

Schleicher County Oil News

Special from James C. Watson Midland, Texas

G. W. Strake No. 1 J. Forrest Runge, east offset to the discovery and lone producer in the Hulldale, north-Canyon field of central-north Schleicher county, is at total depth of 5,626 feet.

Drilling plugs Wednesday from 5 1/2-inch casing cemented on bottom at 5,626 feet in lime, G. W. Strake No. 1 J. Forrest Runge in northern Schleicher County was due to drill 10 feet in a 4 3/4-inch hole and test. In the event of no water, it will drill 10 feet farther and test again.

The prospective second producer in the North Hulldale field is a north offset to Hiawatha No. 1 Runge, the discovery, which was preparing to replace a leaking packer.

OHIO SPOTS THREE NEW LOCATIONS

Ohio Oil Co., has made locations for three more wells in the Hulldale field, which will be their Nos. 6, 7, and 8. One will be south of their present No. 2. Another will be north of No. 4; and the third will be north of their present No. 5.

As soon as wells are completed on Nos. 2, 3 and 4, the rigs will be moved to new locations.

The Ohio Oil Company No. 2 Thomson, southwest offset to the discovery well of the above field cored from 5424-56 feet. Recovery was 31 feet of hard, brown crystalline lime. Core No. 3 from 5457-89 recovered 32 feet hard crystalline lime and hard black shale, no saturation or odor. Core No. 4 from 5489-5516 recovered 27 feet of core, hard black shale with sand streaks. No show or odor.

Ohio Oil Co., No. 3 Thomson, project in the undeveloped area between the Hulldale and Runge fields, is digging below 5720 in shale. Top of the reef was 5610.

Three-quarters of one mile to the northeast, Ohio's No. 4 Thomson is progressing below 5500 in lime and shale.

Ohio's No. 5 Thomson, stepout to production in the Hulldale-Strawn field, is at total depth of 2227 in lime and shale.

Pan American Production Co. No. 2 Thomson, south offset to the firm's No. 1 Thomson, a producer in the Hulldale-Strawn field, is drilling below 1,051 on cement which was run to seal off cavities in an attempt to stop circulation trouble.

Standard Oil Company of Texas No. 1-2 Mrs. Frances May Thomson, project in the Hulldale, north Canyon field, is drilling below 3174 feet in shale. Drill site is 467 feet from south and east lines of M. Putnam survey No. 1.

Stanolind Oil and Gas Company No. R. J. Hill, wildcat in Schleicher county five miles southwest of the Eldorado-Canyon sand field in the southwest-central portion of the county, is drilling below 6,000 feet in shale. The prospector has not encountered shows of production in any formation drilled. Contract depth is 7,700 feet to test into the Ellenburger.

Stanolind No. 1 Williams, wildcat in northwest Schleicher, is being drilled below 5990 feet in lime and shale. No shows of commercial production have been encountered in the prospector.

Williams & Wahlenmaier No. 1 George Long had reached 6470 in shale this morning.

Stanolind No. 1 T. K. Jones was around 6500 Wednesday.

Church Women Plan May Fellowship Event

The Council of Church Women will meet Friday, tomorrow, at 3:30 in the Methodist church, for a program in observance of May Fellowship day, members announced this week. They announce a program on the theme of "Women at Work."

Mrs. Roy Shilling will give the devotional, followed by Mrs. John Miller with Women in Our National Economy.

Mrs. Robert Maginot will speak on Women Who Work For Wages. Mrs. Wilson Page will render a solo, to be followed by Mrs. M. G. Holcomb with Women Who Work But Not For Wages. Mrs. Bert Page will close the program with a discussion of Overseas Relief.

RED CROSS SPEAKER IS SCHEDULED HERE

George Johnson, American Red Cross representative, who has been with the organization many years and served in the Korean Theater, will speak on the various phases of Red Cross at Memorial Hall, Eldorado, Texas, at 10:30 a. m., Friday, May 4. Everyone is urged to attend this meeting.

SENIOR PLAY IS SCHEDULED TODAY, FRIDAY

The Seniors of Eldorado High School will present their class play, "Professor How Could You?" twice this week, at 2:15 this afternoon, (Thursday) and at 8:00 p. m. Friday (tomorrow) night.

Last-minute polishing on lines and character interpretation is being put on this week by the cast and those who have had opportunity to see the cast in action report that the play will be a good one.

It seems that the professor has been offered the chance of advancement if he finds a wife. The plot centers around his experiences as relatives and friends try to be helpful.

In the cast are Joe Ed Spencer, Myrtle Bob Harper, Rita Ann Elder, Jack Mund, Maurice Christian, Iretta Faye Mace, Fern Cheatham, Bubba Sammons, Laura Clarke, and George Ochsner, with Grete Mund, Mary Sproul, and Durwood Rutland taking the parts of three children.

The Military

Mrs. Nettie Spurgers learns from her son William, who is stationed at Camp McGill, Japan, that he is going to a business school and that his course includes instruction in the Japanese language. He is clerk of a motor pool, and still in the 40th division. He reports that his quarters at the camp are most comfortable and that he is getting along fine.

Mrs. Arch Edmiston reports that her son, Pfc Junior Williams had landed with the 45th on April 27 in Japan. She got this information from radio reports Sunday night.

Junior, who is with the 45th National Guard Thunderbirds of Oklahoma, is now at Camp Crawford, 125 miles from Tokyo. A news reporter stated Sunday night that the boys were very well located in brick barracks, that morale is high, and that the boys have been promised some time for sight seeing.

Tech Sergeant Delbert Edmiston and his family of San Antonio visited relatives and friends here during the weekend.

Mr. and Mrs. Hayden Lewis and Mr. and Mrs. Doc Thigpen of Odessa visited last weekend with Mr. and Mrs. Albert Thigpen, who is stationed at Camp Gordon, Georgia, and all talked with him.

