LIONS TO NUMBER HOUSES AND ERECT SIGNS ON STREETS

A project that has been mulled over for some time now seems to be coming to a head, as the Lions Club members announce they will undertake to number all the houses in Eldorado and erect street signs throughout the city.

Committeemen have been at work for some time with city maps, working out a system of numbers, and arrangements are being made for supplies and materials which will go into the system.

Some material and labor will be donated, but there will also be a certain amount of cash necessary for some purchases. In order to help defray the cash expenses the Lions propose to sell the metal numbers to householders, and use the profits on the cost of street signs.

House owners will be contacted in the near future, and more information will appear in this paper as the work unfolds.

Cotton Meeting Is Set For February 9th

Mr. Fred Elliott, cotton specialist, will be in Eldorado, 2:00 p. m. Thursday, February 9, to discuss with producers, cotton varieties adapted to Schleicher County, both dry land and irrigated. His discussion will include the best varieties from strength of fiber, length, yield, length of maturity and other characteristics of cotton.

Howard W. Zuch, cotton ginning specialist, will discuss gin trash, its value and disposal. Blueprints on cotton trailers and handling cotton prior to reaching the gin will be discussed from the economic view.

Freeman M. Fuller, Jr., entomologist, will discuss cotton insects. Early season poisoning will be discussed in detail.

This is an opportunity for the producers of cotton to see why the adapted varieties are of utmost importance in cotton production. The milling process has been stepped up 50% in the last few years, hence the need for producers to look for a variety to receive the best price and meet the demand of the cotton trade.

If at all possible all cotton producers should plan to be at the Memorial Building February 9.

Nearly 700 farmers and ranchers attended the 1956 annual convention of the Association of Texas Soil Conservation districts held at Lubbock January 18, 19, and 20. It was estimated that many more than this number came to see the agricultural exhibits. The various soil conservation districts were represented by a total of 211 supervisors. The icy roads and snow kept many more from coming.

The Soil and Water show was the largest in the association's history. There were 57 exhibit booths. The association members chose Tyler as their 1957 convention city.

Among supervisors from this area who were elected to serve as officers for 1956 were John Royal of Menard who was re-elected president and George Tomlinson of Del Rio elected as vice-president.

Supervisors of the Eldorado-Divide Soil Conservation district are starting to make plans for their 1956 grass and soil judging contest to be held this spring.

Two Schleicher County mothers entertained with a joint birthday party Thursday afternoon honoring their little daughters.

Mrs. Jack I. Mowrey honored her daughter Jeanette, who was four years old, and Mrs. Howard Derrick entertained in honor of her daughter Linda, who was three. About 30 attended.

Mrs. Mowrey carried out the Alice in Wonderland theme in the decorations and the masks and whistles, which were the favors. The nut cups had Alice in Wonderland trim, and were served with cup cakes and punch.

Linda's guests were served cup cakes topped with roses and candles, and punch. Favors were bracelets and rings for the girls and planes for the boys.

Linda's cake was decorated in the doll theme, and Jeanette's was topped with Alice in Wonderland. Movies were shown as part of the entertainment. Parents who attended were served cake and coffee.

Guest of Mr. and Mrs. H. C. Hagler was her mother, Mrs. R. L. George of Coleman.

Lilburn Hazelwood and family of Temple visited here Saturday and Sunday. They have three children, Lonnie, Dannie and Mary.

Mrs. J. T. Ballew of San Angelo had major surgery at Shannon hospital last week and is reported to be doing well.

Mr. and Mrs. A. A. Cooper of Big Spring spent the weekend with the E. E. Newlins.

Mr. and Mrs. Irvin Grosshans of San Angelo visited Friday night with friends, Mr. and Mrs. Odes Jeffrey.

completed work on his reservoir and has nearly completed the installation of his pump. Mr. Mittel salted the bottom of his reservoir in an effort to get a bottom which would hold water better. Soil Conservation Service technicians will make a topographic map of his field and run lines for his ditches and rows when his preliminary leveling is completed.

