

Schleicher County Oil News

Special from James C. Watson Midland, Texas

Standard Oil Company of Texas and Sinclair Oil & Gas Company have each staked a location in the Huldale, North-Lower Canyon field of Central-North Schleicher County.

Sinclair will drill No. 1 W. A. Davis estate, 660 feet from north and west lines of section 55, block M, GH&SA survey. That puts it 1,320 feet south of Hiawatha No. 1 Runge, the discovery well of the field.

Standard will drill its No. 1-2 Mrs. Frances May Thomson 467 feet from south and east lines of M. Putnam survey No. 1. It is 850 feet north and slightly west of J. C. Hawkins No. 1 Mrs. Frances May Thomson which is a west offset to No. 1 Runge.

Hiawatha Oil & Gas Company No. 2 Runge, one location northeast of the opener of the Huldale, North Lower Canyon field made salt water and found no shows of oil or gas in the Ellenburger.

The project was preparing to plug and abandon Tuesday at 6,400 feet in the Ellenburger. It had failed earlier at the contact of the Canyon and Strawn, where production was developed by Hiawatha No. 1 Runge, opener of lone producer in the Huldale, North (Lower Canyon) field, to which it is a north-east offset.

The prospector did not find any possibilities of production in the Pennsylvanian lime which is the pay section in the same operator's No. 1 Runge, the field opener which it offsets.

Seven new tests have been spotted in the Brushy Top field of Central-North Sutton County by Lone Star Producing Company and others.

These new projects will be drilled to 1,200 feet with cable tools beginning immediately. They are all eight miles north of Sonora on the E. E. Steen estate, about 12 miles south of Eldorado.

No. 2 Steen is 990 feet from north and east lines of the northwest quarter of section 66, block A, HE&WT survey and No. 3 is 990 feet from south and 330 feet from east lines of the northwest quarter of the same section, block and survey.

Location for No. 4 Steen is 330 feet from south and 990 feet from east lines of the northwest quarter of section 66, Drillsite for No. 5 is 330 feet from north and 990 feet from west lines of the northwest quarter of the section. No. 6 is 990 feet from north and 330 feet from west lines of the northwest quarter of section 66, block A, HE&WT survey.

No. 7 Steen is 990 feet from south and west lines of the northwest quarter of section '6 and No. 8 is 330 feet from south and west lines of the northwest quarter of the same section, block and survey.

G. W. Strake No. 1 Runge, north offset to Hiawatha No. 1 Runge, was drilling at 3,310 feet in sand and lime. Ohio No. 2 Thomson, south offset to the Hiawatha producer, was making hole at 2,958 feet in lime and shale. Ohio No. 4 Thomson had reached 2,687 feet in lime and shale. It is about midway between Hiawatha No. 1 Runge and Delta Gulf No. 1 Thomson, 2 3/4 miles to the southwest, opener of the four-well Huldale (Strawn) field.

In the Huldale area, Ohio No. 3 Thomson was drilling at 1,850 feet in lime. Delta Gulf No. 1-B Thomson, bottomed at 1,400 feet in lime, was recentering in an effort to regain circulation.

Local Methodists Will Dedicate New Furniture Sunday

New furniture and improvements at the Methodist church will be formally dedicated in a special service next Sunday morning, Rev. Roy Shilling, pastor, announced recently. Rev. Fred J. Brucks, district superintendent, will be in charge, and will dedicate the new pulpit furniture, pews, piano, and the Hammond organ.

The pulpit furniture is a memorial to Mrs. Mattie Meador, and was given by the Meador children. The organ was given by the DeLong family in memory of David DeLong, who gave his life in World War II.

Immediately following the services a covered dinner will be served in the church basement, Rev. Shilling announced. This will be followed in the afternoon by the Fourth Quarterly conference at which Rev. Brucks will again be in charge. Officers will be elected for the new year.

Mrs. J. S. Blanyer and twin sons and daughter have moved into the Doty house, owned by the Robert Milligans. Mr. Blanyer, a new Shell employee at Shell Station, moved his family here from Goodrich. The house has been re-wired and otherwise improved.

Firemen Collide At Busy Intersection

Eldorado's busiest and most dangerous intersection, bounded by the Bank, Hoover Drug, Long Variety, and Parker Foods, was the scene of another dangerous collision late yesterday afternoon as two firemen raced through the streets to answer an alarm.

Lester Early was driving the Blake's Electric pick-up and as he pulled onto the intersection C. N. Shaw raced from the other direction driving his 1950 Chevrolet. With a screech of brakes and a resounding crash the car rammed the pick-up, overturning it and spilling electrical equipment and supplies onto the pavement. The pick-up lay on its side with wheels still turning, and the crowd that gathered was glad to see Early emerge from the cab unhurt.

The crowd righted the overturned pick-up and both drivers were able to drive their vehicles away. The pick-up was considerably damaged, as was the front of Shaw's car.