Five men to be delivered for induction from local board No. 110 on May 17, are:

Sonora: Medardo Arredondo, Frank Rodriguez Flores, Eldorado: Howard William Mitchell.

Junction: Vernon Claud Dutton. Rocksprings: Gilberto Andrade Altamirano.

The physical examination call for May has been cancelled.

Walter E. Jones left at noon today (Thursday) for Ft. Bliss, El Paso, after spending his 3-day pass here with his parents, Mr. and Mrs. Noel Jones.

Ray Long is still at Everett, Washington, near Seattle. He is in the Air Corps studying radar and is taking three college courses.

Private Marion L. Wade, known here as Bubba, son of Mr. and Mrs. Marion Wade, is now located at Ft. Monmouth, New Jersey, where he is studying telephone maintenance. He reports that he is feeling fine and that he likes the work, though he misses home folks so far away. Friends here will remember that he left January 2 with four others from Eldorado. He expects to be stationed there about six more weeks. He gives this address:

Pfc Marion L. Wade, AF 18380897, Co K, STR, Ft. Monmouth, N. J.

The Bill Oglesbys of Aberdeen, Md., are here because of the serious illness of Bill's grandfather, Sam Oglesby, in San Angelo. They arrived by car late Wednesday afternoon on a leave which will be up Sunday, but which they hope to get extended if Mr. Oglesby's condition does not improve. Their parents are Mr. and Mrs. Sam Oglesby, Jr., and Mr. and Mrs. C. C. Henderson of Eldorado.

Mr. and Mrs. Sam McGinnes have returned from a visit with their son Floyd and his wife in Crosbyton and stopped on their way home to visit with Mr. and Mrs. Sam Lowe and baby at Eden. They were away from home from Saturday through Monday. They report rain around Snyder and Colorado City.

MEETING CALLED TO ORGANIZE FAST BALL TEAMS

A meeting has been called for Friday (tomorrow) night of all young men interested in playing fastball, and an attempt will be made to organize about four local teams for the coming season.

Anyone in the county interested in playing or in helping sponsor one of these teams is invited to attend the meeting, which will be held at the fire hall tomorrow night, starting at 7:30.

Range Notes

By W. G. GODWIN

Treated seed pays dividends and increases profits. Farmers know that they can help themselves to better crops by having their seed treated. Treated grain sorghum seed, cotton seed and other treated seeds produce more bushels per acre. Treated cottonseed, for instance, increases yield. Gimmers get more ginning to do, and oil mills get more seed to crush.

Treating seed is profitable when crops are low in price as well as high—because treated seed produces heavier stands of sturdier plants for farmers. There is no other farm practice that pays better dividends for the money spent than treating seed—all seed.

Proper treatment is vital when a farmer drops a little "ceresan" into the seed hopper of his planter, experiments showing that he does not get full protection. Likewise, experiments have shown that even professionally treated seed does not give full protection from diseases when an inadequate amount of ceresan is used.

Stop these four costly diseases. Because of unfavorable weather over the county the planting seed in 1951 is below normal. Right now, during processing, the important job of controlling cotton diseases and helping maintain germination can be done.

1. Seed. Decay or seed rot is the reason many cotton plants never come up. Ceresan is a seed disinfectant that protects seed from rotting organisms, cuts down on blank spots in the field. It costs \$5 an acre to replant, but ceresan can protect an acre for less than 10c.

2. Seeding. Damping off or sore shin causes black spots on the stems of young seedlings, blank spots in your field. Proper seed treatment will protect plants from organisms which cause these spots. Don't let sore-shin cut off the plant, and cut off your yield.

3. Leaf. Angular leaf spot destroys the leaves, cuts down the "factory" from which the plants build cotton. Ceresan helps reduce the disease organisms. If all cotton in an area is properly treated, the disease can be eliminated completely.

4. Boll. Anthracose boll rot is a disease that has cost Schleicher county farmers thousands of dollars a year through spotted cotton. Many people do not know that proper seed treatment can reduce this loss—and over a period of years can eliminate it entirely because the two sources of the disease are organisms on the seed and in stalks and diseased bolls left in the field. Use only cottonseed treated at the recommended rate.

Acid delinted cottonseed:
2% ceresan 4 oz. 100 lbs.
Ceresan M 2 oz. 100 lbs.

Mechanically delinted cottonseed:
2% ceresan 6 oz. 100 lbs.
Ceresan M 3 oz. 100 lbs.

Fuzzy cottonseed:
2% ceresan 9 oz. 100 lbs.
Ceresan M 4 1/2 oz. 100 lbs.

Buy and use other types of ceresan as directed for other planting seeds. Ceresan treatment increases your yield anywhere from 5% to 40%.

Fundamental Church Engages New Pastor

At a meeting Sunday night the members of the Fundamental Baptist Church extended a call to Rev. Henry Pryor of San Antonio, to become pastor of the church here. Rev. Pryor accepted the call.

Rev. Pryor is completing a college course in San Antonio and will be unable to move to Eldorado until after May 24, but he expects to fill the pulpit each Sunday in the meantime, or will provide a guest preacher.

Rev. Pryor is married and has a son, age 17, who will enter college next fall. Mrs. Pryor is an elementary school teacher.

Regular services at the Fundamental Baptist church include mid-week services Wednesday night at 8:00.

Sunday School at 10:00.
Sunday morning worship services at 11:00, and Sunday night services at 8:00.

POST - SCRIPT

Schleicher County was visited by a rain which though spotted, brought relief from drought to much of Schleicher County. Reports from over the county indicate that amounts varied within the ranches themselves, and even in the city of Eldorado, which seems to have had about a half inch average.

The McWhorter boys report about 1.5 at the home place in town, the courthouse about .38 and parts of the city in the East End about .2.

While water was standing in the furrows and along the barrow ditches in much of the county's cultivated area, some in the cotton sections report that the precipitation came so fast that it did not penetrate more than a few inches. From everywhere in Bailey Ranch and Reynolds Communities people report that it wasn't enough for planting as yet.

