Bi-District Winning Polo Team Heads for State Competition

Eldorado polo players won an easy victory over Lubbock Saturday night, to emerge as winners in the bi-district.

The score of 10-4 is an indication of the fact that Eldorado easily out-played the visitors. The over-all score with Lubbock, averaging the two games, placed Eldorado in the lead by 13 points.

A large crowd of visitors witnessed the game Saturday night, including rooters from Eldorado and other places throughout the district. Ben Aldredge of San Angelo announced for the entire game. Skeet Mace refereed for Eldorado and a San Angelo man for visitors.

This game places Eldorado in the lead in the semi-finals. The next two games, with an opponent yet to be decided, will decide state championship. Games in another district are yet to be played, and the winner, which may be Spur according to dopsters, will play Eldorado. The first of the two final games will be played in about two weeks—the time and place to be decided later.

Seventeen Typewriters Stolen From School

Thieves broke in to the Eldorado school building Tuesday night, and left with typing equipment valued at about \$3,000.00.

Missing from the typing room are 16 typewriters, and from the office an electric typewriter and an electric adding machine. The loss was not covered by insurance.

The thieves gained entrance

through the cafeteria, entering the hall from there by prying the door open. The theft was discovered at about 7:00 Wednesday morning. The grade building was not entered.

Wagner office supply house of San Angelo has loaned typewriters to the school so there will be no loss of class time before the typewriters can be located or replaced.

JAVA JUNCTION AGAIN OPEN; FREE COFFEE SATURDAY

Java Junction, which closed for business temporarily in June, was re-opened Wednesday, and the management will serve free coffee and doughnuts to the public all day Saturday, September 24.

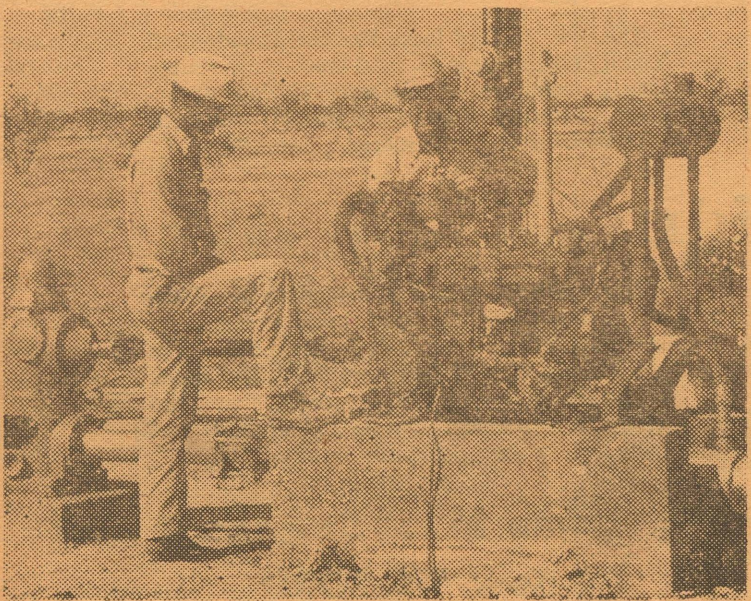

In general charge of the cafe will be Helen Williams of San Angelo, and her mother Mrs. Vera Snow of San Angelo will be cook. Also assisting with the business is Mrs. Maurice Dawkins, who has been a resident of Eldorado since January.

The managers state that they will give complete restaurant service, and they invite former patrons of the cafe to come in and get acquainted and meet their friends there.

The building which houses the cafe was built by Edmiston Estate, and is one of the newer and more modern buildings in the business district. All fixtures and furniture are also practically new and of attractive modern design.

Sunday guests in the home of Mr. and Mrs. A. J. Roach included Mrs. T. J. Bailey and Mrs. Davenport of Ozona and Mr. and Mrs. T. J. Cloud of Temple.

IRRIGATION VIEWS

DONALD WEST, farm manager, starts up the 65-horsepower motor which pulls the Peerless turbine pump on Parker Bros. new irrigation unit in Bailey Ranch community. One of the smaller units among Schleicher's new irrigation projects, this outfit is designed to deliver 200 GPM or more and was put in operation about ten days ago. Looking on while West is warming up the motor, is Leonard Miller. The two had been at work clearing trees and brush from the adjoining acreage in preparation for new cultivation.

Post Script

Some of the equipment needed for the inter-toll phone set-up has already arrived in Eldorado but it is thought it may be a year before it is in operation.

It seems that with this equipment we could dial long distance and get a place as far distant as New York, direct. The equipment is said to be quite complicated—as it would have to be.

Dailies serving this area, such as the Angelo, Dallas, Fort Worth and other publications, have all been running word puzzles, for which they offer a bonus to send in entries on post cards. Naturally we wondered how much the post card business had picked up—so we asked postmaster Waller.

According to his explanation, demand for post cards was heavy for awhile, but it's now dropped off considerably. It seems half of the extra demand is already gone—guess those 50 percent got discouraged.

Mrs. Robert Milligan has had a number of inquiries concerning her mist spray method of rooting cuttings, since the story appeared in our last week's issue. "One Woman wrote from Austin that she had seen the story and was very much interested," reports Mrs. Milligan.

She has "promoted" a box of rooted cuttings to the ordinary sun and water method, and says the cuttings suffered no set-back and are doing fine. One of these has a root system four inches long. Also several friends brought cuttings by and put them in the sawdust during Mrs. Milligan's recent absence from home.

Mrs. Milligan explains that the root hormone in which she dips the cuttings before rooting them seems to have something to do with their welfare, as one which she rooted without the hormone has a noticeably smaller root system.

Mr. and Mrs. George Humphrey announce this week the showing of their new Ford passenger cars and trucks, along with celebration of their first anniversary in business in Eldorado. Advertising appearing in this issue of Success tells of the details of the showing and describes the new 1956 model cars and trucks.

