

Car Wreck Saturday Takes Life of J. B. Christian, Local Banker

Joseph B. Christian, 84, president of the First National Bank, and pioneer Schleicher County resident, died at 6:00 p.m., March 15, 1952, following a car wreck in which Mrs. Christian, driver of the car, was badly injured.

Mr. and Mrs. Christian were returning from San Angelo in their 1950 Plymouth when their car joined momentarily with an automobile driven by Capt. Lawrence James Young, of Goodfellow Air Force Base, San Angelo, who was attempting to pass the Christians' car, both going south.

The San Angelo car bumped into the concrete bridge when the driver failed to pass the slow-moving Christian automobile, but remained upright.

The Plymouth went off a grading, turned over, and came to rest on the fence, at the edge of the right-of-way. Witnesses state that Mr. Christian was thrown free of the car, his body describing an arc through the air, until he came down 35 feet away. Mrs. Christian was pinned under the car.

The accident occurred at the concrete Bois d'Arc Draw Bridge six miles south of Christoval.

The couple were rushed in separate ambulances to San Angelo, at 2:50. Mr. Christian lived three hours, head injuries causing his death.

Young was accompanied by his wife and Capt. James F. Yealy and First Lt. Chas. Chas. A. Hefelfinger, officers at Mathis Field with Operation Longhorn.

The investigating officer, State Patrolman John Phillips, has not completed his investigation.

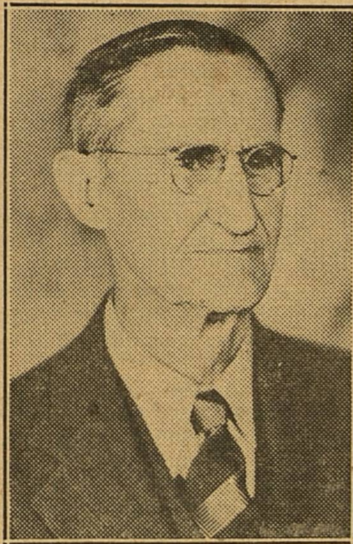

Funeral Monday

Funeral services were held at the First Baptist church in Eldorado Monday afternoon at 2:30. The large auditorium, Sunday School rooms and balcony were filled to capacity.

A 19-voice choir from the city sang as an opening hymn "Amazing Grace," Mrs. John Stigler, one of the church organists, played the organ.

The Rev. Clifford Nelson offered prayer, after which J. L. Ratliff, now of San Angelo, paid special tribute to Mr. Christian's memory. After the choir had sung "Old Rugged Cross," Rev. Nelson also eulogized the deceased, mentioning the position of trust and respect which he had held in this community.

The funeral sermon was delivered by the Rev. Gilbert Wilson, pastor of the Jones Street Fundamental Baptist church in Ft. Worth, who at one time held a revival in Eldorado. In his message of comfort to the bereaved he painted a picture of that sudden death can

J. B. CHRISTIAN

come to a man like Mr. Christian, who had needed no preparation for it.

Pallbearers were Kenneth Cheek, John Irvin King, E. W. Mund, Les Galbreath, Walter Powell, Frank Meador, S. E. Jones Jr., John Williams, all of Eldorado. Interment was made in the Eldorado Cemetery.

Attend Funeral

While it is impossible to assemble a complete list of out-of-town friends who attended the funeral, the following list of relatives is comparatively complete.

Mrs. M. L. Williams, Mr. and Mrs. E. T. Williams, Mr. and Mrs. D. B. Williams, Mrs. Bobby Neal and Carol Sue of Camp San Saba; Mrs. Joe Kidd of Mason, Mr. and Mrs. W. B. Williams of Sweetwater; Mr. and Mrs. M. L. Leddy and Mrs. M. L. Chandler of San Angelo; Mr. and Mrs. Bryan Schafer of Menard; D. S. Appleton, Camp San Saba; Mr. and Mrs. J. A. Montgomery of Mason; Mrs. R. Morgan, Mason; Bill Sweet, Big Lake; Mrs. Edgar Owen of Bangs; Mrs. R. C. Brooks of Brownwood; Dr. and Mrs. George B. Moore Jr., San Antonio; Mr. and Mrs. Bill McCann, Andice; Mr. Christian's brothers, Sam and Loomis Christian of Hamilton.

Survivors

Surviving relatives are his widow, a daughter, Mrs. E. W. Brooks of Eldorado; a son, Joseph Muller Christian, manager of the West Texas Woolen Mill here; a grandson, Joseph Charles Christian, Eldorado; two brothers, Sam and Loomis Christian of Hamilton; a step son, Jack Elder, Eldorado; and three step grandchildren, Patricia, Rita Ann and Nancy Jo Elder.

Republic Pipe Line Officials Spend Week End In County

Officials of the Republic Pipe Line Company from the home office at Corpus Christi spent the week end in Eldorado and made a tour of the field operations from here to the Susan Peak field.

Those in the party were Manager Ammon, Supt. Marshall Chestman, and Tom Hollonan and Jack Robertson. Their stay here included a meeting with employees and a dinner at Steve's Cafe in San Angelo. Five and ten-year employees were recognized with suitable gifts in appreciation of their service.

Establishment of Republic Pipe Line in this area came as a result of the opening of the Susan Peak field several years ago. Its operations were expanded when the Huldale field came in a short distance from their line in the northern part of Schleicher. Besides a pumping station at Susan Peak the company has four booster stations along the line: one at Sc. Susan Peak, one at Tonain Trail, one at Mittel's and another at the Oran Enoch's ranch—besides receiving tanks at the Shell station west of Eldorado. Operating these various stations requires the steady employment of 22 men.

The Corpus Christi officials were well pleased with the operations after their tour of the system. The party put up at Keno's Courts during their stay and left for home on Sunday.

Mrs. L. W. Chestman of Eldorado, mother of Supt. Marshall Chestman, joined the group on their return and will spend this week at Taft, near Corpus.

Over 100 Attend Legion Meeting

Rev McCormick Post 251 observed the 33rd anniversary of the American Legion with a social evening at the Memorial building Tuesday night.

Commander Lloyd Johnson introduced the visiting speaker, Rev. Cochran of Brownwood, who is chaplain of the 21st district. Rev. Cochran stated that the ideals of the Legion embody the highest principles of Christianity and Americanism. The achievements of the organization through the 33 years of its existence have been and will be toward the betterment of child welfare, Americanism, and good citizenship, public service and Christianity. These purposes are stated in the preamble of the constitution of the American Legion which begins "For God and Country we assemble ourselves for these purposes."

A supper of fried chicken and oysters with trimmings was served to over 100 members and guests.

Book Review To Be Presented Tomorrow

The Junior Woman's club will present a book review tomorrow (Friday) at the Presbyterian church at 3:00 p.m. Mrs. Glee Munro, speech teacher from San Angelo, will review the book, "Sudden Glory," by Sid Sumner. Guests will be present and there will be no charge.

Native of Kentucky

J. B. Christian was born in Paradise, Muhlenberg Co., Kentucky, August 31, 1867, the son of Mr. and Mrs. John Wesley Christian. When he was a year old the family migrated west to Texas, making the trip in a covered wagon.

They settled at Old Round Rock, and there the youth received the meager formal schooling the neighborhood afforded. When he was 16 he began making his own way, starting in as errand boy for Mayes & Black Mercantile at Old Round Rock, and working up until he was doing some of the bookkeeping for the firm. From his small wages he saved money to help him get a start on his own later.

He was married to Hattie A. Robertson of Hutto, January 30, 1894; she died in 1918. Of the three children born to the couple, one, a day-old infant, died in 1918.

His first business venture "on his own" was at Hutto, eight miles from Old Round Rock, where he owned and operated a hardware store.

Later Mr. Christian traveled a wide area, in Oklahoma and Texas, to find a new location. They came to Eldorado in 1900 when there were only 25 families in the town.

They had chartered a railroad car when they moved, bringing with them their household goods, their milk cow, and horse and buggy, to San Angelo. The family drove by horse and buggy out to Schleicher County from San Angelo, camping on the way.

By a strange coincidence they camped that first night at the draw which was the scene of the accident Saturday—near the H. C. Williams place.

The daughter remembers that they were short of water that night, and found a windmill on the east side of the road when daylight came.

In Schleicher county he bought land, then he and S. A. Williams went into partnership in the mercantile business, later selling his interest to Elton Silliman. This store, now the location of a new building housing Long's Variety store, was then the only mercantile store, and it housed also the telephone office and the post office.

Mr. Christian participated in the exciting land rush of that early day, serving as notary public during the colorful period of street fights and frequent gun play.

He took his first job at the bank in 1907, and three years later was made president—a position of trust which he held continuously until the time of his death.

Eight years after the death of his first wife he was married to Nellie V. Williams Elder.

After business hours, he spent some time with his garden, yard, and chickens. A religious man, he quietly distributed religious tracts to people in whom he was interested—he had some of these in his pocket at the time of his death.

Mrs. Christian Improving

While there may yet be unexpected trouble from possible internal injuries, Mrs. Christian is reported to be doing well in a San Angelo hospital. She has a broken pelvis, dislocated shoulder, and broken ribs.

LIONS CLUB

Lion President Carrol Ratliff appointed J. H. Mace, W. M. Patterson Jr., and W. C. Doyle to the nominating committee to draw up a slate of officers for the new club year. Those on the committee are ex-presidents of the club.

A safety film was shown to the group, with Rev. Roy Shilling operating the projector.

