

Three Questions Will Be Submitted To Voters Saturday

Two ballots will be handed to each voter who goes to the polls in the county-wide election which is being held on Saturday of this week, June 30th.

One ballot Saturday is for the reallocation of county taxes. The proposition of reallocating county funds has been brought about in many counties by vast changes in county finance which have taken place since the Texas constitution was drawn up, at which time the amounts were set up for the various funds. The county general fund is drawn on most heavily in most counties, it is pointed out, and this proposition, if it carries, would allocate some of the money from the less used funds to the general fund.

The second ballot carries two propositions: Proposition No. 1 has to do with levying a 30c tax, which takes the place of the state ad valorem tax which was done away with a few years ago. This tax money would go into a fund for construction and maintenance of farm-to-market and lateral roads. The homestead exemption of \$3,000 would apply in this case.

Proposition No. 2 has to do with issuing bonds for county fire-fighting equipment.

It has been pointed out by county officials that the tax questions to be voted on Saturday constitute a re-shuffling of taxes—your tax bill will be just about the same as it has been.

Mr. and Mrs. Clifford Schooley, Mrs. F. B. Schooley and Mr. and Mrs. Grady Edmiston met Mr. and Mrs. C. A. Pope of Andrews at Sterling City Sunday. They had a picnic dinner together, and the Pope children, Morris and Charles accompanied them home to visit Schleicher County relatives.

Mr. and Mrs. Libburn Hazelwood and baby and their guest Bonnie Hazlett of Long Beach, California, spent the past week in Ft. Worth visiting Mrs. Hazelwood's grandparents, Mr. and Mrs. R. C. Morgan, Sr., and Mr. and Mrs. Lawson Johnson. They returned home Monday. Bonnie and Mrs. Hazelwood were schoolmates when the Morgans lived in California.

Schleicher County Oil News

Central-North Schleicher County will be the site for another wildcat exploration.

Dan Auld No. 1 Jeff Harkey, which will be drilled to around 6,500 feet to test through the Pennsylvanian, is to be drilled 660 feet from north and east lines of section 77, block H, GH&SA survey. It will be 25 miles northeast of Eldorado. That makes it two and one-quarter miles southeast of the Phillips No. 1 Weddell and others, opener of the Oliver field.

At the same time American Republics put its No. 2 H. F. Thomson on potential test. This assured producer in the Huldale-Strawn field flowed 66 barrels of oil in 10½ hours to tanks on a preliminary production test.

Production is from perforations between 5,763 and 7,778 feet. Location is 646 feet from north and 2,054 feet from west lines of section 82, block TT, TC survey.

Ohio No. 7 Thompson is now flowing and taking a potential test. Seven inch casing was set to a total depth of 5759 feet.

The Penrod rig which drilled No. 7 is now being torn down and will be moved to Ohio No. 11—which will be east from Ohio No. 5, recently completed producer. No. 11 location is 467 feet from south line and 3720 feet from most westerly west line of Sec. 81.

Delta Gulf and others No. 4-B H. F. Thomson is to be another test in the Huldale field. It will be drilled 1,671 feet from north and 1,183 feet from east lines of section 82, block TT, TC survey.

Also in the Huldale area, American Republics No. 3 Thomson is drilling at 3,147 feet in lime. The same operator's No. 4 Thomson is moving in spudder. Ohio Oil Co. No. 6 Thomson is drilling below 4105 feet in shale and Ohio No. 10 Thomson is drilling below 5450 feet in shale.

Ohio No. 1-E Baugh, Schleicher County wildcat is drilling below 1329 feet in shale and lime.

Norsworthy No. 1 Williams, wildcat in Schleicher, is at total depth of 6,190 feet in lime taking a drill-stem test.

Sunray No. 1 Meador, another Schleicher wildcat, is digging below 3,500 feet in lime and shale.

Stanolind Oil & Gas Company No. 1 R. J. Hill has been plugged and abandoned as a wildcat failure in Southwest-Central Schleicher county.

POST-SCRIPT

Voters are urged to go to the polls Saturday and vote for the propositions submitted in two ballots:

It is pointed out that the fire fighting equipment for the county is badly needed, but that it won't do any good to vote for it, if you don't vote for the other proposition too to furnish the funds.

To explain it a little: re-allocating of funds has been legal only two or three years. It was passed because the former constitutional limit was not enough to maintain county business with costs increased as they have been.

For example, the constitutional limit on the general fund is 25 cents; on road and bridge, 15; on special road and bridge, 15; on permanent improvement, 25; on jury, 15.

The state made re-allocation legal, retaining the overall constitutional limit of 80 cents.

In Schleicher County, there has always been heavy demand on two funds, the road and bridge, and the general—though for the jury fund we have needed only 2 cents, for permanent improvement 15 cents, etc. Re-allocation allows the county to take out of the less used funds and put the money into those funds which don't cover our needs at present.

In Schleicher County the road and bridge fund won't reach. We need lateral roads, costs are up, oil activity has created an urgent need for some spending, from that fund. In dire need also is the general fund.

To give an example: A new saw passed this term makes it legal to maintain the cemetery out of the general fund. This county needs to do so, but can't because the general fund won't reach that far, as is.

So—the county needs to re-allocate funds—if we go to the polls and vote yes on both ballots we will be voting for some things we need, and will be voting authority to pay for them.

It's the duty of citizens to vote—let's do it!

The volunteer fire department are all steamed up over the election and are urging people to vote yes! Note their page ad on page 3 of this issue.

Another fine new ranch house for Schleicher County! Gene Edmiston started work Monday on a large ranch house on his place adjoining Schuller's on the new West road, a few miles from Eldorado.

The floor plan and general shape of the house is like Jack Ratliff's residence in Glendale, with the exception of the roof. It will be finished in native rock. It will have three bedrooms with bath and bunkroom with shower unit, in addition to other rooms and built-in garage. Fred Logan is in charge.

