SONORA MAN NEW OWNER OF DRUG STORE HERE

Announcement is made this week of the sale of the Deal Drug store to Eldon Calk of Sonora, who assumes charge of the business Monday, October 1.

O. E. Deal, who bought the drug store from L. M. Hoover about four months ago, states that it is doctors orders that he lighten his business responsibilities—hence the sale of the business. He has no definite plans to announce at this time—but expects to move back to Abilene, where he owns a residence.

Eldon Calk, the new owner, has been employed at the Corner Drug Store in Sonora about 15 months, and this is his first business venture on his own. He has been working as pharmacist about two years.

He was born and reared in Coleman County, and is married and has two children, a daughter in the second grade, and a son about seven months old. He was in service 6½ years during World War 2. He is a graduate registered pharmacist, receiving his degree from the University of Texas. Both attend the Baptist Church.

The Deals are vacating the J. L. Ratliff house which they have been renting, and the new drug store and his family will move there.

Mr. Calk states that he is anxious to meet the people of the county and that he will do his best to serve the community as a pharmacist and as a dealer in quality merchandise.

ATTEND BROWNWOOD FUNERAL
Mr. and Mrs. B. E. Moore were among the many from out of town who attended the funeral of J. R. Lewis, 92, in Brownwood and also at Newburg. Mr. Lewis, who was an uncle of the Moores, died at 4:00 Saturday morning at the home of a son, Jim B. Lewis at Bangs.

The funeral was held at a funeral home in Brownwood at 2:00 Sunday afternoon, and a second funeral service was held at the Newburg Cemetery near Comanche at 4:00. Burial was made beside his wife who died in 1940. He is survived by three sons, a daughter, and 20 grandchildren.

Advance literature states that this type of Christian demonstrates to the world that "belief in God and religious principles has served continuously as fundamental basis of our American government and our democratic way of life."

Sessions are scheduled for today, the 28th, and the 29th and the 30th. Registration will be at the Washington Hotel, which is near the White House, and in addition to planned sessions, a program of sight-seeing in the historic capital city is offered to visitors who will be there from all states in the Union.

The Joneses are making the trip by train. After the three-day session, visitors may spend Sunday going to the church of their denomination in the city. Neither of the Joneses has ever been in Washington, and they are looking forward to an interesting trip, with possibly a side trip to New York.

Organized by the Church Management Magazine, the religious magazine which is interdenominational in policy and which aims for efficiency in conduct of church affairs, the Washington Pilgrimage is attended by religious workers of all faiths, predominantly Protestant. There will be outstanding speakers and visitors from Lutheran, Methodist, Christian, Presbyterian and many other churches at the meetings.

Mr. and Mrs. Jones, who are well-known ranchers in Schleicher County, are members of the Presbyterian Church, which they helped to found and in which they have been faithful workers ever since the church first opened its doors. As far as they could learn before leaving here, they and Houston Harte of San Angelo, a member of the Board, were practically the only Texans attending the meeting.

Services are being held at 10:00 a. m. and 8:00 p. m.

WEST HIGHWAY SOON TO BE OPEN TO MIDWAY LAKE

The stretch of west highway to the Midway Lane road is nearly completed, after topping equipment and crew have been on the job for some time.

This stretch of highway, which starts at the county line, connects with the Schleicher paving, to complete the paving to the Midway Lane highway.

Remaining to be completed is another stretch of the road in Crockett county leading west from Midway Lane, to connect with the paved strip into Big Lake. Work on this stretch has also been under way for some time.

The West road has been closed to traffic at the county line while the caliche and gravel base and topping were being applied. It is expected here that the fence will be taken down late this week or soon afterward, thus opening the road to general traffic west. For the time motorists going to Big Lake will use the Midway Lane road and go through Barnhart to reach their destination. Later the entire new road will be in use.

From a point eight miles west of Eldorado, to a point about 12 miles from Big Lake the new road follows a new route. It goes thru oil country in Crockett, and will probably be put to good use by oil operators as well as ranchers and the motoring public in general.

Mr. and Mrs. James A. Griffin of Midland spent Saturday night with the former's parents, Mr. and Mrs. Skeet Griffin, after spending their week's vacation in Austin, San Antonio, and other places.