James Williams, former Ford salesman, is back on the job as salesman for the Humphreys—the rest of the crew are the same. The Humphreys bought out Charlie Trigg a year ago. Mr. Humphrey is in general charge and Mrs. Humphrey is bookkeeper.

City, County Trucks Put Out Blaze At Eldorado Wax Plant

The city and county fire trucks were called out Monday to put out a fire at the Eldorado Wax Co. plant near Huldale. The men had been making repairs on the salt bath heater, when the salt came out at a temperature of 600 degrees Fahrenheit, igniting the rubber hose and from there spreading to wood, oil and acid in the vicinity.

The damage is estimated at from \$100 to \$200. The men were making repairs Tuesday and expected to have the plant in operation in a few days. The late L. M. Hill established the plant.

Moore Well About Ready to Enter San Andres Sand

The Henry Moore wildcat water well, which is being projected down to see if the San Andres sand will yield water for irrigation—is getting to the point today where the answer will be forthcoming almost any moment.

Casing was set Tuesday to a depth of 750 feet. The formation at that depth was a hard lime, which is reported to over-ly the San Andres. Drilling operations were resumed and headway was being slowly made yesterday.

Mr. Moore reported Tuesday that the first thing to be done

EAGLES UPSET MELVIN FOR 24-7 WIN LAST FRIDAY

The Eldorado Eagles got their revenge last Friday night when they clawed the Melvin Bulldogs and defeated them 24-7—thus making up for a defeat of 25-6 suffered a year ago.

The first half of the game was a "dog-eat-dog" affair which found Eldorado trailing at half time 6-7.

Alert teamwork in the third quarter enabled the Eagles to block two Bulldog punts which resulted in scores putting the Eagles ahead 18-7.

In the fourth period, Eldorado began moving from its own 30 in a series of ground plays good to the Melvin 40. Jim Harris then broke through the Bulldog defense for a 40-yard jaunt and the last TD.

Score by quarters:
Eldorado 0 6 12 6-24
Melvin 0 7 0 0-7

Neighboring Games

While the Eldorado Eagles were strutting their stuff at Melvin last Friday, other nearby games were played with the following results:
Mason 19 ----- Menard 13
Ozona 19 ----- Coahoma 6
Sonora 59 ----- Bangs 31
Big Lake 26 ----- Rankin 0
S. A. Kittens 12 ----- Robert Lee 0

MAYO STATION IS ROBBED SUNDAY NIGHT

Johnnie Mayo's Cactus Station on South Main was robbed Sunday night of gas and some items from the building, according to Mayo, who found the door wide open and the lock lying on a showcase when he came to open the business Monday morning.

Only about \$10 in goods was taken. This included 16 gallons of gas, several rolls of pennies from the cash register, and a few other smaller items. Some damage was done to the cigarette machine when they tried unsuccessfully to open it.

No clue to the identity of the thieves has been uncovered. It is thought that the robbery was committed possibly by transients.

Treas. Mabel Parker On Board of Directors For State Association

Mrs. Mabel Parker, Schleicher County treasurer, spent the weekend in Fort Worth attending the state convention of the County Treasurers' Association of the State of Texas.

Special recognition was accorded to Mrs. Parker when she was appointed to the Board of Directors for the new year. There are five of these board members and the group meets twice during the year. During the convention this year, Mrs. Parker served on two committees, Constitution and By-Laws and Resolutions.

Mrs. Parker left her car at Brownwood and accompanied four other treasurers from West Texas, returning home Sunday night.

With two games—and two victories—behind them, the Eldorado Eagles tomorrow night will strut their stuff for the first time on the home grounds when they meet the Reagan County (Big Lake) Owls, here at 8:00 p.m.

One year ago the Eagles defeated the Owls 12 to 6 and it is likely that another close game is in prospect here tomorrow night. On Friday, September 9th, the Owls lost to Ozona 25 to 0, but they came back on the 16th to defeat Rankin 26 to 0.

Probable starters for the Eagles tomorrow night were listed as follows by Coach Algood:

Monty Hill ----- center
Herman Phillips ----- right guard
David Kuykendall ----- right tackle
Selwyn Taylor ----- right end
Kenneth Pennington or Herman Early ----- left guard
Bob Steward ----- left tackle
Bobby Jeffrey ----- left end
Rony Kerr ----- quarterback
George Sofge ----- left halfback
Curtis Stockton ----- fullback
Jimmie Harris ----- right halfback

On defense will be Domingo Pena, Reyes Robledo, John Dickens and David Holden.

Schleicher County fans will find that many improvements have been made on the athletic field this summer, including new fences, new gates, and new grandstand on the visitors' side. If the pleasant September weather continues to hold out it is very likely that all seating space and parking space will be filled.

School officials state that in order to assist the public in the use of the new improvements at the football stadium and secure maximum efficiency, these few instructions will be of great assistance. The gates of the parking area and of the field will be opened at 7:00 p.m., one hour before game time. All cars will park south of the fence enclosing the large grandstand; except those who wish to enter the gate east of large stand and drive around the east end of the track to the north side. This inside area will accommodate about 40 cars and no person will be given special privilege to enter this area as they come, until it is filled. All persons, in cars entering this area, must obtain tickets prior to entering the gate to this area.

The only cars to be permitted to enter at Gate 1 (old entrance) at the west end of the field will be: ambulances, doctor, law enforcement officers, school busses, football officials, one utility truck, team and band equipment vehicles. No other cars will be permitted at this gate; please help us not to embarrass you and us by requesting entrance at this gate.

The admission price for the games this year will be \$1.00 for adults, and 25c for students. Everyone will be required to have a ticket; these may be purchased at the Eldorado Drug Store from 8:00 a.m. to 5:00 p.m., on Friday of each week of the home games. No reserved seat tickets will be sold. The ticket booth is located at the west end of the large grand stand and will accommodate two lines at once.

The public's cooperation and patience in becoming familiar with the new facilities will be needed to make for a more enjoyable season, it was stated.

Among our neighbors tomorrow night we will find that Boerne will be over at Menard playing the Yellow-jackets; Melvin will be playing at Ozona; Sonora at Iraan; and Junction will play Mason.

