LOTS BOUGHT FOR FUTURE CHEVROLET HOME

Ray Tisdale announced this week that he had closed a deal for a part of the Richey lots on South Main street. The land is what is known as the old gin property and Tisdale purchased a space totaling 200 front feet.

The land was bought, Mr. Tisdale reported, as the location for the future home of the Tisdale Chevrolet business, which was established in Eldorado about three years ago.

Lions Launch Cleanup Drive Wednesday

An intensive clean-up campaign in Eldorado will be held all day next Wednesday sponsored by the Lions' Club. From the time volunteer workers with pickups and trailers meet at 8 o'clock in the morning at the Memorial building, efforts will be made to haul off rubbish from every part of town.

At yesterday's Lions club meeting President Carrol Ratliff appointed Will Whitten as general chairman, with Jerry Pennington, Gus Love, Palmer West, and C. C. McLaughlin as committee members representing their respective sections of town.

Workers urge townspeople to cooperate by burning trash and refuse, and by placing articles to be hauled off at the edge of the street or alley. A special effort will be made to clear obstructions from all alleys. It was stated.

Residents were urged to help keep Eldorado clean and free of contagious diseases.

Dorans Buy Out Wilkersons' Cafe; Are Now in Charge

Mr. and Mrs. Lewis Doran have moved to Eldorado from the C. C. McBurnett place, and are new owners and operators of the City Cafe.

The Dorans, who rent an apartment from the Joneses, are assisted by Mr. and Mrs. George Williams, formerly of Rocksprings, parents of Mrs. Doran, new residents of Eldorado.

Mr. and Mrs. B. F. Wilkerson, who had been operating the cafe, will remain in Eldorado, where they own a residence, and Mrs. Wilkerson will be employed by the new proprietors of the business.

Draft Makes First Call On Married Men

Eldon McCaugus, son of Mr. and Mrs. Ross McCaugus of Eldorado, will leave on January 22 to report to San Antonio for induction, through the Sonora draft board.

Mr. and Mrs. Eldon McCaugus have been living in Ozona where he has been working for Magnolia Seismograph. He is the first married man from Eldorado to be drafted since Korea. His wife will move to Winters to remain with her parents, Mr. and Mrs. Gib Ballew.

LAUNDRY CHANGES HANDS

Mr. and Mrs. Harvey Dannheim have bought the Carroll Laundry and Magnolia Station, and took over operation of the business Monday.

Mr. and Mrs. Tom Carroll have moved temporarily to the residence of the latter's parents, Mr. and Mrs. J. C. Whiteley, until they have other plans.

The Dannheims have moved to their new location and invite their friends to visit their new place of business. They have been farming for many years.

VISIT AT TECH

Coach John Waldrum accompanied three Senior boys to Lubbock last weekend where they were shown over the campus and met some of the athletic officials. The boys making the trip, Truman Biggs, John Phillips, and E. H. Nixon, were invited by Wade Walker, line coach.

Jess Koy is spending the week in Roswell at the Koy Ranch.

Suzy Linthicum Is DAR Good Citizen

Suzy Linthicum

In a recent election Miss Suzy Linthicum was chosen by the high school faculty to represent the Eldorado school as D.A.R. good citizen. The Senior class nominated Suzy Linthicum, Ruthie Dee Harris, and Marianne Craig as the three candidates for the honor and the final selection was made by the faculty. The girls were chosen on the basis of dependability, service, leadership, patriotism, and scholarship.

This is one of the highest honors a Senior girl can win, in view of the high standard set by the DAR in conferring this award.

Miss Linthicum has been active in school affairs, having served on the annual staff as assistant editor last year and editor-in-chief for the current year. She has been a member of the Choral club, Home-making club, Dramatics club, and volleyball team, lettering last year.

In addition to this, when she graduates in May she will have completed her high school requirements in three years. During this time she has maintained a high scholastic average. She is on the honor roll for the current semester.

Miss Linthicum's hobbies are golf, swimming, and riding. She plans to enter TCU in the fall.

ONE OHIO CREW TO LEAVE FOR ANDREWS COUNTY

Ohio Oil Company's No. 2 rig is being moved out this week from the Huldale field to Andrews county, taking along Floyd Nunley, tool pusher and a crew of about 20 men, most of whom have been living in Eldorado. The move will relieve the Eldorado housing shortage for a short time, but crews for various wildcats throughout the county continue to have a hard time finding living quarters here.

Among those who are leaving for Andrews county are: Olete Lynch, Chester C. Brown, Thomas A. Flippin, Wayne D. Yaws, Gene G. Ellis, Floyd G. Collier, Dewey E. Kinsey, James R. Masey, Hoyt B. Smith, William J. Whately, Preston C. Ruel, John C. Lamons, Tom M. Dempsey, Bill B. Bellar, Edward Williams, Eugene V. Coppage, James J. Bolinger, Victor F. Vasicek.

In addition to those named above who live in Eldorado, there are three in the crew who live at Christoval—Clarence C. Cress, John R. Underwood and Thomas M. Bevins. Ohio's No. 1 rig is moving to the Baugh lease.

FIRST AID COURSE STARTS WEDNESDAY

Instruction starts Wednesday night at 7:30 in the school building in the American Red Cross course in First Aid, it was announced this week by T. J. Kogut, who will be instructor. Textbooks are now available at the school office or at Kogut's residence for sixty cents, it was stated.

Those completing the 18-hour course will receive the Standard certificate. Dr. Robert Maginot and Fire Chief Palmer West urged all who could to take the course.

HATS FOR CHAMPS

Breeders showing the best 2-tooth ram and the best 2-tooth ewe in Saturday's show will be presented Joan B. Stetson hats by The Ratliff Store and Charlie Trigg Motors, respectively, it was announced this week.

These presentations are being given in these classes because of the high value placed on progeny, conformation, truthness to type of a male or female of this age, by breeders of registered sheep.

Annual Livestock Show Plans Are Complete

Gus Love, superintendent of the annual Livestock Show, announces that plans are complete for the annual event to be held this Saturday beginning at 9:30 a.m.

Two hundred lambs and approximately 50 head of breeding sheep will be on exhibit to the public with champions to be selected in the various divisions.

A big day has been planned for the enjoyment of all, those in charge report.

Jack Taylor, secretary, National Sheep and Goat Raisers, will assist Mr. Love with tabulating records for the show. Truett Stanford, prominent registered sheep breeder, will assist Mr. Love by serving as ringmaster.

The 4-H Club is making plans to serve barbecue to a minimum of 350 at noon. The money collected will go to pay insurance on the building and for making repairs on motor to feed mixer, it was stated. Orland Harris will be in charge of the barbecue for the 4-H boys. Coffee will be on sale at all times.

