

## Fisher Announces For Re-Election As U. S. Congressman

O. C. Fisher, candidate for re-election to the post of U. S. congressman from the 21st district of Texas, authorizes the Success to place his name in our political columns, with the request that his constituents consider his bid for re-election on the basis of his record.

Congressman, Fisher, now serving his fifth term, uses as his slogan, "Work for him while he works for you!" He is well and favorably known in this ranch country, and several times has not even had an opponent. His home town is San Angelo.

Here is a brief history:  
County attorney, elected in 1930, re-elected in 1932.

State representative, elected in 1934.

District attorney, elected in 1936, re-elected in 1938 and 1940.

Congressman, elected in 1942, re-elected 1944, 1946, 1948, 1950.

On subjects of keeping America strong—fighting Communism and appeasement, reducing nonessential bureaus, opposing left-wing policies, maintaining sound government, protecting legitimate rights of all segments of agriculture and livestock raisers, support of REA, advancement of cause of education, putting the public interest ahead of pressure groups, building flood control projects—he has been in there fighting.

Fisher belongs to that school of thought that believes in the constitution, in States' rights, in less concentration of power in Washington and in less unnecessary regimentation of the people. He fights against subtle attempts to undermine the American system of free enterprise, now under attack around the world.

In Congress he has stood for sound principles of government, featuring a free society, against the attacks that are constantly being made by left-wing zealots, with their fellow travelers and fellow-wanderers.

Whereas:  
Every citizen should keep himself continually acquainted with

## Funeral Here Tomorrow For Eldorado Soldier

Corp. Walter E. (Peanut) Jones, 23, son of Mr. and Mrs. Noel Jones, was killed in a truck accident Monday near Newman. He had been stationed at Ft. Bliss about a year and a half.

Details of the accident are not available here today, but it is definitely known that he was not the driver of the truck.

The body will be shipped from Martin Mortuary, El Paso, and brought to Eldorado by train Friday, for funeral services which will be held Friday at the First Baptist church at 2:30, with military rites at the local cemetery where interment will be made. The Rev. F. H. Pryor, pastor of the Fundamental Baptist church, will conduct the funeral services.

Born At Merkel  
Walter was born near Merkel, on November 28, 1928, and moved with the family in his early childhood to Schleicher county, where they lived successively on the Pflueger place, the Pete Parker farm and at Truett Stanford's. Before that time they had lived for brief periods at San Angelo and other places.

The Joneses then moved to Eldorado, Walter transferring here from Bailey Ranch school on Sept. 22, 1942.

His School Record  
In EHS, he played football three years, and was manager of the football squad one year, played basketball and baseball two years each, was a member of the science

club two years and of the Commercial club a year. On May 20, 1948, he graduated from EHS.

In October, 1948, he began working for Lum Davis at Davis Corden, quitting his job there at the end of September, 1950, when he received his call for military service.

Later that year after a short stay in San Antonio he was moved to Ft. Bliss, El Paso, and his death occurred near there.

During a revival conducted at the Fundamental Baptist church in early June, 1946, with Rev. Claude Bonnam of Kansas City holding the services, Walter was converted and became a member of that church, to which his family belonged.

Surviving Relatives  
He is survived by his parents, Mr. and Mrs. Noel Jones, of near Robert Lee, a sister, Mrs. Patsy Lucas; a half-brother, Newton Jones of Fort Worth, and a half-sister, Mrs. Jimmie Smyth, of Abernathy; also a grandmother, Mrs. Florence Jones of Abilene; a grandfather, W. E. Price of Santa Anna, and several uncles and an aunt and other relatives.

It is expected that a military escort will accompany the body to Eldorado. The family, who moved to a ranch near Robert Lee about six months ago, arrived here last night, also the brother and sisters and all are staying at the home of Frank Valis.

Johnnie Thomas is the name of the son born Monday night at 9:13 to Mr. and Mrs. Jimmie Danford in a San Angelo hospital. The baby weighed six pounds and two ounces. His mother is the former Donnie Ray Furr, and he has four grandparents, Mr. and Mrs. Fred Furr, and Mrs. Ruth Danford of Eldorado and Emmett Danford, Marfa. Mr. Duncan of Calf Creek is a great grandfather.