JOHNSON BRINGS COUNTY FIRST BALE OF COTTON

Eldorado's first bale of cotton has come in and has been ginned at Mikeska's, according to announcement made recently by gin officials.

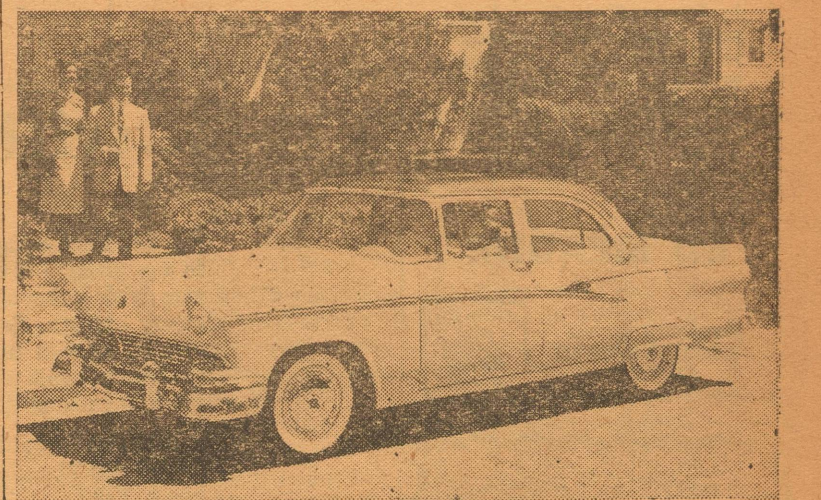

The bale was brought in by Lloyd Johnson from the Joe Edens place, and was bought by Payne Robinson.

Mrs. Lula May Smith of San Angelo and Mrs. Bob Evans, who is staying in San Angelo, were here Sunday.

VACCINE RECEIVED

Announcement has been made by the local clinic that they have received a supply of polio vaccine for commercial use. The vaccine is given in a series of three injections. The second injection is given in six or seven weeks after the first, and the third follows in about seven months. The vaccine is four dollars per injection and is administered on a cash basis only.

Recent guests in the home of Mrs. C. M. Reynolds were Mr. and Mrs. L. L. McFaul of Mertzon. Mrs. McFaul is somewhat improved after her recent illness.

SEDAN IN THREE SERIES—The four-door sedan, traditional American family car, is offered in three series by Ford for 1956—Fairlane, Customline and Mainline. Above is the Customline four-door in one of the 21 two-tone paint combinations offered on models which will be displayed by dealers Friday, September 23. A lower roof line, restyled grille and parking lamps, a new design of body side moldings are among 1956 Ford appearance changes. Thunderbird Y-8 engines in Fairlane models develop 202 horsepower for Fordomatic drive, or 200 hp for overdrive or conventional drive. In the Customline and Mainline, Y-8 engines produce 176 hp for Fordomatic, or 173 hp for overdrive or conventional drive. The 137 hp Ford I-Block six also is available in all models with all transmission types.

Preliminary Plans Made For Scout Fund Drive

Organization of teams for the Boy Scouts' drive for \$83,000 in the Concho Valley council was announced recently by Charles E. Coombes, Jr., Council Campaign chairman. State campaign chairman is Gov. Allan Shivers.

All communities in Texas are conducting finance campaigns on one day, October 25, except in towns where the Boy Scouts share in the United Fund or Community Chest campaigns.

"We aren't asking for much when you consider the enormous dividends that Scouting pays Texas," workers said. "This year the Scouting movement included 165,000 youngsters of all races, religions and economic backgrounds. These are future Texans. And through Scouting these youngsters achieve fellowship, personal progress, adventure and opportunities for service to others."

Community campaign chairman for Eldorado is Ed Meador. Other chairmen are: Arrangements, W. R. Bearce; special gifts, Fred Watson; prospects and rating, Gus Love; publicity, Bill Gunstead; and audit, Patton Enochs.

Each of these will have numerous other volunteer workers to help with plans for the one-day campaign.

S. S. CLASS PICNICS AT SYKES RANCH

The LOA Sunday School Class of the First Baptist Church had a picnic supper at the Bob Sykes ranch last Thursday night. Those attending included Mr. and Mrs. Joe Wagley, Mr. and Mrs. T. P. Robinson Jr., Mr. and Mrs. Jack Montgomery, Mr. and Mrs. Bill McGee, Mr. and Mrs. Roger Van Cleve, Mr. and Mrs. Charles Love, Mr. and Mrs. W. A. Algood, Rev. and Mrs. Hancock, Mr. and Mrs. Joe Andrews and Mr. and Mrs. Guy Whitaker. The class presented a hand painted picture to their retiring teacher, Mrs. T. P. Robinson Jr. Mrs. Charles Love will be the new teacher of the class.

ATTEND SONORA MEETING

Six from Eldorado attended a training meeting Sunday afternoon in Sonora for workers in the coming Boy Scout fund drive, which has been set in Concho Valley Council for October 25.

Those attending were Gus Love, W. T. Whitten, W. I. Bearce, Fred Watson, Patton Enochs, and Bill Gunstead.

"42" CLUB MEETS

Mr. and Mrs. Jerry Pennington were hosts to the 42 Club last Thursday night in their home. The four tables of players were club members and the following guests: Mr. and Mrs. James Williams, Mr. and Mrs. L. W. Chrestman, and Mr. and Mrs. A. D. Williams.

"State Farm has saved me money year after year"

writes car owner James C. Dunlap of Dallas, Texas

"In addition, my claims have been promptly, fairly and courteously handled. I have always felt that you have been representing Me and not just merely handling a business transaction."

More car owners insure with State Farm Mutual than with any other company. Here in Texas, State Farm has paid substantial dividends to policyholders for the last 20 years. For full details on State Farm's "careful driver insurance," simply give me a call.

From where I sit... by Joe Marsh

...Makes a Man Healthy, Wealthy—and Tired!

