Business Improved

A large-scale enlargement and remodeling program, estimated to cost \$70,000, is now under way at the Food Mart. The project is slated for completion by the middle of March or the first of April.

Station Damaged

An auto carrying three members of the armed services, two Air Force officers and a Wac, failed to negotiate the curve coming into Robert Lee from the east at 4 a.m. Sunday, crashed into the Conoco service station operated by Howard Varnadore.

The crash knocked down both pumps and did other damage. The car, a 1951 Pontiac, will require repairs costing \$500.

Meters For Mason?

An election which will determine the fate of the parking meters has been called for Tuesday, Jan. 23. This carries out the agreement under which the meters were installed last March, at which time City officials announced that the meter company was installing the equipment with agreement that the meter company would remove the meters at a later date if they were voted out by the public.

Water For Bronte

Officials of the City of Bronte Wednesday signed the contract between the City of Bronte and the Upper Colorado River Authority. The contract was to be delivered to L. T. Youngblood, chairman of the UCRA, yesterday for action by his group.

City officials were empowered to sign the contract in a City election last Saturday when 67 voters voted

unanimously to give them the authority to do so.—Bronte Enterprise.

To Retain Meters?

Whether all or part of the downtown parking meters remain in use or are discontinued will be determined by the vote of the citizens of Junction in a city election on Feb. 9th.

The election was ordered by the City Council at a meeting in the City Hall Tuesday evening. The year's trial period on the 136 downtown parking meters ends January 25.

The ballots will be worded so that the voters may keep them all or may choose to keep the ones on Main Street and discontinue those on the side streets.

All members of the council present expressed favor of keeping the meters in some form because of the financial benefits to the city during the past year.—Junction Eagle.

Five Polio Cases

San Angelo physicians have diagnosed as polio the illness of the four children of Mr. and Mrs. Clifford Hicks and a son of Mr. and Mrs. A. R. Mullen, all residents of the Texas-New Mexico Pipeline Co. camp 8 miles west of Ozona on Highway 290.

The children were stricken Sunday and Monday. The Hicks children, Wayne, 14; Bobby, 11; Paula, 9; and Billy, 4, were brought to the Ozona Hospital Sunday night and Monday.

Bill Mullen, about 10, stricken Monday, was taken to San Angelo because the local hospital was filled to overflowing.—Ozona Stockman.

Politics Active

Political activity got into high gear in Menard county this week when seven candidates for county offices made their official announcements.

Included in the group are five persons seeking re-election, including Lennie Ellis, county treasurer; Ada Martin, county and district

clerk; Justice of the Peace W. H. Franks; Commissioner Woodrow Wilkinson, precinct 2; and Melvin Swindall, commissioner, precinct 1. The others are Macy Haygood, Sr., and Cecl Walston. Haygood, seeking election to the post of precinct 1 commissioner, is making his first political campaign in this county.

Walston, who served as sheriff, tax assessor-collector several years ago, is asking for election to the post now held by Gay Miller.—Menard News.

Eden Coach Resigns

Following a meeting with the school board at Ft. Stockton on Tuesday night and a telephone call late Wednesday evening, Coach B. D. (Bill) Ford, Eden's head coach, announced to The Eden Echo that he had tendered his resignation as coach here to accept the position as coach at the Ft. Stockton schools on a three-year contract, to become effective at the close of the present school year, in May.

Coach Ford, who came to Eden some seven years ago on his first coaching job, has brought Eden much glory in the Class A football history for West Texas. During his seven-year tenure here, Eden has won six championships out of seven, one regional, two bi-districts, climaxing this year with an undefeated regular season. With an average of about 80 per cent wins of the games during the entire seven year period.—Eden Echo.

Man Is Killed

Carlton Eugene Stetler, about 25, was shot and killed here last Monday night about 9:00 by Terrell County Sheriff J. S. Nance. The sheriff was in the act of transferring the man to the jail cell on the third floor of the courthouse from the lock-up on the first floor when the shooting occurred. The man had been found guilty in county court Monday of aggravated assault and resisting arrest and was sentenced to thirty days in the county jail.—Sanderson Times.

TERRACES FOR SOIL AND WATER CONSERVATION

Ben Hext of the Eldorado-Divide Soil Conservation district is having level wide base terraces constructed on 50 acres of his cropland, 6 miles southwest of Eldorado.

With the completion of the terraces needed on the 50 acres, cropland which was put in cultivation last year, Hext will have all terraces needed on his 127 acres of cropland.