Work continues on the strip of highway west of the county line, with indications that motorists may drive through to Big Lake on the new highway in July.

George Williams has installed steam equipment at his laundry, and steam began coming out of the big boiler for laundry customers Monday. It's plenty hot, and very effective, say those who have used laundry services there this week. A part of the thermostat was late in arriving, and delayed final installations two or three months.

Negotiations are under way for two telephone lines out to the new Huldale field, which is without telephone service. It is expected that the details can be worked out soon and that work on the lines will be started within a short time.

Workmen are laying the hardwood floors on the large new Nick Jurecek house. Counting two bathrooms and utility room the house has ten rooms, and is of Austin stone.

Farmers are busy these days, cultivating their land. All report that another good rain would be most welcome.

Mr. and Mrs. William Sauer of Colorado City spent Saturday evening and Sunday here with their parents, Mr. and Mrs. Otto Sauer and Mr. and Mrs. Fred Gunstead.

Among those attending Church of Christ services at Murr, near Ft. McKavett were Mr. and Mrs. Will Doyle and Mr. and Mrs. A. W. Keys. A revival is under way, conducted by Ralph Gage.

BRADY JUBILEE FOUR DAYS NEXT WEEK

Brady's 24th Annual July Jubilee and Race Meet, scheduled for July 1-2-3-4, will be thrill packed with entertainment from start to finish.

Frank Roddie, general chairman, announced this morning that rodeo events will be held between races each afternoon. Otto Schmidt, well-known rodeo man of Killeen, has been engaged by the Jubilee association to put on the thrilling events. Mr. Schmidt will be here with his wild Brahman bulls, roping calves and bucking horses. Roddie said that \$75 added money would be in order for the bull riding and bucking horse contest. Texans love rodeos, so visitors here for the races this year will not see one dull moment in the arena between the races.

Maurice Christian Is Badly Injured In Head-On Collision

Maurice Christian was badly injured and Jerry Smith was hospitalized about two days, as the result of a head-on collision between a truck and a pickup on the San Angelo highway north of Christoval Saturday night at about 8:45.

Maurice Christian broke both legs, his left arm near the elbow, and had some concussion and facial cuts. His parents, Mr. and Mrs. L. D. Christian, are with him in San Angelo, where he is hospitalized, and where he will probably remain for some time. Friends of Maurice will remember that he broke his left leg last year in an accident when he was playing football.

Maurice and Fred Thomas Gillaspay were driving L. Kent's pickup, headed north, when they met Jerry Smith driving his father's truck, headed south. In the head-on collision both vehicles were badly damaged. Gillaspay was slightly injured.

ATTEND PLANNING MEET

Mr. and Mrs. Joe Edens, D. Wilson Smith and Bill Rountree are in Marfa today attending a PMA and SCD planning meeting for the 1952 program, for the agriculture conservation program. Rountree is head of the Soil Conservation office, Smith is PMA head, and Edens is a PMA committeeman. Combining of the two offices by government order is under way, and will be effected soon in Eldorado—the new set-up must be in operation by July 1.

AGED WOMAN HERE WITH 122 LIVING DESCENDANTS, CELEBRATES HER 85TH BIRTHDAY MONDAY ON FARM

Mrs. Mattie Bruton celebrated her 85th birthday quietly at her home near Eldorado Monday.

She was born June 25, 1866 near Little Rock, Arkansas, the daughter of the Rev. James C. and Sarah Coates Osborne. She came of long-lived ancestry; her mother and her father both lived to be 94 years old.

When she was two years old the family moved to Irene, in Hill Co., Texas, Rev. Osborne preaching in that locality for some time. They then moved to Navarro County, where he farmed and served his church as an associational missionary preacher many years.

The child Mattie grew up in Navarro County, and received her schooling there. "It wasn't much," she says. The one-room schoolhouse was made of logs—and because these were pioneer days school kept just three months a year. The log building served as the community's only educational institution, and in addition provided a meeting place for the Methodist and Baptist congregations, who met there alternately on Sundays.

Mrs. Bruton remembers her father as a busy man, as he must have been. He farmed as he could in his spare time and preached in many surrounding churches, going by wagon or on horseback 60 miles away sometimes to preach at the Baptist church at Marlin.

He and his wife reared six children. Of these only two are living, Mrs. Bruton, and her sister Mrs. Nannie Lindsey, now nearly 90, who lives at Mexia.

Mattie Osborne was married when she was 16 to J. B. Bruton, a 23-year-old farmer, and the couple set up housekeeping in Hill County a few miles from the old home place.

They lived in Hill and Navarro counties until 1916 when they moved to Schleicher County and bought the place on which she still lives—a farm located a few miles south of Eldorado on the Sonora highway. Mr. Bruton died in 1926.

The J. B. Brutons reared 12 children, who are Mrs. Nannie Estella Ballew, of Mertens, in Hill

LOCAL SCHOOL IMPROVEMENTS ARE BEING MADE

Some work is under way in plant improvement at the local schools this summer.

One of the main projects is the seeding of the grounds, in preparation for school opening next fall, when it is hoped that a good turf will be growing on the entire grounds.

Some of the sod was destroyed during the building project last year, and this part is being re-sodded and seeded. Other parts were only damaged, and need care and watering only to bring out new growth.

Improvement of the clinic room in the elementary wing is being made by addition of a restroom, plumbing for which is being installed at this time. This will give better service for children who are ill and need to be taken to the clinic room.

Another improvement is closing off of some of the passageways to the gymnasium, to eliminate noise when the gym is in use during the winter months.

The new stadium at the football field has been painted recently.

Local 4-H Boys Win Third Place Honors At Wool Contest

College Station, June 25.—Wool judging contest winner at the State 4-H Roundup was Menard County. Team members scored 1911 points out of a possible 2400. Kimble Co. team won second place with 1753 points.

Third place winner was Schleicher county with 1745 points. Jack Stanford, J. K. Stanford and Ronnie Mittel were team members, with David Powell, alternate. County Agent W. G. Godwin was team coach.