CLINIC PATIENTS

Lewis Ballew, dismissed after four days' hospitalization.

Mrs. Gloria Lozana and new son, dismissed.

Mrs. Otila Fava and new son, dismissed.

Jack Stewart, broken shoulder. James Logan, hand injury.

Current epidemic and German measles, flu and whooping cough.

FUNDAMENTAL SERVICES

(New Schedule)
Sunday School, 10:00 a.m.
Preaching services, 11:00 a.m.
Young people, 7:00.
Sunday night preaching, 8:00.
Weekday services Wednesday, Thursday, and Friday nights at 8:00.

Mr. and Mrs. J. D. Ashmore had as guests Sunday Mr. and Mrs. Denis Ingram of Brownwood, Mrs. Ashmore's brother and sister-in-law.

L. Moore Announces For Commissioner Of Precinct No. 4

I hereby authorize the Success to announce my candidacy for Commissioner of Precinct No. 4, subject to the Democratic Primary.

In making this announcement I wish to state that my platform is less expense and less taxes. This is no new platform for me, as I have been on a number of tax boards and have always stood for economy in county administration.

I am thoroughly convinced that there is more interest being taken against issuance of new taxes than there has ever been in the history of our county.

I opposed tax levies that were voted in Schleicher County in June, 1951, for reasons which I would like to discuss with you personally.

I appreciate the support and cooperation which I had when I served the county as commissioner during two recent terms, and will appreciate your support in this present race.

L. Moore

Post Script

R. M. DeLozier, new material man who will be in charge of supplies for the new Bailey Station on the Rancho pipeline, and his family have rented an apartment at the residence of Mrs. D. E. DeLong.

The Edmiston Estate folks decided not to sell the house on their lot in town. Instead they are moving it to a new foundation on the rear of the lot, after which they will repair it, and start work on their drive-in cafe.

Rev. Jim Hays writes from Brookshire, Texas:

Enclosed you will find a check for another year's subscription to your most appreciated paper.

We would like to see all of you and still miss the cordial fellowship that we enjoyed with you in the past.

In another two months we will have finished our new church building. I think it will be quite lovely and adequate for our needs. I will send you a picture of the building when it is finished.

Sincerely,
J. M. Hays

Rev. John Carriker, former Presbyterian pastor here, writes:

Dear Friends:
Please send the Eldorado Success for the next six months, for which I enclose check.

We hear from friends down there occasionally, but we want more news. Under your efficient management The Success usually gives about all the news. Hope that you and the people of Eldorado have come to good and profitable times. To say the least, I will always have a deep interest in Eldorado and the people.

We are having a nice winter day in Charlotte. Our first real snow came today. I suppose that it is already three inches deep, and still falling. Up until now our moisture has been all rain, and plenty of it.

Our work here is quite thrilling. We are about to organize a new church to be known as Eastminster. It is located in the eastern part of the city. We have just completed a new educational building of which we are quite proud. Our family stays well and happy in the work.

Our married son (Jack) and daughter (Betty) live close by with their families. The youngest son (Don) is in the Army, stationed at Arlington, Va., just across the river from Washington. He gets home quite often. Our son-in-law has just returned from Army service in France and has his discharge.

Hope that the editor and his family are all well, and enjoying life every day in Eldorado.

Very sincerely,
Rev. Jno. A. Carriker
3419 Monroe Road
Charlotte, North Carolina.

TO HOLD REVIVAL IN JUNE

The Rev. F. H. Pryor announces that Rev. Gilbert Wilson, pastor of the Jones Street Fundamental Baptist church of Ft. Worth, would come to Eldorado to hold a revival the latter part of June and first part of July.

Friends of the visiting pastor, who was here Monday to conduct a funeral, will remember that he and his brother Raymond held a revival here in about 1935, in the courthouse, and were instrumental in organizing the Fundamental Church in Eldorado.

The women of the Eldorado Guild of St. John's Episcopal church, Sonora, will meet with Mrs. Tom Henderson on Monday, the 24th of March at 10 a.m.

Lone Star to Run Line to McIntosh Gas Well

Schleicher County this week gained one wildcat completion and two indicated Pennsylvania discoveries.

The new well is Fullerton Oil Company No. 1 P. K. McIntosh, 11½ miles southeast of Eldorado. The well was completed from perforated section at 5730-55 feet for a daily open flow of 13,000,000 cubic feet of gas. The flow was through open 5½ inch casing. The perforated interval had been washed with 500 gallons of mud acid. The gas production, which is accompanied by a spray of one barrel of distillate per hour is from the Strawn section of the Pennsylvanian.

Top of the reef lime is at 5637 feet. That is on a datum of minus 3226 feet. Location is 660 feet from south and west lines of section 82, block K, GH&SA survey. It is six miles south of the Page-Strawn field.

Lone Star Gas Co. plans to tap the new gas area in southeastern Schleicher County and gas wells on the Duke Wilson and W. A. Miller ranches in southeastern Sutton County. The wells are shut in for an outlet after developing production in the Strawn of the Pennsylvanian series.

Preliminary engineering surveys are under way for a proposed 12-inch, 35-mile south extension from the southern terminus of the 8-inch 48-mile Lone Star pipeline that will repair it, and start work on their drive-in cafe.

Clean oil from a Pennsylvanian sand was recovered from Delta Gulf Drilling Company No. 1 Blair M. Boyd, wildcat in northeast Schleicher County. The drillstem test on which oil was made, was taken in the interval from 4420 to 4433 feet. Tool was open two hours.

There was a strong blow of air as soon as tool was opened, with gas surfacing in 55 minutes. Recovery was 810 feet of clean oil and 220 feet of heavily oil and gas-cut mud. Open flowing bottomhole pressure ranged from 625 up to 750 lbs.

Location is at the center of the northeast quarter of the northwest quarter of section 9, block H, GH&SA survey.

Humble Oil & Refining Company No. 1 R. L. Henderson, wildcat in northwest (Dove Creek) Schleicher County, has good indications of being a Pennsylvanian sand discovery. Operator took a drillstem test from 6476 to 6507 feet. Tool was open one hour. Gas surfaced in four minutes. No fluid came to the top while tool was open. Recovery was 32 feet of 51.3-gravity distillate with no shows of water. Operator was drilling below 6540 feet. Location is 660 feet from north and west lines of section 1199, Georgetown Railway survey and 15 miles north and slightly west of Eldorado.

This project already has shown a possible Wolfcamp discovery.

Oil Derrick, Full of Drill Pipe, Blown Down Mon.

The Rawan Drilling Company's

jack knife oil derrick, located on the Pure No. 1 Roach test in northwest Schleicher county, crashed to the ground at 6:00 o'clock in the high wind Monday evening with 7300 feet of drill stem standing on the floor. No one was hurt.

"I've followed the oil fields for 30 years and I've never seen anything like it—it would be hard to describe—it happened so fast—she just swayed once and the next time over she went."

This was one of the rough necks talking to a reporter from the Success who visited the scene about Tuesday noon. The derrick looked the way you would imagine—lying out across the ground—twisted and bent and still full of cables and bent pipe. There were two Lane Bros. trucks on the job, pulling out drill stem and piling it out on the ground.

On Monday when the big blow occurred, the following crew was on the job: D. D. Tucker, driller; Dow Flippins, derrick man; and W. L. Wilman, J. R. Reed and Dub Smith, floor men. This crew works out of Eldorado.

They had come out of the hole with 7300 feet of drillstem—had changed bits and were ready to start going back in the hole, when the big sand and dust storm came up. "That cloud looked like it might have hail in it, so we decided to wait awhile—guess the Lord was

with us," said one of the men reverently.

Wilman said he and another man had left the derrick floor and were off to the south side of the rig. The wind was blowing hard all the time—then there was a strong gust—the derrick swayed, and the next time over it went. "I thought of those three men on the derrick floor, and I ran to see—but they had all come off all right."

According to opinions picked up Tuesday from workmen on the grounds, the derrick is ruined, as well as a lot of the drill stem. It was reported there Tuesday that a new derrick would be moved in. It seems that the crash did no damage to the equipment on the floor.

Nearly Completed
There were indications early this week that No. 1 Roach would soon be completed—as a dry hole. A report made Monday showed that the well had recovered 350 feet of sulphur water-cut mud and 6,050 feet of salty sulphur water on a two-hour drillstem test from 7,283 to 7,303 feet. It drilled ahead at 7,351 in shale and lime. The Strawn was topped at 7,285 feet. 4,833 feet below sea level. Humble No. 1 Pearl Williams was completed from 7,230-46 feet. Pure No. 1 Roach is 660 feet out of the northwest corner of Georgetown Ry. Co. survey 1200.

Standard of Texas No. 2-1 Mrs. Mary Lee Fowler, on the northwest side of the Huldale field, with plugged back depth of 5766 feet, showed a fluid rise from 1400 feet off bottom to 5600 feet off bottom in eight hours. In an unreported period it swabbed three barrels of fluid, which was 98 per cent water and two per cent mud with a trace of oil. Swabbing continued.

North and northeast outposts to the Neva West Strawn field, Standard No. 3-1 Lulalee Wilson was drilling at 5280 feet in shale, and Standard No. 1 Mittel-Wilson at 5716 in shale.

Pure No. 2 Roach (Dove Creek) was drilling below 4064 feet in lime and shale.

