District Championship Is Reward of Game Tomorrow

LARGE CROWD EXPECTED FOR EDEN AND ELDORADO TITLE MATCH

The game of games that everyone has been waiting for has arrived. In Eldorado, tomorrow night the smooth-working Eden Bulldogs will meet the powerful Eldorado Eagles in the last district game of the season. Both teams are undefeated up to this time. The reward for tomorrow night's winner is—district championship.

With any kind of reasonably fair weather, the game tomorrow night will draw a huge crowd from all of the adjoining counties. Officials are making plans for conserving parking space and for the handling of a record crowd.

The game at Ozona between Sonora and Ozona was moved up to tonight (Thursday) in order that fans from those two counties could come to Eldorado tomorrow. Ozona, Menard, Junction and Sonora—all have suffered defeat at the hands of Eldorado and Eden—and are expected to be on hand tomorrow—boosting for one side or the other.

Last Friday night Eden wound up its streak of victories by defeating Ozona 35-6 at the Eden field, and Eldorado took an easy victory over Sonora by a score of 28-0. Records of the two undefeated teams for this season are as follows:

Eden—Won 9, Lost 0
Eden 19—Lohn 0.
Eden 44—Richland Springs 6.
Eden 26—Melvin 20.
Eden 42—May 0.
Eden 46—Mason 12.
Eden 25—Sonora 0.
Eden 41—Junction 14.
Eden 20—Menard 19.
Eden 35—Ozona 6.

Eldorado—Won 8, Lost 0
Eldorado 13—Llano 7.
Eldorado 36—S. A. Kittens 0.
Eldorado 34—Robert Lee 9.
Eldorado 28—Melvin 7.
Eldorado 14—Menard 6.
Eldorado 14—Junction 6.
Eldorado 35—Ozona 7.
Eldorado 23—Sonora 0.

Last Year
The Eldorado Eagles' record this year is similar to last year, when, undefeated, they met the undefeated Junction team here for the district title. Eldorado won 14 to 12. Then went on to defeat Marfa 28-0 in bi-district. For regional honors they journeyed to Eden where they defeated the Bulldogs 27 to 14.

Supt. T. E. Holcomb said that admission would be \$1 for adults and 25c for children. He urged patrons to have correct change and to obey all officials who would be handling the crowds. He said that this biggest game of the year would be made easier with the cooperation of everyone. Gates will open at 6 p.m.

Section Reserved

Supt. T. E. Holcomb states this morning that in anticipation of a heavy Eden turn-out for the Friday night game, one third of the main South stand will be reserved for Eden people. He asks that the general public here cooperate with officials in providing these accommodations for visiting delegations.

BILLY RAY JONES INJURED IN GAME

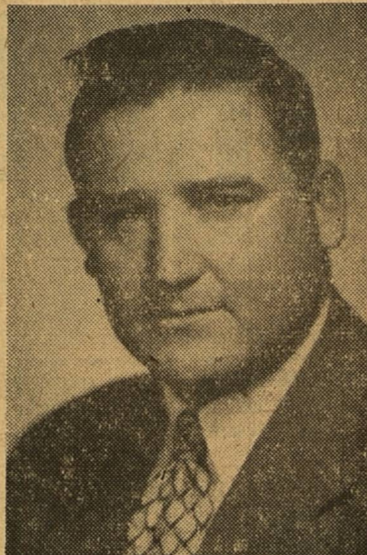

Billy Ray Jones, son of Mr. and Mrs. John R. Jones, received a back injury when he was playing as half back on the Howard Payne team against McMurray, at Abilene. He spent two days in Hendrix Memorial Hospital at Abilene, then went by ambulance to Brownwood, where he is now in the college infirmary, and he is trying this week to keep up with his school work while he convalesces.

