San Andres Sand In Schleicher To Be Explored For Irrigation

The newest development in the widely interesting field of irrigation in Schleicher County is the proposal to dig water wells down to the San Andres sand, 800 to 1100 feet, from which, according to geologists, water will flow to the surface.

Henry Moore of the Reynolds community seems to be the first land-owner to become interested in a project of this kind. He is making arrangements for the digging of a deep water well on his land. Instead of going down to the traditional 400-foot level, Mr. Moore proposes to drill down into the San Andres formation and find out if it will yield water in the amounts predicted.

Because the outcome of this test will mean a great deal to all farmers in the county, neighbors and townspeople are supporting Mr. Moore in his project with "dry hole money"—that is, pledging a certain sum to be paid to Mr. Moore in the event that the project proves to be a failure.

The dry hole money would be paid if the water found was not usable for irrigation purposes, if production did not flow as much as 200 GPM—or if the water did not rise in the hole to about 200 feet where it could be pumped economically.

If the water discovery was found practicable for irrigation, the landowner would bear the cost, and the dry hole money would be returned to subscribers.

Local businessmen started the "dry hole pledge" and hoped to get up a total of \$500 or more. There were seven names on the list Monday night with pledges totaling about \$350.

The list is to be found at the office of the CoOp and others are invited to subscribe.

Preparations For School

At the regular monthly meeting of the Board of Trustees, Monday, August 8th, the following business was transacted:

Miss Mary Carol Busch was elected as Homemaking teacher for this school year permitting the transfer of Mrs. Whitaker to the Elementary School. Mrs. Whitaker had previously been assigned to the Homemaking position, but requested an Elementary assignment when available, as she was taking her Masters in Elementary Education this summer.

Miss Busch is a graduate of the University of Texas, and taught in the Lamesa schools last year. She was reared in Kerrville, but her home is now in Dallas. She comes to Eldorado highly recommended.

Mrs. Aurelia D. Jackson of Fort Worth was elected as the additional teacher for the colored school this year. Mrs. Jackson holds a B. A. degree from Tillotson College,

a permanent teaching certificate with 10 years experience. Her recommendations are good.

For this school year the bus repair contract was let to Peters Chevrolet Company and the gas and service contract was let to Davis Cosden Service Station.

As of this date there remain in the school faculty three elementary vacancies, and a speech vacancy. The superintendent has several desirable applicants and it is highly probable these positions will be filled by next week. The teaching assignments will be released as soon as the faculty is completed.

The concrete work on the tennis courts will probably be completed this week. Permanent steel nets and backstops of steel construction will be added as soon as courts are completed.

Coach W. A. Algood will release information next week pertaining to football workouts.

Band Instructor Sets Rehearsal Date For First Practice

John Brown, band instructor in the Eldorado schools, was here early this week making arrangements for the first formal band rehearsal of the school year. He was accompanied by his family.

Mr. Brown states that the date is the 22nd, and that there will be two rehearsals on that day, the first at 10:00 a.m. and the other at 6:30 p.m.

POLO GAMES PLAYED

The Eldorado Polo team has scheduled a game with Ozona Friday, at Ozona. Last Friday night Eldorado won over Sterling City 10-3, in a game played at Sterling.

Old Precinct Lines Restored By Commissioners Monday

In regular meeting here Monday the Commissioners of Schleicher County voted 3-to-1 to restore the old boundary lines of the four commissioner precincts in the county.

This cancels out what a previous court did one year ago when they voted to have all precincts "corner" in the city of Eldorado. The action last year was the second one of that nature. In August, 1950, under the administration of C. L. Meador, it was voted to "corner" the precincts in the city, and the next court restored the old boundaries in 1951.

Both times the cornering idea was voted out before it had had a fair chance to function. In the vote Monday White, Pope and Potter voted to restore the old lines, and Williams opposed.

CoOp ReElects Directors At Annual Meet Tuesday

Southwest Texas Electric CoOp members re-elected their slate of directors at their tenth annual meeting Tuesday night in the Memorial Building, and heard reports on the condition of the organization from officers. The meeting followed serving of barbecue to members and their families, by Orland Harris, on the courthouse lawn.

Directors re-elected who will serve for the new year are: Frank Bond, Joe Edens, J. Forrest Runge, E. L. Tankersley, R. A. Harrell, John Childress, and W. W. Sheen.

The meeting opened with the singing of America, accompanied at the piano by Donna Beth McCormick, after which W. W. Sheen, president, called the meeting to order. Forrest Runge, secretary, read the minutes of the preceding annual meeting.