Delta Gulf No. 1-D Thomson on the south side of the Huldale field, was drilling at 5660 feet in Strawn reef lime. There was an odor of oil in samples beginning at 5600 feet. The test is scheduled to drill to 5775 feet, make electric log surveys, then run casing. Delta Gulf No. 2C Thomson was spudding with cable tools.

Skelly, Monarch and Southland No. 2 W. A. Davis estate, on the east side of the central part of the Huldale field in northern Schleicher County, had a drilling break Wednesday from 5603-14 feet in Strawn lime. There was a slight oil show in samples.

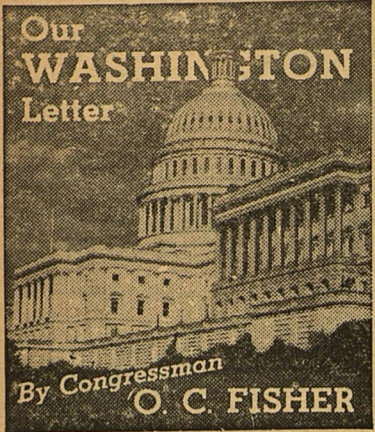

Skelly and others No. 3 Davis south offset to Skelly and others No. 1 Davis, was drilling with cable tools below 365 feet.

C. L. Norsworthy No. 1 Henry Moore, wildcat 10½ miles west of Eldorado, had reached 3463 feet in lime.

New Test

A rotary crew of 12 men were in Eldorado today hunting rooms and apartments. They are with the Verna Drilling Co., who will drill the Headwaters Oil Co., No. 1 Spencer wildcat in the east part of Schleicher. Anyone having rooms and apartments please contact Don Stephen, tool pusher of the crew. Surface pipe has already been set. The rotary is coming in from the Levelland country.

—The Eldorado Success, \$2.00 year.

Last week the House disposed of one appropriation bill, adopted a conference report on an immigration measure, and recessed on Thursday for the week-end.

The economy coalition in the House was very much in evidence as the supplemental appropriation bill was dissected and amended in a number of respects. I offered one amendment to prohibit the employment of nearly 400 additional Federal employees, and for other purposes. It was adopted and alone will save many millions of dollars during the years to come. The initial cut provided by the one amendment amounted to \$1,390,000.

The wetback bill was cleared by the conference committee to which it had been referred to iron out differences between the House and Senate. The compromise version was promptly adopted and was sent to the President. It is a vast improvement over many of the proposals advanced by the Administration, and is considered a fairly good bill in most respects.

Meanwhile, the farm labor crisis continues and the present processing agreement with Mexico to expire in early May. A new agreement is to be negotiated in Mexico City soon, to enable Mexican workers to be recruited to work in areas on this side of the Rio Grande where there is found to be a shortage of domestic help. The trouble has been that the agreements have been so weighted down with red tape and unworkable provisions, that the program has had the effect of encouraging wetbacks to come across in numbers and has deprived many people of badly needed labor. We can only hope that the new agreement will be an improvement.

PRE-SCHOOL CLINIC

The Pre-School Clinic is meeting tonight at 7:30 at the home of Mrs. Marjyn McAngus. Everyone is invited to attend.

Buren Whitten, Jr., is out of school this week because of an ear ailment.

Mr. and Mrs. Elton Spencer and children of Harper visited recently in the John West and O. Sudduth homes.

Mrs. Burl Woodward and children were in Sonora Tuesday to spend the day with Mr. and Mrs. John Burnett.

Mr. and Mrs. Earl Yates and children visited recently at Winters with Mr. and Mrs. V. K. Fogel-song, former Eldorado residents. They report that Mr. Fogel-song had been in a hospital at Abilene for minor surgery and was doing well.

First Baptist News

Fifteen of the O Riley and O Grady families got together last Friday evening for a family reunion. Several of the two families were absent, but those attending agreed to make this family reunion an annual affair each St. Patrick's day. A good time was had by all, and at the close of the fun hour refreshments of coffee, milk, hot chocolate and St. Patrick's cake was served.

This Friday evening the W. M. S. of the church will be host to the high school seniors in their annual banquet. A good time is planned for all, and we are especially anxious that each high school senior will be present. Keep this date in your mind and on your calendar. Friday evening, March 21.

On Friday evening March 28 we will begin our monthly workers conference for the officers and teachers of our Sunday school. All workers will come immediately from their work to the church at 6:30 where a covered dish luncheon will be served. A very interesting and profitable program will follow. We urge every teacher and officer to make it a must to attend this service.

Thursday evening at 7:30, March 27, we will have a rare privilege. At that time Boris Bessmertny of Paris, France, will speak to the people of Eldorado at the First Baptist Church. The subject will be "God's Deadline in Europe." Rev. Bessmertny is the director of the "France for Christ" movement in France. He is 28 years of age and worked with the French underground against the Nazis in the last war. This will be a wonderful privilege for our people, and we issue an earnest welcome to all of the people in Eldorado to hear this man.

It is later than you think! March 30 is almost here. Sunday morning at the morning worship hour Bibba Woods will bring the initial message in our youth revival. The singing will be under the direction of Bob Feather. R. B. Cooper Jr., will be at the piano. Every young person in Eldorado is encouraged to be in these services. Each morning at 7:00 breakfast will be served in the banquet room of the church with a morning service following. Services will be conducted also each evening at 7:30. We trust that you are praying for this meeting.

We don't know how the rumor got out that we were not having Sunday school at the First Baptist church, but we wish to inform you that we are. It begins at 9:45 each Sunday morning. We have two more Sundays in March and if we continue to work at it like we have the past two Sundays I believe we can succeed in getting our attendance below 100 before the month is over. We are sorry that we worded our slogan for March wrong. We had a slogan, "March To Church in March," but next year we promise to word it, "March Away From Church in March." We thank the 147 who came Sunday morning to Sunday school. Orchids went to the beginner department with a grade of 56. Onions went to the young people with no grade at all. None was turned in.

Every member of the church expresses their sympathy to the family and loved ones of Mr. and Mrs. J. B. Christian in this hour of their sorrow. We know that the hearts and prayers of many are going out to them out of a sympathy that is born of like experience, and those of us who cannot sympathize out of like experience are daily remembering the family and relatives in our prayers. "May the Good Lord bless and keep you."

Don't forget that this is the last Sunday that we may get in on our annual offering for the Annie Armstrong offering for home missions. If you have not yet made your offering will you take one of the special offering envelopes and make as generous offering as you possibly can. This offering goes in its entirety to home missions. We must close the offering this Sunday.

A wonderful time was had by the dads and sons at our father and son banquet Monday evening. A wonderful meal was served at 7:30 followed by a fine program of music. The message of the evening was brought to us by Rev. Floyd Harris of the Harris Ave. Baptist Church in San Angelo. Dads, if you and your son missed this you missed a wonderful treat. Every man win a boy in our youth revival is the challenge of the brotherhood for the men.

Personal News Items

The Paul Phillips family visited Sunday in San Angelo with Mrs. Phillips mother, Mrs. Annie Sawyer of Tankersley, who has had an eye operation at a San Angelo hospital and who has since been moved to the home of a daughter there.

Mrs. Duwain Hughes and Mrs. Jackson Hughes of San Angelo were weekend guests in the home of Mr. and Mrs. Charlie Trigg.

Mrs. Peyton Cain and children of Alpine were guests last week in the home of Mr. and Mrs. A. J. Stevens.

Bill Jeff of Covington, Ohio, visited in the Virge Tisdale and Lewis Ballew homes on his way to Yuma, Arizona.

Mr. and Mrs. Lewis Yaseen of Niagara Falls, N. Y., are here on a return visit, after attending Mardi Gras in New Orleans, and visiting in other places. They will leave soon to visit other cities, and may return to New Orleans on their way southeast. Their proposed visit to South America was canceled because of the storms.

Mrs. R. A. King reports one-half inch of rain fell on their ranch Monday night.

Tommy Green, who is at Camp Bullis for three weeks, and his brother Glenn of Baird visited last weekend with their mother Mrs. T. F. Green.

Tommy Roach has returned home after undergoing treatment for flu in the Sonora Hospital.

Mrs. Edgar Sauer and children have been visiting her parents in Greenville, and Edgar drove after them this week.

Joyce White of Abilene spent the weekend with her parents, Mr. and Mrs. Byrd White.

James Bryan, young son of Mr. and Mrs. Gerald Nicks of Marfa, underwent a tonsilectomy, and is now convalescing at the Springston and Danford home.

Mrs. Eddie Peel is recovering from mumps.

Jack Halbert and Jeff Enochs spent three days with Jack's sister, Mrs. C. P. Mills at Brown Gable.

The W. H. Hales spent the day Sunday with relatives in Iraan.

Myrta Bob Harper of SAC, San Angelo, spent the weekend here with her parents, Mr. and Mrs. S. D. Harper.

Duane Vinson of Big Lake, who was stationed here during the war, spent the day Thursday here with Mr. and Mrs. P. W. Hazelwood.

Mrs. H. R. Jack of Mineral Wells, who is visiting her daughter, Mrs. Tom Henderson, accompanied Mrs. Henderson last week to Lubbock where they visited Jackie at Texas Tech, and went on to Amarillo to visit friends.

Mrs. Roger Jones had her tonsils removed Friday and is doing well.

Mrs. Frank Newman and daughter of San Angelo were here this week visiting Mrs. Newman's mother, Mrs. W. H. McClatchy, who is on the sick list.