The irrigated field at Pete Parker's has been completed. His ditches were built and his rows laid out the first part of January. He started his watering several weeks ago but his motor broke down. He states it was completely satisfactory at that time.

Ross McAngus has completed another field of terraces on his farm. He constructed these terraces with his farm tractor and one-way plow. Lloyd B. Johnson, Soil Conservation Service, who checked these terraces for completion says, "They were built higher and wider than the district terrace specifications call for. This shows that you can build a satisfactory terrace using your own equipment. They'll really accomplish the moisture and soil conserving job Ross needs."

LINDA IS FIVE

Mrs. Al Orsak entertained 15 children with a birthday party Friday, honoring her daughter Linda Carl, who was five years old. The hostess served birthday cake and punch.

Mrs. John Luedecke was in Kerrville Sunday to attend the funeral of a half brother, Houston Smith. She accompanied Menard relatives.

YOUNG COUPLE ENROLL AT TECH AFTER WEDDING

The double ring ceremony united Nell Williams and Thurman Atchley of Dudley in marriage Sunday afternoon, Dr. Paul Witt, head of the chemistry department of ACC, Abilene, officiating, at the Rock Church of Christ.

The bride is the daughter of Mr. and Mrs. Cecil Williams of Schleicher County and the groom is the son of Mr. and Mrs. L. L. Atchley of Dudley.

Nearly 100 members of the church and close friends and relatives attended the wedding. The couple pledged their vows before an arch of greenery and baskets of white mums.

For the ceremony the bride wore lace over white satin, and finger tip veil caught with pearls. Her bouquet of glads had an orchid center which topped a bible, and later made the orchid corsage which she wore with a tweed wool suit with brown accessories as a going-away costume.

The bridesmaids were Ann and Fae Williams; they wore pink and blue, with white and pink carnation corsages. The bride's father gave her in marriage.

The groom was attended by Roy Williams of the State University and Bob Garrett of Tech. Ushers were Bobby and Billy Williams, who also lit the candles. Richard Marshall of Abilene sang appropriate solos for the wedding.

Among the out-of-town people here for the wedding were Gay Golden, of ACC faculty, Elaine Marks, Georgia Montandon and Lenora McEwen, ACC students, Mrs. Jack Suduth of Eden, who remained for a longer visit, Mrs. Witt, and others.

Following the wedding a reception for the wedding party and all of the guests was held in the Memorial Building club rooms. Fae Williams presided at the register

and Mrs. George Dryer of Clyde, sister of the groom, cut the 11-pound three-tiered wedding cake, which was iced in white and topped with a miniature bride and groom. Ruth Williams served punch from a lace-covered serving table which was centered with a bouquet of cut flowers flanked with candles.

Immediately after the reception the couple left to go to Lubbock, where they will enroll as new students at Texas Tech. The groom has a position as part-time teacher while he works on his Master's in chemistry, and the bride is enrolling as a second semester Junior, majoring in home economics.

The large selection of gifts which had been presented to the young couple was displayed to wedding guests.

Infrared Brooders Grow In Popularity

College Station. Poultry producers are turning more and more to the infrared lamp method of brooding chicks, says W. L. Ulich, Extension Agricultural Engineer.

If you are among those poultrymen who have not yet considered this method and have electric power on your farm, you might like to consider a change from your present system, Ulich suggests. Infrared brooders are light in weight, easy to set up, move, and store. And you can see the chicks without lifting a hover.

Readymade infrared brooders are available, with a large range of marketing prices, depending on the number of lamps used, the type of brooder, and whether they have automatic regulators.

You might make a brooder yourself, says Ulich. Imple plans for building an infrared brooder have been prepared by the Texas Agricultural Extension Service. Copies of these can be obtained from county agricultural agents.

Another advantage of infrared brooders, according to Ulich, is that the lamps have many other uses around the farm and home. They can be used for brooding pigs, calves, and lambs, for thawing frozen pipes, or even as a "heat lamp" in the home.

Mrs. R. L. Ballew, Mrs. Jack Etheredge, and Mrs. Frank Bradley were among those from this county attending the King funeral Monday in Brady.