A total of 200 lambs will be exhibited by the club and eight registered ewes. The lambs will be judged by O. C. Carpenter, employee of the Range Experiment Station, Sonora. There will be four classes for the Rambouillets and

cross bred lambs; one class of each under 100 pounds and one class each for lambs over 100 pounds.

A championship trophy will be presented to the 4-H boy exhibiting the championship lamb. The name of the 4-H boy exhibiting the champion will be engraved on the trophy and must be won three times. This trophy will be displayed from year to year until one boy wins it three times.

In the morning beginning at 9:30 some of the finest registered Rambouillet sheep to be found will be exhibited by the breeders of Schleicher County; namely, John Williams, A. W. Keys, O. Sudduth, John Blodson, John Phillips, and C. O. Bruton.

There will be six classes of registered Rambouillets, ewe lamb, ram lamb, 2-tooth ram, 2-tooth ewe, 4-tooth ram and 4-tooth ewe. Champion ram and ewe of the show will be selected.

This breeders' show is expected to be one of the largest within a very few years to come. In 1953 there will be four 4-H boys eligible to compete with adult breeders for honors. More will be added from year to year.

Support your county's leading industry — the sheep breeders and producers of the county—your 4-H club which tries to make the best better.

Schleicher County Oil News

Stanolind Oil & Gas Company and Delta Gulf Drilling Company each spotted an Ellenburger wildcat in Schleicher County this week.

Delta Gulf No. 1 Blair M. Boyd will be dug in the northeast portion of the county, at the center of the northeast quarter of the northwest quarter of section 9, block H, GH&S survey.

It will drill to around 5,200 feet on a farm out from Southern Production Company and Lion Oil Company. It is one and one-quarter miles south of the Tom Green county line and three and three-quarter miles west of the Merard County line.

Stanolind will drill No. 1 T. C. Meador in Central-North Schleicher County, 15 miles north and slightly west of Eldorado. It is 660 feet from north and east lines of section 1216, TC survey, abstract 1638. That puts it two and one-half miles east of Stanolind No. 1 W. H. Williams, Ellenburger failure on total depth of 8,087 feet. Drillsite also is two miles south of the new Strawn lime field recently opened by Humble Oil & Refining Co., No. 1 Williams in southeast Irion Co.

On a lease shown on maps to be expiring May 9, Pure Oil Co., has staked location for a second wildcat in northwestern Schleicher County. The operation will be the county's fourth outpost to Humble No. 1 Mrs. Pearl Williams and others in the southeast corner of Irion county.

The Ohio Oil Company has filed application with the Railroad Commission of Texas for permit to drill its No. 10 C. A. L. Baugh as a northeast offset to the same company's No. 1-A Baugh, lone producer in the Baugh field of central Schleicher county.

No. 1C Baugh will be drilled 1980 feet from south and 660 feet from west lines of section 17, block M, GH&S survey and 7 1/2 miles northeast of Eldorado. It is projected to 5,900 feet with rotary tools. Operations will begin immediately.

Taylor Refining Company No. 1 Tissue Wardlaw, wildcat in southeast Schleicher county, nine miles southeast of the Page field, has been plugged and abandoned on total depth of 5410 feet in Ellenburger dolomite.

One mile southeast of the Tankersley field, Frank and George Frankel No. 1 W. A. Williams, northwest Schleicher wildcat, was awaiting on orders after a two-hour drillstem test of the Strawn from 7256 to 7266 feet recovered 180 feet of drilling mud and 6240 feet of salt water. Location is 1980 feet from north and east lines of section 27, HE&WT survey and 18 miles northwest of Eldorado.

Frankel staked locations for two outposts to the Tankersley-Strawn field of southeast Irion county near the Schleicher county line.

No. 4 Fayette Tankersley estate will be dug 677 feet from south

and 1984 feet from east lines of section 10, GC&SF survey, abstract 1121. That places it 1/2 mile east of Shell and Frankel No. 2 Tankersley, most southerly producer in pool. It is the same distance west of Frankel and Shell No. 1 Mrs. J. I. Rawls, opener of the Tankersley Wolfcamp field.

Frankel No. 5 Fayette Tankersley Estate will be drilled 2,003 feet from south and 1984 feet from east lines of section 10, GC&SF survey, abstract 1121. That puts it one quarter mile north of No. 4 Fayette Tankersley Estate. Both new tests will drill to around 7500 feet.

Tubb-Gann Drilling Company of Midland No. 1 Leonard Gibbs is a dry wildcat in extreme northeast Sutton County. It was temporarily abandoned at total depth of 327 feet.

Fullerton No. 1 P. K. McIntosh, Schleicher wildcat 11 1/2 miles southeast of Eldorado, drillstem tested from 6236-54 feet for one hour. In nine minutes there was a blow of gas which died at the end of the test. Recovery was 840 feet of gas-out mud. Drilling continued at 6282 feet in lime and shale.

C. L. Norsworthy Jr., No. 1 J. T. Jackson, southwest Schleicher wildcat, was digging below 5500 feet this week. It is to go around 8,000 feet or production at a lesser depth.

Stanolind No. 1 Mrs. C. C. West, scheduled 8,000-foot wildcat, one mile west of Eldorado city limits, was drilling around 2500 feet this week.

Pre-School Study Course In Session Next Monday Night

The second in a series of eight 1 1/2 hour meetings which will comprise the complete Pre-School Study Course, is set for next Monday night, beginning at 7:30, in the library at the school.

Mrs. Hollis McCormick, study course chairman, announces that Mrs. Bert Page will address the group on "Play is not Passive," and there will be the usual round table discussions on various questions pertaining to young children.

The public is cordially invited to attend. Those who attended the first meeting are urged to be present at the remaining seven sessions, and those who missed the first one are invited to join the group next Monday, and attend thereafter.

ATTEND FUNERAL

Funeral services were held last Wednesday at Crews for B. G. Blackman, father of W. G. Blackman, former Eldorado resident.

Among those attending from here were Mr. and Mrs. Will Doyle, Mrs. W. C. Doyle, Mrs. L. R. Dameron, and Mrs. Bob Faught.

Billy Ray Jones of Howard Payne spent from Friday to Monday here with his parents, Mr. and Mrs. John R. Jones. Accompanying him was another student, Delbert Graves of Graham. The boys were here between semesters.

Post Script

To date 640 Schleicherites have paid their poll taxes. It is estimated that there will probably be 850 or 900 before the last of the month—the deadline for paying poll taxes. Also seventeen unders have been issued their exemptions.

(Those who reached voting age in 1951 have a chance to vote one year free; those over 65 do not have to register as do the unders.)