SINGING SUNDAY

Regular community singing Sunday afternoon at the Memorial building from 3:00 to 5:00. Some out of town singers are expected. Everyone is invited to attend.

Guests of Mr. and Mrs. E. W. Mund and family Saturday and Sunday night were Mr. and Mrs. Albin Houdek of Ohio and Mr. and Mrs. Oran Nicks of Ft. Stockton. Mrs. Houdek is the former Helen Nicks.

Mr. and Mrs. Floyd McGinness of Crosbyton have been visiting in the Sam, Elton and Albert McGinness homes in Eldorado and other relatives in Menard.

4-H CLUB BOYS TAKE HONORS AT SONORA SHOW

The Schleicher County 4-H Club won its share of honors in the Sonora wool and mohair contest June 20-21, taking second team honors in grass identification and mohair, while finishing fourth in over all high team.

Individual honors were won by David Powell by finishing fourth in plant judging, second in mohair judging and third in having kept the best records of 4-H Club in the state on his sheep project. David was seventh high individual of the whole contest. Competing were 160 4-H boys.

4-H boys judging in Sonora were David Powell, Ronnie Mittel, Truett K. Stanford, Jack Stanford, Ken Love, Dick Runge, and Mike Moore. Posting the highest scores were David Powell, Ronnie Mittel, Truett K. Stanford and Jack Stanford. These 4-H boys left for College Station Monday to compete in wool and mohair, and will return home today, Thursday.

COUNTY AGENTS ADVISE CONTROL OF SHEEP TICKS

It pays to control sheep ticks. Producers are probably familiar with the damage done to sheep in regard to the loss of flesh, less wool and ragged appearance of wool. Besides the loss of flesh and general appearance of wool the producer should stop and think what the buyer has to consider. He knows that a heavy infestation of sheep ticks in a wool clip will shrink about 8 to 10% more than normally.

Suppose the clean basis on your clip of wool is \$2.50 per pound and the normal shrink is 54%. Your wool is worth \$1.15 in the grease. Suppose the same wool has a heavy infestation of sheep ticks, increasing the shrinkage 8 to 10%, then your wool is worth 90c to 95c in the grease. A producer cannot afford not to control the sheep tick.

Effective control can be secured with DDT-BNC combination, toxaphene and other recommended sprays.

REYNOLDS GOES TO BRADY JOB NEXT MONDAY

Superintendent C. A. Reynolds has completed his record work with the local school system, and will move Monday from his residence in Glendale to a house he has rented in Brady. He will immediately take over his new duties as superintendent of the Brady school system. He spent Monday in Brady looking at houses.

He has made no disposition as yet of his residence here, but states that he will sell it or rent it!

It is explained that the state department of education has been slow this year in going over the superintendents' records which have been mailed there for official OK. This has delayed both Mr. Reynolds and incoming Superintendent Holcomb of Knox City in closing out their work officially in their present jobs.

Supt. Holcomb is expected here next week, it is reported today. He has rented the new Lester Henderson house opposite the grade school, and will move his household goods there from Knox City.

Soon after his arrival in Eldorado he will meet with the local school board and the group will consider a number of teacher applications. He has been considering teachers for some time, and will devote much of his time to applications from now on through the summer months.

"ANCH IS LEASED AT SIERRA BLANCA

Mr. and Mrs. Johnnie Luedecke and children Mickey and Sherry are leaving Friday for southwest Texas, where Mr. Luedecke and a partner, Hal Peck of Midland, have leased an 83-section ranch which they are taking over at once. The Luedeckes moved back to Schleicher County from Kent a year and a half ago, and have been located on Edwin Jackson's ranch since that time. They state that the children will attend school at Sierra Blanca, 35 miles south of their place.

Claude Doyle is moving out to Jackson's to place the Luedeckes are vacating.

Among Ohio employees away on vacation are Mr. and Mrs. Rhinehart Cline and daughter, who are visiting Mrs. Rhinehart's relatives in Iowa.

Guests of Mrs. B. R. Daniels this week are Mrs. D. B. Davis and family of Dallas.

Lions Hear Tidelands Discussed At Banquet, Install New Officers

H. S. Guthrie of San Angelo, deputy district governor of District 2-a, installed new officers and directors at the Installation Night banquet of the Eldorado Lions club Tuesday night. The Lions and their ladies saw an interesting program and heard a stirring tidelands plea from Curtis Bishop, assistant to Bascom Giles, land office commissioner.

Mr. Guthrie installed new officers as follows: Carrol Ratliff, president; Palmer West, Joe M. Christian, and W. T. Whitten, vice presidents; John Stigler, secretary-treasurer; T. P. Robinson, Jr., Lion Tamer; and Jack Hext, Tail Twister.

Gus Love, Wilson Page, C. L. Meador, and John Williams were recognized as directors for the new year. C. C. McLaughlin introduced Mr. Guthrie as installing officer, and also recognized Ernest Hill as International Counsellor.

"We will service Eldorado and Schleicher county as a service club this year," Carrol Ratliff stated in speaking briefly to the club. He went on to ask for the patience, understanding, and cooperation of everyone in order to make the new club year a success. Ratliff formally took charge of the club from J. H. Mace, outgoing president.

Tidelands Issue Discussed

"It was just one year ago that the highest court in the nation ruled that Texas had entered the union under the same conditions as any other state," Curtis Bishop of the Texas land office said in regard to the Federal tidelands grab. He went on to say that the Federal government has used that decision to lay claim on Texas' oil-rich tidelands, and that while every Texan knows the circumstances of the case, it is worth repeating again and again until Congress takes action.

The tidelands, along with much other public land, was awarded to the permanent school fund of Texas at the time Texas entered the union, the speaker pointed out. The state retained every public domain at the strong insistence of Congress because Texas at that time had an indebtedness of ten million dollars. Under the terms of annexation, it was agreed that Texas would retain her public lands and be responsible for her own debts.

