MEDITATIONS

By The Editor

THE LADY DOESN'T LIKE TEXAS

Just about the most prominent topic of conversation we heard on the streets Monday was about the lady who had an article appearing in a daily newspaper last Sunday expressing "contempt" for Texas.

To begin with we were surprised that so many people saw the article. That paper must hold about a third place to being as closely read as The Success. Nevertheless we have been solicited to answer the letter in protecting the name of The Lone Star State.

To enter into a debate on the greatness of Texas' vast acreage and resources would be useless. We have the Texas Almanac to prove her superiority in that matter. The most irksome part of the letter was about Texas young ladies "who are big, raw-bone girls who have lived on a ranch all their lives, herding cattle and riding horses and that is all they will ever have sense to know."

Our contention is that we had much rather see a Texas lass on a horse with a tan of God's sunlight on her face than to see someone who never gets the vitamin D direct and who has to supplement at the expense of her old man with a lot of drug store cosmetics. Too, we had rather see her on a horse sitting a saddle, holding the reins in one hand and a lariat in the other than to see someone in a honkytonk sitting on a padded seat holding a cigarette in one hand and a glass of hooch in the other. We believe the Texas girl will come nearer to developing into a noble woman and rear a respected family, aside from herdin' cattle, sheep and goats to supply the needed meats, wool and mohair to give livelihood to those who might sit and attempt to make fun of her chosen vocation. However, all Texas girls do not follow the ranch work calling. Many of them are the most brilliant educators, secretarial workers, musicians, missionaries, and in fact, "movie actresses," and in other (Continued on Last Page)

LONE STAR THEATRE DAMAGED BY FIRE

Fire originating in the projection booth of the Lone Star Theatre here Tuesday night about 9 o'clock did a small amount of damage to the equipment, damaging the building and destroying film prints and wiring after a film in a re-winding machine was ignited in some manner that has not been definitely determined.

Hicks Hall, owner of the theatre was here Wednesday and estimated the damage at about \$1,000, and expressed the opinion that the equipment and building would be repaired and again in use by tonight (Friday).

Quick, efficient work by the local fire department prevented the flames from spreading and further damaging the building and equipment.

Lt. D. E. DeLong, Jr., Loses Life In Line of Duty; County's First World War Two Fatality

Monday, shortly after noon, the hearts of Schleicher county citizens were heavy with grief and flags were flying at half-mast after a cablegram was received here by Mr. and Mrs. D. E. DeLong, informing them that their son, Lt. D. E. DeLong, Jr., 26, had lost his life in a plane crash while in line of duty in the service of his country.

The cablegram read: "Mr. and Mrs. D. E. DeLong:

"The Navy Department deeply regrets to inform you that your son, Lt. (jg) David Elworth DeLong, USN, was killed, result of plane crash, 19 August, in the performance of his duty and in the service of his country. The Department extends to you its sincerest sympathy in your great loss. Body not recovered. If further details are received you will be informed. To prevent possible aid to our enemies please do not divulge the name of his ship or station.

"Rear Admiral Randall Jacobs, Chief of Naval Personnel."

No further word has been

heard from the personnel department at press time in regard to the body of the first Schleicher county man to lose his life in World War Two.

Lieutenant David Elworth DeLong was born Oct. 1, 1917 and attended Eldorado schools, graduating from the local high school. He received his B. A. degree from A. & M. June 1939. He volunteered into the Air Corps in March, 1940, receiving his first primary training in Atlanta, Ga. Prior to entering the service he was associated with his father in the ranching business.

Lieutenant DeLong was married to Miss Rita Young, of Jacksonville, Fla., Feb. 17, 1942. Mrs. DeLong has been residing in Pomona, Calif., and is to arrive in Eldorado the first of next week.

Survivors other than his wife and parents are: Mrs. Ruby Fuller, of Amarillo; Mrs. S. D. Harper, Jr., and Mrs. Lawrence Steen of Eldorado; Mrs. Julian Morehouse of San Diego, California; sisters; and one brother, W. E. DeLong, who is in the Sea Bees and is at present on high seas.

Grass Fire Friday Last Week Caused Loss of Grass, Livestock

To Conduct Revival

Shown is Rev. R. A. Matthews, San Antonio pastor who will conduct revival services here at Fundamental Baptist Church next week.

Fundamental Baptist Church To Start Revival

Rev. B. A. Jonas this week announced that a revival meeting is to start at the Fundamental Baptist church here Sunday, August 29 and continue through Sunday, Sept. 5.

Rev. R. A. Matthews, Director for Spanish Mission Work in the Southwest, and pastor of the Grace Mission Church, San Antonio, will arrive Monday and conduct services throughout the meeting.