Mrs. Edwin Jackson, president of Sixth District of PTA, was in Ozona Monday to talk to the club there at their Founders Day meeting.

The S. M. Oglesby has as a guest in their home Mr. Oglesby's sister Mrs. J. L. Mitchell, of Chihuahua, Mexico.

## Completed In The Drouth Year of 1951

Here are two more business establishments that came into being during the drouth year of 1951—Ogdens tourist courts and Long's variety store. Construction on both started the latter half of 1950, but were completed and opened for business in 1951. They both make nice additions to Eldorado's business district and are probably examples of "more to come" as Schleicher continues to develop as an oil and gas producing county.

High prices for vacant lots and restrictions on certain materials are two factors which have slowed down construction of business buildings. Housing units continue to be built at a rate of four a month.

**WHAT THE LORD REQUIRES**

"Now, Israel, what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all His ways and to love Him and to serve the Lord thy God with all thy heart and all thy soul." Deuteronomy 10:12.

Here, in the word of God, is recorded some of the sweetest words under heaven. The Lord God Almighty, the Creator, the El Shaddi, the prince of peace, the Saviour begs and asks of the man on this earth who He has redeemed to walk in His ways. "His ways" are wonderful to ponder upon. It means that He will guard, guide, protect, and see that no harm befalls you when you walk in His commandment. He even asks His people to love Him. This is one thing the man of today forgets the quickest.

Friend, do you love God? Really, honestly, sincerely? Do you praise Him hourly? Do you pray continually? Do you worship Him? Do you adore Him? Do you fall at His feet daily? Do you read His word? Do you thank Him for salvation? When was the last time you shouted for joy? Are you really born again? Come to church. —F. H. Pryor, Fundamental Baptist church.

**First Baptist News**

Sunday was the poorest day in attendance that we have had since becoming your pastor. We had only 147 in Sunday School, but we had a gain of four in Training Union with an attendance of 52. Everyone seemed to pick this Sunday to be away. The banner class was the Young People with a grade of 66. The onions went to the Beginner department with a grade of 35. A few more lags like this and we will fall so far below our goal that it will be almost impossible to reach our yearly goal of 200 average.

The pastor and Brother J. F. Kinser attended the District 16 convention last Friday which met with the First Baptist church of San Saba. The convention was well attended and a very inspirational program was given. Brother Clifford Nelson had part on the evening session of the program. The District convention will meet next year with the First Baptist church of Coleman.

Several officers and teachers from our church attended the Sunday School Emphasis clinic at Immanuel Baptist church of San Angelo last Tuesday evening. They attended clinics for each department and listened very profitably to Rev. W. O. Beasley, head of the religious education department of Hardin Simmons university. The pastor wishes to express his appreciation for those who attended and wishes that more would have availed themselves of this opportunity.

Each members of the church will be given a wonderful opportunity next week when Rev. Vernon Shaw, field secretary of the Texas Baptist Children's home at Round Rock, will teach the book, "The New Testament Doctrines of the Church." We feel that we should have 50 take advantage of this opportunity. Will we see you in this study? If not, why?

The attendance at our mission for Latin Americans continues to be good, reports Brother R. B. Cooper Jr. There were 39 in Sunday school Sunday. The work is growing and Brother R. B. is doing a good work. His helpers are Mrs. J. B. Montgomery and Mr. E. W. Perry. Mrs. George Williams worked there Sunday in absence of Mrs. Montgomery.

The attendance was good and the interest was fine in the Brotherhood's first annual Sweetheart banquet. Several of the men and their wives (of course they are still sweethearts) attended. The meal was served at 7:00. Following the fine meal prepared by some of the ladies of the church an interesting program was presented. It seemed to be the concerted opinion of all who came that this be an annual affair—now don't you wish you had come and brought your favorite sweetheart?

All of the W. M. S. circles will be meeting at the church this Monday for business and Royal Service program, except the business women's circle which will meet in the home of Mrs. Roy Davidson. We trust that each woman will be in attendance at these meetings as they furnish much of the missionary spirit and information of our church life.

