Mass Meeting March 16 On Memorial Project

A large and representative audience of Schleicher County citizens is urged to attend the mass meeting Saturday at the courthouse at 3:00 p. m., to hear the findings of the War Memorial Committee, who will make their report at that time as instructed.

The original committee, composed of Don McCormick, Rev. J. A. Carriker and Willie Whitten, has been enlarged by addition of four others from the county: Payne Robinson, Ford Oglesby, Mrs. S. D. Harper and Mrs. Luke Robinson. For several weeks, these have been hearing reports from the general public, and have been collecting information to present to the mass meeting Saturday, March 16, according to instructions given them at a previous mass meeting.

It is stated this week that public opinion centers on two projects: a county hospital and a recreation center. All are urged to attend the meeting Saturday and express their sentiments, so the committee may make further plans.

4-H Boys Postpone Sale Date on Calf

At the advice of friends who hope to see the 4-H Boys Club put a good sum of money in their treasury as a result of sale of their prize calf, the sale has been postponed from Saturday, March 16, to Saturday, March 23, at 5:00 p. m.

The calf is rapidly putting on poundage, and as a result of the delayed selling date, the weight, originally advertised last week at 925, should reach 950 at least, which will be a gain for the buyer.

Funeral services for Mrs. Emma C. Dacy, 78 years, 11 months and 13 days, were held Sunday afternoon from the Fundamental Baptist Church with the Rev. D. I. Miller, pastor, officiating.

Mrs. Dacy died at the home of a daughter, Mrs. Nettie Davis, with whom she made her home, early Saturday morning, after a lingering illness. She had been bedfast for more than a year.

Emma Brooks was born at Cuero, Dewitt Co., on March 22, 1867, and was married at Waring, Texas, on Jan. 5, 1887 to Mr. Dacy, who preceded her in death on Dec. 24, 1932. To this union were born six children, five of whom are living. A daughter, Mrs. R. W. Ewing died at Brady in 1933.

Following her husband's death Mrs. Dacy made her home at Stockdale, Texas, before coming here with Mrs. Davis last December to make their home. Mrs. Davis had been in constant attendance at her mother's bedside since she became bedfast.

Keeney's Father Passes Away At San Angelo

Jonathan Keeney, 86, father of C. R. Keeney of this place, and former resident here, died at his residence in San Angelo at 11:10 o'clock last Thursday night. Funeral services were held at 2:00 p. m., Saturday, March 9, from the Church of Christ, Harris and Irving streets with J. P. Crenshaw, A. C. Knight, and R. H. Stanley officiating.

Moving to Schleicher County from Bell County in the fall of 1902, Mr. Keeney was one of the first farmers in this vicinity to raise a cotton crop. He sold part of the present town site of Eldorado, the cemetery is on part of his old ranch land, and he operated the Keeney and Son Grocery here from 1914 to 1917.

With J. D. Garvin and F. R. Keele, Mr. Keeney founded the first Church of Christ in Eldorado. Later he farmed in Menard and moved in 1935 to Uvalde. His health failed about this time and he moved to Christoval and bought a farm in that vicinity.

Mr. Keeney was always active in church work and he helped to organize a new Church of Christ while residing in Menard. He was also very interested in civic affairs and had paid-up poll tax receipts from the time he was 21 until he became exempt as over-age.

Mr. and Mrs. Keeney were married in Bell County in 1883. They would have observed their 63rd wedding anniversary in April. Survivors include the widow; four sons, John I. Keeney, San Angelo, C. R. Keeney, Eldorado; O. S. Keeney, San Angelo, and Elijah Keeney of Corpus Christi; three daughters, Mrs. D. W. McBroom of San Angelo, Mrs. J. E. Garvin of Edith, and Mrs. L. E. Forrest of Dallas, 15 grandchildren and 12 great-grandchildren.

Grandsons served as pallbearers and Robert Massie Funeral Home was in charge of arrangements.

Friends attending the services from here included: Mmes. J. H. Boothe, W. E. Baker, Douglas Mebane, C. C. West, George Williams, Rosa Owens, Mr. and Mrs. Edwin Jackson and Edwin Martin, Mr. and Mrs. Don McCormick, E. W. Brooks, E. H. Sweatt, A. D. Richey and others.