Three services are announced for the closing Sunday of the meeting and a dinner will be served at the church. Several visiting pastors are expected to be present on that occasion, the local pastor stated. Services are to be held at 8:45 p. m., and 10 a. m., Rev. Jonas stated.

Some of the subjects announced by the Rev. Matthews are as follows: "After 1900 Years;" "The Imagination of Man's Heart Is Evil Continually;" "There Fore We Ought to Give the More Earnest Heed to the Things That We Have Heard;" "Man Likes to be Deceived;" "O That Thou Would Harken to my Commandments;" "I Will Laugh When Your Calamity Comes;" "What Shall be the End of These Things."

An ad appearing elsewhere in this issue of the paper will give details of the meeting. Other advertising material will be distributed this week.

\$219,000 QUOTA ASSESSED COUNTY IN 3rd WAR LOAN CAMPAIGN TO START IN SEPT.

Information was released here this week that Schleicher county's quota in the third War Loan would be \$219,000, and a plea is made that the county exert every effort to top the quota.

The August quota is reported to be falling short unless buying is stimulated and the quota raised, both July and August assessments will have fallen short.

Stray bombs falling on the Ford Oglesby ranch early in the afternoon last Friday started another grass fire which caused heavy losses to Schleicher county ranchmen before it was brought under control.

Approximately two sections of grass was lost on the Ford Oglesby ranch. The fire spread rapidly on into the Sam Oglesby ranch burning about 100 acres of grass with considerable fence post loss felt. The wire was damaged to such an extent that it will have to be replaced before long.

From the Sam Oglesby place the fire spread to the O. L. Woodard ranch burning four sections of grass, a large stack of feed and some forty head of sheep. The fire continued to increase despite the battle the ranchers and other citizens were waging to bring the fire under control.

The J. C. Crosby ranch was the next place in the path of the fire. Practically all of his grass land was wiped out. The fire spread on to the Jack Boyd, Bill Adams and Aubrey DeLong ranches, burning quite a large acreage of grass and causing heavy fence post losses.

Total loss of grass in the country during this one fire, according to Sam Oglesby, was approximately between eight and 10 sections. This is the third loss suffered by grass fires by the Oglesby brothers.

Fire fighters did an excellent job of bringing the fire under control considering the equipment with which they had to work. Should the county have been able to secure the fire fighting equipment for which they tried to get some four weeks ago, the damage would have been less than half, according to the opinion of local ranchers who have had losses. The losses suffered by these few men would have paid for the truck and equipment, it has been pointed out.

NEW COACH HERE

Mr. and Mrs. Ernest Sutherland and baby have moved to Eldorado to make their home. Mr. Sutherland has accepted the position with the local public school as Coach, science teacher and instructor of Boys Physical Education.

DOG POISONING PRACTICE MIGHT PROVE FATAL TO CHILDREN OF TOWN

Citizens of Eldorado this week have brought to this office specimens of meats supposedly containing poison that has been wholesale distributed over the town in recent days. Many dogs have died as the result. Some, no doubt, that were molesting ranchers.

We are not attempting to tell anyone how to conduct their business, but in some instances the meat was found in yards where there were no dogs and the meats were accessible to infant children and was unknown to the parents until later discovered. This practice could cause no small tragedy and grief if continued. A child might come into possession of a poisoned "goat kidney" and innocently suck the poison therefrom causing a horrible death.

Personally, we lost a dog to the poison for which we do not care, however, some persons do, but we would hate for someone to poison our child or any one else's child on home premises. No more right is held to place poison on private town property by non-interested parties than non-interested parties have to place poison on ranches.

The matter could be handled by promoting and enforcing an ordinance controlling dogs, regardless of breed. Shoot them. Don't risk poisoning innocent children if canines are to be killed wholesale.

CARD OF THANKS

We wish to express our thanks and very deep appreciation for the many, many kindnesses and help received from our friends. We shall never forget it.

Mr. and Mrs. Johnnie Lueddecke and Mickey. (1tp)

Hal Whitten, son of Mr. and Mrs. Lewis Whitten, underwent a tonsilectomy at a San Angelo hospital last Thursday. He is recovering nicely at his home here.

Mr. and Mrs. W. A. Blaylock and two daughters Gearldine and Ebba Jean of Robert Lee visited Mrs. Blaylock's mother, Mrs. Frank Spencer over the weekend.

MRS MARY ELIZABETH ARMENTROUT PASSES

Services were held at the Graveside Saturday for Mrs. Mary Elizabeth Armentrout who passed away at her home in Eldorado Friday August 20 after a lingering illness. Rev. C. W. Richard of Santa Anna conducted the services.

