Fundamentalists Entertain Their Monthly Fellowship

Rev. F. H. Pryor, pastor of the Fundamental Baptist Church, was in general charge of the arrangements and the program for the regular monthly meeting of the West Texas Fellowship of Independent Baptist Churches, in all-day session Tuesday, Armistice Day, in Eldorado. The entire congregation took part in entertainment of many out-of-town visitors who attended.

The regular services were held during the morning and afternoon at the host church, and at noon the local congregation served a barbecue dinner, prepared by Orland Harris, at the Memorial building.

At the opening session, Rev. M. M. Griggs, pastor of Bethel Baptist Church, San Angelo, was elected moderator. Song leader was Rev. F. H. Pryor, and pianist was Mrs. Marion Wade.

The opening sermon was delivered by Rev. Jack Walker, pastor of the East Side Baptist Church, San Angelo. He was followed by Rev. A. V. Henderson, pastor of the Temple Baptist Church, San Angelo, who talked on "God's Second Look at the World Today." A sermon by F. H. Krouse of San Antonio concluded the morning session, and R. L. Denton of San Angelo dismissed the congregation at noon.

After the dinner, the group reconvened, choosing J. P. Rice of Abilene song leader and Rev. F. H. Pryor moderator for the afternoon.

Rev. M. M. Griggs of San Angelo's Bethel Baptist Church preached the first sermon. During a business session at this time, it was decided to meet with Rev. Griggs' church in San Angelo, the second Tuesday in December. J. P. Rice of Abilene then preached a sermon, and was followed by a young minister, O. D. Hefflin of San Angelo, who closed his sermon with a song, "It is no secret what God can do," Mrs. Hefflin accompanying at the piano. A sermon by L. T. Grantham of Abilene on "What we are facing" concluded the session.

After dismissal at 5:00, supper was served at the Memorial building. White mums and red Sweet Williams which decorated the church were the gift of the local florist, Mrs. O. L. Woodward. Mrs. Marvin Logan was clerk for the entire day's proceedings.

Boy Scout Fund Drive Will Start Here Soon

Arrangements were under way here this week for the annual fund drive for the Boy Scouts of America. Lea Roy Aldwell of Sonora, finance chairman of the West Ranch district, and Jerry Starkey, field Scout executive, were contacting Lions club members and others here this week in preparation for the drive which is designed to reach as many donors as possible. It was pointed out that the last such drive was held in July and August of 1951.

Guests of Mr. and Mrs. Max Henry from Friday to Sunday were Mr. Henry's parents, Mr. and Mrs. W. S. Henry of Monahans. On Sunday afternoon Mr. and Mrs. Joq Lee of Uvalde and their two children visited the Henrys, and on Monday Mrs. Glenn Selbo of Sonora spent the day with them also.

Mr. and Mrs. Joe Hearn Moore and Mr. and Mrs. John Michalski of San Antonio visited last weekend with Mr. and Mrs. B. E. Moore and Sonny. This week the Moores have had as guests Mrs. Moore's brother-in-law and sister Mr. and Mrs. W. R. Lewis of Grand Prairie.

Mr. Merchant:

It's time to be thinking about your Christmas advertising. There are five less shopping days between Thanksgiving and Christmas than there were last year. The lay-away merchandise should already be moving!

Only 34 shopping days 'til Christmas!

Mrs. Mattie Bruton and daughter Miss Mary Bruton, who lost their ranch residence recently by fire, are building (through Foxworth) a new residence on a 100 by 140 foot lot adjoining Jack Montgomery's on the east. Work on the foundation started Monday. The house, which is to be of frame construction with lumber siding, will have over-all measurement of 28 by 47, including a car porte. The house will have two bedrooms, bath, living room and kitchen, and a utility room.

Mr. and Mrs. John Miller spent from Tuesday through Sunday at Marshall, attending the Texas Polled Hereford Association sale, in which they placed four calves. They left the children in Ballinger during their absence from home.

Fred Case also attended this sale with seven head of Case stock. The family report that the price paid is substantially lower than was paid last year.

A small new residence moved to Eldorado from San Angelo will be the home soon of Mr. and Mrs. C. L. Smith, here with oil field work during the past six months. They have been renting the Aaron Stewart house, but will move as soon as they have completed interior work on the new house. The location is one of the E. H. Sweatt lots in the east part of town.

Eagles Defeat Angelo Kittens For Their First Victory Of The Season

It was a non-district game and witnessed by a much smaller crowd than usual, but the Eldorado Eagles chalked up their first victory of the season last Friday night, by defeating the San Angelo Kittens 13-6.

It was in the second quarter that the Eagles made a TD and extra-point, which was followed a short time later by a Kitten touchdown. The score at the half was 7 to 6 in favor of Eldorado.