Two more rent units will be available later, to help relieve the acute housing shortage here: Clyde Keeney started work last week on the foundation of a duplex, on four lots in the Keeney Addition — (location, at the triangular intersection of the paved street with the Sonora Highway). Each half will have four rooms and bath; the building will face the east, and will be of stucco finish. Mr. Keeney is utilizing the off-season weeks of late winter by doing some of the carpenter work himself.

People on the move: The Andy Kirbys have moved from the Gus Love house near the Rock Church of Christ, to Mrs. C. W. Galbraith's house, and the Foglesongs have moved to the Walter Taylor rent house. The McClures, who had occupied a three-room Gus Love duplex, have moved to the house vacated by the Kirbys, and the Clintons, a new family here, have moved to the duplex, as Mr. Clinton is employed in the oil field.

The Cubs report a fine afternoon's business at their skating rink, which they operate each Saturday afternoon, the dens taking turn at managing the business.

Charlie Trigg and Mrs. Trigg were in Dallas last weekend to see the new Ford! Charlie came back quite enthusiastic about it—from the peek he got at the model he got the idea that there was quite a radical change in it over the post-war model. When folks here can get a chance to see it is as yet a deep, dark secret—but Charlie says it won't be long.

On display today is the 1952 Oldsmobile at Jones Motor Company, while Tisdale Chevrolet Co. had open house last Saturday on the 1952 Chevy. Parker Motors has '52 models in both Dodge and Plymouth, and Furr's Eldorado Motor Co. has several '52 Pontiacs on the floor. It looks like there will be plenty of new model cars for us to choose from—if we can just rake up the necessary "where-with-all."

The new residence which Delta Gulf has been building out in the Huldale field, is nearly completed, and the L. M. Hills are making plans to move out there in the coming couple of weeks. The modern two-bedroom residence has air conditioning, floor furnace, and other modern conveniences.

There is more pear burning going on in Schleicher County right now than since 1917—that is the opinion of some of the old timers. As a roughage, or succulent, for the cattle, it provides good feeding when supplemented with cotton seed cake or hay. It's strictly a drouth feed—the burning takes the sharp stickers off the thick leaves in which the plant has stored a lot of moisture and food, and the cattle can then eat it.

Ranchers and farmers in all directions from Eldorado are using it this year—and it's reported that there is a lot of pear burning going on over toward Mertzon, too.

A San Angelo driller is at work on a water well this week at the Eagle Drive-In theatre, Owner Delbert Edmiston reports. When completed with electric pump and storage tank, the well will provide for addition of rest rooms and drinking fountains.

This writer took off Tuesday with Earl Parker, Humble consignee, to find the way to the new Schleicher County oil hot spot—the area in northeast Schleicher south of the Irion county line. We went north through Huldale and then turned west past the Neva West field, following the road until we came to the Lawrence Steen ranch house. From then on we continued in a westerly direction on pasture roads through innumerable gates. After about five miles we finally came out on a flat, rocky plateau country and found a spudder making surface hole for a Humble test. From where we stood we could see two other operations going on—a rotary to the south of us, and a bulldozer clearing off a location a short distance west. These other two operations were for Pure and Stanolind, the spudder men said. They also said that roads were to be built to run south and connect the field with the

PATTON ENOCHS ANNOUNCES FOR COUNTY CLERK

Patton Enochs has announced his candidacy for the office of County Clerk, subject to the action of the Democratic primary in July.

A graduate of Texas A&M College, he served three and one-half years with the United States Army during World War II, 16 months of that time being spent with the infantry of the Fifth Army in Italy. For the past four years he has been employed by the San Angelo College as veterans' vocational instructor. He is the son of Mr. and Mrs. Jeff Enochs, pioneer Schleicher county family, is married and has one daughter, Patricia, in the first grade.

Pat, who is 32 years old, feels that he is well qualified for the office. He has had considerable experience handling records, and states that if elected he will devote his entire time to fulfilling the duties of County Clerk.

This is his first bid for public office, and he states that he will appreciate any assistance from his friends and acquaintances in the forthcoming campaign.

A. J. HALBERT ANNOUNCES FOR COMMISSIONER

A. J. Halbert, commissioner of Precinct No. 1, authorizes this newspaper to announce that he will be a candidate for reelection, subject to action of the Democratic primary in July.

Mr. Halbert is now serving his first term as commissioner of Precinct No. 1 which includes the city of Eldorado and the west and south section of the county.

In announcing for reelection, Mr. Halbert states that he is sincerely grateful for the cooperation he has had from the good people of his precinct, and on the basis of his record he is asking for reelection to this public job.

"I've gotten quite a lot of experience this year," he says, "and I'd like to have another term in office. If you return me to office I will do my best to serve you well. I'll appreciate anything you can do for me, and I'll do everything I can to deserve your trust."

TELEPHONE CO. TROUBLE CREWS WORKING HERE

Quite a lot of repair work has been occasioned during the past week or two by damaging of telephone poles by autos in two different accidents, and by raising of lines for a new pump station near Eldorado.

All telephone service south of the Brushy Top turn was knocked out last week when an Eldorado motorist failed to make the turn, and crashed into a telephone pole. The following day a truck drove into a telephone pole at the T. K. Jones crossing, to avoid crashing into Eldorado's daily train; this knocked out all lines north. The truck was carrying produce in a run from San Antonio to Denver, it is understood. The driver was little injured, according to report received in Eldorado.

Crews of repair men restored telephone service both ways within a few hours after the damage had been done.

A crew from San Angelo Telephone Co. is here this week raising the lines in the locality of the proposed new Bailey Station on the Rancho line south of Eldorado. New poles are being put up to provide better clearance at three entrances to the station.

The telephone company has recently completed running of a line out to the Huldale field, and will probably make a number of connections out there, as the new residences are occupied and other sites in that locality apply for telephone service.

Mrs. Otto Sauer has had as a guest her sister Mrs. Edwin Dittmer and three daughters of Harper, who spent Saturday night in the Sauer home, returning to Harper Sunday.

Eldorado-Mertzon road. As it was this week we were unable to go from the Humble well to either of the other two locations. We started back home the way we came and promptly got lost—we came out on the Angelo highway at a point about five miles north of the place we had left it.

Earl's purpose in making the trip was to line up some Humble lube business when the rotary got on the job. By the time we got back to Eldorado he talked like he didn't care whether he got the business or not. Earl opened and closed all the gates.

CELEBRATES BIRTHDAY
Lynn, four-year-old daughter of Mr. and Mrs. L. W. Crenwelge, celebrated her birthday Monday afternoon with a party at the family home. Seven children assisted Lynn to celebrate the occasion, and all were served decorated birthday cake and ice cream at the close of the games. The honoree received a number of gifts.
The family moved to Eldorado a few months ago.

