

# Eldorado Success

Forty-Second Year

Eldorado, Schleicher County Texas, Friday, August 6, 1943.

NUMBER 30.

## MEDITATIONS

By The Editor

Not so long ago we read somewhere—"Kindness is like snow; it will make beautiful anything it covers." There is little wonder that we are receiving daily compliments that we are "looking better". Nowhere could one hope to go and receive more kindness than in Schleicher county. Among some of the kindnesses extended to us recently was the bringing to this office of fresh vegetables among many other things. Mr. and Mrs. Lester Henderson and Mrs. L. T. Wilson afforded us some of the best roasting ears we have eaten this year. J. H. Whiteley moved, it seems, about half of his victory garden in on us, including varied varieties of vegetables; this we certainly appreciated. Mr. and Mrs. E. H. Coulter, Eldorado tailors, proved to us that they know how to garden also by bringing in specimens of their "truck." Mr. and Mrs. O. Prochaska, of the Shell Station just about take the prize for raising cucumbers in their garden, they being the direct result of us having several quarts of delicious pickles in the pantry. Then there is Mrs. Annie Enochs who sent us two bunches of seedless grapes which were grown in her yard and the size of the bunch and the quality of grapes would equal that of any California vineyard. We really think that Roy Andrews put his "biggest" potatoes in the basket with the beans when he brought some down for us to sample a while back, any way they were fine and Roy has our thanks. Talk about getting the corn already shelled, well, we did nearly that when Mrs. Jerry Pennington, Mrs. D. E. DeLong and Mrs. L. D. Ochsner brought in some fresh vegetables all ready for the pot, didn't even have to be washed. Mrs. L. Wheeler and Mrs. A. T. Wright added to the list when they sent us a bunch of vitamins all wrapped up in some of the finest carrots and green beans we have ever seen grown in West Texas. 'Bout the time we thought all the folks in Schleicher County had remembered us with good things to eat, here came Mrs. B. E. Moore Monday of this week with two muskmellons that would tempt the appetite of the most delicate eater, the two mellons JUST weighed 12 1-2 lbs., and were they good!

Now if Meditation's has missed anybody that has bestowed upon us the results of your hard efforts, you just do it again and we'll see that you get in next time.

### SCHOOL OPENING AND HOLIDAYS ANNOUNCED

Supt. C. A. Reynolds announced this week that the opening of school had been set for Monday Sept. 6th. Thanksgiving holidays have been designated to be observed Nov. 25 and 26. Christmas holidays will begin Dec. 23 and extend to Jan. 2nd.

## Approximately \$12,900 Tax Slash To Be Felt By County

Schleicher county taxpayers will pay less state and county taxes this year, as the Commissioners' Court of this county has reduced the county rate from 88 to 82 cents according to information released to The Success by C. L. Meador, Jr., county judge.

Information has also been received from the State department that the State rate had been slashed from 75 to 47 cents, thereby effecting a total saving to the taxpayers of this county of 34 cents on the \$100 valuations for state and county purposes.

The new state levy of 47 cents is the lowest rate set by the state board since 1918, when the state levy was 45 cents on the \$100 valuations.

This should be welcome news for taxpayers of this county, in view of the fact that they are being called upon to pay higher Federal taxes. The best estimate this publication can make on short notice is that a saving of around \$12,900 will be experienced by taxpayers.

### LOCAL RANCHERS REPORT GOOD SALES AT STOCK SHOW

Several Schleicher ranchmen are reporting a good stock show at San Angelo last week. Crowds were not as large as has been experienced in the past but good sales bidding was prevalent. Many fine animals were exhibited and many of these were from this county. However, some local ranchers and especially sheep men have stated that they bought some good specimens to add to their flocks. All in all there was realized more profit from sales than was anticipated before the exhibits.

Among those from here entering exhibits and their placing are as follows:

Jno. Williams: Rambouillet—Yearling ram, second; pen of 5 yearling rams, first.  
S. L. Stanford and Son: Corriedale—Yearling ram, second; ram lamb, second; pen of 5 rams, first.

Laura McGinnes who is employed with the Bell Telephone Co. of San Angelo visited last weekend with her parents Mr. and Mrs. Sam McGinnes.

### BROTHER OF LOCAL WOMAN KILLED IN PLANE CRASH

First Lt. George Stidham, 22 years of age was killed in an Airplane crash in Colorado, state Thursday of last week. Stidham received his Wings at Douglas Arizona in March this year. He was a graduate of Uvalde High school and attended Texas A. and M.