The deceased was born Nov. 21, 1872 in Bell county. She was married to G. W. Klutts in 1887. To this union was born one daughter, Mrs. Etta Irwin who resides at Ballinger. In 1897 she was married to W. G. Armentrout and to this union was born two children, Mrs. Nettie Spurgers of Eldorado and Mrs. Mary Graves, of Dry Prong, La. Besides the above named children, the deceased is survived by ten grandchildren, five great-grand-children, and one sister, Mrs. G. S. Bodine of San Antonio.

Pall bearers included Geo. Woods, Wade King, Thaxter Faight, L. B. Kerr, C. C. McLaughlin and Fred Watson.

Interment was made in the Eldorado cemetery under the direction of The Ratliff Funeral Home.

SON BORN

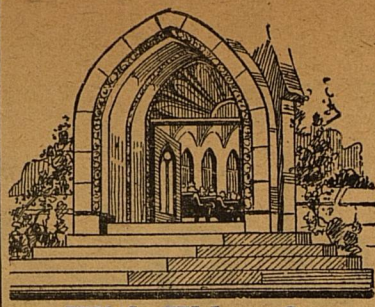

Mr. and Mrs. Jim Smith are the parents of a boy, born Friday August 20, at ten thirty a. m. The young fellow weighed 8 lbs. and has been named Allen Lee. Mother and baby are doing fine. Mr. Smith is employed on the J. C. Crosby ranch.

Miss Ora Sproul of San Angelo and Mrs. Lewis Bruton of Menard and Mrs. Hal Knight of Sterling City are visiting in the home of their mother, Mrs. C. T. Sproul.

CARD OF THANKS

Due to the fact that we are unable to contact each of you and thank you personally, we want to take this method to express our appreciation to each any every person for any part they may have had in fighting the grass fire on our places. Ford and Sam Oglesby. (1tp)

Mrs. W. C. Spurgers and daughter Freddye Jean of San Angelo have returned home after spending several days here in the R. C. Spurgers' home.

We are glad to announce that our Training Union Study Course is progressing with a good interest with an enrollment of 25. In the Study Course this week we have three classes for three separate groups: the adult, intermediate, and junior. I think the intermediate group has the smallest attendance which should not be so, but should have an average attendance with the other two groups.

We have known a long time that the intermediates are the ones that are so easily neglected and seems so easy to let this group get away from the touch of the church and religious life. I wonder if you will not be one as an older person to help get these intermediates in touch with church life and see if you cannot help to encourage them to attend the church groups.

Our Sunday school will soon start an expansion campaign.

NOTICE TO LIVESTOCK OWNERS OF SCHLEICHER COUNTY

HOUSE BILL NO. 170 passed by the recent Legislature making it mandatory to re-register your marks and brands, becomes effective August 10th, 1943, but according to a recent ruling by the Attorney-General, his opinion 0-5358, you will not be allowed to register your brand until October 1st, 1943, after which time the legal owner of a registered mark or brand will have two years from Oct. 1st 1943 in which to exercise his preferential right to re-record said brand. If this right is not exercised during the given time it will be forfeited and will become the property of the first person recording same.

The new Volume for Marks and Brands will be in the office of the County Clerk, Oct. 1st, 1943. The fee will be Twenty Five Cents for each mark or brand so registered.

Taylor now awaits assignment to active duty at sea, or some naval shore station.

Upon gaining more practical experience he will be eligible for advancement to petty officer rating, third class.

Information reaching this office a few days ago contained facts that gives to a former Eldorado boy high honors as a fighter, pilot and instructor.

Lieut. William (Bill) Springstun has been reported to have served in the capacity as personal pilot to Anthony Eden, Foreign Secretary of England, on many missions, or to many foreign points, as the case might have been. (Names of points visited are withheld) but covered several countries.

Daily papers recently carried photographs showing The West Texas Lieutenant instructing high French officials in the use of American armament on Flying Fortresses.

Lieut. Springstun has recently completed his allotted number of combat missions and has been advanced to the capacity of instructor in combat tactics. It is thought here that in all probability, he has been given the rating of captain. Many decorations have been bestowed upon the combat flier in the past.

FARMERS MAY SECURE LOANS FROM F. S. A.

Farmers in Schleicher County who need government financing with which to repair their home and farmstead water facilities or to install new equipment with which to produce food and care for livestock may obtain loans for these purposes from the Farm Security Administration, T. R. Andrus, rural rehabilitation supervisor announced this week.

Farm Security loans, Mr. Andrus advised, are now available to farmers who cannot obtain credit elsewhere for farmstead and domestic water needs. Loans are open to both tenants and owners.

