

Statement Submitted On County Salaries

The County Judge and members of the commissioners court this week submit the following statement in regard to the present salary schedule of county officials:

The Commissioners Court meeting in regular session on January 14, 1952 voted to approve the county budget for 1952 as recommended by the county auditor.

Schleicher has operated on a fee basis in the past, but recent legislation enables counties of this size to go on a salary basis, and after much thought the Court decided that it's unfair to some county officials to continue the fee system. Hereafter all fees from all county officers will be turned in to the officers' salary fund. Salaries of the elective officers were set as follows:

County Judge, per year	\$4800.00
Sheriff, Tax As-Col	4800.00
County & Dist Clerk	4800.00
County Treasurer	3600.00
Co. Commissioners	1800.00

Your present Court has also seen fit to raise the road employees' salary to about \$300.00 month. The employees at the court house have also had salary increases under the present Court.

We have at this time a valuation of about 8 million dollars, and it is possible that in 1952 our valuation will raise to 10 millions—a conservative figure. The Court has made quite a few progressive steps in the past year, such as the new county warehouse, several new 14 ft. cattle guards, new roads—to mention a few. We were paying \$75 per month rent on an old warehouse before we built our own county barn. We now save the rent money and provide a better place for our tools, supplies, and equipment. The new barn is paid for, and there are no old outstanding bills. All operating funds are in better condition than a year ago; that can be checked by consulting the quarterly reports which are printed every three months. The public is invited to check these reports as well as other public records at the court house.—Signed, E. W. Craig, County Judge.

GRAT EDMISTON ANNOUNCES FOR COMMISSIONER

L. G. (Grat) Edmiston this week announced his candidacy for re-election as commissioner of Precinct 2, the eastern part of the county.

In making his announcement, Mr. Edmiston said that he would continue to give his best efforts to the job. He has been commissioner for five years and is now in his third term.

"Experience is what counts in the work of the county," Mr. Edmiston concluded.

David, son of Mr. and Mrs. J. D. Meador, has been sick with flu two weeks.

With the Scouts . . .

Philmont Beckons Three Explorers

Three Explorers from Eldorado's Troop 18 signed up this week to go to Philmont this summer with other Scouts from over the Concho Valley Council—and then settled down to the coming months of earning and saving the necessary funds. Bill Holcomb, Wilson Humphrey, and Curtis Stockton Jr. will be with the group when it leaves July 23rd for the Scout ranch at Cimarron, New Mexico.

This announcement from Scoutmaster Bill Gunstead came as 2,000,000 Boy Scouts and their leaders were preparing to observe Boy Scout week, Feb. 6-12, a time which also marks launching of a three-year program, "Forward On Liberty's Team."

Selected by Council headquarters at San Angelo for this summer is the ten-day Lucien Maxwell Trek, which features trapping for predators and game and nature observation. This is a new Trek being offered for the first time this year. It will take the young Texans through the Rincon-Bonita area in the northern part of the 127,000-acre domain.

Carl Manning, San Angelo Scout executive, said that the group will include four from Eagle Pass and one from San Angelo.

Poll Taxes Pass 1,000 Deadline Tonite

Figures from the county tax collector's office this morning at 9:30 reveal that a total of 1,005 poll taxes had been issued in Schleicher county—a record for this county.

There are 26 unders registered, with no figures on overs (those over 60 voting free), but an estimated 60 or more are in the over group.

Politics are warming up, as the above figures show, and a warmer election year than usual is predicted—that goes for local, state and national races.

A busy day is under way in the office of the tax collector, with prediction of stepped-up activity throughout the afternoon—and the crew are raking in the cash and writing receipts as fast as they can.

Cleanup Continues

Lions Club members continued their clean-up efforts over town this week, after starting Wednesday morning on an intensive drive to rid town premises of unsightly accumulations of scrap, trash and rubbish.

Clean-up crews reported on progress being made at the Lions' noon meeting yesterday, and said that better cooperation was needed to make the drive a success. As chairman of the clean-up, Will Whitten said that Palmer West, Gus Love, Bill Rountree, the Shell maintenance crew, and others, were going over town with a winch truck to haul off heavy scrap.

They urged that residents cooperate by placing articles to be hauled off on the street or alley, to make pick up easier.

The club decided to continue this effort as long as deemed necessary, and have adopted the slogan, "A Cleaner Town By Easter."

Residents of Eldorado may call the pick-up truck by leaving a message at the city hall office, it was stated.

George Williams and his family spent Saturday in Snyder visiting Mr. and Mrs. Pete High, who lived here while Mr. High was located here. He is now drilling for Postelle at Snyder.

Schleicher County Oil News

Schleicher County this week received location for another wildcat exploration and a new well in the Huldale area. The Pure Oil Co. No. 2 J. S. Roach is to be drilled as a 7,400-foot wildcat in Northwest Schleicher County. It is to try for production in the Strawn line of the Pennsylvanian. It is 660 feet from north and east lines of section 1200, block B, Georgetown Railway Company survey.

That puts it one and one-quarter southeast of Humble Oil & Refining Company No. 1 Pearl Williams, recently completed flowing discovery from the Strawn line in Southeast Irion County.

Pure No. 2 Roach is three-quarters of a mile east of the same concern's No. 1 Roach, another Strawn wildcat which is drilling below 500 feet. That test is in the northwest corner of section 1200.

The Ohio Oil Company No. 22 Thomson has been completed as a one-location southeast extender to the Huldale-Strawn field. It was finished for a daily flowing potential of 80.3 barrels of high gravity oil through a 14-64-inch tubing choke.

The potential was based on an actual 20-hour flow of 66 barrels of oil. Casing pressure was 560 and tubing pressure was 350 pounds. No water was made on the potential test.

Fullerton Oil Company is drilling below 6571 feet in Pennsylvania

lime and shale after a drillstem test in its No. 1 P. McIntosh, indicated gas discovery in southwest Schleicher county. The test was taken in the interval from 6322 to 6408 feet. Tool was open 15 minutes. Recovery was 25 feet of drilling mud with no shows of oil or gas.

Humble Oil & Refining Co. No. 1 Henderson, wildcat in northwest Schleicher is drilling below 580 feet in blue shale.

Ohio No. 1-C Baugh, offset to the lone producer in the Baugh-Strawn field of central Schleicher County, is drilling below 208 feet in lime. Site is 7 1/4 miles northeast of Eldorado.

Stanolind Oil & Gas Company No. 1 West, wildcat one mile west of Eldorado city limits, is drilling below 3600 feet in shale and lime. It is to drill to 8,000 feet for test of the Ellenburger.

Gray-Wolfe Company of Houston No. 1 Margaret W. Hicks estate, wildcat in northeast Schleicher Co., was bottomed on total depth of 5858 feet in the Strawn line after finding water in a drillstem test of that formation. The test was run from 5706 to 5858 feet. Recovery after tool stayed open 90 minutes was 420 feet of gas, 260 feet of gas-cut mud and 150 feet of salt water.

Skelly is reported to have made one or two locations in the Eldorado (Jackson) field 3 miles northwest of Eldorado.

RANCHO LINE BAILEY STATION MATERIALS ARE DRIBBLING IN

Arrival of material for the new Rancho line and the new Bailey Station is stepping up a little, and officials are seeking warehouse facilities to take care of it.

The warehouse on the station location is nearing completion, but is not yet ready for storing of material. Crews are installing bins for that purpose, and the building will take care of a great deal of perishable materials, pending actual start of the work. Meanwhile, most of the material is being stored out at the Shell Station. Other warehouse facilities will be arranged for in town.

Officials are making trips up and down the right-of-way, looking for warehouses for storage of such perishable commodities as wrappings and other goods to be used in the construction work.

From the local Shell station come a number of news items concerning activities there this week: Grover Lee Johnson has gone to Big Lake to take the place vacated by Bud Davidson, who has been moved to Houston, and promoted to tank farm gauger. If Shell employees with more seniority than Johnson has do not claim the Big Lake job, Johnson will remain there. He has been with the company a year. The Steve Blanyers left Saturday for Yoakum—Steve will be in the Goelke field.

The Shell Station crew, and their truck with wrench for lifting of heavy objects, were placed at the

disposal of the Lions Club of Eldorado Wednesday in their clean-up campaign, a city-wide project of the club.

A second course of lessons for Shell employees on pipe line procedure is under way here, with Kenneth Molthin of Houston as instructor. These lessons, which are offered quarterly to Shell employees, teach new methods of procedure to old and new employees, and are especially valuable in view of the fact that the large Rancho line, and the "streamlined" Bailey pump station here, will probably be in operation before the new year is over.

The third in the present series of five lessons was presented last night.

Readers of this newspaper will remember from previous editions on this story that the large multiple-owned Rancho pipe line will be a 24-inch line, starting at McCamey and going to the coast. Among the pump stations to be located on this line will be the Bailey Station, which will be ultra-modern in design, embodying the latest in station equipment and operation; this will be located a mile south of Eldorado on the Sonora highway. Tentative plans call for a start on this station this spring, probably in May.

Arrival of some pipe is expected in McCamey this week, it is understood—that will be the starting point of the Rancho line.

working for Shell, and of Mrs. Martin, who has moved to Grand Prairie where her husband is employed in the aviation industry. She will be a substitute in Grand Prairie and Arlington schools, it was stated.

Two New Teachers On Job At School

Two new teachers in the Eldorado school system this week are Kenneth Renfrow, who replaces C. E. Gary and will teach plane geometry, Algebra I and Algebra II, and Miss Marie Welsh who is replacing Mrs. Pauline Martin in 6th, 7th, and 8th grade language arts. Both teachers are recent graduates of North Texas State college at Denton and this is the first teaching position for each, Supt. T. E. Holcomb said.

Mr. Renfrow, who was born and reared in Navarro county, attended Corsicana public schools and took the first two years of his college work at Navarro Junior college in Corsicana. He attended North Texas for two years majoring in secondary education with teaching fields in math and science. He is married and has a daughter, Molly Susah, age three months.

