

LOCAL PEOPLE AT FUNERAL OF REV. FAUST

The Rev. Fred B. Faust, Methodist pastor for 45 years, and pastor of the Eldorado Methodist Church seven years, died of a heart attack Sunday afternoon at the parsonage at Buda, his last charge.

Funeral services were held at the Buda Methodist Church Tuesday morning at 10:00, after which the body was taken to Dallas for interment. His age was 66 years and four months.

In attendance were a large number of pastors and old parishioners who paid tribute to his memory by their presence at his funeral. The new church at Buda, which he served, was filled to capacity, and the floral offering was very large. His stewards were pallbearers. A mixed quartet rendered several selections, with Mrs. Rylander at the organ.

Pastors who took part in the funeral services included the Rev. Theo Cox of Raymondville, Dr. Brabham, pastor of Central Church in Austin, and the Rev. Josh Jones, of the Austin District. All of these knew him in the El Paso conference and the Rev. Jones was ordained with him 45 years ago. The Rev. Wood Patrick, district superintendent of the Austin district, and the Rev. Calhoun, district superintendent of the San Antonio district, both of whom had been his district superintendent, also had part of the program.

Among those who attended the funeral from here were Mr. and Mrs. Sam McGinnis, Mrs. Ken Ogdin, and the Rev. Roy Shilling; Mr. and Mrs. E. H. Topf, who spent the preceding night with Mr. Topf's relatives at Marble Falls; Mrs. Mabel Parker and Mrs. Frank Meador, who spent Monday night at San Antonio; Mrs. May Tisdale and Mrs. Van McCormick, who arrived in Buda Monday afternoon; and Mrs. L. Wheeler, who had been visiting at Nixon and who accompanied Mrs. Tisdale and Mrs. McCormick home.

Among others calling before the funeral or attending the funeral were Rev. Kelly Neal of San Marcos, former Eldorado Presbyterian pastor; the Fausts' son-in-law and daughter, Mr. and Mrs. Earl Ralston of Dallas; their son and daughter-in-law, Mr. and Mrs. Jimmie Faust of Washington, D. C., who came to Texas by plane, but who bought the Fausts' new car and are driving it home; Rev. Faust's sister, Mrs. Maxwell, and her husband, of Birmingham, Ala.; a large delegation of Methodists and other friends from Sabin, and other places, and many pastors from neighboring towns.

A Life-Long Methodist

The Rev. F. B. Faust was a "cradle Methodist." His father was a Methodist pastor in Alabama, who served a number of Methodist churches—as circuit pastor, as resident pastor, and for awhile as "presiding elder," as that office was then termed.

Fred Faust received his schooling in Alabama. After his marriage the couple went west. For many years they were in the New Mexico conference, where the pastor served charges, put in many years of service as a director of religious education, with headquarters at El Paso, served an El Paso church as pastor, then transferred to Texas, coming to Eldorado in 1941.

Under his direction, growth and improvements were made in the Eldorado church. The debt against the church property was paid off in full, the church was completely renovated and remodeled after a disastrous fire about six years ago, and about five years ago a modern brick parsonage, one of the finest in Southwest Texas, was completed, and cleared of debt during his pastorate.

In 1948 he moved to Sabin, leaving that charge two years later substantially larger in membership. In May, 1950, he moved to Buda, near Austin, as pastor of the Buda Methodist Church, the only church in that town of 500 population.

Intensely interested in carrying out the program of the church, he put world service ahead of his own salary, and was always generous toward any worthy cause. Because of his years of study, he was known as a well-read man, especially in the field of religion. He placed the fundamentals of the Christian religion ahead of denomination or doctrine, and practiced the teachings of his faith in his daily life.

During his last year of ministry in Eldorado his health began to fail, and since then he had been afflicted with a heart ailment—though he lost little time from his pulpit after the initial attack. His death came suddenly at his home in Buda, early Sunday afternoon, after he had filled his pulpit as usual that morning.

Friends of Mrs. Faust will be interested in learning that with the assistance of her children she is moving this week from the parsonage at Buda, and that she will be at home with her daughter and her family at this address in a Dallas suburb:

NUMBER 42

United Nations Day To Be Observed Here Next Tuesday

Schleicher County will join with communities throughout the United States next Tuesday in observance of United Nations Day. Displaying of the United Nations Flag, and presentation of a program will be this community's contribution toward observance of that special day.

Several organizations of this city are making the United Nations Flags, and will have them ready for display next Tuesday. As many citizens are not familiar with this flag, all are urged to pay special attention to the colors, the pattern, and the meaning of the symbols, as the United Nations will undoubtedly play an increasingly important part in the affairs of the world with the passing of the years.

The program next week will be presented in the new school auditorium, beginning at 11:00 a. m. The public is invited and urged to attend. W. G. Godwin, county agent, the 4-H boys, school officials, and others will have part in planning for the event.