Don McCormick gave the manager's report, in which he pointed out the CoOp's impressive safety record: 53,000 man hours without an accident. He also pointed out that there was no property damage to CoOp property this year, as last.

C. L. Henry of Commercial Standard Insurance showed a chart with a five-year report on safety education and premium rates.

Luther Burleson, also of Commercial Standard, then presented certificates to CoOp personnel for their recent completion of the Standard First Aid course. These certificates were presented to: Louise Kuykendall, Jack Logan, J. C. Schooley, A. E. Atkinson, Don McCormick, Jerome Mitchell, L. L. Kinsler, Earl Hicks, Joe Griffin, Doyle Easterwood, and Monroe Allen. Burleson also had certificates for Elton McGinnis and Fred Butler, who were not present.

Louis Gayer, attorney, was in charge of the election of directors, at which the same panel which had served the past year, was re-elected.

A film on adequate wiring, and a cartoon, were then shown by Mr. Henry, and his son, David Lee.

The CoOp report shows the organization now to be using 882 meters on 1,373 miles of line. Average KWH for farm and ranch is 306, up from 1954's 265, while average KWH, residential, is up from 129 to 204.

Relatives Attend Funeral In Eden

Mr. and Mrs. John Griffin, Zelma Griffin, Mr. and Mrs. J. A. Griffin, Mr. and Mrs. Jack Griffin, Mr. and Mrs. Joe Griffin and boys, Mr. and Mrs. Delwood Blair and children, Mrs. W. F. Parent and Mrs. M. H. Woodward attended funeral services for Mrs. Lee Griffin in Eden Monday.

Mrs. Griffin died Sunday morning at her home in Eden following an illness of about two years. Funeral services were held at the Brady Street Church of Christ in Eden with burial in the Stacy Cemetery.

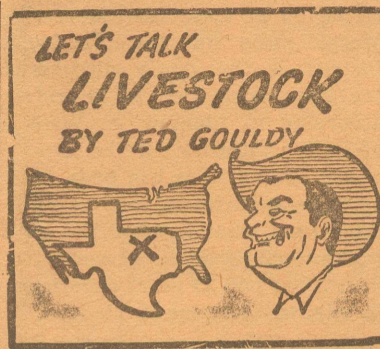

Ohio Makes Location

Ohio Oil Co. has filed application to drill the No. 25 T. W. Thompson, one location west of production in the Huldale field of Schleicher County, 10 miles north-east of Eldorado.

It will be drilled to 5,850 feet with rotary. Estimated elevation is 2,275 feet.

Location, on a 1,200-acre lease, is 2,065 feet from the south and 467 feet from the east line of 80-TT-TCRR.

Mrs. Ethel Etheredge and sons, Sonny and Eddie, and Rex Enochs and Jerry Caldwell of Sweetwater spent last week at Sulphur, La., with Mr. and Mrs. Junior Isaacs and girls. While in Louisiana the group enjoyed gulf fishing and had a most enjoyable trip to Avery Island, a man-made tropical setting with bird refuge.

Fort Worth.—Receipts of all classes of livestock dropped well below a week ago and were also comfortably behind a year ago at Fort Worth and all around the major marketing circle on Monday. Several factors appear to be involved. Many areas in process of recovery from drought are holding livestock for later sale than was the case when in the grip of the dry time last year. Those pounds are sorely needed to help the stockmen recover financially.

Restocking in many sections is proceeding rapidly; that means fewer cattle and sheep for immediate sale as the ranges are being filled up again.

Expectations of bumper feed crops at nearly all points of the country make many livestock farmers look with interest on using some of their feed on home-grown cattle or hogs or lambs. This week we read reports from Corn Belt, Southeastern and Southern states, as well as from the Southwest. Uniformly optimistic crop prospects were seen, with much of the feed stuffs due to stay out government loan. Big roughage crops practically everywhere in the farming sections point to interest in feeder cattle and lambs in the coming months.

Much of the year's calf crop will be marketed as fat yearlings after January 1 if present intentions of Southwestern farmers are carried through.

Cattle Open On Firm Basis

Grainfed cattle were very scarce with a few topping at \$22 at Fort Worth Monday. Other cattle and calves found trade fairly active and prices steady to strong. Packers still show little enthusiasm for fat cows, but with most cows carrying some tallow they are getting them in sizable numbers.

Comparative prices: Good and choice fed steers and yearlings \$19 to \$22 (quotable to \$23.50); Common and medium grassers and cakefeds \$13-\$18; rannihans \$10-\$12.50; fat cows \$10-\$12.50; canners and cutters \$7-\$10.50. Bulls \$10-\$14, a load of 791-pound bulls from W. H. Hannon of Wichita Falls topped at 14.75.