Sandy Peterson's nephew Pete has gone back to college. He worked on Sandy's farm a couple of months last summer to get hardened up for football.

He seemed to enjoy farm life all right—but like most city kids it took him some time to get used to a farmer's schedule.

Sandy claims that when he went in to wake Pete—on the first morning—the boy looked up startled and asked what time it was. Sandy replied it was four-fifteen. "Gee," Pete murmured, "if we're going to do a day's work tomorrow you'd better get to bed!"

From where I sit, we must have heard a million stories like that. But they show how some people assume their customs are the only proper ones. To most city folks getting up at 4:15 seems odd, because they don't do it. Just like some people don't think enjoying a glass of beer is "right" . . . because they happen to prefer another beverage and haven't waked up to the fact that everyone has a right to his own choice.

Legal work pertinent to the securing of the Riggs Hotel has been completed and heirs of the Riggs estate have given this property to the community to be used as a historical museum in memory of Mrs. Annie Riggs. —Ft. Stockton Pioneer.

Estimate Delayed

After conferences with members of local flood control committees, the Crockett County Commissioners Court has temporarily shelved a previously agreed plan to order an election next month on the question of issuing \$200,000 in Crockett county bonds for the purpose of meeting this county's estimated share of the proposed Soil Conservation Service system of detention dams to harness flood waters of the Johnson Draw watershed. —Ozona Stockman.

Sterling City's First Mayor

John Walraven was named mayor of Sterling City by voters last Friday in the city official election. Walraven's closest opponent was Foster Sims Price, who received 88 votes to Walraven's 108. A number of others received from one to four votes for mayor.

A total of 242 voters took part in the election. All names of candidates were written in. No names had been printed on the ballots. —Sterling City News-Record.

Kills Three Javelins

Bill Freitag was in Mertzon Wednesday with three javelina hogs tied to his pick-up and one small one he captured alive. Mr. Freitag said the hogs had killed over a hundred lambs for him. The javelinas are not a native of this country and seldom seen much west of the Pecos River; where these came from is a mystery to him. He has known for some time they were there but had been unable to capture them. However, he caught them at work Wednesday and ended their career in short order. —Mertzon Weekly Star.

AUSTIN. Granite in the capitol building is more radioactive than the dirt being used by Texas' mushrooming uranium dirt-sitting businesses. So say state health department officials.

Landowners near uranium strikes have erected benches and charge patrons \$2 to \$3 an hour to sit with their feet in the supposedly irradiated dirt. Hundreds of people seeking relief from arthritis and other aches have patronized the places.

After analyzing the dirt, Dr. Henry Holle, health commissioner, said that dirt-sitting does no actual harm—except that it may encourage an ill person to delay visiting a physician.

Farm Hearing Slated

Texas farmers can have their say on federal farm policy at a U. S. Senate committee hearing Nov. 5 in Ft. Worth.

John C. White, state agriculture commissioner, is arranging the meeting at the request of the committee chairman.

Drought Aid Sought

Federal disaster aid is being sought for Texas' drought-stricken areas. Gov. Allan Shivers asked President Eisenhower to designate as disaster areas counties to be specified by the U. S. Department of Agriculture state drought committee.

Crop Production Falls

Texas crops are falling below estimates, according to the USDA. Although above-normal amounts of rain fell in some areas, it did not come where and when it was needed most, said the report. Eastern and southeastern counties, where harvest already had begun, were soaked. But in the west and northwest, dryland cotton and sorghum fields languished.

Short Snorts

Former Deputy Secretary of Defense Robert B. Anderson, once considered a possible gubernatorial candidate, is apparently out of the running. He is to become president of Ventures, Ltd., a Canadian holding company with mineral interests spread over two continents.

Selection of a new Democratic National Committeeman, to replace ousted Wright Morrow, has been postponed by the Democratic State Executive committee until Oct. 6. Also it will meet in Waco instead of Ft. Worth.

Texas received another batch of 157,644 "shots" of Salk polio vaccine from Eli Lilly and Co. of Indianapolis. It went direct to commercial drug channels, to be used outside the school program, on doctors' prescriptions.

Irving school teachers, accused of "going on strike" in protest when their superintendent was temporarily fired, won a victory in district court in Austin. Judge Jack Roberts denied an application of Irving taxpayers seeking to compel Commissioner of Education J. W. Edgar to forfeit the teachers' certificates. Judge Roberts ruled that the plaintiffs had no justifiable interest in the matter, and that the courts probably had no jurisdiction.

Adlai Stevenson will make a non-political speech in Austin on Sept. 28 in UT's Gregory gym.

Texas contractors look to 1956 as one of their biggest years in history. Future building projects already approved by federal, state and local government units total \$1,760,909,219. Construction during the first eight months of 1955 totaled \$613,610,219. That's \$58 million over the same period last year.

Bond issues hit an all-time high of \$426 million on public works projects in Texas cities, counties and school districts during the past year.

CALVES ON THE GROUND ARE LIKE

MONEY IN THE BANK

It costs a lot of money to keep a cow. A lot of that money is lost if she fails to settle or drops small, weak calves that die or develop into "tail-enders."

BIG CROPS of husky calves are a must, if a fellow is going to make money ranching. This is especially true when the price of cattle is off.

Your range needs help. It takes more than grass alone to give your cows what they need to grow and drop the kind of calves that will bring top prices next fall.

PURINA RANGE CHECKERS have proved their worth in research tests and on thousands of ranches. This favorite range supplement has what it takes. Cattle love Checkers, do well on them. Cows stay up in good shape at calving time, have lots of milk for the calves, too.