D. A. R. MEETING
The El Dorado Chapter, D. A. R., met Thursday in the new ranch home of Mrs. Mary Coupe with Mrs. Luke Thompson Sr. as co-hostess. The Chapter was opened in regular form by the chaplain, Mrs. J. H. Luedecke, who took Psalms 23 as the subject of her devotional. Mrs. Carrol Sproul was elected to membership in the chapter.

Mrs. J. E. Hill, librarian, announced that Mrs. J. O. Willoughby had placed three genealogical books on Census of 1790 in New York, Virginia and North Carolina, in the public library. These should be of great value to persons interested in early records from those states.

The nominating committee named by the Executive Board consisted of Miss John Alexander, Mrs. V. G. Tisdale and Mrs. Luke Thompson. The Regent, Mrs. J. E. Tisdale, presented Mrs. Coupe with a place setting of china given by the members since she had just moved into her recently completed stone house. Mrs. E. C. Hill stated that a package would soon be sent to a D. A. R. Approved School.

Miss John Alexander, leader, announced the subject of the program to follow as "Our National Society, Daughters of the American Revolution." Mrs. W. F. Meador discussed the work formerly done with immigrants at Ellis Island and that which will continue at Angel Island. Much of this is rehabilitation of Marine and Coast Guard personnel.

Mrs. Chas. Gary announced that Miss Suzy Linthicum, daughter of Mr. and Mrs. Horace Linthicum, has been selected as D. A. R. Good Citizenship representative from the Eldorado High School this year. These qualities are considered in selecting a girl from the Senior class: dependability, service, leadership, patriotism and scholarship.

The winner of this contest in the state receives a \$100 bond. Plans were made to have contests next year in nearby high schools where El Dorado Chapter has members. A medal will be presented Miss Linthicum at the close of school.

Mrs. Elizabeth Powell gave a paper explaining "The Deeper Meaning of D. A. R." During the Round Table discussion several members gave interesting incidents concerning D. A. R. work. One statement was made that since the publication of "The D. A. R. Story" in a National magazine recently, hundreds of letters asking about membership have been received.

Refreshments of sandwiches, mints and strawberry-filled angel cake were served by Mrs. Luke Thompson and Mrs. Elizabeth Powell from the linen covered dining table. Guests present were: Mrs. J. T. Jackson, Mrs. Josh Ewing, Mrs. C. D. Bruce, and Mrs. Clyde Keeney. Members were Mrs. John Bailey, Mrs. L. B. Cox Jr. and Mrs. Stephen Perner of Ozona and Miss John Alexander and Mesdames Raymond Schrank, W. F. Meador, V. G. Tisdale, P. K. McIntosh, J. H. Luedecke, J. E. Hill, J. E. Tisdale, C. M. McWhorter, Elizabeth Powell, E. C. Hill, W. O. Alexander, Luke Thompson, C. E. Gary, Horace Linthicum, L. M. Hoover and Coupe, all from Eldorado. —Chapter Reporter.

HERE'S WHY
- you see more every day!

EVER stop to ask yourself why you see more and more husky GMC's on every highway every day? Why so many cost-wise buyers are singling out GMC's as their first choice?

The answer is, "GMC" spells profit to the man whose business depends on the performance of his trucks.

To light-truck users, "GMC" means the highest horsepower in its class—for GMC 1/2- to 2-tonners are second to none in pulling power.

And to commercial haulers, "GMC" means America's most popular Diesel

—for efficiency, for long-lasting, fleet-footed power and lowest operating cost.

And in between, throughout the GMC line—from the smallest gasoline-powered pickup truck to the largest Diesel—the story's the same:

Power, brakes, comfort, safety and stamina—the right combination of everything essential to low-cost hauling—in the right vehicle for your loads.

Before you buy another truck—come in. See for yourself why GMC is the best truck buy you can make today.

GLENN WILLIAMS IS WED SUNDAY TO OKLA. GIRL

In a surprise ceremony at the close of services Sunday night at the West Side Church of Christ, David Murr, pastor of the church, united in marriage Glenn (Junior) Williams, and Miss Ruth Reid of Stillwater, Oklahoma.

The minister used the double ring ceremony. The marriage came as a surprise to the congregation, as only the principals knew of it in advance. The couple were quietly wed at the altar of the church, with the groom's sister, Margaret Ellen Edmiston as bridesmaid, and Jackie Leigh of San Angelo as best man.

For the ceremony the bride wore a one-piece dress of light blue wool, with white off-the-face hat with veil, and white accessories. Her corsage was of white carnations. The bridesmaid wore pink satin, ballerina length, and her corsage was of pink carnations.

The couple left immediately after the wedding on a honeymoon trip to Ruidosa, New Mexico; they also expected to visit the groom's sister, Mrs. M. O. Kimmey in Las Cruces, and the bride's parents, Mr. and Mrs. Norman Silvers, of Coyle, New Mexico.

The bride was reared in Oklahoma, graduated from Coyle High School two years ago, and has been employed as typist in the purchasing department at A&M college at

Stillwater.

The groom, the son of Mr. and Mrs. Arch Edmiston, was reared here, took his training with the 45th in Oklahoma, and his overseas duty with the 45th also, in Japan. He was released from military service on January 2 after nine months overseas, and preceding that time had served eight months in the States, at Camp Polk.

The couple will live either in Eldorado or Sonora after their return from their trip.

PRIMITIVE BAPTIST SERVICES

Rev. Nowlin of Quemado filled his regular appointment here last Saturday and Sunday at the Primitive Baptist church, preaching to good crowds at both the Saturday and Sunday morning services. He comes to Eldorado to fill his appointment each third Sunday.

Mrs. George Skornicki was called here last week because of the serious illness of her mother, Mrs. W. F. Parrent, who is undergoing treatment in a San Angelo hospital. A number of relatives and friends from here have been visiting Mrs. Parrent, since she was taken to the hospital over a week ago.

Three daughters of the J. B. Swains have recovered from chicken pox, and the baby has the disease this week.

SONNY MOORE HONORED

Mr. and Mrs. B. E. Moore entertained a group of boys with a chicken supper at their home Monday evening, honoring their grandson Sonny Moore on his 15th birthday. Dessert was a decorated cake.

Those attending were Bill Holcomb, Kenneth Love, Jim Steward, Ronnie Mittel, and Jerry Lynn Pennington, in addition to Sonny. The boys spent the evening together by attending the show after the dinner.

SHOWER IS HELD

Honoring Mrs. Jimmie Danford, the former Donnie Ray Furr, five friends and relatives entertained with a pink and blue shower Saturday afternoon from 2:00 to 4:00 at the Community Building. Hostesses were Mrs. O. L. Furr, Mrs. Kenneth Doyle, Mrs. L. D. Mund, Mrs. W. A. Butterfield, and Mrs. Frances Henderson.

Cake and coffee was served to the group and a nice assortment of gifts was presented to Mrs. Danford.