Marion Dacey and his family have had as guests his brother Glenn and his wife, and his mother Mrs. J. C. Dacey, all of Fort Worth.

Methodists To Launch Crusade Wednesday

Rev. Matt C. Stearns, pastor of the First Methodist church in Eldorado, announces that his congregation will begin a Spiritual Life Crusade next Wednesday, February 8th, which will continue through February 19th. Dr. Frank L. Turner, one of the general evangelists of the Methodist church, will bring the messages and direct the visitation evangelistic effort.

The event will be launched with a church-wide barbecue Wednesday night at 6:00. That night and each night thereafter services will be held at 7:00 in the church sanctuary.

During the five-day period from Monday, February 13, through Friday, February 17, a morning service will be held each day at 7:00. The early hour is to enable working people to attend before going to work, it was pointed out.

Dr. Turner was for four years president of McMurry College, Abilene, where he made a splendid record in clearing the college of indebtedness as well as raising its academic standards. Prior to going to McMurry, he had served as pastor for a number of churches in Texas including pastorates in Balinger, Cisco, and Ft. Worth.

Upon his resignation from the presidency of McMurry, he went into the field of evangelism and was appointed a general evangelist at the following conference. Since that time, he has conducted well over 200 campaigns throughout the Southwest. These meetings have resulted in almost 3,000 conversions and additions together with a great spiritual uplift to the church and community. Eldorado people will remember Dr. Turner as having spoken in First Methodist Church. He is a brother of Mrs. Ben Hext and a native of West Texas, having been reared in Brown and Coleman counties. People of Eldorado and surrounding territory are cordially invited to attend these services.

The Program

Rev. Stearns announced that a series of special services will be conducted in connection with the Spiritual Life Crusade coming soon to the church.

Monday night has been designated youth night with the MYF sponsoring the service and dedicating it to the young people of Eldorado. Dr. Turner, who is bringing the messages, has had wide experience with young people both at McMurry college and in the work of evangelism. All the young people of Eldorado are invited to be the guests of the MYF.

Tuesday night will be ladies' night with the Woman's Society of Christian Service sponsoring the service which is dedicated to the

womanhood of this city.

Wednesday night will be Church School night, that service being sponsored by the officers and teachers of the local church school.

Thursday night will be Men's night, the official board and Methodist Men in charge of the service and dedicating it to the manhood of Eldorado.

Friday night will be Veterans' night, that service dedicated to those who lost their lives in the defense of their country. All Gold Star mothers and fathers and all veterans, their wives and families are to be special guests for that service. Dr. Turner served with the American Expeditionary Forces and will bring a message right out of his experience overseas.

Saturday night will be Family Night with families sitting together and recognition given to the largest and youngest family. The people of Eldorado are invited to attend any and all of these services.

From where I sit ... by Joe Marsh

New Future For Your Present

How many ties did you get for Christmas? For once I didn't come up with *any*—could have used a couple this year, too. Instead I got three wool mufflers. Never wear a muffler.

Some people are determined to do something about the Useless Gift Problem—they're holding a "White Elephant Party" Saturday at the Community Hall.

Handy Peterson's the chairman. "Bring any presents you'd rather give than receive," he says. "Chances are you'll swap them off for something even worse—but it ought to be fun."

From where I sit, it's sometimes pretty hard to give a man exactly the present he wants. Other people so often have tastes and preferences that differ from our own—for example, think of all the people you know who claim coffee's the beverage, and all the others (like me) who'd rather have a glass of beer. Being able to make your own choice is the greatest "gift" of all.

LET'S TALK LIVESTOCK BY TED GOULDY

Cattle Open Steady

Cattle and calves sold generally fully steady and some spots were a little stronger at Fort Worth Monday. Receipts at some of the midwestern markets were cut by bad road conditions and this offered salesman a chance to press for higher prices. However, packers resisted this trend to the best of their ability.