In the fourth quarter Pennington intercepted a pass for the other Eagle score.

Other Games
Menard defeated Eden Friday night 34 to 7.

Junction barely made the grade Friday by defeating Ozona 13 to 12. After trailing 6 to 12, they made their winning score in the last 17 seconds of the game, which was played at Ozona.

Sonora defeated the Blanket Tigers 51 to 6 in a non-district game last Friday.

Tomorrow
The surviving thin gray line that is left of the Eldorado Eagles will compete with Sonora here tomorrow night in the last home game. The following Friday we close out the season at Eden.

Also, tomorrow night Eden will play at Ozona, and Menard will play at Junction.

So far this season, Ozona and Menard have lost one game each, while Junction remains undefeated. If the Menard Yellowjackets were to get "hot" and topple Junction tomorrow night it would result in a 3-way tie for district honors.

Here for a visit with the W. G. McAlpines were Mr. and Mrs. Ben Wheeler and Mr. and Mrs. Bob Wheeler and three children of Abilene, Mr. and Mrs. Tony Queen and daughter Doris of Ballinger, Juanita McAlpine of San Angelo, Mr. and Mrs. Grady Dailey and S. Hulldale Outpost Recovers Oil, Gas, Creates 20 More 'Good' Locations; Widely Scattered Wildcats Reported

An indicated one-mile south extension to Strawn production in the Hulldale field, Sinclair No. 1 Dwight McClatchey Tuesday flowed oil at the rate of 1,608 barrels daily—and thereby has created an area comprising about 20 locations which oil men now describe as "good."

On a two-hour drillstem test Tuesday between 5625-50 feet, gas surfaced in three minutes, mud in 18 minutes, oil in 24 minutes. The project was flowed to pits for 36 minutes, then turned to test tank. It then flowed 67 barrels of oil in one hour. Gas-oil ratio was 642-1.

Tuesday afternoon operator was drilling 25 deeper and preparing to run electric logs.

Monday, a 50-minute drillstem test between 5580-5620 feet, gas surfaced in one minute and flowed at the rate of 10 million cubic feet daily. There was a spray of oil in 15 minutes. It sprayed oil at irregular intervals during the remainder of the test.

The No. 1 McClatchey topped the Strawn lime at 5580 feet on ground elevation of 2257 feet. Operators call it 67 feet low on top of the Strawn to the same marker in Sinclair 1 W. McClatchey, one mile north.

Bailey Ranch Interest

There seems to be considerable interest this week in an area about 12 miles southwest of Eldorado, as the location for a prospective wildcat. Leases and/or royalty, some of which had been allowed to lapse, on the C. N. Shaw and Victor Kent farms, were suddenly snapped up at higher-than-average prices, giving rise to speculation that a wildcat will be drilled by a major company as result of recent exploration tests in that area.

Street corner talk is that the Olivia Spencer section No. 176, will be the location for a farm-out wildcat, and that Humble will drill it.

Another Wildcat

L. E. (Lou) Scherck, San Angelo

will be moved in not later than November 16.

La Gloria No. 1 T. C. Meador, wildcat, drilling below 5,164 feet in shale.

T. L. Williams 1-F Page, one mile south of production in the Page field, at total depth of 5690 feet, set 5½-inch casing at approximately 5625 feet.

Black & Rodman No. 1 Henderson, 25-L-GH&SA, ½ mile east of production in the Page field, drilling below 1720 feet in lime and shale.

Infant Dies Four Hours After Birth

The infant son born at about 7:00 Saturday morning in the hospital in Sonora to Mr. and Mrs. Bill Wade lived only four hours. Little Joseph Michael weighed eight pounds and 12 ounces at birth.

The Wades, who live in Sonora, have a two-year-old daughter Vera Beth. Surviving besides the parents and sister are three grandparents, Mrs. Myrtle Sellman of Sonora and Mr. and Mrs. Ovid Wade of Eldorado.

Graveside rites were held at the Sonora cemetery Saturday afternoon at 3:00, conducted by the Methodist pastor, Rev. W. H. Marshall. Among those attending the funeral from Eldorado were Mrs. Roy Boyer, Mrs. Ovid Wade, and Mr. and Mrs. Jack Wade and son.

Mrs. Richard Cheatham has been staying in San Angelo the past ten days with Mr. and Mrs. Bill McSwain, her sister and brother-in-law. Mr. McSwain, contractor, age 51, lived here 15 or 20 years before moving to San Angelo. He has been in serious condition since he had a cerebral hemorrhage November 1.