Personal News Items

Mrs. C. C. Henderson left Wednesday for Rawls and Amarillo to spend several days with relatives.

Thad Thomson III of Houston is spending his vacation here visiting his parents, Capt. and Mrs. Thad Thomson II, and in Colorado, where he has been taking in the winter sports. On Sunday evening his parents entertained with a supper party. Among the guests present were the P. F. Cases, the Forrest Range family, Mr. and Mrs. Joe Kreklow, Mr. and Mrs. Jack Moore, Gene Moore, Noweita Matthews, Mr. and Mrs. Ogden Wilson, Mr. and Mrs. Walter Pope, Mr. and Mrs. Gerald Hartgraves, and Mr. and Mrs. Jim Willoughby. A brisk shower fell during the evening while the group was assembled there.

Mr. and Mrs. L. Moore had as weekend guests their daughter Mrs. Dorsey Hardeman and two sons of San Angelo.

Mrs. Arch Edmiston returned Sunday morning from El Paso and Las Cruces, where she visited her daughter, Mrs. M. O. Kimmey, who had been hospitalized but who was moved to her home recently.

Mrs. Wilson Page and young son have returned from San Angelo and are at home on the ranch. Mrs. Oscar Brown of Orient, the baby's grandmother, is staying with them.

Mrs. A. J. Roach has been on the sick list, but started improving early this week.

Jerry, son of Mr. and Mrs. R. L. Nolen, has chicken pox.

Mr. and Mrs. Buren Whitten and children spent the day Sunday at McKavett, picnicking at the springs.

Guests of Mr. and Mrs. George Williams Sunday were Mr. and Mrs. Raymond Blasdel and children of Brady and Mr. Williams' sisters, Mrs. Agnes Wallace and Mrs. Jewel Smith, of San Angelo.

Chan Whitten and his family fished on the lake near Del Rio last weekend.

Mr. and Mrs. Byrd White spent the weekend in Iraan with relatives.

The V. P. O'Harrows had as guests Sunday Mr. and Mrs. Jack Whitley of Ozona and Mr. and Mrs. A. E. Wooten and children of San Angelo.

Mr. and Mrs. Albert Thigpen entertained Junior Williams and his fiancée and other friends with an informal get-together Friday night. Several were there from out of town.

Myrta Bob Harper and Mary Sproff are transferring from North Texas, Denton, to SAC, San Angelo. Both have completed the first semester of their Freshman year.

O. L. Carpenter Will Judge Show

O. L. Carpenter, animal husbandman at the Texas Agricultural Experiment Station at Sonora, has been selected to judge the 1952 Schleicher County 4-H Club show to be held at the 4-H barn Saturday. Mr. Carpenter has been with the Station longer than any other employee. Some of his first duties upon arrival in October, 1917, were to help build the original fences, corrals and first residences at the headquarters at the station.

He has been in charge of the selective breeding work carried on by the Station with its Registered Sheep and Angora Goats for the major part of this time. Under his supervision the Station has produced many outstanding sheep and goats and has one of the highest wool producing flocks of registered Rambouillet sheep in Texas.

Mr. Carpenter has fed, fitted and shown many champions in both sheep and goats for the Station in the past. Many of these championships were at the major shows and the State Fair.

His experience as a judge is constantly sought at many of the shows each year. He has judged all classes of both sheep and goats at many of the 4-H clubs and F. F. A. chapters over the state. His extreme care and superior judgment in placing animals at these shows is respected by all breeders and feeders.

Under his watchful care the feeding of some 200 registered rams is on test at the Ram Progeny test being conducted for the fourth consecutive year at the Experiment Station. Some very outstanding animals are making historical gains in body weight and daily gains.

Mr. Carpenter has been active in 4-H club work helping and advising the boys in selecting feeding and care of fine animals for several years. He has a boy, O. L. Jr., in his fourth year of 4-H club work in Sutton County, and during these years he has won many 4-H club awards and his club lambs have always stood well up to the front of the class.

Ranchmen state that if you are interested in the care and management of fine sheep there is no one

WOMAN'S CLUB

"Citizenship" was the theme of Tuesday's meeting of the Eldorado Woman's club. Roll call was answered with the naming of a government official.

Mrs. Jess Walston as leader said that we should look for little items on the inside pages of daily papers for the real story of government spending. She urged each woman to register and vote, adding that the last Presidential election represented only 52% of the eligible voters.

Reporting as club counsellor, Mrs. V. G. Tisdale urged the support of legislation to restore Texas tidelands to their rightful owners.

Mrs. John Stigler conducted parliamentary drill assisted by Mrs. Edwin Jackson and Mrs. Carl Stevens.

Mrs. Jackson, president, gave out literature to guide chairmen of Safety, Citizenship, March of Dimes, Latin American Scholarship Fund, and the Extension Library Committee.

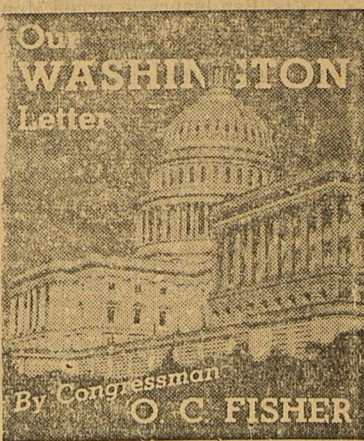

Mrs. Walter Ramsey served refreshments to about 20 members and one guest.

NIGHT BRIDGE LUNCHEON

There were six tables of players when the Night Bridge Club held their meeting Friday night at the home of Mr. and Mrs. Edward Meador. Dinner was served, with Mr. and Mrs. Jack Meador of Dallas as out-of-town dinner guests.

Mr. and Mrs. Dwight Wiedemann won high, Mr. and Mrs. James Page, low, and Mr. and Mrs. Bill McCravery bingo. It was voted to change the meeting time to Saturday night.

Mrs. R. A. King reports the death of a distant relative, Walter Moore, Saturday in Lampasas, with funeral services Sunday. A number of local residents knew Mr. Moore.

THE OUTLOOK for a new Mexican labor agreement, and what it may have in it if one is worked out, remains uncertain. The present agreement expires on February 11.

Last week a Special Farm Labor Advisory Committee to the Farm Placement Service, met in Washington to study the problem and make recommendations concerning the terms of a new agreement, if one is made.

On that committee are two Texans—Kirkland of Pecos and Sam Reed of Haskell County. Upon invitation, Ernest Williams and Willie B. Wilson, of San Angelo, attended the meetings and presented the view of sheep, goat, and cattle raisers.

They insisted that any new agreement include ranch as well as farm labor; that the contracts be simplified, with more choice by employers in selecting experienced men, and more latitude be given in firing incompetents. It was urged, among other things, that work contracts be lengthened and that wages, etc., be no higher for ranch than for farm work.