The United Nations flag has a definite message for the world. It is the bond we have which unifies all people of all nations who are determined that there shall be peace. It is a symbol of democracy, a symbol of opportunities and obligations provided through the combined efforts of peace-loving people to maintain international peace and security.

Here is the meaning of this flag. The white is for purity. The blue designates bravery; it is blue like the skies of Texas. The encircling olive wreath is a symbol of peace. The map of the world, a polar globe, represents world-wide peace.

Leaders who are sponsoring the programs which are being staged October 24, have received the following notification recently concerning flying of the United Nations flag:

"United Nations flag must be flown with the United States flag of the same size or larger and be flown at the same height. Of course many of the flags being made are for indoors in such places as schools, offices, club rooms, and churches. The same rule holds here too. The flag must be displayed with the United States flag of the same size and in a similar position. To fly a United Nations flag outdoors, it is necessary to have two flag poles. They do not have to be expensive. In fact, they can be very simple."

Program Is Nationwide

This flag-making plan is sponsored by farm organizations and by labor, retail and industrial, veteran, religious, education and other groups. The Extension Service of the United States Department of Agriculture will lead the program for all groups in the counties by making information and demonstrations available through the county home demonstration agents and the extension offices.

The United Nations flag has a deep blue field with a white outline of the world within a laurel wreath in the center.

The purpose of the program is to emphasize the hope for peace for which the United Nations flag stands, and to make the people in every community familiar with the flag.

The United Nations flag is waiting for your tender care to make it into an unfurled proud symbol of democratic life floating out over your town and community—standing up in the wind to speak its belief in the unity and goodness of a free mankind—shouting its encouraging message of strength in the framework of a union of nations who want to safeguard the rights of men. More specifically, your flag will say we are behind the United Nations and our boys in Korea.

NEW GRANDDAUGHTER

Mrs. George Williams returned early this week from a trip to Kansas, where she visited her son Lt. Robert H. Williams and his wife, and the couple's new daughter, born Sept. 19, at Ft. Riley, Kansas. The baby weighed 8 pounds and 9 ounces and has been named Jo Anne. Grandparents are Mr. and Mrs. George Bledsoe of San Antonio and Mrs. George Williams of Eldorado.

Mrs. Williams was accompanied to Kansas by the young couple's other child, Robert Williams, Jr., seven, who had been staying in San Antonio. On her way home she stopped at Windsor, Mo., to visit her niece Mrs. Christine Cline, at Tulsa, to visit another niece, Anna Blackmore, and in Dallas to attend the Fair and visit Mr. and Mrs. L. E. Forrest. She was away from home three weeks.

Eagles Take Broncs 39-13 In Game Here

Friday, October 13, proved to be a lucky day for the Eldorado Eagles last week when they rode to a 39 to 13 victory over the Sonora Broncs.

Gerald Hicks, Eagle quarterback, and Bill Cheek, left end, made the first touchdowns in the first quarter. In the same period Henderson of Sonora went over for that team's first score.

Hicks ran 70 yards for a touchdown, and a little later handed the ball to Pinkney Craig, who also scored.

The Eagles came back with still more power in the second half. Hicks scored again so the score stood at 33-13 at the end of the third quarter.

In the final quarter Eagle fullback E. H. Nixon went over for the last touchdown.

Eagles Down Ozona

The Eldorado Eagles came from behind in the second half of the game last Thursday night to defeat Ozona 14-13.

Both teams scored in the first half tying the game 7 to 7. Ozona forged ahead with a touchdown, failed to make the extra point, which brought the score to 13-7. Eldorado scored and made the extra point which put the locals ahead for the rest of the game.

Tony Kerr, quarterback, and Harry Rutland, fullback, made the touchdowns, and halfback Bernay Sheffield made both extra points. Also making a good showing was Clyde Bauguess, center.

BIG GAME FRIDAY

A large number of Schleicher rooters will accompany the team to Iraan Friday for a game which local officials consider very important.

The team has been working out faithfully and the band and pep squad are practicing regularly for all-out formations at the half. As the game will start at 8:00 p. m., school buses will leave on their regular runs at 1:25 p. m. Friday, and the band and pep squad will leave for Iraan at about 3:30.

Utility Co. Furnishes Electricity to Humble

The West Texas Utilities Co. will furnish electricity for the new Humble Pump Station near Ft. McKavett and is building the line.

Right-of-way has been cleared, and Orland Harris has completed about half of his contract to dig holes for the poles. The station is 25 miles from Eldorado by road and 23 as the line goes.

ROPING SCHEDULED

There will be ropings this weekend at the local arena, under sponsorship of the Eldorado Roping Club. On Saturday night the roping will start at 7:30, and will be staged under the new lights at the arena. The Sunday afternoon roping will start at 3:00 p. m.

Roy Williams, son of Mr. and Mrs. Cecil Williams, is back home after a summer visit in the state of Washington. On his way home he visited Bernard and Harold Williams in Colorado and David and Carlant at Amarillo.