Rev. Winslow Addresses World Community Day Worshipers Last Friday

The Rev. Charles Bruce was installed officer when new officers took over their new duties at the World Community Day meeting Friday afternoon at the First Presbyterian Church. The group accepted the report of the nominating committee, with Mrs. Sid Gaynor as chairman, and Mrs. Bert Ruge as installed as new president, Mrs. W. T. Parker as vice president and Mrs. E. H. Topf as secretary-treasurer, representing the Presbyterian, Episcopal, and Methodist Churches respectively.

Mrs. May Tisdale, retiring president, explained the work of the organization, and described publications which represent the 29 communions included in the group; she also traced its history from its founding until today.

Three pastors were present to assist with the program, Rev. Doyle Morton, Methodist minister, and Rev. Charles Bruce, Presbyterian minister, who led the prayers and responsive readings, and Rector John Winslow, of the Episcopal Church in Sonora, who gave the principal address.

Using as his theme the desire and need of people for a lasting peace, Rev. Winslow illustrated his message with the story of Abraham and Isaac—the former as the

pioneer who dug a well, and Isaac as the descendant who had to clean it out after Philistines had filled it and stopped its production. He stressed the fact that though we might have been with Abraham, pioneering on some new things, we may now have to do as Isaac did and make new frontiers—we must work again for freedom in which our forefathers believed.

He pointed out that the heritage of democracy rests more on loyalty than on law—that freedom everywhere is necessary for a lasting peace. He stated that the culture of the west is like the ancient wells, and that it is the responsibility of freedom-loving people to keep those wells open, both for our own good and as an example to others.

There was an offering of money for the work carried on by this organization, and of layettes for aid of children abroad whom the organization reaches.

Womans Club Presents Armistice Day Program

Armistice Day was observed by the Eldorado Woman's Club by stressing Americanism in their program on Tuesday, Nov. 11 at the home of Mrs. Palmer West.

Mrs. Keno Ogden gave the devotional from John 14:17. Roll call was answered by naming a successful American.

Mrs. J. E. Spencer was the speaker for the day and spoke on "Americanism." She stated that freedom doesn't happen—it must be worked and sacrificed for. World co-operation is necessary to promote world peace. She urged a return to the ideals of family life and the basic principles of government as laid down by the founding fathers. These ideals stressed the importance of individual integrity and faith in God. Compared with the benefits of democracy, it will be seen that no "ism" will insure happiness. Mrs. Spencer concluded that our Democracy is only as strong as the local units, and survives only as the citizens are of sound character.

Mrs. A. Mittel in reporting as the chairman of public welfare, said that the local welfare association had \$189.00 on hand and that numerous local and transient families had been helped during the year. The organization is supported by voluntary contributions and functions through a committee. The hostess served refreshments to 19 members.

Death came Tuesday afternoon to Doyle Holland, 22, employee of the Sun gasoline plant at Silver. He was a victim of polio.

He complained of not feeling well the fore part of last week and was off work Thursday and Friday. He resided in Colorado City and found it necessary to be at home as his wife had given birth to a son the previous week and the infant was not doing too well.

He entered the Colorado City hospital for treatment and was removed to the police ward at Shannon Saturday evening. —Robert Lee Observer.

Ike Gets The Credit!

Well! We got that first Eisenhower rain. It fell on election day so it must have been Eisenhower rain because he was the one that got the tidal wave on election day. We can't call it a Truman rain because we can't call to mind a rain falling during his entire reign. Then too some of his supporters have been promising rain if Eisenhower was elected and some of them were pretty responsible citizens, so we find we must with due courtesy give credit where credit belongs. Of course it wasn't much and we could do with a lot more of it, but just the same we are thankful for small favors. —Mertzon Weekly Star.

Write-Ins Fail

An unscheduled contest for the post of Commissioner from Precinct 2 developed in the general election Tuesday.

A write-in campaign on behalf of Bud Coates, one of three candidates seeking the commissioner post in the July primary, failed to unseat the nominee of the primary, Bill Miller. Miller emerged with a lead of six votes over Coates in the two voting boxes in the precinct. Miller polled a total of 33 votes and 27 for Coates. —Ozona Stockman.

Stevenson received a majority of 261 votes in Llano county, his total being 1,103 against 840 for Eisenhower and 2 for Hamblen, the Prohibition party candidate, according to unofficial tabulation in the clerk's office. —Llano News.

Advices On Polio

Dr. J. E. Wiedeman, county health officer, is cautioning the public against undue alarm over the local polio outbreak the first since 1948, when seven were victims.

The outbreak is not of epidemic proportions, he pointed out.

Most frequent inquiry the physician receives at present concerns the continuance of school. Little benefit would come from closing one public gathering place without closing all others, so school will remain open as long as the others do, he said.