BREAD AS WELL AS BULLETS

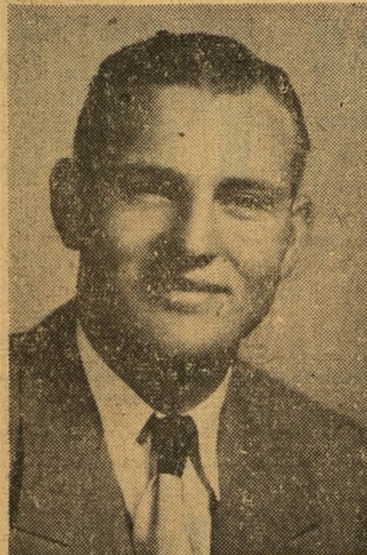

It isn't enough to send our armies to fight aggression. We must fight suffering, too: the suffering of millions of South Koreans who have lost their homes and jobs, of children who have lost their families. Send needed food and clothing textile packages to Korean war victims this Thanksgiving season through the General Federation of Women's Clubs "Care for Korea" Campaign. Contributions in any amount accepted locally by Mrs. May Tisdale. Make out checks to "CARE for Korea Fund" and near bottom of check after For, put "CARE Package."

Jess Koy has gone to Roswell to work cattle for several days on the Koy Ranch there.

COACHES SAY EAGLES ARE READY

JOHN WALDRUM

MIERS JOHNSON

The Eagle squad this week has been undergoing stiff workouts by Coaches Waldrum and Johnson in preparation for the district tilt with Eden tomorrow night. There have been no injuries to cause a change in the starting line-up, which will be the same as it was a month ago when the team played Menard, the first district game of the season. Barring any last-minute changes the line-up will be:

No.	Name	Pos.	Wt.
11	Whitten, S.	q	150
13	Powell, D.	g	140
21	Phillips, V.	t	142

District 5-A Lies Between Wink and Iraan

Wink's powerful Wildcats continued their winning ways last Friday night by defeating the McCamey Badgers 55 to 14 at the McCamey field.

On the same night the Iraan Braves invaded Fort Stockton and defeated that team by a score of 46 to 19.

Iraan and Wink, top dogs in District 5-A, will tangle tomorrow night at Iraan to decide the championship of that district.

The winner of 5A will be matched against the winner of 6A—Eldorado or Eden—at a future date for bi-district honors.

To Crown Queen

The usual fanfare will accompany the crowning of the football queen Friday night, at the football field. The school has made arrangements for the traditional ceremony, with the queen arriving in a convertible, accompanied by the football captains. The convertible will stop at the center of the field where the crowning ceremonies will take place.

This year the crowning will be held at 7:00, preceding the game. Football rooters who always find this ceremony an enjoyable climax to the football season are urged to be in their places early and get in on this part of the evening's entertainment.

The business of "cleaning up on Eden" will follow, at 7:30.

To Sell Corsages

The Eagle Scratches staff will sell corsages for the Friday's game at \$1 each. They ask that the public put in their order to Carolyn Dickens or to Elizabeth Faulk, in advance—and they state that they will deliver the corsages to the house.

PTA Will Meet Tuesday Night

The year's budget will be submitted and W. J. Fraker will conduct a panel of high school students on "What Makes Good Schools?" when the Parent-Teacher Association meets next Tuesday night at 7:30 in the school auditorium. A pantomime will be given by students of Mrs. Pauline Martin and Mrs. Jimmie Lou Taylor.

Officers of the organization have urged that all members, especially fathers, attend meetings regularly.

Schleicher County Oil News

Frank and George Frankel of Houston have staked location for their No. 1 W. A. Williams as a wildcat in northwest Schleicher county. It will be drilled to a depth of 7,300 feet with rotary tools, beginning immediately. Location is 1980 feet from north and east lines of section 27, HD and WT survey and 18 miles northwest of Eldorado. That makes it one mile southeast of the Tankersley field in Irion County.

La Gloria Corporation has spotted a wildcat in central-south Schleicher county, approximately 11 miles southeast of Eldorado as the No. 1 Mary McBurnett. Location will be at the center of the southwest quarter of section 28, block L, GH&SA survey. It is about two miles southeast of the nearest producer in the Caaper-Page field.

A north extension to the Huldale field and a southwest extension to the North Huldale field were finalized by the Ohio Oil Co., as the week opened. The number of completed wells in Huldale was increased to 25, the total in the North Huldale to eight.