Post Script

Another pair of "Jones Boys" have gone into business on the lower end of Main street—having re-opened this week the Magnolia station formerly operated by Orland Harris.

These two brothers are Don and Dick Jones, and they are no kin to Noel Jones who runs a Magnolia station farther down the street—and no kin either to the other pair of Jones Brothers who run the Oldsmobile agency next door.

Don and Dick Jones are no strangers to Eldorado—they have been in and out of here for a long time. They were both employed for awhile on the Cooper Gas lease east of Eldorado. Their parents are residents of Christoval at the present time.

The Eldorado Success joins in wishing them the best of success in their new business.

Blackie Knight of San Angelo is a new employee in the meat department at the Parker Foods store. His wife and the couple's small child are moving here this week.

Lions Will Attend San Antonio Meeting

Reservations for four Eldorado Lions are being sent in for the Lions International board meeting to be held in San Antonio on Nov. 6, according to action taken at the local club's regular meeting yesterday noon in the Memorial building. President J. H. Mace read a letter to the group calling attention to the meeting and urged local Lions to plan to attend. The banquet, which will cost \$3 per plate, will be held at Club Seven Oaks, near San Antonio.

Lion B. L. Blakeway reported on the skating rink project, now going on in the main room of the Memorial building. He said that cash receipts so far had totaled \$143.05, and that expenses came to about \$40. He estimated that the skates could be paid for in 21 weeks.

F. O. Prochaska then presented two Shell films of a series of six on How An Airplane Flies, entitled "Lift" and "Drag." Lion Roy Shilling ran the movie projector.

Interest High In Huldale Well

Casing has been cemented in Delta Gulf No. 1 H. F. Thomson at Huldale and testing is under way today.

Interest continues to run high in this strike. Royalty is selling at a good pace and price. Men in the know express the opinion that interest equals, and possibly surpasses, that shown here when the Whitten well flowed, in August, 1929. While the streets are quieter than in 1929, deals are being made possibly at higher prices, and the oil fraternity in general is showing real interest.

Considering everything, the opinion is expressed that this strike looks now like the biggest thing the county has had in oil.

Mrs. Sellman Dies

Mrs. Nannie Sellman, mother of Mrs. W. E. Humphrey, in whose home she lived several years ago in Eldorado, died at 11:00 Wednesday morning at Brownwood. She was 88 years old.

Funeral services are scheduled for this afternoon, Thursday, at 3:30, at Mullin. Mrs. Sellman had been an invalid a number of years. For awhile she stayed here with her daughter, leaving Eldorado about four years ago. Her death occurred at the home of another daughter, Mrs. Neal Chesser, at Brownwood.

Her husband and a son preceded her in death. Surviving are four sons, four daughters, and a number of grandchildren and great grandchildren.

Mrs. Willard Humphrey and two children of Sabin, who had been visiting in the home of Schleicher County relatives when news of Mrs. Sellman's death was received, left Wednesday to attend the funeral. She expected to meet Willard in Brady.

Mrs. E. R. Bryant went to Lubbock last Friday to spend ten days with her son Earl Bryant and his family there.

★ The Military ★

Robert McWhorter, a reservist who reported for duty September 30, visited recently with his mother, Mrs. W. L. McWhorter. He returned to Ft. Hood where he is now stationed, to await further orders.

Junior Williams, a recent draftee, is now at Camp Polk, Louisiana, with the engineers, according to reports from his mother, Mrs. Arch Edmiston.

Mr. and Mrs. Donald J. Royster arrived here Monday night to visit his parents, Mr. and Mrs. D. C. Royster, before he reports on the 25th for induction as a reservist.

Jones' Grandson To Wed Saturday

Mr. and Mrs. Jack Jones, Mr. and Mrs. Thomas Richard Jones, and Mrs. T. K. Jones will leave Friday for Midland, where they will attend the wedding of the T. K. Jones' oldest grandson, James Blaine Sammons, of Van Horn, and Joan Wyche, formerly of Midland and now of Van Horn.

The ceremony will take place in the Midland Methodist church Saturday evening, October 21st, at 7:00 p. m. The couple will live on the Wyche Ranch, near Midland.

The Eldorado relatives who will attend the wedding expect to return home Sunday.

Humphreys Announce Patricia's Betrothal To El Paso Reporter

Mr. and Mrs. William Jefferson Humphrey announce the engagement of their daughter, Patricia, to Johnnie F. Welsh, Jr., son of Mr. and Mrs. Johnnie F. Welsh of El Paso.

The marriage will take place Saturday, Oct. 28, at 8:00 p. m., at the First Baptist Church in El Paso.

The bride-elect is a graduate of EHS, attended Sul Ross one year, and is a sophomore at Texas Western, El Paso.