This same intersection was the scene of a similar mishap a little while back when Lum Burk drove down Main Street to answer a fire alarm, and was hit by a car coming from the side street. He was not hit hard, however, and reported only slight damage.

NEW SON FOR MEADORS

A son, weighing a little over six pounds and named James Clay, was born Friday afternoon, March 30, at 2:45, in a San Angelo hospital, to Mr. and Mrs. W. F. Meador, Jr. Grandparents are Mr. and Mrs. Franklin Green of San Angelo and Mr. and Mrs. Frank Meador of Eldorado. The young mother is the former Bebe Jean Green.

Mr. and Mrs. W. F. Parent and daughter Fern have moved back to Eldorado after living for a while in San Antonio. Another daughter, Mrs. Billy Glenn is visiting with them while her husband is stationed in Illinois.

POST - SCRIPT

A newcomer in the business district is George Cranford, professional cook of 16 years experience in cafes of Texas. He came to Eldorado recently from Lubbock and is employed at the City Cafe. He has no family.

Among new families moving to Eldorado in the past week or two are:

C. C. Holder, east side Humphrey apartment.

Howard Osborn, in Orient Hgts.

H. C. Long, west side Humphrey apartment.

C. M. Lynch, Happy Kerr rent house.

H. R. Perry, Mrs. L. R. Dameron house.

Six trailers, all their lot will hold, are now parked at Halberts, a larger number at Doc's Place, and many others in private yards throughout the city.

Mr. and Mrs. Walter F. Dufrain and six-year old son of Eden were pleasant callers at the Eldorado Success and in the home of Publisher Gunstead and his family Sunday afternoon. Mr. Dufrain is the new publisher of the Eden Echo, which he bought this winter, putting out his first issue February 1.

Mrs. Dufrain assists in putting out the paper, and the pair have been doing an excellent job of advertising and news reporting—giving Eden an unusually interesting and newsy sheet.

The Dufrains were favorably impressed with Eldorado, which they were seeing for the first time, and especially mentioned the fine new school building and nice looking business district.

Their young son brought along his little white dog, which caused the Gunstead cats to scatter in all directions when he came bounding out of the car.

Gas at 4100 feet, the second such showing in the T. K. Jones wildcat, has been encountered, and the company are drilling ahead in a hard formation. It is understood that officials are pleased with the way this test is logging and the entire county is watching it with interest.

Boy Scouts To Patrol Streets Here Saturday

Boy Scouts of Troop 18, Eldorado, will take over the town's traffic problems for profit this Saturday when they will patrol the streets and fine both drivers and pedestrians who violate traffic rules, it was announced this week. Money collected will go into the troop treasury and be used for carrying on the Scout work.

Among the violations cited as being fineable are: failure to give hand signal when turning, jaywalking, double parking, incorrect parking, failure to stop for stop sign, and speeding.

All Scouts participating will wear their uniforms and carry their membership cards, leaders stated.

Trustee Election Due This Week

This week on Saturday, April 7 the annual election of school trustees will be held for the purpose of naming three school board members.

The election will be held at the Memorial building, which will be the polling place for the entire county.

There are five candidates for the three positions on the board, as follows:

Archie Mittel, re-election.
Gene Edmon, re-election
Gus Love, new.

James Williams, new.
Kenneth Cheek, new.

The complete school board consists of seven members. The other four, whose terms do not expire this year, are:

Jim O'Harrow
S. D. Harper
Dee Love
Henry Speck.

4-H County Council Approves Statement

The Schleicher County 4-H Club Council approved the financial statement on the lamb project, and worked out plans for the new club year, at their meeting Tuesday night. Members of the 4-H council are Ed Hill, chairman; Edwin Jackson, vice chairman; Gus Love, sec.; and John Williams, Truett Stanford, and Jess Koy.

The feeding year 1950-51 became history when the Schleicher County 4-H Council put final approval on financial transactions for 1950-51.

The highlights of the past feeding year proved to be educational and financially successful. Here are some of these highlights:

1. The total feed bill was \$2,008.19. Through a commercial project and a Southdown lamb project this feed bill was paid with the exception of \$83.90 and interest on all feed of \$22.90 making a total of \$106.80.

2. All county groups of 15 and carload lots won blue ribbons. This included first in group of 15 fine wool and group of 15 crossbred lambs at San Antonio. The car lot of fine wool lambs first at San Angelo and the crossbred lot won first at San Angelo with the cross bred car lot winning grand champion carload.

3. Grand champion carload of lambs at San Angelo sold for a record \$2 a pound.
4. 76% of all lambs placed in major shows.

5. A total of \$633 was won in premium money.

6. 123 Club lambs weighed 13096 after 3% shrink was taken for an average of 106.5 lbs.

7. 123 club lambs sold for \$10,778.10.

8. Net profit per lamb \$73.71, including premium money.

9. The cost of 127 lambs, figuring death loss of 4 lambs, feed bill, interest on money, entrance fees, and trucking had a total expense of \$4200.80. These lambs could have been sold for the market price, at the time sold for \$38.50 and a net profit of \$841.16. The original cost was an average .24 cents per lb.