Best care to be given at present, he advises parents, is to keep the child at home and see that he has sufficient rest and proper food. —Junction Eagle.

Three Wrecks

The London-Junction road has been the scene of three auto mishaps in four days.

At 1 a.m. Saturday a 1951 Chevrolet driven by Thomas Curtis of Segovia missed the road at Big Saline and turned over. Patrolman J. A. Sikes said no one was injured. Damage to the car was estimated at \$800.

Two men were injured at the same place Monday afternoon when a 1949 Buick driven by Martin T. Sinclair went onto the shoulder of the road and out of control as the driver attempted to get it back on the highway. The vehicle rolled, injuring both Sinclair and Vernon E. McKaskle, both of Lubbock. They were taken to the Mason hospital.

The third accident occurred about 10 miles east of Junction Tuesday night when a 1952 Mercury driven by Dewey Lowe of Uvalde and a 1949 Ford pickup operated by L. E. York of Junction collided. —Menard News.

Mr. and Mrs. Allen Kuykendall were in Colorado City Saturday, and Mr. Kuykendall attended the reunion of the Lorraine high school graduating class of 1918 at Colorado City Lake and Thompson cabin.

American Art Week Observed By Local Club

Eldorado Woman's club began its observance of American Art Week by having the mayor of Eldorado, Mr. Carroll Ratliff, declare the week of November 1-7 as Official Art Week.

Plans were agreed upon and carried out by a committee composed of the following club members: Mrs. Carl Stevens, chairman; Mrs. Archie Mittel in charge of Junior Arts and Crafts and photography exhibits; Mrs. John Stigler was in charge of china painting, textile painting and needle craft. Mrs. J. E. Spencer was in charge of the Episcopal Guild Doll Exhibit.

These various exhibits represented numerous forms of self expression, and were displayed in the windows of the local merchants on Main Street, Eldorado Drug, Western Auto, Ratliff Store, Ballew Drug, Bauer Jewelry, and Coulter's Man's Shop generously donated space to show the talent of local citizens. The Junior exhibit fea-

tured work of children who have just started painting, wood carving and leather work. In the photography display were prize winning entrants in contests held in San Angelo. The Guild doll collection was a display of all types of dolls made by ladies of the Episcopal Guild.

In the painting division were examples of textile painting, etching on china and porcelain miniature photography.

All contributors are to be congratulated on their talents and the Woman's Club thanks each and all for contributing to a most interesting display. The object of these exhibitions is to encourage the cultivation of talent, and to point out how much personal pleasure and profit may be derived from the pursuit of hobbies, especially the creative arts and crafts.

The Common Cold

AUSTIN — Studies show that most people have two or more colds a year, each lasting about two weeks and causing a considerable amount of stuffy discomfort, said Dr. Geo. W. Cox, State Health Officer.

The danger of the common cold lies mainly in the other infections that may follow after it. A cold lessens resistance, and is likely to pave the way for other more serious respiratory ailments.

Sinusitis, ear infections, bronchitis, and the various forms of pneumonia are frequently ushered in by a cold. Pneumonia, particularly, is likely to attack a person who is overtired, or run-down because of a severe cold.

Fortunately, many of the respiratory diseases are not as dangerous as they used to be. Modern infection-fighting drugs, such as penicillin and the sulfa drugs, offer highly effective treatment for many cases. But, of course, it is always better to prevent a serious illness whenever possible.

If you have a cold, it's just good sense to stay away from people, to avoid spreading the infection; and to get plenty of rest—in bed if possible.

Recipe of the Week

White Fruit Cake

- ½ pound butter
- 3 cups sugar
- 4 cups flour
- 1 cup milk
- 3 teaspoons baking powder
- white of 8 eggs well beaten
- 1 medium coconut, grated
- ½ pound candied pineapple
- 1 pound citron
- 1 pound candied cherries
- 1 pound pecans
- ½ pound almonds

Leave cherries and pecans whole. The almonds may be chopped or left whole. Cut candied fruit into inch cubes. Grate fresh coconut. Combine fruits and nuts and sprinkle with flour. Cream butter; add sugar gradually and beat until well blended and light. Sift flour, measure and combine with baking powder. Add flour and milk alternately to the mixture, starting and ending with flour. Add fruits and nuts. Fold in stiffly beaten egg whites. Grease pan; line with waxed paper or heavy brown paper. Grease paper. This helps prevent the crust from becoming too brown, thick, and dry during baking. Bake in a slow oven 250 degrees. The baking time depends on the size and shape of the loaf. Use this table as a guide for cooking:

| Weight of Cake | Approx. Time |
|----------------|---------------|
| 1 pound | 2 to 2½ hours |
| 2 pounds | 3 to 3½ hours |
| 3 pounds | 4 hours |

An Electric Freezer saves time and trouble in many different ways, and provides better meals. For the holidays, mince pies, puddings and the like can be baked in advance and frozen. Chili con carne, spaghetti and chop suey can be packed in meal-size containers, and frozen for future use.