Tomorrow night, February 22, the G. A. and R. A. coronation service for the Concho Valley association will be held at The First Baptist church of Lake View. We are glad that we will have several who will be going for this service. We are hoping that there will be even more ready for the coronation services at our district encampments at Lake Brownwood to be held in June. We trust that a good group of our people will go to this very beautiful and impressive service tomorrow night.

The pastor will preach Sunday morning on the subject, "God's Living Message for a Dying World." Sunday evening at the worship hour we will be privileged to hear Rev. Vernon Shaw bring our evening message. We issue a cordial invitation to all to come visit with us. If you are a Baptist looking for a church home, why look any further? We have a place for all, and all have a place in our church life.

Mrs. Henry Mund has been on the sick list several days this week.

Mr. and Mrs. Grover Lee Johnson of Big Lake spent the weekend with home folks.

Bobby Galbraith has been on the sick list this week.

**TEXAS, AND THE nation** will be a bit worse off as a result of the decision of Rep. Tom Pickett of Palestine not to seek reelection this year.

In the tug of war that goes on year after year up here, the courage and sound judgment of men like Pickett are recognized and appreciated. There is a natural tendency among a few members to court the favor of Party Leadership in order to get more patronage right, more publicity, more petty favors. They are whipped into line. Actually, the vast majority of southern members buck that pressure and put the welfare of the country first. That has certainly been true in the case of Mr. Pickett. And during his eight years in Congress the folks in his district never wavered in their support when attempts were made to defeat him.

**THE WOOL** outlook was considered at a meeting called by Senator O'Mahoney of Wyoming last week. With all segments of the industry represented, the causes of the present stagnant domestic wool market were explored. Among others in attendance were Fred Earwood of Sonora and Earnest Williams of San Angelo. Gene Ackerman of the Wool Bureau, Byron Wilson of the Wool Council; Wm. H. Steiwar, President and Casey Jones, Secretary, of the National Wool Growers' Association were there. Many others representing growers, mills, top-makers, etc., were included, and there were a dozen senators and a half dozen members of the House on hand.

Recognizing a market slump of several months' duration, the causes pointed to included:

1. Abnormally high "dumping" of Argentine and Uruguay wool tops into the U. S. market in recent months.
2. Continuing imports of Australian and New Zealand wools at lower prices.
3. Reduced consumer demand in this country due to the excessive "scare" buying of clothing following the beginning of the war in Korea, and the buyer resistance that followed.
4. Reduced procurement orders for military purposes.

Of these contributing causes to the price slump, most damaging was believed to be the excessive imports from South America. The Argentine government in its craving for American dollars has been, in effect, subsidizing their top-makers who sold their products in the U. S. A. Wool tops, which means raw wool after it has been initially processed, can be sold at prices lower than the raw wool can be sold for by Argentine and Uruguayan growers. Yet, in this country it costs about 48c per pound to manufacture wool tops.

In other words, the same importer will buy Argentine wool at \$1.43 per pound when tops made from the same wool can be imported for \$1.42 per pound. POSSIBLE remedies that were suggested included a realistic "anti-dumping" law, whereby counter-

vailing duties would be imposed to compensate for such subsidizing by foreign governments.

Another suggestion was that the President impose a quota program, something like he did in the case of long staple cotton, wheat, etc. Chances for this form of relief are admittedly remote.

Early announcement of military orders to meet foreseeable needs was suggested.

The growers recommended a program by the Department of Agriculture whereby growers could obtain loans of 90% of parity on current production, to meet the present emergency. This was preferred over the purchase method used in past years. The Secretary of Agriculture is expected to announce a decision on this within the next month.

**Rev. Guthrie Speaks To Methodist Men**

A father and son gathering of Methodist Men heard Rev. Tim Guthrie, pastor of the First Methodist church at Sweetwater, give a talk on "Duty of Man," Monday night in the church basement. The minister discussed duties to God, country, and church, emphasizing that while our boys were dying in Korea we should be especially attentive to the duties.

The meeting was preceded by a chili supper, which the men prepared and served.