Ohio No. 9 Thomson, the location north extension to the Huldale, flowed 214 barrels of 39.4 gravity oil in 12 hours, a daily rate of 428 barrels, plus 1 1/2% basic sediment, and 1% water, amounting to seven barrels.

Ohio No. 13 H. F. Thomson, 1520-foot southwest extension to the North Huldale field, flowed 205.7 barrels of 38.8 gravity, pipeline oil in 14 hours, a daily rate of 352 barrels, through casing perforations at 5634-92 feet, which had been washed with 500 gallons of mud acid. Gas-oil ratio was 554-1, flowing tubing pressure 420 pounds. The well is 2996.94 feet from the north and 1890.85 feet from the east lines of section 80, block TT, TORR survey.

Rigs were being moved in for Ohio No. 16 and No. 22 Thomson. Pan American No. 1 Mrs. Viola McWhorter, on the south side of the Huldale field, had reached 5745 feet on its fifth core in the reef lime, which had shown fair pinpoint, vugular porosity, odor and stains.

Pan American and Taylor Refining No. 1-B Mittel, center of the northwest quarter of the southwest quarter of section 78, southeast offset to the opener of the Neva West field, was heading acid water, oil and gas at a rate estimated at five to ten barrels hourly. An estimated five to 10 per cent of the fluid was oil. The test had been retreated Sunday with 36,000 gallons in five stages.

Standard of Texas No. 3-1 Mittel, third well in the Neva West field, and east offset to the discovery, prepared to drill plugs from 7-inch casing cemented at 6205 feet with 600 sacks for completion from open hole to 6317 ft. Work on cellar and pits for another test one location north

P. M. A. Committee Election Date Is Set

The Production and Marketing Administration County Committee election will be held in the County office November 19, 1951, Joe B. Edens, Chairman of the PMA Committee announced.

Each farmer and rancher—owner, operator, tenant or sharecropper—who is participating in any program administered by the county PMA committee is eligible to vote in this election.

The committee elected will take office December 1, 1951. They will be responsible for the administration of the Agricultural Conservation Program, price support operations, and defense production goals.

Chairman Edens points out that this year when these programs are geared to defense production and farmers and ranchers are being called on to help meet the Nation's defense requirements, the committee elections take on added significance. Those elected should be farmers and ranchers the majority of the farmers and ranchers want.

The programs they administer and the assignments they carry out will affect the production and marketing of the products of every farm in the county.

Voting this year will be by mail and at the county office. Farmers and ranchers will vote for three regular committeemen and two alternates. All eligible producers should vote.

Mr. and Mrs. J. F. Mayo visited this week end in Voca with Mr. Mayo's relatives.

SON FOR DAVISES

Mr. and Mrs. Weldon Davis are the parents of a son, James Lawrence, born early Monday morning in San Angelo. The baby weighed six pounds and 14 ounces at birth. The couple have one other child, Jacqueline, age 3. Grandparents are Mr. and Mrs. L. E. Wright, of route two, San Angelo, and Mr. and Mrs. J. W. Davis, of Trumbull; there is one great grandmother, Mrs. D. P. Miers of San Angelo.

started this week.

K. D. Owen and others of Houston No. 1 Miss Ethel Williams, northern Schleicher County wildcat, was plugging Tuesday to abandon at 6407. It had no shows of oil, gas or water in the Ellenburger, topped at 6194 feet. Owen abandoned at 482 feet No. 1 W. C. Jones, northeast offset to No. 1 Williams, and abandonment by Cities Service No. 1 M. W. Hicks, a north offset, and No. 1 W. C. Jones, an east offset to No. 1 Williams, was expected.

About midway between the Huldale and Neva West Strawn areas, James C. McGarrick Trustee No. 1 E. C. Wilson, wildcat, developed slight shows of oil and 1650 feet of black sulphur water on a drill-stem test of a Pennsylvania lime. The test, taken from 5885 to 5900 feet, using dual packers, lasted 45 minutes. There was a strong blow of air throughout the test. Total recovery was 90 feet of very slightly gas cut drilling mud and the sulphur water. The lime tested may possibly be Strawn. It was topped at 5852 feet. Operator was preparing to deepen at last report below 5930 feet.

