

Farmers Entitled To Tax Refund For Gasoline Used Since January 1st

College Station.—Farmers are entitled to claim a refund of the Federal tax on all gasoline bought and used for farming during the 6-month period January 1 through June 30, 1956. C. H. Bates, extension farm management specialist, reminds Texas producers.

Any owner, tenant, or farm operator who buys gasoline for use on a farm may file a claim, says Bates. A farmer may also request a refund of the tax on any gasoline used on his farm by a custom operator or a neighbor in connection with cultivating the soil, or raising or harvesting a crop.

Under the law enacted April 2, 1956, the amount claimable this year is two cents on each gallon of gasoline purchased and used on a farm for farming purposes during the first six months of 1956. In future years claims will be filed for a full 12-month period from July 1 through June 30.

Claims must be filed on Internal Revenue Service Form 2240. It may be obtained from county agents or District Directors of Internal Revenue. Date for filing for this year's refund is after June 30, but not later than October 1, 1956. The law does not permit payment of claims filed late.

Refund claims must not be made for gasoline used off the farm, according to the specialist, or for gasoline used for other than actual farming purposes, as described in Form 2240. This applies to gasoline used on the highway, for personal use such as mowing the lawn, or for processing, packaging, freezing, or canning operations. Sufficient records should be kept to enable the Internal Revenue Service to verify the accuracy of the refund claimed.

The Wesley Hayhursts had as guests recently Mr. and Mrs. E. T. Marek of Taylor and their daughter, who were on their way to Oregon to make their home.

Visitors for a week in the Albert Thigpen home were Mrs. O. R. Young and daughter Judy of San Angelo.

Marcus Fury of Fort Stockton spent the day Sunday with his mother Mrs. Fannie Fury and his sister Mrs. Frank Van Horn.

News From Our Neighbors

Dry, Ain't It!

Dee McCutchen was out around Ft. Stockton last week and says it sure is dry in that section. He heard of a man who owned a 16-section spread and had only one old ewe on it, and he was feeding her. —Robert Lee Observer.

In Run-Off

A run-off between Max Menzies and Cecil Walston for sheriff and tax assessor-collector will feature the second Democratic primary election in Menard County Aug. 25. —The Menard News.

Pigs Is Pigs

Did you hear about the farmer who called the sheriff and reported theft of some swine? He had the officer completely aghast with the information he turned in. He told the sheriff somebody had robbed him of "two thousand and eighteen pigs" from his farm and the amazed officer was too stunned to say anything for a moment.

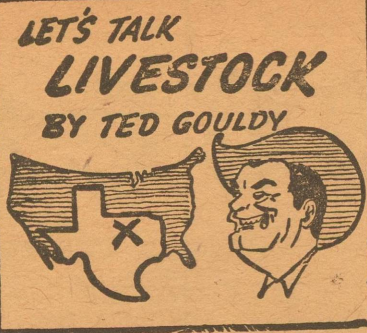

Finally, he asked the farmer to repeat it and he did. He said, "Two thousand eighteen pigs." It wasn't until he asked the man's name and directions to his house that the sheriff realized the situation. The farmer answered, "My nameth Tham Thmith and I live thouth-weth of Thilver." The sheriff figured at last that the man had lost two sows and 18 pigs. —Bronte Enterprise.

District Office For Ozona

Last doubt as to location of the Continental Oil Co. district headquarters offices in Ozona was removed this week when a signed contract was received by Troy Williams, providing for construction by Mr. Williams of a 9-office building on which the Continental will take a ten-year lease for use as its Crockett District headquarters. —The Ozona Stockman.

Dry, Too!

Clouds brought relief from heat but failed in their promise of urgently needed moisture this week as the seventh month of 1956 drew to a close with only 2.51 inches of moisture in that time, and with only 5.04 inches recorded here in the last 12 months. —Ft. Stockton Pioneer.

Fort Worth.—Numbers of cattle and calves being moved in the Southwest indicate that the fall movement is underway from 30 to 90 days ahead of normal shipping dates, in the opinion of many observers at Fort Worth this week.

Rail car movements of cattle out of principal grass areas lend strength to this belief, and the runs at Fort Worth's stockyards in the past few weeks have been well ahead of the same interval last year.