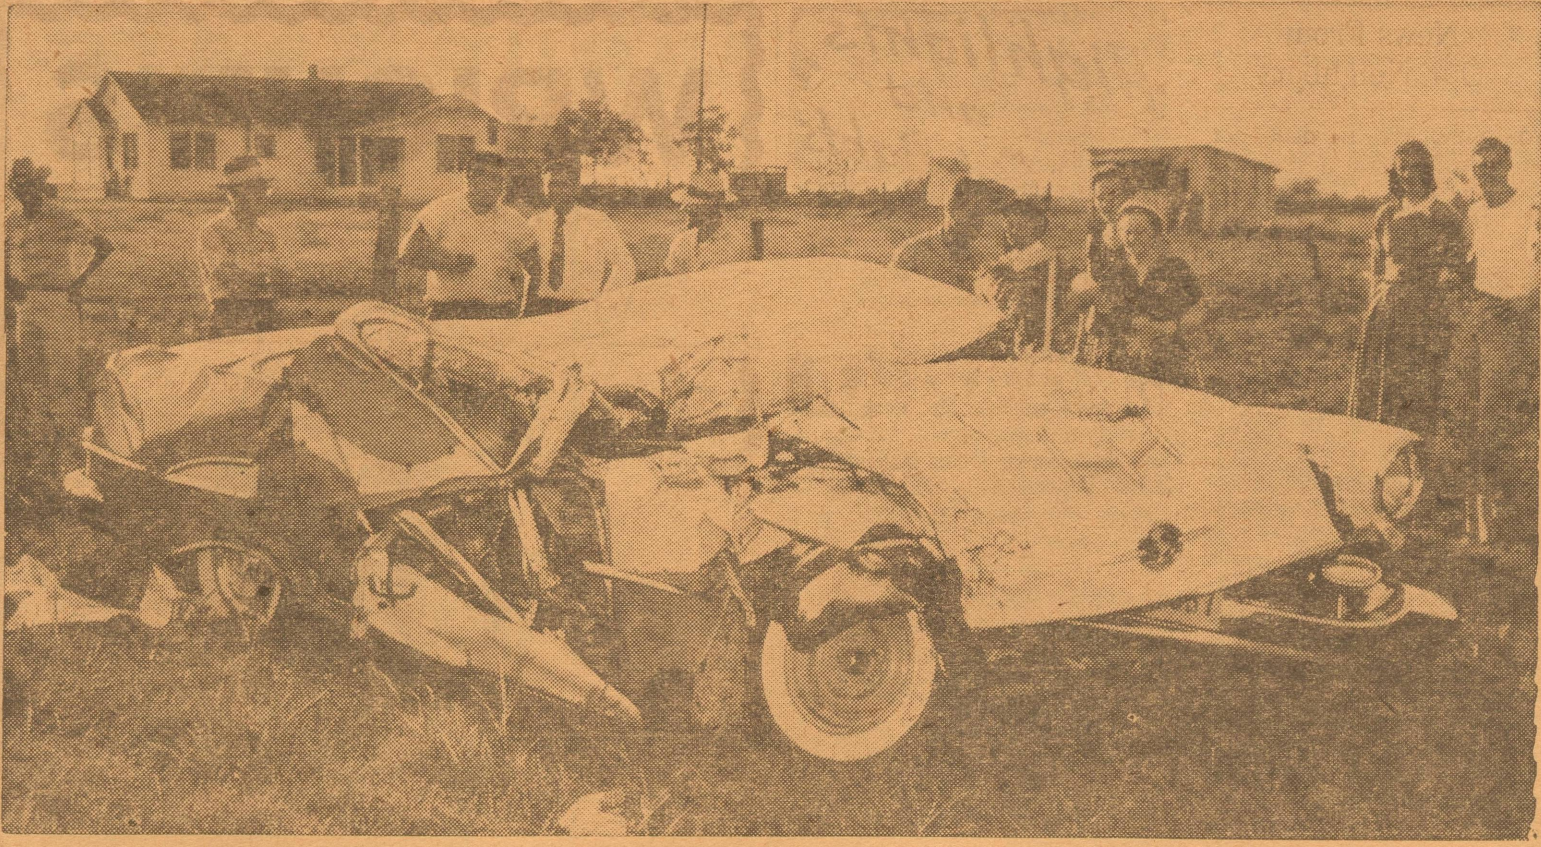

Feed for big calf crops the Purina Way. Purina Range Checkers can help you keep your operation on the profit side of the ledger.

P.T.A. OPENING MEETING IS HELD; PAUL PAGE LEADS

Paul Page was leader and the program topic was The School, yesterday and today, when the Eldorado PTA met Tuesday night at 7:30 in the school auditorium for the first meeting of the year.

Rev. Stearns gave the invocation and James Parker and Ray Lewis Ballew presented the flags with Mack Stephenson leading the assembly in the pledge of allegiance.

Mrs. M. D. McBurnett, president, announced that there would be no business meeting and turned the program over to program leader Paul Page.

The first number on the program was a demonstration of modern teaching methods presented by Mrs. Jewel Miller and her first grade students. The second number was a demonstration of past teaching methods with Carolyn Hall as teacher and a group of high school students playing the parts of students in the days of the little red school house. This group gave a pantomime of the song, "The Little Red School House" with Mrs. Oliver Teele at the piano. The final number was presented by a group of adults in the role of very young students dating back to the time of the one-room one-teacher school. The teacher was Mrs. Roy Phelps and the parts of the students were played by Mr. and Mrs. Gus Love, Eldon Calk, Dick Preston, Mrs. Lionel Ballew, Mrs. Jack Hext, Mr. and

Mrs. Palmer West, Roy Phelps and Mrs. Marvin McAngus.

Mrs. Carroll Ratliff announced that the program for the October meeting will be on driver's education and invited all parents and students to attend.

The room count awards went to Mrs. Miller's first, Mrs. Whitaker's fifth, the eighth and eleventh grades.

The social committee served refreshments in the cafeteria at the close of the meeting.

SOCIAL SECURITY OFFICER TO BE HERE TOMORROW

Holly E. Rees, officer in charge of the San Angelo social security office will be in Eldorado, Friday, September 23. He will be in the District Courtroom a part of the afternoon, beginning at 1:30 p.m.

An amendment to the social security law of importance to men and women in the armed forces was enacted by Congress, Mr. Rees pointed out today.