While there are few official gauges in Schleicher County, many take fairly accurate records. Among those reported this week are these:

- Leonard Lloyd 1.6
- W. V. Lux 2.2
- F. B. Gunn 1.5
- L. Kent 1.23
- J. W. Lawhon very little
- Jess Koy2
- Nick Jurecek 2.25
- Josh Ewing5 to 1.25
- Harvey Dannheim very little
- Vernon Gibson trace
- Robert Nixon 1.00
- Case Ranch 2.00
- Atkinsons7
- Mertzton86
- Buck Davis 1.85
- Arch Mittel 1.00

Another new residence for Eldorado, Mike'ska Gin is putting up a residence, adjoining the Fred Logan place, for the Gin Manager Sam Gausemayer. Work on the foundation began Monday and will continue for several weeks. The residence measures 22 by 28 feet, and is on a lot Mike'ska purchased from W. W. Williams.

E. E. Newlin has rented his new house in the Newlin Ray Addition to E. W. Craig, county judge, who has moved there during the past few days. The Craigs had been occupying the McCullum place, known as the Tom Smith house, in Glendale.

A sheep shed on the old Burleson place, leased by B. E. Moore, was blown down recently by a small twister. Workmen went on the job Monday salvaging pieces of the building, and are again putting up the barn. This is the second time this barn has been demolished by a twister.

John Bledsoe reports the sale of six buck lambs and a stud yearling to some Rocksprings buyers recently, the former at \$100 each and the latter for \$125.

Jack Montgomery has started work on a west addition to his residence, to include a car-port and storage room.

Heavy winds on Monday, bringing several hours of sand and dust storm, did minor damage in the county—such as un-roofing a garage at Edwin Jackson's, etc. Electricity was off throughout Eldorado for two hours that evening, and phones were out of commission during that time.

The trouble men from San Angelo are expected in Eldorado this week, to check on the reason for the disrupted phone service.

The main damage done by the day of unusually high winds was drying up of the county's moisture, received a day or two before.

Another Ohio Oil Co., man who wants to locate in Eldorado is W. H. Hale, who came here from Iran and has taken Mr. Giblin's place in the office. Mr. Hale's wife and two boys are still in Iran, but will be ready to move to Eldorado early in June. He would like to rent a fairly nice 2-bedroom house. We pass this information along to our readers and hope that someone will fix up the Hale family with suitable living quarters by that time.

Another looking for living quarters is Calvin Matthews, a driver for Paul Haley, Calvin has a wife and several children, and is looking for a furnished apartment. If you have something suitable, please notify Mrs. Haley.

Mrs. Gene St. Clair drove to Via Acuna Sunday with G. C. Crosby, who celebrated his 77th birthday there with members of the Crosby family. Members of the family from South Texas and Via Acuna gathered there and spent the day in the home of relatives.

MRS. W. M. BEARCE PASSES AWAY; BURIED FRIDAY

Mrs. W. M. Bearce, widow of a pioneer Schleicher County rancher, member of the Methodist Church for 75 years, and resident of Schleicher County for 44 years, died Friday morning at her home in Eldorado. While she had been in failing health several years, she was confined to her bed only five days preceding her death, a heart attack proving fatal. She was 85 years of age.

Funeral services were held from the Methodist Church of Eldorado, her home church for 44 years, Saturday afternoon at 3:00. In charge of the service was the pastor of the church, the Rev. Roy Shilling, who was assisted by the Rev. Clifford Nelson, pastor of the First Baptist Church of this city.

Music was rendered by a choir of church members, with Mrs. Ernest Hill at the organ. Pall bearers were Leslie Baker, H. A. Belk, Jack Wade, Kenneth Cheek, Truett Stanford, Aaron Stewart, James Williams, and Frank Clarke, all of Eldorado. Interment was made in the Eldorado City Cemetery, Ratliff in charge.

Mary Alice Chandler was born in Marion County, Texas, the daughter of Marion County stock farmers. She moved with the family to Bell County, where she was married in 1886 to W. M. Bearce.

Much of the early life of the couple was spent near Childress, where all of the children were born. One of the older children, an infant baby girl, was buried there.

In 1907 the couple bought land in Schleicher County in the Alexander neighborhood, and the family moved here, Mr. and Mrs. Bearce spending the remaining years of their lives in this locality. For about ten years Mr. Bearce owned and operated a mercantile store in Eldorado, in a building which has since been torn down—on this lot his son Dick built a small office building a year or two ago.

After about ten years in the business district the family moved back to the ranch, where they lived until Dick, the only son, had completed his education and could take over operation of the place. They then moved back to Eldorado.

In her girlhood Mrs. Bearce joined the Methodist Church, moving her membership later whenever the family went to a new locality, and serving as a faithful church member until her death. Her husband passed away here in 1934.

Survivors are four daughters: Mrs. Lois Beavers, Abilene, Mrs. Ima Brown, Austin, Mrs. Irbay Boykin, Miami, Fla., and Dell Smith, Austin; one son, Dick of Eldorado; seven grandchildren, Mrs. L. G. Davis of Abilene, Jack Brown of Houston, Edwin Boykin of California, Mrs. Mary Jane Garcia of San Jose, Costa Rica, Herbert W. Smith, of Alaska, Mrs. Carroll Sproul, of Menard, and Bill Bearce of Eldorado. There are also four great grandchildren.

A number of relatives and friends from out of town joined with local relatives and a host of Schleicher County friends in paying final tribute to her memory by attending at the funeral Friday.

Presbyterian Pastor Preaches In City

The Rev. Charles Bruce of Kenedy preached Sunday morning at the Presbyterian Church. Rev. and Mrs. Bruce and their younger son, age about 13, stopped at Kerrville on their way here and picked up their older son who attends school at Shreiner. The family were dinner guests in the home of Edwin Jackson and left for home that afternoon.

If he accepts the call to be pastor of the Eldorado Presbyterian Church, the members plan to enlarge the parsonage by adding a third bedroom and a bath at the rear of the house—work to start as soon as his acceptance is received. He would probably move here in June.