Eagles Romp Over Kittens 36-0 In Second Game of the Season

Playing against weak competition, Coach Waldrum's Eldorado Eagles overran the Angelo Kittens Friday night by a score of 36 to 0. The Eagles looked good in their first game on the home field. They pulled some brilliant and daring plays, but they also made a lot of fumbles and were subjected to some heavy penalties; these would have been serious for the Eagles if they had been playing tough competition.

Nixon and Craig led the Eagles scoring parade with two touchdowns each, and Whitten accounted for another. Eldorado had 14 first downs and Angelo 4. Two brilliant plays took place in the third quarter: Nixon threw a 43-yard pass to Logan for a TD, and a few minutes later Craig ran a punt back 55 yards for another.

Notes taken by the reporter on the sidelines run something like this:

First Quarter
Angelo kicks off to Eagles who run the ball back to 34-yard line. First down made on first play. Another first down in two plays. Fumble, recover—another fumble. Try long pass, no good. Kittens take over on their 7-yard line. Try two plays, no gain. Kick out. Eldorado takes over. A pass, a penalty. Touchdown. Extra point is good. Score, 7-0.

Eagles kick off to Kittens, who do no good on three plays. They attempt to kick out; kick blocked by Cheek. Eagles take over on Kittens' 21-yard line. Two plays result in first down. Next three plays bring another first down. Now goal to go. Pass, penalty, etc. Ball goes over to Kittens on their one-yard line.

Second Quarter
Kittens pull three plays trying to get ball out. Penalty on Eldorado. Kittens kick out. Eldorado penalized, but take over in mid-field. First play brings Eldorado back to within yard of goal line. Touchdown, kick is good. Score 14 to 0.

Kittens receive, run plays and fail on first down. Eagles take over on their own 36 yard line. Here Nixon makes long run. Then Kittens intercept our pass. Referee rules there was a penalty and ball goes back to Eldorado. Fumble, Angelo recovers and takes over, but unable to gain. (Half).

Third Quarter
Second half starts with Eagles kicking off to Kittens. They run three plays and kick. Kick is blocked. Penalty. Angelo gets to kick over. Eldorado takes over & makes first down. Penalty on Angelo moves Eagles up another 15 yards. Several plays, Eagles fumble. Kittens take over on their own three-yard line. Kitten ball carrier is tackled back of the goal line for a safety, giving Eldorado two more points. Score 16-0.

Along in here Eldorado is set back for clipping and fumbling, but a long pass gives the Eagles a first down. Another first down puts us on Kittens' 18. Next play is T. D. Extra point no good. Score 23-0.

Kittens receive, fumble on second play. Eldorado recovers. Eldorado fumbles, then gets penalty. Long pass tried, but penalty calls play back. Finally Nixon gets off long 43-yard pass to Logan which is good for a T. D. Try for extra point no good. Score 29-0.

Fourth Quarter
Craig catches kick and runs it for a T. D. Extra point is good. Score 36-0. Eldorado second string team swarms out on the field. No further gain made by either side.

Halftime Show
The Eldorado band and pep squad again performed at halftime. A huge diamond was formed, in the center of which Esther Jones, Helen Morgan, Ruthie Dee Harris and Mary Lou Alexander gave twirling demonstrations.

The band is directed by Charles Ludwig, and Mrs. Wayne Griffin has charge of the pep squad.

THREE SENIORS ARE INJURED IN CAR ACCIDENT

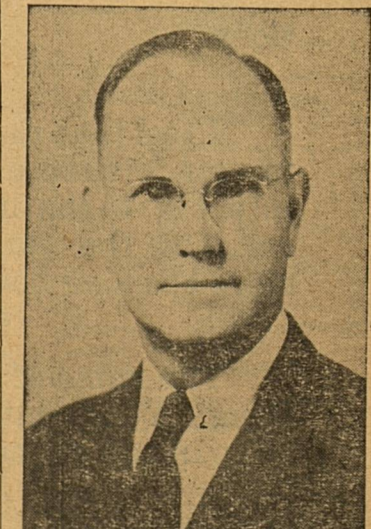

Three high school boys were injured, none seriously, and a pickup they were driving was damaged, when they failed to make the turn at the Virge Tisdale corner late Thursday afternoon. All of the boys were Seniors and football players.

Bobby Galbreath has head injuries, as have also E. H. Nixon, driver of the pickup, and Jimmie Morgan. Morgan and Nixon were able to play in the game Friday night, but Galbreath was unable to take his regular place.