Mr. Bishop told how land titles had been issued by the commissioner of the land office since the days of the Republic of Texas, and how the state had been settled by voluntary immigration of people from other countries, all of whom were given grants by that office.

The supreme court decision, Bishop said, cites one claim as invalid, out of many that are valid.

Bishop closed by saying that the tidelands, whose potential value has been estimated at over a billion dollars, could become a "permanent and lasting endowment for the schools of Texas" if the people would take their case direct to the group that admitted Texas to the union, the Congress of the United States.

While one quitclaim bill has been passed by Congress it was vetoed by the President, but Texans must keep trying, the speaker concluded. He was introduced by W. M. Patterson Jr.

Varied Program

Mrs. Wilson Page sang "Night and Day" and "Dear Hearts and Gentle People," accompanied by Mrs. Ernest Hill at the piano. Ray Hudgens, outgoing Lion Tamer, introduced a number of guests and led several group songs.

Wesley Farrington Recalled For Duty As Naval Reservist

Honoring their son Floyd Wesley Farrington, naval reservist recalled to duty, Mr. and Mrs. Floyd Farrington of San Angelo, former Rudd residents, entertained Saturday night at their home with a chicken supper.

Present for the occasion were Mrs. Ira McDonald and Mr. and Mrs. E. H. Dannheim and Sherrill of Eldorado, and Mr. and Mrs. G. H. Farrington, Mr. and Mrs. Don Huss, Mr. and Mrs. Clemen Scott, Wanda Dannheim, and Mr. and Mrs. Wesley Farrington and baby and the Floyd Farringtons and children McDale, Myra, Jay and Loleta, all of San Angelo.

Wesley reported for duty at Dallas Wednesday, yesterday. From there he expects to go to San Diego, serving with the submarine division. He served several years in World War II.

Mr. and Mrs. Fred Watson and the girls and families of San Angelo will go to a Watson family reunion on Guadalupe River at San Antonio Sunday.

"Buffalo Grass" Is Good For Your Lawn

COLLEGE STATION — Buffalo grass will make a good covering for your lawn. It is a time saver because it is drought-resistant and low growing. This grass is recommended for West Texas by Sadie Hatfield, Homestead Improvement Specialist, for the Extension Service of Texas A&M College.

The specialist says the grass is sometimes called "mesquite grass" or "vine mesquite grass" or "curly mesquite grass," and even "short grass." It grows from South Texas to the Dakotas. It is a favorite of cattlemen for their stock. This is the grass used by early settlers on the plains for making sod houses.

To get a start, the specialist recommends planting seed or sod. Planting sod is preferred. If you sow seed, you may get a poor stand. Select sod of seed bearing plants and you will have less mowing to do. Get sod two or three inches square and three to five inches deep. Place twelve to eighteen inches apart to cover your lawn immediately. Water well and keep out the weeds.

The specialist says early fall and spring are best for sodding buffalo grass, but many people are successfully starting lawns, any time of the year, if they have plenty of water.

Pack the sod very firmly about the roots and water immediately. Don't keep the sod out too long before planting because it will become too dry.

Buffalo grass does best on tight soil, but does not grow in the shade. Nitrogen fertilizer and barnyard fertilizer with plenty of water force the growth much taller than the usual 3 to 5 inches. So be careful not to over fertilize and make extra mowing necessary.

See your county Extension agent for further information. He will teach you to recognize Buffalo grass.

Mrs. A. E. Prugel and children Nancy and Suzy of Sonora are visiting this week with Mrs. J. E. Tisdale.

Linda Sofge, 9 Is Party Honoree Monday Afternoon

Mrs. Kenneth Doyle entertained with a birthday party Monday afternoon at the Memorial Building honoring her niece, Linda Sofge, who was nine years old. Games were played by the 21 children who attended, and cake, ice cream and lollipops were served at the close of the afternoon, with balloons as favors.

Included with the group present were two from out-of-town, Peggy Garrett and Nancy Miller of Sonora. Several adults were also present to assist the hostess.

G. C. Joiner and Ray Boyer spent Saturday and Sunday at Van Horn on business.

Mrs. Jewel Schwobel and children of Austin are visiting on the J. W. Davis place with her parents.

Beverly Jean Kerr of San Angelo spent two weeks recently with her grandmother, Mrs. Bob Anderson.

Mr. and Mrs. W. G. Hignight and son John Harvey of Monahans spent the week end with Mrs. Hignight's parents, Mr. and Mrs. John Hamm. Mrs. Hignight is the former Mildred Hamm.

Mr. and Mrs. E. R. Bryant had as weekend guests their daughter Mrs. Sid Rogge and daughters Kara Lynn and Kathie Jo of Sonora.

W. R. Masey has returned to Eldorado to stay with his daughter, Mrs. George Williams. Mr. Masey, who is 79, has been quite sick, and is bedfast.

Marshall Chrestman of Taft, superintendent of Republic, spent Saturday night and Sunday morning in Eldorado with his parents, Mr. and Mrs. J. W. Chrestman. He had been in Midland on business, and was on his way home to Taft.

How's Business?

By Roger W. Babson

Greatest Good To Greatest Number

All this activity about controlling prices to make millions of consumers pay more for the benefit of a few is getting a setback by the price war. Price control or no price control, when the supply of any commodity materially exceeds the demand at a given price, the price must come down or less sales will be made.

Roger W. Babson

You cannot annul the old Law of Supply and Demand. The Government has paid out millions of dollars to hold the price of potatoes and eggs up—and then had them spoil. If they did not spoil fast enough, gasoline was poured on the potatoes, with thousands of people in foreign lands starving to death and many of whom we were helping through the Marshall Plan.

In economic parlance, there is a term about "the greatest good to the greatest number of people." It is used in discussions as a criterion of the feasibility of an economic activity. The greatest good to the greatest number is to have most prices low so everyone may buy—to provide full employment and give producers a fair profit. Merchants are continually advertising the price factor of their wares. Producers brag about the cheapness of their product as the best selling point. The REAL income of the people depends upon a proper balance of all prices.