Mrs. Van O'Harrow has returned from San Angelo, where she visited Mr. and Mrs. W. A. Seymour and family and Mr. and Mrs. Joe H. Moore.

Mrs. Pat O'Harrow visited last week in Menard with relatives.

Mr. and Mrs. O. H. Luedecke and children visited Mr. and Mrs. James Burrus at Edith, in Coke County, Sunday.

Mrs. W. A. Butterfield had an operation recently in San Angelo. Her aunt and uncle, Mr. and Mrs. George Cronkite of Texarkana, are here to visit in the Butterfield home.

Mr. and Mrs. Lester Early have been in Temple since early last week, and Mrs. Early underwent surgery there.

Mr. and Mrs. Tom McGill attended a barbecue at the C. A. Bowen Ranch near San Angelo. The party, which was given honoring Mr. and Mrs. Tom Mallen, was attended by about 45.

Mrs. E. E. Holcomb, mother of Mrs. Jack Montgomery, has vacated the Walter Taylor rent house and has moved to Ft. Worth. Her husband is overseas.

Paul Page has returned from Dallas, where he took his wife and baby, who remained for a longer visit with relatives.

From where I sit... by Joe Marsh

It Isn't the Heat— It's the Hide!

Big discussion after the Grange meeting Friday night. Tik Anderson was arguing that hogs were lots more affected by the hot weather than cattle. Skeeter Morgan declared that it wasn't so—that he never saw any hogs bothered by the hot sun like his cows were.

I was glad when Rusty Robinson stepped in.

"Boys," he says, "don't get so riled up. It all depends on what color the livestock are. Hogs or cattle, the ones with light-colored coats absorb less heat from the

sun's rays than animals with dark coats. So you're both right!"

From where I sit, so many useless arguments could be avoided if a person would remember he doesn't have all the right on his side. Reminds me of folks who insist that coffee, for instance, is the only drink, forgetting that other people have a right to a glass of beer now and then. If we wouldn't get so "het up" about our prejudices—we'd all be better off!

METHODIST MEN MEET

The Methodist Men held their regular meeting Monday night, and during the evening made plans for entertainment of the Brotherhoods of the city in a joint meeting April 21 at the Methodist church. Committee appointments included program, Jerry Pennington; food, Albert McGinnes, and Dick Bearce, nominating—these being committee chairmen, whose assistants have also been named.

Mrs. Judy Schultz of Beckville arrived in Eldorado Friday to stay with her parents Mr. and Mrs. J. E. Estes.

Mr. and Mrs. Ray Tisdale and three children visited relatives at Dallas and Valley View last week-end, spending from Thursday through Sunday out of town.

VISITORS AT SCHOOL

The faculty, administration, and students wish to express their appreciation for the following people who visited the school during Public School Week: Mrs. O. T. Connor, Mrs. Will Isaacs, C. N. Shaw, Mrs. Mabel Parker, Mrs. Fred Gunstead, Mr. and Mrs. L. L. Kinser, Mr. and Mrs. Archie Mittel, Mrs. Palmer West, Mrs. Townsend, Mr. and Mrs. Ray Boyer, Mrs. James Williams, Mrs. T. E. Holcomb, Mrs. Gus Love, Mrs. Irene Rutland, Mrs. Frank Prochaska, Mrs. R. A. Donaldson, E. W. Craig, Mrs. E. W. Craig, Mrs. R. A. Kleine, Mrs. Walter Barclay, Mrs. Edgar Spencer, Mrs. J. D. Ashmore, Mr. and Mrs. Ralph Waldron, Mrs. L. B. Sheffield, Mrs. E. W. Perry, Mrs. E. H. Topliffe, R. A. Kleine, Mrs. Carl Kesselburg, Jr., Mrs. Claude Doyle, Mrs. Marvin McAngus, C. L. Meador, Jr., W. M. Whitten, Gus Love, John Stigler, Mrs. Victor Sauer, Mrs. Ernest Nimitz, Mrs. Wyndell Hall, Mrs. J. T. Jackson, Jr., Mrs. J. E. Spencer, Mrs. Owen Fry, Mrs. E. W. Brooks, Mrs. Oran Enochs, Mrs. Curtis Short, Mrs. Edwin Childers, Mrs. T. R. Jones, Mrs. W. G. Howell, Mrs. Alvin Shults, Mrs. W. T. Whitten, Mrs. Victoria Ohlenburg, and Mrs. Jack Griffin.

Let any week be visitation week in your school.

BRIDGE LUNCHEON

There were ten tables of luncheon and bridge guests on Friday when Mrs. Horace Linthicum entertained at her home. Mrs. Dick Bearce won high, Mrs. Frank Clarke second high, Mrs. Billy McCravey low, and Mrs. Luke Thompson Jr., bingo.

IT'S THE LAW
in Texas
A public service feature
of the State Bar of Texas

What does indictment by a grand jury mean? Lawyers find that many persons are inclined to confuse indictment by a grand jury with a court conviction for a crime.

This misconception is unfair to anyone who becomes the subject of a grand jury investigation. Justice, in the United States, is based on the theory that a man is innocent until proven guilty, and public opinion should withhold its verdict until the courts have had an opportunity to determine guilt or innocence.

An indictment is simply a written accusation presented by a grand jury to the district judge. It charges some person or persons with a crime. It is not a conviction. When a grand jury indicts a person it merely affirms that there is sufficient reason for him or her to stand trial. That is as far as the grand jury goes.

After that, the judge and the trial jury take charge of the case. At the trial the indictment is simply the State's pleading in the case, to which the defendant may plead "Not Guilty." The trial jury is instructed by the judge that it must not consider the indictment as any evidence of guilt.

All felony offenses in Texas, that is all offenses punishable by imprisonment in the State penitentiary, must be presented on an indictment by a grand jury. A grand jury may indict an individual for a misdemeanor, an offense punishable only by a jail sentence or by fine, but this is rather an unusual procedure.

Misdemeanor cases are customarily prosecuted on the basis of an "information" filed by the County Attorney. This serves the same function as a grand jury indictment.

The importance of a grand jury verdict is this: If it votes a "True Bill"—that is, if someone is indicted—the District Attorney must prosecute the person indicted; but if the jury votes a "No Bill"—that is, not to indict—the suspected person cannot be tried.

In most cases, the District Attorney informs the grand jury of persons or crimes to be investigated and produces the evidence for it. However, the jury is free to order any further witnesses it may wish to hear brought before it, and is by no means limited to the evidence the District Attorney produces.

A grand jury cannot require a suspect to testify before it. But suspected persons sometimes ask to be allowed to appear before a grand jury to testify in their own behalf. They may do so and still be prosecuted and convicted.

The grand jury procedure is one of the basic protections enjoyed by the common man against outrageous procedures of would-be tyrants, and dates from early Anglo-Saxon times. It assures that no person shall be forced to stand trial for a felony on the basis of a malicious or frivolous accusation having no apparent factual support.

When called to serve on a grand jury you share with a group of fellow citizens some of the most solemn responsibilities known to our democracy. Consequences of life-or-death importance may hinge upon your vote.

Circle 3 of the Presbyterian Women of the Church met with Mrs. Robert Magnot Monday. Today, a car of Presbyterians have gone to San Angelo to attend an officers' training class.

4-H News

The Schleicher County 4-H Club has recently purchased a Registered Rambouillet Ram from C. O. Bruton through the Sears Foundation Sheep Program.

This Ram was selected by John Williams, member of the 4-H committee on sheep, assisted by Jim Gray, Extension animal husbandman.

This animal, an outstanding 2-tooth ram, was selected for body conformation and wool and trueness to the breed. It was felt by all concerned that this ram would give the best results after a thorough study of the 4-H boys' ewes were taken into consideration.

Mr. Bruton, although offered more money by individuals, refused the higher price and sold the ram to the 4-H for \$300.

The Schleicher County 4-H Club had a meeting Thursday, March 13, at 7:30 p.m., to elect club officers for the 1952 club year. Elected were:

President, Truett Stanford.
Vice-President, Jack Stanford.
Secretary-Treas., Sonny Moore.
Reporter, Jack Steward.

Floor-bouncer, Billy Edmiston, appointed by president.
Song leader, Bill Cheek.

The committees appointed by the president are:
Program: Mike Moore, David Powell, Ken Love, Jack Stanford, Ronnie Mittel.

Initiation: David Powell, Truett Stanford, Buddy Estes, Roger Sofge, Billy Edmiston.

There were 60 club boys and ten guests present at the meeting. Keith Hillman, assistant county agent, conducted a short business session before officers were elected.

There are 100 boys enrolled in the 4-H Club for the 1952 year.
—Jack Steward, club reporter.

CATHOLIC LENTEN SERVICES

Stations of the Cross will follow the Mass on Sunday and will be held every Wednesday night also at the Catholic Church, during the Lenten season.

PARTY HONORS VISITORS

Honoring Sherrill and Dan Gandy of Calf Creek, Monetta Bradshaw, John Edward Meador and Wanda Henderson entertained with a party Friday night at the Corral. The 25 who attended spent the evening playing games, and were served refreshments.

Sherrill and Dan had been met in Menard by the O. B. Bradshaws, and were weekend guests in their home. On Sunday Mr. and Mrs. W. R. Duncan of Calf Creek, Mrs. Vernon Cavin and grandson Billy Ross Cavin, also of Calf Creek, came after them.

—The Eldorado Success, \$2.00 year.