The groom attended Texas Western and the University of Missouri and is a reporter on the El Paso Herald-Post. The couple will live in El Paso.

Helen Case Weds Maryland Editor

Mr. and Mrs. Percival F. Case announce the marriage of their daughter Helen Caroline to Mr. Arthur P. Brigham, son of Mrs. Reuben Brigham and the late Mr. Brigham of Rockville, Maryland. Monday, October 16, at 11:00 a. m. at St. John's Episcopal Church in Sonora.

Present were the immediate families, including the bride's family from Schleicher County, Mrs. Reuben Brigham, of Rockville, and Mr. and Mrs. Nance Hoggett of Merton. The officiating pastor was the Rev. Stanley Hauser, pastor of St. John's. Attendants were Mrs. J. W. Adams of Merton sister of the bride, matron of honor; and Fred H. Case, of Schleicher County, brother of the bride, best man.

For the ceremony the bride wore a navy two-piece suit with blue accessories. Immediately after the wedding the couple left by car for Silver Springs, Md., where the groom is editor of the News.

The bride attended Hockaday, Dallas, and was graduated two years ago from Stevens College, in Missouri. Since her graduation she has been living with her parents on their Schleicher County ranch. The groom is a graduate of the University of Maryland, with a major in journalism.

METHODISTS ARE HOSTS TO MURRAY DICKSON

Rev. Murray Dickson, Methodist missionary from Bolivia, spoke to a family night gathering Monday night at the Methodist church here. He told of his work in Bolivia, bringing out the fact that the mission there does work in the medical and educational fields, as well as the evangelical.

The missionary's visit in Eldorado was one of several over the Southwest Texas district, which is the sponsor of the Bolivian mission. His previous visit was in Ozona, where he spent Sunday and part of Monday.

Tuesday afternoon Rev. Dickson spoke to the local PTA before leaving for Menard. He planned to visit churches in San Angelo, Houston, and New Orleans before returning to his work next week.

Mrs. J. B. Montgomery, OES deputy grand matron, and Mrs. Edwin Childers, worthy matron of the Eldorado OES, will leave Saturday for Galveston, to attend Grand Lodge. They expect to be away from home about a week, and will visit in San Antonio before returning to Eldorado.

It's too early to give all of the details—but one thing is sure: the school has set the date for the big homecoming and school dedication. It will be Friday, November 4.

Tentatively on the schedule will be a program in the auditorium at 11:00 that morning, with a speech of dedication as a high point in the day's festivities. An out-of-town speaker will probably come to Eldorado for this event.

A highlight of the day will be a barbecue served to the visitors, Supt. Reynolds announced.

Mrs. S. D. Harper will be in charge of the home coming events which will be scheduled as needed throughout the day. All former students and teachers of the school are extended a special invitation to attend.

Open House will allow all visitors to make a complete trip through the school plant, including the new grade school wings, the remodeled grade building, and the fine large new high school plant, with its new cafeteria, modern classrooms, offices, woodworking and other departments.

The day will close with a bang—the crowd will go to the football field to witness a bout between Ozona and Eldorado. It's a conference game!

The plant is practically complete, though a few late deliveries of equipment are yet to be made by the manufacturers.

Visitors are expected from everywhere. Included will be many former residents, ex-students, visiting school men, and families from the large area served by the Schleicher County public school.

Further details will be announced next week, when the day's events will have emerged from the planning stage, and a definite schedule has been worked out.

While various classes have had reunions this will be the first general homecoming the school has ever had.

Eagle Is Injured In Game Friday Night

McDale Farrington was injured in the first quarter of the ball game against Sonora Friday night. He was taken to the Holcomb Clinic where an x-ray revealed a clean fracture just above the knee; he was then taken to the Shannon Hospital in San Angelo. He is a son of Mr. and Mrs. Floyd Farrington.

McDale, who is a sophomore this year, played the position of half back on the squad and was a good player throughout the season. He will probably be out of the starting line up for the rest of the season.

Mr. and Mrs. W. R. Duncan and grandsons Shirl and Dan Gandy, and granddaughter, Deborah Turner of Calf Creek and Brady, spent the weekend with Mr. and Mrs. O. B. Bradshaw and Mr. and Mrs. Jack Wade.

LIGHT · MEDIUM · HEAVY MODELS
 Made in widest variety of engine-body-chassis combinations to fit every trucking need.

Think twice today when you buy a truck!

THAT new truck you're considering may have to last a long time. So you'll be wise to look at a GMC for these important reasons:
 GMC's are built by the world's largest exclusive manufacturer of commercial vehicles — with the broadest truck engineering experience.
 GMC's are real trucks. Engine, transmission and frame, as well as cab and axles, are all specially truck-built to give you longer service.
 GMC truck-built engines have high horsepower with higher sustained torque—greater pulling

power. They are built to give extra years of service with less maintenance.
 GMC extra-value features include Synchron-Mesh transmission, Tocco-hardened crankshaft, full-pressure lubrication, recirculating ball-bearing steering gear, airplane-type bearings and Lifetime Weathersealed cabs as standard equipment on practically all models from 1/2 ton up.
 That's why more truckers are buying GMC's today than ever before—experience proves them best in the long haul!