Realizing the need for soil and water conservation practices Hext has also been steadily applying conservation practices needed on his place since he became a co-operator with the Eldorado-Divide Soil Conservation District in 1949. All terraces needed on the 77 acres of old cropland were constructed in 1949, along with 3 mile of diversion terrace. Other conservation practices applied in 1949 were contour farming and crop residue management.

The level wide base terraces are being constructed by Hazelwood brothers of Eldorado with farm tractors and whirlwind terracers.

Hext is receiving assistance through the Schleicher County P. M. A. office in paying for the construction of the level wide base terraces.

Soil conservation personnel of the Eldorado Work Unit ran the level terrace lines for Hext and will check them for completion.

RETIRED PASTOR DIES

Mr. and Mrs. Bill Sproul, after the death of his wife. He was born in Missouri, in 1861, was ordained a Methodist pastor in 1891 and retired from the ministry in 1919.

Funeral services were held at the Mission Funeral Home on Saturday and interment was made at San Marcos.

Survivors include three daughters, Mrs. Bill Sproul of Menard, Lula May Garrett, a government employee in Tokyo, Japan, and Nanna Garrett of Lampasas; two sons, Charlie Garrett of Ashdown, Ark., and Smith Garrett of Gurdon, Ark.; one brother, Felix of San Simon, Ariz.; three sisters, Mrs. Julia Wolf of Lampasas, Mrs. Mattie Cheek of Eldorado and Mrs. Elizabeth Green of Roswell, N. M.; three grandchildren, and one great grandchild.

ARE YE SPIRIT OR CARNAL MINDED?

"They that are in the flesh cannot please God, but ye are not in the flesh, but in the spirit, if so be that the spirit of god dwell in you. Now if any man have not the spirit of Christ, he is none of his. And if Christ be in you, the body is dead because of sin, but the spirit is life because of righteousness." Rom. 8:8-10.

Here by contrast we have direct from the word of God a picture of the lost man and the saved man.

In verse eight the unregenerated man cannot please God. You may read your Bible, pray, do good work, give your body to medical science, go to church, be a church member, be baptized, but these or all of these will only condemn you unless you have been born or saved. You must have Christ dwelling in you. Then and only then can you please God.

Come to church.—Rev. F. H. Pryor, Fundamental Baptist church.

INCOME TAX MADE EASIER ON SALE OF RESIDENCES

Changes in the Federal income tax law make the purchase of homes more attractive to families in Schleicher county than at any time since individual incomes first were made subject to tax, according to Foxworth-Galbraith, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"Under the new law, the profit realized from selling an existing home which has been occupied by the owner is not taxable provided the entire selling price is reinvested in a new residence within one year," Mr. J. H. Mace explained.

"Until the new law was enacted by Congress, any profit received from the sale of a home was subject to the capital gains tax, which ranged as high as 25 and 50 per cent, depending on how long the owner had held title to the property."

Mrs. W. F. Parrent is undergoing treatment in the Maginot Clinic this week.

Mrs. W. O. Cozzens and daughter Pamela of Midland visited here recently with Mrs. Mattie Cozzens and in Junction with Mrs. Frank Black.

CENSUS SHOWS FARM PHONE NUMBERS ALMOST BACK TO LEVEL OF 1920

The percentage of American farms with telephones is almost back to the level of 30 years ago, according to an analysis by the U. S. Department of Agriculture of preliminary 1950 census statistics.

Census takers last year found that 38.3 percent of all United States farms had telephone service, according to preliminary returns, as compared to 38.07 percent in 1920.

Numerically, 400,000 fewer farms had telephones in 1950 than in 1920. Preliminary reports show that last year there were 2,059,474 telephones on farms.

Emergency Resolution

The City Council met in regular meeting, January 8, 1952, and among other business transacted, the trash hauler had quit, leaving the town full of rubbish with no way to dispose of same.

After going into all the details of the expense of hauling this trash from the City, the City Council decided to raise the salary of the trash hauler, and also raise the price of each residence and business house and house trailers in accordance to the work performed.

Motion by C. C. Henderson, seconded by Ray Hudgens, to amend the minutes of July 12, 1949, in which the tabulating of the trash hauling election passed by 74 in favor and 10 against, stipulating the amounts to be charged to the users of this service.

This including all residences within the City limits, all water users outside the City limits, and all trailer houses. The fee shall be fifty cents (50c) per residence, and the business houses shall have a two-dollar and fifty-cent (\$2.50) service, scaling the fee down to one dollar (\$1.00) according to the service rendered.

Business houses to be serviced daily and residence section of town to be serviced twice a month.

These new rates shall become effective February 1, 1952.

Motion passed, instructing A. J. Atkins, Secretary, to have the above resolution run in the local paper for a period of two weeks.