With an Electric Home Freezer you can shop every couple of weeks instead of every day for so. Buy meats, fruits and vegetables when they're on sale; save money that way. You simply freeze and store until needed.

A complete Sunday dinner, prepared weeks in advance and stored in the freezer, is ready to heat and serve when needed. Hamburgers, wieners, and lunches for picnics can be frozen in advance.

Fresh from the Freezer

"Life is simpler, Judy, since we've had this Electric Home Freezer, full of fresh frozen things to eat — and the meals are better! Look at the variety in there! Corn on the cob, strawberries, peaches, snap beans — meat, cakes all baked and ready to warm in the oven — your school lunches for a week, all wrapped and frozen so I just have to take a package out in the morning when you leave for school.

"And we're never 'out of things'. When they have bargains at the stores — in frozen foods or in meats — I can stock up on them. I never have to throw leftovers away — just freeze them to use weeks later. So you see, this freezer saves me time and saves your Dad money, too!"

DID YOU KNOW...
with an Electric Home Freezer you can:

- Freeze bread slices until needed, keeping them fresh and firm...
- freeze large quantities of cooked beans, steaks, etc., and store for later use...
- freeze waffles, warm in electric range oven as needed...
- store ice cubes for parties...
- save enough on food to pay for the freezer in a relatively short time!

MOTHER KNOWS BEST...

of course, it's *Electric!*

What's the biggest "little" business in Texas?

It's the business that employs one out of seven Texas jobholders...

It's the business that helps to bring you everything you buy, use, eat or wear...

It's the business whose taxes build one-third of all Texas highways...

It's the TRUCKING business! Over a million Texas men, women and children depend directly on it for their livelihood.

Yet—fifty-six per cent of Texas' trucks are owned by individuals with only one truck. Trucking is probably the biggest "little" business in the State!

Texans can't do business without truck transportation.

No community can exist, even if it is on a rail line, without trucks to haul goods away from the railroad and get them to stores and homes.

There are 1,788 Texas towns that have no rail service at all. If it were not for trucks, they would have no commerce with the rest of the State and the nation.

Wherever you live in Texas, whatever you do—trucking services are essential to your way of life. Trucks belong!

And here's the biggest seller of its class in the business...

Availability of equipment, accessories and trim as illustrated is dependent on material supply conditions.

The Ford F-5 is the most popular heavy-duty truck, nationwide, in the 1½-ton weight class! It out-sells everything in its class, because it out-values competition. Here's an all-purpose performer with a payload capacity that goes over 8,600 lbs. . . lets you carry big bulky loads with ease. Choose new V-8 power—or all-new Six!

Whatever your work, the rugged Ford F-5 gives all-around economical operation. 3 wheelbase lengths available for your special purpose body requirements.

FORD TRUCKING COSTS LESS F.D.A.F.
...Ford Trucks Last Longer!

Using latest registration data on 8,069,000 trucks, life insurance experts prove Ford Trucks last longer!

Electoral College Meets, December 15 in Austin

The state's 24 electoral votes will be cast for a Republican president for the second time in Texas history, when the electoral college meets in Austin December 15. That is the way the electoral college works—voters actually voted for these 24 electors, not Eisenhower, when they showed their preference for that nominee.

The Republicans named their electors in convention last August in San Antonio. Among them are oil men, attorneys, an air line president, the "goat king of the world," a university student, housewives and a variety of others.

The job to which they were elected takes only an hour. They will meet at 10 a.m. in the Senate chamber of the state capitol on the mid-December day and cast Texas' votes for Eisenhower. Then—and not until then—the election will be over.

These are the Texas Republican electors through whom Texas' votes will be cast:

- Otto Letzerich, Houston oil man.
- Tom E. Braniff, Dallas air line president.
- Jake L. Hamon, Dallas oil man.
- W. L. Thornton, Fort Worth, vice president, Thornton Industries, Inc.
- Frank L. Malloy, Orange ship builder.
- Walter Taber, Corpus Christi oil man.
- R. L. Wilson, Huntsville druggist.
- W. J. Harris, Sulphur Springs merchant and former postmaster.
- W. P. Castleman Jr., Dallas independent oil man.
- Mrs. M. F. Kliepera, Houston housewife.
- H. E. Mizell, Lubbock.
- Mrs. Percy Pogson Jr., El Paso housewife and GOP newcomer.
- Mrs. James F. Welder, Victoria, widow of an oldtime GOP leader.
- John Q. Adams, Harlingen attorney.
- W. F. Nenney, Tyler oil man.
- John H. Milers, Taylor, University of Texas student.
- L. R. Miller, Pampa wheat farmer.
- Fred O. Grimes, Hillsboro garage operator.
- Russell B. Wine, San Antonio attorney.
- E. S. Mayer, Sonora rancher and sheep raiser.
- K. N. Moore, Vernon business man.
- Mrs. Randolph Bryant, Sherman, widow of the late federal judge.
- Mrs. Bo Peep Fisher, Brenham housewife.