New Baptist Pastor Announces Change In Night Services

Rev. Clifford Nelson, new pastor of the First Baptist Church, announces a change in the meeting times for Sunday services. Hereafter, Training Union will start at 7:30 and the evening worship hour at 8:30.

Next Sunday night there will be baptismal services at the 8:30 service.

The pastor announces that there will be a youth revival in early June. He extends a cordial invitation to everyone to attend services at the First Baptist Church at any time.

Mr. and Mrs. Jim Willoughby spent the weekend in Weatherford and Fort Worth visiting relatives.

Two Boy Scouts Sign For Philmont Trek

Two Eldorado Boy Scouts are among a group of Scouts from the area who have made reservations for the Kit Carson Trek this summer at Philmont Scout Ranch, Cimarron, New Mexico. Billy Cheek, son of Mr. and Mrs. Kenneth Cheek, and Wilson Humphrey, son of Mr. and Mrs. W. J. Humphrey, will be on the Trek when it starts out from ranch headquarters next June 22nd and returns there July 2nd.

J. B. Morris of the Concho Valley Council offices in San Angelo said earlier this week that 22 Scouts had made reservations, and that there were still some openings that could be filled from the Council. The standard Philmont outfit consists of about 25 Scouts and at least two men to accompany them. The quota is being made up from the 23 1/2 counties of the Council, of which San Angelo is headquarters.

Mr. Morris said that in addition to the Scouts from Eldorado, others had signed on from Brady, Sonora and San Angelo. Lawrence Nichols, Explorer Advisor of Post 19, Sonora, is planning to go, and Mr. Joe Brown Ross, also of Sonora, has indicated that he may go.

Local Scout leaders are pleased that Troop 18 will be represented at Philmont this year. No one from the troop has been there since Bill Lewis Humphrey made the trip a few years ago.

The Kit Carson Trek is just one of several schedules available at the ranch, and consists of ten days of hiking through the mountainous country. Scouts will carry their provisions in a back pack, and will stop overnight at a number of interesting and scenic spots. They will see Kit Carson's house, which is still on the ranch. In addition they will be putting their Scouting "knowledge to the real test: observation, nature lore, pioneering, first aid, housekeeping along the trail.

Located in the mountains of northern New Mexico, the Philmont Scout Ranch has become recognized as the ultimate in Senior Scouting's opportunity for adventure in the Rockies. It consists of 130,000 acres of forest and hill country, with streams full of fish, and all types of wildlife. The camping schedules each year attract thousands of Boy Scouts from all parts of the U. S. Scouts who attend must be at least 14 years of age and well versed in Scouting and camping skills.

Philmont had a unique beginning. It started when Waite Phillips, wealthy Oklahoma oilman and ranchman, donated this vast domain to the Boy Scouts, along with the Philmont office building in downtown Tulsa to provide an operating income. This set-up has made possible the many days of camping for each Scout at very reasonable rates.

First Six Ele. Grades Present May Program

The first six grades of the Eldorado school, including a total of 14 rooms of elementary school children, presented their May Day program to a packed house Tuesday night in the school auditorium.

Practically every seat in the large auditorium, which seats 750, was taken, and about 50 people stood in the halls as the program was going on—and the teachers and several hundred school children participating in the program were elsewhere in the buildings.

Following a greeting by Wyndell Hall, the program was presented in two parts, four first grades, two second grades and two third grades appearing in a colorful May Fete, in which a queen was crowned, and entertainment features presented, mostly by large groups of children. Much of the story centered around the maypole, at which the fairies and others danced and sang.

Several well-trained narrators told the story of the Americans colorful past, as the costumed groups appeared and sang well-known American songs. The program closed with the singing of the Star Spangled Banner by cast and audience. This part of the program was presented by two rooms, each of 4th, 5th, and 6th grades.

ED WILLOUGHBY RECEIVES AWARD AT LIONS MEETING

Ed Willoughby was awarded a plaque as a "conservation rancher" at yesterday's Lions meeting. The award was made by Mr. Fenner, district conservationist, of San Angelo, who cited Mr. Willoughby's practices of conservation in the operation of his ranch in this county. Mr. Fenner was introduced by Bill Rountree of the local Soil Conservation office.

Lion Secretary John Stigler reported that net receipts from the Lions minstrel will be close to \$175. Boss Lion J. H. Mace gave a report on the district convention set for June 7-9 in Brownsville.

M. J. Cunningham of Dallas is visiting friends here this week.

Mrs. George Williams and daughters visited last weekend in Brady.

News From Our Neighbors

Gym Explodes

No one was injured in a terrific blast at the Central elementary school shortly before 10 o'clock Wednesday morning when a water heater, located in the gymnasium building, exploded.

The gymnasium, moved here the past year from old Fort Russell, Marfa, and modernized, in which the heating plant for both the gym and the school building proper is located, is situated some 75 feet from the main building in which classes are held.

Twenty-four members of Mrs. Page's section of the second grade, together with their teacher, were in the gym at the time of the explosion but fortunately were near the west end of the building, out of line of the explosion's full force since the heating plant is located in the northeast corner of the gym. —Alpine Avalanche.

Interest High In Rodeo

Fort Stockton has gone western with a bang this week-end and final preparations were made for the All-Girl Rodeo, being sponsored in Rooney Park this week-end by the Pecos County Sheriff's Posse, with the entire community lending full support.

A big field of top-notch performers, most of whom have been seen in action here in previous years, is arriving for the show, and keen competition is expected in all events. —Ft. Stockton Pioneer.

Road Talks Held

A delegation of the Upton County Commissioners Court, headed by Judge G. H. Fisher, were scheduled to meet with the State Highway Commission in Austin Thursday morning to seek permission to use F-M funds of Upton County to pave the farm road through Crockett and in a part of Pecos County. —McCamey News.