STORES TO CLOSE FOR THANKSGIVING

It is understood this week that most of Eldorado's business houses will be closed on Thanksgiving Day, next Thursday. While some may remain open, the majority of the businesses will be closed all day—re-opening Friday morning as usual.

School will close Wednesday afternoon and take up again the following Monday morning.

Light Vote Is Cast In Tuesday's Election

A total of 202 votes were cast in Schleicher county Tuesday, when five proposed amendments and the selection of a state representative came up for the voters consideration. The total vote was about a third of the county's present potential.

In the representative race Burckett drew 90 Schleicher votes; Hill, 65; and Antoine 47. These results followed the pattern in the 86th District as a whole, where Burckett is leading by a comfortable margin, and conceded the winner.

On the five proposed amendments, Schleicher voters were favorable to only one—the fourth—having to do with a veteran's land program. In this Schleicher seems to have followed the statewide trend. Unofficial and incomplete returns today indicate that the other four amendments were all defeated.

REMEMBER the St. John's Episcopal Church bazaar, Nov. 15, at Sonora. Have dinner at the parish house at noon and do your Christmas shopping afterward.

Land Bought Near Eldorado For Rancho Pump Station

The fourth pump station for Schleicher County, and by far the largest, and the new 24-inch Rancho pipe line, are getting the go-ahead signal for the first of the year. Barring unforeseen trouble, work will start on January 2.

The pump station, which will be the latest in push button stations, will be on the Rancho line from McCamey, and will also be a terminal for Pan American and Republic.

The station here will be patterned after the Ozark station in Missouri, which is ultra-modern in design and operation.

In addition to the station's automatically controlled equipment, which will be housed in modern buildings, there will be seven or eight residences.

Headquarters for the actual construction work on the entire project will be in Austin. The project will call for several lettings—the line may be built in as many as six spreads (sections) and work on all will go on at the same time. The building on the entire line will probably take most of next year.

The purchase of land for the site of the station has been recorded in the local courthouse. Mrs. Gey Williams sold the land to Shell Pipe Line, the tract measuring around 157 acres, in section 81.

The station will be located along the Sonora Highway, on the west side of the road, about 1.6 miles south of Eldorado. The layout will be quite impressive.

For some reason which the Eldorado Success has not learned, the new station will be called the Bailey Station.

Shell will be the contracting firm with charge of construction, and will also operate the line when it is completed, for the various companies interested in it.

The 24-inch Rancho Line will start at McCamey, in the Permian Basin of West Texas, and go to the Houston-Texas City area, a distance of 477 miles. Completion is scheduled for 1952, at an estimated cost of more than \$35 million.

Pan American, which has a line as far as Arden from the Snyder Field, will come into the terminal here with a 16-inch line. Pan American will also run their six-inch line from the Huldale Field, and Republic will deliver their oil here also from the Susan Peak and Huldale fields.

All of the above-named operations will account for the fact that the Bailey Station will be "quite a layout."

DAR Members Attend District Meetings

Four members of El Dorado chapter D. A. R. attended divisional conferences last week. Mrs. J. E. Hill and Mrs. W. F. Meador went to the one in Dist. 6, at San Antonio, November 8. The business meeting, presided over by the State Regent was held in Alamo Hall. Reports were heard from various state officers and department chairmen. Luncheon was in the Menger Hotel followed later in the afternoon was a tea at the Alamo Hall.