Survivors include a sister Mrs. J. A. Neill of this place, another sister Mrs. O. C. Pannell of Uvalde and his father, G. A. Stidham of Tahoka. The body was carried to Uvalde where it was laid to rest.

The Success joins with friends in extending sympathy to the family.

### THREE MEN CALLED FOR AUGUST 12 QUOTA

The following three men will report to San Antonio for induction into the service to fill the Schleicher County Quota for August 12. They are Thomas Benjamin Potter, Eulojio Garcia, and Noah Autel Motley. Eleven more will be expected to go Sept. 24. These have not, as yet, been named.

## He's Getting 'Em Back In The Service

This paper is this week claiming some kind of a record for the local sheriff's department in the detention of military deserters. Considering the number of transients through this county and the small amount of population in comparison to many other sections, is how the record is based.

Monday of this week a man giving his age as 23 and the name of Leroy E. English was taken into custody by Sheriff E. H. Sweatt and in-

Sheriff E. H. Sweatt

vestigation followed after he failed to produce draft and registration papers. The man admitted that he had thrice deserted the Army, two of the times from Camp Barge and Fort D. A. Russell. He claims to have entered the Merchant Marines in 1942, and received a discharge on March 15. However, a check on discharge papers revealed that numbers did not tally. English stated that his wife was living in Menard. He was released in custody of an FBI official and State Highway Patrolmen here Wednesday and carried to San Angelo.

This gives the local sheriff's department a record of three apprehensions in three weeks.

## Scout Finance Drive To Start Saturday

Carrol Ratliff, local campaign chairman of the Concho Valley District of Boy Scouts, announced this week that plans have been completed for a drive to secure funds to apply on expenses of the organization.

The Saturday drive is to be sponsored by local Lions and citizens are urged to not wait, but contact some Lions' Club member and leave donations with them or at the bank.

### LIGHTNING STARTS GRASS FIRE

During a thunder storm in the Cliff community Tuesday evening, lightning striking the fence caused the grass in the Will Davis pasture to start blazing. The particular spot where the fire started was directly in front of the home of Clint Pinson and upon seeing it, Mr. Pinson immediately rushed to the scene and extinguished the flames, which would have otherwise caused another heavy loss for the rancher. Reports are, that very little damage was done and cooling showers were received.

### BAILEY RANCH CHURCH REVIVAL TO START SUNDAY

Members of the Bailey Ranch Baptist church announced this week that their revival meeting would start Sunday, August 8 and continue eight days. Rev. W. A. Knight of Mertzon, recently called to serve the church will do the preaching. Number of services to be held daily have not been decided, it was announced. Tentative plans are for the morning services to begin at 11 o'clock and evening services at 9. The Success was requested to announce that a cordial invitation is extended to all to attend.

### METHODISTS PREPARING FOR REVIVAL NEXT WEEK

Rev. F. B. Faust, pastor of the local Methodist church, has this week finished the distributing of advertising material announcing the revival meeting to start at the church Sunday. Rev. A. C. Douglas, Fort Stockton Methodist pastor will do the preaching in two services daily throughout the week. Mrs. Veola Short, Wichita Falls, has announced definitely that she will be here to assist in the meeting as choir director and young peoples worker.

### WAAC RECRUITERS TO BE HERE MONDAY

Lieut. Doris Freeman, Sgt. Louise Mullikin and Sgt. Marcus J. Truitt are to be in Eldorado at the Post Office Monday for the purpose of interviewing eligible girls for enlisting in the WAACs, according to information received here yesterday. Those interested may see them at 10:00 a. m., or see Mrs. J. W. Hoover at anytime at the post office.

**GOVERNOR STEVENSON'S PROCLAMATION URGES RETURN OF DEPOSIT BOTTLES.** In the proclamation, just issued by Governor Stevenson, Texans are urged, during the month of August, to conserve the existing supply of returnable deposit bottles by returning them promptly to the dealers. Governor Stevenson's proclamation points out that the general public, by returning idle milk, carbonated beverage, and beer bottles, which can be sterilized for civilian re-use, will permit the glass industry to re-use even more of its facilities for the manufacture of glass containers for food, and other items, required by the armed forces at home and abroad. Mrs. Margaret McDuffie, the Governor's personal secretary, was photographed with him at the time the proclamation was signed.