The situation is not limited to Texas alone. Conditions in the Flint Hills of Kansas and the Osage of Oklahoma recently have led to some early movement out of these sections. Unless conditions change abruptly the general exodus from those areas will be under way at least a month ahead of normal shipping dates.

Dry conditions are blamed for the situation and all observers agree that to avert serious price breaks the livestock producers will have to stay in close touch and avoid excessive bunching of shipments.

One important meeting along this line will be held in Fort Worth this week when representatives of the market agencies and others on the market will get together and try to work out means of co-operation in spreading receipts out through the week so that excessive price breaks can be avoided.

Lighter Runs Stabilize Prices

Monday the 12 major markets reported about 33,000 less cattle and calves than a week earlier. The result was a stiffening of prices on most kinds. At Fort Worth good fed cattle were stronger, and grassy slaughter steers, yearlings and heifers were steady.

Cows were steady to strong, with some sales of strongweight canners and cutters 25 to 50 cents above the low close of last week. Bulls were also steady to 25 cents or more higher, some of the medium weights selling to better advantage.

Slaughter calves were generally steady, and stocker and feeders sold at firm prices. Higher grade stockers were quite active and in too small supply to fill the needs.

Lambs Close Weak To \$1 Lower

At Fort Worth Monday the offering of sheep and lambs was again largely medium and lower grades and prices were about steady on all classes, except slaughter lambs. Killing types of lambs sold weak to \$1 lower and good and choice kinds topped at \$19 to \$21. Cull to medium lambs sold mostly from \$12 to \$18, with some light culls downward to \$8 that weigh around 35 or 40 pounds or less. Stocker and feeder lambs sold from \$12 to \$15.50, and were considered quotable above that in load lots closely sorted.

Slaughter ewes sold from \$4.50 to \$5.25, and some old wethers drew \$8 to \$12.50.

Mrs. Mabel Parker spent the weekend in San Antonio, attending a meeting of the County Treasurer's Association, of which she is a member. The meetings were held Saturday at the Plaza Hotel. She was accompanied by Mrs. E. H. Topliffe.

Mr. and Mrs. P. H. Alcorn have had as guests their sister and brother-in-law, Mr. and Mrs. Ed Fowler of Menard.

Joe Andrews and his family spent the weekend in Junction visiting relatives. They attended the Homecoming while there.

Dinner visitors Sunday in the J. D. Ashmore home were several of their children and families: Mr. and Mrs. John Hodges of Seymour, Mr. and Mrs. W. E. Terry of San Angelo and daughter, Bill Ashmore and family of Fort Worth, and the Edgar Spencer family of Eldorado.

Mr. and Mrs. B. L. Hughes of Brady spent the weekend with their daughter Mrs. Ray Bruton and her family, and Bert and Betsy Bruton accompanied their grandparents home to spend the week.

Guests of Mrs. A. H. Green recently were Mr. and Mrs. Charles Hendrix of Crane and Mr. and Mrs. T. E. Parsons of Brawnwood. Mrs. Green is improving slowly from her severe attack of shingles.

New Variety of Cotton and Wheat Released

College Station.—The Texas Agricultural Experiment Station has announced that planting seed for Blightmaster, a disease-tolerant, stormproof cotton and Crockett, a new high-test weight, early maturing, good quality, hard red winter wheat for Texas, will be available in 1957.

Available from the Agricultural Information Office are publications L-292, Blightmaster and L-288, Crockett which describe these new and improved crop varieties for Texas.

Tests indicate that Blightmaster will yield as much under blight-free conditions as other stormproof varieties now grown in Texas, and greater yields may be expected under heavy blight conditions. Staple length is 15-16 to one inch. It is adapted to stripper harvesting; is medium in maturity; semi-spreading in growth habit and is recommended for areas of the state where a stormproof variety is desired.

The new hard red winter wheat for Texas has good disease resistance, early maturity, high yields, high test weight and high milling qualities to its credit. Crockett wheat is recommended for the Panhandle and South Plains wheat areas and also for the Rolling Plains and north-central Texas wheat areas. Individuals interested in producing certified seed of Crockett during the 1956-57 crop year may obtain foundation seed from the Foundation Seed Section, Texas Agricultural Experiment station, College Station, Texas.

Nothing takes to the road like a Chevy!