Under this amendment, he said, social security wage credits for active service in any branch of the Armed Forces is extended to April 1956.

Mr. and Mrs. Robert Nixon visited last week in Hobbs with their son-in-law and daughter, Mr. and Mrs. Allen Hinton, and in Littlefield with relatives. They spent the weekend in Big Spring with another daughter and son-in-law, Mr. and Mrs. F. A. Franklin.

Lions Hear Cong. Fisher And Football Prospects

O. C. Fisher, Congressman from the 21st Congressional district for the past 13 years, was speaker at yesterday's Lions Club meeting in the Memorial building. The Congressman has been going over the 27-county district since August when the session ended.

Legislation pertaining to the drouth disaster area which had been accomplished during the recent session, was discussed by the Congressman. The bracero program was extended for 4½ years, and some drouth loans were being made, he said.

Gas-producing states presented a united front in putting through a measure saying that the government did not have right to set price of gas at the well-head. This measure passed the House by six votes. Previously, in the Phillips case, the Supreme Court had ruled that the government could set the price of gas at the well-head since the gas was sold into interstate commerce.

Congressman Fisher pointed out that the bill passed by the House would be a step retarding the trend toward bigger government, and would encourage gas exploration and production, since the industry would be less hindered. The measure has yet to pass the Senate.

On the subject of foreign affairs, Fisher reported that the recent session reached the highest peacetime level of bipartisanship. Republicans and Democrats had shown a united front in authorizing the President authority to repel aggression in Formosa.

Recent changes in Russia's attitude toward the West were pointed out as a possible strategic retreat, citing the withdrawal of Russian troops from Austria and Finland.

The Congressman was introduced by Joe Andrews, Lion Tamer.

Football Prospects

In other parts of the meeting, the club heard Coach W. A. Algood discuss the Eagles' first home game, which is with Big Lake, tomorrow night. The coach reported boys out for football from the classes as follows: Seniors, 5; Juniors, 17; Sophomores, 3; and Freshmen, 9.

The Eagle squad has two victories under their belt, but may be outweighed by some opposition to come, it was pointed out. Fullback Curtis Stockton has been handicapped because of some trouble with a leg, and without him the backs would average 137, while the line averages 149-50.

Ladies nights in the offing are set for October 4, when the local club meets with the Sonora club; and October 13, when the club entertains the Eldorado school faculty.

W. A. Algood, Byrl Clayton, and Weldon Snodgrass were reinstated to membership.

A \$25 savings bond was voted as a prize to the winning Senior essay on "The Oil Industry, Friend and Citizen."

TWIRLERS ELECTED FOR JUNIOR HIGH

The Junior High School elected their twirlers and cheer leaders at a meeting early this week. Elected were: Linda Bess Love, Judy Wyatt, Genelle McCalla, Judy McGregor and Janice Meador, twirlers, and June Williams, Sylvia Thompson, Sandra Hall, Linda Jones and Mary Ann Nixon as cheerleaders.

Mr. and Mrs. Frank Van Horn are on a two-week vacation.

Changes Are Given In Oil Progress Week Special Activities

Eldorado Lions, at their meeting yesterday, voted a \$25 savings bond as a prize in the essay contest on "The Oil Industry: Friend and Citizen," in the senior class of the local school.

The contest is being conducted on an area level by the West Texas Area of the Oil Industry Information committee, and has prizes of scholarships worth \$500, \$300 and \$200.

Community OIIC committeemen will be judges. September 30 is the deadline for entering.

Since the Lions club will not meet October 5, because of a ladies' night the night before in Sonora, the showing of "Barrel Number One" has been moved up to Sept. 28, which is next Wednesday.

CONGREGATIONAL WOMEN ORGANIZE SOCIETY

The women of the Congregational Methodist Church met Tuesday, September 20 in the home of Mrs. Wylie Hight to organize a women's missionary society. There were seven women and four children present.

Mrs. O. D. Cox gave the devotional. Officers elected were Mrs. Wylie Hight, president; Mrs. Ethel Walker, vice president; and Mrs. Earl Parker, secretary and treasurer. Mrs. W. L. Taylor gave the closing prayer.

The Society will meet every first and third Tuesday at 2:30. The next meeting will be October 4 at the church and anyone interested is urged to attend.

Mr. and Mrs. L. E. McCalla and children returned home Sunday from a weekend trip to Santo where they visited his parents, Mr. and Mrs. G. A. McCalla, her parents, Mr. and Mrs. F. M. Wheeler, and other relatives and friends.

Mrs. J. A. McCoy and Miss Grace Nell McCoy of Brady spent the weekend with Mr. and Mrs. Jake McCoy. Mrs. McCoy remained for a longer visit.

Weekend guests in the home of Mr. and Mrs. W. G. McAlpine included Mr. and Mrs. Wesley McAlpine and baby of Ft. Stockton and Mr. and Mrs. Roy Crider and children of Iraan. Mr. and Mrs. Chider stayed until Monday and took their son, Ricky, to San Angelo for a medical check-up before returning home.

FRANK CLARKE TO BUILD NEW ANDREWS ADDITION

Frank Clarke, foreman at Thomson T Circle Ranch, will leave on the first for Andrews County, where he will open a new addition to the city of Andrews, using land from his farm, which adjoins the city limits. Mr. Clarke will build as long as there is demand, he states.

Already on the job at T Circle is Claude Doyle, new foreman, who had 15 years of experience in similar work with the Virge Tisdales and three with Edwin Jackson. The couple, and their three children, Bernell, a Senior; Jerry, a Freshman, and Jimmie, state highway employee, will occupy the three-bedroom house on the ranch as soon as the Clarks move.

The place is about six miles from Eldorado, and the house is a mile from the school bus route.

Mrs. Tom Allen of Fort Worth and Mrs. Winnie Mitchell of Glen Rose visited Tuesday to Thursday with their brother, Jack Clark and other relatives. Another guest in the Clark home was Mrs. Nadene Luts of Ft. Worth who is a niece of Mr. Clark.