Good and choice slaughter calves \$16-\$19.50; common and medium \$12-\$15.50; culls \$9-\$11. Stocker steer calves \$15-\$20; steer yearlings \$19 down; and stocker heifers and heifer calves sell \$2 to \$3 under comparable steers unless fat enough to attract packer bids. Stocker cows around \$7-\$11.50.

Sheep and Lambs Sell Strongly

Fat lambs topped at \$18.50 at Fort Worth Monday, this was par with the best price late last week. However, some of the fairly good lambs were unevenly higher, kind considered. Feeders topped at \$15, and again country demand was noticeable in the trade.

Very few ewes of suitable breeding ages are coming to market and those that do are snapped up at strong prices. Much of the big sheep country in West Texas is busily restocking and prospects for a much larger lamb crop next year look good—if the range continues its comeback. More and more interest in farm flocks is developing in other parts of the Southwest.

We nearly forgot to mention it again—the present publisher is celebrating ten years as owner & publisher of the Eldorado Success! Our first paper here was the second issue in August, 1945. On the whole they have been good years, but they've passed too fast!

Two Injured In Car Wreck Sunday Morning

Two men were injured and a 1951 DeSoto completely demolished when their car turned over several times on the curve a mile southwest of Eldorado early Sunday morning.

Walter M. Thompson, 25, of 221 Penrose St., San Angelo, sustained lacerations of the forehead and chest and head injuries.

Sam R. Parrish, 24, of Snyder suffered a compound fracture of the skull and a broken jaw.

They were brought to Eldorado where they received first aid at the local clinic and then removed to the Shannon hospital, where their condition was reported satisfactory at last report.

A wrecker from George Humphrey Motors brought the crushed DeSoto in to town.

Reynolds 4-H Girls Elect New Officers

Mrs. Leonard Lloyd and daughter Retha Nell were hostesses at the regular meeting of the Reynolds 4-H Club on August 3. Club members present were Verna Ann Lux, Kathie Sauer, Linda Sauer, Carol Jane Beckett, Sheila Wilde and Vera Powell. Visitors were Nancy Lux, Nan Sauer, Janell and Joan Wilde of Van Court, and Shirley Wilde and her mother, also Mrs. Victor Sauer, Mrs. Milton Fought and Christy Sauer.

The girls were presented a demonstration on making of copper pictures. New officers elected included Verna Ann Lux, president; Linda Sauer, vice president; Kathy Sauer, secretary-treasurer; and Carol Jane Beckett, reporter.

It was decided to meet again August 17 at 2:30 at the home of Carol Jane Beckett.

FUNERAL FOR L. WHEELER IS HELD FRIDAY

L. (Skinny) Wheeler, resident of Eldorado since 1928 and a grocer for 16 years, died at his home here at 11:30 p. m., Wednesday, Aug. 3rd, 1955, age 71 years, 1 month and 15 days. He had been in frail health for many months.

Funeral services were held at 10:30 a. m., at the First Methodist Church, Eldorado, Friday, August 5, conducted by the pastor, Rev. M. C. Stearns, and interment was made in the Eldorado Cemetery under the direction of Ratliff Funeral Home.

Palbearers were W. F. Meador, Bill Lester, Jess Walston, V. G. Sudduth, James Williams and W. R. Bearce.

Lucius Royal Wheeler was born at Stockdale, Texas, June 18, 1884, the son of Mr. and Mrs. Lucius Royal Wheeler, Sr. He received his education in the Stockdale schools and remained a resident of that community until the age of 44. In his early adult years he was cashier of the First State Bank at Stockdale.

On August 26, 1908 he was married at Stockdale to Miss Jessie Sikes of Pandora and the couple made their home at Stockdale for the next 20 years.

In 1928 the Wheelers moved to Eldorado and have made their home here ever since. For 16 years—from 1934 to 1950—he was engaged in the retail grocery business.

He is survived by his wife, and one son, Chester L. Wheeler; one grand daughter, Ellen Wheeler; a sister, Mrs. Bernice Smith of Stockdale; and a step-mother, Mrs. Eula Wheeler of Stockdale.

Cooper Gas Co. Plant About Ready To Go

Cooper Gas Company's own crews have just about completed erection of their gasoline plant in the Page field and were in the process of putting it in operation early this week. Workmen reported that it would be ready to go as soon as they got some of the "bugs" out of it.

Cooper Gas owns about 45 wells in the Page field and the new plant is being installed for the express purpose of serving these wells. A crew of about 11 men is now regularly employed by the company.