Farming Prospects Brighter

The general outlook for farm and ranching prospects in the area now look brighter as a result of the rains that covered most of the area last Friday. Some hail, too soft to cause any damage, accompanied the rain.

Although not a drought breaker, the moisture received in some parts of the county was sufficient for planting of small grains. While in other parts of Concho, only a light shower was reported. Some in the area began planting Monday morning and have continued with crop planting, while others stopped after only a few rounds, after deciding that the moisture was insufficient. —Eden Echo.

Auction Ring Opens

The Menard County Commission Co. opened its new auction ring here Monday with a highly successful sale.

N. C. Armstrong, Clyde Dozier, and Claud Rambo, owners and operators of the business, received many compliments on their new plant and the conduct of the initial sale. Approximately 250 livestock growers sent animals to the sale, and buyers totaled just over 100. Buyers paid \$71,000 for the 3,700 animals sold during the auction. Bill Airendoll of San Antonio was the auctioneer. —Menard News.

Longest and Best Parade

The longest and best parade in the history of the Post Stampede is being planned for this year's show, May 23-26, O. D. Cardwell, parade chairman, announces.

It is expected to be so long that it will form at the west end of Main street. "It will be at least a mile to a mile and a half long," Cardwell believes.

The first day's parade will feature some 250 out-of-town horses, ridden by the 12 riding groups invited. A complete section will be set aside for Shetland ponies. Another section will be made up of special groups or farm groups. Animals and machinery will comprise the special group. Four or five bands from surrounding towns will be invited. —Post Dispatch.

'Singing Ghost' Draws Full Crowd "The Singing Ghost," staged in the high school auditorium last Friday evening by the P-TA, drew a full house.

It was one of the best home talent plays ever staged in Mertzon and the cast as well as the sponsor and the director have the thanks of the entire audience for the wonderful manner in which it was staged. Every part was skillfully carried out showing plenty of study and work. —Mertzon Star.

More Publicity For Ozona

Ozona has made the Saturday Evening Post again.

This time an Ozona college student is pictured in a full color picture illustrating a story on the A & M College of Texas in the current issue of the Post.

Bernard Lemmons, halfback on the A & M football team, is pictured playing "hot knuckle" with another Aggie football player, with a group of interested Aggies gathered about to see the fun when the loser's knuckles are forced down on burning cigarette butts. —Ozona Stockman.

Open Baseball Season

Robert Lee Fans are looking for-

ward to the first baseball game of the season, when the Goodfellow AFB Skyhawks cross bats with the Rabbit Twisters here Sunday afternoon. The game will start at 2:30.

Lefty Shelton of Forsan will be on the mound for the locals. He has been working out several weeks and expects to be in top form. Bill Cunningham, Forsan catcher, will be Shelton's battery mate. —Robert Lee Observer.

Lake Colorado City To Open

Arrangements are complete for the long-awaited opening of Lake Colorado City, May 1.

The city has announced the purchase of land on the lake, for public use; fishing permits have been placed on sale and the Chamber of Commerce has massed a group of prizes for opening day fishermen.

Numerous merchants about town have expressed the idea that this will be one of the most important events in the history of Colorado City. —Colorado City Record.

The New 1951 BENDIX Economat Work-free Washer

with the exclusive RINS-SAVER that saves up to 56 gallons of water every washday

Undertow Agitator Washing

The familiar agitator combines with Bendix's exclusive Undertow to create an amazing new washing action. Clothes and suds are drawn deep into hot, cleansing undertow currents.

Floataway-Flushaway Draining

Heavy soil drains out the bottom; light soil rises to the top, and drains down through the hollow agitator. Dirty wash-water never filters back through your clothes.

Vacuum Drying

The wonder-working Wandertub (it's guaranteed for five years) gently extracts water from clothes. There are no deep creases, no broken buttons, and your hands never touch water!

NO WRINGER! NO SPINNER! NO BOLT DOWN!

Washday is simple when you own a Bendix Economat Washer. You simply set the dial, add soap and clothes . . . and walk away! All the work is done automatically by the Economat. And when washed in a clean-water Economat, your clothes are washed clean.

You're invited to see the Economat today!

CHILD CELEBRATES HIS 4TH BIRTHDAY
 Honoring her son Mike on his fourth birthday, Mrs. Billy McCravy entertained a group of children on April 23 with a birthday party. The children played out-of-doors, and Mike then opened his gifts. Included with the refreshments were individual cakes served each child, with his name on his own cake, and one candle with each child's name.

Present were Kay Peters, Mary Ann Page, Paula Jo Mace, Jerry Shugart, Scott McGregor, Kara Lynn Rogge of Sonora, Steve Whitten, Lynn Meador, Susan Hill, Monty and Phil Montgomery, Butch Knouse of Los Angeles, Sherry Englert, Pam Jones, Judy Belcher.

Mr. and Mrs. Jack Beaty of Peoria, Illinois, visited recently with Mr. and Mrs. Ernie Bauer.

Mr. and Mrs. Fred Watson, Mr. and Mrs. Tom Alexander, and Mr. and Mrs. E. D. Otis of Fredericksburg will leave Friday morning for Port Aransas on a several-day fishing trip.

ATTENDS OSTEO CONVENTION
 HOUSTON, Tex., April 28.—Dr. M. G. Holcomb, osteopathic physician of Eldorado, attended the 51st annual convention of the Texas Association of Osteopathic Physicians and Surgeons, which was held at the Shamrock hotel, Houston, from April 26-28.

Osteopathic research, surgery, structural diagnosis and postural defects were among the subjects discussed at the three-day meeting. Among the featured speakers were Dr. Vincent P. Carroll, Laguna Beach, Calif., president of the American Osteopathic association, and Dr. R. C. McCaughan, Chicago, Ill., executive secretary of that association.

The Albert McGinnes family visited Saturday with Mr. and Mrs. Bill Brooks and Mr. and Mrs. Bill Hawkins in San Angelo.