Mr. and Mrs. J. D. Moody of Crain spent the week end at the home of her grandmother, Mrs. A. H. Green. Their daughter, Ellen Jane Moody, who had been visiting here, accompanied them home.

Mr. and Mrs. T. P. Robinson have dedeed to their daughter, Mrs. Frances Sellers, lots 10, 11 and 12 in block 10 of W. addition.

RATLIFF BUYS WEATHERLY BLDG IN RECENT DEAL

J. L. Ratliff has bought the C. M. Weatherly building, in which the Doyle barber and Fondren electric businesses are located. It will be remembered that he bought the lots on which the building is located, several months ago from Mrs. Patton.

He states that there will be no change in the businesses at present, but that he plans some minor improvements.

Disabled Veteran, "Cap" Fry Home With Discharge

Owen A. Fry, who lost his right leg last spring while he was in service, is at home with his discharge, after having been at Mare Island for some time.

The accident occurred when a mine exploded, as "Cap" and others were burying dead Japs after a battle in the Pacific.

His return home with his discharge follows many months of hospitalization, his first amputation having been performed on the field shortly after he was injured, and another at Pearl Harbor. His treatment at Mare Island included surgery on his other leg which was also injured, attention to his teeth, and treatment of his eyes, temporary blindness having followed the explosion, weakening his vision.

It is thought that difficulty in getting satisfactory results from the treatments was occasioned by the gangrene which had infected the leg from the start. He has been fitted with an artificial leg three times, but to date has not been able to wear one satisfactorily.

A former Eldorado resident, and a Mertzon rancher at the time of his induction, he is 47 years of age. At home last fall on a long fur-rough, he expressed hope that his discharge might be granted by Christmas, but treatment has been slow and he received his discharge only last week.

Soil Conservation Practices Explained

Technicians of the Eldorado Divide Soil Conservation District are again urging all district cooperators, and others, to practice true contour farming during 1946.

Contour cultivation is not an expensive measure to install, yet it pays off in a cash return many times greater than the annual expense involved with its establishment. Through rows laid off on the true contour, the moisture from rains is evenly distributed over the entire area of the field. This gives even moisture for planting as well as an even growing crop over the whole field. It prevents having to wait for the wet spots to get dry enough to plow, plant or cultivate.

The value of contour cultivation when compared to rows up and down the hill has been released by the experiment station at Spur Texas. Figures are for a ten year period, average rainfall of 17.42 inches. Rows up and down the hill: average run-off, 1.20 inches, average yield of lint cotton per acre 109 pounds. Rows on the water level, average run-off .59 inch, average yield of lint cotton per acre 131 pounds. Contour cultivation supported with terraces, average run-off none, average yield of lint cotton per acre 152 pounds.

It is recognized that a single conservation practice will not do the job needed in conserving the soil and moisture, but now is the time to give this practice consideration in your 1946 plans.

Red Cross Drive Lags In Schleicher County

LOCAL WOMAN'S FATHER DIES SUN. AFTER ACCIDENT

Funeral services for R. A. Carr 79, Vancourt farmer and father of Mrs. Anderson Davis of Eldorado were held at 4 o'clock Monday afternoon from the Methodist Church at Eola with the Rev. H. B. Day pastor, officiating. Interment was in the Eola Cemetery.

Mr. Carr died in a San Angelo hospital at 6:50 o'clock Sunday morning from injuries received in a car collision near Vancourt Saturday evening. He was injured when the car he was driving collided with a car driven by R. W. Morgan, 37, Eden carpenter, on US Highway 87 about a half mile east of Vancourt. Carr's death resulted mostly from shock.

Carr had been a resident of Vancourt 21 years, coming there from Eola where he had resided since 1907. Survivors include the widow; one son, W. R. of Vancourt; three daughters, Mrs. Davis of this place and Clara and Lida Self of San Angelo; 12 grandchildren and one great grandchild.

LEAVE FOR NEW YORK

Mr. and Mrs. George Skornicki left last Friday morning for New York City where they will make their home. Mrs. Skornicki is the former Louella Parrent, and her husband has just returned to the States following a six-months period of overseas service. He received his discharge at El Paso.