Davis Murr and his mother Mrs. Ollie Murr of Ft. McKavett were here for the Church of Christ services Sunday.

Help your cows produce a big Calf Crop
SUPPLEMENT RANGE WITH

PURINA RANGE CHECKERS

While a cow is carrying her calf, nutritional needs are high, much higher than can be normally supplied by grass alone. For this reason, thousands of well-known ranchers supplement with Purina Range Checkers. Checkers supply vitamins, minerals, carbohydrates and a variety of protein. For big results—a big calf crop and lots of milk—feed Purina Range Checkers. The variety in Range Checkers makes a difference, all right!

SERVICE

is my business

I'm your co-op lineman . . .

You see me with my truck along your line, and I want to take this chance to say hello. My job is to . . .

- Build new lines
- Enlarge other lines
- Prevent outages
- Keep the lines clear

I am well equipped to serve you, and I hope you will cooperate with me to keep outages at a minimum.

I cut and trim trees, for instance, to keep them off the lines. If you spot me on your place, you will know I am working to provide you with better service. You can help, however . . .

In case of an outage, call your co-op office. Tell us the trouble and its location if you can. This will save us time finding it.

We are sure our service is the best in the area. But we know we can always improve.

We are glad to be working for you and proud of our part in this locally-owned, democratically controlled co-op serving this community

SOUTHWEST TEXAS ELECTRIC

CO-OPERATIVE, INC.

CARD OF THANKS

We wish to express our sincerest heartfelt thanks and appreciation to the host of friends who helped in so many ways to make our sorrow easier to bear. We especially appreciate the beautiful, inspirational, and sustaining messages brought by Brother J. L. Ratliff, Brother Clifford Nelson, and Brother Gilbert Wilson; the part the choir and organist had in bringing us his favorite hymns; the beautiful and large floral offering; the bountiful food prepared and served by numerous friends; and the many memorials, cards, telegrams, letters, calls, and personal expressions of sympathy. May God's blessing be on each of you for your loving remembrance of our beloved husband, father and grandfather.
Mrs. J. B. Christian,
Mr. and Mrs. E. W. Brooks,
Mr. and Mrs. Joe Muller
Christian and son,
Mr. and Mrs. Jack Elder

News From Our Neighbors

New Office Opens
C. M. Cowart of Snyder has in Big Lake Monday making arrangements for the opening of a district office for the Schlumberger Well Surveying Corporation here. Mr. Cowart, manager of the district office in Snyder, said the office will be located in the American Legion building and there will be 15 employees. H. W. DeLay will be the local manager.—Big Lake Wildcat.

New Building Started
Construction of a super-market building for the System Grocery and Market was started Wednesday. Location is in the 200 block of East Main street on the lot south of the county jail.

It will be made of brick, glass and tile, with a brick and glass front, illuminated with neon lights. The floor will be of concrete, covered with asbestos tile. Inside decorations will be in 3-tone colors. Modern furniture and equipment will be installed throughout the building.—Llano News.

Diphtheria Controlled
The outbreak of diphtheria in this area, which resulted in the death of a child in Ozona and two adult cases in Sonora, has evidently been brought under control according to local physicians.

The first case was that of a 4-year-old Latin American child who died in Ozona Tuesday. About the same time two adult cases were reported here, one, a Latin-American living in town, and the other, an Anglo-American living near Sonora. Both adults have practically recovered, their physician said.—Devil's River News.

Agent Moves
Pete W. Jacoby, coordinator of the Kimble Co. Vocational school since it opened in 1946, has resigned that and several other official positions to become agricultural agent with the A & M Extension Service in Crockett county, beginning April 1.
Vernon Jones, vocational agriculture teacher, is going to be the new Kimble County agricultural agent with the A & M Extension service succeeding J. W. Jennings here if the high school vacancy can be filled satisfactorily.—Junction Eagle.

Gypsies Return Money
A family of Gypsies was forced to return \$40 stolen Tuesday from Mr. and Mrs. Colley Warner, aged couple living at the east edge of Bronte. Mr. Warner said one of the women stopped at their house and wanted water for her baby. While trying to get him to let her tell his fortune, she managed to sneak \$40 in currency from his shirt pocket. The theft was discovered a short time later and authorities were notified. Sheriff Paul Bood and his deputies later apprehended the Gypsies at the Y-Courts Cafe in Robert Lee. They denied the theft, but returned the money when taken back to Bronte to confront the Warners. The Gypsies were ordered out of the county.—Robert Lee Observer.

Mason Gets Award
Stuart Williams, city utilities manager, will receive a trophy at College Station this week designating Mason as getting the best results from its sewage treatment plant of any city in the state. Mr. Williams is attending the Texas Water and Sewage Works Association's short course school at A&M this week.
Notification of the award was contained in a letter to Mayor Walter Durst and written by Dr. Geo. W. Cox, state health officer. The award covers the year 1951 and means, according to the state health department officials, that the effluent from the Mason plant is the purest of any municipal plant in the entire state of Texas, regardless of the size of the city.—Mason County News.

Streets To Be Marked
At a meeting of City officials and a committee from the Edon Lions Club under the chairmanship of Dr. Barny Grafa, the Edon Lions Club Street Marker project was given a new lease on life with the sanction of the City Council, who have agreed to go along with the club on all phases of the project.
A thorough study of the city streets was made from an old map of the city, which showed that several streets here had not been designated or named, that in a num-

ber of cases two streets carried the same name, that the only solution for a project that would serve, for now and for years to come was to completely rename all streets in a systematic way as many towns and cities have done in recent years in making their strides of modernization.—Eden Echo.

New Agent
Paul H. Newton of Kerrville has been hired as Menard county agent. His employment was announced this week by County Judge Jas. W. Scruggs and members of the commissioner's court.
Newton, who is a graduate of Oklahoma A & M college, resigned his position as agent at Ozona to accept the job here. He replaces R. E. Nolan who accepted a job as agent at Nueces county several weeks ago.—Menard News.

Eldorado Boy Scouts collected \$74.31 for the Red Cross in a house to house canvass Saturday morning, it was announced this week by T. P. Robinson Jr., chairman of the Red Cross fund drive. Those participating were Noel Dannheim, Sherrill Dannheim, Voy J. Mitchell, David Steen, James Lee Swain, Cecil Mac Walston, Donald Parks, and Cub Scout Harvey Kogut. Robinson said the drive would be continued throughout the month of March.

Explorer Scouts are meeting every Tuesday night at the Scout hall, with Billy Frank Blaylock as Advisor. At this week's meeting plans for improving the meeting room and other improvements were discussed.

Officers elected were: president, Jerry Perry; vice president, Robert Townsend; secretary, Gail Mittel; crew leader, Frank Otto Prochaska; assistant crew leader, Curtis Stockton; social chairman, Eugene Early; service chairman, Ronnie Kerr; outdoor chairman, Charles Griffin; indoor chairman, Kenneth Pennington. Others present at the meeting were Buddy Bruce, Ralph Taylor, and T. J. Kogut, district commissioner.

Mr. and Mrs. Jack Whiteley of Voca spent Saturday night and Sunday here with Mr. and Mrs. J. C. Whiteley. On Sunday these, and the following, gathered at the home of Mr. and Mrs. Vernon Hazelwood for a family dinner: Mr. and Mrs. Tom Carroll and three children of Sonora, Mr. and Mrs. Laymon Hazelwood, Mr. and Mrs. P. W. Hazelwood, Mr. and Mrs. Libburn Hazelwood and Lonnie, Mr. and Mrs. Vernon Carroll and Shirley.

Wayne Estes of Alpine spent the weekend with his parents, Mr. and Mrs. Martin Estes.

Mrs. Wayne Estes spent Friday and Friday night in San Angelo visiting Mr. and Mrs. W. L. James and daughter Mrs. J. N. Adams. She was accompanied home by her son-in-law and daughter, Mr. and Mrs. W. L. James.

"The Day After Forever," directed by Mrs. C. E. Gary, will be Eldorado's entry in the one-act play contest next Wednesday evening in Menard. Sonora's play will be given at 4:00 p.m., followed at 5:00 by Ozona and Eldorado at 6:00. Junction will give theirs at 7:30 and Menard will be at 8:30.

John Cowart of Dallas visited briefly with his sister Mrs. W. G. Godwin and her family in Eldorado.

The Ray Brutons had as guests recently Mr. and Mrs. Leonard Joplin and son, of Spur, friends of the family.

Dancing classes of the Woman's PE department of Southwest State College presented a concert for the American Association of University Women in San Marcos recently. Among those participating was Grete Mund, in an original dance called "The Thing." This concert will also be presented later this month at Brooke General Hospital in San Antonio.

Guests Sunday in the home of Henry May and family at Coleman were Mr. May's sister Mrs. Rutha Boyer, and Ray Boyer and his wife and three children.

Ray Bruton and his son Bert spent the weekend at Spur.

Mrs. D. E. DeLong left Monday for San Angelo to spend a week with an aunt, Mrs. E. E. Williamson.

Guests of Mr. and Mrs. Eldon Calk last weekend were Mr. and Mrs. J. A. Harris and son of Santa Anna. The family had been attending the teachers' meeting at San Angelo and came on to Eldorado for a weekend visit. Mr. Harris is principal of the elementary school at Santa Anna.

Mr. and Mrs. Earl Bryant and two sons of Lubbock and Mr. and Mrs. Sid Rogge and daughter of Sonora were weekend visitors in the home of their parents, Mr. and Mrs. E. R. Bryant.