Comparative prices: Good and choice slaughter steers and yearlings \$15.00 to \$19; latter figure for cattle under 1,100 pounds. Some heavies over 1,300 pounds stopped at \$18. Common, plain and medium cattle \$10 to \$15. Fat cows \$11 to \$12, some heiferish kinds above \$12. Cannors and cutters mostly \$7 to \$11. Bulls mostly \$10 to \$14, a few outside that range.

Hogs Sell 50c Lower

Good and choice butcher hogs sold at \$14 to \$14.25 at Ft Worth Monday, or 50 cents under the best prices late last week. There was a moderate increase in hogs receipts at Cornbelt points despite the bad weather that slowed down the cattle runs at those centers. This put a rather bearish tinge to the trade, as there was some speculation that receipts might get back to very large numbers before the week was out.

Good and choice slaughter lambs cashed at \$17 to \$18.50 at Fort Worth Monday and they along with all other grades and classes were regarded as fully steady. Some 5,200 head arrived indicating again that movement was expanding somewhat seasonally.

MRS. KING DIES OF HEART ATTACK; BURIAL MONDAY

Mrs. R. A. King, 81, prominent ranch woman and leading Presbyterian, died early Sunday morning in Seaton Hospital at Austin after an illness following a heart attack. She had seemed to rally from the severe attack, and some of the relatives who had been called had already returned to their homes when the end came suddenly.

Funeral services were held Monday afternoon at 3:00 at the Brady Presbyterian Church, with the Rev. Rodney Gibson of San Angelo, a Presbyterian pastor, officiating, assisted by the Rev. W. H. Marshall, Methodist minister of Sonora. A soloist and a choir from Brady rendered music for the funeral. Burial was made in Brady Cemetery beside the body of her husband who died about 15 years ago.

Pall bearers were nephews: Robert James, Wilson and Paul Page, S. E. Jones, Jr., Jack and Thomas Richard Jones, all of Eldorado and Pat Cooper of Ozona.

Virginia Elizabeth Jones was born October 17, 1875, in Burnet County. She accompanied her parents to McCullough County when she was five years old, and grew to womanhood in and near Brady. In 1898 she was married to R. A. King, a rancher from that locality.

After their marriage the couple lived in Brady and later in San Angelo. They bought a ranch in Sutton County and lived there a number of years, then sold this ranch and bought a ranch in Schleicher County on which they lived for some time.

After the death of Mr. King, his widow left the ranch in charge of her son John I. King, and moved to her home in Eldorado. She had been in failing health recently, but left this fall as usual to make her home for the winter at an Austin hotel. There the heart attack occurred and from there she was moved to the hospital where death claimed her.

Mrs. King was especially active in church work, serving as Auxiliary president in Brady 15 years, in San Angelo three years, and as an early day member and first president of the Eldorado Auxiliary.

Survivors include two sons, John Irving King of Eldorado and Robert King of San Angelo; two daughters, Mrs. Georgia Offutt of Austin and Mrs. Vera Granville of Brady; three brothers, Sam E. and Tom Jones, both of Eldorado and Cleve Jones of Sonora; six grandchildren and six great-grandchildren.

Three Local Women On Hawaiian Trip Lasting One Month

Mrs. V. G. Tisdale and her companions, Mrs. Luke Robinson and Mrs. Grace O'Harrow, returned Sunday night from a trip of nearly a month's duration to Hawaii. They made the trip with a travel agency, their group being composed of 15 from all parts of the United States, the three from here being the only Texans in the party.

They spent two days sightseeing at Los Angeles, where they saw Hollywood, the Will Rogers Museum, a Cinerama picture, and other sights of the West Coast. They were 4½ days on the Lurline, then were given a royal welcome by natives who rowed out with skiffs to bring them leis. A five-day plane trip to other islands took in many sights. They found new roads made of volcanic rock everywhere, with beautiful flowering shrubs and trees on every hand.

While Paradise Island has some native shrubs, including a tree which looks like a cousin of the mesquite, most of the beautiful trees and shrubs have been brought to the islands and planted there. They enjoyed seeing displays of thousands of orchids.

An enjoyable feature of the trip was a visit to the home of a native of the island who wore the native costume as she entertained them. Hula girls with their graceful dances and their expressive hands, entertained the travelers at a number of places.