According to estimates made by company officials, the new plant will be expected to process between five and six million cubic feet of gas per day, from which they will expect to recover about 100 barrels of fluid per day which is described as "36-lb. Reid vapor pressure natural gasoline." The gasoline will be delivered to the Rancho Pipe Line.

Possible Producer In Rudd Community

Lion Oil Co., Snyder, No. 1 Rey (Mrs. M. M. Reynolds), Schleicher County wildcat in 42-1-GH&SA, eight miles southwest of Rudd, has indicated production from the Canyon lime with the recovery of oil and shows of gas on a drill-stem test.

On the three-hour and 35-minute test between 4,609-22 feet, there was a strong blow throughout. Recovery was 183 feet of fluid, which was 173 feet of oil and gas-cut mud, and 10 feet of oil, estimated to be 80% oil.

Flowing pressure was 0-150 pounds; 20-minute shut-in pressure was 450 pounds.

Wildcat Test Being Made On Thomson's

A wild cat which is being drilled with rotary is going down on Thomson's, about nine or ten miles from Eldorado. The test is Wesley West and Standard of Texas No. 1 Thomson.

The location is in the northwest quarter of the northeast quarter of Section 26, 660 feet from the north line and 660 feet from the east line of the northwest quarter.

Rotary was moved in late last week and started drilling Saturday.

Mrs. T. J. Bailey and daughter of Ozona spent the week end with Mrs. Bailey's parents Mr. and Mrs. A. J. Roach.

Revival Starting Sunday

Rev. EDGAR JONES

Rev. Edgar Jones of Throckmorton will be the featured speaker in a week's revival meeting which opens at the First Baptist Church here Sunday. Services are scheduled throughout the week at 10 a.m. and 8 p.m.

Song leader will be Rev. Perry Cox, and pianist, Allan Cox. The church's announcement is to be found on page six of this issue.

Mr. and Mrs. N. R. Densman and family have moved to Waco, vacating the Rock Courts and Rock Station on the San Angelo highway. Mr. Densman is a welder and has been engaged in that business during their stay in Eldorado.

Suggestions Offered Planting Small Grains

College Station. — Four items should now be receiving attention from farmers who expect to make plantings of small grains this fall. According to Ben R. Spears, extension agronomist, the four are selection of the area to be planted; taking and sending to a soil testing laboratory a soil sample from the selected field or fields and buying the fertilizer needed; choosing the best adapted variety along with a source of seed and preparation of the seedbed.

Spears in commenting on the first recommends planting the crop on land which was not in small grains last year. Rotation, he says, will help control insects and soil borne diseases. This means better yields and quality in the grain produced.

The only sure way to know what plant foods are needed to make the crop most productive is to have an analysis made of the soil on which it is to be grown. "Take the guess out of fertilizer requirements by soil testing," says Spears. Plant food deficiencies are often confused with insect injury, and research has shown that grazing benefits as well as grain yields can be greatly increased through the use of the proper kinds and amounts of fertilizers.

New varieties of small grains adapted to specific areas have been developed by research and Spears recommends that farmers contact their local county agents for the latest information on varieties for their area and also sources of certified planting seed. He says all planting seed should be treated with a fungicide before it is planted to control seedling and seed and soil borne diseases.

By preparing the land early, the seedbed has time to settle and catch and hold moisture, says Spears. Between now and planting

time, he advises only tillage sufficient to control weed growth.

Oats may be dry-planted but it is a bit hazardous to follow this practice in seeding barley and wheat, says the specialist. Finally, he suggests a visit with the local county agent for the latest information on small grain production problems.

WILL DOYLE IS HONORED ON HIS 80TH BIRTHDAY

IT'S THE LAW
in Texas

A public service feature of the State Bar of Texas

Home Accidents

"Good ol' Gus" Slack bustled around the house making the ice tea and setting out the cold watermelon. "Well, everything's ready," he told his wife, "and it's about time for our friends to get here."

As they sat there waiting for their guests Gus puffed with pride. "We are certainly lucky to have so many friends, a nice home, two fine children and money in the bank."

"Good ol' Gus" didn't know that the next day 13 law suits would be filed by his friends who would be hurt that night falling on the floors his wife had so carefully waxed that day, tripping over throw rugs, stretching their necks on his clothesline, plowing a furrow with their noses in the pile of gravel in his unlighted front yard, burning their hair off their heads on defective wiring, slipping vertebrae when the porch rail on which they were leaning gave away or being half-blinded by firecrackers tossed down the stairs by son Ronald, bitten by Rover, and having their legs bruised and broken by getting tangled up in Rover's leash.