The club makes this additional explanation:

"We of the Schleicher County 4-H club realize that the natural rise in prices from an average of .24 cents to .36 cents is a big feeding margin. Then too, we would not have to feed the same ration or as expensive a ration over the same length of time if we had been feeding commercially. We would have had a net profit of \$1783.50 or \$14.50 per head."

The general public is always intensely interested in the work of the 4-H club. Expression of this interest was shown in providing the boys with a feeding farm through public subscription and in other ways.

E. H. Topliffe was called to South Texas Saturday because of the illness of his father, R. J. Topliffe, of Burnet, who is hospitalized in Marble Falls. He returned home Sunday.

NEW BUSINESS TO HANDLE ALL MAKES OF CARS

A new business announced in this issue is that of Williams & McWhorter who will deal in new and used cars of all kinds, and who are establishing quarters on the lot adjoining the Success office.

A new pre-fabricated building has been ordered for use as an office and is expected to be delivered in a few days.

The new owners, James Williams and Dan McWhorter are both natives of Eldorado and well known throughout the county. Mr. Williams has been a salesman for Charlie Trigg Motors for the past two years, and Dan McWhorter returned to Eldorado a few months ago after selling a mercantile business in Ft. Davis.

The partners explain that they will sell, trade and finance both new and used cars of every description, "from a Cadillac to a Henry J."

Plateau Shrine Club Is Organized

Shriners of Sonora met at the Ka-Bar Club, March 26, for the charter meeting of the Plateau Shrine Club. J. N. Clark, Chief Rabbi and Steve Scott of the Suez Temple of San Angelo met with the group to help in organizing the club. The following officers were elected: President, Edgar Glasscock; Vice-president, Clarence Scott; Secretary, J. T. Ratliff; Treasurer, Edgar Shurley.

Shrine members of Eldorado, Junction, Ozona and Rocksprings are invited to membership and places on the board of directors remain to be filled from these clubs. R. C. Vickers, W. S. Stephenson, and Paul Turney are members already elected to the board of directors besides the club officers.

On Friday, April 13, the Plateau Shrine Club will entertain members of the Suez Shrine Temple and wives of members at a dinner which will be served at the Sonora elementary school cafeteria at 7:30 p.m. Following the dinner at 9:00 p.m. there will be a dance at the Sonora Wool House. Music will be furnished by the Melody Boys of Sonora. Each member will bring his Fez and membership card for admittance.

Sonora Teen Agers Injured In Wreck

The fifth in a series of teen-age wrecks which have occurred in Sonora during the past year took place on March 24, when some teenage boys from Sonora overturned their car when they were returning home after watching a dance at Buck Hollow.

The wreck occurred at 11:30 p.m. at the curve on the west edge of Roosevelt on U. S. Highway 290. The car, a 1950 Ford sedan went out of control, throwing all of the occupants out of the vehicle except Rayford Lee Hull, 15, the driver.

As reported in the Devil's River News, the injured are Charles Griffin, son of Mr. and Mrs. Vernon Griffin, who suffered a broken spine when he was thrown out of the car into a fence post. Was given first aid and taken to San Angelo hospital where he was given a 50-50 chance to live. Since Saturday night he has rallied considerably and is believed to be improved although he is paralyzed from the waist down. Also suffered slight concussion, jaw injury, and internal injuries, as yet unknown.

Wilbur Griffin, brother of Charles. Also in San Angelo hospital. Was thrown out of car, suffered fractured arm and possible internal injuries.

Rayford Lee Hull, son of Mr. and Mrs. Joe Hull, driver of car. Stayed in car during wreck. Has bruises of the liver and one kidney. One rib and cartilage partially torn away from sternum. Slight concussion and possible other internal injuries.

Jack Berry Johnson, son of Mr. Cliff Johnson. Mild concussion, partially torn off ear, blood clot under scalp, possible skull fracture, broken tooth. Thrown out of car.

Jack Adkins, son of Mr. and Mrs. A. H. Adkins. Chipped bone in shoulder. Two broken teeth. Also thrown out of car.

Other facts: Driver had been warned about driving by State Highway Patrolman Bolinger on two occasions previous to this accident. Driver had had his license suspended and was driving on probation. Was driving out of city limits without permission.

Turn back the pages. Five bad teen age wrecks in the past year. Some close calls, but no deaths—yet.

Perry Johnson has been hospitalized here at the clinic where he is undergoing treatment for pneumonia.

Rev. Clifford Nelson

REV. NELSON ACCEPTS CALL TO BAPT. CHURCH

In a church session following the regular service Sunday night, the Rev. Clifford Nelson of Olden, in Eastland County, formally accepted the call to serve the First Baptist Church of Eldorado as regular pastor.