Miss Welsh is an English and Speech major with a permanent high school certificate. She received elementary and secondary education in Denton, as well as her college work.

"Monday was my first time to see Eldorado, but so far I am well pleased with the town, its people, and my work here as a school teacher," Miss Welsh said.

In their meeting Thursday night the school board officially elected the new teachers and accepted the resignations of Gary, who is now

David Powell Exhibits Show's Champion Lamb

David Powell, son of Mrs. Elizabeth Powell, showed the champion lamb, a crossbred bred by Henry Speck, in Saturday's annual livestock show at the 4-H club barns. The lamb weighed 112 pounds and was an excellent animal with good conformation, judges said. David is in his fifth year of 4-H club work.

In addition to the trophy from Nathan's, for grand champion lamb, David received a Holland Jewelry Co. belt buckle as sheep production award for his top work in feeding and in helping younger 4-H Club boys.

Robert Moore, son of Mr. and Mrs. Joe Hearne Moore, showed a Rambouillet lamb bred by Mary Coupe as reserve champion of the show. Robert is in his first year of club work. His lamb weighed 109 pounds.

Truett Kent Stanford won a sterling silver spur clip for the showmanship award. He spent the day showing sheep for other boys who had more lambs than they could exhibit at one time.

The boys showed 162 lambs Saturday. Of these, 98 are being held for the San Antonio show and 60 for San Angelo, said W. G. C. J. county agent.

Honors went to Mike Moore, son of Mr. and Mrs. Henry Moore, for placing more lambs consistently than any other 4-H boy. Premium money for Mike totaled double that of the next 4-H premium winner. Mr. Godwin said. He is in his second year of club work. Godwin says that young Moore is well on his way of becoming a "Pinky" Moore, a David Williams, or a Sonny Stanford, as his records begin to compare with many of the national 4-H winners from this county.

In the Men's show Paul Phillips received the Stetson hat from Charlie Trigg Motors for the champion 2-tooth ewe, and Ratliff Stone's Stetson for 2-tooth ram went to John Williams.

Mr. Godwin thanked all who made Saturday's show such a success, and promised continued best efforts of all concerned in exhibiting stock in the annual show here and in major shows elsewhere.

Men's Show
Ewe lambs, 1st, Paul Phillips; 2nd and 3rd, O. Sudduth.

Two-tooth ewes, 1st and 2nd, Paul Phillips.

Four-tooth ewes, 1st, Paul Phillips; 2nd, A. W. Keys.

Champion and reserve champion ewes, Paul Phillips.

Ram lambs, 1st, John Williams; 2nd and 3rd, A. W. Keys; 4th, C. O. Bruton; 5th, A. W. Keys.

Two-tooth rams, 1st, John Williams; 2nd, C. O. Bruton.

Four-tooth rams, 1st, C. O. Bruton.

Champion ram, C. O. Bruton.

Reserve champion ram, John Williams.

Boys' Show
Fat fine wool lambs under 100 pounds, 1st, Bob Alexander; 2nd, Mike Moore; 3rd, Jack Stewart; 4th, Elton Harris; 5th, Jim Stewart; 6th, Kenneth Love; 7th, John Alexander; 8th, Bill Cheek; 9th, Charles D. Prochaska; 10th, Ralph Taylor; 11th, Jim Stewart; 12th, Mike Moore; 13th, John Phillips; 14th, Jack Stewart; 15th, Raymond Mittel; 16th, Taylor King; 17th, Roger Sofge; 18th, Ralph Taylor; 19th, Jimmy Morgan; 20th, Farris B. Nixon.

Fine wool lambs over 100 pounds,

David Powell

1st, Robert Moore; 2nd, Frank Estes; 3rd, Roger Sofge; 4th, Bubba Alexander; 5th, Franke Estes; 6th, Sonny Moore; 7th, Jimmy Morgan; 8th, Bob Seward; 9th, Tony Kerr; 10th, John Phillips; 11th, Ronnie Mittel; 12th and 13th, Kenneth Love; 14th, Vernon Phillips; 15th, Mike Moore; 16th, Raymond Mittel.

Crossbred lambs under 100 lbs., 1st, Mike Moore; 2nd, Jack Stewart; 3rd, Robert Moore; 4th, Farris Glen Nixon; 5th, John Phillips; 6th, Bob Alexander; 7th, David Powell; 8th, Roger Sofge; 9th, Jimmy Morgan; 10th and 11th, Kenneth Love; 12th, Billy G. Edmiston; 13th, Elton Harris; 14th, Mike Moore; 15th, Raymond Mittel; 16th, Ronnie Kerr; 17th, Bubba Alexander; 18th, Frank Estes; 19th, Jimmy Stewart; 20th, Ralph Taylor.

Crossbred lambs over 100 pounds, 1st, David Powell; 2nd, Mike Moore; 3rd, John Alexander; 4th, Ronnie Mittel; 5th, John Phillips; 6th, Jack Stewart; 7th, Truman Biggs; 8th, Mike Moore; 9th, Raymond Mittel; 10th, Farris Nixon; 11th, John Alexander; 12th, Jim Stewart; 13th, David Powell; 14th, Tony Kerr; 15th, John Falls; 16th, Jimmy Morgan; 17th, Billy Edmiston; 18th, Kenneth Pennington; 19th, Raymond Mittel; 20th, Frank Prochaska.

Boys' registered ewes, 1st, Mike Moore; 2nd, Kenneth Love; 3rd, Ronnie Mittel.

Widespread Flu Blamed At School For Absenteeism

Absenteeism in local schools due to illness did not reach proportions necessitating closing of school as was necessary last week in Eden and Menard, Supt. T. E. Holcomb reports this week. Mr. Holcomb pointed out that a high of 96 were absent Friday in grade school, which dropped to 62 Monday and 66 on Tuesday.

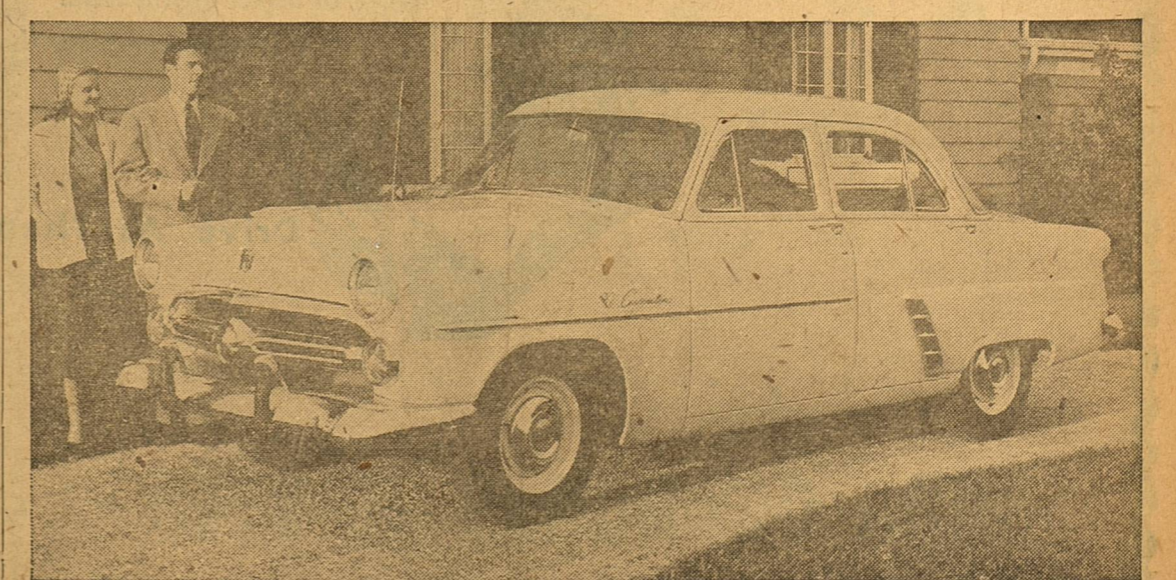

In high school 30 were absent Friday. This rose to 49 on Monday of this week and dropped again to 30 on Tuesday.

These figures would indicate that the outbreak of flu over the county is declining.