Mr. and Mrs. W. E. Jeffrey of Dallas received word that their son S-Sgt. W. E. Jeffrey Jr., a graduate of Eldorado high school, had landed in New York March 12 on his way home from Germany where he served 18 months with the 407 Inf.

Brig. General Alvin R. Lueddecke left Saturday for Grapeland after a visit with his mother, Mrs. John Lueddecke and other relatives and friends. A graduate of A&M and a member of the Air Corps, he has made rapid advancement and has been accorded many honors.

Highway Department Starts Beautification

An actual start in beautification is being made in Eldorado this week, with the highway department working the soil in the two-block strip between the courthouse and the main highway, in preparation for planting of redbuds and senecia. Miss Cleone Dabney is Schleicher Co. chairman of highway beautification. The shrubs and trees are being bought from funds secured by private donation.

Mrs. Mattie Cozzens and her county beautification committee, who are responsible for county and city improvement of public places, are buying the trees and shrubs and are making arrangements to plant them on the courthouse lawn and other places. The highway department will water those which have been set out along the highways.

The entire program is part of a concerted state-wide effort to beautify all parts of the state.

In connection with the beautification project going on in our city

Mrs. Chester Wheeler, local chairman of the Red Cross, announces this week that the drive toward raising of the county's quota of \$2,000 has resulted in raising only half of the total to date.

She states that the entire committee hope to complete the drive soon, and urges all who have not subscribed to do so at once. Checks may be mailed or handed to Mrs. Wheeler or any of her assistants:

Truett Stanford, Bailey Ranch; Mr. and Mrs. Gene Edmiston, Alexander, Miss Lottie Reynolds, Rudd; Mr. and Mrs. E. W. Craig Reynolds; Joe B. Edens, Eldorado and vicinity; John I. King, Mayer; Mr. and Mrs. Earl Cathey, Huldale; Mrs. R. H. Jackson, Tierra Alta; Mr. and Mrs. Milton Baugh, Kaffir; John Williams, Eldorado vicinity.

Cessation of hostilities does not lessen need of the Red Cross, it is stressed. Throughout the world the need is as great as ever, with problems of re-construction to be solved everywhere.

The general public is urged to donate heavily—not to allow enthusiasm to be dampened by signing of the peace.

44th Anniversary

The Girl Scouts of Eldorado met Tuesday in the bandroom to celebrate the 44th anniversary of Girl Scouting in America. During the flag ceremony, badges were presented to Myrta Bob Harper, Mary Sproul, Gretchen Mund and Ebba Jean Blaylock. Gretchen Mund gave a short history of scouting, after which a birthday cake, which was topped with 44 candles, was served to 10 Brownies and 11 Girl Scouts, 3 leaders, 4 troop committee members, and 3 guests.

Mrs. Bob Rork received a message Wednesday afternoon informing her of the death of her brother at Mena, Ark. Mr. Rork, who is employed with the Livermore crew at Odessa, returned here Wednesday night.

Lum Davis has bought 4 acres of land in Survey 78, block AHE&WT, which adjoins his residential property.

the public is being urged to cooperate in a clean-up campaign by picking up and keeping premises free of waste paper and other loose trash.

With high winds prevalent, loose paper has been scattered all over town, and many complaints have been made about this fact. Committees from the different clubs and civic organizations are working on a local project to plant shrubs and trees as a living memorial to our servicemen, and in other ways beautify our town so that we, as citizens, can be proud of it. Paper scattered about against buildings, fences and other places, can present a very disagreeable and ugly sight.

Interested citizens are asking that each person or family burn all paper and trash when it is emptied out, preventing it from blowing over the town.

It is your city—let us make it one we can be proud of.

Pfc. Kenneth Doyle has notified home folks that he has landed in Manila, after a 15-day trip by ship.

Program Includes Problems of Peace At Prayer Service

"The Things That Make For Our Peace" was the theme of the World Day of Prayer program observed jointly Friday afternoon by ladies of the local Presbyterian and Methodist churches at the Methodist Church.