The boys were driving Dwight Wiedenmann's pickup, and were returning to town, where they were to take part in a rally at 6:00. The pickup went through the fence, rolled entirely over, and came to a stop right side up. The Tisdales helped them out of the car, and brought them to town where x-rays were taken.

Comanche Flows Again

Comanche Spring is making a liar out of a lot of reporters who have written its swan song. This week it is flowing again, though not in great volume, and three pumps on nearby wells are running steadily at the same time.

Flow was reported for a brief period last Wednesday night, but investigation revealed that two pumps had been shut down for a time before the flow developed, and it stopped when they resumed pumping.

This week, however, with peak demand for water past, much greater volume of water is available. All three pumps yesterday afternoon were operating at near capacity, and flow of the spring had refilled Comanche Spring pool and was running into the canal through a pipe overflow at the lower end of the dammed-up pool. —Fort Stockton Pioneer.

Drug Store Announcement

My doctor's orders are that I must seek less confining employment and I hereby announce to the people of Eldorado and Schleicher County that I have sold my drug store to Mr. Eldon Calk of Sonora, who will be here to take charge of this business on Monday, October 1st.

The four brief months that have passed since I bought out Hoover's, have been long enough to cause me to greatly appreciate the people of this city and county. No one could ask for better treatment than we have received, and it is with great reluctance that I turn over the ownership of this busy and pleasant establishment to someone else.

My successor is a graduate registered pharmacist and an experienced business man, and I am sure that he will carry on the high standards of service that the people here have learned over the years to expect from this store.

Again, we say THANK YOU—one and all—for every kindness we have received during the time we have resided in Eldorado.

Mr. and Mrs. O. E. Deal

THE DEAL DRUG STORE

NOTICE!

To The People of Schleicher County

It is with a feeling of great responsibility that I announce to you that I am moving to Eldorado, where I have bought the Deal Drug—successor to Hoover's—an institution which has served you for 40 years.

In making this announcement I will give you a few brief facts:

I am a graduate registered pharmacist—have recently been employed at the Corner Drug Store in Sonora—am familiar with Southwest Texas business conditions.

I feel that Eldorado is a thriving town and consider myself fortunate in being able to locate here. It is my intention to continue giving the high type of service and carrying the quality merchandise for which your drug store has long been famous.

The name of the store will be changed to Eldorado Drug. Your continued patronage is earnestly solicited. Drop in and get acquainted.

From where I sit... by Joe Marsh

Skip Makes a Slip

Miss Gilbert, the teacher, was telling me how Skip Lawson almost went to sleep in her physics class.

She noticed him nodding and—since they were discussing electricity—said in a loud voice: "Now maybe MR. LAWSON will explain what electricity is." Skip started up, looked around wildly, and blurted out, "Gee! I used to know, but I forgot."

"What a loss to science!" sighs Miss Gilbert. "No one to this day knows what electricity really is, and here we have a genius who could explain it—but forgot!"

From where I sit, I hope this taught Skip that you're better off if you admit you *don't* know all answers. Some grownups haven't learned that yet—like the ones who are always telling other people what's best and what's right and what's wrong. I like a temperate glass of beer, myself, but if you prefer buttermilk I won't argue. I've seen too many "know-it-alls" turn out to be wrong!

San Angelo; Mr. Palmer West, Eldorado; Mrs. Carl Morrow, San Angelo High, San Angelo; Mrs. Marvin Stuart, City Council, San Angelo; Mr. Frank Meixner, Paint Rock; Mrs. Donal Cox, McGill, San Angelo.

A very interesting and heart warming film was shown to the group. The film entitled Paradise Valley, was of a small community in which a small amount of people were striving to educate the community to safety rules. Tragically almost struck before the people realized the need for Safety Education.

Luncheon was served to the group in the Memorial Building by the hospitality committee of the Eldorado unit of Parents and Teachers Association.

Among the large number of local women attending were: Mrs. Kenneth Cheek, Mrs. H. L. Plagins, Mrs. Edwin Jackson, Mrs. E. H. Nimitz, and Mrs. Jess Walston, Mrs. J. C. Ratliff, and E. H. Sweatt, all of Eldorado.

Included in the group were safety chairmen, unit presidents, and many others.