Mrs. J. E. Tisdale, Regent, and Mrs. W. O. Alexander attended the meeting in Abilene. This was opened Friday evening by a Reception in a home of a member with the John Davis Chapter as hostesses. Special guests there were a German displaced family. They were educated but could not speak English and Prof. Shug of Hardin Simmons University translated for them. They had brought with them a valuable heirloom, a Stradivarius violin made in 1725 and the music teacher in H. S. U. played several selections on this violin and also some on a melodian, an old fashioned instrument. Saturday morning the business session was held in the Wooten hotel with the similar program to that in San Antonio. Reports were instructive and informative. After the noon luncheon, the State Regent, Mrs. Frank G. Trau told of the Pilgrimage made after National Conference to

the various schools which are supported by the Daughters. Sixty-four women went on this tour in two busses. The two schools owned and supported entirely by the D. A. R. are Tamasee, at Tamasee, S. C., and Kate Duncan Smith, at Grant, Ala. The Texas Chapters had pledged to furnish three rooms at the latter school but the contributions were generous enough that four rooms were furnished. These chapters also furnished the telephone line to this school. This is the only school within a radius of 100 square miles. A reception at 4 p.m. closed the day's events.

JUNIOR WOMAN'S CLUB MEETS ON THURSDAY

The Junior Woman's Club met Thursday in the club room of the Memorial building with Mrs. E. C. Peters as hostess. A film was shown of the city of Rio. During the business session it was voted to send a CARE package to Korea. Mrs. Eldon Calk was a guest at the meeting. Mrs. Grover Lee Johnson will be hostess at the next meeting on November 29.

42 CLUB MEETS

The Merry-makers 42 Club met last Thursday at the home of Miss John Alexander, three tables playing. Refreshments were served after the games. The next meeting time will be on Thanksgiving Day, at the home of Mrs. Frank Bradley.

CARE For Korea Drive Now On; Close Thanksgiving

Mrs. May Tisdale, local chairman, has contacted all organizations in Eldorado concerning the drive for funds for CARE for Korea packages. The drive will close on Thanksgiving Day.

People are urged to give as generously as possible. Make out checks to "CARE for Korea," and at the bottom of the check, fill in the line starting with For ----- with "CARE package." Give or mail the check to Mrs. May Tisdale.

This particular drive is for money, she explains, not used clothing. The CARE packages which have been prepared for Korean relief include woolen blankets, cotton textiles, food, woolen suiting, underwear, knitting wool. All contributions will be pooled to provide a complete package. Deliveries will be arranged by CARE to orphanages, refugee camps and other relief centers, on the basis of greatest need.

Mrs. Tisdale explains the needs of the Koreans thus:

The "casualty" tally for South Korea's civilians runs like this: Estimated population, 21 million Homeless refugees, 5 million Additional war victims, 1 million Actual sufferers, every single person in Korea.

That summation, cited by CARE representatives who surveyed conditions in the war-devastated country, was released by the General Federation of Women's Clubs to illustrate the magnitude of the relief needs. The Federation, through its local Women's Clubs in every part of the United States, is currently conducting a Thanksgiving-season campaign for funds to send CARE packages of food and textiles to Korean war victims.

Bleak as are conditions now, according to the CARE survey, the need for food, clothing and other supplies will grow even more critical during the coming year, because of the cumulative effects of malnutrition, the complete loss of personal possessions, the depletion of previous supply stockpiles and the soaring inflation which sees wages lagging far behind prices of available goods.

Future crop yields, the CARE report explained, will be seriously affected by past recruitment of farm labor into the armed forces; by the tremendous loss of draft animals, and by shortages of fertilizer and seed rice. Sea food, on which Koreans ordinarily depend a great deal to supplement their diet, will also be scarce; fishing boats have been wrecked, commandeered or worn out, and there is a great lack of material for nets and other fishing gear. Decrease in normal food production means that South Korea will need 115,000 tons of food products in 1952, according to conservative estimates by responsible officials.

Clothing will be even scarcer than food, the report predicts, since the bulk of the output of South Korea's cotton and woolen mills in the past year was diverted for use of the Korean armed forces. Normally, the Korean population requires two yards of fabric per person per year for cotton replacements. Now, because of the almost total loss of their personal belongings, it is estimated that some five million persons will need five yards of cloth per person. The critical need for clothing—and for warm blankets—will be felt this winter.

Methodists Attend MYF Meeting Sunday

The young people's department of the Methodist Church of Eldorado attended a sub-district meeting Sunday afternoon at the Trinity Methodist Church in San Angelo. The hostess church provided the program, with Oscar Tomerson in charge and Jack Long, local preacher at Goodfellow Field, as principal speaker.