Gift Tea Honors Mrs. Glenn Williams

A gift tea was held Saturday afternoon at the Memorial Building, honoring Mrs. Glenn (Junior) Williams, a recent bride. Hostesses were Mrs. N. G. Hodges, Mrs. E. W. Craig, Mrs. Lum Davis, Mrs. O. Sudduth, Mrs. V. G. Sudduth, and Mrs. W. C. Doyle.

In the receiving line were the honoree, and Mrs. Arch Edmiston, and the groom's grandmother, Mrs. R. M. Cosby of Christoval.

The St. Patrick's colors of green and white were carried out in the table appointments and the room decorations. Centering the serving table was an arrangement of white carnations and ferns and green candles, and the table cloth was of white linen.

Mrs. Clifford Schooley and Miss Myra Farrington of San Angelo poured coffee from a silver service, and Ruthie Dee Harris and Jane Belk registered guests and also played piano numbers during the tea hours.

Gifts were displayed during the afternoon. The couple have started housekeeping on the Edwin Jackson Ranch, where the groom is employed.

Woman's Club Notice

Eldorado Woman's Club has been asked to help select the nation's most outstanding man and woman. The club may send its nomination to state headquarters in Austin. The award is made on basis of service to community, state and nation.

Texas Federation Executive committee will make the award from this state. Any local citizen may submit a candidate through the local chairman of publicity for the Eldorado club. Mrs. Arthur Mund, by phoning or sending your choice to her.

Sammy Calcote, and D. W. McIntyre of Michigan, who, with his wife, has been visiting in the Buster Calcote home, both have employment in Big Lake with Southern Electric Co., and the McIntyres expect to move there.

Mr. and Mrs. G. M. Capps and son Kenneth of San Angelo spent the weekend here with Mr. and Mrs. H. E. Browder on the Browder farm.

E. R. Bryant was called out of town Thursday when he was notified that his mother, Mrs. E. R. Bryant of Rule, had fallen and broken her hip. The 80-year-old woman had been visiting her daughter at Breckenridge when she fell. She is now in a hospital at Stanford. Mr. Bryant returned home Friday.

Mrs. Florence B. Hale of Eden is spending the week with her sister, Mrs. Camilla Raggio.

Mrs. Ruby Damron, and Mrs. Bob Faught and Barbara and Marlene visited last weekend in Balingier with Mrs. George S. Robinson and family. Mrs. Mary J. Damron returned home Sunday with them after spending the week there.

The Clarence Davis family returned this week to their home in Indiana, after visiting Schleicher County relatives. Mr. and Mrs. Ed Davis and the Clarence Davises visited Sunday with Mr. and Mrs. Buck Davis.

Every Day Is Vegetable Day

COLLEGE STATION — "Every day should be vegetable day," says Louise Mason, foods and nutrition specialist with the Texas Agricultural Extension Service. She says every homemaker should plan to serve three different kinds of vegetables each day. The Texas Food Standard, the guide for good eating in Texas, suggests one serving of sweet or Irish potatoes, one serving of green or yellow vegetables and one serving of other vegetables.

Green and yellow vegetables are so named because of their color. Green vegetables include all kinds of green leafy vegetables, young and tender English peas, string beans, beet tops, green asparagus, green celery, water cress and parsley.

Yellow vegetables are few in number. Among these are carrots, yellow squash, cushaw, pumpkin, and rutabaga.

The third group of vegetables is known as other vegetables. This group includes white squash, onions, beets, radishes, half mature beans and peas, white corn, cauliflower, bleached celery, bleached asparagus and cucumbers.

Miss Mason says vegetables furnish minerals, vitamins, some starch, protein and roughage. The minerals found in most vegetables are calcium, which is necessary for good bone and teeth development; iron which is an essential part of the blood and phosphorus, which works along with the calcium.

Green and yellow vegetables are very high in vitamin A. This vitamin is very important to the growth of children. It is needed by everyone for the maintenance of normal vision. It also helps keep the skin and linings of the nose, mouth and inner organs in good condition.

The Vitamin B group, known as thiamine, riboflavin and niacin, are found in many vegetables. Getting enough of these vitamins helps produce steady nerves, normal appetites, good digestion, good morale and healthy skin, says Miss Mason.

Good sources of vitamin C, known as ascorbic acid, are raw cabbage, tomatoes, greens, asparagus, green pepper and green lettuce. This vitamin helps keep the gums in good condition, prevents swelling of the joints and helps make strong muscles. Miss Mason points out that foods containing vitamin C must be eaten each day because it is not stored in the body.

Vegetable proteins are considered incomplete because they cannot do all the things for the body that complete proteins do, that is, build and repair body tissues. Therefore, says Miss Mason, the diet should also include meat, eggs, cheese, fish, poultry and milk along with the vegetables.

Mrs. Hattie Blaylock, and the sons of Mrs. J. B. Jennings, who had remained here for the weekend after the funeral of Mrs. Jennings' little son, accompanied Mr. and Mrs. W. A. Blaylock to Cain City, and Mrs. Hattie Blaylock will remain there for awhile with her daughter and family.

The Military

Frank S. Williams, son of Mr. and Mrs. John Williams, is now sergeant, according to word received by his parents. As he was stationed on Hokaido Island, that was visited by an earthquake, he reports his thrilling experiences during the earthquake—and writes that none of the military force were injured but that some Japanese civilians were.

Hal Whitten, son of Mr. and Mrs. Lewis Whitten, was also promoted recently to sergeant.

Tart Mund and two buddies, all of Randolph Field, San Antonio, spent several days here with Tart's mother Mrs. Frances Mund and other Schleicher County relatives.

Mrs. Frank Bradley talked by phone with her son, Tom Duncan Bradley, first class seaman, Sunday. Tom, who has been on the west coast for some time, told his mother that his ship would leave San Diego Monday for Japan.

Cpl. Billy Dan McAngus, son of Mr. and Mrs. Ross McAngus is leaving Fort Jackson, S. C., to come to Ft. Hood for Operation Longhorn. He is making the trip in a C-46. When Longhorn is over, he will report to Camp Attaberry, Indiana. It is not known at present if he will get to visit home before going to Camp Attaberry.

Pfc. Arthur Mund Jr. of Fort Sam Houston was here for the weekend to visit his parents, Mr. and Mrs. Arthur Mund. He is stationed in San Antonio. He returned to that city with Lt. Tommy Green, who is attending chemical warfare school at Camp Bullis.

How To Use A Dress Pattern

COLLEGE STATION—Since the spring sewing season is just around the corner, tips on how to use a pattern are given by Nena Roberson, clothing specialist with the Texas Agricultural Extension Service.

First take the pattern from the envelope and identify each piece. If there is a piece or two that you will not need in making a particular dress, put them back into the envelope, says the specialist, so they'll be out of the way.

It is very important, Miss Roberson says, that you read carefully the instruction sheet. It will help you understand the pattern. Study the diagrams on the instruction sheet of how to place the pieces of a pattern on the material in relation to size, width of material and style of garment. Select the layout you will use and encircle it with a pencil for reference.

Every piece of material has a lengthwise and crosswise grain. Before placing the pattern for cutting, fold the material, right sides together, lengthwise with selvages even, says the specialist, then lay the folded material on a table. If the crosswise yarns are not parallel, stretch in place by pulling carefully on the true bias. Now place the pattern on the material, following the layout selected, and pin it in place, says Miss Roberson. Pin on the grainline first. Then work from the grainline toward the edge of the pattern and pin near edges and corners by placing pins at right angles to the edge of the pattern.

Miss Roberson says when the pattern is pinned securely, you're ready to cut out the garment and suggests that a pair of good sharp shears be used for this job.

Pauline Nixon of San Angelo has been undergoing treatment for pneumonia in a San Angelo hospital, but has improved sufficiently to return to work Wednesday. She spent several days with her parents, Mr. and Mrs. Robert Nixon, after her dismissal from the hospital.

—The Eldorado Success, \$2.00 year.

PTA Meets Tuesday In Auditorium

The PTA met on March 18, at 7:30 in regular session. Rev. Clifford Nelson gave the invocation, and Miss Lucille Farmer's choral club presented special music.

Palmer West, safety chairman, introduced the guest speaker, Patrolman Brookshire of San Angelo, who gave an impressive statement concerning his work on the highway.

It was announced that Mrs. Arthur Mund had been elected as the person in our community most deserving of the Annual Life Membership Award. The election was by write-in ballot.

According to the state PTA handbook, the giving of life membership is not compulsory, but should be truly a love gift. The PTA unit pays a fee of \$25 to the Texas Congress, and it is then placed in the Extension fund, to be used as an investment in child life in the state of Texas. Selection of the local member to receive this honor has occupied the attention of the committee for several weeks.

The annual election of officers was to have been held, but due to the fact that there was no required quorum (one sixth of membership) present, and with general consent of the assembly all business was postponed until the April meeting. The nominating committee: Mrs. Jerry Pennington, Mrs. L. D. Mund and Mrs. Kenneth Cheek, present the following list to be voted upon April 15th at 8:00 p. m.:

President, Mrs. M. D. McAngus
1st Vice: Mrs. Archie Mittel,
2nd vice: Mrs. James Williams
3rd vice: Mrs. Dee Love.
Secretary: Mrs. Jack Hext.
Treasurer: Mrs. Lum Davis
Nominations may be made from the floor provided the consent of the nominee has been secured.