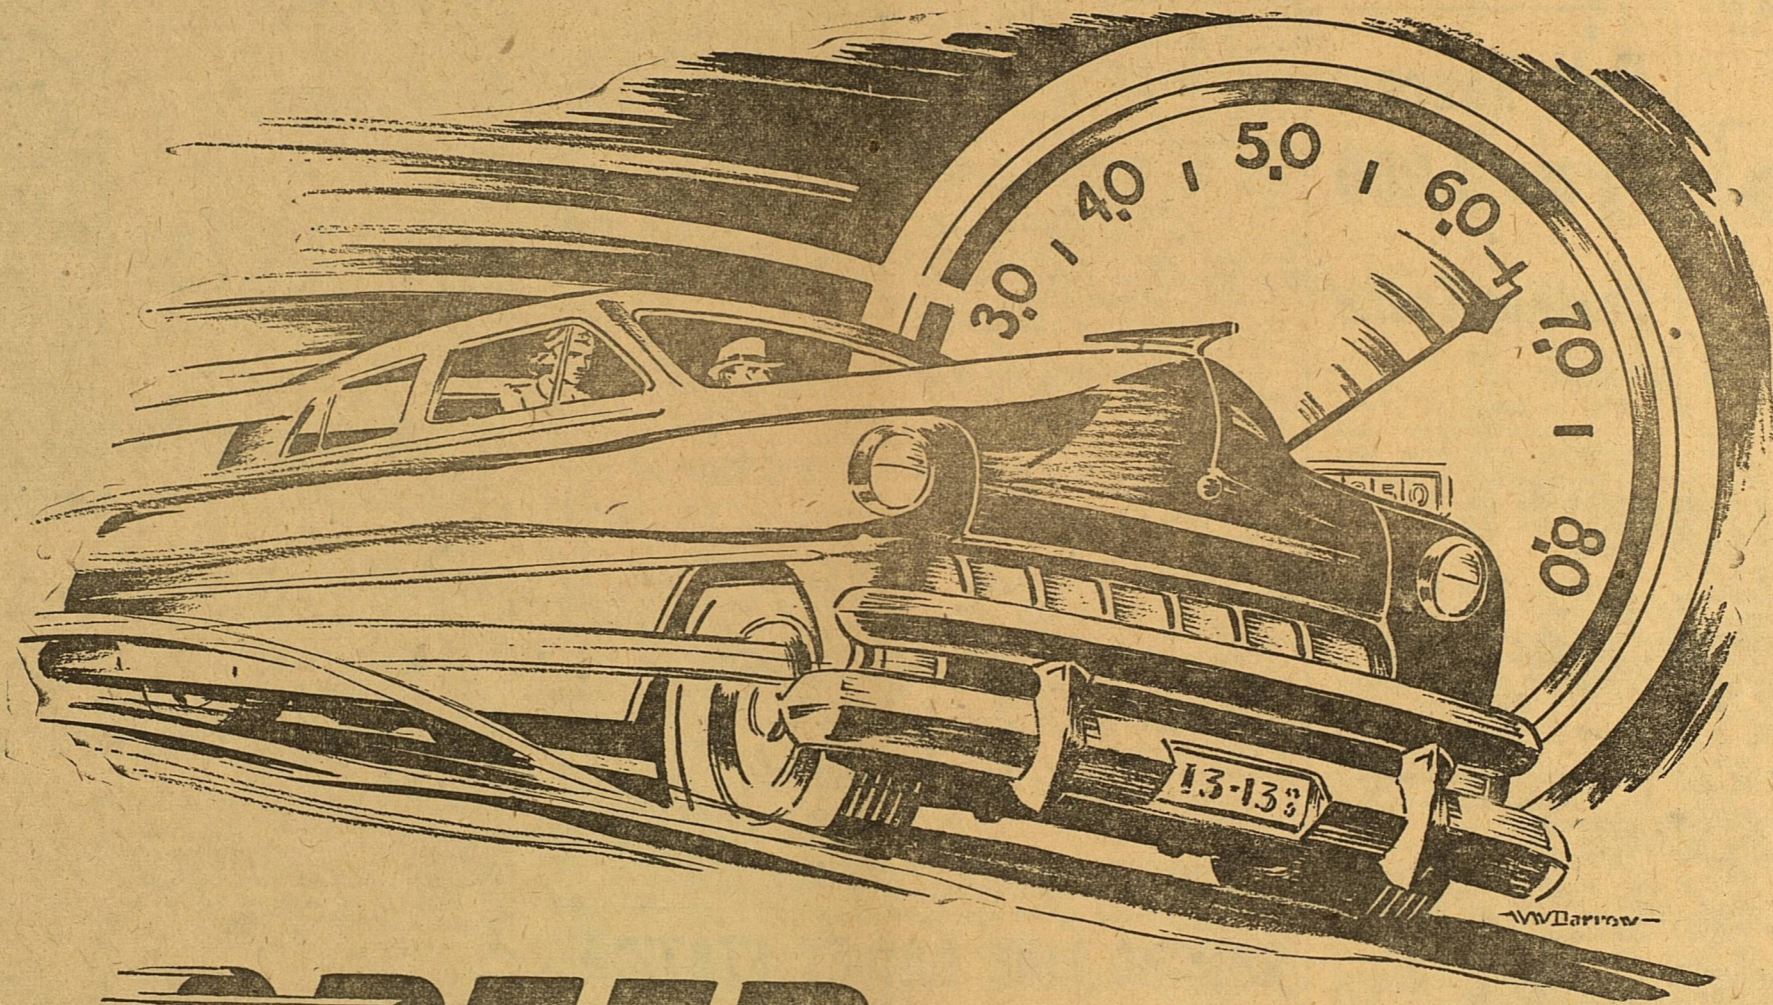

Besides students, some faculty members lost time on account of illness, including Mrs. Robinson, Miss Barton and Mrs. Newport early this week.

Guests of Mr. and Mrs. J. D. Meador were Mr. and Mrs. L. J. Reeves of Hobbs, New Mexico.

Trigg to Display New Fords Here Tomorrow

The all-new 1952 Ford Customline Fordor Sedan features a completely new Ford Coachcraft body with curved one-piece windshield and rear window, triple-spinner grille arrangement and body highlights sweeping backward from the extended headlights along the hood and fender to the jet-tube taillight sections. Added styling features of the Customline Fordor are the chrome capped rear fender profiles.

SPEED-KILLER NO. 1

Out of 35,000 lives lost in traffic accidents in 1950, 26,700 were sacrificed on the altar of carelessness. Speed—excessive, killing speed—accounted for nearly half that number. Speed, claiming 13,300 dead and 475,000 injured victims in a single year, is the nation's Killer No. 1.

While all traffic deaths declined from 1946 through 1949, even then fatalities on the open road kept creeping up. In 1950 a deadly spurt of speed accidents claimed 3,200 more victims in rural areas than it had the year before. Last year speed deaths again mounted.

Why do drivers race so heedlessly to destruction on the highway? Hardly to save time. Scorching at 70 is an invitation to disaster. Over any distance, 50 m.p.h. takes only a few minutes longer and offers a better chance of a safe arrival.

When you start out with your family or friends, discount speed before you take off. Give yourself and others in your car an extra margin of safety by leaving earlier and holding your speed within bounds. It's your responsibility to them and to others on the road.

Remember—more than one out of every three fatal accidents is due to *speed*.

News From Our Neighbors

Clubs Organize

To correlate the work of all civic organizations into a unified effort for the community advancement, an Inter-Club Council in Ozona was formed at a meeting during the past week at which representatives from the various organized groups in the city were present for a discussion of the clean-up campaign. The purpose of the new council is to promote community projects on a community-wide basis, representatives of various organizations coordinating the work of all in a common goal through an exchange of information and a pooling of effort. —Ozona Stockman.

Pay Poll Tax

Only 908 Coke County voters had paid their poll taxes late on Wednesday. This is still a small percentage of the qualified voters in the county. —Bronte Enterprise.

Flu Closes Schools

With the announcement late Wednesday afternoon that the Eden schools would be closed until Monday of next week, Supt. H. J. Sanders stated that it was estimated that out of all the known flu cases reported to him, that only about 25 percent of the students would be able to return to school today (Thursday) date set for reopening the Eden schools after dismissal on Thursday of last week and again on Monday of this week. Mr. Sanders stated that he had talked with Dr. Grafa and Dr. Fowler, that it seemed advisable to postpone school reopening until on Monday of next week. —Eden Echo.

Hero Memorial

A memorial to the war dead of Sutton County in World War I and World War II will soon be erected on the triangular plot of land where U. S. 290 joins Concho street, it was revealed this week.

The plot will be curbed next week with the City of Sonora, Sutton county and the Sonora Lions club each bearing one third of the \$550 cost.

The memorial, which was purchased three years ago by the Sonora Post 4379, Veterans of Foreign Wars, at a cost of \$640, is a Texas granite shaft and will be installed approximately in the center of the plot. —Devil's River News.

New Alpine Residents

Mr. and Mrs. Arthur M. Baker of Mundelin, Ill., are to become part-time residents of Alpine and have awarded a contract for a residence here, to be located just the Loop road and facing the golf course, on College hill, it was announced this week.

The Bakers first heard about Alpine when they saw it mentioned in a little directory-type booklet, entitled "Where To Retire On A Small Income," it was stated. Alpine was listed prominently in this booklet (name of publisher unknown) and the Bakers first came here last October. They were so impressed with the climate, scenery and other attractions that they decided to spend the winters here. —Alpine Avalanche.

Boy Scouts Observe 42nd Birthday

Official Boy Scout Week Poster

President Truman will greet 12 outstanding Boy Scouts in the White House during Boy Scout Week, Feb. 6 to 12, marking the 42nd anniversary of the Boy Scouts of America. Boy Scout Week will be observed throughout the nation by more than 2,900,000 boys and adult leaders. Since 1910, more than 19,000,000 boys and men have been members of the organization. "Forward on Liberty's Team" is the birthday theme.

officials here Thursday afternoon arrested two Pennsylvania men charged with the sale of inflammable sweaters in Ozona.

Ranger Capt. Gully Cowsett and Deputy Sheriff George Hamilton made the arrest near the North Llano bridge as the pair, David Jack Palmer, 25, and Fred Nate Altman, 21, entered the city limits.

Later in the afternoon the men were released to Ernest for prosecution and to FBI Agent Ed Darst of San Angelo for investigation of draft evasion. —Junction Eagle.

It Shocked Him

We never did find out if the local ranchman who fainted last week was revived. He fainted when he heard about the shower last Sunday night. They were still throwing buckets of dust and sand in his face when we left the scene. —Devil's River News.

Divorce Granted

With an injunction which forbids the couple from conversing with each other, even by telephone, a decree of divorce was granted here last week to Annie Laura Forehand from M. B. (Reuben) Forehand.

The divorce action came up in a special session of district court on Monday before Judge John Sutton. During recent years Mrs. Forehand's petition for a divorce had been in and out of court a number of times, but had never before come

to trial. Recent trouble between the couple occurred several weeks ago, when Forehand beat up his wife, causing her to be hospitalized. —Eden Echo.