I joined the Texans in urging that these and other views be included in recommendations to those who do the negotiating for our Government.

IN THE MEANTIME, on Capitol Hill the House Judiciary Committee was busy drafting amendments to the present immigration laws with the view of meeting President Truman's demand for tighter anti-wetback laws.

Early in January at my suggestion a member of the press asked Mr. Truman what his attitude was regarding the renewal of a labor agreement to replace the present one when it expires. The President said he had promised the President of Mexico — at latter's insistence — that drastic laws would be enacted controlling the working of so-called wet-backs in this country before any new agreement is negotiated, and that he would insist upon that being done.

When asked for my comments on that development, I stated that in my judgment the matter of what immigration laws are enacted in this country should be decided by the Congress—not by the President of Mexico. I pointed out that there's a simple solution to the so-called wet-back problem; simply work out a sensible and workable labor agreement, free of so much red tape and discrimination against employers, so Mexican workers can be processed to work on our farms and ranches where adequate domestic labor is not available. If that is done there will be little reason or incentive for the Mexican nationals to seek employment on this side of the Rio Grande without first being processed.

OUR FEAR IS that certain proposed amendments before the Judiciary Committee will be violative of fundamental protection to our farmers and ranchers against unreasonable searches of their premises. In other words, the proposal that Immigration officers have free access to premises without first obtaining search or arrest warrants would be a dangerous invasion of personal rights of people, and would undoubtedly cause much dissension and possible trouble. Such searches cannot now be done, without warrants, with respect to narcotics, stolen property, etc; so why give Immigration officers such blanket rights with respect to search for wetbacks?

We need laws against illegal aliens, but such laws should apply over all the nation and should recognize the rights of the people as against invasion of their premises by officers, with or without reason. If they have good reason, they can obtain authority from Magistrates to make any necessary searches for proper arrests.

On the Judiciary Committee, now studying this phase of the proposed legislation is Congressman Wilson of Dallas and Pickett of Palestine. They are both fighting for reasonable laws that will be adequate but which will not be violative of fundamental rights.

IT NOW appears that a new immigration law will be enacted within the next few weeks, but probably some time after the February 11 deadline. Just what it will provide remains to be seen. It also remains uncertain at this time whether the present agreement may be extended pending passage of the legislation on the subject insisted upon by the President. If and when negotiations are begun on a new agreement with Mexico, it is indicated that they may be held in Washington this time.

Here for a weekend visit with the Lynn Alexanders and the T. H. Alexanders were Mr. and Mrs. Clinton Harlow and three sons of Llano.

Awaiting completion of arrangements to join her husband in Germany is Mrs. R. A. Knouse, who, with her children Butch and Steve, ages three and five, is visiting her cousins, the Weatherly Kinsers, this month. The family came here from Los Angeles.

Mrs. Ben Hext was in Brownwood last weekend to visit relatives, including a brother, Thomas B. Turner, who was at home on leave from the Navy, on his way to California. He had recently been overseas, in Korean waters.

Lewis Kerr and his wife left Monday for California after spending eight days here with Lewis' parents, Mr. and Mrs. L. B. Kerr. Here also while he was visiting in Eldorado were his brother Granville and his wife of San Antonio, and another brother, J. T. and his wife and two children of San Angelo, also many other local relatives and friends who called while he was visiting home folks.

Here and in Mertzon recently was C. H. Winans, at home on ten-day furlough from a camp in North Carolina, where he is now stationed. While here he visited his half sister, Mrs. J. B. Swain, and at Mertzon he visited his wife. He is a Korean war veteran, who was wounded and sent to the States for hospitalization last year.

Sergeant and Mrs. Ernest Holcomb of Temple were here during the weekend to make arrangements to move to Eldorado, where they will occupy the Taylor rent house, as soon as it is vacated by the Floyd Nunley family. They are moving here because the sergeant expects to leave on Feb. 20 for overseas duty, and Mrs. Holcomb's daughter, Mrs. Jack Montgomery, lives in Eldorado. The Holcombs have two young children, Terry, age five, and Gene, six, who is a first grade student. The family visited Mr. and Mrs. Jack Montgomery last weekend.

SLAM BRIDGE CLUB

Mrs. Joe Ed Hill was hostess to the Slam Bridge Club Tuesday at her home, two tables of members playing. Mrs. Gerald Hartgraves won high, Mrs. Bill McCravery traveling, Mrs. John Miller second high and Mrs. Jack Hext bingo. A dessert course was served with coffee.

Highway Map Free To Texas Motorists

AUSTIN—Need an official Texas map? You will have an opportunity to get one when you register your car this year. The Texas Highway Department in cooperation with the County Tax Assessor-Collector is once again offering a free Official Highway Map to each registrant through a post card plan inaugurated last year.

This service on the part of the Highway Department and County Tax Assessor-Collector is intended to provide a means by which the Texas car owner can get something extra for his registration fee. These cooperating state and county agencies feel that every motorist who desires one of the colorful official maps is certainly entitled to it.

The Official Highway Travel Map not only shows the 40,000 miles of state highways but many of the Texas scenic highlights for the next vacation or week-end trip. Chock-full of information, the map encourages everyone to "See Texas First."

Here is the way you may take advantage of this opportunity. Every Texas resident who registers his vehicle in the state will be offered a return addressed post card at the same time he purchases the 1952 license plates. If the car owner so desires, he may affix a two-cent stamp to the card along with his name and address and mail it to the Highway Department. In return, a free copy of the colorful Official Highway Travel Map will be dispatched to the addressee.

FLIER'S BODY FOUND

Mrs. F. M. Wood of San Angelo reports that the body of her son, Captain Jack Wood, former San Angeloan, missing since June 10, 1950, had been found near Vicksburg. Captain Wood was the husband of C. C. McLaughlin's niece, the former Mary Elizabeth McLaughlin. Finding of the plane and body terminated an extensive search by hundreds of military and civilian personnel. Captain Wood is survived by his wife and a daughter, Jacqueline, age three.

News From Our Neighbors

Giant Eagle Killed

A huge Mexican eagle, too big for his own good, was killed on the Alvin Harrell ranch northeast of Ozona Tuesday afternoon by Ranch Foreman Lester Allen.

The big eagle had a wing spread of seven feet and a body almost as bulky as a turkey gobbler. —Ozona Stockman.

Burglary Haul Is Light

Burglars, probably a mature pair, broke in two Fort Stockton business concerns on successive nights Sunday and Monday, but got little for their trouble.

A few pennies from the cash drawer at the Stockton Steam Laundry was the net result of the Sunday night haul but considerable damage was done by efforts to break into a safe, which was unlocked and could have been opened by a simple turning of the handle.