DYSENTERY PREVALENT IN STATE OF TEXAS

AUSTIN — Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. George W. Cox, State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germ.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said, it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases.

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this state"

Check The Canner

COLLEGE STATION—The time to check the pressure canner is before the spring vegetables are ready to can. Foods and nutrition specialists of the Texas Agricultural Extension Service, point out that repairs and replacement of worn parts as well as the adjustment of working parts should be made now. Inspect the canner, they say, for cracks, pits, marks, and corrosion. If these are found, the canner has not been properly handled, used nor cared for.

Check the type of gasket used on the canner. If it is metal to metal, examine for binding. Binding may be caused by dirt or corrosion.

Scour, if needed, with fine powder, never use harsh scouring powders. If this type of gasket leaks, apply a thin coat of salt free fat. If the cooker has a removable rubber gasket, remove it and wash thoroughly in hot soap suds, then stretch it, turn it over and replace on the canner. Then test for a perfect seal. If steam escapes, purchase a new rubber gasket, say the specialists, and get the type recommended by the manufacturer.

Be sure, warn the specialists, that the petcock is clean and in good working order. A toothpick can be used to clean the opening. Take the ball and socket type apart, they say, and carefully wash the parts. To remove any corrosion that might be found, soak the parts in vinegar or kerosene; wipe clean and reassemble. Be sure the closing devices at handles and knobs are in perfect working order.

The specialists say the pressure canner gauge should be checked at least once a year for accuracy and that local county home demonstration agents can supply information on how to do this job.

Cotton Varieties

COLLEGE STATION — Cotton varieties for the different areas of Texas are given in a new bulletin, "Performance of Cotton Varieties in Texas, 1948-50."

This bulletin, published jointly by the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service, gives information obtained in the first three years of a state-wide cotton variety evaluation program. Other bulletins will be issued at the end of each succeeding 3-year testing period.

Experiment station agronomists divided the state into three regions for systematic testing. And the Extension Service designated 10 production areas to provide a practical basis for variety recommendations.

D. T. Killough, agronomist in charge of the cotton variety testing program, points out that varieties recommended for a given region or area often do not include all varieties in the highest yielding group.

Varieties are recommended on basis of yield of lint cotton per acre, adaptation to harvesting methods, fiber properties, disease resistance and maturity.

Sources of seed of the varieties tested are given in this bulletin, along with a list of the available publications on cotton production practices. Copies are available at county agents' offices.

STATE FAIR MUSICALS NOW BEING ANNOUNCED

DALLAS — With the announcement last week that the Broadway production "A Tree Grows In Brooklyn" would be one of the six productions at the State Fair Musicals this summer, the southwest is once again being given outstanding Broadway productions before other sections of the country will view them. This will be the first production outside of New York City. But what is most important in this attraction is that it will star Shirley Booth, original Broadway star of the show. Miss Booth has long been considered one of the most outstanding actresses that America has produced.

She first appeared on Broadway in dramatic roles, one opposite Humphrey Bogart; then she changed to comedy; then came her conquest of the radio; then to musical comedy and finally motion pictures. She is currently in Hollywood finishing the movie version of her Broadway hit, "Come Back Little Sheba." Radio audiences know her well for her role of "Mrs. Duffy" in Duffy's Tavern, and lately she has been one of Tallulah Bankhead's most successful guests on "The Big Show."

Mr. and Mrs. W. J. Steward of San Angelo, here to attend the funeral of J. B. Christian Monday, spent a few hours afterward in the home of Mr. and Mrs. Aaron Steward.

Jack Steward, son of Mr. and Mrs. Aaron Steward, is among the many here who have German measles.

Jerry Pennington of Eldorado and Boyd Lovelace of Sonora, West Texas Utility managers, spent two days this week at Abilene, attending a managers' meeting.

Drouth and Livestock Numbers Demand Big Crops of Feed

College Station. — Livestock numbers, except cattle and chickens, on Texas farms and ranches at the beginning of 1952 were lower than a year ago. For the entire nation cattle numbers were 7% larger than on January 1, 1951, while for Texas the increase was only 2 per cent. The severe drouth over the state has seriously hampered livestock production and has hit hardest the sheep and goat producing sections, says C. H. Bates, farm management specialist for the Texas Agricultural Extension Service.

Stock sheep numbers in Texas showed a slight upturn in 1950 but were down 10 per cent on January 1, 1952 compared to a year earlier. There was 6 per cent fewer goats than a year ago and 5 per cent fewer hogs.

This means that livestock numbers have been kept relatively low, during a period of favorable returns, because of reduced feed supplies. Even now, Texas farms and ranches have almost 9 million cattle, over 6 million stock sheep and 1.6 million hogs. Also, at the start of 1952, Texas farms had about 23 million chickens and a half million turkeys, which was an increase over the year before. In specialized broiler areas, Texas growers raise about 50 million broilers annually, says Bates.

Feed reserves have been depleted because of abnormally heavy feeding during the past few months and feed supplies per animal unit are now the lowest since 1947, points out Bates. Unless the weather becomes extremely favorable for the production of large feed crops this year, reserves are likely to drop still further, he adds. So it looks like higher feed costs are ahead, unless stockmen plan wisely and get a better break on the weather.

With moisture conditions in some areas improved by recent rains, farmers should plan to produce adequate feed crops this season. The highest yielding varieties should be planted. Plant for a good stand and use fertilizers whenever possible to produce the maximum yields, says the specialist.

Another important item is to plan for increased feed storage on the farm. Piles of feed grains and hay tend to drop at harvest time and with proper storage, the surplus can be held until the temporary "glut" is relieved. If plans for storage bins are needed, farmers should see their local county agent for blueprints. The local Production and Marketing Administration provides facility loans to farmers who need financial aid on constructing storage facilities.

And finally, Bates suggests that all livestock producers put into operation a complete forage production and storage program. This will include supplemental pastures, improving the permanent ones and storing enough forage and grain to take care of such situations as now exists. Forage, says Bates, can be stored for years in a silo and he recommends that silage crops be included in this year's production program.

Mrs. May Mercer is spending the week in San Angelo with her sister, Mrs. Lee Kelley.

The Allen Kuykendall family spent the day Sunday in Colorado City with Mrs. Kuykendall's parents.

The Edward Meador family met Mrs. Meador's parents, Mr. and Mrs. P. S. Dudley of Gainesville, in Comanche Tuesday. They report seeing a little green grass in that locality.

Circle 2 of the WMU of the First Baptist Church held an all-day quilting, with covered dish luncheon at noon, at the home of Mrs. Perry Mittel Wednesday. The quilt is to be sent to the church orphanage.

**BOYS' RANCH PRESENTS
PROGRAM HERE SUNDAY**

Boy's Ranch at Tankersley gave a program of music under direction of their superintendent Sunday night at the Methodist church. An appreciative crowd was present, and a collection was taken for the Ranch. During the Sunday School hour the Men's Class gave money as a Boys' Ranch memorial to J. B. Christian.

ATTEND ANGELO MEETING

Four from the Methodist Sunday School here were in San Angelo Tuesday, to attend an all-day meeting at the First Methodist church, to plan for Vacation Bible School. Present were workers from churches throughout the district, including Rev. Roy Shilling, Methodist pastor here, Mrs. Shilling, Mrs. Palmer West, teacher of a children's class, and Mrs. Albert McGinnis, who as superintendent of the children's department will head the vacation Bible School here. The Shillings also visited Mrs. J. B. Christian at the hospital.

Miss Miltia Hill and another Sul Ross teacher spent a few hours here Sunday with her parents, Mr. and Mrs. D. C. Hill on their way back to Alpine from Ft. Worth, where they had attended a meeting.

Carol and Joan Crews of Mertzon were visitors recently for several days in the home of their aunt Mrs. Charlie Trigg.

Among those from here attending the Boyce House program at Mertzon Tuesday night were Mr. and Mrs. Ford Oglesby and Mr. and Mrs. Charlie Trigg. The entertainment was given under sponsorship of the study club. The Triggs were accompanied by San Angelo relatives.

Mr. and Mrs. Roy Thigpen and sons Jimmie and Tommy of San Angelo, and Mrs. C. R. Young and Judy visited in the Houston Thigpen home last weekend. They were accompanied home by Ruth Ann Thigpen, who will spend the remainder of the week there.

**Bauguess-Alexander
Wedding March 15**

Frances Lee Bauguess, oldest daughter of Mr. and Mrs. C. A. Bauguess of Eldorado, was married Saturday night, March 15, in Menard to Albert Dale Alexander son of Mr. and Mrs. Lee Alexander of Menard. The Menard County Judge officiated at his home at 9:00 p. m. For the ceremony the bride wore a tan silk print.

The couple will live in Menard where the groom was reared. The bride's brother accompanied her to Menard and was present at the ceremony. The groom was attended by his brother, who left soon afterward for induction into the armed forces.

The bride was reared here and was in the sophomore class; the groom is a graduate of Menard High school with the class of 1951, and has had some college work, and is now carpentering.