First Semester Honor Roll Is Given

- High School Principal W. J. Fraker this week announced the honor roll for the first semester. The listing includes the junior high honor students:
- Jean Kuykendall.....96
 - Mary Tisdale.....96
 - Trudy Gaynor.....95
 - Wilson Humphrey.....95
 - Ann Williams.....95
 - Jimmy Dell Williams.....95
 - Jimmy Whitten.....95
 - Ila Jean Bover.....94.5
 - Herman Phillips.....94
 - Wanda McAngus.....94
 - Sue Shilling.....94
 - Loia Beth Ballew.....93.4
 - Ann Ballew.....93
 - Cora Lee Barrett.....93
 - Jane Belk.....93
 - Glynda Griffith.....93
 - Suzy Linthicum.....93
 - Charlene Logan.....93
 - Bob Ratliff.....93
 - Diane Thomerson.....93
 - Wanda Owens.....93
 - Fred Barrett.....92
 - Bill Gaynor.....92
 - Thomasyne Jones.....92
 - Frances Parker.....92
 - Beth Shilling.....92
 - Myrl Sudduth.....92
 - James Lee Swain.....92
 - Shirley Faulk.....91.5
 - Curtis Stockton.....91
 - Billy Jack Etheredge.....91
 - Nell Williams.....91
 - Robert Bruce.....90.5
 - Esther Jones.....90

In addition to the students listed above who earned the averages shown for all credit subjects, there were 62 other students who made honor roll grades in one or more subjects; 17 who made such grades in two or more subjects; and three who received grades of honor roll caliber in three subjects. Thus, in summary, we find that, from a total enrollment of 232 students, 34 or nearly 15% earned honor roll grades in all credit subjects and these together with the 62 others referred to above make up a total of 96 students who earned honor roll grades in one or more subjects, Fraker concluded.

The two children of the Eldon Calks have had chicken pox.

Jeweler Ernie Bauer had a night case of chicken pox last week.

Mr. and Mrs. Wiley Hight had as guests Sunday Mr. and Mrs. Ervin Pool and Aubrey and Mr. and Mrs. J. O. Hight of London, and Mr. and Mrs. Leonard Hight of San Angelo.

Liberal Trade-In
CHARLIE TRIGG MOTORS

Meeting jointly Monday night in the Memorial building, Cub Pack 18 and Troop 18 and their parents and committees presented awards and charters for the new year.
The program opened with demonstrations and songs by dens and patrols.

W. J. Fraker, as chairman of the troop committee, had general charge. He introduced Rev. Charles Bruce as troop chaplain who gave the invocation.

Noel Dannheim led the Comanche patrol, James Lee Swain, Farris Nixon, Donald Parks, and James Gillaspay, in a candle lighting ceremony on the twelve points of the Scout Law.

Cub Attendance pennant was presented to Den 3 by T. J. Kogut, district commissioner. He then introduced August Hebert, field Scout executive, to give out the Cub awards. Mr. Hebert spoke briefly on Cub advancement, citing especially the part parents play in helping the Cub along the Scouting trail.

Gerald Nolen and Carl Dean Parker received the Bear award, the former also receiving the gold arrow point. The Lion rank with gold and silver arrow points was presented Irvin John Hyten.

Others receiving Cub awards from Mr. Hebert were Jerry Don Johnson, Bear badge and gold arrow; Billy Ralph Bates, Bear badge and gold arrow; Betsy Bob Blair, gold arrow point and two silver points; and Carl Dean Parker, gold and two silver awards.

Rev. Bruce talked generally on advancement in the Scout troop. He charged each Scout to work at his own speed to advance to the Eagle rank. Jess Walston, as a troop committeeman, then awarded Second Class certificates to Voy J. Mitchell, Cecil Mac Walston, Van Mittel and Dick Runge.

Joe M. Christian, committeeman, presented Personal Health and Public Health merit badge certificates to Jerry Perry, Gail Mittel, and Bill Holcomb, and for Conservation, Cooking, and Hiking, to Wilson Humphrey.

August Hebert then had charge of presenting service stars. One-year stars went to Buddy Bruce, Bill Holcomb, and John L. Dickens. Two-year stars were given Ronnie Kerr, Kenneth Pennington, Jerry Perry, Frank Otto Prochaska, Eugene Early, and Ralph Taylor. Gail Mittel and Wilson Humphrey received three- and four-year stars respectively.

John Miller, as institutional representative of both Pack and Troop, presented charters for both groups. Rev. Roy Shilling received the Pack charter, in addition to membership cards for the committee: Earl Parker, W. C. Hixson, Ray Boyer, Andrew W. Boggett, F. O. Prochaska, Lester Nixon, Wyndell Hall, John Stigler, and E. K. Bauer. Mr. Miller also cited the Cubmaster, Charles E. Gary, and Den Mothers and assistants: Mrs. J. F. Runge, Mrs. T. J. Kogut, Mrs. W. C. Hixson, Mrs. I. J. Hyten, Mrs. R. L. Nolen, and Mrs. Lloyd B. Johnson.

In receiving the Troop charter, Mr. Fraker assisted Mr. Miller in presenting cards to his committee: Joe M. Christian, Charles G. Bruce, Jess Walston, and L. V. Newport; and to Scoutmaster Bill Gunstead. Scoutmaster Gunstead introduced two Explorers, Wilson Humphrey and Bill Holcomb, as having signed up to go to Philmont next summer. Curtis Stockton, the third prospective Philmonter, was unable to be present.
The meeting was closed with the Scout benediction led by the Scoutmaster.

Methodist News

Three Methodist men were in San Angelo Tuesday night to attend a planning meeting for the spring layman's meeting. Representing the Eldorado Church were the pastor, Rev. Roy Shilling, Chuck Gary and Jerry Pennington. The group set March 10 as the meeting date. Gary and Pennington will return to San Angelo the latter part of the month to help plan the program.
Sunday is Communion Sunday. All are invited to attend the service and take Communion with the members.

Recipe of the Week

Whole Wheat Gingerbread
¼ cup butter
½ cup sugar
1 egg
½ cup molasses
½ cup sour milk
1 ¾ cup whole-wheat flour
½ teaspoon soda
2 teaspoons baking powder
1 teaspoon ginger
¼ teaspoon salt.
Cream the butter and add the sugar and continue creaming. Add the well beaten egg. Mix the milk and molasses together. Mix the flour with the soda, baking powder, spices, and salt. Add the dry ingredients alternately with the liquid, adding flour first and flour last. Bake in a moderate oven, 350 degrees F., for 35 to 40 minutes.

Infant Daughter Born To Poseys Dies Shortly After Birth

Karen Dianne, the daughter born at 11:00 Tuesday morning in a San Angelo hospital to Mr. and Mrs. Toby Posey, lived only a few hours, and passed away at 2:30 that afternoon. She weighed five pounds at birth.

The body was brought to Eldorado, where the parents live, for burial services and interment. The funeral was held at the grave Wednesday afternoon at 2:00, the family minister, the Rev. F. H. Pryor, pastor of the Fundamental Baptist Church, officiating. A choir from the church sang three hymns of consolation. Interment was made in the family lot beside the body of the infant son buried there in 1950.

Karen Dianne is survived by her parents, Toby and Lou Brawley Posey, her grand parents, Mrs. Ada Posey of Eldorado and Mr. and Mrs. V. Brawley of Barnhart, and a sister, Brenda, age three.

Here from out of town for the funeral were Mr. and Mrs. J. D. Posey of Ricksburg and the Brawleys of Barnhart.
The young father is employed by Hess Drilling Co.

Couple Wed Monday At Lovington, N. Mex.

Mrs. Freddie Furr Shore, daughter of Mr. and Mrs. Fred Furr of this city, was married Monday afternoon at 2:30 at Lovington, New Mexico, to Calvin Henderson, son of Mr. and Mrs. Lester Henderson. The ceremony was performed in the Methodist parsonage there, the Methodist pastor officiating with the single ring service. The couple was attended by the groom's brother and sister-in-law, Mr. and Mrs. Clifton Henderson, also of this county.

For the wedding the bride wore a navy dress with white jacket, and powder blue hat, shoes and accessories. Her corsage was of white carnations.

By midweek, the couple was back in Eldorado, visiting relatives and preparing to move to Lamesa, where the groom has been employed for some time with Southern Geophysical. They expect to move again soon to a new location.

The groom was reared here, and the bride has been a resident of the county for about a year and a half.

Shower Honors Mrs. Donald Royster

A pink and blue shower for Mrs. Donald Royster was held Friday afternoon from 3:00 to 5:00 at the home of Mrs. Sam Oglesby, with Mrs. Oglesby, Mrs. Bob Oglesby, and Mrs. Billy Oglesby as joint hostesses.
Table decorations consisted of a centerpiece of white glads with white candles. Mrs. Bob Oglesby served cake and Mrs. Billy Oglesby poured coffee.
An attractive assortment of gifts was presented to Mrs. Royster, who is here to join her husband when he receives his discharge from the Navy.

YOUNG MEN OF DRAFT AGE CAN REGISTER HERE

AUSTIN—Boys who reach the age of 18, required to register with the nearest draft board, can register in Eldorado with Mrs. Editha Shaw. The nearest draft board is Local Board No. 110, Sonora, which has jurisdiction over Sutton, Kimble, Schleicher, Crockett, and Edwards counties.

Mrs. Shaw's service as registrar enables Schleicher County boys to register in their own county without having to go to the expense and trouble of travel to Sonora.

A local board is maintained for the five-county area because one board can take care of it under present circumstances and thus help keep down the cost of government.

Brig. Gen. Paul L. Wakefield, state Selective Service director, said today that "people should appreciate the service Mrs. Shaw is rendering the people of Schleicher county. She does this job without pay as a patriotic service to her country."

All males are required to register under the draft law on their 18th birthday or within five days thereafter. Maximum penalties that can be applied for failure to register is \$10,000 fine, or five years in prison, or both.

FAREWELL DINNER GIVEN

Mr. and Mrs. L. T. Wilson were hosts at a farewell dinner at their home Wednesday night for Mr. and Mrs. G. W. Blair and son. The Blairs are moving to Aspermont where he will be tool pusher for Delta Gulf Drilling Co.
Guests present were Mr. and Mrs. Bob Sanders, Mr. and Mrs. I. J. Hyten and son, and Mr. and Mrs. Slick Nolen and son.