The program opened with the song "Holy, Holy, Holy" followed by a short history of the World Day of Prayer by Mrs. Edwin Jackson. Mrs. Luke Thompson was soloist for the songs, "Silently Now I Wait for Thee" and "O Dearly Dearly Has He Loved," and Mrs. F. B. Faust was the accompanist. Leaders of the various parts included Mmes. Jackson, Bert Page, Thompson, L. Wheeler and S. D. Harper.

Children from the two churches assisted in the program with the primary group marching in carrying flags of the nations while Jerry Lyn Pennington sang the theme song. Other children taking part included the Intermediate, Junior and Beginner groups.

An offering was made which will be distributed among various causes including the educating of youth in our 8 Indian Schools, the distribution of christian literature to all nations, and leadership courses in our own country for sharecroppers, and enlarged support for ministers, teachers and community workers for migrants. The program closed with the song "The Day Thou Gavest" and the benediction by the Rev. F. B. Faust.

Methodist WMS Meets On Monday

Mrs. F. B. Faust was leader for the study "One God, One Brotherhood" when the Woman's Society of Christian Service met Monday afternoon at the Methodist parsonage.

The program opened with a song and prayer and the devotional included favorite Bible verses of those present. Mmes. L. Wheeler, S. D. Harper, J. F. Isaacs and J. E. Tisdale gave discussions on the lives of great leaders of other nationalities who had contributed to the furthering of christianity.

Following the lesson discussion by Mrs. Faust and a short business session, the program closed with the Lord's Prayer.

Mrs. Luke Thompson was hostess and served refreshments to those mentioned above and Mrs. Ben Isaacs, Reuben Dickens and Miss Tom Smith.

PRESBYTERIAN CHURCH

With the closing of our revival we wish to express our sincere appreciation for the presence and christian fellowship of our friends and neighbors of the community and its various churches. We believe that the spirit of cooperation shown in this meeting will greatly promote christian brotherhood in our community. While we joyfully remember the excellent gospel preaching and fine, inspirational singing, we pray that the christian way of life will be mightily advanced, not only in the Presbyterian membership, but in the whole community.

Dr. B. O. Wood, pastor of the First Presbyterian Church of San Angelo preached each evening with delightful sincerity and clarity—presenting the christian way of life. The singing, for the greater part of the meeting was led by Mr. Charlie Poulter in his characteristic, enthusiastic way. A number of singers from San Angelo were present to assist us during the week. All of these factors add up to what we believe make a distinct contribution to christianity in our community.

"Jesus calls us; o'er the tumult Of our life's wild, restless sea, Day by day his weat voice soundth Saying "Christian, follow me."

The christian way is open before us. Christ leads the way. The secret of following Him is spelled with a word of five letters F-I-R-S-T. Put Christ first, and all else in life follows in happy order.

Next Thursday evening at 7:30, in conjunction with singers from other churches, we are having a rehearsal of an Easter Cantata. We invite you to come, and sing in this union choir.

The evening services at the Presbyterian Church now begin at 7:30.

Latin American School Patrons Clean Grounds

Patrons of the Latin American School, including PTA members and others, attended a working bee in their spare time during the week end, on the school grounds.

The major part of the work was leveling and cleaning the grounds which are now free of weeds and rocks. It is planned after school closes to move the school building to a better location on the grounds.

Many of the large rocks were placed at the curb, and Mr. Martin Garcea, speaking for the school

patrons, says that a rock wall may be put at the lower side of the grounds and the ground all filled in with dirt to level it all.

Latin American patrons have been showing much interest in their school, and expect to make steady improvement in the establishment during the coming year.

Let's Tackle Inflation While We Can

You don't want your dollars to buy less and less and less!

You don't want your savings to melt away! Or the value of your life insurance to dwindle!

Yet that is what inflation can do to all of us. Therefore, thoughtful people everywhere are concerned with ways to smother it before it gets out of hand.

One major cause of inflation is a shortage of goods when people have money to spend for things they want.

That cause can be eliminated by the production of goods — fast — in quantity.

BUT THERE'S A BOTTLENECK

During the war there wasn't enough labor and materials to meet the needs of war and still produce all the civilian goods people wanted and could buy.

Therefore price controls on civilian goods were substituted for competition to keep prices down.

Today this country has all the labor and materials necessary to turn out the things people want.