From a distance they saw Pearl Harbor with ships identified by the Star Spangled Banner. They saw the Punch Bowl, a beautifully kept national cemetery in which Ernie Pyle is buried. This is a 110-acre cemetery, which has the name of Pwawana, meaning Home of Sacrifice.

The 700 passengers on the boat represented a number of tours arranged by travel agencies, the women state. They found everything most pleasant and fully as nice as they had expected—an exception was tipping, which they found to be a little of a nuisance, as it was expected everywhere.

Mrs. Tisdale had an incentive to step fast on the homeward trip—awaiting her inspection was little Beverley Hartgraves, her great grandchild, who was born the night Mrs. Tisdale left—January 2.

Hubert Hight, Monty Hill, Willa Higgins, Thomasing Jones, Charleen Logan, and John Edward Meador. For a week previous to the meeting, the group had undergone a "pledge week" during which they were required to entertain the student body with various costumes, make-up, and actions. The pledges were in charge of the program for Monday night's meeting, and presented a very amusing skit done in pantomime called "And The Light Went Out." Following this, the president of the dramatics club, Nancy Elder, presided at the formal initiation ceremony, and welcomed the new members into the club.

The Senior class has chosen the play which will be presented on the night of March 16 to help further the Senior trip fund. Entitled "Rest Assured," by Donald Payton, the comedy tells about the

Morlock family and its trials and tribulations when the money-mad father refuses to agree to the marriage of his daughter and the son of an Irish immigrant. Then he dreams that he has died; and the goings-on of his family after his "death" awaken him to the many things that are important besides money. "Rest Assured" is a very clever and well-written play, and the seniors are eager for rehearsals to begin next week. Taking roles in the production will be Burnell Doyle, Charles McLaughlin, Carolyn Hall, Eugene Early, Gainell Belk, Ila Jean Boyer, Monty Hill, Barbara Spencer, H. L. Turnbow, Willa Higgins, Bob Ratliff, Kathy Hemphill, Ralph Taylor, and Billy Parker. The publicity and business committees have not been chosen as yet. Barbara Spenser will act as student director, and the play will be directed by Mrs. Dick Wynne, one of the Senior class sponsors.

The beauty of it is, that Reddy does all these jobs for real low wages . . . about 3¢ an hour. That's a lot of work for a little money!

Next time your electric service bill arrives, take a good look at Reddy's wages — you'll find that electricity is still today's biggest bargain.

Review of First Year of Demonstration Work

The aim of every Home Demonstration and 4-H club member in the county is to make the home a better place to live. Such general and specific aims take time to be realized and as in all aspects of education, there must be a place to begin and a sequence of steps to be taken after that. Women's Home Demonstration clubs have chosen two important phases of home-making to work on in detail for 1956 which are: "Improving the Living Room" and "Foods and Nutrition." 4-H club girls are working on "Clothing" and "Foods and Nutrition."

Home Demonstration and 4-H club work was resumed in Schleicher County after nine years of having no Home Demonstration Agent. In reviewing the following organizational work, these tabulated results are indicative of the last seven months' progress; or from July 1, 1955, to February 1, 1956. When looked at alone, figures are sometimes apt to be without meaning, lacking in im-

portance. But when a figure can be connected with people, with personal activity, they begin to live. These figures are living. One hundred and twenty-five women in the county are club members. This means more when community areas are described and the number of homes represented are counted.

The Good Neighbor club includes a part of the Bailey Ranch community; people living out the Ozona Highway 33, and some living in the southwest part of town. Seventeen women are members of this club.

The Town and Country club has 12 members and is represented by homes on the right side of the highway going to San Angelo and out four or five miles on the Menard highway. The Young Home-makers club has 11 members and is a club of young marrieds living in and around Eldorado. The Cooper-Gas-Myer area is a big one; twelve members from the whole southeast part of the county make up the membership and it is not unusual

for a member to drive 15 or 20 miles to a club meeting.