Of course, the producer of a commodity cannot—for any length of time—sell his commodity below the cost of production, but the cost of production can be decreased by greater efficiency. Those who have the greatest efficiency can sell at the lowest price, but holding prices up by agreement between producer and retailer is dangerous—as is the case in some lines at the present time. The greatest good to the greatest number of people obtains when the greatest number of people can buy the greatest amount of goods.

Rollbacks & Price Control

Rollbacks and price controls are meeting the same resistance and confusion that all similar attempts to control prices have met. The product of such efforts is headaches, bickering, Senate-House investigations, prosecutions threatened for violators of the regulations, ill will, resignations of administrators, loss of prestige and general distrust of such activities. I do not say that such attempts are not necessary to hold prices down for the consumer, but it is difficult to adjust one's thinking to a government that is, and has been for several years, carrying on activities to hold prices up; and now trying to hold prices down at one and the same time!

Rollbacks on beef have been issued, but we cannot compel cowboys to send their cattle to the slaughter houses. Therefore, the stock pens are mostly empty. To have this happen at this time militates against the Administration's efforts to extend price controls. There are counter charges of a packers' strike and of a consumers' strike. An investigation is being held to determine the exact cause before Congress votes more price controls. Meat famines already exist in some areas. As for the "consumers strike" the price of meat for some time has been so high that only a relatively few could buy the better cuts.

Under our present Military Defense Program no doubt some regulatory price measures are necessary, but it is too bad to use up so much intelligent man power to devise the paper work necessary for such a regime, when it is needed more for the prosecution of the war. We have spent millions upon millions of dollars to hold prices up on various commodities so that a few might prosper at the expense of the many. Now the Administration is trying to hold prices down. It is no wonder that the consumers are confused. The only sane way prices can be "regulated" is by increasing or decreasing production.

In Del Rio recently were Mr. and Mrs. D. C. Hill, and daughter Katherine and Mrs. Texola Tucker.

Mrs. H. H. Hooker has had as guests Mr. and Mrs. W. J. Durham and two children of Farmington, New Mexico. They went on to Houston to visit and will return here Friday for another visit with Mrs. Hooker before returning home.

Hubert B. Graves of Mission, and Mrs. Graves, visited several days with his mother, Mrs. C. A. Graves. Other guests in the home were Mr. and Mrs. Bob Bradley of Midland.

Mr. and Mrs. A. J. Burk visited recently with Mrs. Burk's mother, Mrs. Way King, who accompanied them home for a several weeks' visit.

Mr. and Mrs. Richard Jones and baby Rickie, and Mr. and Mrs. Jack Shugart and Jackie are gone on a two weeks' fishing and sightseeing trip to Canada.

NOTE OF APPRECIATION
Mrs. Reynolds and I take this opportunity to express our appreciation for the many kindnesses shown us during our stay in Eldorado, especially during the past few weeks. It has been a pleasure for us to work with the children and patrons of Eldorado. I feel that some educational progress has been made during my tenure here, and it is my sincerest wish that the schools go forward with the progress of Eldorado and Schleicher County.

Presbyterian Pastor Will Arrive Friday; To Preach Sunday

Charles G. Bruce, who accepted the call to serve the Eldorado Presbyterian Church, is expected in Eldorado Friday, according to announcement made by members of the church.

The pastor and his family are moving here from Kennedy, his former charge.

A crew of carpenters have been at work for several weeks, enlarging and renovating the manse, in preparation for his occupancy. A large room was added at the rear of the manse, also a large double closet, and new bathroom adjoining.

The breakfast room was enlarged and dish cabinets added, and the entire interior repapered and painted. A car porte at the north has been completed, and other exterior work done, with the exception of the brick work, delivery being delayed on the brick which will match the rest of the house. A new study in the church has been completed.

Services Sunday
Unless there is unforeseen delay in the arrival of the Bruce's, the new pastor will be in his pulpit at the Presbyterian Church Sunday, for regular services.

Butane Gas Course Held At Sonora

On Monday, Tuesday, and Wednesday nights of this week, the Butane Dealers and their employees from Ozona, Sonora, and Eldorado, met in the City Hall at Sonora to attend the third training course in Butane Gas and its equipment.

Truman Adkins, who is rated as a butane training specialist, is conducting the three nights meeting, which will cover approximately 10 hours of class time. Adkins is representing the University of Texas and the Texas Butane Dealers Association. The entire state of Texas is being covered, offering these courses to each man who is connected with the Butane industry.

This course includes the source of characteristics of Butane and Propane, pumps, meters, butane carburation, customer and employee relation, and the proper installation and service on all types of gas-fired appliances.

Adkins stated that the attendance and cooperation with the dealers and their men in this area has been splendid. E. H. Topliffe and his driver, N. A. Green, attended all three sessions.

Arriving here this week from Dallas are Mr. and Mrs. Roscoe Parker and daughter Gail who will visit Mr. Parker's parents, Mr. and Mrs. Gene Parker.

Mrs. Glenn Parker and son David have both been on the sick list this week.

The Corral

The formal opening of "Corral" which was a branding party last Saturday night, loomed up as a big success from start to finish. In all there were 54 different brands burned into the booths and donations reached the 500 dollar mark. Refreshments of cookies and punch were served to all persons visiting the Corral during the evening and night.

The Western atmosphere of the Corral, the sizzling of branding irons in the wood, the buzz of Southern drawl, and a few whoops and howls provided an artistic background for the visitor. It seemed that everyone present had a most enjoyable evening.

A calendar has been made for the summer activities and will be posted in the West Texas Cafe and in Ballew's Drug store for convenient reference to all young people and sponsors.

Friday night, June 29, will be open house at the Corral. Also—anyone that has games and various amusements to be donated notify Suzy Linthicum, James Alexander or Sam Whitten, before this date and they will be picked up on that night.