Yet goods are still scarce. Store shelves are still bare. The national pocketbook continues to bulge. Inflation grows.

Why? Because price controls in peacetime hinder the production of goods. Business cannot live by producing at a loss. And so, goods that can't be made to sell at the prices fixed by the government just don't get made.

Nor will the raising of price ceilings solve the problem. When costs and selling prices are subject to change at any moment by government action, production has to be on a day-to-day basis.

That means uncertainty . . . reduced output . . . more inflation.

ISN'T THIS THE ANSWER?

Remove price controls on manufactured goods and production will step up fast.

Goods will then pour into the market and, within a reasonable time, prices will adjust themselves naturally — as they always have — in line with the real worth of things.

Competition has never failed to produce this result.

This is the way you can get the goods you want at prices you can afford to pay.

Please think this over. Then tell your representatives in Congress what you believe should be done. You owe it to yourself . . . and to your country's welfare.

LET'S SMOTHER INFLATION... A postcard addressed to the National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y., will bring your copy of a booklet explaining in detail why price controls cause inflation.

Try this simple little example on your party line. It's a sure way to increase your popularity with your neighbors. And it will help us to give you better telephone service.

GAS & ELECTRIC SERVICE

MOM'S BACK IN THE KITCHEN

Yes, she's back at her old job of home-making—that 24-hour-a-day job with no overtime pay.

Mom learned a lot about electric service during the war. She found that stitching up a cruiser and stitching up a curtain are both done more easily and quickly when electricity lends a hand.

And when home-making had to be sandwiched in after war-plant hours, Mom learned that the touch of a finger-tip brought her a dozen willing servants for the cost of a candy bar.

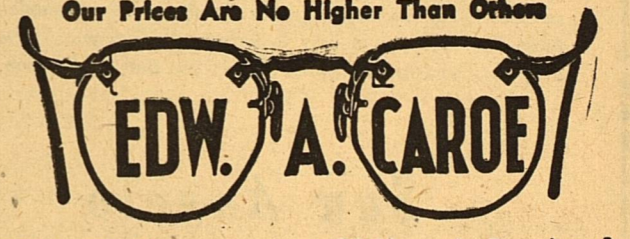

Mom's back in the kitchen. And electric service—always ready, dependable and cheap—is there with her, making her tasks easier, her life more comfortable. Service like that just doesn't happen. It takes hard work and good business management. The men and women in Mom's electric company—and yours, too—make it possible.

Lichens Everywhere

About 200 different kinds of lichens are common in northeastern United States, and an extended search would probably increase that number to a total of 500 to 600 species. Lichens occur everywhere — from the arctic regions to the tropics, from the highest mountain tops to the seashore, and from the driest of desert rocks to the beds of freshwater brooks. They form a large part of the plant growth on the treeless tundra of northern Canada, for instance.

Business Shrinkage

Following the last war, the birth rate of new business enterprises jumped rapidly to an all-time high of 496,000 in 1925, but thereafter kept just ahead of the failure rate until 1929. In the latter year, business births were 453,000 but deaths were 483,000, and by 1941, the number of going concerns in existence had dropped back to the number we had in 1926. During the war years there has, of course, been a further substantial shrinkage.

Case Calf Places 2nd At Ft. Worth Show

Woodrow Mischief 20th, one of the Case Ranch animals shown by W. F. Edmiston at the Ft. Worth Stock Show, placed second in polled classes, bulls calved Jan. 1 1945 to April 1, 1945.

Other Case placings were: 4th: Kate Mischief 3rd. 9th: Lady H 4th. 6th: 2 females bred by Case. 8th: pair calves from Cases. 5th: get of sire, 4 animals.

During a brief visit to the Fort Worth Show, P. F. Case was stopped by Don Chittendon, traveling secretary of the American Polled Heifer Assn., who, pointing to young W. F. Edmiston, said, "That is one of the finest boys I ever met. He's a real gentleman!"

The famed Hattie Mischief, Halbert's champion heifer of Sonora, strained a leg ligament when it was being taken back to Sonora Thursday from the Angelo show—later fell after the leg had been placed in a sling, broke the leg and had to be shot. The animal was to have been shown at Ft. Worth and would probably have brought several thousand dollars.