Presbyterian News

Four denominations from eight states will be represented at a camp leaders' training course, to be held at Livingstone from Nov. 17 through the 28th. One of the two delegates from this Presbytery chosen to attend is Rev. Charles Bruce, pastor of the Eldorado Presbyterian Church. There will be a supply in the pulpit a week from Sunday, in his absence. He will leave Eldorado Monday for camp. Much of the time will be spent on the Indian reservation near Livingstone.

A couple from the Evangelical Church of Philadelphia will teach this course. Visitors will be present from as far away as Richmond, Virginia.

Attendance at this course of instruction in new camping methods will prepare Rev. Bruce to teach the work to leaders in other churches.

Rev. Bruce and others from the Presbyterian Church and probably workers from other churches are in San Angelo today attending the special course for children's workers, given under sponsorship of the Interdenominational Council. Four such courses are being taught in Texas.

SAC Plans Celebration On Silver Anniversary

San Angelo College students and ex-students have a special reason for wanting to make November 15 the best homecoming San Angelo has ever celebrated.

This year the 25th class registered at the college to become the largest student body ever to attend. As of October 15 the college has 731 students.

The Ex-Student Association, headed by J. Smith Buchanan, president, Bill Edgar, vice president, and Mrs. Hillman Crowover, secretary, are working with Dr. Rex Johnston, college president, and other officials in planning activities. Ex-students will be swarming over the 60-acre campus to greet old friends, and relish experiences and events that have taken place in 25 years of play and progress.

Agenda for Homecoming includes:

- 2 p.m., Downtown parade.
- 3 to 5 p.m., Open House at the president's home.
- 4 p.m., Get-together for exes at Ram Room.
- 5:30 p.m., Barbecue on Campus.
- 8 p.m., Ram-Schreiner football game.
- 10 p.m., Free dance and floor show at St. Angelus Hotel Roof Garden for exes and families.

An array of bands from all over West Texas, floats sponsored by SAC organizations, and all exes' section of students and cars from school years of '27 through '52 will be in the parade. A trophy will be awarded for the best float.

Officers are urging all exes to attend the festivities even though they may not be able to convince their spouses that getting re-acquainted with "Old Slim" or the "Blonde Bomber" or some past class is the way to spend November 15.

Any further information about Homecoming and related events may be obtained by writing to the Ex-Student Association, care of San Angelo College.

The Eldorado High School band is expected to participate in the parade, and to be guests at the barbecue and take part in the mass rendition of the National Anthem at the game.

NATIONAL EDUCATION WEEK POINTS TO STUDY OF AMOUNTS SPENT FOR EDUCATION BY 48 STATES OF UNION

According to the last data available, the school year of 1949-50, Texas ranked 30th in the amount spent for education by the states of the union. These figures come as a surprise, considering the fact that Texans have been raising per capita allowances during and following World War II. It is probable that a later report would place this state higher up on the list.

In observance of American Education week, the U. S. Office of Education has made a state-by-state survey of the nation's expenditures for education.

Citing school systems in several cities which do outstanding work through a more satisfactory pupil-teacher ratio, broader services, higher retention rates, and better salaries, the office states that these model schools spend about \$300 per pupil a year, as compared with a national average of \$209. The amounts spent per pupil ranged from Mississippi's \$80 to New York's \$295.

State-by-state figures are for current expenses only, not including capital, outlay or interest:

RUTHLESS METHODS USED ON VICTIMS BY TEXAS SHARKS

Austin. — Thousands of small borrowers in Texas are paying 140 per cent, 200 per cent, and even 250 per cent to loan sharks but there is yet more to the evil than this, declares Senator Geo. Nokes of Corsicana, chairman of the anti-usury committee of the State Junior Bar Association.

Even worse than the loss of money to the borrower through unconscionable usury is the effect on his health and happiness, the committee has found. A borrower becomes so burdened with the high interest payments that, in most instances, he gets behind and then he is subjected to harassment which grows more and more severe.

At first, he receives dunning letters which threaten his credit rating. Then he is called over the phone at his place of employment several times a day and at his home so frequently that he may quit answering the phone entirely. Then he will receive special delivery letters and telegrams late at night in order to break into his rest.