Tax Total Upped

Taxpayers will pay a record sum to the coffers of Crockett county this year—\$668,356.32. This is the amount of the total state, county and school levies on a valuation of \$21,816,440, an increase of nearly two million dollars in valuations from a year ago. Oil development in the county accounted for most of this increase, as it has for the steady increase in county taxable values over recent years.

Of the total tax "take" in this county, the schools will receive \$310,531. The county's share will be \$207,255 and the state will take a total of \$150,577. —Ozona Stockman.

Wins Oratorical Contest

Not all details are available at this time of the week, but information sent back from Kansas City by way of press reports and wires to friends here revealed that Herman Brewer Jr., of Eden, took second place in the National FFA oratorical contest at Kansas City, on Monday night. He represented the 12-state Southern Region. Reports at

hand have not told who was the national winner.

Brewer was accompanied to Kansas City by FFA sponsor, H. M. McElroy, and Billy Charles Mikeska, state officer and Texas delegate to the national FFA congress. He is enrolled at Sul Ross College. They are expected to return home this week end. —Eden Echo.

Baby Is Killed

A year-old baby was killed instantly Sunday afternoon when an automobile backed over him in front of his home. He was David Nelson Braly.

Sheriff Gay Miller termed the death "definitely just a freak accident." Miller said his preliminary investigation had not determined who ran over the child.

"He was evidently playing under a car," Miller explained. "And there were three or four cars in the driveway." The sheriff said none of the cars bore any marks left after the accident.

He reported that the baby's head was crushed and his neck broken so he could not have called out. There was "only one cut place on the child, and that was next to the ground and wouldn't leave any marks on a tire," Miller continued. —Menard News.

Employees Resign

Resignations of two Coke County Memorial Hospital executives were effective the first of the week. Resigning from their positions were C. S. Haselden, administrator, and Mrs. Melrose Murtishaw, head nurse.

It is understood the couple plan to be married. The hospital board adopted a resolution when the institution first opened which does not permit two members of a family to be employed. Rather than bring embarrassment to board members, Haselden and Mrs. Murtishaw chose to resign. —Robert Lee Observer.

False Alarm

Bronte was buzzing with activity Tuesday afternoon when a crash squad from Goodfellow Field at San Angelo drove into town, with sirens screaming. A cadet in training there had reported that he saw wreckage of a plane near here, so searching planes swarmed through the skies and the crash squad stood by to rescue when the crash scene was located. But fortunately, it turned out to be a false alarm.

Capt. J. A. Miller, who headed the ground rescuers, said that the cadet who reported the crash evidently mistook the wreckage of a previous crash for a recent one. —Bronte Enterprise.

Ft. Stockton To Landscape

Fort Stockton will be another oasis in the desert if the newly-organized Civic Landscaping Commission, under the direction of Mrs. Richard Cochran, has its way, and there is plenty of "will" in the group.

In the space of a week-and-a-half the committee, which grew out of the annual clean-up drive, has set a goal, conferred with landscaping experts, compiled information, set out containers for donations, spoke to service clubs and, most important have already received pledges for approximately half of the finances needed.

It is one of the speediest civic organizations that Fort Stockton has seen. —Ft. Stockton Pioneer.

This spring Mr. Henry Mittel decided to sell off his ewes and rest his range in order to give his better grasses a chance to regain vigor and produce a good seed crop. Soil Conservation service technicians recently made a check with Mr. Mittel to note the improvement of his rangeland. Many of the better grasses are now heading out in these deferred pastures. In the draws Little bluestem and Indian grass are showing up and making a good seed crop. On the more shallow soils sideoats, Nealley and hairy grama are producing a good seed crop along with scattered plants of little bluestem. The sod-grasses have made good growth and provide a good ground cover for absorbing moisture.

Mr. Mittel says that ranchers are beginning to think more in terms of improving their grasses as well as developing better breeds of livestock. He thinks that this is a step in the right direction as grass is the most economical feed. He also realizes that growing good grass means holding our water where it falls, holding the soil in place, and as a result keeps our land productive. Mr. Mittel has also scattered K. R. bluestem straw on the bare areas in his pastures, and many young plants may be found coming up. He has found that in bare areas in pastures that if the ground is disturbed and the straw spread on pretty thick to hold the moisture at the surface that seedling become established quicker. He has also planted K. R. on deeper soils by plowing furrows in the sodgrass with his tractor. This has proven to be a satisfactory way of establishing this grass on the deeper soils.