Entered as second class matter at the post office at Eldorado, Texas, under the Act of March 3, 1879. Published every Friday.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Success will be gladly corrected upon same being brought to the attention of the publisher.

## PROCLAMATION

By The  
Governor of the State of Texas  
No. 8029

TO ALL TO WHOM THESE PRESENTS SHALL COME:

WHEREAS, the conservation of deposit bottles, like the conservation of all other materials these days, is of vital importance to everyone; and

WHEREAS, millions of these empty deposit bottles are known to be in homes, garages, business places and industrial plants; and

WHEREAS, the return of these idle bottles which can be sterilized for civilian re-use would permit the glass industry to use even more of its facilities for the manufacture of glass containers for food and other items required by the Armed Forces at home and abroad:

NOW, THEREFORE, I, Coke Stevenson, Governor of the State of Texas, do hereby request that every person cooperate in this

**DEPOSIT BOTTLE CONSERVATION PROGRAM** which opens August first, and ask that they search their homes, garages, business places and industrial plants and promptly return these containers to the places from which they were obtained

BY THE GOVERNOR:  
(Signed) Sidney Latham  
Secretary of State

In Witness Whereof I have hereunto signed my name officially and caused the Seal of State to be affixed hereto at Austin, this the 19th day of July, A. D., 1943.

## Bob Grady Says:

C. I. O. chief Murray says, "Labor is tired of being a football." Obviously it's a kick from the coffin corner.

Murray complains to FDR that the War Labor Board is "doing all in its power to hold down labor." Can it be that the WLB is using brass knuckles, too?

Recent reports say that Il Duce is in "protective custody." If it's the sort of protection that Benito and his old pal, Adolf, used to hand out to the small countries, Musso is sure to find the experience highly disagreeable.

The OWI official who referred to King Victor of Italy as a "moronic little king" must certainly have been mistaken. Any one who could stand Il Duce

Wednesday Evening Prayer Service: 8:30

**First Methodist Church**  
F. B. Faust, Pastor

The Revival will begin Sunday morning Aug. 8. The Sunday school will meet at Ten O'clock.

Mrs. Veola Short, song leader for the Revival, will have charge of all music Sunday morning at eleven o'clock and sing a solo.

The night service at 9 o'clock. Mrs. Short will again have charge of the music and sing a solo. The morning sermon theme will be "A Man To Fill the Gap" and the night sermon subject will be "If."

Rev. A. C. Douglas will arrive Monday afternoon and preach each morning and night and Mrs. Veola Short will have charge of the music at each service and do the solo work.

Since the Revival is only one week in duration everyone is invited to begin attendance at the very first service.

Three things each one can do to make the revival a success are: 1. Attend every service. 2. Bring some one with you. 3. Pray for the meeting.

for 21 years must have great reserves of mental energy.

If the present regime in Italy needs a new national anthem a most suitable one would be the cowboy song, popular a few years ago, "Twenty One Years is a Mighty Long Time."

Residents of battered German cities are being told by leaders of the super race to "mobilize their spiritual strength." That's what managers of prize fighters who have been knocked goofy mean when they bawl at their charges, "They can't hurt us, kid!"

It's a safe bet that the two remaining Aryans, Adolf and Hirohito, have thoroughly considered all the possibilities of stabbing one another in the back.

The words of the Irish

sage: "Single troubles seldom come alone" apply with dire force to poor Il Musso. The Duce has not only lost his job but the fuhrer will probably withdraw his Aryan status as well.

## "Those doggoned kids!"

Give 'em a screw-driver and a pair of pliers and they'll make anything run!"

ON the hot desert sands of North Africa the colonel's "kids" found a broken-down tank, abandoned long before they arrived. They were told it couldn't be fixed. That was a dare to boys who loved machinery—they'd fixed everything from washing machines to tractors. They worked on the old tank... and eventually it grunted, lurched, and roared across the field!

That's a true story. We have a hunch some of those boys were West Texas youngsters—it sounds just like 'em! It's typical of boys you know in your home town. Remember how they took that old jalopy? They made it run! And the ancient farm tractor? They kept it going years after you thought it was ready for the junk pile.

Folks in West Texas want to make things

run. We've all got in the habit of rolling up our sleeves and pitching in when there's a job to do. Call it free enterprise... or initiative. It's the spirit that has made America great.