As a result of this hounding, the victim becomes extremely nervous and his working ability is impaired to such an extent that he may be demoted or even discharged. In one instance, a borrower who had been subjected to this scientifically calculated cruelty collapsed at his work bench. Numerous cases of nervous breakdown have been produced. Nerves wrought up as the result of financial difficulties and such harassment have caused homes

to be broken up. Such tragedies represent losses which can not be measured in mere dollars.

The State Bar of Texas has recognized the need for regulating the small loan business and limiting the charges to a fair amount and the State Junior Bar Association is urging legislation similar to that adopted in 30 states.

For Better Applesauce

COLLEGE STATION — There are tricks to making even as simple and familiar a dish as fresh applesauce if you want to save time and fine flavor.

Foods and nutrition specialists for the Texas Agricultural Extension Service say if you are making large amounts of apple sauce, here is a suggestion to save time in peeling: wash, quarter and core the apples and cook in a covered pan with a small quantity of water. Put the apples through a food press to remove skins easily and to obtain a smooth sauce. If red apples are used, the sauce will have more color. Add a few grains of salt and enough sugar to sweeten while hot.

Another way to make applesauce is to pare quartered and cored apples, cook with a small amount of water in a covered pan until tender, and then crush the pieces with a potato masher or stir until smooth. Add salt and sweeten to taste.

Pledge Of Home Defense

COLLEGE STATION — Defense of the home is a basic instinct of the American people. This fundamental feeling transcends mere self-preservation. It embraces the protection of family, friends, neighbors, community and country. It is the essence of national unity and the foundation of national strength and security.

Take the "Pledge for Home Defense" during national civil defense registration, November 11-24. Mrs. Grace Martin, acting district agent for the Texas Agricultural Extension Service and State Civil Defense Coordinator of Women's Activities, says the pledge is voluntary expression by public-spirited citizens of their willingness to be included in a reserve of manpower which will be called upon for training and service as the need arises.

The volunteer registration campaign which starts Armistice Day through Thanksgiving Day does not make a person a civil defense worker. "The enrollment of registered people, the administration of classification and assignment to jobs and training for them, are the responsibility of the local Civil Defense organization," Mrs. Martin says.

Citizens who register pledge their willingness to serve and become members of a volunteer reserve which can be tapped by local civil defense organizations as speedily as the specific need can be determined and training courses started.

"If you are not affiliated with an organization in your community, you can register either at your local Civil Defense Office or through any organization which is conducting the volunteer registration," Mrs. Martin suggests. "This is your chance to stand up and be counted, so be sure to register any time from November 11th through the 24th.

ONE FOR THE ROAD!

One more drink—"one for the road!"

It was the Toast to Death for thousands of men and women, and innocent children, too—last year.

The records do not show how many lives were needlessly sacrificed because of alcohol-clouded driving, but they do show that over 6,000 drivers involved in fatal accidents had been drinking. Another 2,000 *pedestrians* met death in traffic, while in an alcoholic haze.

Ask the man who has just had one or two drinks and he'll probably defend his ability to drive. Perhaps he can—but not safely. Alcoholic stimulation breeds carelessness, speeding, recklessness. In another stage it courts drowsiness. Tests have proved that even a moderate number of drinks lowers a driver's reactions to the danger point. Quick response and alert judgment fail in the emergency.

The irresponsible drinking driver is to blame for a particularly heavy share of night-time traffic accidents. Tragically, he endangers not only his own life, but the lives of those riding with him—innocent people in other cars and pedestrians.

So before you take "one for the road," consider the consequences. If you drink, don't drive. You'll never hear better advice.

Drive As Though Your Life Depends On It - - IT DOES!

Final Home Game

Supt. T. E. Holcomb wishes to express the appreciation of the team, and school, for the loyalty of Eldorado to the Eldorado Eagles.

This has been a year of many disappointments. Last year's graduation took many experienced players and early season injuries claimed four others.

It is very commendable to the Eagle team this year in the fact that they have not received one 15-yard penalty for unnecessary roughness or unsportsmanlike conduct, which is a victory not recorded in the score book but a victory in the character of the boys of the team.

The determination, cooperation, and perseverance of the boys of the 1952 Eagle Squad contributes much to the building of the character of a citizen.

In appreciation of the sacrifice made by the dads and their continued influence upon the boys the team is honoring the dads Friday night. The dads will be given a number corresponding to the boy's number and will be publicly recognized at half-time. They are requested to sit on the bench with the boys.

The school administration wishes to thank all those who have assisted in putting over the football program this year—the announcers, car parkers, gatekeepers, the concession stand help, and all others who have contributed.