The Glendale club, just because of its name, certainly does not exclude members who do not live in that part of town. This club has 12 members and the majority of them live on the left side of the highway going toward San Angelo. The Rudd Club of 13 is another which takes in a lot of territory. One member lives across the Tom Green County line near Christoval in the extreme northwest and again many members are 25 miles from home at some club meetings. One woman found that she had driven 103 miles to and from a club meeting in the beginning days but she soon found a club a little closer to home. The Reynolds-Alexander club incorporates these two communities and welcomes two members from ranches in Irion county.

Fourteen other members make up an interested group which takes a great deal of interest in its 4-H club, too. The Earn and Learn club chose its name from its descriptive qualities. This club is made up of business and professional women of Eldorado and have 25 regularly attending members with some possible new members being added to the rolls soon. So, that's where the members are—all friends and neighbors of yours.

To these clubs or club members' homes, the County Home Demonstration Agent has made 134 visits. She has had 171 office calls, approximately 270 telephone calls, distributed 1070 bulletins and other pieces of printed matter, conducted five training schools with 73 in attendance, conducted 72 other community and club meetings with a total attendance of 1154 women and girls. Five community meetings were attended by the Agent with a total attendance of approximately 165. Activities covered by these meetings are listed under these separate headings: Extension organization and program planning, The Home and its Surroundings, Home Furnishing and Equipment, Clothing the Family, Foods and Nutrition, Community Development and Public Affairs, and Family Life.

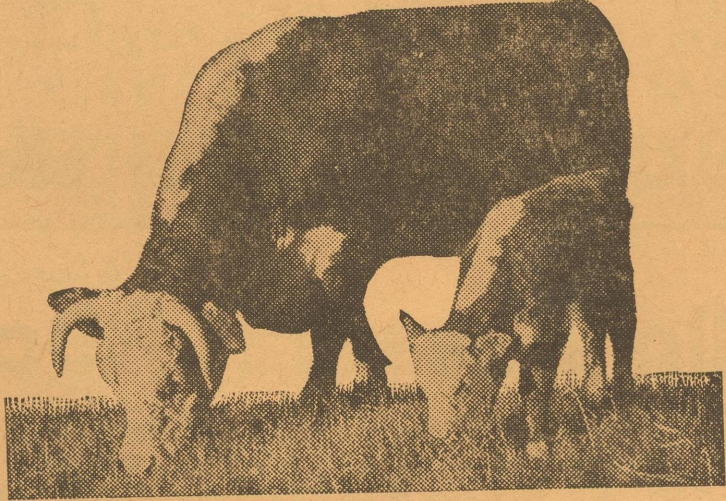

These same headings will be covered in the remainder of the year's work. Some typical club meetings for the women will cover detailed phases of the work such as "Background for the Living Room," "Meals from the Freezer," "One Dish Meals," "Desserts for Lunch or Supper," "Living Room Accessories: curtains, draperies and other window treatments." 4-H clubs are working on how to prepare simple breakfasts, a main dish for lunch, and the basic elements of sewing; getting acquainted with the tools, the sewing machine, making a simple skirt, selections of colors for the girl and one meeting will be given on good grooming.

Twenty-five 4-H club girls are enrolled and some meetings have been held, but the summer time is really 4-H time. During that time a project may be started and completed within a week's concentrated work. With the coming of longer days more meetings are planned for after school for the Eldorado girls not riding a school bus. There is a 4-H club in the Reynolds-Alexander community; a Junior and Senior club in Eldorado.

The combined efforts of these club women and girls can achieve a great deal for family living in Schleicher County. Inspiration and courage are infectious and are two of the most abundant commodities of the membership at large. They both help a great deal in "Making a Better Living" and in "Making the Living Better."

Mrs. Dale Peterson and her 8-months-old son Alan arrived here by plane Monday night from Lincoln, Neb., where her husband is stationed, and will spend a week or ten days with her parents, Mr. and Mrs. E. H. Dannheim.