Of course such a case never really happened but law suits have been filed involving each of the above situations. The genial host is sometimes surprised to find that his guests' gratitude is expressed by filing law suits against him for injuries received in his home.

The law is usually more strict about accidents befalling tradesmen and others who enter your premises in the line of duty so to speak—postmen, laundrymen, me-

ter readers, delivery boys and the like—than it is in the cases of those who enter your home for purely social reasons.

But this does not mean that a homeowner is absolved of all responsibility for injury to his guests. If he knows a dangerous condition exists, he has a duty to correct it and can be held liable for accidents which might happen if he doesn't. For example, in one case a rotted tree branch fell to the sidewalk, injuring a passerby. The court held that the owner was responsible because he knew of the defective condition and should have remedied it.

Businesses as well as homes can suffer serious losses from accidents. A case which happened several years ago will illustrate this point.

Greenthumb entered a hardware store to buy a garden hoe and was struck in the mouth by a golf club being used by Ben Blogun, another customer at the store's invitation. The store had to pay Greenthumb a large amount of damages because Greenthumb had been implicitly invited into the store for the business of making a purchase; the store failed to use ordinary reasonable care and to warn Greenthumb of the danger.

Fortunately, not everyone who falls down the front steps gets up and rushes off to sue his host. However, it pays to remember that failure to use reasonable care to make your home safe against accidents could result in the loss of the savings of a lifetime.

From where I sit... by Joe Marsh

**"Light" Snack
For Ducks**

Coming back from Balesville the other night I noticed a powerful light at Whitey Fisher's Duck Farm. Seemed to be shining out over the water.

I stopped to ask Whitey what went on. He took me down to his pond and pointed out a 200-watt bulb—rigged up on a pole about three feet above the surface. The light was attracting thousands of insects for the ducks to eat.

Seemed kind of odd to me—but Whitey was enthusiastic. "Best idea I ever heard of," he claims. "Keeps the feed bill down—and

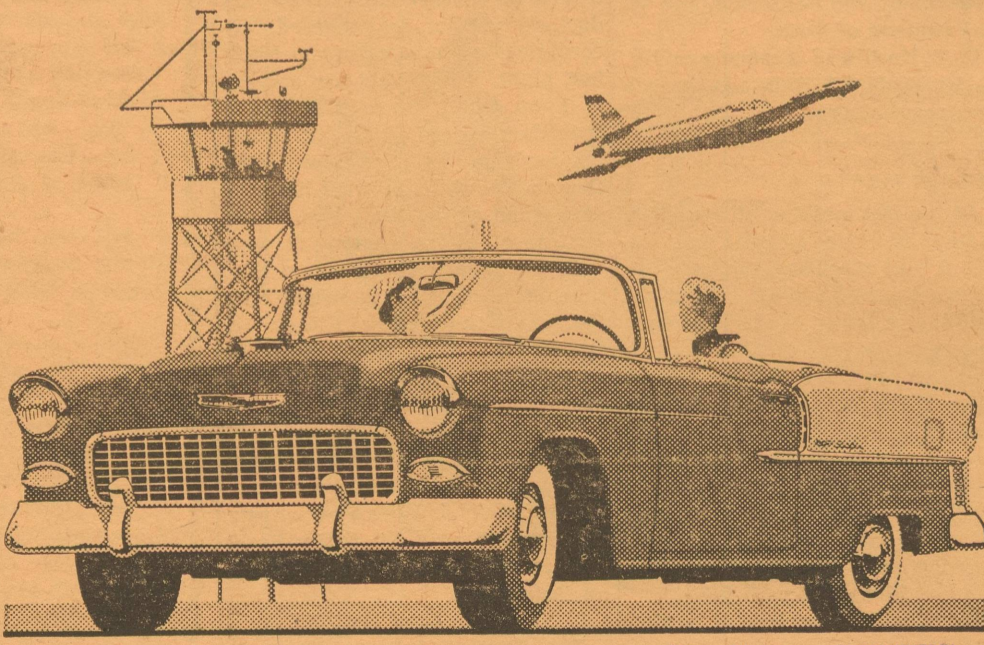

the bug population, too. Why do you suppose I never thought of it before?"

From where I sit, Whitey's the type who's always ready to pioneer a worth-while new trick. Me, I stick to old methods. Just a case of personal feeling, I guess... like the way you may prefer coffee with meals while I always prefer a traditional glass of beer. Not that I'd claim you're wrong—respect for the other man's opinion is my "guiding light."

Nothing
GOES
like a Chevrolet V8!

Drive with care... EVERYWHERE!