In the interests of good sportsmanship the elimination of the District All-Around Championship, and points formerly awarded to count toward such championship, was voted by the administrators present.

Former Local Girl Receives Recognition

Norah Jones, clerk stenographer, Industrial Relations Dept., received a meritorious civilian service award for "exemplary service" from the commanding officer U. S. Naval Air Station, North Island, Calif., recently. This was for "assuming greater responsibilities than her duties called for while her supervisor became familiar with new duties and full working knowledge of clerical duties involved. She handled these functions so capably that it resulted in a letter of commendation from the chairman of the performance board.

Mrs. Jones is the former Norah Mund, daughter of the Arthur Munds. She graduated from Eldorado High School, TSCW, Denton, and Nixon Clay Business College in Austin. First Baptist News

Our attendance was good again Sunday. We had 236 in Sunday school and 70 in training union. The orchids were won Sunday by the Beginner Department with a grade of 75. The onions went to the Nursery Department with a grade of 63. The grade of our complete Sunday school was 70. This is five points below standard. There are three points that almost all departments are falling down on. They are, bringing Bibles, studying lesson, and remaining for preaching. If we can bring up these three points in each department we can reach the standard grade.

Mark these two important dates in November. November 19th. Regular called church conference to determine whether we will move Brother Welsh on the field for full time work in January. And if so, at what salary consideration. This is an important matter. Each member of the church is obligated to attend this called conference and state their feelings on the matter. November 25th is our all important workers conference for our Sunday school. Supper will be at 7:00 p.m. The program will follow at 7:45. Our guest speaker will be Brother O. Bryan Richardson, pastor of Park Heights church in San Angelo. Each department will be checked for the percentage of their officers and teachers that are present. Special recognition will be given to the department with the highest percentage present.

There were 66 enrolled the first night in our all church study course. Our goal is for 50 completing work for awards in the three books that are being offered. Brother Nelson is teaching the Adults, Mrs. Bill Rountree the intermediate and young people, and Mrs. Morris Isahell is teaching the Juniors. These are wonderful books we are studying and we trust that more and more of our people will avail themselves of the opportunity to take the periods of study. Every officer and teacher in the church should have taken the adult book, "The Christian In The Modern World."

Again this year the Ministerial Alliance of Eldorado will sponsor a joint Thanksgiving service at the high school auditorium. We believe this is a wonderful service and that many will want to come. Watch this column for further announcements as to the time of the services. If there ever was a nation that should be thankful to God for its blessings it seems that America is that nation. And if there was ever a time in the life of our nation that we should go back to the fundamental principles that brought about the first Thanksgiving it is now. The building should be full for this service.

Our pastor will preach at both services this coming Lord's Day. The subject for the morning hour will be, "Prodigals At Home and Abroad." His subject for the evening hour will be, "What Is Your Life?" If you are a Baptist and living in Eldorado you are invited to make our church your church home. If you have no church preference you are given an earnest invitation to come worship God with us in "The Friendly Church With A Spiritual Program." Our slogan is "Building a Greater Church for a Greater Eldorado for the Glory of God." Every home should be for the church, and every church for the home.

Mr. and Mrs. Desmond King moved Monday to Brady, after selling their residence to Mrs. Robert Milligan, who will maintain it as rent property. The house is comparatively new. Mr. King will have employment in Brady, where they have rented a house.

The following five groups of religious songs were rendered:

- II. Over Bethlehem's Town, by Mueller; Born Is Jesus, by Bossi-Watson;

- V. All People Who On Earth Do Dwell, arr. Maunder.

Women of the Church served cake and coffee after the program, in the church dining room.

Sybil Deaton Weds

Sybil Deaton, daughter of Mr. and Mrs. M. V. Deaton of Concord, California, was married recently to Donald McCown at the home of friends in that city. White bells and flowers decorated the house. A Baptist pastor officiated at the ceremony, which was performed before close friends and relatives.

The bride was given in marriage by her father. She wore a white gown of lace and net and carried white carnations centered with a white orchid. Nicki Smith of Concord was her only attendant. Best man was Bill Shoemaker, a friend of the groom from Los Angeles.

Sybil is a graduate of Mt. Diablo High School and Contra Costa Junior College, and has been employed with Sears. The groom is stationed at Fort Chicago with the Coast Guard.

How to Keep Your Telephone From Being "BUSY" . . . Doing Nothing

Always replace your receiver carefully. If your receiver is not replaced properly your telephone is just as "busy" as if you were actually using it. This is equally true on a party line and private line. Calls can't come in to you—and, if you're on a party line, your neighbors can neither make nor receive calls.

So please try to hang up carefully, and see that your telephone receiver is always properly replaced. It means better service if you do. . . .