Cub Scouts Open Annual Gonzales Foundation Fund Drive

The Cub Scouts have begun a county-wide drive for funds for Gonzales Warm Springs Foundation, according to Fred Watson, county permanent chairman.

The drive will continue on through September 30. It will include a campaign for funds conducted by the boys, and placing of cans in business houses for free-will offerings.

Born of Texans' love of children and nurtured by the generosity of Texans from every corner of the state, the Gonzales Foundation today offers a haven of hope for the thousands of physically handicapped youngsters who are stricken each year by disease and disaster.

Residents of the county are urged to contribute generously to this worthy cause.

The annual meeting of Area II Texas Association of Soil Conservation District Supervisors was held September 9th in Sonora. The day was divided between conducting the business of the association and in looking over the results of conservation practices. As part of the business activity, Mr. Tomlinson of Loma Alta was elected Area II president succeeding the late H. C. Noelke.

The supervisors were given the opportunity to see what range pitting, seeding, and deferring would do for bare rangeland. The field tour covered a pasture of 367 acres leased from Herbert Fields by the Edwards Plateau Soil Conservation district.

It was the contrast between pitted and unpitted land that really took the attention of the visitors. Here you could see what really happens when nature is given a little assist. Where the land was both pitted and planted a good stand of grass was observed. Even where it was pitted and not seeded the ground cover was coming along fine. The areas left unpitted could

show little results from the 12 inches of rainfall it had this year. To anyone interested in pitting it would be an interesting and worthwhile trip to make. This will really show what can be done to cover up our bare areas with good grass.

J. Forrest Runge, chairman of the Board of Supervisors, Eldorado Divide Soil Conservation district, County Judge W. R. Bearce, and Wm. Rountree, work unit conservationist, Soil Conservation service, attended the meeting from Eldorado.

The High School FFA students accompanied by their instructor Oliver Burk, J. Forrest Runge, J. W. "Buck" Davis, Max Schrader and Lloyd Johnson of the Soil Conservation Service spent Tuesday morning Sept. 20th looking over the pitting trial area at Sonora.

On October 4th the landowners within Zone II of each Soil Conservation district will vote to elect a supervisor to represent them. Ernest Foster Jr. of Knickerbocker is the Eldorado-Divide supervisor from this zone.

County Extension News

W. G. Godwin, Co. Agent

It is drawing close to the time of the year when producers are thinking about selecting the best available ewes to breed for maximum production and wool and lamb.

All producers in the county have the sheep for the start in a program that will amount to dollars and cents on the head basis if a simple selection program is followed. There is nothing complicated about this selection program. It is as simple as this: (1) I want to put to work the law of averages on my flock and (2) I want the law of genetics working to my advantage. In other words I want my best rams with my best ewes, my next best rams with my next best ewes, etc. This gives every ram and ewe the best chance to reproduce those desirable characteristics of the breed in their off-spring.

Producer's Part In The Program

The producer will pen all ewes and rams on the ranch and make a

crowd chute and cutting chute available, if possible. Every ewe will be classified either blue, red or green. The blue classification is the highest which is a ewe that has size, staple length, fine wool, open face, free of excessive neck and medial folds and conformation suitable to the breed. The red classification is the same in regard to staple length and fineness of wool but may fall down in one or more of the other classifications. The greens are those ewes that do not have staple wool or fineness, or barren ewes or have had the udder destroyed by pink-bag or carry excessive neck or medial folds or hereditary characteristics. These ewes are put through the chute and cut accordingly. They are classified ewes.

The same procedure is used on the rams. The blue rams are turned to the blue ewes the red rams to the red ewes for breeding. If market prices are not satisfactory for the green ewes the green rams are turned in with green ewes. Here is the place for black-face bucks in your breeding programs. The green ewes if kept are the first to be replaced and no re-

placements are to be kept from the green ewes. Replacements will come from the blue ewes and top 10-20% of the red.

Now, the producer has his flock classified and paint branded accordingly and will keep each ewe so branded together with the ram so branded during the breeding season. What can the producer expect from this type of a selection and breeding program?

For the first time in the producer's life you have released two powerful factors: (1) the law of genetics, and (2) the law of averages. These factors are now at work on the same amount of grass and supplemental feed as former methods. Your program of Soil Conservation, controlling external parasites and general Animal Husbandman practices are the same. When you grow a top product you will have more interest in correct preparation of wool.

You can expect from this selection program the greatest amount of meat and wool possible to grow from this flock when you put into practice a sound selection program. Because each animal has been so classified that the offspring has all the advantages of being heavier and producing fine staple wool as staple length increases up to a certain point, the poundage is heavier, the wool worth top prices.

It is impossible to answer all the questions that may arise from an article but remember this: the program is devised to help any sheep or goat flock in the county. In other words work the program for your financial improvement and not let the program work you.

Perhaps the above system is impossible to put into effect on your ranch. There are other methods of applications that will work on your ranch that will give your flock improvement. Put to work this sheep selection program according to your management problems, we have explained a selection method that will give you the quickest improvement possible.

If I can be of any service in helping you classify your ewes and rams, let me know.

W. G. Godwin.

H. Nixon's Daughter Weds In Old Mexico

Wilma Fay Nixon, daughter of Mr. and Mrs. Hanson Nixon, and Bob LaCombe were married Wednesday night in Mexico. The couple was attended by Mr. and Mrs. Jim Tucker. The couple visited Friday with her parents and left Saturday morning for Craig, Colorado, where he is a surveyor with Hanley Surveying Co.

The bride was reared in Eldorado and was a sophomore in the local high school. The groom was reared in Alexandria, Louisiana, and graduated from high school there. He has been employed by Hanley Surveyors for the past three years.

GLENDALE H. D. CLUB

Mrs. Ray Alexander gave a demonstration on copper tooling when the Glendale H. D. Club met at the Memorial Building September 15. There were six members and one visitor present.