It's the new winner in stock car competition... and it's winning new, young-minded friends faster than you can say America's hottest V8.

Because of its liveliness, its looks, and because it holds the road like it loves it—which it does.

Come try it, won't you, if only for the fun of it!

NOTHING
(not even the high-priced cars)
HAS GOT SO MUCH
TO GO WITH!

The most up-to-date V8

That's Chevrolet's "Turbo-Fire V8!" So efficient that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field.

Two Sizzling 6's

The most powerful 6's in Chevrolet's field—with all the advantages of Chevrolet's long leadership in valve-in-head engine design.

Powerglide,
Overdrive or
Synchro-Mesh

A new and finer Synchro-Mesh transmission, or, as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.

New engineering advances on steering and suspension. Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Glide-Ride front suspension rolls the bumps smooth.

Firemen's Convention Held At Sonora

Eldorado was well represented at the Hill Country Fireman's Association held in Sonora Monday and Tuesday of this week with 35 members of the Eldorado Fire Department and ladies auxiliary registering at the convention.

The Eldorado Fire Department had charge of the Monday afternoon program at the Fire Station. This program was composed of a special number by Mrs. Dan McWhorter, a safety demonstration by Palmer West, a musical program and the showing of pictures taken at other conventions.

Among those on Tuesday's program were: Olin Culberson, Railroad Commissioner from Austin; Mrs. Marie Hudson, firemen's pension commissioner, from Austin; Fire Marshall W. G. Burns of Dallas; and Cayce Moore, a humorist, from Hearne.

Eldorado and Sonora departments had charge of the 11 a.m. program which included a duet sung by Mrs. Roy Andrews of Eldorado and Mrs. Floyd Sims of Winters accompanied by Mrs. Roy Phelps of Eldorado. Rev. W. H. Marshall of Sonora had charge of the Memorial service and it was announced that there were no deceased members for the past six months.

In the races Eldorado won second in the women's pumper race. The Eldorado "Pot of Gold" float won first in the parade. Mrs. Gus Love, fire mother; Jane Mund, senior sponsor; and Dale West, sweetheart, rode on this float. Eldorado department also entered the sheriff's posse (many will remember it from the home coming parade) and the progress float, a model T Ford equipped with television. Passengers in this float were Palmer West and Mrs. Roy Andrews.

The ladies auxiliary met at noon with 16 local women attending. Mrs. Lee Patrick of Sonora gave the welcome and Mrs. Jack Harrison of Winters presided over the business meeting.

The convention ended with a barbecue chicken dinner at the school house and a dance at the Sonora Wool and Mohair Co. warehouse.

Primitive Baptists At Association Meet

About 70 people were present at the Associational meeting of the Friendship Primitive Baptist Association at the Memorial Building in Eldorado from Thursday night to Sunday night.

The Eldorado Church served three meals a day to the visitors, and provided over-night accommodations for those from out of town.

With Elder C. H. Richards of Santa Anna as moderator and Elder C. T. Nowlin of Quamado as clerk, the group conducted business and song sessions, and in other ways carried on the work of the association.

Churches represented include Fort Worth, Stevenville, Eldorado, Santa Anna, and Quamado.

Elders other than those named above include Sam Flowers of Blanchard, Okla., Arthur Saylor of Oklahoma City, and O. Norman of Seymour and California, and W. H. Patterson of Vera.

C. T. Nowlin of Quamado and C. H. Richards of Eldorado preach here regularly.

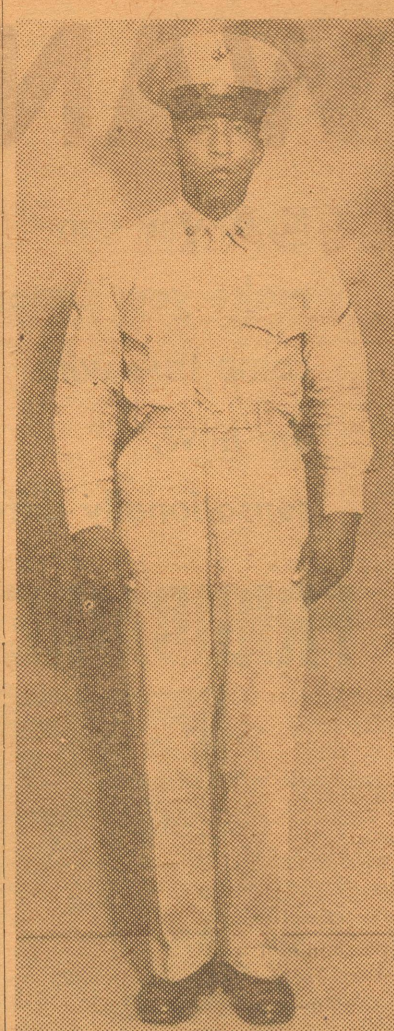

LEGION MEETS

At the last meeting of American Legion, Bev McCormick Post No. 257, it was voted unanimously to place a bronze plaque on Memorial Building in honor of all Schleicher County men who died in service for their country during World Wars I and II and the Korean conflict.

