception committee was composed of Mrs. A. J. Adkins, Mrs. Luke Thompson, Mrs. Ben Isaacs and Mrs. J. E. Tisdale.

Following the fellowship hour, an old-time "pounding" was given the pastor and wife, when W. Irl Breedlove introduced to the group the "new pastor and his wife" and made the presentation of gifts composed of food and utensils for their kitchen.

The Fausts are entering their third year here following his re-appointment to the charge at the San Antonio conference.

#### ATTENDED SON'S MILITARY GRADUATION AT FORT SILL

Mr. and Mrs. George Williams left Tuesday afternoon for Fort Sill, Okla., where they went to attend the graduation of their son Robert Harry (Bob) Williams, from Field Artillery. Mr. and Mrs. Williams were to have returned Thursday night, accompanied by their son and wife who will visit here until Sunday when they will go to San Antonio.

#### LIONS' CLUB IN REGULAR MEETING

Regular meeting and luncheon of the local Lions' club was observed Wednesday. Buster Gunn, scout leader and gas company employee, was accepted as a new member.

W. M. Patterson, Jr., county chairman presented to the club an important message on the local War Chest Drive. W. E. Brooks, acting president, in the absence of H. T. Finley, urged members to co-operate with Patterson in the drive in any possible manner.

A directors meeting called following the meet for the purpose of making a donation to the War Chest Drive decided on a donation and instructed the secretary to issue the amount.

#### CONCHO VALLEY WORKERS' CONFERENCE HELD AT VERIBEST

The Concho Valley Worker's Conference of the Baptist church met with the Veribest church Tuesday of this week.

"The meeting was well attended and we had one of the best meetings that we have had. It seems we are getting a very good start on the new associational year with it's work," stated the Rev. J. M. Hays on his return from the meeting.

Rev. R. R. Cumbie, clerk of the association, reported that the minutes giving the reports of the past year would be off the press by the next workers' conference, which will meet with the local Baptist church the ninth of Dec.

#### POPPY SALE TO BE HELD NOVEMBER 5

The American Legion Auxiliary will sponsor a poppy sale Saturday, November 5. Fifty percent of the money derived from the sale of the poppies, will be used for local welfare. The other fifty per cent goes to the American Legion Hospital at Kerrville, for the aid of veterans of World War Nos. 1 and two.

The poppies are made by the veterans at the Kerrville hospital.