Monday night entrance was made at the Stockton Wool & Mohair Co. grocery department by breaking out a door panel. A small number of cigarettes, some cheese and a few grapes were taken. Nothing else, apparently, was bothered. —Fort Stockton Pioneer.

Voters Okay Bond Election

City of Menard voters, by a margin of nearly 4 to 1, Tuesday approved the issuance of up to \$30,000 in sewer system revenue bonds for purchase and rehabilitation of the plant which now serves Menard.

A canvass of the votes by the city council Tuesday night indicated that 139 persons approved the issue, while only 37 were opposed. Total ballots cast amounted to 176.

Mayor Ike Hallman and other members of the council said Wednesday they were well pleased with the total vote calling it quite large in comparison. —Menard News.

Edgar Bergen Coming To Post

The Edgar Bergen and Charlie McCarthy show will be in Post at 8 p.m. Thursday, January 31 in the high school football stadium.

Admission prices have been set at \$1, \$2 and \$3, with all proceeds going to the new county hospital.

This show which would cost any town thousands of dollars to have, is being staged in Post without the cost of one red penny for the valuable talent and services of Bergen and his troupe of nine entertainers. —Post Dispatch.

New Coach For McCamey

Raymond D. Pope, head coach at Mineral Wells for the past four years, was elected head coach and athletic director of the McCamey Public Schools at a special meeting of the Board of Trustees of the McCamey Independent School District Wednesday morning. His salary was set at \$5,200. —McCamey News.

Auto Rams House

It's becoming dangerous to live on Highway 208 running east and west through Robert Lee. On three occasions in recent months, motorists have smashed into the Y-Courts and filling station. At 2 a.m. Sunday a car crashed into the home occupied by John Allen and family, just west of Genie Baker's grocery. Carl Dickerson, an employee of the Lester Rice Drilling Co., was driving the car. He said his brakes locked when he turned onto the highway from Austin Avenue and he could not stop his machine before it struck the front porch of the house. He paid \$150 damages to Steve Moore, owner of the property. —Robert Lee Observer.

Blood Typing Pays Off

One of the most amazing and wonderful things about America is the ability of its citizens, its communities, its towns and its cities to work together in time of stress or need. Earlier this week, Sonora and Haskell proved this characteristic to a new degree, when an unfortunate auto accident took the life of Buddy Collins and seriously injured Kenneth Davis, Darrell Davis, Dray Lowell and C. L. Lewellen, all of Haskell.

Their needs were supplied by volunteer blood donors who had been typed and recorded at Hudson Hospital previously. There were over forty citizens on this list when the emergency call was issued.

During the day of the mishap more local citizens volunteered

than could have possibly been typed. —Devils River News.

Work Starts On REA

The initial work has begun on the construction of the REA lines in the Terrell County area Wednesday of this week. The work of staking the route of the electric power lines was begun on the Lily Hagelstein ranch and work will progress in a westerly direction from there. —Sanderson Times.

Price Daniel Announces

Price Daniel, attorney general, announced this week that he would make a vigorous race for the democratic nomination for the United States senate. In a hard-hitting, militant address he advocated a house-cleaning in scandal-ridden Washington bureaus, lashed out at "blunders of the foreign policy in Korea and the Far East" and demanded an end to government waste and increasing taxes. He pledged a continuation in the senate of his fight for Texas to keep its tidelands for the public free school funds.

W. O. Faull of the Eldorado-Divide Soil Conservation District attributes the good cotton yield he received on part of his farmland to conservation.

Faull's best cotton was in a flat bottom lake of about seven acres. The seven acres made 6 bales of cotton. Faull states that the good yield was due to soil and water conservation. In 1950 the seven acres was planted in oats. The oats were cut and left on the land. The field was broke twice after the oats were cut during 1950. Faull received approximately 3 inches of rain up to planting time in 1951, however, at planting time there was not enough moisture to plant. Faull dry planted this 7 acres along with several other acres. Soon after planting Faull received 1½ inches of rain and a few days later 2½ inches. From this time until cotton was made no rain was received.

Faull believes the 7 acres would have exceeded 6 bales of cotton if the crop had not been damaged by webworms.

Faull states that his overall cotton crop was good for a dry year following a dry year. In addition to the 6 bales on 7 acres, cotton on 10 to 20 rows above terraces made approximately 3/4 of a bale per acre.

Faull gives the credit for the good crop in a dry year to several conservation practices applied on the land. The conservation practices applied by Faull include level wide base terraces, contour farming, crop rotation and crop residue management.

New Conservation Magazine

The monthly magazine of conservation entitled "Soil and Water" was published this month for the first time. It is a non-profit corporation and is an agent for the Association of Texas Soil Conservation District Supervisors.

With every state in the union having passed legislation to pave the way for soil conservation districts, and in Texas 95% of the land, or about 142,327,000 acres, is now in one of the 164 conservation

districts in the state, it was only natural that a publication be made to help landowners spread the benefits of conservation.

The first issue of the magazine went on to say that any man who has given soil conservation practices a fair trial on his land is interested in the subject. Furthermore, it's no dull subject to him but a profit-making venture which increases his income. The publication hopes to keep men posted on what other landowners are doing in regard to conservation.

Other aims of the magazine are: To help rope in other landowners on the proposition. Conservation is contagious when it gets down on the profit-making level, and despite the fact that real conservation is at work on thousands of farms and ranches in Texas, nearly everybody has a few neighbors who haven't seen the light yet. "Soil and Water" helps to shed a little light.

To help on a more specific basis to increase present co-operators' consciousness of their soil conservation district, members of co-operatives are carrying on a conservation program without any conscious contact with the district itself. Co-operators call up and someone comes out and helps them apply conservation practices, which is good, but the district organization which made those services available needs the attention of the cooperator. Conservation is a continuing job and will never be finished as long as man makes a living

from the soil. Consequently, a soil conservation district is a permanent set-up and far-seeing landowners, recognizing that fact, will want to have an active part in its functioning.

The magazine goes on to say, "We're interested in land, which is as non-political as a man's religion. Soil Conservation is not a rich man's hobby; as valuable as some well-to-do men's contributions have been and still are in this direction, it's a practical way for landowners to increase their income every year from here on out, and it will be that message that this magazine will continue to harp on."

Mr. and Mrs. V. G. Tislaie had as guests H. J. Y. Mills of Del Rio, former sheriff of Schleicher county, and his son Max of El Paso, Saturday.

Wilson D. Smith and his mother, Mrs. Anna Smith were in Llano County at their place three nights last weekend.

Former Schleicher County residents who are returning to the county to make their home are

Mr. and Mrs. Padgett and daughter Dianne, who arrived here Tuesday to live on the "old Speck place" in the house vacated recently by Mr. and Mrs. Lee Wells. The Padgetts had been living at Lometa.