WOMANS CLUB MEETS

22 members of the Eldorado Woman's Club answered roll call with "What I have done for local welfare." Mrs. Jess Walston was program leader and Mrs. Arthur Mund had as her subject "Public Affairs are Personal Affairs." She pointed out that the enemy of democracy is civic ignorance. Each person must be aware of his place in the local, national, and international group and that our government is good or bad only as far as we make it so by our intelligent interest or indifference. Our constitutional liberties were made safe by the individual efforts of such men as Jefferson and Madison. Club women united, could be an invincible force. Other reports were given by the chairman of public affairs and the club counselors, Mrs. Keno Ogden and Mrs. V. G. Tisdale.

Mrs. Edward Meador gave a report on the reorganization of the youth center.

Mrs. E. H. Nimitz served refreshments to the members and one guest, Mrs. C. G. Bruce.

Mr. and Mrs. Charlie Trigg left today for Aledo with their guests, Mrs. C. H. Trigg and Miss Ollie Trigg, who had been visiting here a week, then went on to Dallas. From there Mr. Trigg will go by plane to Lincoln, Neb., where he will officiate at the TCU-University game.

Mr. and Mrs. Paul Nullin of Dallas visited here last week with relatives and picked up their little son Jimmy who had spent three weeks with his great-grandmother, Mrs. J. F. Jeffrey. Mrs. Nullin is the former Louise Jeffrey.

PTA, Safety Group, Hold Joint Meeting

The Sixth District Parent-Teachers Association and the Texas Safety Association held their first joint meeting in Eldorado, Monday, Sept. 24. This is the first meeting of these two groups to be held in West Texas.

C. E. Sanderson of the Texas Safety Association, Austin, was the principal speaker. He stressed the three phases of safety, Engineering, Enforcement, and Education.

The State of Texas with the engineers has spent over one hundred million dollars in building good highways.

Enforcement officers, though handicapped with such a small number of officers, are doing everything possible to educate the people in Safety rules.

Educating the public in Safety rules on the highways, in the school and in the home was the main point of the meeting.

Over 50% of accidents on the highways involve only one car. Thirty-three percent of these accidents were credited to speed in cars one year old or less. Not only on the highways but also about 45,000 accidents on school grounds each year cause a child to lose 1/2 day of school.

In 1948 colleges started courses for teachers in drivers' education. At the end of 1950, 508 schools were giving courses in drivers education.

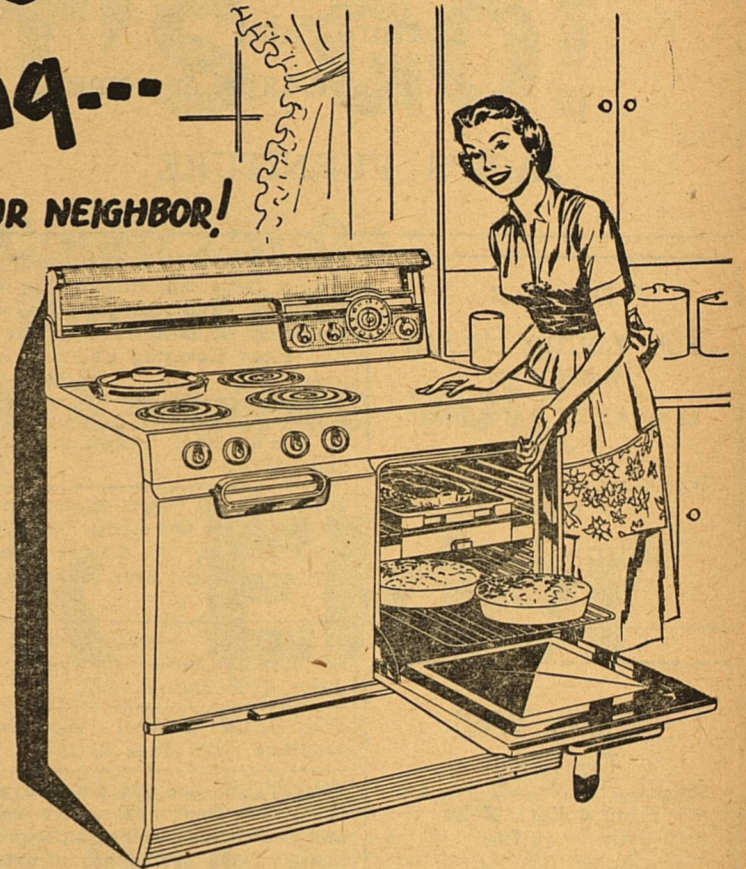

O. A. Brookshire, public safety engineer of this district which includes 21 counties, gave the fatalities of the district. He stressed the need for more safety education; saying that the desire of enforcement officers is not to levy fines on violations but to help people see the need and obey safety rules. Mr. Brookshire asked that people cooperate and understand the problems that face the Department of Public Safety.