Mr. Mittel plans to run stock through the winter and then defer most of his rangeland again next growing season in order to get a better cover of his better native grasses and to allow his K. R. bluestem to become well established

W. W. Sudduth, a cooperator with the Eldorado Divide Soil Conservation District, planted 15 acres of Madrid clover and 10 acres of Vetch on cropland he and O. Sudduth lease together, 9 miles southwest of Eldorado. Planting was made the early part of this month. The clover was planted on land that was in wheat this year, and was broke late this summer. Sudduth used a tandem disc to kill volunteer wheat and weeds before planting the clover. The seedbed was loose but had good moisture on most parts of the field.

Approximately 3 lbs. of seed per acre was planted in regular width rows with a four row planter. Clover planter boxes with attachments to fit four row planters were used. The clover seed were inoculated and planted to a depth of 1 to 1½ inches.

The 10 acres of Vetch was planted with a grain drill in volunteer oats. The vetch seed were inoculated and planted to an approximate depth of 2 inches.

The planting of cover crops — clover and vetch—is one of the conservation practices included in Sudduth's well rounded soil and water conservation plan. They plan to use these cover crops in their crop rotation as a soil building crop as well as for grazing.

Small Farm House Requires Planning

College Station.—Designing an ideal small farmhouse is not simply the process of taking the plans for a large house and reducing the measurements of the different rooms. Such reduction has resulted in many houses with small rooms that are neither convenient nor comfortable.

In the designing of any small home, the first aim should be to plan the different rooms so they may be used for as many purposes as is necessary, says W. S. Allen, extension agricultural engineer of buildings of Texas A&M College. Careful planning of space and equipment will allow the rooms to be used for more than one activity, yet provide the space and privacy that every home needs.

Although low-cost houses cannot afford the luxury of single-use areas such as dining and guest rooms, Allen says that the small house may be so designed that additional units can be "built on" as the family grows and the farm income allows construction.

He points out that new houses built with trussed roofs and concrete slab floors may have partitions that can be moved at low cost when interior changes are needed.

Hall space is kept at a minimum in a properly planned small home, and traffic is routed around, rather than through, the living and sleeping quarters. Allen recommends planning space, equipment and storage needs according to the number of people sleeping in the house.

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.