Guests of Mr. and Mrs. Andrew Nixon last weekend were Mr. and Mrs. Elvin Weathersly and Jane and Elvin Jr. of San Angelo, and Pauline Nixon and Frank Franklin also of San Angelo.

Restraint of Credit Being Applied To Check Inflation

Pursuant to the provisions of Section 708 (a) of the Defense Production Act of 1950, and with the approval of the Board of Governors of the Federal Reserve System in accordance with the functions delegated to it by Section 701 (a) (2) of Executive Order 10161, a statement of principles has been drafted which would materially affect various types of credit and financing in the future. All financial institutions have been requested to conform to and participate in such a program.

Under this statement of principles, it shall be the purpose of financing institutions to extend or grant credits in such a manner as to help maintain and increase the strength of the domestic economy through restraint of inflationary tendencies, yet help finance the defense program, including the essential needs of agriculture and other industries similarly related to defense. Operation of financial institutions under and in cooperation with the program of credit restraint makes it increasingly necessary for lending agencies, including commercial banks, to screen loan applications closely on the basis of their purpose, in addition to the usual tests of soundness.

The program classifies such loans as would be employed in defense production, and loans for the production, processing and orderly distribution of agricultural products or commodities, and loans for other and similar related purposes to be proper and conforming. On the other hand, loans for speculative investments or purchases, loans to acquire or retire corporate equities in the hands of the public, and loans for the expansion of real estate holdings or plant facilities, or for the abnormal increase or accumulation of inventories in expectation of resale instead of use, are classified as inconsistent with the principles of the program.

The full text of the statement of principles of the program was announced this week by the Eleventh District Commercial Banking Credit Restraint Committee at Dallas.

WOMEN MEET MONDAY

Presbyterian Women of the church met at the home of Mrs. Bert Page Monday in all-day session, 15 taking part in the day's lessons.

Each officer reported her work for the coming year, outlining her aims and duties as she had previously studied and outlined them. Mrs. John Miller, taking the place of the late Mrs. Joe Edens as secretary of education, was the only new officer reporting; the others were starting on the second year of their two-year terms.

Plans were made to entertain the Senior Class with a chuck wagon breakfast Wednesday morning at the Roadside Park.

Calvin Matthews, who drives a truck for Paul Haley, is moving to Eldorado from San Angelo this week.

METHODIST WSCS

Mrs. J. E. Tisdale led the mission lesson from the fourth chapter of the study book when Circle No. 1 of the WSCS of the Methodist Church met Monday afternoon at the church. Mrs. Arthur Davis was hostess, and twelve members attended.

Mrs. Victor Sauer and her family had as guests from Monday to Wednesday her sister Mrs. Curtis Bisenbach and children and her sister-in-law, Mrs. Jack Costello, and son of San Angelo.

Mrs. Jessie Price of Anderson spent the week end here with her brother, Noel Janes and family.

Mrs. P. B. Glenn and Mrs. J. R. Glenn of Cleburne have been visiting their sisters, Mrs. W. R. McCravy and Mrs. J. F. Kinser.

REV. CLIFFORD NELSON AT BUSINESSMEN'S CLASS

The Rev. Clifford Nelson, pastor of the First Baptist Church, will be speaker Sunday morning at the Businessmen's Bible Class, which meets in the Memorial Building.

SINGING SUNDAY

There will be regular Community Singing Sunday afternoon at the Memorial building. The entire community is cordially invited to attend.

Mrs. Gertrude Johnson of Rudd route has been recovering from a recent illness at the home of her sister, Auta Mae Bradshaw. Mrs. A. L. Westbrook of Miles spent a week here with her and returned home with her husband who came down for the weekend.

Santa Fe

It's great entertainment! Take the whole family!

Outdoor Girl

You can pay more but you can't make a better buy in a convertible! You get the quiet, get-going power of a V-8 engine... the type of engine now powering the top models of America's top cars. It's fuel-saving power, too, with Ford's Automatic Mileage Maker squeezing the last ounce of power out of every drop of gas. And you get a ride that's the equal in comfort of far costlier cars, with Ford's Automatic Ride Control self-adjusting the ride to the road.

They're built for the years ahead!

Glamour Girl

If you want to enjoy the wide-openness of a convertible and still have a steel-topped car, you can't buy better than Ford's new Victoria! It offers you your choice of 5 beautiful solid colors or 4 smart two-tone combinations (with color harmonized interiors). And for automatic driving at its finest, it offers Fordomatic* the newest, most advanced of all automatic drives!

When you buy for the future—buy

FORD

All-around Girl

One moment, Ford's "Country Squire" is a beautiful eight-passenger station wagon... the next, it's a rugged hauler of half-ton loads. No other low-priced station wagon offers you so much one-level floor space or your choice of V-8 or Six engines. And only Ford, in its field, offers you your pick of three great transmissions: Conventional, Overdrive* and Fordomatic.*

You can pay more but you can't buy better.

*Optional at extra cost. Fordomatic available with V-8 only. Equipment, accessories and trim subject to change without notice.

Presbyterian Church Entertains Seniors; Breakfast At Park

Presbyterian Women of the Church entertained with a chuck wagon breakfast at the Roadside Park Wednesday morning, honoring the Seniors of Eldorado High School.

Attending from the church were Mr. and Mrs. Edwin Jackson, Mr. and Mrs. Leslie Baker, Mrs. John Williams, Mr. and Mrs. James Page, Mr. and Mrs. R. J. Page, Jess Walston, Mrs. H. T. Finley, Mrs. Marvin McAngus; faculty members were Mr. and Mrs. Price, Mr. and Mrs. Griffin and Mr. and Mrs. Gary, also Supt. C. A. Reynolds.

The coffee, toast, bacon and eggs and jelly was prepared at the Roadside park, and served there at 7:30 to about 50 people. Each Senior brought an invited guest.

The First Baptist and Methodist churches are also making plans for entertainment for the Seniors in the near future, dates to be announced soon.