Safety Chairmen attending were: Mrs. Lowell Hankins, Sixth District, Rocksprings; Mrs. L. C. Burkhardt, San Angelo; Mrs. James Petty, Fort Concho school, San Angelo; Mrs. H. C. Logan, Big Lake; Mrs. Shelton Gosset, Lakeview, San Angelo; Mrs. C. D. Box, Five County Council, San Angelo; Mrs. Carrell Land, Santa Rita,

TEEN AGE GIRLS
 PLAY BASEBALL
 VS. OHIO WOMEN

A baseball team of Teenagers
 will meet an Ohio Women's nine
 at the lighted field Monday night,
 beginning at 7:30. Admission will
 be free, with a hat collection taken
 during the evening.

Considering advance publicity on
 this event a rousing game is ex-
 pected. The women will have the
 honor of their company to fight
 for—a reputation established by
 the Ohio men as ball players, to
 live up to. The Teenagers know
 that their age is the most glorious
 of all, and will put up a real scrap
 to prove it to the world!

Officials hope that there will be
 no hair pulling among the person-
 nel of this all-women cast—but
 anything can happen—that will
 help pack every play with sus-
 pense, to give it audience interest!
 The opening skirmish is at 7:30
 Monday night.

Mrs. Parker Attends
 Treas. Convention

That it was the best convention
 they have had was the report of
 Mrs. Mabel Parker, Schleicher
 County treasurer, who attended the
 convention of the County Treasur-
 ers' Association September 21, 22
 and 23, in Austin.

This is the third convention the
 state group has held. They set San
 Angelo as the next convention
 meeting place.

Mrs. Parker reports that Bascom
 Giles made the welcome address,
 the secretary of state spoke, and
 the county auditor of Travis county
 conducted a very successful round
 table discussion—to mention a few
 of the highlights of the three-day
 meeting.

Mrs. Parker's son Howard came
 over from Fort Hood, 65 miles
 away, Saturday night, and the two
 spent the day together Sunday.

MRS. McCORMICK RETURNS

Mrs. Rex McCormick is back in
 Eldorado after an extended visit
 in Carlsbad with Mr. and Mrs. W.
 G. Smith, and in Carrizo with Mr.
 and Mrs. Wiley Brooks—also in
 Albuquerque with cousins, and
 other places in that vicinity. She
 reports that she took a trip to
 Santa Fe and other historical spots,
 and that she enjoyed her visit in
 spite of unusually hot weather.
 She states that new mining activ-
 ity has caused a boom at Carlsbad.

The Smiths brought her to El-
 dorado and went on to San Antonio
 accompanied by Mr. and Mrs. Fred
 Smith, to visit the men's brother
 Jeff, who is seriously ill.

Almost Anything Can
 Start A Fire

While most fires start from a
 few common causes, the news re-
 ports on the year's "odd fires" re-
 veal that a fire can be caused by
 nearly anything, the National
 Board of Fire Underwriters says.

In one Illinois town, a pigeon
 started a fire that caused damage
 to a building. She did it by carry-
 ing a lighted cigarette to her nest.

In Massachusetts a bottle of
 carbon tetrachloride—the liquid
 commonly used in many fire ex-
 tinguishers—started a fire. It was
 in a glass bottle in a truck. Sun's
 rays shining through it focussed
 like a burning glass on the driver's
 cushions while the driver was in a
 restaurant. When the driver dis-
 covered the fire, he opened the bot-
 tle and used the carbon tet to put
 out the fire.

Sunlight shining through a mag-
 nifying glass on a television set in
 a dealer's window set fire to an
 appliance store in New Jersey.

In New Hampshire, water caused
 a fire. The short circuit of a water
 pump by high water in a cellar is
 believed to be the cause of a fire
 that badly damaged a number of
 stores.