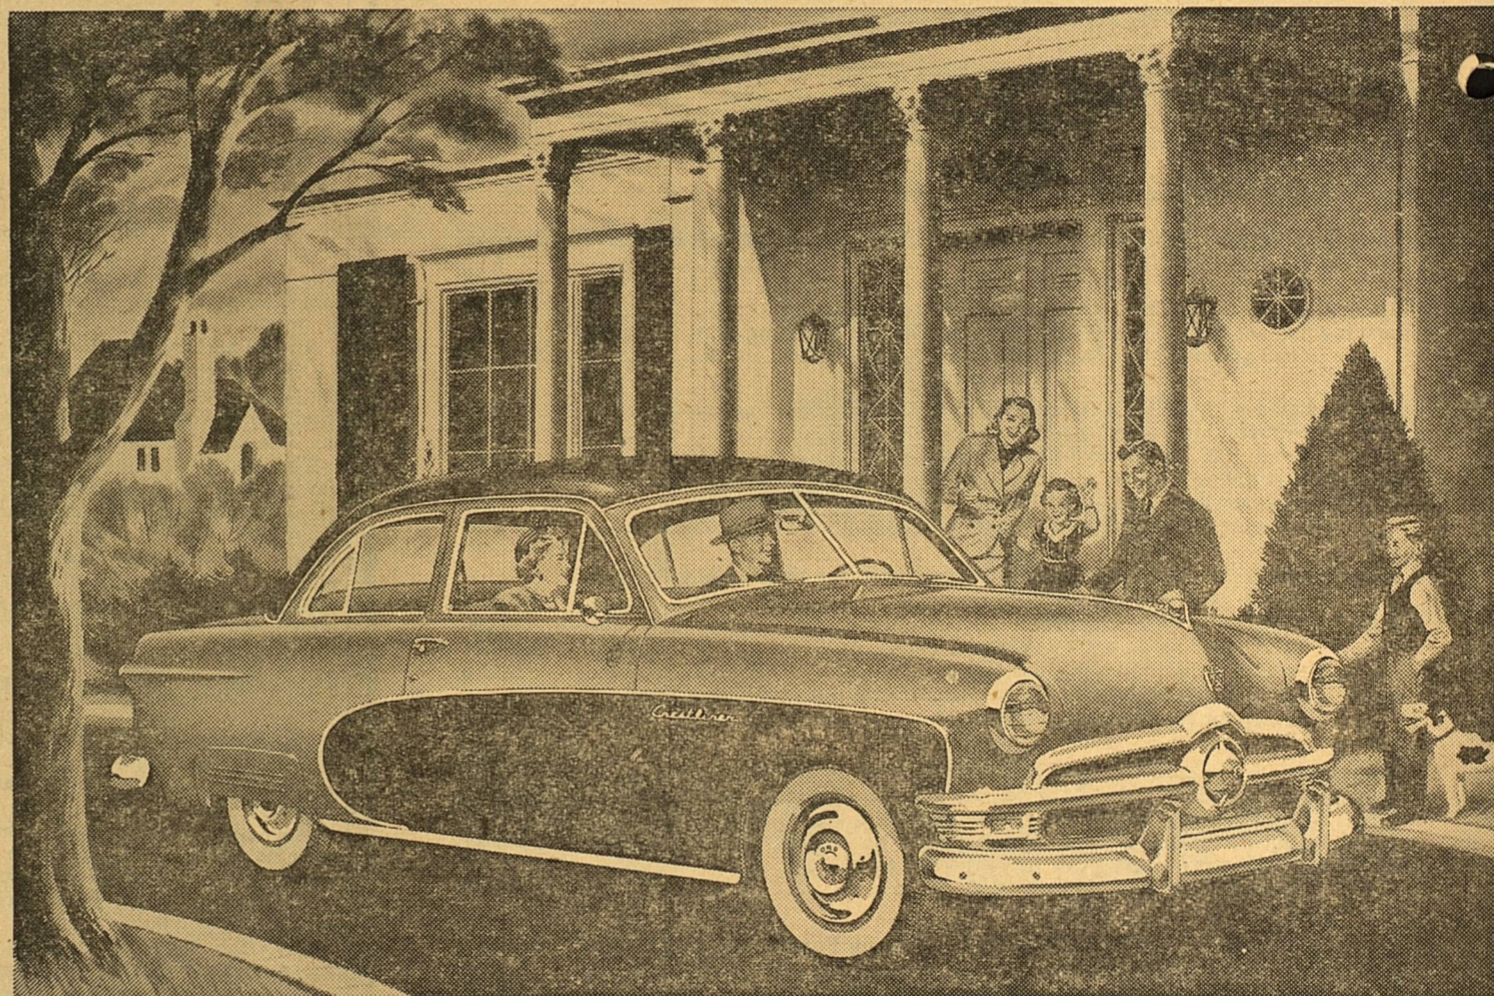

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about

something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Out front with the finest

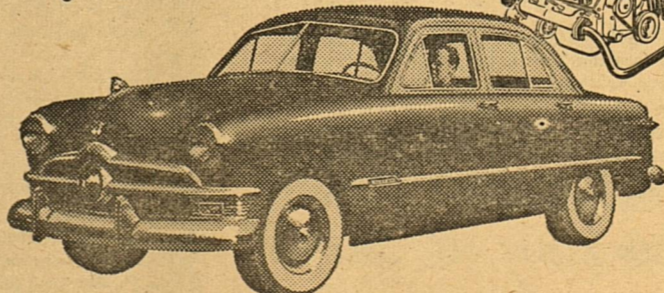

yet priced with the lowest

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest . . . yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.

McCallas' Daughter Celebrates Birthday

Mrs. L. E. McCalla entertained Monday afternoon with a birthday party, honoring her daughter, Beth, who was celebrating her third birthday. Present were Billy and N. Jarrett, Jimmie and Arlene Carter, Rose Ann Reynolds, Dale Hall, Kenneth Black, Candy Davis, and Betty Ruth Gann of Tennessee, in addition to the honoree and several adults and young people. Games were played out-of-doors, directed by Janell McCalla and Sue Hall, and Carol Black. Favors were toy cars with candy and toys, and toy balloons. The birthday cake, which was iced in white, and decorated with three blue candles, was served with ice cream at the close of the games.

Mr. and Mrs. L. M. Hoover spent several days recently in San Antonio.

FUNDAMENTAL BAPTIST CHURCH

In the absence of the pastor, Rev. W. E. Krueger, who is conducting a revival this week in San Angelo, the Rev. M. M. Griggs of San Angelo will occupy the pulpit Sunday at the Fundamental Baptist church. He will conduct services at both the morning and evening hours.

BAPTIST CHURCH

Mrs. Mattie Cozzens was hostess when Circle 1 of the First Baptist Church met Monday. Mrs. W. R. Davidson was in charge of the business session, and Mrs. A. M. Nixon opened the program with devotionals. Mrs. Morris Jones and Mrs. Fred Watson presented the lesson on stewardship. Refreshments were served to 14 members, two visitors and two children.

Mr. and Mrs. J. A. Lynch of Lamesa spent the weekend with Mr. and Mrs. C. L. Martin Sr.

Bride Is Honored At Shower Saturday

Honoring Mrs. John L. Barrows of San Angelo, who before her marriage was Jonnie Lee Dickens, the circles of the WSCS of the Eldorado Methodist Church sponsored a bridal shower in the church parlors Saturday afternoon.

In the receiving line were the honoree, her mother, Mrs. Reuben Dickens, her aunt, Mrs. J. L. Neill, her grandmother, Mrs. G. A. Neill, and her sister-in-law, Josie Barrows of San Angelo.