Marilyn Scott of San Angelo presided over the business session, as president, the group selecting San Angelo Heights Methodist Church as their next meeting place. Games were played and refreshments served to 100 young people and their sponsors.

A conference officer who was present took pictures of the group, also of the officers of the sub-district, and local churches. Sue Shilling is local president, and she and John Thomas Alexander have sub-district offices. These will appear in the conference publication.

Twenty-two attended from here: John Thomas Alexander, Sue and Beth Shilling, Jane Belk, Trudy Gaynor, Fay Davis, Colleen Hicks, Juanita Phillips, Gaynell Belk, Mary Tisdale, Dale West, David Steen, Kenneth and Jerry Eynn Pennington, and Robbie Waldron. Adults attending were Mr. and Mrs. Tom Alexander, Mr. and Mrs. Ralph Waldron, Mr. and Mrs. Jerry Pennington and Mrs. Roy Shilling.

The local MYF has been reorganized with Gerald Hartgraves as sponsor.

Mr. and Mrs. Byrd White had as guests during the holiday weekend their daughters Mrs. J. N. Taylor and her husband and daughter Cynthia, of Iraan, and Joyce White of Abilene, and Mrs. White's mother Mrs. N. E. Blackwell of Iraan.

METHODIST MEN TO MEET MONDAY

A wild life film will be shown to Methodist Men at their regular monthly meeting this Monday night, Rev. Roy Shilling announced. This will be the final meeting night before charter application is sent in, it was stated. New members coming into the organization next Monday will be included as charter members.

Mrs. Gene Ellis Is Shower Honoree

Honoring Mrs. Gene Ellis, whose husband is employed by Ohio Oil Co., sixteen friends attended a pink and blue shower Monday afternoon at the home of Mrs. John Chisum. Other hostesses were Mrs. Vic Vasicek, Mrs. Ed Williams, Mrs. Mary Whatley and Mrs. Wayne Yaws.

Games included name selections, and a suitcase race. Present for the afternoon were the hostess and her three children, and 15 others and several children. Mrs. Ellis, to whom the shower was a complete surprise, received a number of attractive gifts. The hostesses served coffee, cokes and cake.

All who attended the shower were members of Ohio employees' families.

WOMAN'S CLUB

The Woman's Club of Eldorado met Tuesday afternoon, Nov. 13, in the club room with Mrs. E. W. Craig as hostess.

Mrs. Jess Walston, first vice president, presided in the absence of the president, Mrs. Edwin Jackson.

Mrs. James Page was program leader on "Indian Affairs."

The roll call was answered with tribes of Indians.

Mrs. E. H. Nimitz gave "Indian Affairs." From this paper the club was told the different organizations and government agency that are banding together to help better the living conditions of the Indians.

Mrs. Carl Stevens gave "Indian Arts and Crafts." Mrs. Stevens listed the outstanding Indians of North America and the arts and crafts that each tribe is noted for. Throughout the papers it was noted that the Indians' only means of living is through their arts and crafts which have been handed down through generation after generation.

A free will offering was given from club members to the "Care for Korea." Mrs. J. E. Tisdale is chairman of this drive.

Pecan pie and coffee was served to 19 members by the hostess.

Meteor Seen

"Big balls of green fire" probably still are appearing before the eyes of Mr. and Mrs. Steve Armentrout after their experience Wednesday morning, when a meteor, "shooting off sparks" arched through the sky in the vicinity of their home four miles north of town about 7:15 a.m. and disappeared, headed almost due east.

Mrs. Armentrout reports that the meteor seemed to be not more than 200 feet from the ground, as seen through the trees, and was coming from out of the northwest. —Fort Stockton Pioneer.

He was treated here and the wound disinfected, the bullet being left in the fleshy area where it lodged. —Fort Stockton Pioneer.

Water Supply Assured

Mayor H. O. Whitt received the contract this week which, when signed, will insure an adequate water supply to the City of Bronte. The contract is to be entered into by the city and the Upper Colorado River Authority, and has to be signed by Mayor Whitt and City Secretary O. W. Chapman for the City and Chairman L. T. Youngblood and Secretary Gerald C. Allen for the UCRA, to be in force.