Mrs. G. A. Neill is in the Sonora Hospital taking a ten-day treatment. Among relatives visiting her there were her son E. T. Neill, Mr. and Mrs. Billy Powell and three children, Mrs. Annie Dickens and daughter Carol Lynn, J. L. Neill and others. Her daughter-in-law, Mrs. E. T. Neill, is staying with her.

PLATEAU SHRINE CLUB MEETS JAN. 23

The Plateau Shrine club met in the Parish House of St. John's Episcopal Church, Sonora, on January 23, for the purpose of electing officers and members of the Board of Directors for 1952. The following were elected: S. M. Kerbow, Sonora, president; C. C. Scott, Junction, first vice-president; C. O. Spencer, Ozona, second vice-president; Alfred Schwiener, Jr., Sonora, secretary; E. D. Shurley, Sonora, treasurer.

Members of the Board of Directors are: E. B. Baggett, Jr., Ozona; Hubert Brewster, Junction; C. E. Scott, Sonora, and Carrol Ratliff, Eldorado.

Regular meetings of the club are held in the Parish house the second Monday night of each month.

PRE-SCHOOL CLINIC SETS THIRD MEETING

The Pre-School Clinic held the second meeting of the scheduled eight Monday night at the school library. Because of the illness of Mrs. Bert Page, who had a part on the program, Mrs. John Stigler substituted for her. A round table discussion was a major part of the evening's session.

The third meeting will be held next Monday night, with Marshall Davis as speaker. All parents of school-age children, especially of pre-school age youngsters, are urged to attend these meetings.

FIREMANS DANCE

Fireman and their wives, sweethearts, dates and other guests held their annual Firemen's Dance Monday night at the K-Bar in Sonora. Those who attended report a good crowd and a good time.

Yard Reminders For February

College Station. — February is the last month for planting shrubs and trees in most of Texas. Remember this. Plant shrubs for screening outbuildings, barns, work areas and for windbreaks.

Sadie Hatfield, homestead improvement specialist with the Texas Agricultural Extension Service, says that the lawn should be leveled and fertilized. Make the grounds easy to mow by taking up scattered shrubs and flower beds. An unbroken lawn makes a good background against which all the landscape is seen. February also is time to plant grass, continues Miss Hatfield. There are several grasses which may be used for Texas lawns. With the wide variety of soils and climate no one grass is best adapted to all areas. Selection of the grass desired may be based on personal preference. Consult the local county extension agents for grasses best suited to particular areas.

Check the dusting and spraying equipment to see whether it is in working condition. If it is not repair or buy new ones. Learn where and when to use insect and disease controls such as sulphur, chlordane and nicotine sulphate (black leaf 40).

The Elton McGinnes family have all had flu.

John McWhorter of Dallas, at Ballinger recently on business, came on down to Eldorado Monday night to visit his mother Mrs. W. L. McWhorter and his brothers.

Guests of Mr. and Mrs. C. L. Meador recently were Mr. and Mrs. Jack Meador of Dallas and Mr. and Mrs. Russell Beach of McCombs.

Guests of Mr. and Mrs. Sam Oglesby Saturday were Mrs. W. M. Holland of San Angelo and daughter Mrs. George Harwell of San Antonio.

Treating Cotton Planting Seed Good Insurance

College Station. — The 1952 agriculture crop goals call for the highest production on record. They can best be met if every acre of cropland is put to its best use and weather conditions are favorable. Cotton producers have been asked to produce a 16 million bale crop in 1952 and Texas farmers will play a mighty important role in this undertaking.

According to Fred C. Elliott, cotton work specialist for the Texas Agricultural Extension Service, every "trick of the trade" will have to be used if the goal is met. Good management, insect control and the full utilization of labor and machinery must be used in the production operations.

Good management begins early and stays late, says Elliott. A mighty important management practice, he adds, is treating the planting seed. The scarcity of labor just adds to the importance of getting a good stand of cotton on the first planting. Replanting is an expensive job and can often be avoided by the simple process of treating the planting seed. Treating kills seed borne diseases, protects the seed and seedlings from diseases which may be in the soil and gives a better stand of cotton, he says.

The two worst cotton seedling killers in Texas are angular leaf spot and roshin. In the blacklands of Texas, angular leaf spot ranks next to root rot as the number one hazard in cotton production, says Elliott. It first shows up on the leaves of the young seedling and appears as a small, green, water-soaked spot that resembles a bruise. If damp weather sets in after the seedlings come up, the disease spreads over the entire plant and unless the planting seed was chemically treated before planting, many of the plants may be killed. The disease effects the fruiting habits of the cotton plant and carries through to the older plants where it appears as angular spots on the leaves and as bacterial rot on the bolls.

Soshin shows up as a brown diseased area on the stem of the cotton seedling either above or below the ground line and it causes shriveling of the plant tissues which kills the plant.

At the Temple Agricultural Experiment station, Elliott says cottonseed treated with either two or five per cent ceresan gave from 25 to 30 per cent better stands than did untreated seed. The plants showed less angular leaf spot and yielded more than 50 pounds of lint cotton per acre than did the plots planted with untreated seed. Seedlings from treated seed usually make much more rapid growth during the early growing season, adds Elliott.

For cotton producers who are not familiar with the process of treating cotton planting seed, Elliott suggests that they visit their local county agricultural agent for information on the chemical to use and methods for doing the treating job. He points out that producers who have large quantities of seed to treat might find it economical to have the job done by a commercial operator.

Regardless of who does the job, he says, be sure that the seed are covered with the treating agent and that the right material is used. America and her world allies need every bale of cotton that can be produced in 1952 and Elliott urges cotton farmers to use the best known production practices so that maximum yields can be obtained from every acre planted.

Mrs. George Skornicki and children returned Tuesday to Bronx, N. Y., after a ten-day visit here while her mother, Mrs. W. F. Parrent, was hospitalized. Mrs. Parrent was recently dismissed from the hospital.

Guests Tuesday in the home of the Perry Mittels were Mrs. Joe Berger and Mrs. Christina Mittel of Sonora.

The Lynch family recently vacated the Marvin McDonald rent house.

Mike, son of Mr. and Mrs. Henry Moore, has been ill with flu.

Mr. and Mrs. A. E. Prugel and children of Sonora spent the weekend with Mrs. May Tisdale, Mrs. Prugel's mother.

New Babies

Four new boys, most of them big babies, make the news this week.

Mr. and Mrs. Gariand Williams of Amarillo announce the birth of a son there Tuesday. Grandparents are Mrs. Manning of Amarillo and Mr. and Mrs. J. Tom Williams of Eldorado. The baby weighed seven and one-half pounds.

It's now an even dozen for Mr. and Mrs. Buster Calcote, six of each! A son born to the couple Thursday night at the Sonora Hospital, brings their total number of sons to six, equaling the total of six daughters! The children are Mrs. Virginia McIntyre of Pontiac, Mich., Mrs. Jack Gillette of Klamath Falls, Oregon; Dolores, Jeanette, Carolyn and Beth, the six daughters; and Bert Calcote of Michigan, Sammie, Douglas, Stanley Wayne, Jonnie, and the new son, who has been named Michael Gene, whose weight is ten pounds.

Mr. and Mrs. James A. Griffin of Midland announce the birth of a son, the first grandson on both sides of the house—Sunday night in Midland; name: Jim Bob; weight, eight pounds and 13 ounces. The young mother is the former Beth Caudle of San Angelo. Grandparents are Mr. and Mrs. Fred S. Caudle of San Angelo, and Mr. and Mrs. J. A. Griffin of Eldorado; a great grandfather is John Griffin of this city.

Born, at 7:30 Monday evening in San Angelo, a son, to Mr. and Mrs. Ray Boyer, proprietors of Boyer Electric. The boy weighed eight pounds and two ounces at birth. The couple have two other children, Ila Jean and Larry Dean. Grandparents of the young man are Mr. and Mrs. Albert Stoepler of Eden and Mrs. Rutha Boyer of Eldorado.

Mrs. Annie Dickens and daughter Carol Lynn spent the weekend in San Angelo with Mr. and Mrs. John Barrows. On Sunday all drove over to Midland.

Mr. and Mrs. Fred Gunstead visited Saturday afternoon in the weekly newspapers at McCamey and Big Lake.

Lewis Wilson Jr. of San Angelo was by Saturday to visit his grandparents, Mr. and Mrs. L. T. Wilson. Lewis, who is in his second year at San Angelo Junior college, was one of the ten high ranking students during the past term.

Mrs. H. L. McDonald of Menard visited recently with her sister Mrs. H. F. Webb and with the Kenneth Cheek family. She was accompanied by her granddaughter Donna Dean McDonald.

—If you are burning pear you can get your pear burner and repairs at Eldorado Hardware Co.

George Stanley Finley, son of Mr. and Mrs. H. T. Finley of this city, will get his law degree in graduation exercises Saturday at the School of Law at SMU. Among those who will be present will be his parents, and possibly his sister and brother-in-law, Mr. and Mrs. Bobby Barber of San Angelo, and others.

Mrs. Leslie Baker is expecting to be brought home today from San Angelo where she underwent major surgery over two weeks ago. She is reported to be doing well.

—Any size and type V-belt for farm and ranch use can be found at Eldorado Hardware Co.

Mr. and Mrs. Grover Lee Johnson are now in Big Lake, where the former is employed for the time with Shell. They do not know how permanent this assignment will be.

Mr. and Mrs. E. L. McClure and daughter Karen Sue, here with Halliburton, have transferred back to San Angelo.

The Kenneth Foglesong family expect to move to Winters soon, where Mr. Foglesong is now employed. They have been in one of Walter Taylor's rent houses.

Mr. and Mrs. Tom Carroll and children have gone on a two-weeks' trip.

Dorothy Carrell, daughter of the Sam Carrells, has been out of school with flu.