Drilling wells, windmills, stock tanks, storage tanks for home and farm supplies and for irrigating gardens up to one acre are some of the purposes for which these loans will be made.

Mr. Andrus said these water facility loans are not to be confused with the FSA's irrigation loans which are available only in certain approved areas. The water facility loans available now in Schleicher County will be made immediately to all qualified borrowers of this agency of the U. S. Department of Agriculture.

Applications for loans should be filed with Mr. Andrus at his office in the City Hall, Room 23, at San Angelo, Texas.

our armies," said Mr. Andrus. "The Federal Government, through the Farm Security Administration, recognizes the importance of adequate water supplies on American farms and it is to meet this need that this agency's water facilities loans are being made accessible."

Mr. Andrus invites farmers to contact him at his office for complete further details or for making application for a loan.

SALE OF JUTE FOR BAGGING URGED

Schleicher County farmers using cotton-bagging-for cotton-bales should profit under the War Food Administration's sales program which was announced several days ago, Joe B. Edens, chairman, County A A A Committee, said today.

Object if the sales program is to supplement supplies of jute available for covering the 1943 crop, he said and added that approximately 88,000 bales of cotton would go into the cotton bagging program.

The necessity for using more cotton bagging was occasioned by the war which has cut off normal imports of jute from foreign countries, and it also will be cheaper, he said.

Bought by Commodity Credit Corporation from Credit Corporation from manufacturers and sold to purchasers at a lower price, the bagging will be sold in carlots at \$1.07 per pattern, f. o. b., Houston, Texas and Memphis, Tenn., and at \$1.05 per pattern f. o. b. cars at points of manufacture at Rock Hill, S. C., Aniston, Ala., and New Orleans, La. The price of less-than-carlots will be 3 cents per pattern higher than the carlot prices.

Explaining procedure for obtaining cotton bagging, Mr. Edens pointed out that purchasers should send a certified check with the order to Commodity Credit Corporation, Masonic Temple, New Orleans, La., of direct to the manufacturers of cotton bagging. Names of manufacturers may be obtained from F. B. Biggs, Regional Director, Commodity Credit Corporation, New Orleans.

When orders are filled, shipment will be made freight rate collect to purchasers.

FARMERS URGED TO REPORT 1943 PERFORMANCE

Urgent warning is being sent to Schleicher County farmers by Joe B. Edens, Chairman, AAA Committee, to turn in 1943 acreage measurements to the county office as quickly as possible and sign this year's performance report.

Emphasizing the importance of filing acreage measurements immediately, the Chairman said that producers could not sign 1943 applications for payment or place cotton in the loan until individual reports are complete. At the same time soil-building practices carried out under this year's program.

"We expect applications for payment right away and many will be submitted for approval about September 1," the Chairman said, and added that cotton loans had been in effect for several weeks.

Under the AAA Program, revised rates of payment, announced last week, include cotton, one cent per pound, and wheat, 8.5 cents per bushel.

Original rates announced earlier in the year placed the cotton payment at 1.1 cents per pound and wheat at 9.2 cents per bushel. Payments are made on the normal production of the allotted acreage.

Listing crops on which accurate measurements are required, Mr. Edens said figures were needed on cotton and wheat, and only the estimated acreage of remaining crops is necessary in filing performance reports.

According to AAA records, 70 per cent of the farms in the county have been measured, 185 out of 266 farms.

professions Texas girls can be found. As for Texas soldiers: Check the hero lists. Texas just about heads the list on all occasions. In number we are at a loss to give the exact number of Texas men in military service, but they certainly would make one huge army. also one of grit and bravery. And we want the name and address of one that after seeing the rest of the world who will not come back to Texas.

As for a dirty, dusty dry climate making up Texas we will say that only a wee bit of Texas is like that. There are many thousands of other miles of the state with any kind of climate that one might want to live. As for our part we are in the wide open spaces where we prefer to live. Should we not like it we could go to the seashore, to the pine lands, swamps, or the most beautiful valley in the world, or to the beautiful mountain ranges where the grasses are reported to be the finest in the Southwest at the present time, and mind you, all these places may be found in Texas.

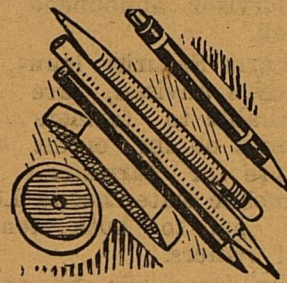

Anyway, there are few occasions when people are forced to come to Texas. On the other hand there are several hundred trains and buses leaving daily if visitors feel that they do not like us or our state.