Recipe of the Week

Rice and Deviled Egg Casserole
6 hard boiled eggs
5 tablespoons mayonnaise
1/4 teaspoon salt
1/4 teaspoon dry mustard
1/2 teaspoon Worcestershire sauce
Dash of garlic salt
1 1/4 cups water
1 11-ounce can condensed tomato soup
3 cups cooked rice
1/4 cup chopped ripe olives
1 cup cheese, grated (sharp or mild).
Cut hard cooked eggs in halves lengthwise. Remove the yolks and mash with a fork. Add the mayonnaise, salt, dry mustard, Worcestershire sauce, garlic salt and mix until the yolks are smooth. Refill the whites with the yolk mixture. Mix the water and the tomato soup. Save half of this diluted soup to pour over the top of the casserole. Mix the other half with the rice, olives, and half of the cheese. Pour this mixture into a well greased two-quart casserole. Arrange the deviled eggs over the rice. Pour the remaining tomato soup over the eggs and sprinkle with the rest of the cheese. Bake in 350-degree oven for 20 minutes.

MESSAGE ON THE DROUGHT

"The word of the Lord that came to Jeremiah concerning the dearth, the drought, and the gates thereof languish; they are black unto the ground; and the cry of Jerusalem is gave up, and thine nobles have sent their little one to waters; they come to the pits, and find no water; they returned with their vessels empty. They were ashamed and confounded and covered their heads, because the ground is chapt for there was no rain in the earth the plowman were ashamed. They covered their heads. Yea, the kine also calved in the field, and forsook it because there was no grass. And the wild asses did stand in the high places. They sniffed up the wind like dragons. Their eyes did fail, because there was no grass.

O Lord, through our iniquities against us, do thou it for thy name's sake for our backslidings are many; we have sinned against thee. Jeremiah 14:1-7. Here again, by the word of the lord, we have a picture of a terrible drought during Israel's time. The reason for it is explained in verse seven. The people finally cry out 1. "Our iniquities testify against us." 2. "Our backslidings are many." 3. "We have sinned against thee."

Could this be the reason why we are dry? Men and women I beseech by the Grace of God turn to God through Christ before it is too late. God did not spare Israel, neither will he spare us. Go to the church of your choice, but go. Study his word. Pray for salvation. F. H. Pryor, Fundamental Baptist church.

Sunday morning services, 10:00 and 11:00.
Sunday evening, 7:00 and 8:00.
Wednesday evening, 8:00.
Thursday evening, 8:00.
Friday evening, 8:00.
You are welcome. Bring your Bible.

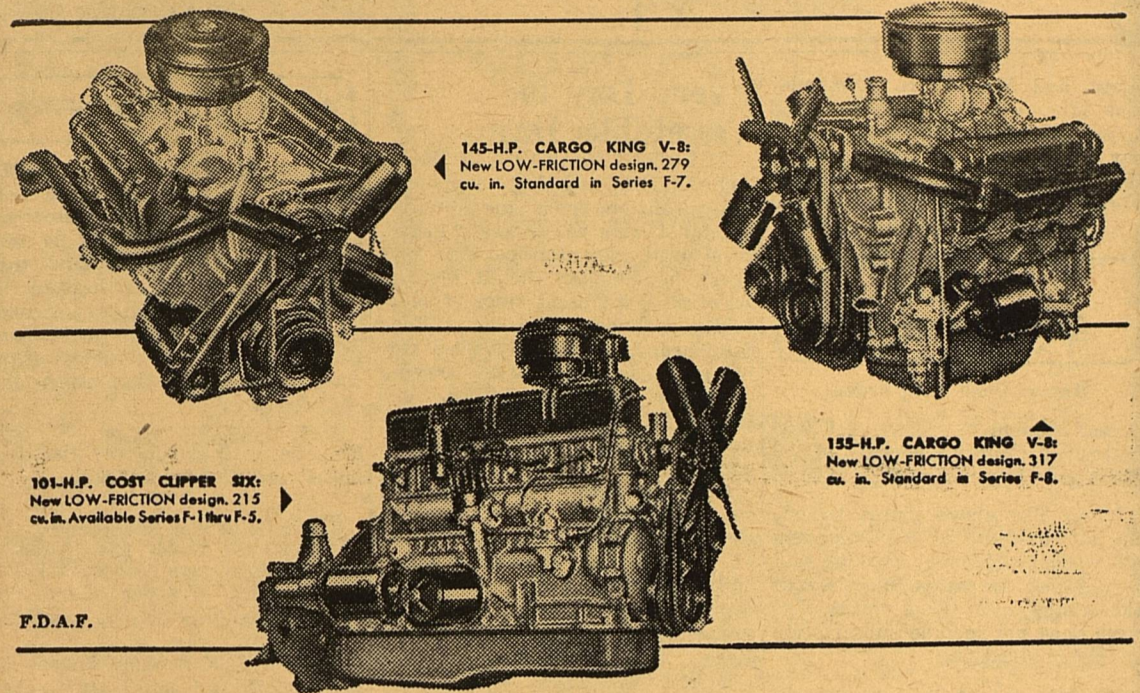

Mr. and Mrs. Jim Hoover spent Saturday and Sunday at Fredericksburg.

Miss Mary Hoover of Dallas spent from Sunday to Wednesday here with her parents, Mr. and Mrs. L. M. Hoover, and on Monday visited her aunt, Mrs. Joab Campbell in the Sonora Hospital.

Mrs. A. M. Nixon has been on the sick list but is improving.

Mr. and Mrs. T. J. Bailev of Ozona were Eldorado visitors Sunday.

**NOW...Three new HIGH compression LOW friction
Engines in FORD TRUCKS for '52!**

New, ultra-modern overhead-valve engines give you more horsepower per cubic inch displacement. Engineered to save up to 14% on gas!

For '52 Ford cuts truck running costs again with 3 new LOW-FRICTION truck engines—two new Cargo King V-8's and new Cost Clipper Six—that save up to 1 gallon of gas in every 7... deliver more power per cubic inch!

Ordinarily, engine friction steals as much as 30% of the power your engine develops. Ford's new short stroke LOW-FRICTION overhead-valve design cuts piston travel up to one-fifth, reduces friction drag and heat and wear.

Other friction-fighting features: New Super-fitted Autothermic Pistons; New Precision-molded Cast Alloy Crankshafts; New Full-Flow Oil Filters! New Cooling!

Ford's famed 239 cu. in. V-8 is increased to 106 h.p. And the Big Six is upped to 112 h.p. Now five great truck engines... over 275 series power combinations... in the new 1952 line, there's a new Ford Truck that's right for your hauling job!

COME IN—SEE US TODAY!

**Ford Trucks for '52 cost still less to run!
CHARLIE TRIGG MOTORS
ELDORADO, TEXAS**

Joe Thornton spent Sunday here with his mother Mrs. B. C. Thornton. His home is in San Angelo.

Mr. and Mrs. Clovis Taylor and their children visited Mrs. Taylor's parents, Mr. and Mrs. R. E. Johnson at Rockwood Sunday.

Mr. and Mrs. Roy Phelps had as guests last weekend Mr. and Mrs. L. B. Rudder and daughter Mrs. Aline Roach and Carolyn, all of Ballinger.

Mr. and Mrs. Albert Thigpen spent the day Sunday in San Angelo, where they were dinner guests of Mr. and Mrs. Hayden Lewis, and in the afternoon visited Mr. and Mrs. O. R. Young and Mr. and Mrs. Clyde Evans.

Mr. and Mrs. E. H. Veal of Gouldbusk attended the teachers' meeting in San Angelo, and they and their daughter and several friends spent the night here Friday with Mr. and Mrs. Earl Parker.

Mrs. Lea Allison and daughter Susan of Sonora spent the day here Tuesday with Mrs. Allison's sister, Mrs. Horace Linthicum and her family.

**Election
NOTICE**

The City Council of the City of Eldorado, Texas, met in regular session at the regular meeting place, with a quorum present and among other business transacted, an Official Election was ordered held on the First Tuesday in April, 1952, same being 1st day of April, 1952, for the purpose of electing two Aldermen whose terms expire on the above date.

Those running for Aldermen, and asking for their names to be put on the official ballot, are as follows:

- W. M. Patterson ----- Re-Election
- S. M. Oglesby ----- Re-Election

There are to be elected Two Aldermen whose terms expire on the above date.

City of Eldorado, Texas
By A. J. Atkins, Secretary.

**KILL rats
and mice!**

CONTAINS WARFARIN

Martin's Mar-Frin Ready-Bait containing Warfarin, the sensational new rodent killer, can destroy rodent colonies and keep them under control. Tasteless and odorless, it will not cause "bait-shyness," rats continue to eat until they die. Easy to use... economical.

Who Was VICTIM X?

Victim X, whose name will never be known, was the 1,000,000th highway traffic fatality in the United States since 1900. Victim X may have been man, woman or child—it might have been you!

This life, sacrificed to carelessness, was snuffed out in an automobile accident late in 1951. Only a few months earlier, another unknown met his death on a Korean battlefield. "GI-X" was the millionth soldier to die for his country since the Battle of Lexington, April 19, 1775. It took seven United States wars and the conflict in Korea to count a toll of 1,000,000 Americans who died in the cause of freedom and independence. It took only 52 years for another million to be killed on the streets and highways of our country. Besides these dead in traffic accidents, 35,000,000 more were injured, maimed or disfigured for life.

Automobiles will claim their second million victims much sooner, possibly in the next 25 years, unless you and 60,000,000 other drivers get seriously safety conscious.

Carelessness causes nine out of every ten accidents. Speeding, drinking-and-driving, violation of rules of the road and right-of-way, are major causes of auto fatalities and serious accidents. Lack of alertness by pedestrians contributes its toll to the death statistics.

Drive safely—walk safely. Save your own life—and the lives of others.

Drive As Though Your Life Depends On It - - IT DOES!