The next meeting is scheduled for September 29 at 9:00 a.m. in the home of Mrs. Ed Meador. At that time a demonstration on cream puffs and chicken a la king will be given by Mrs. Vida Krecklow, county home demonstration agent.

DAR CONSTITUTION PROGRAM

The El Dorado Chapter, D. A. R. held its first meeting of the year, Thursday afternoon at the Memorial Building. The Regent, Mrs. Mary D. Coupe, presided and read plans of the State Regent for the coming year's work.

Since this is the 168th anniversary of the signing of the Constitution of the United States, one of the main objectives of the President General is to make an effort in each community to get the people to become better informed on our Constitution and what it means to them. Mrs. L. M. Hoover, chairman of the committee on Observation of Constitution Week, Sept. 17-23 made a report on the activities which have been carried on in this community.

The theme of the year's programs is: "Protect America's Future Through Patriotic Education" and the report of the National Defense Chairman, Mrs. Bailey Montgomery was on this subject.

Mrs. W. O. Alexander was leader of the program for the after-stitution" and a paper was read on this subject. Mrs. V. G. Tisdale discussed "George Mason and the Bill of Rights." The message of the President General was given by the Regent.

Hostesses for the afternoon were Mrs. W. F. Meador Sr., Mrs. J. E. Hill and Mrs. Horace Linthicum. Present were one guest, Mrs. Thad A. Thomson and fifteen members. —Mrs. L. M. Hoover, reporter.

First Baptist News

September 19-20

Monday and Tuesday were the dates for the annual meeting of the Concho Valley Association. The meeting was held at Park Heights Baptist Church in San Angelo Monday night and all day Tuesday. Several of our membership attended these meetings.

September 21

Due to several conflicts with our usual Thursday night young people's program each week, we have found it necessary to change our meeting from Thursdays to Wednesday afternoons. Yesterday was the first time this was done this year, and we are hoping that our young people will respond to this new program of activities for them. The definite time for meeting will be set at a later date, but the tentative schedule is for them to meet at 5:30 for visitation, supper at 6:15, followed by choir practice and fellowship, and then our weekly prayer service each Wednesday evening. If any of our young people have any suggestions to make as to the improvement of this program, please contact the pastor or the associate, or one of the three young people on the program committee, Herma Whitten, Becky Mund, and Joe Ray Stanford. Any suggestions will be appreciated.

September 24

Young People! Intermediates! Don't fail to be with us for our

monthly Concho Valley Association Youth Rally at Baze St. Mission in San Angelo this coming Saturday evening. Those who plan to go will please meet at church at 6:45 that evening. We always have good programs for our young people, and any of our Eldorado youth are urged to attend with us and enjoy this evening of fun.

September 25-30

Following Promotion Day on Sunday the 25th, members of our Sunday School will study the book, "A Church Using Its Sunday School," by J. N. Barnette. We will meet on Monday, Wednesday, Thursday and Friday nights, with our Monthly Sunday School Meeting on Tuesday, the 27th. All of our workers are urged to take advantage of this week of inspiration and study. On Friday evening we will be dismissed in time to attend the Eagle football game, so no one will have to worry about missing it.

Mr. and Mrs. Lum Burk spent the weekend in Strawn and Abilene where they visited her parents, Mr. and Mrs. J. W. Wheeler, her sister and brother-in-law, Mr. and Mrs. Bruce Inman, their daughter and family, Mr. and Mrs. Jodie Whitten and children, and Mr. and Mrs. W. M. Patterson.

Mr. and Mrs. R. J. Alexander of Vincent spent the weekend with Mr. and Mrs. T. H. Alexander and Mr. and Mrs. Ward Parks. Mr. and Mrs. Parks accompanied them home for a visit.

This Sunday is Rally Day in the Church School. All will assemble in the Sanctuary at 9:45 for a special program, the subject being, "Go! Make Disciples of All." Mrs. Edwin Jackson is in charge of the program.

On Monday night the following are to be guests of Mid-Texas Presbytery at a dinner at the Angelus hotel in San Angelo. Leslie L. Baker, Edwin M. Jackson, Sr., Lum Burk, Mrs. James Page and James L. Spencer. It is a stewardship program.

The worship services this Sunday night will be conducted by the Women of the Church while the men are attending the Presbytery-wide men's rally being held at the Presbytery camp at Cisco, Texas. Immediately following the morning worship the men will take off for Cisco where they will enjoy a splendid program, a good supper and fine Christian fellowship from all over this part of the state. Mr. Andrew Eddington, president of Schreiner Institute, is to be the principal speaker. All men of the community are cordially invited to attend.

The first Sunday in October is the beginning of a new year in our Church School. It is annual promotion day and the new teachers and officers of the school will be installed in a ceremony of consecration and dedication. This will take place at the opening of school in the sanctuary at 9:45.

Mr. and Mrs. Hoyt Townsley of Buda spent the weekend with Mr. and Mrs. Solon Boothe.

Mr. and Mrs. W. E. Terry and baby of San Angelo visited Sunday with Mr. and Mrs. J. D. Ashmore and Mr. and Mrs. Edgar Spencer and family.

The Busy Bee 4-H Club will not meet this Saturday as previously announced. This meeting has been postponed and the members will be notified when a new meeting time has been set.

Mr. and Mrs. Aaron Steward took Jack and Jim to Abilene where they are attending ACC. They visited with Mrs. Charlie Gardner at Abilene and Mr. and Mrs. Ralph Steward at Tye.

Mr. and Mrs. W. J. Steward of San Angelo and Mr. and Mrs. Alfred Steward of Rocksprings visited last Sunday with Mr. and Mrs. Aaron Steward.

Mrs. Laman Hazelwood, Mrs. Vernon Hazelwood, and Mrs. Martha Jo Morgan visited Sunday in San Angelo with Mrs. Jerome Mitchell who is ill in the Shannon Hospital.

Jean Kuykendall of Brownwood spent the weekend with her parents, Mr. and Mrs. Allen Kuykendall, and they took her back to Brownwood Sunday.