Saturday, June 30, there will be a hobo party sponsored by the Edgar Spencers and the S. D. Harpers. Every young person is invited to come and bring a picnic supper. Prizes will be awarded to the best dressed hobos.

In the event that some Schleicherites could not be present for the branding party last Saturday, the Corral will be open almost every night and a repeat performance will be staged Saturday evening July 7, for those who would like to do some branding. This will be your last chance so make use of it.

P. S. If you are from 13 years old through college age, you are considered a young person and urged to attend all of the Corral entertainment.

W. O. Alexander, Jr., Weds Houston Girl

The marriage of W. O. Alexander Jr. and Juanita Weller was solemnized at Lakewood Chapel in Houston at 9 a. m. on June 23rd. The Rev. J. M. Hays, former pastor of Eldorado Baptist church, read the double-ring ceremony before an altar decorated with white gladioli and magnolias.

The bride was given in marriage by her uncle, E. E. Harrison. Mrs. Beatrice Tyler, mother of the bride, was matron of honor, and Forrest Alexander, brother of the groom, was best man. Mr. Jess Gibson was organist and Mrs. Gibson sang "Because" and "I Love You Truly."

Woody Harrison, cousin of the bride, lighted the candles which were in tall candelabra on each side of the altar.

The bride wore a gown of imported French hand loomed lace over white satin and she carried a bouquet of white calla lilies and an orchid on a white Bible. The matron of honor wore a lace gown over blue satin with blue satin pumps. She carried a bouquet of red calla lilies. Only members of the Alexander, Tyler and Harrison families were present.

A reception was held at the home of the bride, with members of the families present. The three-tiered wedding cake and punch was served from a lace covered table by Misses Mona Lynne Shepard and Trula Dell Harrison, cousins of the bride.

The table was decorated with white gladioli and white candles in crystal candelabra, and punch was ladled from a crystal bowl. White glads also decorated the reception rooms.

The couple are spending ten days in Eldorado, the home town of the groom.

After the first of July the couple will make their home in Houston where a new residence is now being built.

Gift Tea Monday

Honoring Mr. and Mrs. Ollie Alexander, Jr., a gift tea was held Monday evening in the reception rooms of the First Baptist Church. Hostesses were Meses. Fred Watson, Payne Robinson, Kenneth Cheek, John Stigler, John Lucdecke, J. B. Montgomery, George Williams, Mattie Royster, Truett Stanford, Edgar Spencer, E. W. Mund, Carrol Ratliff, Ben Doty and Roy Davidson.

Included in the list of 150 people who called during the tea hours were several from out of town: Mrs. Charles F. Brown, Mr. and Mrs. Harold Schertz, and Mrs. Emil Prugel and Nancy of Sonora, and Mr. and Mrs. L. J. Alexander and Mr. and Mrs. Ben Doty of San Angelo.

A hand crocheted cloth covered the tea table which was centered with an arrangement of summer flowers. Mrs. Ben Doty and Mrs. Carrol Ratliff served cake and Mrs. G. L. Johnson and Mrs. Harold Schertz of Sonora ladled punch. Mrs. Emil Prugel of Sonora registered guests in the bride's book.

Mrs. John Stigler played piano music during the tea hours and accompanied the High School Girls' sextette for their two numbers. Mrs. James Page also furnished piano music.

The popular young couple received an unusually large assortment of gifts of Sterling, china, crystal, linens, and other gift items, which were displayed on long tables in the reception rooms of the church.

The Cow That Can't "Run Dry"

Sandy Johnson showed me his Jersey cows last week. It was a warm day and they were all under the trees near a watering trough. And darned if one cow wasn't pumping water into the trough! It's a fact—she'd raise the pump handle with her nose, and use her throat to push it down again.

"That's Mabel," Sandy explained as she moved away. "Sometimes they drink that trough dry, and she's learned how to fill it again. But she doesn't know her own strength—turns the place into a swamp if we don't watch her."

First Baptist News

Record for the first week of Vacation Bible School was 164 enrolled with 144 average attendance. Beginners was the leading department with 61 enrolled and an average attendance of 54. Primaries had 50 enrolled with average attendance of 44, the Juniors had 45 enrolled with average attendance of 40, and the nursery had 6 enrolled with an average attendance of 4, and two general officers with average attendance of two. The school will close this Friday evening with a commencement program in the church auditorium at 8 p.m. The public is cordially invited and urged to be in this service.

Average attendance in Sunday School for June was 177. This was 7 under our goal. We urge that we all work together to attain our goal in July. If you do not have a Sunday School home we welcome you to ours. There is a class for all ages from 1 up to 100 or above.

We welcome into our membership the following: Mr. and Mrs. Roger E. Jones, and Mrs. Evert Turnbow. If you are Baptist we welcome you into our membership, and if you have no preference we welcome you to come visit with us and hope you will desire to continue to worship God with us each Sunday. You need the church and the church needs you.

The Lord's Supper will be observed at the Morning worship hour this Lord's Day. And a special offering for ministerial relief will be taken. Won't you come prepared to enter into this meaningful service and to have a worthy part in the offering?

Eldorado Independent School District.

Price Daniel Receives First Copy Texas Press Publication Laws Book

Texas' Attorney General Price Daniel has a big job and a big family.

In spite of that, during the past two years he has found time to compile and edit the first complete book on Texas Publication Laws, a work long needed by Texas newspapers, public officials and newspaper lawyers.

The first copy of the new book, published by the Texas Press Association, was presented to Price Daniel by his four children on Father's Day.

In addition to his distinguished career as a country lawyer and then as the aggressive attorney general of his native state, Price Daniel is co-publisher of his hometown newspaper, the Liberty Vindicator. His newspaper partnership with Jake Smyth and John Manthey also includes the Anahuac Progress at Anahuac, Texas.