Mr. and Mrs. J. A. Neill spent last week in Brownwood conducting business and visiting friends, Mr. and Mrs. Johnnie Frazier.

Mrs. Max Henry and son are here visiting Mr. and Mrs. C. C. McLaughlin. Mr. Henry will bring his band from Ft. Stockton to San Angelo tomorrow, to hear the Navy band.

How's Business?

By Roger W. Babson

BUSINESS SLIPPING

The volume of business, as measured by my Composite Business Chart, is 28% above normal. This is five points lower than it was at this time last month. It is also eight points lower than the high point of this year. The year opened with the volume of business at 36% above normal and it declined each succeeding month with the exception of April, when it advanced three points over March and within three points of the high for the year. While the volume of business has declined the country continues to enjoy a very high volume of business.

The decline, in a large measure, is due to reconversion from peacetime goods to the production of war material—and especially to the shortage of certain commodities that are being held for war purposes. The volume of business is being determined by the war situation and War III possibilities. War or no war, Democrat or Republican, Internationalist or Isolationist, the preparation for a possible War III will go on for some time. Heretofore, we have been caught unprepared and it has taken us several years to build up our war potentialities equal to that of our enemies. We are tired of that. From now on we are going to be militarily strong and if Stalin or anyone else wants to knock the chip off our shoulder let them do it. We don't want war. We want peace. Apparently one way to assure peace may be to be prepared for war all the time.

From a business standpoint the above program means that we should have a high volume of business for at least one or two more years. Of course, many unpredictable factors may occur at any time that may change the entire picture; but we are getting tired of having our domestic and economic life determined by the foreign situations; and especially by Joseph Stalin if it is his purpose to control the entire world! If we want to prevent that we must be militarily strong and stay that way in spite of the insidious propaganda of the undercover Communists.

Chemical Mesquite Control Studied

COLLEGE STATION—Chemical control of mesquite on range land is receiving a great deal of attention by ranchmen and by various agricultural agencies.

More than 6,000 acres of range land in Reagan County will be sprayed this spring with ester of 2, 4, 5-T. According to County Agent E. O. Nevills, this chemical will be applied by airplane at the rate of two-thirds of a pound of 2, 4, 5-T to one gallon of diesel oil and three gallons of water per acre.

Most Texas range lands are producing only 50 percent of their former capacity, A. H. Walker, Texas A. & M. extension range specialist said last week.

★ **AL-TRUISMS**

—By Al G.

A train ride for several elementary grades is planned by room mothers of those grades, Mrs. Luke Thompson, Jr.'s first grade, who are going to Sonora today, Mrs. Charles Reynolds' second grade, and Mrs. D. C. Royster's second grades, going Friday. Picnics or other entertainment are planned for Mrs. Newport's first grade, and Miss Hyatt's first grade, and others.

Sponsored by relatives and friends and held two days early, the birthday party for Mrs. Laymon Hazelwood Saturday night was a complete surprise to the honoree. Hostesses were Mrs. P. W. Hazelwood, Mrs. Houston Thigpen, Mrs. Vernon Hazelwood, Mrs. Vernon Carroll, Mrs. Tom Carroll, and Mrs. Henry Mund.

The twenty who attended all brought gifts, which were opened and the remainder of the evening was spent visiting. The hostesses served cocoa, coffee, and cake. The affair opened at about 8:00 Saturday night. Mrs. Hazelwood's birthday was Monday.

With the arrival of another baby girl in the home of their daughter Betty, the R. L. Bryants are again grandparents. A daughter was born Friday morning at 11:05 to Mr. and Mrs. Sid Rogge of Sonora, in a San Angelo hospital. The young couple have another child, Kara Lynn, 3½. The new baby, who has been named Cathy Jo, weighed 8 pounds

and 5 ounces at birth. Grandparents are Mr. and Mrs. F. A. Rogge of Rowena, and Mr. and Mrs. E. R. Bryant, of Eldorado; a great grandparent is Mrs. Ed Bryant of Rule. Kara Lynn has been staying with the grandparents here for awhile.

The club room at Fife was the place chosen by the members of the Finlay family for their dinner and family reunion last Sunday. Attending from Eldorado were Mrs. R. L. Ballew and Ann and Ray Lewis, Pancho Bradley, Mrs. Frank Bradley and Mr. and Mrs. Will Isaacs.

There were 35 at the reunion, including all of the eight brothers and sisters: Mrs. Frank Bradley and Mrs. Will Isaacs, Eldorado; Mrs. R. L. Pierce, and James, Alec, Donald and Willie Finlay, of Fife, and Robert Finlay of Raymondville—and their families, of course. Some of the Bradleys were also there.

Mrs. Tom Henderson has returned to her home here from San Antonio where her daughter, Jackie, student at St. Mary's Hall, recently entertained her Senior class with a brunch in the Cavalier Room of the Menger hotel. She had 40 guests. Mrs. Henderson reports that the school colors of white and purple were carried out in decorations, and place cards were miniature scrolls.

MERRYMAKERS MEET

The Merry-makers held their regular "42" meeting Thursday afternoon at the Recreation Building. Mrs. Nolen McDonald, hostess, serving a salad plate at the close of the games to four tables of players, including members and six guests. The next meeting will be with Mrs. Will Isaacs next Thursday.

Mrs. Ora Davis has as a guest this week her son Jiggs, (Ora Davis, Jr.), who is employed by the Bridge Mfg. Co. of Detroit, Mich. He arrived here last week and expects to remain through Mother's Day. His brother-in-law and sister, Mr. and Mrs. Bud Russell of Ozona also visited in the Davis home last weekend.

Billy Galbreath of Sonora spent the weekend here in the Leslie Galbreath home and went on to Christoval to visit with his father who is undergoing treatment there.

CUBS ATTEND CAMP SOL MAYER SAIL BOAT RACE

The West Ranch District annual Cub Scout sailboat race and Cub Adventure trail was held Saturday, April 28, at Camp Sol Mayer, near Ft. McKavett.