The church session followed a busy day for members of the congregation and for the minister. He preached at the morning services, was in the pulpit for the evening service, at which two new members were taken into the church, and was with the congregation in an all-church supper in the dining room, preceding the night service.

The Rev. Nelson states that he will remain in Olden until the 19th, when he will move to Eldorado, and that he will preach on the fourth Sunday of April, which is April 22.

Before serving the Olden church, where he has been pastor eight years, he attended Howard Payne College and Southwestern Seminary in Ft. Worth. Mrs. Nelson is the former Evelyn Dennis of Eastland; she assists her husband with his church work, especially in the young people's department.

The Rev. Nelson succeeds Rev. Jim Hays, now pastor of the Baptist Church at Brookshire. Members of the congregation visited him at Olden and heard him preach, and he has also occupied the pulpit here on two or three occasions. He comes to this city to begin his pastorate with the best of recommendations.

The First Baptist Church, Eldorado's largest church in point of membership, has recently completed a building program.

Lions Announce Slate Of Officers For Year

Announcement of the nominating committees slate of officers and directors was made at yesterday's Lions meeting in the Memorial building. These officers will be voted on at the meeting of April 18.

Speaking for the nominating committee, Lion C. C. McLaughlin announced the slate as follows: Carrol Ratliff, president; Palmer West, first vice-president; J. M. Christian, second vice-president; W. T. Whitten, third vice-president; John Stigler, secretary-treasurer; Jack Hext, tail twister; and T. P. Robinson, Jr., Lion tamer.

New directors named by the committee are C. L. Meador and John Williams. Holdover directors are Wilson Page and Gus Love.

Mrs. Billy Green will direct the minstrel show to be given later this spring. The Lions club committee working on this project are W. M. Patterson Jr., Wilson Page, and Wayne Griffin.

Lion L. V. Newport was in charge of the program which closed the meeting. He showed an Ohio Oil Company film, "Unseen Horizons."

82 Votes Are Cast In City Election Here

"This is the biggest vote we've had in a city election in a long time," declared one of the workers at the city hall Tuesday night as the polls were closing.

At that the total vote was only 82—or about one in seven of the city's potential vote.

Carrol Ratliff was re-elected as Mayor without opposition.

Three men elected as aldermen for a two-year term were: Gus Love, Ray Hudgens, and C. C. Henderson, with Walston and Topliffe trailing.

Hold-over members on the city council are W. M. Patterson, Jr., and Sam Oglesby.

Mr. and Mrs. J. L. McElroy of San Angelo, former residents of Schleicher County, were visitors at the home place in the Vermont Community Sunday. The place is under lease to Robert Baker.

KICK - OFF FOR INTERSCHOLASTIC DISTRICT MEET PROVIDED BY ONE-ACT PLAY COMPETITION ON FRIDAY

Sonora won first and Ozona second in a closely contested race for one-act play honors, in the first round of district interscholastic events, held in the Eldorado school auditorium Friday night.

Sonora presented a heavy dramatic play, "Dark Wind," portraying a war scene in which nurses and a dying sailor participated. The presentation was smooth—the cast creating an atmosphere of tense and drama which won first place for the school, in this division. Flora Dell Davis, who played the part of a nurse, won the actress award for the evening, also.

Ozona won second place with "Wild Hobbyhorses"—the story of an elderly (and sick) businessman, whose family wanted him to retire but who did not want to do so. Joe Bailey, who played the part of the elderly businessman, won the actor award with his portrayal of the part. He is the grandson of Mr. and Mrs. A. J. Roach and Mrs. A. K. Bailey of this city.

The evening preceding the assassination of Abraham Lincoln provided the setting for Junction's one-act play, "Last Curtain," in which John Wilkes Boothe, and his friends in the theatre, portrayed the events which led to the assassination of Lincoln by Boothe. The play was awarded third place.

Excellent character work by four Eldoradoans made Eldorado's presentation "Happy Journey" most enjoyable for the audience. Sue Shilling did outstanding character work in the difficult role of "Maw"; O. T. Conner was convincingly unobtrusive as "Paw"; Billy Kenneth

SENIOR CLASS START PRACTICE ON THEIR PLAY

Senior trip and Senior play are occupying the attention of the Seniors and their sponsors, as the school approaches the Commencement season, with only a few more weeks to go.

The Senior Class has chosen "Professor, How Could You?" for their class play, and rehearsals are already under way. It will be presented to the public on two nights, May 4 and May 5, in the school auditorium. The coach, who is also a Senior class sponsor, is Mrs. Charles Gary.

The Senior Class had a picnic and get-together at Christoval Park Saturday afternoon and evening, under sponsorship of Mrs. Charles Gary and Mrs. Edgar Spencer.

The Senior trip—always a most important event in the lives of EHS grads—is still in the planning stage, but the class has voted on the destination; they will go to Eureka Springs, Arkansas.

To help finance the trip the class are selling subscriptions to Curtis Publications. They must turn in these subs by next week, and urge the cooperation of the public in giving the class the benefit of subscriptions or renewals.