A list of names will be published next week and the Legion desires the help of all citizens in this matter as they want the list complete before Sept. 1, 1955, as the plaque will be ordered then.

There will be names of Schleicher County men on this list who had moved away and enlisted from another county, so watch for this list and help the Legion complete it. This matter has been given much consideration by the local post.

To Be Discharged

Due for release from the Army August 13 is Pvt. Reyex Hernandez Lozano, Jr., son of Mrs. Josefa H. Lozano of Eldorado. Lozano has been in the Army four years, two years of which he spent in Japan. He is expected to arrive home August 16.

Boy Scout Fund Drive Set For This October

Preliminary plans for the Boy Scout fund drive which will be launched in the council this October, have been laid with recent appointment of chairmen on the council and district levels.

Concho Valley Council, along Region 9, is changing over to this plan of having their fund drive in the Fall, instead of in February as in the past. Council campaign chairman is Charles E. Coombes, Jr., of San Angelo.

Jack McGregor, campaign chairman of the Twin Mountain district which now includes Eldorado, and Jerry Starkey, Scout Executive from San Angelo, met with Lions members this week and discussed the various aspects of the coming drive.

Community campaign chairman in Eldorado will be Ed Meador, with Joe M. Christian as assistant. Arrangements chairman is Dick Bearce, and Prospects and Rating chairman is Gus Love, while Bill Gunstead will handle publicity.

These chairmen will attend a training meeting September 18, in Sonora. Other workers will be announced.

IN DALLAS HOSPITAL

Little Robbie Gerald McGinnes, three-weeks-old son of Mr. and Mrs. Elton McGinnes, is undergoing tests in a Dallas hospital, and it will be several days before the doctor's verdict is rendered, according to a phone call from Elton last night. The family are staying at Lynn Hotel, Room 222, and a room is reserved at Baylor Hospital for the baby (Room 479), though the child is with his parents much of the time. Mrs. Floyd McGinnes of Crosbyton is also with the family. Elton stated that the specialist had established the fact that the child's illness is caused by a body defect and not an injury. The baby is the McGinneses fourth child.

Anita and Mae Runge and Trudy Gaynor went to Austin Wednesday of last week, and were accompanied home Friday by Sallie Rose, who is visiting the Runge family on their ranch.

Health Dept. Gives Info. For Overweight

Austin—Friend, if you're 40 and fat, this is for you: pass up the candied yams and boiled potatoes and cream-filled tootesome tidbits that spell extra pounds and an early grave.

State health authorities can quote chapter and verse as to why too much weight can kill you as you grow older. It increases the likelihood of diabetes, contributes to high blood pressure, is associated with hardening of the arteries and with various heart diseases.

Besides influencing these conditions, extra weight means impaired vigor, increased fatigability, liver breakdown, greater surgical risk, and greater danger of complications from otherwise minor illnesses.

"There's just no doubt about obesity being one of the biggest problems to be faced after 40," these authorities say. "The more overweight you are, the poorer are your chances of living to a ripe old age."

Are you as much as 25 percent overweight? People in your group die at a rate 75 percent higher than the rate for people of normal weight.

If you're still gravitating toward the pastry tray, maybe this will slow you down. Despite the general excellence of medical care in this country, men and women over 45 die at a rate 25 per cent higher than do Western Europeans of the same age group. And the reason is nothing more than galloping appetites.

Poor food habits among older people complicate the problem of obesity health officials believe. Those who live alone have no incentive to eat sensibly. They snack on fattening rather than wholesome foods.

Others have no knowledge of food nutrition. Still others rationalize their obesity by clinging to the belief that stoutness is a mark of distinction. But health officials know that each pound of extra flesh means fewer years of life.

Here are the State Department of Health's suggestions for avoiding fat after 40:

1. Drink plenty of water, and center your diet on milk, fruits, vegetables, bread and whole grain

cereals with modest amounts of eggs and meat.

2. Limit your use of sugar, alcohol and fats. Use brown sugar and dark molasses. Choose fruits such as apples for dessert, and insist that meals afford both milk and coffee, rather than milk or coffee.