Other special guests besides the sons of members were Roy Shilling Jr., assistant pastor of the Sweetwater Methodist church, and six members of his youth department. Bill Warner, district lay leader from San Angelo, presented the charter to this group of Methodist Men, which is now a national organization. The charter was received by Jerry Pennington, who presided.

About 25 placed orders for lapel pins of the organization.

Ministers and laymen from 39 churches of this area will meet in Sonora next Tuesday afternoon and Wednesday morning, Rev. Roy Shilling announced.

**HIGH SCHOLASTIC RATING SHOWN BY ATHLETE**

**EL PASO**—Texas Western college athletes are also good students, according to fall semester grade averages announced. Twenty-three members of the football team earned better than C averages in their studies, and semester hours of credit earned by the entire squad averaged 14.

According to Texas Western's method of rating, an average of 4.0 is equivalent to an A, 3.0 equals a B, 2.0 is a C average.

Bill Humphrey, senior basketball player from Eldorado, posted the highest mark among athletes with a 3.5 average.

The Albert Thigpens had as guests this week their granddaughters, Rose Marie and Betty Louise of San Angelo, who are here while Betty recovers from chicken pox.

Provided moisture conditions improve, some farmers and ranchers of the district will be wanting to plant grass and clover this spring. With this idea in mind it might be well to make arrangements to purchase the seed now as it is almost planting time. In case we do not get sufficient moisture to plant this spring seed will keep until conditions are more favorable.

It is a good idea to purchase good clean seed with a high germination test. If we wait too long seed of this kind are hard to find and are quite expensive.

Grass planting is a rough and tricky proposition any year. Rain-fall uncertainty makes it very risky. The seed can lie in the dry ground without any harm for as long as two or three years. If it doesn't rain at all we have nothing to worry about. The trouble comes though when it rains just enough to germinate the seed, and then turns off dry. The grass might get out of the ground, but if the young seedlings do not get enough moisture to put down some good roots and establish themselves, then they die, and we have lost the seedling and the reseeding has been a failure.

The grasses should be planted as soon as the ground begins to warm up in the spring and mois-

You Can Help  
**SAVE 10,000 LIVES**  
 —Maybe Your Own!

You—the man, woman or teen-ager behind the wheel—have a big responsibility!

In 1950, 35,000 persons were killed in traffic accidents. Last year there was an increasing crescendo of death on the highways—the worst fatality toll in a decade.

What can *you* do about it?

Your acts of safe driving are your contributions toward a greatly lessened death toll. Every time you lower your speed to stay within safe limits, drive more carefully as night and weather conditions demand extra care, stay in your own traffic lane and abide by all the rules of the road, you are contributing to greater highway safety. Being a safer driver is like giving blood for a transfusion to save a life. Taking a heedless chance may spill your blood—or someone's—and waste it on the highways.

10,000 lives to be saved in 1952 is a goal worth striving for by all who drive or walk. Even half that number saved would help stem the rushing tide of death on our highways. Don't ride with the reckless! Most drivers play fair and observe the traffic rules, but some—the speeders, cowboys, road hogs, drinking-drivers and chronic accident repeaters—must be forced to conform. Temptation to follow their bad examples means that more lives will become death statistics.

Be selfish with *your* own life—careful with the lives of others.

Drive As Though Your Life Depends On It . . . **IT DOES!**

**Jiggs Gets Four "Hot-Foots"**

Cappy Miller bought himself a new car. We won't be seeing his old jalopy bouncing over the back roads any more. I'm going to miss it, too.

Many a morning Cappy and I drove off in that rattletrap for a day's hunting or fishing. We'd pile rods or guns in back, and prop open the trunk compartment—so Jiggs, Cappy's pointer, could jump in and go along.

They say when Cappy brought the new car home he opened up the hood to show off the engine—and poor old Jiggs hopped right

in! Figured it was the trunk. He hopped right out in a hurry, too. That cylinder head was mighty hot.

From where I sit, old habits are hard to shake, once they get a hold. Like, for instance, too many people are still in the habit of trying to run their neighbors' lives—telling them how to act, what to wear, whether or not to enjoy a refreshing glass of beer. I say that kind of thinking's outmoded... ought to be turned in for a new model!