M. H. Woodward, of Preston Ranch, is doing better this week, state relatives, who have been visiting him in a San Angelo hospital, where he has been undergoing treatment for a back injury he received while at work.

"We did it Again!"

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built — and Buick is building them. Read the good word and you'll agree.

LET'S pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the mightiest engine in Buick history.

It has the biggest brakes of any postwar Buick.

It is the quietest car that Buick ever built.

It has the richest fabrics and smartest tailoring that ever graced a Buick's interior.

It has the greatest trunk space since spare tires moved off the front fenders.

It has the most superb ride in Buick history.

It has the finest carburetor that Buick research has ever devised.

And with all its new power, it delivers more miles per gallon.

But that is not all.

For those who wish it, there is a brand-new version of power steering that works like a helping hand—gives you the same sure feel of control you have always known in straight-away driving—yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too — plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over—and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

Equipment, accessories, trim and models are subject to change without notice.

Ed Got Red In His Own "Hot Water"

Big Ed started a "Pay-Your-Bill" campaign last week and ended up with a slightly red face. Ed's been our Water Commissioner for ten years, and for ten years now he's been getting riled up over slow payments of bills.

So, he finally decided to do something drastic about it. Last week he sent notices that if the slackers didn't pay up by Friday, he'd shut off their water.

Naturally, some still didn't square accounts. Ed ordered their water turned off, and 14 homes

went without all week end—the Commissioner's among them. Seems Ed forgot to pay his bill.

From where I sit, Ed's mistake is one we all make at times. We are too quick to accuse others while forgetting our own faults. Lots of us do it, for instance, over a difference in taste for a soft drink or a friendly glass of beer. Let's respect each other's preferences and we'll all stay out of "hot water."

First Baptist News

Our attendance was up in Sunday school Sunday. We had 180. This is still somewhat under the goal we had hoped to attain for January if we are to reach our year's goal of an average attendance of 200 in Sunday school. The Beginners were the orchid class Sunday with a grade of 66. Onions went to the Primary department with a grade of 48. We were off in our Training Union with only 49 present. Let us appoint each of ourselves as committees of one to see that our attendance comes up this Sunday.

There will be baptismal services at the evening hour. We have two candidates waiting baptism. We rejoiced Sunday evening at the coming of Thad Dildine as a candidate for baptism. We welcome you to our services this coming Sunday. There is a Sunday school class for every age. The pastor will preach at the morning hour on the subject, "Departed Glory." The message at the evening hour will be, "Building a Great Church." If you are a Missionary Baptist and are looking for a church home you need not look any further. Come unite with, "The Friendly Church With a Spiritual Program."

The first joint meeting of the men of the Methodist, Presbyterian and Baptist brotherhoods was well attended. The men were served supper in the basement of the First Baptist Church at 7:00 p.m. There were 96 men served at this supper by the ladies of the First Baptist church. After the supper the program consisted of the showing of the film, "Mr. Texas." We wish to thank the Methodist church for the

use of their projector and Brother Shilling for his operation of the machine. The picture was well received by about 500 people who took every available seat in the auditorium and the balcony. The pastor wishes to thank each woman who helped with the preparation and serving of the meal.

Don't forget that beginning Monday evening at 7:00 the pastor will teach the first of a series of books of the Bible. The first will be the book of Revelations. Classes will be held each evening Monday through Friday. This is a noncredit course, but all who are interested in this study are welcome to come to any or all of the classes. The pastor urges that each person bring paper and pencil.

Those attending workers conference Tuesday evening at the Immanuel Baptist church in San Angelo were: Rev. and Mrs. Clifford Nelson, Mr. and Mrs. Frank Kinser, Mrs. Ruth Finnigan, and Mrs. Carrol Ratliff. The workers conference of Concho Valley Association will meet with the Eldorado First Baptist church on February 12.

The offering for the perpetuation of the film, "Mr. Texas," was \$77.06. We wish to express our thanks to each and every one for the generous offering to be used to perpetuate this wonderful film. We feel that you had a part in making possible, not only the showing of this film everywhere, but in the making of yet greater films to come that will be made available to every church who wishes to show them regardless of the size and financial abilities of the church.

PARTY FOR MRS. WILLIAMS ON HER BIRTHDAY

Honoring Mrs. Bill Williams on her birthday, Mrs. Russell Donaldson and her family entertained with a dinner at the Donaldson home on Sunday. Present for the occasion were these guests: Mr. and Mrs. Bill Williams, Mr. and Mrs. T. E. Donaldson of Calf Creek, Mr. and Mrs. Raymond Blasdell of Brady, Mrs. Agnes Williams and Mrs. Jewel Smith of San Angelo, Mrs. R. W. King, and Ab Williams.

A decorated birthday cake centered the table, and the honoree received a number of gifts from those present.

Rev. Roy Shilling, Jr., of Sweetwater spent the day Tuesday here with his parents, Rev. and Mrs. Roy Shilling.

GOD HATES THESE THINGS

These six things doth the Lord hate. Yea, seven are an abomination unto him. Proverbs 6:16-19.

I. A proud look. Did you ever see people walking the streets who are proud and despise poor people, especially Christians? Remember God hates them.

II. A lying tongue. Did you ever know, or hear a man or woman tell a lie? God hates them. Be careful not to tell falsehood.

III. Hand that shed innocent blood. You say I have not done this. The word of God says that if you break one commandment you have broken them all. So if you ever told just one lie you are also guilty of murder.

IV. A heart that deviseth wicked imaginations. Did you ever imagine wicked things concerning your neighbor? God hates you if you do.

V. Feet that be swift in running to mischief. Do your feet carry you to dance halls, beer halls, pool halls, or any other place that God has not put his stamp upon? God hates you.

VI. A false witness that speaketh lies. Are you bearing witness to the truth? "What is truth thy word is truth" —John 17. So if you are not bearing witness for Jesus Christ you are bearing false witness. God hates you.

VII. He that saith discord among brethren. Are you one that gossips about everyone and everything? Can you forgive that you may be forgiven? Are you a tale bearer? If you are one of these God hates you.

Sinner, listen to Jesus, "Even though your sins be as scarlet I will make you white as snow."

Come or go to the church of your choice. If you have no place to go come visit us. We offer you sinner a whole christ.

—F. H. Pryor, Fundamental Baptist Church.

THANK YOU!

We wish to thank the people of Eldorado and Schleicher County for their splendid response to the showing of our new '52 model Chevrolet here Saturday.

We estimate that about 500 people called throughout the day and all were impressed with the new model and its modern appointments. It goes without saying that this first car was sold long before the day was over, but it still remains on our floor for display purposes. We're looking for more '52's as rapidly as our curtailed production will permit, and hope to be able to provide you with a choice of colors and body styles without too much delay. Again we say—THANK YOU.