3. Use dry brewer's yeast and wheat germ rather than synthetic vitamins. Use whole wheat, dark rye, or soya-enriched breads.

4. Use dry skimmed milk if you cannot afford evaporated or whole milk.

But most important of all, keep that appetite under control.

Presbyterian Notes

Mr. Jackson brought us a wonderful message on Love. It was as good a sermon as you would want to hear.

Mrs. Jackson reported on her trip to Montreat, the Presbyterian Assembly grounds in North Carolina. Mr. Jackson made a report from Presbytery in Fort Worth.

Mrs. Edens reported on Moor Ranch.

Those of you who were absent missed a treat.

Next Sunday, August 14, Noel Wilkinson will preach for us. We will have dinner at the church. Presbyterians, come and bring your dinner.

Mrs. L. Wheeler accompanied her son Chester home to San Angelo for a several-day visit.

Mr. and Mrs. Lum Davis and daughter Jan and Rance McDonald are spending the week at LaFeria, with S. A. McDonald. The group are having a family reunion there this week.

Mr. and Mrs. J. H. Emmons have as a guest for three weeks the latter's sister Miss Roberta Finklea of Amarillo.

Mrs. Joseph Faull has as a guest Mrs. O. D. Norman of Victorville. The women were neighbors many years ago in San Diego, California.

Mr. and Mrs. S. W. Frisby have moved to Mrs. J. B. Christian's rent house.

DONALDSON REUNION IS HELD AT CHRISTOVAL

Mr. and Mrs. Russell Donaldson, Mr. and Mrs. T. E. Donaldson, Mr. and Mrs. Sandy Donaldson and children, Mr. and Mrs. J. D. Holden, Mike Zaleski, and Mr. and Mrs. Orland Harris and family attended the Donaldson reunion at Christoval Saturday and Sunday. The 87 guests came from New Mexico, Oklahoma and Texas. Sunday's menu included barbecued buffalo, furnished by Virgil Limam of New Mexico and cooked by Orland Harris.

FUNDAMENTAL BAPTIST

The Fundamental Baptist church is holding a revival meeting with the pastor, H. B. Reynolds, in charge. J. C. Walker of Hobbs, New Mexico, is song leader. The church services start at 8 p.m. with prayer meeting beginning at 7:30. The ladies have a Bible study each morning at 10 a.m. The public is invited to attend any or all of these services.

BAPTIST W. M. U.

The First Baptist W. M. U. met Monday afternoon at the church with Mrs. J. C. Ratliff in charge of the business meeting. Mrs. J. B. Montgomery taught the Bible Study on Baptist Fundamentals. There were 13 members present.

Mr. and Mrs. John Alexander of Irving and their children Bobbie Jean and Betty arrived here Tuesday to spend the remainder of the week with the W. O. Alexanders.

Guests in the home of Mr. and Mrs. R. B. Anderson are their granddaughters, Sylvia Kerr of San Angelo and Phyllis Kerr of Marlin, who is also visiting other local relatives. The girls are here for a two weeks' visit.

Mr. and Mrs. J. D. Ashmore drove to Fort Worth Saturday night and returned home Sunday night. They made the trip to visit their son-in-law C. A. May, who has been ill in a hospital there.

Mrs. Fred Watson has been visiting in Kilgore and Tyler with her mother, Mrs. May Clark, and her sister, Mrs. Otis. Mrs. Otis had surgery last Tuesday and is doing fine.

First Lieutenant Jim Swaggart and Mrs. Swaggart of Walker AFB, Roswell, New Mexico, and Mr. and Mrs. Billy Kerr of San Angelo have been visiting in the R. B. Anderson home. Ronnie Kerr accompanied the Swaggarts home for a week's visit and will return to Eldorado by bus.

A guest in the home of Mr. and Mrs. Oliver Teele is her mother, Mrs. H. L. Potter of Eden.

Mr. and Mrs. D. C. O. Wilson had as weekend guests Miss Ruby Kettner and Mr. and Mrs. E. H. Crews of San Antonio.

Guests of Mrs. Hattie Blaylock Friday were Mrs. Jack Heffernan and Mrs. Lois Lackey of San Angelo, and their families.

Mr. and Mrs. Vernon Carroll spent the week end at their farm at Priddy.

Mr. and Mrs. W. O. Alexander drove to Houston Saturday to take home their little grandson, Ollie Alexander III.

Mrs. Martha Jo Morgan of Abilene spent last week with Mr. and Mrs. Vernon Hazelwood.

Mrs. Mabel Parker spent the weekend at Robert Lee with her parents, returning home Sunday night.