KICK - OFF FOR INTERSCHOLASTIC DISTRICT MEET PROVIDED BY ONE-ACT PLAY COMPETITION ON FRIDAY

Cheek was well cast as the adolescent boy and Gail Childers carried the audience with her in her child's role. Most of the actions took place in an imaginary moving car, the four making comments on scenery and people as they moved through town and country. Iretta Fae Mace was charming as the couple's married daughter. The play was presented "Farewell, Cruel World," in which three despondent high school students decided to end it all (with a butcher knife)—then went into action to save their lives when their building caught on fire.

The entire program was smoothly done, the five plays complementing each other to provide a well-rounded full evening of entertainment for the audience. A large and appreciative crowd attended.

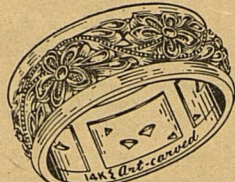

The casts of the plays gathered at the close of the evening to hear the critic-judge's comments on the plays and the actors. The judge, Bill Ardis of San Angelo Junior College dramatics department, was accompanied to Eldorado by two of his students. In his remarks he commended the Eldorado school for the excellent facilities offered by the school, especially mentioning the attractive auditorium and the stage.

Debate Team Chosen
The debate team has been chosen and the young people are at work on this year's debate question, "Resolved: That the federal government should extend the social welfare benefits to the people."
The team are Iretta Fae Mace and Rita Ann Elder, with Maurice Christian as alternate.

4-H CLUB COUNCIL OKAYS SEARS SHEEP PROGRAM

The 4-H Club Council, in session Tuesday night, approved the Sears Roebuck Sheep Program for the 4-H Club for the coming year.

Also the council selected three prominent ranchers for the 4-H registered sheep program: John Williams, Truett Stanford, and Joe B. Edens.

In carrying out the Sears program, all sponsors and boys participating must carry out the rules laid down by the Foundation.

Here are the rules for participation in the Sears Roebuck Foundation 4-H Club Sheep program:

1. The program is open to all 4-H Club members in counties designated to participate in the sheep program.
2. A county committee consisting of county agent as chairman and three prominent ranchers in the county will select club members to receive ewes.
3. The facilities the club member has for carrying out the program are determined by the county committee.
4. Each of the four club members selected will receive four ewes, with lamb by the ewe's side.
5. A ram will be placed with one of the 4-H Club members and the other members will be charged a minimum service charge for the breeding of their ewes. This service charge is to defray feed and handling costs on the ewes bred and also on the ram.
6. The county committee may at any time reassign said sheep to another club member if they have reason to believe that there is lost interest, failure to care for the sheep properly, or there is not adequate cooperation from the parents. If this situation arises the county committee shall decide how much the new club member will pay the former club member to defray the cost of feeding.
7. The sheep and their offspring must remain in the county program, except good rams in excess

may be sold to interested breeders. Any rams offered for sale must be passed on by the county committee.

8. The club member's obligation: a. Club member must feed, care for and breed the sheep under the direction of the county agent. b. Each member must return an acceptable ewe lamb to the county committee each year for four years. If the club member does not have one, the member may be requested by the committee to return \$50 in cash. This will be kept in the County Sears fund and used only for repairing the program. c. The club member must agree to participate in local and area Sears shows to show lambs and wool. d. Title of said sheep will be transferred to

the 4-H Club member when the above liability is cleared.

9. Awards: a. County show: (1) \$175 premium money offered for lambs in each county, to be used according to this list: Ram lambs, total of \$50, prizes of \$15, 12.50, 10.00, 7.50 and 5.00. Ewe Lambs, total of \$50, prizes of \$15.00, 12.50, 10.00, 7.50, and 5.00. Total for the lambs, \$100.00.

Wool, Ewe fleeces, \$25.00, prizes of \$7.50, 6.25, 5.00, 3.75, and 2.50. Ewe lamb, \$25.00, yearling fleeces, prizes same. Ram lamb, \$25.00, yearling fleeces, prizes same. Total for wool, \$-5.

For the area show there will be premiums of \$200 for lambs, \$90 for wool.

10. Award money must be used to purchase equipment from a suggested list of 18 items. The premium money shall not be used to purchase additional sheep.

11. A correctly executed Sears-Roebuck Foundation invoice is all that should be submitted, before December 1, to the State 4-H Club Leader for payment.

12. The show results will be sent in by the host county agent immediately after the show. Invoice should be submitted within 30 days after the show.

Mr. and Mrs. F. W. Barton of Marfa spent Saturday and Sunday with their son-in-law and daughter Mr. and Mrs. T. P. Robinson, Jr.

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflex Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.

This shows current business compared with the same time for the previous thirteen years.

How's Business?

By Roger W. Babson

The volume of business today is not only holding at high levels but it has increased materially over last month. As measured by my Composite Business Chart, the volume of business today stands at 33% above normal—a gain of three points over this time last month. The highest point reached in the past four years was 37% above normal in December, 1950. Business opened in January of this year at 36% above normal, declined to 30% above normal in March, and has bounced back with military preparation and an unsatisfied consumer demand in certain lines.