The above transaction was declared an Emergency, and will become effective when someone is found to haul the garbage from the City.

L. J. ALEXANDER

L. J. ALEXANDER IS PROMOTED IN SAN ANGELO

Another local boy gets a promotion!

L. J. Alexander, son of Mr. and Mrs. Ollie Alexander, has been promoted; he is now a vice president of the San Angelo National Bank, adding the vice presidency to his former position as trust officer.

Oldest of the Alexander boys, L. J. started working for the San Angelo National Bank 25 years ago as bookkeeper, following completion of his college work at Howard Payne. He was in the Navy three years in World War II, serving all of that time in the disbursing department. He has a wife and one child.

The Ollie Alexanders of Eldorado have three other sons, John, of the Mercantile National Bank in Dallas, Forrest, an insurance man in Amarillo, and Ollie Jr. of Houston, who was born the year L. J. started work in San Angelo.

George Ochsner of SAC, San Angelo, spent the week end here with his parents, Mr. and Mrs. L. D. Ochsner. He had been at Galveston recently to take in the Oleander Bowl game, the band, of which he is a member, and the team making the trip in busses. He reports that the band's formations at the half were televised.

The Military

Jimmie Woodward called his parents recently from San Diego to tell them that he was shipping out on Monday of last week, and that he would be away from the States probably for five months.

Tom Bradley will leave for his station at San Diego soon, after spending a month here with his mother, Mrs. Frank Bradley. Last week he spent from Thursday through Saturday in Midland with his sister-in-law and brother, Mr. and Mrs. Bob Bradley and accompanied them to Eldorado Saturday evening.

Lt. Col. H. J. Morehouse and his family, who are visiting here, spent several days last week at the Ralph Fowler ranch home, and were joined there by W. E. DeLong and his family of San Angelo. Mr. Morehouse will be transferred from Maryland to the West Coast, and is visiting here on his way west.

Lewis Kerr, youngest son of Mr. and Mrs. Bud Kerr of Eldorado, arrived in this city Sunday with his wife for a week's visit with home folks. He had expected to be moved to North Carolina, but his orders have been changed and he will remain in California. The couple expect to leave Monday for the West Coast.

Master Sergeant Kerr is with the Marines, serving with the First Marine Air Wing in Japan for five months and in Korea near Pusan 11 months. He states that the field was back of the lines, and he had not witnessed actual combat, but that he saw many wounded men, and planes returning damaged or not returning at all.

He states that while he had been in service 11 years, and had been stationed with other soldiers from all parts of the world, he had never been lucky about seeing boys from Schleicher County. He recalls that the last boy from home he had seen in service was Two-Bit Meador whom he ran across in Auckland, New Zealand, in 1943, and that before that time he had seen Red Jones in Hawaii.

He was glad to get back to Schleicher County to see his parents, whom he had not seen in five years, and other friends in the county. He came in to Eldorado from Fort Stockton and Ozona, and from there home on the new West Highway, which impressed him as being a great improvement for the county.

He was also impressed with the many changes in Eldorado, the many strange people on the streets, the new businesses, and especially with the air of activity in the business district—a contrast with quiet business conditions in the depths of the war years.

Lewis is expecting to remain in service for some time. He and his wife own a residence in California.

BERNELL DOYLE IS HOSTESS AT SLUMBER PARTY

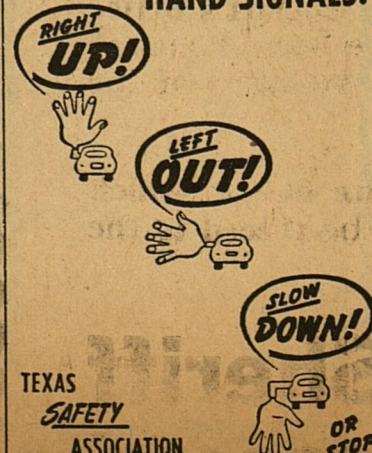

Bernell Doyle entertained Friday with a slumber party honoring Cora Lee Barrett, who expects to move soon to Hobbs, New Mexico. The girls made the trip out to Doyles on the school bus, took a moonlight hike later in the evening and another the following morning, and in the afternoon came to Eldorado to take in the basketball tournament.

Attending in addition to the hostess and the honoree were Barbara Spencer, Melba June Wilkerson, Ann Edmiston, Nancy Jo Elder, Gaynell Belk, Wanda Jo Owens, and Juanita Henderson. Melba June remained to spend the week end.

Forrest B. Alexander of Amarillo spent the week end in Eldorado visiting his parents, Mr. and Mrs. W. O. Alexander. He is a special agent for the American Indemnity Insurance Company of Galveston. His territory covers most of north-west Texas, and when business in this section of the state demands his attention, he always comes by to visit his parents. On Sunday L. J. Alexander and family of San Angelo, another son, came out and spent the day with the family.