Briefly, the contract provides that the UCRA will acquire any property necessary and construct a pipeline from the Oak Creek reservoir, being built by the City of Sweetwater, to the Bronte city limits. The UCRA also agrees to furnish the City of Bronte with necessary water up to 600,000 gallons per day at the rate of 3 cents per

thousand gallons until December 1, 1964, after which time the water is to cost 4 1/2 cents per thousand gallons. —Bronte Enterprise.

PRETTY EXPENSIVE !

Seems like a high price to pay for a pound or so of porcelain, doesn't it? Yet that's just what it cost one co-op recently to replace an insulator broken by a very thoughtless fellow with a rifle and nothing else to shoot at. It took over 75 man-hours and 180 miles of line inspection to locate and repair the insulator.

The man who fired the shot just couldn't realize that he would cause all that trouble and expense. More important, he probably couldn't realize that the outage his stupidity caused would work a real hardship on many consumers on that line.

And "hardship" doesn't just mean that those folks wouldn't have any lights. In the present emergency, farmers and ranchmen are depending more and more on electricity to help them do the job of producing the food and fiber that is needed.

Our job is to keep the farmers and ranchmen supplied with that electricity, and to extend service to farms not yet electrified. Please don't make us take time from that job to repair equipment that wouldn't be damaged except for thoughtless shooting.

We would like to ask every member of this community to do one thing: When you use a gun, use your head. Don't sabotage vital electric equipment.

Help your cows produce a big Calf Crop
 SUPPLEMENT RANGE WITH
PURINA RANGE CHECKERS

While a cow is carrying her calf, nutritional needs are high, much higher than can be normally supplied by grass alone. For this reason, thousands of well-known ranchers supplement with Purina Range Checkers. Checkers supply vitamins, minerals, carbohydrates and a variety of protein. For big results—a big calf crop and lots of milk—feed Purina Range Checkers. The variety in Range Checkers makes a difference, all right!

Bro. and Mrs. Frank Kinser wish to invite all of their friends to open house which will be held in their home from 5 until 8 p.m. Saturday evening, November 17. Mr. and Mrs. Kinser will be observing their Golden Wedding anniversary. They wish to take this means of inviting all their friends to call during the evening.

MEN: Calling all men to our Brotherhood meeting to be held Monday evening at 7 in the church basement. A good and interesting program has been planned. Mr. Keys of San Angelo will speak to our men. All men from 17 to 117 are invited and urged to come to this meeting.

Do not forget this important date and events. November 26 through 29 will be our Mission Emphasis week. Each evening we will have a missionary speak to our church. We extend a very cordial welcome to any of the other members of other churches who would wish to come hear these missionaries. China, Africa, and Japan and probably South America will be represented by them.

We completed a very successful Sunday School emphasis week. Thirty-one were enrolled in the classes. This was not nearly as many as we had hoped. But we are deeply grateful for the interest and faithfulness of those who came. If we are to build for the Lord, "we must study to show ourselves approved of God a workman that needeth not be ashamed rightly dividing the word of truth."

Don't forget that November 25 is kick off day for our Baptist orphanages. Brother Vernon Shaw will speak to our people at the morning worship hour in behalf of our orphanages. We will remember Brother Shaw as a former pastor of Park Heights in San Angelo and who is now field man for the Baptist Children's home at Round Rock, Texas. Let us do our best for this worthy cause.

Those attending the 42nd annual meeting of the W. M. U. of District 16 at Eden last Friday were: Mrs. John Stigler, Mrs. Kenneth Cheek, Mrs. Roy Phelps, Mrs. George Williams, Mrs. L. T. Wilson, Mrs. J. B. Montgomery, Mrs. F. B. Calcote, and Clifford Nelson. Mrs. Stigler furnished organ music and Mrs. Stigler, Cheek, and Phelps brought special music.