The past four years have been characterized by a high volume of business and relative stability, except for strike interruptions. Had it not been for strikes and work stoppages, we would have had the largest continuous volume of business ever. Business has been stabilized around the 30% above-normal mark. In the past 52 months the volume has been 30% or more above normal in 26 of those 52 months or exactly one-half of the time. The year 1949 was the only year in which the volume did not touch 30% above. The year opened at 28% above and declined to 10% above normal in November—due to work stoppages. The military demand, coupled with a high domestic demand, should hold business at relatively high levels for some time, war or no war.

Were it not for the Korean situation and the possibility of World War III, there are indications that we might be nearing the end of one of the greatest business booms that we have ever experienced. The corruption, crime, graft and gangsterism which is being unearthed by investigations is one of the signs of the completion of a business boom. The scandals that are being disclosed are a disgrace to what we call our "Democracy"; and yet we are spending billions of dollars to spread this same Democracy to other nations. How about spending some of that to clean up our own back yard?

25 YEARS in SAN ANGELO

★ The Military ★

Mrs. John Welch, the former Pat Humphrey, is spending this spring in Eldorado with her parents, while her husband is stationed in San Antonio, with the army public relations department. They have been living in El Paso.

Glyndon Aldrich, son of Mrs. Jerome Mitchell, was at home recently on a weekend pass from Sheppard Field, at Wichita Falls. He arrived here Saturday and returned to Wichita Falls Monday.

Ralph Waldron writes that he has joined his ship, the USS Repose at Korea, and that he is doing well.

Olge Halbert wrote home folks on the 28th that he and his division were being moved to San Diego and that they would probably be shipping out from there. His parents, Mr. and Mrs. A. J. Halbert, have not heard from him since.

Patsy Darlene Sprow, day-old infant of Mr. and Mrs. C. C. Sprow, residents of Eldorado, died March 31st in Root Memorial Hospital, Colorado City.

Survivors are the parents, Mr. and Mrs. C. C. Sprow of Eldorado (employed by Penrod Drilling Co.), and the grandparents, Mr. and Mrs. C. P. Sprow of Alachua, Fla., and Mr. and Mrs. L. B. Craighead of Colorado City.

Tom Bradley, who is stationed in Sasebo, Japan, aboard the USS Prairie, has recently visited W. R. (Pood) Clark and Abe Jarrett, both of whom are stationed in Tokyo, Japan.

Pancho Bradley arrived in Norwich, England, a few weeks ago, for training of about three months.

Mr. and Mrs. Thad Thomson left Sunday for Houston to visit relatives.

Guests Saturday and Sunday in the home of Mr. and Mrs. Alvin McGilvary, on Cooper Lease, were Mr. and Mrs. O. C. Sloane, Mr. McGilvary's parents, and Mr. and Mrs. Harold Manning, their son-in-law and daughter, all of San Angelo.

Services at the Catholic Church will begin at 7:30 Sunday morning for the next three Sundays.

Mrs. Walter Barkley has gone to San Saba to visit her mother who is ill.

Mrs. Van O'Harrow has been sick with flu.

Mrs. Sam Oglesby and Mrs. J. L. Neill spent the weekend in San Antonio.

News From Our Neighbors

School Bond Okayed

Crockett county property tax-paying voters approved by a vote of 143 to 62 the issuance of \$350,000 worth of new school building bonds in an election held Saturday.

Proceeds from sale of the bonds will be used for construction of a new building, to serve as an addition to the high school and junior high school, to accommodate the band, manual training department, homemaking department and pro-

vide a new museum room. The expansion program also will result in a much needed addition to the North Elementary school, providing four new classrooms, principal's office and clinic room on one end of the present building and a combination auditorium-play room on the other end. —Ozona Stockman.

Wholesale Dog Poisoning

Citizens of Marathon were quite incensed early this week when it was discovered that some thoughtless person or persons had maliciously spread poison, said to be sodium cyanide, which resulted in the death of between 30 and 40 dogs. The poison was said to have been spread Sunday night.

In spite of the fact that dogs may be a nuisance to some people in some instances, Marathon people feel that no one was justified in taking such a drastic step in mass murdering the animals. —Alpine Avalanche.

Road Approved

Following much discussion and circulation of petitions last November in an effort to determine placing of a five-mile stretch of farm-to-market road for Precinct 3, final word has been received, and according to County Commissioner Wyatt Lockett, the State Highway Department has held to its original placing. —Eden Echo.

Tourist Court For Menard

Menard's newest commercial development—an 8-unit tourist court being constructed by C. B. Vick—is near completion.

The new tourist court is located on the west side of Highway 83, just north of the Santa Fe depot. —Menard News.