The folks in our company have that sort of spirit. Years ago they saw a need for electricity that was more plentiful and dependable than ever before. Transmission lines extending into the most remote spots in West Texas, bringing good, cheap electric service to both large and small towns alike, were the answer to that need, they believed.

They pitched in—built the lines and the power plants. They got the job done.

Today, although plagued by shortages of help and materials, they're making this electric system work. They've got the know-how to keep it running... without rationing... and without increased cost to you!

\* Quoted from an AP despatch from Tunisia

## American Heroes

Drawn by LEFF

Material by U. S. Treas.

When our mortars were pounding Maknassy Hill near Sidi Bu-Sid in Africa, Private James Rugolo of Brooklyn, New York, was one of the men bringing up the ammunition. Struck by shrapnel, he kept going until he dropped, was awarded the Purple Heart. On every battlefield men like Rugolo press the attack relentlessly, regardless of personal cost. Are you doing enough to keep our attack rolling through Payroll Savings?

Captain Anthony Hollub manned the top turret guns of his grounded plane to return the fire of the Jap air attack on Clark Field in the Philippines. Exposed to strafing planes, the New Mexico captain ran across the field for more ammunition when it was exhausted. He was ready to sacrifice his life to keep his guns blazing. How much can you invest in Payroll Savings to help heroic fighters like Hollub to keep firing?

After being blown through a window by a bursting shell and stunned by a 14-foot fall during the bombardment of Sand Island, Marine Staff Sergeant Dale Lester Peters of Breckenridge, Michigan, struggled to remove large aerial bombs from nearby burning hangars. He has been awarded the Navy Cross for exceptionally meritorious service and disregard of his own safety during this action. What hardships are you willing to disregard to invest in Payroll Savings?

When Richard Breckenridge's submarine made a hurried dive off Japan, a hatch jammed, but he ignored the order to abandon the rapidly flooding conning tower and remained behind, desperately trying to fasten it. By succeeding, he saved vital equipment for his submarine and became the first enlisted man in the submarine service to win the Navy Cross. He was willing to give his life. How much of your income will you invest in Payroll Savings?

## AUGUST GOOD TIME TO CULL HENS SAYS CO. AGENT WELCH

According to Jack Welch, County Agent, the month of August is a good time to cull your hens and make room for the pullets. There are two ways to tell whether a hen has been a good layer. Lack of yellow pigment in the beak, eye ring, ear lobe and shanks and toes in the yellow skinned breeds is a good indication that a hen has been in production for quite awhile. Molt is also a reliable index of production. A hen that lays over a long period of time usually molts from four to six weeks. Early molters and those that molt slowly are usually poor producers. Improper feeding sometimes throws hens into an early molt.

In order to get maximum production from your birds cull out the poor layers, feed a balanced ration, provide green pasture and plenty of clean water, states Mr. Welch.

L. B. McClary left Wednesday for Dallas where he expects to undergo medical treatment in a hospital there. His friends wish for him a speedy return to health.

## SEVEN VISITORS ATTEND LIONS CLUB

Visitors attending the local Lions Club Wednesday noon were Pvts. Vinson, Seigert, Mooney and Orland, U. S. Army, stationed in Eldorado as firemen and maintenance crews. Also present were Capt. Ray Butler and Sgt. E. K. Browning of the Texas State Highway Patrol, and Ed Davis of the Federal Bureau of Investigation.

E. C. Hill, who was relieved of duties as District Governor for the past year of Lions International of 2-A at the Cleveland convention on July 22, made the principal address of the mid-week meeting. Hill assured the club that they were well recognized by high officials of the organization even though they were a small club in a small West Texas town, stating further that most members of the club were known by their activities, by the officials. Space will not permit a detailed report of Hill's address, but he discussed many interesting activities of the convention.

Important business before the club was announcement of the Boy Scout Drive to start Saturday. Beginning the day will be a seven o'clock breakfast at the Eldo Hotel in which workers in the drive are to participate.

Lion C. C. McLaughlin, program chairman, announced that next week the Rev. A. C. Douglas, who is to be here in a revival at the Methodist Church, will be an invited speaker of the club. Mrs. Veola Short, Senior Hostess of the USO Club of Wichita Falls who is to be in Eldorado and work in the revival also is to appear before the club and render vocal selections.

Mrs. R. A. King and grand son, Bunch Brittan of San Angelo are visiting this week in the John Irving King home. John Irving is the son of Mrs. King.

## Wright's Cash Store