In this modern world, almost
 anything can start a fire. The back-
 fire from an automobile, a static
 electricity spark, friction from a
 running machine, a child playing
 with matches, all are among the
 comparatively insignificant things
 that can cause a fire. Moral, ac-
 cording to the National Board, is
 to be prepared for fire any time.
 Fire Prevention Week—October

Committeemen, den mothers,
 and parents, of Eldorado Cub
 Scouts, announce a meeting this
 Monday night at 7:30, in the Mem-
 orial building. Plans for re-regis-
 tering the Pack and assignment

POST - SCRIPT

Cotton—what there is of it—is
 coming in slowly but steadily at
 Mikeska Gin, the only gin operat-
 ing in the county. By Tuesday mor-
 ning Sam Gausemeier reported 62
 bales. Cotton is bringing around
 33 cents and seed \$70 per ton.

Another home boy returns to
 Eldorado! Mr. and Mrs. Paul Page
 of Dallas will move to Eldorado
 soon, to the former McGregor
 house, which they recently bought.
 Some work is being done on the
 place this week before their arrival.
 The McGregors sold the house
 after they had moved to the former
 Chester Wheeler house which they
 have bought.

Jimmie West, Schleicher County
 rancher, and Mrs. West, were in
 Seymour last weekend for the pur-
 pose of buying 42 heifers, yearling
 calves from the registered herd of
 John Buie, for which they paid
 \$225 per head. These were top
 heifers, all Aberdeen Angus.

Yesterday, Wednesday, West
 consigned 30 head to the Aberdeen
 Angus feeder sale in San Angelo,
 and will take a truckload to the
 sale in Junction Friday.

It is reported that eleven of the
 twelve families here with Penrod
 have been living in trailers—and
 Penrod has moved out, locating
 these families in Crane where they
 will be working. Penrod has been
 drilling for Ohio.

A construction crew was on the
 job yesterday getting ready to run
 foundation for the State Highway
 office and warehouse, as part of
 the sub-station which is being lo-
 cated here. The land lies east of
 the Santa Fe tracks and is being
 enclosed with a cyclone fence.

The building now under con-
 struction will be 22x38 and will
 have room enough to house a cou-
 ple of pickups, an office, and rest
 rooms. Other buildings may be
 added later as needed at this sta-
 tion. The construction crew at work
 here is from San Angelo.

Work is continuing on the Odie
 Deal place in the Reynolds neigh-
 borhood. With Martin as contractor
 the house is being built as a resi-
 dence for the Deals, who now live
 in Mertzon. The house will be of
 frame construction with asbestos
 shingle finish.

A modern five-room house which
 the Bill Oglesbys have built west
 of the Sam Oglesby place in Eldo-
 rado is ready for occupancy, and
 the young couple have been moving
 in this week. Bill was recently re-
 leased from service after putting
 in nearly a year as a reservist.

The large ranch style house
 which the E. N. Edmestons have
 built on their place on the West
 Highway is now completed, and
 the family are moving in this week.
 They had been living on the A. J.
 Roach place about 15 miles out
 from Eldorado on the Mertzton
 Highway. The house is of native
 stone, and is one of the larger
 new ranch houses of the county.

Gene bought the land from Mrs.
 Nannie Wood Daughdrill—a total
 of 1284.46 acres (for those who
 like figures: it's from survey 169
 and the west half of 168, the east
 part of 7 3/4 K. S. Knowles grant-
 tee and part of survey 14, J. W.
 Johnson grantee) and the deal for
 land was made in February of
 1949. Since he bought the place
 Gene has been improving it by build-
 ing a large barn, etc.—now that
 the house is completed he will still
 have some work on the yard sur-
 rounding the residence. The family
 started moving in their household
 goods Monday.

The L. L. Watsons, who have
 been living on the Arden route out
 of San Angelo, expect to move to
 Schleicher County about October
 1, upon completion of their new
 residence on their place, known as
 the Old Chaney Ranch, three miles
 from Mrs. Pat Martin's residence
 in the Rudd Community.

The house which the Watsons
 have built is frame, and the exter-
 ior finish is of asbestos shingles.
 It has five or six large rooms, and
 is designed on modern lines with
 many conveniences. Workmen have
 been putting the finishing touches
 on the house, and it is now ready
 for occupancy. A new rent house
 has also been built on the place.

Mr. Watson, in a recent trip to
 Eldorado, made arrangements for
 building of a telephone line out to
 his place, and work on this is now
 under way. It will connect with the
 Eldorado exchange.

 held at the Baker Hotel. First

 zation of men who attended the
 first officers' training camp at
 Leon Springs. This year 400 men

GRADE SCHOOL VACATES ROOMS IN 54 SECONDS

The grade school students are not only housed in rooms which are definitely not firetraps, and providing no second floors—the children can also get out in a hurry in case of fire!