Big Lake Election

More interest than usual is anticipated in Tuesday's city election when a mayor and three aldermen are to be named. A total of 121 city poll taxes were recorded this year. Last year 198 paid for the privilege of voting in Big Lake but only 33 of them showed up at the polls. The election will be held in the district court room at the court house. —Big Lake Wildcat.

New Church For Bronte

Contract for a new Methodist Church in Bronte was let Saturday afternoon to the Darby Construction company of Ballinger. Construction on the new building is scheduled to begin early in May and contractors hope to complete the work within four or five months.

D. K. Glenn, Barney Modelling, Clarence Arrott and O. H. Willoughby, members of the building committee, expressed pleasure with the bid of the construction company.

The new church will be erected on the same location as the present structure, erected in 1906-07. It will be built of brick and tile masonry. The sanctuary will be 32 by 60 feet in size and will face east on Church Street.

In addition to the sanctuary, the new structure will have a 20 by 32 foot recreational room, kitchen, pastor's study, choir room, eight Sunday School rooms, rest rooms and a tower. —Bronte Enterprise.

VISITING MINISTER HERE

Rev. and Mrs. Bruce and son Robert of Kennedy, near San Antonio, were here last weekend, attending a church supper at the Presbyterian Church, and visiting with members. It is understood that he is considering the Presbyterian Church in Eldorado as his new pastorate in case he should be called to serve the local congregation as their minister.

Rev. and Mrs. F. E. King have moved to Anson where he is pastor.

SLAM BRIDGE CLUB

Mrs. S. E. Jones, Jr., was hostess to the Slam Bridge Club Tuesday afternoon in her home. A luncheon was served.

Mrs. Jo Ed Hill won high club; Mrs. Jack Hext won bingo; and Mrs. J. H. Luedecke won the traveling prize.

Other members present were: Mrs. Wilson Page, Ray Hudgens, Patton Enochs, Jack Jones and Jack Montgomery. Miss Mollie Anderson was a luncheon guest.

Carroll Tom and family of Leakey visited the C. O. Bruton ranch Thursday.

Douglas Peel and his family of San Angelo have been on the sick list and Mrs. Eddie Peel of Eldorado visited with them Tuesday.

Mrs. Chester Biggs returned Tuesday from San Angelo where she underwent surgery in a hospital there. She is reported to be doing well.

Mrs. J. B. Sammons, who is staying with Mr. and Mrs. T. K. Jones, went to Naples recently by plane, arriving there in time to attend a layette shower given in honor of her sister Poddy, Mrs. Jim Lucas, whose husband teaches in the Naples school system.

Another family reunion: Mr. and Mrs. G. J. King spent the weekend in Abilene visiting his mother, Mrs. Mrs. Gus King, who had her five children all with her for the first time in five years. Two came quite a distance, a son from Korea, and a daughter from Wadsworth, Ill., the others living closer to Abilene. The Kings reported a fine trip on their return home Monday.

Most enjoyable was the Open House which Mr. and Mrs. Fred Watson held at their new house in Glendale Sunday afternoon. They opened the place to the public at the request of numerous friends who wanted to see it before the tenants, Dr. and Mrs. Robert Maginot, moved in, which will be soon. Attractively decorated with Austin stone, the house presents a pleasing appearance on the lot, fac-

ing north. It has large car porte, large living room-dining room combination, kitchen, two bedrooms, and a den, which Dr. Maginot will use as a home office, supplementing his main office in the business district. All the floors are of hardwood, and there are numerous closets and built-ins. Shell Employee Watson spent his three weeks' vacation working on it.

Everyone expresses appreciation to the Watsons, for allowing them to see the place—inside as well as outside—just at the point where it was completed and ready for occupancy.

The Charlie Triggs also have a new house nearing completion, in Glendale, and work on C. C. Henderson's new house there is progressing on schedule. E. E. Newlin is putting the finishing touches on his new residence in the Newlin-Ray addition, and expects to rent it soon.

We talked briefly with Mrs. Gus Love Monday, concerning a fat brown envelope she had just gotten out of the post office. The parcel contained publicity material for the cancer drive which will be

launched here some time this month, with Mrs. Love as chairman, assisted by Mrs. John Williams and possibly others.

Mrs. Dora Oliver, who has been sick part of this winter is much improved. She's at home now after spending over a month in Austin with her sons-in-law and daughters, Mr. and Mrs. R. M. Tumey and Mr. and Mrs. Otis Buie. The Buies brought her home Friday and visited in Eldorado briefly before returning to Austin.

We housewives, who do most of the family buying, seem to waste some energy on our shopping, according to a recent survey made of us. The researcher has come up with the startling conclusion that we could have seven full days of vacation a year, if we would just improve and streamline our shopping habits.

Seems we shop nearly every day for food, when we could utilize our refrigerators and shop twice a week. The researcher says that whereas every-day shopping requires an estimated 15 full days a year of each homemaker, the twice a week system cuts the figure to 7.5 days.

Then too we can save time by shopping more in the first part of the week when stores are less crowded.