Daniel is the son of a weekly newspaper editor. It was in the high schools of Fort Worth at the age of 15 years that Daniel first published his own newspaper, the Fort Worth High School Student. He also worked as a cub reporter for the Fort Worth Star-Telegram, and then for the Waco News Tri-

bune while attending Baylor University. At Baylor, Daniel edited the Daily Lariat and the college annual.

"I paid my way through law school by working in the newspaper business," Daniel has often said. He is an active member of Sigma Delta Chi, professional journalism fraternity, as well as his many legal associations.

From the standpoint of a lawyer and a newspaper man, Daniel was well equipped to write the book which contains all newspaper and public notice law in the state. The Texas Press Association is making it available to newspapermen, lawyers, public officials, and others at actual cost of publication. "It is a public service project made possible by the work of our attorney general," Brad Smith of Weslaco, president of the Texas Press Association said.

The only thing which rates higher attention than the law and the newspaper with Price Daniel is his attractive and devoted family. His wife, the former Jean Houston Baldwin of Houston, is a great-granddaughter of General Sam Houston. The four children are Price Jr., 10, Jeanie, 9, Hous-

ton, 5, and John, 4. They now live in Austin in a rambling house on three lots covered with oak trees—the nearest thing they could get to the open spaces of their permanent home in Liberty.

In his first five years as Texas' Attorney General, Daniel has gained distinction for his fight against federal seizure of the tidelands from the Texas public school fund. He insists that Texas will win in Congress if Texans keep on fighting and refusing to compromise or surrender. He has been outspoken in his belief that federal officials are violating the Texas Annexation Agreement in attempting to take these lands.

Daniel has been equally persistent against other federal encroachments upon the powers and property of the states and of individual citizens. Also, he has been leading the state's fight against organized crime, vowing that Texas will soon lead the nation in its clean-up of syndicated gambling and warning outside hoodlums and racketeers to stay away from Texas.

Daniel is a veteran of World War II, having retired from the office of Speaker of the Texas House of Representatives to enter the service as a private. After three years, the last few months of which were spent in General Douglas MacArthur's occupation of Japan, he was discharged as a captain.

That he is a hard worker in his job as "the people's lawyer" is evidenced by a record of 4832 lawsuits and 2498 official opinions disposed of by his administration since January 1, 1947.

Many Demonstrations Held During Year On Cattle Problems

COLLEGE STATION — Related problems ranging from breeding and herd management to marketing are perennial with Texas beef cattle producers. During 1950, however, animal husbandmen of the Texas A&M College Extension Service sought to familiarize producers with means to simplify major problems through practical demonstrations coupled with free use of visual aids. In the field of herd improvement alone, 35 type demonstrations were conducted with the objective of encouraging farmers and stockmen to select for breeding, animals which had proved consistent producers of the largest amount of high-priced cuts.

Market grade demonstrations were given at the annual agents' conference held in mid year at College Station in association with

processes of fattening and finishing cattle for market. Steers and calves representative of the USDA official market grades were selected for the purpose and the county agricultural agents permitted to grade them. Official Production and Marketing Administration graders present did the official grading on live weight and carcass basis. Subsequently 14 Beef Cattle grading demonstrations were held on ranches where all classes including weaners, calves, steers, cows, bulls and stags were graded with farmers and ranchers participating. Through these programs farmers and stockmen are becoming increasingly familiar with reasons for variations in buying prices for cattle places on market. Meanwhile, market days were held for 4-H Club boys with the same type of program being presented.

Feeding minerals to beef cattle was emphasized by the animal husbandmen throughout the year; bulletin No. 174, "Minerals for Beef Cattle," being revised and made available to producers meanwhile. This subject was presented at 25 livestock clinics throughout the year with the Extension Service veterinarian and entomologist participating, and given wide publicity through press and magazines.

At these livestock clinics the Extension veterinarian demonstrated the approved method of administering phenothiazine for control of stomach worms, together with outlines of prevention methods, diagnosis and treatment of the more common diseases. His field work also included demonstrations of the proper use of the emasculator which he encouraged where screw worms were prevalent, and the painless method of dehorning.

During the round of clinics the entomologist gave instructions on the proper use of new insecticides for control of external parasites. To make this infestation more readily available, slides showing the life cycles of harmful insects together with the time for the most effective application of controls were prepared. At the same time publications were kept up to date and made available to all counties, while the press and the radio cooperated freely in publicizing the most effective insect control practices. In the ore general field of livestock work, two blueprints of ranch corrals and one of a trailer type scales for weighing 4-H Club steers were released by the Extension Service.

During the year members of Texas boys' 4-H clubs who fed steers under the supervision of county agricultural agents for exhibit at major livestock shows made history in the number of grand champion awards won. These included the Texas State Fair; International Livestock Exposition at Chicago

(where the State Fair winner repeated); Centennial American Royal at Kansas City; and Houston and San Antonio fat stock shows. In the feeding routine, the basic ration followed Extension Service bulletin "Guide for Feeding Beef Calves."

To aid in fattening cattle for market a new publication, "Creep Feeding Beef Calves," was prepared, and a set of visual aid slides, "Selection and Care of the Beef Calf," was revised in order to further assist county agricultural agents in training 4-H Club members in choosing and developing calves. The series was shown 230 times to 6,198 persons. An addition to the four sets of slides, "Fitting the Beef Calf for the Show," was released in October and shown 34 times to 897 persons before the end of the report year, November 30.

ATTEND RELATIVE'S FUNERAL

Reuben Bradshaw, a relative of several families in Schleicher Co., died Thursday night at Calif Creek. Attending the funeral from here were Mr. and Mrs. R. B. Anderson, Mr. and Mrs. O. B. Bradshaw and Monetta, Mrs. Emma Bradshaw, Claude Bradshaw and Eugene Bradshaw. Also there were Mr. and Mrs. Billy Kerr and two daughters of San Angelo, who visited later in the Bob Anderson home, and Mrs. Anderson's sister, and brother-in-law, Mr. and Mrs. E. H. Gray and daughters Addie Ann and Jane Carol of Kermit, who came on to Schleicher County after the funeral to visit the Andersons.