President Truman, General Eisenhower and Winston Churchill vied with each other for front page space in Washington last week, as Congress convened, politics buzzed, and Anglo-American problems were given a going over.

The President's annual State of the Union message, required by the Constitution, was pretty much a rehash of the one a year ago. It reviewed world events, promised a liberal amount of welfare for most every one, but was more conciliatory in that it did not dwell so much upon civil rights and the Fair Deal program. With Mr. Churchill and Anthony Eden looking on from the gallery, Mr. Truman talked for 35 minutes to a packed gallery and House chamber. The Prime Minister is scheduled to make a formal address to the House and Senate on January 17.

Everywhere up here these days politics is in the air. It is strictly an election year atmosphere—which is not given to much progress in constructive legislation. But the session will probably be a comparatively short one, with both sides girding themselves for

the big political battles of the summer and fall. Both House and Senate are due to get down to work with but little delay, and the 'must' legislation will be taken up earlier than is usually the case.

General Eisenhower's entrance into the Presidential campaign is claiming a lot of attention, as would be expected. In the cloak rooms, restaurants, in taxicabs and on Washington street corners, people are scenting a possible grassroots upsurge in public clamor for a change in the White House when the November election comes around. And they wonder if Eisenhower can withstand the hard knocks of political realism. Even President Truman jovially suggested that the General would find out a lot about himself that he never knew before.

Under Army regulations a soldier is not allowed to actively campaign for public office. He can run but he cannot issue political statements or make campaign speeches. That means that the Eisenhower race will be in the hands of friends, with about everything the General has ever said in print being pulled out, dissected and all sorts of interpretations placed upon them.

On the other side of the picture will be the choice of a Democrat to carry the torch for the Party that is being challenged. You can hear about everything on Capitol Hill, but there seem to be but few who think Mr. Truman will run. But he is the unpredictable type, and that cannot be overlooked.

The average dopester seems to think the President would welcome a contest with Senator Taft but doesn't cotton up to the idea of fighting it out with Eisenhower, if the Republicans nominate him. If he is nominated he would then be relieved of his command in Europe

and would return home for an active campaign. That might happen even before the conventions.

General Eisenhower is a Kansan, but, by accident is a native Texan, having been born near Denison. In 1944 when a small group of Congressmen were on a mission in England, the General heard about it and invited the group to visit him at his then secret headquarters near Paris. That was in September. Bob Poage of Waco and I were in the group, and we had the privilege of talking with the Allied Commander for two or three hours. I recall that Poage called the General's attention to his Texas birth.

"That's true," replied Eisenhower, "but grasshoppers were to blame for it! You see, the grasshoppers ate my father's crop up over in Kansas and he moved temporarily down to Denison where he could get a job. While the family was living at Denison, I was born. And so I guess you can blame the Kansas grasshoppers for my being born in Texas!"

But he said he took pride in his Texas birth, and had high praise for the courage of Texas troops.

Scald Vegetables For Deep Freeze

COLLEGE STATION — Should vegetables be scalded before freezing? This question is the one most often asked the foods and nutrition specialists of the Texas Agricultural Extension Service. Farm housewives especially are interested in simplifying the work involved in home preservation of food. When there is a heavy yield of green beans in the garden, is it all right to package and freeze without taking time to preheat, cool and drain? Jimmie Dell Harris, foods and nutrition specialist, answers by saying that scientists have concluded from many experiments that scalding is a necessary step in preparing most vegetables for freezing, regardless of how long they are to be stored. Scalding stops certain undesirable changes such as loss of quality and vitamin content. Heating gives a brighter color, shrinks the food, further cleans the product and stops the action of enzymes.

Scientists of the Minnesota Experiment Station made tests of three vegetables, asparagus, green beans and corn, which often mature at the same time. One lot of each vegetable was prepared by the recommended scalding while another lot was frozen without preheating. Ears of corn were shucked, packaged and frozen, while others were frozen in the shuck.

All the vegetables frozen without preheating developed off flavors within a month, but those scalded before freezing showed little or no change. Unscalded and frozen green beans and asparagus lost their attractive color as well as flavor.

H. Leslie Jones and Mrs. Camilla Raggio will leave today for Amity, Arkansas, with Mrs. Lewis Baker, who is returning to her home there. Mrs. Raggio spent the past three weeks in San Antonio with a sick friend, returning home Monday evening.

Mr. and Mrs. D. C. Hill, who have been on the sick list, are reported to be improving.