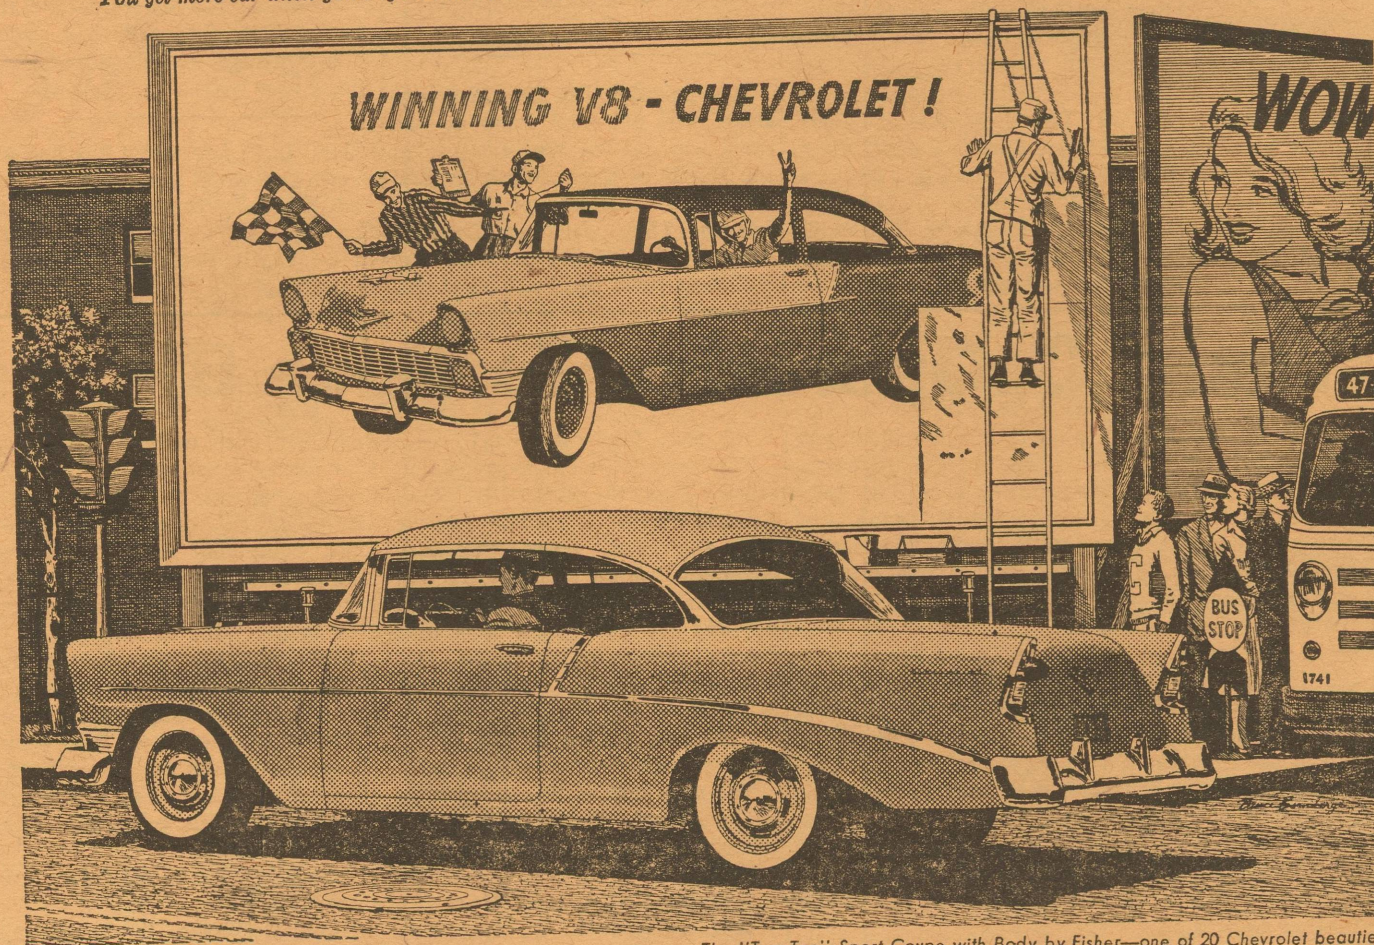

Once in a blue moon a car like this comes along—a design so advanced in performance, so beautifully balanced that it stands out above every other car on the highway. It has a solid, sure-footed way of going that makes driving safer and more pleasant on any road. And you feel a very special sense of security in its rapid-fire responsiveness to your touch on the wheel, brakes and accelerator.