That is the announcement of Palmer West, who conducted a fire drill for the first six grades Wednesday, and cleared the building and the school lots in 54 seconds flat! In addition to taking charge of the drill, Chief West addressed the assembly on safety precautions around the school building.

All of the sections of the first six grades held their first assembly of the school year Wednesday, with Mrs. Jimmie Lou Taylor's sixth grade, section 2, presenting a play entitled, "Back to School With Safety." In this play the children brought out, ideas for safety precautions in school—stressing safe play on the school grounds, neatness in the desks, and safe use of ink and scissors and other supplies which are used daily.

Principal characters in the play were Clyde Wilkerson, Voy J. Mitchell, Robert Deal, Christabel Sauer, Yvonne Logan, and Wilma Fae Nixon, with Bunny Valis as master of ceremonies, and the rest of the class appearing in the chorus, and in other places as needed in the play.

The fire drill, which was called after the group returned to their home rooms, came as a climax to the well-presented program.

First Baptist News

We welcome into our fellowship Charles Ludwig and Katy Baugess. And if you are a Baptist and are to make your home in Eldorado we welcome you to make our church your church home. We try indeed to be the friendly church with a spiritual program.

There were 194 in Sunday school Sunday. We are only two under our goal for the month of September. Our goal for average attendance for September is 185. We can reach it. We are going to reach the goal. Don't you want to be one of those who helps to reach the goal Sunday? Be in your place at 9:45 Sunday morning.

About 60 men gathered at the church Monday night at 7:00 for barbecue supper followed by short business session in which our men's brotherhood was re-organized with the following officers to serve for this year. Paul Miller, president; John Stigler, membership vice president; Roy Phelps, program vice president; Weldon Davis, activities vice president; Lilburn Hazelwood, secretary; T. P. Robinson, Jr., treasurer. These officers will make up the executive committee and along with the pastor will be responsible for the planning of the program of activity of the Brotherhood. After reorganization of the Brotherhood a moving and challenging message was brought to the men by F. Ivey Boggs, the state Brotherhood president, from Dallas. He pointed out some trends in political, social, domestic life and challenged the men by the very truthful statement that Christian men are the only ones that can change these dangerous trends.

Our revival services are in progress. Services each day at 10 a.m. and 8:00 p.m. The warm soul moving messages are brought each day by H. J. Starnes, pastor of the First Baptist church of Weatherford. Song services are under the direction of Harry Grantz of Southwestern Seminary, Fort Worth. Members are expected to support these services and visitors will receive a warm welcome. Come to each service and bring a friend with you. Let us honor God in these days.

BAPTIST W. M. U. INSTALLS NEW OFFICERS FOR YEAR

An impressive installation service was conducted by Mrs. Archie Mittel when the incoming officers of the First Baptist W. M. U. for 1951-52 were installed Monday. In her opening remarks Mrs. Mittel stated that as officers of the W. M. U. the installation is significant yet there is another preparation which should take precedence over this one. It is the infilling by the Holy Spirit for your supreme task of witness bearing. When the two go hand in hand, God's will is done and his kingdom work advanced. As each officer was given the charge she placed a flag representing a different nation in a centerpiece which represented the entire world.

The following officers were installed: President, Mrs. Carrol Ratliff; vice president, Mrs. Roy Martin; recording secretary, Mrs. R. E. Cheatham; corresponding secretary and treasurer, Mrs. T. E. Holcomb; young people's leader, Mrs. Nelson; circle chairmen, Mrs. E. W. Perry, Mrs. L. M. Hoover, Mrs. Roy Davidson.

A Drought—Why?

"Will man rob God? Yet ye have robbed me. But ye say, Wherein have we robbed thee? In tithes and offerings."

Ye are cursed with a curse for ye have robbed me, even this whole nation.

Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, with the Lord of hosts if I will not open you the windows of Heaven. And pour you out a blessing, that there shall not be room enough to receive.

And I will rebuke the devourer for your sakes and He shall not destroy the fruits of your ground. Neither shall your vine cost her fruit before her time in the field. Saith the Lord of hosts. Malachi 3:8-11.

We can see here why some people receive no blessings from God. People refuse to come to church, so they can expect the wrath of God. Come O hear. Believe.

F. H. Pryor, Fundamental Baptist Church.