Our attendance Sunday was 187 in Sunday School and 72 in Training Union. We are still far below our goal for average attendance in November. Let us strive for each department to reach their goal. If you are not enrolled in anyone's Sunday School we have a class for each member of the family, and you

will find a cordial welcome awaiting you.

We welcome into our fellowship the following: Mr. C. O. Dewey, Mrs. Vida Faulk, and Miss Shirley Faulk. The greatest decision of life is the placing of one's personal faith in Christ. The greatest affiliation is with the church of your choice. We are grateful for these that have made this choice the past Lord's day.

The G. A. and R. A. organizations met at the church Monday for their programs. They were served refreshments following the program, by ladies of the W. M. S. Sunbeams also met at the church Monday afternoon. If you are four through eight we have a place for you in the Sunbeam band. All Juniors from 9 through 12 are welcome to G. A. and R. A. If you are 13 through 16 we have an intermediate G. A. for you. Mrs. Clifford Nelson is young people's leader and those working with the groups are: Clifford Nelson with the Jr. R. A., Mrs. George Williams with the Intermediate G. A., Mrs. L. D. Mund with the Sunbeams, and Mrs. Clifford Nelson and Mrs. John Evans with the Junior G. A.

THE RIGHTEOUSNESS OF GOD

"For what saith the scriptures? Abraham believed God, and it was counted unto him for righteousness."

"Now to him that worketh to the reward not reckoned of Grace, but of debt. But to him that worketh not, but believeth on him that justifieth the ungodly, his faith is counted for righteousness." Rom. 4:3-5.

Here is some good sound instruction for people who want to obtain and be a possessor of the righteousness which is of God.

The Holy Spirit is using Abraham for an example to explain a great truth to us. Rom. 4:23-24. Notice how Abraham obtained righteousness before God. By singly believing God. Meaning He believed the report given to him by Angels and that about what intended to do about the resurrection from the God.

Notice about works. It was of debt and not of Grace.

He said to believe on him that justifieth the ungodly. Look at the rest of the verse. His faith is counted for righteousness. Are you justified before God? Are you saved? Have you been reborn?

Are you in the Gloryland way? Is he building a house for you? Come to church, the church of your choice. If you do not have a church home come visit us.

—F. H. Pryor, pastor, Fundamental Baptist Church.

Waldron Tells Church Of Korean Experience

Ralph Waldron of the Navy told of what he had seen in Korea, addressing a large crowd Sunday night at the Methodist Church. His talk followed a fellowship supper given in his honor by the church, of which he is a member.

Throughout his talk, he stressed the hardships of the Korean people and described their extreme poverty. These are some of the things he saw: A woman carrying coal in two buckets on a pole on her back, and somehow carrying her nursing baby along; filthy, thin children wearing only gunny sacks with holes cut out for arms and legs; people living in shanties made of tin and corrugated boxes; women carrying dirt in packs on their backs, walking with it a couple of blocks to empty it, then returning to re-fill it; markets with fish in open containers—fish several days old, unrefrigerated; an elderly woman with a child on her back whom she would maneuver around so he could snatch some food in the market.

Old women with glass jugs diving into water and coming up with sea weeds, to be made into soup; children with open sores all over their thin bodies; people of all ages fighting over garbage from the ship.

He stated in his talk that he found himself almost ashamed of the good beds and food on the ship, when he saw how the native of Korea lived. He mentioned the fact that cash donations for CARE packages were being made, and stressed the fact that all of the money donated to this cause could be used to good purpose.

He also described the missions he had seen at Pusan—especially the Methodist and Baptist, which seemed to be doing excellent work, as the children there were well fed and clean, some of them dressed in cut-down GI uniforms.

He described the farming of the country as most primitive, oxen

being used for plowing, and no effort being made to build up the depleted soil. He describes the fruit as good, and fish the main food of the people.

Schools are functioning after a fashion, but the majority of the children are not attending.

Ralph said that of all the depressing things he had seen he was most effected by the plight of the children. He predicted that with time the Christian religion would spread, and that the people there might respond as had Japan to westernizing influence, although their standard of living was lower to start with.

Waldron has been in Eldorado with his wife and young son, and has already reported back to his ship on the west coast.