You can see that the '56 Chevy is a standout for style. But until you have driven one you're missing the best part of the news—the fact that Chevrolet is the smoothest, solidest, most wedded-to-the-road automobile you ever bossed. Try it and see.

You get more car when you buy it... more dollars when you sell it! Chevy has the highest resale value of the leading low-priced models!

GIRL SCOUTS NEED PLACE IN COUNTY FOR SUMMER CAMP

Girl Scout leaders are issuing an appeal to residents of Schleicher County to provide room somewhere in the county for a day camp for the troop, to be used next summer and thereafter.

Any landowner who can provide such facilities is asked to contact troop leaders, and get more information concerning the project. The owner of the land will be asked to provide only the place.

A number of local young people and leaders have become interested in the opportunity for doing good which such a camp offers. They have visited camps in other counties and are very anxious to set up the program here.

Committee Meets

The Girl Scout Township Committee met Monday night and mapped out plans for the year's program. On the committee are Mrs. Roy Phelps, chairman, Mrs. Eldon Calk, Mrs. Wesley Hayhurst, Mrs. Jerroll Sanders, Mrs. Carroll Ratliff, Mrs. Joe Wagley and Mrs. Jack I. Mowrey.

They are calling a meeting of all leaders and others interested in the Girl Scout movement, Monday night at 7:30 in the Corral Room of the Memorial Building. Mothers and other leaders are urged to meet with the planning group to discuss various problems and complete making plans for the new year's work.

Part of the Delta Gulf Construction Co. are moving away. Included with the families leaving are the E E Halls and the Walt Clevelands.

Three New Extension Publications Available

College Station.—Dairymen and other livestock producers will find three recently released Texas Agricultural Extension Service publications chock full of valuable information. The three are L-193, Coastal Bermudagrass Nurseries; L-279, Sudangrass for Dependable Grazing and MP-157, Mr. Dairyman.

Pasture specialist E. M. Trew is the author of the two leaflets. He gives in detail the steps for establishing a Coastal Bermudagrass nursery with the recommended practices for planting, fertilizing, controlling weeds and harvesting the nursery. Sudan, he says, is the most dependable plant for summer temporary pastures in Texas. The sudangrass leaflet is brief and to the point in its subject matter content.

The dairy publication was prepared as an open letter to Texas dairymen by members of the Department of Agricultural Economics and Sociology and R. E. Bursleson, extension dairy husbandman. The authors point out practices which can cut the cost of producing milk and list hints for stretching the feed dollar. They have given special attention to other feeding and management practices which DHIA and other records show need improving.

Firemen Collect Funds For Explosion Victims

Palmer West, chief of the Eldorado Fire Department, announces that he and the department are receiving contributions for the families of the firemen killed in the recent disaster near Dumas and Sunray.

A letter on the subject was received by all fire chiefs recently from Olin Culberson, secretary of the State Firemen's and Fire Marshals' Association of Texas:

"The terrible disaster near Dumas and Sunray, Texas took the lives of fifteen firemen. All of these fellow firemen left families, wives and children. All were average workers like all of us and had very little, if any, protection for their loved ones. The need for assistance is urgent. That means now!

"President David Clabaugh, postmaster of Carthage, Texas, acting with the advice and consent of the Executive Committee, has directed that this emergency letter soliciting funds from the firemen of Texas be sent out as an official action of the State Firemen's and Fire Marshals' Association. Contributions to the limit of every fireman's ability are urgently requested.

"These are fellow firemen and buddies, and let us take care of their loved ones in a big way. The funds will be distributed on the basis of fifteen firemen and will be disbursed by a committee composed of the Chief, the Chaplain and the Mayor of each of the towns of Dumas and Sunray respectively. This office will only assemble the total amount and send to the above committees on the basis of the number of men lost in each department. Do this now and make it as big as possible. — Sincerely yours, Olin Culberson, Secretary."

Tenderness In Meat May Be Inherited

College Station.—There is some evidence from research with rabbits and in studies of sheep and beef cattle that tenderness in meat is an inherited quality, according to R. W. Snyder, extension meats specialist.