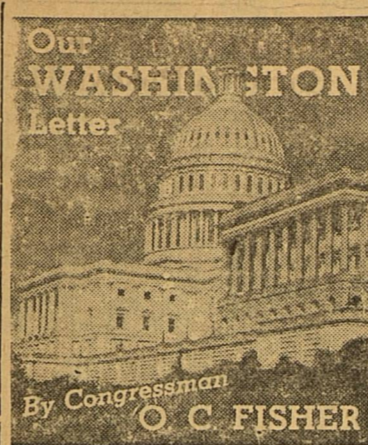

—Those repairs you need for your Automatic Screw Drivers and Automatic Drills are at the Eldorado Hardware Co. Plenty of them.

Mr. and Mrs. F. W. Barton of Marfa visited last weekend in Eldorado with their daughter Mrs. T. P. Robinson Jr. and her family.

J. L. Ratliff of San Angelo visited here and in Ozona with his children during the weekend.

Mr. and Mrs. A. F. Uherek, who lived in a trailer at the residence of Lee Wells' renters, Mr. and Mrs. J. R. Neithercutt, have moved to Old Ocean, where they formerly lived. Mrs. Uherek is the daughter of the Neithercutts.

Mrs. Eddie Peel visited Saturday afternoon with her son Douglas and his family at San Angelo.

Big news on Capitol Hill last week was the President's budget. In a nutshell, the budget request is for \$85.4 billion in the next fiscal year beginning next July—by far the greatest outlay of any year since the Second World War.

Over three-fourths of this amount—\$65.1 billion—has been earmarked for our armed forces, foreign economic and military aid, atomic energy and other items related to defense. The balance of \$20.3 billion has been set aside in the budget proposal for running the Government, paying interest on the public debt and carrying out normal projects not directly connected with preparedness. In the latter category the figure is \$1 billion below the amount being spent during the current year.

Of the amount proposed for the military, the Air Force will be provided with a 143-wing organization, but at a later date than General Vandenberg originally sought; the Army will be built up from 18 to 21 divisions; the Navy will get additional air power and perhaps more ships.

As against this proposed spending of \$85 billion there is an estimated income from taxes of \$71 billion—indicating a deficit of more than \$14 billion.

This is alarming. There will and should be some cuts made by Congress. Now of all times when the preparedness cost is becoming so burdensome, non-essential spending should be cut to the bone. At the same time the defense spending will be closely scrutinized with the view of trimming the waste and extravagance that keeps cropping up.

The big job at this session will be to use the pruning knife freely where it can be done without damage to our preparedness program. Many of us believe several billions can be cut by reducing personnel, duplications, waste and other non-essentials.

SS TEACHER HONORED

Honoring their teacher, Mrs. E. H. Toplife, the Wesley Class of the Methodist Church held a dinner and party in the parlors of the church Friday evening, 19 attending. The group played table games after the dinner, which was served at 7:00.

MAGINOT PATIENTS

Bed patients are the two children of Mr. and Mrs. Walter Bosman, railroad employee; Mary, age 3 years, and Juanita, nine months, both undergoing treatment for pneumonia.

Quite a few flu patients have had medical attention.

MRS. HUDGENS ENTERTAINS WITH BRIDGE LUNCHEON

Mrs. Ray Hudgens was hostess to the Thursday Bridge club with a bridge luncheon Tuesday at the Memorial Building. There were six tables of players. Prizes were awarded to Mrs. Pat Finley, high guest; Mrs. Billy McCreavy, high club; Mrs. Gerald Hartgraves, bingo; and Mrs. Edward Meador, traveling.

SONORA CAGERS COMING

A, B, and Junior High basketball teams will play here tomorrow night, Coach Miers Johnson announced this week.

Among those attending the turkey supper and singing Thursday night at Murr church were the Paul Phillips family, and Mr. and Mrs. Charlie Sudduth, Mrs. Lizzie McAngus, and Mr. and Mrs. Eddie Peel.

The Military

Donald J. Royster, who had served out his time on January 16 as a recalled reservist, has been sent recently to Iceland on a cruise. He expects to return to the States soon, and to receive his discharge when he lands at Norfolk, Va. Mrs. Royster had been with him at Norfolk, but recently came to Eldorado to stay with Donald's parents, Mr. and Mrs. D. C. Royster, until he returns home. He had been in service since October, 1950. He will probably find employment here—though the family have no definite plans to announce at this time.

Lt. Com. Julian Morehouse will leave Friday with his family for Monterey, Calif., where he will be stationed while he takes a ten-months' naval course there. His family—his wife, the former Jetty DeLong, and his two sons—have been here for about two months while he was being transferred from the East Coast to the West Coast.

Len (Tuffy) McCormick, son of Mr. and Mrs. Van McCormick, is on his way home from overseas, and is due to receive his discharge by Feb. 12, when his time will be up. He had been a reservist when he was called up for active duty. He was due to arrive in Pearl Harbor from Japan Saturday, and to await transportation there.

He called his parents last night to notify them that he had landed at Oakland yesterday, that he would go through the separation center today, and that he would probably be home in a few days.

First Lieutenant McCormick was recalled to active duty in September, 1950, went overseas in July, 1951, and has been with the First Marines in Korea.

Mr. and Mrs. A. G. Clark received word from their daughter Ernestine from California, that she will come home around the 10th of February, as her husband, Jimmie Cook, will be shipped out soon after that date to go with a troop ship to Eastern waters.

Post Script

Among new families here are: Dow Flippin, in Mercer apartment.

W. O. Nettles, in L. L. Harris house.

E. R. Clinton, Gus Love house.
J. W. Rader, Bert Page house.
J. R. Childress, in Ernest Finnegan (Mrs. F. G. Clark) house.

—ps—
Jene Moore went to Ft. Worth last week to take four heifers to enter in the Stock Show. Other members of the Moore family joining him there this week were Mr. and Mrs. L. Moore, Mr. and Mrs. Jack Moore, and Henry Moore.

First straw hat we'd seen in the business district — Paul Phillips wore his Monday morning.

—ps—
Today is the last day for payment of poll taxes. The office of the tax-assessor, collector has been busy today, as people begin to realize that this is the last day the taxes can be paid—and a political year coming up.

By Monday morning 741 had been paid, and since then quite a few more have been collected. The tax assessor's office closes today at 5:00.

—ps—
Nothing more is known today concerning a starting time on the first stretch of new highway to Mertzon—even the route as it leaves the business district is not known for sure. It is understood that the new highway will pass the Dameron property in the north-west part of town, and from there follow property lines roughly paralleling the present route to the south. Something definite should be known soon, and the county can then work out their part of the preliminaries.

—ps—
J. H. Wagley got .2 inch rain the other day—and says he still thinks we'll get more by Feb. 10.

TODAY IS
LAST DAY
TO
PAY YOUR
POLL TAX
Vote in 1952!

Among those from the First Baptist church who were in San Angelo Saturday night to hear Jerry Coody, Baylor football star and ministerial student, deliver an evangelistic sermon, were: Truman Biggs, Billy Kenneth Cheek, Joe Ed Spencer, Jack Mund, Jane and Becky Mund and Mr. and Mrs. Ervin Mund.

Durward Rutland of Howard Payne college visited his mother, Mrs. Irene Rutland recently.

Mr. and Mrs. Sam Vess of San Angelo spent the weekend here with the latter's brother-in-law and sister, Mr. and Mrs. Pete Ringle, on Cooper Lease.

Guests of Mr. and Mrs. James Page for a few days were Mr. and Mrs. Tom Wilton, Mrs. Page's parents, of Ft. Sumner, New Mexico.

—Any size and type V-belt for farm and ranch use can be found at Eldorado Hardware Co.

Mrs. Eddie Peel and her mother, Mrs. Perry Johnson, went to San Angelo this week where the latter had medical attention.

Judy and Mac, children of Mr. and Mrs. George Neithercutt, have been missing school recently because of flu.

Jack and Jane Mund of Baylor U., Waco, were here for the weekend to visit their parents, Mr. and Mrs. Ervin Mund.

Mrs. Truett Stanford has been ill with flu this week. Other members of the family who had flu are much better.

Sonny Stanford arrives here today from Texas Tech to spend a few days with his parents, Mr. and Mrs. Truett Stanford.

Mr. and Mrs. Bill Schwatzen and children of Cleburne were here recently visiting Mr. and Mrs. A. J. Stevens.

Mrs. Tom McGill has gone to Bay City to visit her mother.

Mrs. D. Smith returned Tuesday from Houston where she visited her daughter who is convalescing after an operation.

Mr. and Mrs. Al Luke of San Antonio visited Mrs. C. C. West recently.

—Ask Eldorado Hardware Company about your needs for V-belt pulleys.

Mrs. C. C. West and her daughter-in-law, Mrs. Palmer West, made a business trip to Bronte and Robert Lee last week.

Boy Scout Week Is Set For Feb. 6-12

The nation's Cub Scouts, Boy Scouts, Explorers and their adult leaders will observe Boy Scout Week, Feb. 6 to 12, marking the 42nd birthday of their organization by giving the nation a unique birthday present. The Boy Scouts of America will launch a new three-year program known as "Forward On Liberty's Team," a program of action designed to help keep America strong and free.

The Boy Scout birthday will be observed throughout the United States, its territories and wherever American families live, either in service in the Armed Forces, or as representatives of the Government and business.

This year's celebration will honor the organizations and institutions whose sponsorship make possible the existence and growth of the nation's 80,298 Packs, Troops and Explorer Units.

Observed in every city and town and most villages and hamlets, Boy Scout Week is the largest single birthday observance by young Americans.

A Code of Living

In these days when the evidence points to a widespread weakening of the American moral fibre, with major crimes climbing faster even than the increase in population, it is encouraging to note that a great moral force in America is growing even stronger.

The Boy Scouts of America celebrates its 42nd birthday during Boy Scout Week, February 6 to 12. It is an occasion when we can pause and consider its mark on the youth of the nation. Since 1910, more than nineteen million American boys and men have been influenced by this Scout Oath:

"On my honor I will do my best. To do my duty to God and my country, and to obey the Scout Law.

To help other people at all times. To keep myself physically strong, mentally awake and morally straight."