About 85 gathered there through the morning, and races started at 10:30 a.m., with Pack 18 of Eldorado, Pack 19 of Sonora and Pack 53 of Ozona participating.

Kenneth Townsend of Eldorado won the sailboat race, and Pack 2 of Sonora won the den boat building award. Following a picnic lunch the dens participated in these events: Leaf matching, collecting of sails, parcel post, obstacle race, just listen, Cub songs and yells, bombs away, track identification, personal cleanliness events, baseball throw, and feats of skill.

Attending from Eldorado were Ted Kogut, G. L. Johnson, Mrs. Forrest Runge, Mrs. W. C. Parks, Mrs. Frank Prochaska, Mrs. Shore, Mrs. Jess Walston, E. Nimitz, and Messrs. Roach and Townsend, and the local pack.

Cubmasters there were Grover Lee Johnson, Eldorado, Rev. W. H. Marshall, Sonora, and Ray T. Caswell, Ozona, and other Scout officials also assisted.

Miscellaneous Shower Honors Recent Bride

Honoring Mrs. Charles H. Jackson, recent bride, women of the Baptist Church of Christoval entertained with a miscellaneous shower Thursday afternoon in the Veterans' Building.

The program included a song, "It Is No Secret," by Wanda Lee Skinner, accompanied by Mrs. C. C. Holder, and a reading, "To the Newlyweds," by Mrs. Gene Jones, Jr.

Mrs. J. W. Warnock presided at the punch bowl and Mrs. W. G. Swart registered the guests. Spring flowers decorated the reception rooms.

Gifts were received from about 100, and out-of-town guests were present from several places, including Eldorado.

In charge of party arrangements were Meses. Warnock, Tom McGill, J. L. Murray, Lewis Hale, Louis Deats, T. P. Montgomery, Sam Calhoun, Jack Skinner, L. L. Word, Gene Jones, Jr., and W. C. Swart.

Mrs. Junior Isaacs and daughters of Menard have been visiting in the Isaacs and Enochs homes and attended the May Fete Tuesday night.

D. A. R. Meeting

The El Dorado Chapter D. A. R. met Tuesday in the home of Mrs. Luke Thompson Sr. with Mrs. J. E. Hill as co-hostess. Miss John Alexander, Regent, presided at this last meeting of the chapter year.

It was decided to give \$5.00 to the local library. Relics of wood from the White House were shown; these pieces are enough to make a gavel and will be on exhibit at Hoover's. Letters of thanks were read from two approved schools for contributions from this Chapter. Mrs. Mary Coupe was endorsed as Member at Large of the Library Committee.

Mrs. C. M. McWhorter was leader for the program which followed. Mrs. V. G. Tisdale made a report on the Continental Congress which convened lately in Washington, D. C. She read the address which Gen. Douglas MacArthur gave at one session. He praised the continued vigilance of the Daughters for their work against subversive forces within our own country; and urged them to continue their efforts to keep the fundamentals of our Government intact. Mrs. Tisdale then made a report of the State Convention which met in March in Corpus Christi and to which Mrs. Cora Millar a member of this Chapter was a delegate. This Convention went on record as opposing World Government; and as being opposed to several textbooks which are now being used in Texas schools and which are teaching subversive ideas. Mrs. Millar reported the Memorial Services as being beautiful and impressive. There were 52 members who passed away last year. As each name was called, representatives from her Chapter stood until a white carnation was placed in the evergreen wreath at the front. Mrs. Millar stood while the name of Mrs. Joe B. Edens was called and the flower placed for her memory.

In the Installation of Officers which followed, Mrs. McWhorter was installing officer. Mrs. J. E. Tisdale was installed as Regent for the incoming year; Mrs. E. C. Hill, First Vice-Regent; Mrs. V. G. Tisdale, Second Vice-Regent; Mrs. John Luedecke, Chaplain; Mrs. C. M. McWhorter, Secretary; Mrs. Mary D. Coupe, Treasurer; Mrs. L. M. Hoover, Registrar; Mrs. W. O. Alexander, Historian; and Mrs. J. E. Hill, Librarian.

Miss John Alexander made the annual report and thanked the Chapter for the cooperation she has had the past two years. Other officers made their reports, also. Mrs. Coupe reported that the Library received 500 books the past year; that it is open five afternoons each week; it now has a new Encyclopedia Britannica and an unabridged dictionary and stand. The Library has now been serving the people for 16 years.

Mrs. J. E. Tisdale appointed her Department Chairmen and various committees. The Chapter then adjourned to meet the third Thursday in September. Refreshments were served of ice cream and cake to the following: Miss John Alexander, Mrs. W. O. Alexander, Mrs. J. E. Hill, Mrs. Ed Hill, Mrs. Mary D. Coupe, Mrs. W. F. Meador, Mrs. John Luedecke, Mrs. J. E. Tisdale, Mrs. V. G. Tisdale, Mrs. Luke Thompson, Mrs. L. M. Hoover, and Mrs. C. M. McWhorter.

Final Shipment Made On School Equipment

Final shipment on school furnishings, delayed because of strikes during the year, has been received, and is being unpacked and installed this week.

In this shipment are lab tables, shelving, cabinets and other furnishings for two science rooms and the home making department, purchased from the Hamilton company.

A recent purchase also are large black letters identifying the school. These are now in place on an east wall of the school, and can be easily seen from the highway.

The Earl Parkers have had as guests Mr. Parker's mother, Mrs. Jess Walker, and niece Joy Dodd of London.

Mrs. A. J. Roach underwent surgery Wednesday at St. John's in San Angelo, for a shoulder and neck ailment which has been causing trouble for several weeks. Jim Tom took her to San Angelo Monday and she remained there for the operation yesterday. Relatives have been visiting her at the hospital.

Mr. and Mrs. Don McCormick, Mr. and Mrs. Allen Kuykendall, and David, Mrs. Delbert Taylor, and many others accompanied the local band to Brownwood last weekend.