To produce more lean meat of good quality and tenderness, we need a better understanding of what makes tenderness and desirable flavor, says Snyder.

Enough research has been done to show there is no direct relation between tenderness in the meat and outside fat. But tenderness

and flavor may be influenced by the particles of fat within the meat cells. It is also possible that there may be a relationship between tenderness and the size and elasticity of different muscle fibers.

Once the chemical nature of tenderness and good flavor are clearly understood, it may be possible to add these qualities to any meat.

Girl Scout News

Myrta Ann Topliffe, Reporter
The members of Girl Scout Troop 10-2 met at the Memorial building last Thursday, and from there they went out to the Owen Frys. The girls hiked to some Indian mounds where they spent most of their time looking for arrow heads. They hiked back to the house and ate their sack supper there.
Plans for the next meeting were made. It will be held at the Memorial building Thursday afternoon at 3:00 o'clock, and each girl is asked to bring a dime for refreshments and a dollar for registration for the coming year. New officers will be elected at the meeting for the following year. Every member is asked to be present.

FAMILY REUNION

The family of Rufus Spurgers, formerly of Eldorado, had a reunion in San Angelo last Saturday and Sunday at Lake Nasworthy. All of seven children were present with 18 grandchildren and 1 great grandchild.

Rufus Spurgers, Fort Worth; Mr. and Mrs. Milton Spurgers, Tommie and Priscilla, Ozona; Mr. and Mrs. W. C. Spurgers, Skipper and Freddie along with her son, Ricky of Fort Worth; Mr. and Mrs. Lloyd Spurgers, Deborah and Mike of Edna, Texas; Mr. and Mrs. Floyd Spurgers, Lonnie, David and Kye of Silver, Texas; Mr. and Mrs. Tommie Smith, Tommie and Emily of San Angelo; Mr. and Mrs. Wilton Baggett, Jamie, Ronnie, Penny and Becky of Crane; Mrs. Johnny Swinson, Sue, Mary and Lyn of Fort Worth.

PAT CELEBRATES BIRTHDAY

Honoring her son Pat on his fourth birthday Friday, Mrs. J. L. Zaleski entertained 12 children with a birthday party at her home. A circus theme was carried out in the decorated cake and napkins. Also favors in shape of animals. Cake, ice cream and punch was served at the end of the games.

Mr. and Mrs. Dwight Wiedenmann have been notified that their daughter Sherry, a polio patient in San Angelo, will be at home Friday, and that she has been accepted at Gonzales. The family will drive to Gonzales with her early next week. A guest in the Wiedenmann home is C. L. Winters of LaGrange, Mrs. Wiedenmann's grandfather, who arrived here on Tuesday.

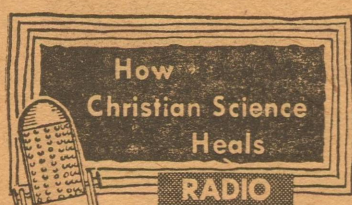

Mrs. Frank Smitley of Borger has returned to her home after a visit with her sister Mrs. George Long. She was accompanied by a cousin, Dianna Hunter, also of Borger.

School News

At a regular meeting of the Board of Trustees of the Schleicher County Rural High School District the following business was transacted:

Miss Dana Ray Owens was elected as Homemaking teacher for the coming school term. Miss Owens has a Masters degree from Southwest Texas State Teachers College in San Marcos. She has had six years teaching experience; five of which were in the Johnson City high school. Miss Owens comes to us very highly recommended.

Jim Hancock was elected as Speech teacher for the coming year. Mr. Hancock is a 1954 graduate of North Texas State College in Denton and is now doing work on his Masters degree at N. T. S. C. His teaching field is Speech and English. Although he has no experience his critic teachers predict a successful teaching career for him.

The resignation of Weldon Snodgrass, Science teacher for the last two years, was accepted. Applicants are being interviewed for this position.

The bus drivers for the 1956-57 school term were elected, but will be released later with their route assignment.

Mrs. E. C. Peters was re-elected as secretary to the superintendent, and Leslie L. Baker was re-elected as secretary to the board.

Custodians of the buildings — Paul Pena, Santos Pina, and Juan Espinosa—were re-elected for the coming school term.

Mrs. W. H. Hale was re-elected as school nurse for the coming year.