At the tea service during the first hour were June and Jane Craig, and, during the second hour, Mrs. James Cook and Lilla Jean Ellington.

Carol Lynn Dickens, sister of the bride, presided at the guest register.

The cake was decorated in pastel colors with pink roses predominating in floral motif. The cake was served with coffee and mints from a lace covered table. Yellow mums centered the dining table, with mums and other fall flowers elsewhere in the reception rooms.

The school sextette, composed of Lola Beth Ballew, Sue Shilling, Helen Morgan, Carolyn Ratliff, Margaret Ellen Edmiston, and Myrta Bob Harper, sang several selections, with Mrs. John Stigler at the piano. Several friends of the bride played the piano during the tea hours.

Pat Finley and Horace Linthicum left Sunday morning for New Orleans with race horses from the Do-Ci farm of Eldorado. They were taking two 2-year-olds, and two seasoned horses. Trainer is Ed Keifer.

Mrs. C. L. Meador Jr. and Mrs. C. C. McLaughlin spent last week at Ft. Stockton with Miss Edda Lou Meador, who teaches there and Mr. and Mrs. Max Henry. Mrs. McLaughlin brought back her grandson Charlie, and the Henry's drove to Eldorado for him Sunday.

Mrs. Victor Sauer went to San Angelo to spend a week with her brother-in-law and sister, Mr. and Mrs. Curtis Eisenbach, their son Gary, and new daughter Cynthia Ann, born at 8:15 p.m. October 11. The baby weighed 10 pounds and 14 ounces at birth and has three grandparents, Mrs. J. J. Castello and Mr. and Mrs. W. C. Eisenbach, all of San Angelo. The baby's father is a Del Tex salesman who calls here every week.

Mrs. John Gann and daughter Betty Ruth of Tennessee, are here visiting her brother, William Jarrett and his family.

Mr. and Mrs. B. L. Blakeway and Mr. and Mrs. Harvey Blakeway spent from Friday to Monday at the State Fair in Dallas. While there they stayed with Mr. and Mrs. Paul Hamby (the former Frankie Thompson and her husband).

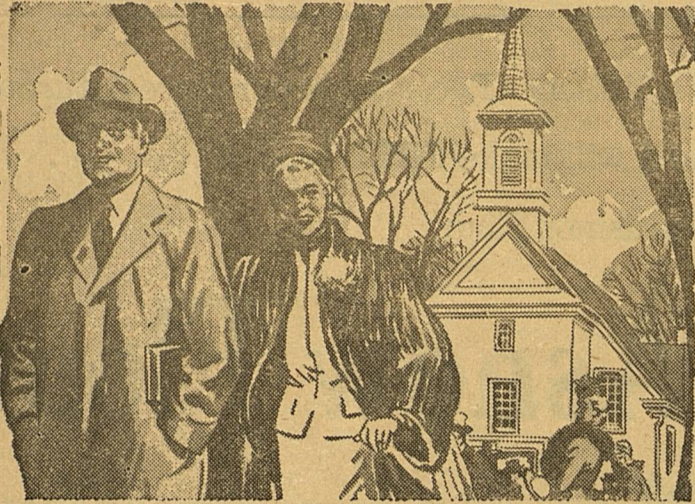

Mrs. Reuben Dickens and daughter Carolyn spent the week end in San Angelo with Mr. and Mrs. John L. Barrows, who brought them home Sunday evening.

Mrs. Jim Hoover of Eldorado attended a tea and book review Saturday at the St. Angelus roof garden, which was given in honor of the wives of Shriners who were in convention at San Angelo at that time.

Mr. and Mrs. Johnnie Isaacs of Albuquerque, New Mex., are staying with their grand children while their son-in-law, Johnnie Luedecke has medical treatment at a hospital in Austin. Mr. and Mrs. Isaacs are former Eldorado residents.

Mr. and Mrs. W. W. Chrestman moved Monday from the Earl Parker rent house, to the Mrs. Rex McCormick house in Glendale. Mr. Chrestman is with Republic.

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has Dynaflo Drive*
and with it goes HIGHER-COMPRESSION
Fireball valve-in-head power in three engines.

RECIPE OF THE WEEK

By Mary Lee Taylor

Cranberry Slaw

3-oz. pkg. white cream cheese
1 teaspoon salt
few grains pepper
½ cup Pet Milk
1 tablespoon vinegar
½ cup fresh cranberries
2 cups chilled, shredded cabbage
½ cup chilled, diced celery*

Put cheese, salt and pepper into bowl and mash. Stir in milk gradually. Add vinegar. Beat until smooth. Chill. At serving time, wash cranberries, then dry on towel. Chop, or put through medium knife of food chopper. Fold into mixture of cabbage and celery. Mix well with the chilled dressing. Makes 4 servings.

*Diced, fresh apple can replace celery.