Mrs. Ruby Damron and Mr. and Mrs. Bob Faught and Edna visited Mr. and Mrs. George S. Robinson and family at Ballinger Sunday.

calves on the ground are like MONEY IN THE BANK

It costs a lot of money to keep a cow. A lot of that money is lost if she fails to settle or drops small, weak calves that die or develop into "tail-enders."

BIG CROPS of husky calves are a must, if a fellow is going to make money ranching. This is especially true when the price of cattle is off.

Your range needs help. It takes more than grass alone to give your cows what they need to grow and drop the kind of calves that will bring top prices next fall.

PURINA RANGE CHECKERS have proved their worth in research tests and on thousands of ranches. This favorite range supplement has what it takes. Cattle love Checkers, do well on them. Cows stay up in good shape at calving time, have lots of milk for the calves, too.

Feed for big calf crops the Purina Way. Purina Range Checkers can help you keep your operation on the profit side of the ledger.

COME IN. We'll visit about Purina Range Checkers and profitable ranch management. Make it soon!

Newlyweds Honored With Shower Saturday; Fifty Friends Present

Honoring Mr. and Mrs. Vernon Phillips of Seminole, who were married recently, women of the West Side Church of Christ entertained with a miscellaneous shower at the Memorial Building Saturday.

Mrs. Calvin Barbee of Brady presided at the register, and Charlene Logan, Yvonne Logan, Jimmie Dell Williams and Frances Reynolds served during the reception hours.

Ila Jean Boyer and Frances Parker played the piano. In the receiving line were Mrs. Paul Phillips of Eldorado and the honoree of Seminole.

The pink and green color scheme was carried out in the decorations and refreshments. Cake squares were iced in pink and green, and were served with green punch. An arrangement of pink glads with greenery centered the lace-covered serving table.

About 50 called during the reception hours. Gifts were displayed on long tables during the tea hours.

Mrs. L. T. Dannheim had as guests Sunday her son Harvey and his family and her sister Mrs. G. A. Gage of San Angelo.

Mrs. Jud Brannan spent the weekend in San Angelo with relatives.

Farm Prices Continue To Drop Faster Than Consumer Prices

College Station.—Farmers are now getting only 39 cents of every dollar spent for food in the retail store. This is the smallest since 1940, and compares with a peak of 53 cents in 1945 and 42 cents in 1954.

Retail food prices in November was less than 2% below 1954, while farmers had taken a 10% reduction in their prices for the same interval. Marketing and handling charges increased 5% during the same time.

Secretary of Agriculture Ezra Taft Benson said, "The failure of retail food prices as a whole to reflect the decline in farm food products during the past year is recognized by the Department as a real obstacle to a solution of the farm surplus problem."

Pork and beef stand out as commodities for which marketing charges have continued to rise while too-abundant production drove down the farmer's price. Consumer costs for pork and beef have declined less than the drop in farm prices. For potatoes, on the other hand, the price spread has been substantially narrowed.

Secretary Benson said his Department is preparing a special report dealing with food marketing trends over the last ten years.

The continuing program of research will also include more de-

tailed studies of present costs and ways to increase efficiency of different marketing stages. Reports on these studies will be published as they are completed.

These statements were a follow-up on Secretary Benson's December 11 expression of concern over rising food marketing costs.

Mr. and Mrs. Claude Alexander are making plans to move back to Austin where they formerly lived. Mr. Alexander left Sunday to start work Monday on his job as mechanic at Lanford Equipment Co., and Mrs. Alexander will leave on the 9th, and start work at Snyder's Smart Shop, where she was formerly employed. They are vacating the Tom Alexander rent house.

Mr. and Mrs. Tom Carroll and Herman, Jimmie and Vicki of Ozona spent Thursday evening with the Lamon Hazelwood and other Eldorado families. Herman, a student at the University, had been a weekend visitor here.

P. W. Hazelwood has been quite ill.

Juanita and Harlan McAlpine spent Saturday and Sunday with their parents, Mr. and Mrs. W. G. McAlpine. Harlan has enrolled as a Freshman at SAC, San Angelo.

Mrs. T. W. Johnson visited Mr. Johnson who is hospitalized in San Angelo.