The board approved the purchase of a car to be used in the teaching of Driver Education. This car must be purchased through the State Board of Control and the same procedures as that of purchasing buses.

The bid of Peters Chevrolet Company for the repair of buses for 1956-57 was accepted. The bids on gasoline and tire service are still pending.

A band stand is being built in front of the large bleacher at the football field so that the band and cheering section will be on the same side as our team.

Bob Bradley and his family of Midland spent the week end with Mrs. Frank Bradley and Mr. and Mrs. C. A. Graves, and Mrs. Bradley and the baby remained for a longer visit.

New Babies

Born, August 5, in San Angelo, a daughter to Mr. and Mrs. Lewis Hughes. She weighed six pounds and seven ounces at birth and has been named Doris Louise. She is the first grandchild for Mr. and Mrs. J. C. McCoy of Eldorado and Mr. and Mrs. Sam Walker of San Angelo, and the first great for Mrs. Minerva McCoy of Brady. Other greats are Mr. and Mrs. Eli Gregory of San Angelo. The mother is the former Peggy McCoy.

Born, Sunday night at 2:45 in San Angelo, a daughter to Mr. and Mrs. Bob LaCombe. She weighed seven pounds at birth and has been named Rhonda Carnell. The grandparents are Mr. and Mrs. Hanson Nixon, Eldorado, and Mr. and Mrs. Walter Moses of Alexandria, La. Greats are Mrs. Paul Nixon of Eldorado, Mrs. Reynolds of Alexandria, and Mr. and Mrs. W. H. Daniels of San Angelo. Rhonda is the first grandchild for the Nixons. The father, who is with an exploration crew, now located at Crystal, spent the weekend here with his family.

Mr. and Mrs. William Sauer and two children of Van Horn arrived here Wednesday to visit Mr. and Mrs. Otto Sauer and Mr. and Mrs. Fred Gunstead, their parents. William returned home Thursday, today, and the family remained for a longer visit. Other visitors in the Sauer home are Rev. and Mrs. George Cartwright and children of Wabash, Indiana. Rev. Cartwright will leave this weekend for San Antonio for his summer reserve training, and the family will join him later.

IT'S THE LAW in Texas

Agent's Acts Bind Principal

Suppose that you hire your neighbor's teen age son, Jimmy, to cut your grass, and he runs your new mower into another neighbor's hedge. The hedge is ruined. Are you responsible for the damages? Quite likely you are.

Or let us suppose that you find you need a loaf of bread for the evening meal. You ask a friend to take your car and run to the store for it. On the way, he runs down old Mr. Peabody, seriously injuring him. Can you be held responsible? It is possible that you can.

In both instances, an "agent" was acting for you. His acts while performing those duties are, in the eyes of the law, your acts. In legal terms, you are the "principal." You may be liable despite the fact that you may have cautioned him to be extremely careful.

The average individual expects to answer for his own actions. He does not usually consider that he may be responsible for the actions of other persons. That, however, is frequently the case.

Suppose you ask another person to do something for you, that is, to act as your agent. You may pay

him, or he may be doing it without compensation. You may ask him to buy or sell property for you. Or, his responsibility may be to negotiate an agreement for you with a third person.

If representations or warranties are made by your agent in performing the task which you assigned to him, you are responsible. In a like manner, you are responsible for the contract made by him while he was acting for you. You may be held responsible for the acts of a person who customarily represents you even though he entered into a contract for you without your consent or approval.

For example, you may have a partner in a business, and you and he have agreed that certain contracts shall be made only upon the signature of both of you. Unknown to you and without your consent, your partner signs such a contract with a third person involving partnership business. If the person without whom this contract is made has no knowledge of the terms of your partnership agreement, you are responsible for the contract which your partner has made.

You may have agreed between you that neither of you would buy, without the other's consent, any items of merchandise costing more than \$50. You did not give this information to salesmen who called on you. In your absence on a Thursday afternoon, your partner ordered merchandise for your store costing more than the \$50 limit. When the merchandise is delivered, you can not refuse to accept it because you can be bound by the contract of your partner. This is true in many situations, and the salesman is not bound by your partnership agreement because you did not advise him of the \$50 limitation. As the actions of your agent are considered to be your actions, you assume the responsibility of his doing them correctly.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)