For its young men members, known as Explorers, the Boy Scouts of America has this dedication pledge, which could well be adopted by all Americans:

"I will live the Scout Oath and Law. I will be familiar with the Declaration of Independence, the Constitution, and the Bill of Rights of the United States of America. I will respect and obey the law in order to have security and freedom.

"I will share the responsibility of my home, school, church, neighborhood, and community; and when legally of age, I will register and vote in all elections. I will deal fairly and kindly with my fellow-citizens of whatever race or creed, in the spirit of the Scout Law and America's tradition of equality of opportunity.

"I will work to preserve our American heritage of liberty and responsibility. I acknowledge that the privileges we enjoy were won by the hard work, and sacrifices, faith and clear thinking of our forefathers. I will do all in my power to pass on a better America to the next generation."

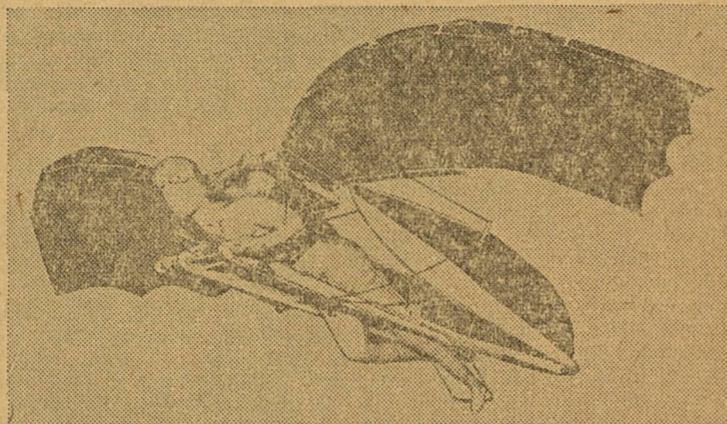

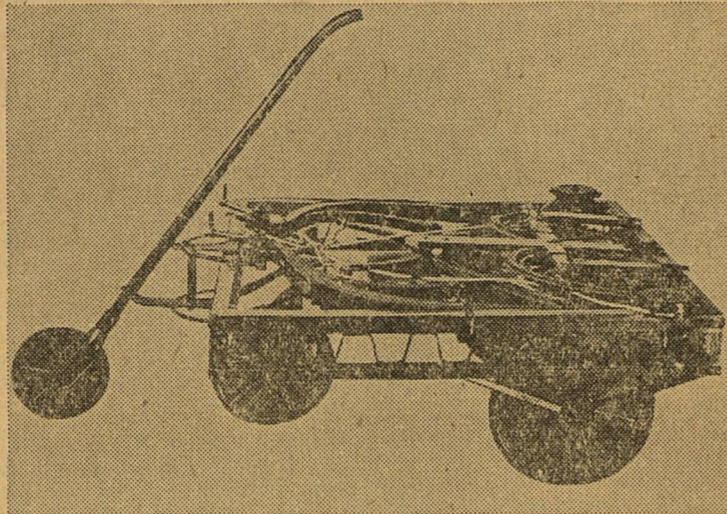

Today over 2,900,000 boys and men are actively enrolled in over 80,000 different units. Scouting is indeed a great asset to the nation. May it continue to succeed in influencing the lives of countless more boys as you go "Forward On Liberty's Team."

STAR IS PRACTISING

The members of the Eastern Star are practising and studying each Monday night, in preparation for the school of instruction, to be held in Sonora on March 22.

Here for a visit with Mr. and Mrs. Martin Estes was their son Wayne, who returned to Sul Ross, Alpine, Tuesday, after a several-day visit with home folks. He has completed his work on his BS degree, and is now working on his Master's on which he lacks only nine hours.

Born 500 Years Too Soon

THIS YEAR, all over the civilized world, the 500th anniversary of the birth of the great artist-scientist Leonardo da Vinci will be celebrated. These are two of the many inventions that came newly-minted from Leonardo's mind just about the time Columbus tripped over America on his way to the Indies. These first known examples of a mechanically-driven vehicle and the airplane are only a small fraction of the work of this inventive genius who, in addition to painting such masterpieces as the "Mona Lisa" and "The Last Supper," foreshadowed many of today's devices in his mechanical studies. Why, he even invented a jack as if in anticipation of the trouble we'd run into with our present-day development of his original automobile.

Models of Leonardo's inventions, including such diverse items as a triple-tier machine gun and an air conditioner, are now on tour throughout the United States, being displayed in the offices of the International Business Machines Corp., owners of the models, in a wide public preview of the exhibitions to be held in museums during the anniversary year of 1952. The flyer of Leonardo's plane, his feet in leather stirrups connected by pulleys to the wings, moved his feet up and down to flap the wings. The machine was raised and propelled through the air by the arm-operated windlass. It was no jet-job, but the theory behind it was scientific as was all of Leonardo's work. Lack of a convenient power supply was probably the cause of the plane's crash, the first since the boy whose wax wings melted when he flew too close to the sun.

JUNIOR CLUB STYLE SHOW DATES ARE SET

New officers have been selected and plans were made for the annual spring style show, at the last two meetings of the Junior Woman's Club.

On January 10, Mrs. S. E. Jones Junior was hostess to the club, serving coffee and cake to 15 members. A film "Winter Carnival," filmed in Canada, was shown. Appointed on the nominating committee were Mrs. Jack Hext, Mrs. Glenn Parker and Mrs. John Miller. New members, Mrs. Gerald Hartgraves and Mrs. Jack Moore, were presented to the club. Mrs. S. E. Jones, Jr., was appointed to the telephone committee. It was voted to donate \$1 to the Penny Art Fund, and \$5 to the March of Dimes.

It was announced that with the exception of the children's clothes, only merchandise shown by Eldorado merchants would be modeled in the style show, which will be held here March 13.

On January 24, Mrs. T. P. Robinson Jr. was hostess to the club, and served cakes, coffee and candy. In observance of Bible Day, the Rev. Roy Shilling was guest speaker, using as his subject the importance of the Bible in daily living.

The nominating committee presented the roster of names: Pres., Mrs. Luke Thompson Jr.; vice

pres., Mrs. T. P. Robinson, Jr.; second vice pres., Mrs. Jack Jones; rec. sec., Mrs. E. C. Peters; cor. sec., Mrs. Grover Lee Johnson; treas., Mrs. Ray Hudgens; parliamentarian, Mrs. Robert Maginot.

The club members worked out plans for the style show, which will be held March 13 at 8:00. It was decided to have door prizes for the women. Committees are: Decorating, Mmes. Robert Maginot, Marvin McAngus, Jack Moore, T. P. Robinson Jr., and Luke Thompson Jr.

Ticket, Mrs. A. G. McCormack, Mrs. Bill McCravy, Mrs. E. C. Peters.

Intermission, Mrs. Jack Hext, Mrs. Gerald Hartgraves.

Children, Mrs. S. E. Jones Jr., Mrs. Dwight Wiedenmann.

Dressing, Mrs. Jack Jones.

Poster, Mrs. John Miller, Mrs. Paul Page, Mrs. Grover Lee Johnson, Mrs. Wilson Page.

Clean-up, Mrs. Joe Wagley, Mrs. Harold Scherz.

COMMUNITY SINGING

The regular Community Singing will be held at the Community Building next Sunday afternoon beginning at 2:00. A large crowd is expected from Eldorado and other towns, and quartets from Paint Rock, Brady and Mason will sing. The general public is invited to attend.

Mr. and Mrs. Clarence Jessun of Sanderson visited Thursday with relatives in Eldorado.

First Baptist News

Here is the summary of our attendance for January in Sunday school; We averaged 175. That is 25 under the goal we have set for the year for average attendance. The goal for the general officers was 4; they averaged 3. The adult goal is 55; they averaged 50. The goal for the young people is 10; they averaged 9. The goal for the intermediates is 33; they averaged 29. The junior goal is 34 and they averaged 28. The goal for the primaries is 25 and they averaged 20. The goal for the beginners is 24 and they averaged 22. The nursery goal is 15 and they averaged 13. We trust that each department will pledge to reach their goal for February.

The pastor wishes to express his appreciation for those who spoke for him in his absence Sunday. The pastor was called back to Olden for the funeral services of a former member. Brother Nelson wishes to announce that there will be baptismal services for the candidates who await baptism this Sunday evening at the evening worship hour. The pastor will preach at the morning worship hour on the subject, "Departed Glory," and at the evening worship hour on the subject, "Building A Great Church." A cordial invitation is issued to all who will be in any or all of the services.

Several have expressed a desire to see the picture, "Mr. Texas." For various reasons several of our people could not see the picture. If enough of you would like to see it or see it again we will try to reschedule it for a reshowing at a later date. If you would either see me or drop me a card I will try to get a reshowing.

Tuesday evening February 12 the First Baptist Church will be host to the monthly workers conference of the Concho Valley Baptist Association. This will be an evening service with supper served at 6:30. The W.M.S. meeting will be before the meal as will the board meeting. We trust that many of our people will avail themselves of the opportunity to be in this meeting. Monday night February 18 at 7:00 is the Brotherhood Sweetheart Banquet. And from Feb. 24 through 28 is our Doctrinal Emphasis week. Brother Vernon will teach the new book, "New Testament Doctrines of the Church." Let us keep these dates in mind.

Friends of Glenn Biggs will be interested in this announcement. This Sunday afternoon at 3:00 Glenn will be ordained to the full

gospel ministry by the First Baptist church. We issue a very earnest and warm invitation to all who can and will be in this very inspirational service. Glenn has been called to and has accepted the call to be pastor of the Blanton Baptist church. This is a very fine and progressive church, and I know all the friends of Glenn will be glad to know about this.

In spite of the conflicts and the sickness a very good group have been studying the book of Revelations this week. The book is being taught by Brother Nelson and there are two more lessons, tonight and tomorrow night at 7:00. We invite you to be in these studies if you haven't.