When we are close to the stores we will go in and buy some things practically every day. Guess we could all plan better if we would.

Anyway it's comforting to know that people have respect for the lowly housewife's importance in the world of business—there are 1,643,876 of us in the state of Texas alone!

In less than a year the F. B. Calcotes, who have two daughters, have managed to acquire three more grandchildren, and Mrs. F. G. Clark is great grandmother for the sixth time.

A son was born in Snyder Saturday morning, to Mr. and Mrs. J. H. Minyard. It is understood that the baby will be named J. H. Junior. He has four grandparents, the Minyards of Frederick, Okla., and the Calcotes of Eldorado, and a great grandmother, Mrs. F. G. Clark of Eldorado. Mrs. Calcote and Celia Ann, the Minyards' daughter, who has been staying here, left Monday morning for a first visit with the young man. The young mother is the former Melba Calcote.

The Calcote's younger daughter Doris has twins, a boy and a girl, about eight months old. These, with the Minyards' two, and others in San Antonio and Los Vegas, bring the total of Mrs. Clark's great-grandchildren up to six.

Mrs. Claude Doyle and her family had company and went places last weekend. Mrs. Doyle's brother, Merle Yarbrough, of Victoria, visited with the Doyles last week, and was accompanied home by Mrs. Doyle and Bernell and Jerry, who visited relatives there. Mr. Doyle and Jimmie drove to Kerrville after them Sunday. All went to the home of a sister, Mrs. Henry Coker, Sunday for a family reunion, which was attended by 36 of the relatives. The Doyle family returned home Sunday night.

Few people possess a twin sister. Mrs. Buster Calcote does. Mrs. Amos Nelson arrived here Tuesday by bus for an extended visit with her twin sister, Mrs. Buster Calcote (the girls grew up together as Zula and Zola Paris). Mrs. Nelson has been running a catering business in Anchorage, Alaska. On her way to Eldorado she stopped in California to visit two sons in service, then went to Virginia to visit another son before leaving for Eldorado.

Entertaining which the A. J. Roaches have done recently includes a visit with Mr. and Mrs. T. J. Bailey and Martha Pearl and Mrs. Oberkamp, of Ozona, who spent the weekend here; a visit with their grandson, Joe Bailey and his high school friends of Ozona a few hours before the one-act play contest Friday evening; and serving of breakfast and dinner to Mrs. Frank Valis and sons Morris and Bunny of Bailey Ranch, after church Sunday.

Mrs. R. Way King has returned from a month's visit with her daughter Fay at Stratford. She arrived in San Angelo Sunday by bus and was met there by her daughter, Mrs. Sandy Donaldson and her family.

RUPTURE

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Cactus Hotel, San Angelo, Tuesday and Wednesday only, April 10 and 11.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.

"I know the satisfaction and peace of mind that comes from life insurance. I speak for thousands of beneficiaries whose financial future has been made more secure by Jefferson Standard's 'Planned Protection Service'.

"In our family, life insurance is as necessary as other fundamental needs of present day living. It is the stabilizer that keeps our long-range plan of financial security on an even keel.

"As a member of Jefferson Standard's large family of beneficiaries I share the feeling of pride in the progress and growth of our Company."

—Quoted from our Annual Report Booklet

The 44th Annual Report of the Jefferson Standard Life Insurance Company reflects continued growth and progress.

Payments to policyholders and beneficiaries amounted to \$11,775,508 in 1950, bringing total payments since organization of the Company to over \$199 million.

Assets of the Company now amount to more than \$265 million. Total insurance in force exceeds \$967 million.

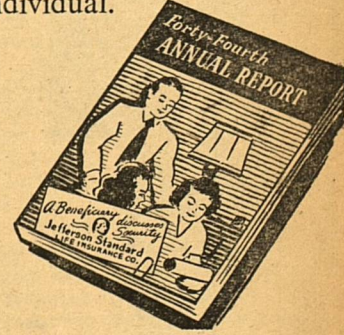

Sales of new insurance amounted to over \$130 million in 1950, a new high and a 6% gain over 1949.

For the fourteenth consecutive year Jefferson Standard maintained its leadership among all major life insurance companies in rate of interest earned on invested assets. This very favorable rate enables the Company to pay 4% on dividend accumulations and policy proceeds left with the Company—extra income to policyholders and beneficiaries.

Through Jefferson Standard's Planned Protection Service the hopes and ambitions for financial security are being realized by thousands of families: income for retirement years—education of children—cash to pay off mortgages — incomes to widows — lump sums of cash for final expenses in event of death—business insurance—and many other forms of protection.

Jefferson Standard's Field Representatives are trained to render a high quality of underwriting service, tailored to meet the needs and circumstances of the individual.

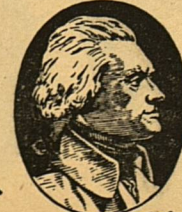

Copy of the complete 44th Annual Report of our Company will be delivered or mailed to you on request.