Relatives of Mrs. Lester Early arriving in Eldorado Sunday night were her mother, Mrs. M. E. Burch, and two sisters, Mrs. Louetta Deer and daughter Patty, and Leona Burch all of Morenci, Arizona.

Life Up Your Heart

"Lost Heritage"

The most tragic loss the American home has had is the loss of the family altar. The saddest mistake the parent has ever made is omitting the family altar. The greatest wrong the child has suffered is being denied the family altar.

There are many programs afoot today to try and reclaim this lost heritage. Programs sponsored by the church, home at church nights, church at home nights, devotional plans, but none are reaching the desired aim which is to increase the spiritual atmosphere of the home.

The question is often asked in earnestness, "Can we, in this day of complex living, make the family altar successful?" There are so many outside pulls upon the home, the affairs of school, the theaters, ball games, clubs, etc., but the answer can only be in the affirmative. "Yes, it can be done." For truly the question in reality is, do we want to do it?

It would be far from me to try to set a plan that would be acceptable and workable in every home. What would work for one might be impractical for others. But I will offer a few humble suggestions: (1) The key is in the hands of the parents. When God fearing and loving mothers and dads set their mind to the task, it will be done in that home. (2) It will take the complete cooperation of the whole family. (3) It must be given time to grow and develop for it will pay dividends. (4) It must be shared with every member of the family no matter how young so each will feel he has a part in it. May God help his Christian homes to reclaim this lost heritage.

Ex-Supt. Files Slander Suit

Another damage suit was filed in 112th district court here during the past week by Jack McIntosh of Austin, Texas, former superintendent of Ozona Public Schools, whose resignation last fall was announced by the school board following its request for such resignation "for the good of the schools."

The new suit seeks a total of \$54,000 in damages against Ken Cody, Ozona funeral director. The original petition claims that Cody circulated untrue stories, attacking the former school man's character, causing him to lose his position as superintendent here and making it impossible for him to gain employment in the field for which he is trained. Actual damages in the amount of \$40,000 is sought in the petition, with exemplary damages in the amount of an additional \$14,000. —Ozona Stockman.

Hereford Men Converge on Mason

Leaders of the Hereford world, Texas division, move in upon Mason today and tomorrow for a Hereford Short Course whose purpose is to define, as accurately as possible, what type of animal is the most practical to breed and produce. Directors of the Texas Hereford Association have taken this opportunity to hold their meeting, which opens at 4 o'clock this afternoon together at Fort Mason Hotel. Then at 8 p.m. in the same room the directors, with President J. N. North, of Fort Worth, in charge go in session. —Mason County News.

Crane Getting Dial Phones

Crane's new \$130,000 dial telephone system will be placed in service next Thursday, June 28, at noon, according to John B. Moore, manager of the Southwestern Bell Telephone Company here. The change will be made in just a few seconds, without interrupted service, he said.

Telephone men now are engaged in checking and testing the equipment to be sure all is in readiness for the change, Moore explained. Next Thursday at noon, a signal will be given, and all connections to the switchboard in the old telephone office will be broken. —McCamey News.

More Rigs Moved In

Rumors that Sun Oil Company planned to drill out its Jameson and Milligan fields in northwestern Coke county were confirmed the past week when six more rotary drilling units were brought in.

This makes four rigs that will be drilling in the Millican field west of Edith, and ten in the Jameson field around Silver, the most drilling units Sun has ever operated in Coke county at one time. A well now being drilled on the Paramore lease in Nolan county, north of Sanco, and another west of San Angelo, runs the total to 16 rigs working out of the area office at Silver. —Robert Lee Observer.

Celebration To Salute Store

A full day's program is in store for everyone in Terrell County and out-of-town guests who will be in Sanderson Saturday, with the main objective being the opening of the newly remodeled and rearranged Kerr Mercantile store building. The store will open at 10 a.m., Saturday and will be open until 9 p.m. Everyone is cordially invited to visit and inspect the new store and many out-of-town visitors are expected. The store is also observing fifty years or golden anniversary of the founding of the store

and it is expected to be a day of reminiscing and visiting among friends and neighbors who are now residents, with former residents. —Sanderson Times.

Hospital To Open July 1

The Lillian M. Hudspeh Memorial Hospital will be officially opened Sunday, July 1, according to William B. Burge, administrator. Burge said the hospital will receive patients beginning Monday, July 2. Ceremonies will be held at 1:00 o'clock Sunday afternoon at the hospital and guided tours through the building will begin following the ceremonies. Several prominent speakers will be on hand, but their names will not be announced until definite acceptances are received. —Devil's River News.

Sleeping Sickness Among Horses

An outbreak of sleeping sickness among horses was reported this week near Hovey, according to an announcement by Frank Newsom, county agent. Recent rains and the hatching of horse flies and mosquitoes were given credit for the early appearance of the disease that is usually fatal to horses that take it. The disease normally appears in this section following late summer rains, and quits at the first frost. —Alpine Avalanche.

Snack Bar Opens

Grand opening of the Dairy Kream Super Snack Bar on highway 83 will be observed this Saturday, according to its owner, Murphy Barnes.

In connection with the opening, Mr. Barnes said that free Dairy Kream cones will be served Saturday afternoon between the hours of 1 and 4 o'clock. All residents of the Menard community are invited to visit the store.

Saturday's event will be the second grand opening of a new Menard business place this month. Opening of C. B. Vick's Motel 83 was held Saturday, June 2. —Menard News.

Guests of Mrs. Josie Word recently were her son-in-law and daughter, Mr. and Mrs. B. J. Burrow, and their son and a friend, all of Nordheim.

Mr. and Mrs. Stewart Davis spent the day Sunday in Junction. They were accompanied back by cousins from Houston Mr. and Mrs. Wayman Nelson and son and daughters.