Today is the last day you can pay your poll tax. Have you paid yours? If you have not why don't you do so today? We believe it is the Christian responsibility of every Christian to qualify that they might vote. The most powerful sentiment in our possession is the ballot. Let us qualify to vote and then vote only for those who are qualified. And those who have no respect for Christ, His Holy day, and for the church His bride are not qualified.

BIRTHDAY PARTY FRIDAY FOR LINDA BESS LOVE

Mrs. Gus Love entertained 20 children Friday with a party honoring her daughter Linda Bess on her 10th birthday. The children played games, and made recordings. This is the third time recordings have been made at her birthday parties; the children sang Happy Birthday at the party Friday, then each identified himself and spoke briefly.

Favors were pencils and refreshments consisted of ice cream and cake.

Mr. and Mrs. Charles Morris of Del Rio visited recently with local relatives.

 FORD BOULWARE MEMBER, CHRISTOVAL

Mrs. Ruth Finnigan was contacted on her place five miles north of Eldorado on the San Angelo road, by technicians working with the Eldorado Divide soil conservation district, in the early part of the year 1950. This contact was made to see if there were any conservation practices she planned to do during the year that they might be of some assistance to her. She mentioned having a cultivated field which she would like to get back into grass. She said she had to hire all the work done on the cultivated land and from the crops produced didn't think she was receiving the returns she should. She thought perhaps by getting it into grass she could let her livestock harvest the feed and save considerable labor expense. As the district had several pounds of seed on hand for trial plantings of this nature, it was agreed that the district would furnish what seed they had if she would buy the additional amount of seed needed to plant the 31-acre field to grass. Reaching this agreement we began making plans to make the planting some time in March, 1950. Soil conservation service technicians recommended the kinds and amount of seed needed to plant the field and suggested they be purchased in advance of the planting time.

March 22, 1950, Mrs. Finnigan hired Howard Mittel to plant the grass seed with his dad's grass drill. The grass seed were planted in the middles of the previous year's grain sorghum stubble on a firm seed bed. Technicians helped Mittel plant the grass at the proper depth and made adjustments to see that it was covered with the right amount of soil. This planting consisted of 93 rows of Kinz Ranch bluestem, 60 rows of blue panicum, 36 rows of green sprangletop, 16 rows of weeping lovegrass, 12 rows of Lehman's lovegrass and 78 rows of Madrid sweet clover.

The spring of 1950 turned out to be a late spring, but after the moisture did start falling during May and June, it turned out to be a pretty favorable growing season for young grass seedlings.

April 27, 1950, checks were made on the plantings and found that blue panicum, green sprangletop, and Madrid clover were up to a good stand. At this time quite a few weeds and Johnson grass were coming along with the grass seedlings. Outside of unfavorable moisture conditions, competition from undesirable plants gave the greatest amount of trouble.

June 25, 1950, another check was made to see how the grass planting was coming along. At this time all grasses were up to a pretty good stand. Looked as if every seed of the green sprangletop had come up. At this time an abundance of competition from weeds and Johnson

grass was showing up. Immediately plans were made to get the field mowed to cut down on competition. Sometime in July or August the field was mowed and the litter left on the ground for cover and protection of the young grass plants.

During the month of September 1950 about 2.05 inches of moisture fell. This was the last moisture received during the year. The result was an extremely dry winter. Even what snow or sleet fell was dry! The much needed and long looked for rain did not come in the spring of 1951. The green sprangletop and Madrid clover were the only plantings that survived the winter to amount to anything. The clover bloomed and seed set, but the sprangletop went dormant again. Very little rain fell until August 1951, when 3.6 inches fell in just a few hours.

The sprangletop seemed to have turned green overnight. It wasn't but a few days until seed heads began to appear. Mrs. Finnigan had just finished hoeing the sprangletop when the rain came. The grass was plowed a few weeks after the rain to eliminate competition. In a few days it looked as if the grass had completely turned to seed.

Technicians assisting the district helped Mrs. Finnigan harvest the seed on October 8 and 9, with a "Nisbet Bug Catcher" belonging to Henry Mittel. The seed was cleaned by sifting it through a fine screen wire. When weighed it totaled 34 pounds of clean seed. This amount of seed was harvested from approximately four acres. Considering the small amount of rainfall received during the year this was determined as a good yield.

After the seed was harvested the gate was opened and cattle and sheep were all allowed to graze the field. In just a few days the sprangletop was grazed to the ground.

Several ranchers saw the grass before it was harvested and asked questions about its possibilities. Several indicated they wanted to get some of the seed to plant. There has been no difficulty in finding a market for the seed. In fact she could sell a hundred times more seed if she had that amount.

The Soil Conservation Service nursery located at San Antonio, asked for the first chance to buy the seed. Mrs. Finnigan set a price of \$3.00 per pound for the seed and gave the nursery the option of buying all or any part of it (34 pounds), which they bought every pound at the quoted price. The nursery will use the seed for increased plantings for seed harvest.

Mr. and Mrs. Vernon Carroll and Shirley spent Monday evening in Ozona with Mr. and Mrs. Joe Nixon and Vernon's father J. W. Carroll. A visitor there also was Vernon's brother Jesse, who was at home from Indiana on furlough.

Mrs. J. C. Whiteley has been ill this week with flu.

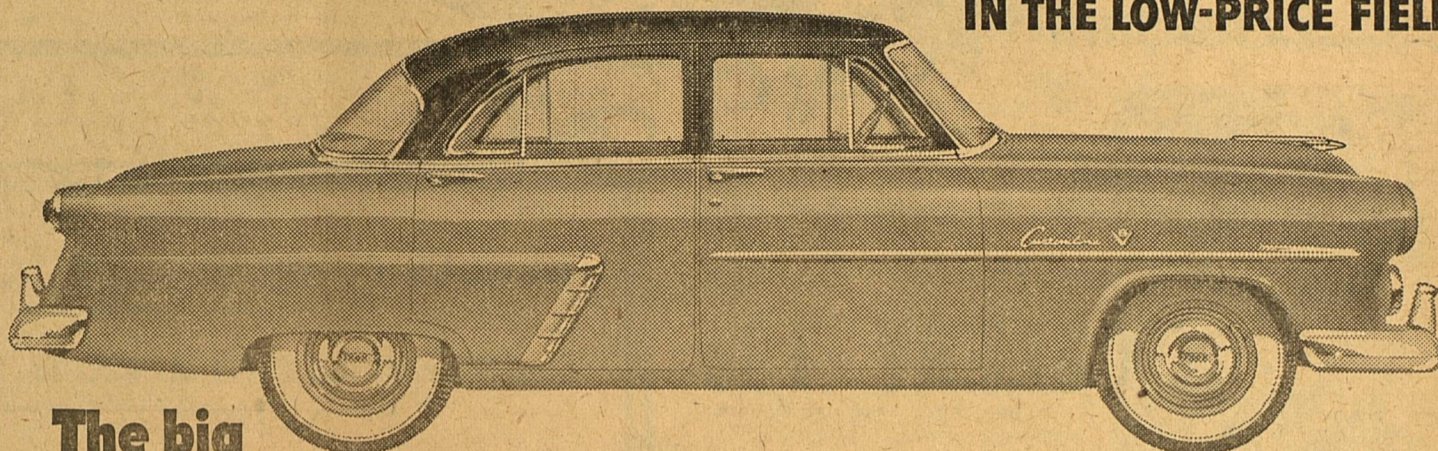

Mr. and Mrs. Ovid Wade and Mrs. Roy Boyer visited Sunday with the Bill Wade family on the ranch below Sonora.

Roy Boyer and Richard Cheatham visited Sunday at Rockwood.

Bud Wade, who has been doodlebugging with a crew out of Sonora, is now working with the crew at Marfa. He was a visitor here last weekend.

Here Friday!

THE GREATEST CAR EVER BUILT
 IN THE LOW-PRICE FIELD

The big
 1952 FORD

Out-performs them all!

Ford's completely new 101-h.p. high-compression, low-friction Six, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

Exclusive Power Pilot Economy!

Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.

New Coachcraft Bodies!

Ford's new Coachcraft Bodies are longer, stronger... distinctive in their modern beauty. They offer new hull-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!

Out-rides them all!

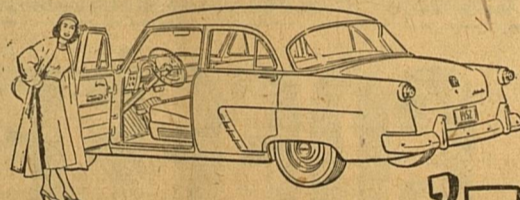

The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.

Out-sizes them all!

The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

Full-Circle Visibility!

With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

Out-values them all!

With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class!

Fordomatic Drive, OverDrive, white sidewall tires (if available) and two-tone colors on Customline Sedan optional at extra cost. Equipment, accessories and trim subject to change without notice.

You can pay more but you can't buy newer or better!

'52 Ford

MEMBER OF SUL ROSS JUDGING TEAM

James Alexander, son of Mr. and Mrs. Ray Alexander of Eldorado, is a member of the Sul Ross judging team, which this week has been attending the Ft. Worth Fat Stock Show.

James is a graduate of Eldorado high school. Prior to entering Sul Ross, he was a member and secretary of the 4-H club at Eldorado. He showed calves three years and sheep two years in the county shows in San Angelo and San Antonio. He prefers the raising and judging of cattle, but he is very thorough in both fields.

Mrs. J. E. Lewis and Mrs. Jessie Green of San Angelo, two of the Murphy girls who formerly lived here, were visiting in Eldorado Monday, and stopped at the old family residence now occupied by Mr. and Mrs. Jud Brannon.

Mr. and Mrs. J. D. Ashmore spent the day Sunday in Brady with relatives.

The Howard Derricks had as weekend guests Mr. and Mrs. Joe Bean of Ozona.

Glenn Hale and his wife and baby of Iran visited recently with the W. H. Hales in Eldorado.
