

COUNTY AGENT'S COLUMN

by *W. G. Godwin*

Schleicher County Agricultural Agent

Producers can sign for cotton acreage reserve benefits beginning January 13th. Farms that were not under conservation reserve in 1957 must establish a base for the farm prior to signing a contract. Cotton acreage reserve can be signed for from January 13th to March 7, 1958.

Signing for your conservation reserve you should keep this in mind. The sign-up will be from January 13 to April 15, 1958. There is a possibility that the conservation reserve could be cut off before April 15th.

There is also one other factor to be considered; that is to those producers that used the short-term acreage reserve last year. That is by waiting until near March 7 to sign to take advantage of grazing of oats fields which was planted on cotton or wheat allotment acres. The producer was eligible to graze January 1st of this year. When you signed up harvest or grazing stops immediately, by waiting can get also two months extra grazing without taking a smaller payment. Remember this only applies to you if you took the short form acreage reserve last year.

Although everyone recognizes the importance of birth certificates, one third of the people in the United States do not have one. A person who does not have a birth certificate is stateless, ageless and often jobless as far as government and many business firms are concerned.

In this day of widespread military service, international youth exchange programs, worldwide travel, a birth certificate is a vital necessity. Adults and older people need birth certificates as proof of age and citizenship for retirement, payment of pensions, annuities and social security. A birth certificate is a valuable piece of paper.

Get your birth certificate if you don't have one. Check the records of your children to be sure the names are spelled correctly and all pertinent facts, including the exact date of birth, are correct. Get a certified copy and put in a safe place.

The cost of securing a birth certificate is negligible in comparison with benefits received.

To those who go by the Indian sign of letting each day represent a month from January 1-12 to determine the heavy rainfall months of the year, will find that if the old Indian holds true, April and May of 1958 will again be heavy rainfall months. In 1957 Schleicher county received 4.46" in April and 9.28" in May. The average rainfall for April and May for the last 45 years is 2.02" and 2.94 respectively.

Total rainfall for the official gage at the courthouse is 28.13" for the year. Average rainfall for the county will be official in the near future when all gauges are averaged.

It's time to close the record book on 1957 and take a look at farm and ranch enterprises as to what happened during the year.

A close look should point up the problems that must be met in planning for 1958 and on into the future. Records reflect whether a management change should be made to cut costs or whether a minor farm or ranch enterprise should be dropped or expanded.

Too, a complete set of records is a must at income tax figuring time. Regularly kept records can save dollars at tax paying time; often deductible expenses are overlooked, especially if paid in cash. The failure to claim \$25 deductible

expenses adds \$5.00 to the tax bill and even more if you are in a higher bracket.

Texas farm record books are available from the exchange store, College Station, Texas, for 75 cents if you are not satisfied with your present system.

Defeat, like a headache, warns us that something has gone wrong. If we are intelligent we look for the cause and profit by the experience.

MRS. COULTER'S CHILDREN LEAVE FOR THEIR HOMES

Bill Matteson and Mrs. Ray Sherrard, who have been here several days with their mother, Mrs. E. H. Coulter, left for their respective homes this week.

Bill Matteson left by plane Monday evening from San Angelo for his home in Waterloo, Iowa. Mrs. Sherrard left by plane also, Wednesday evening for her home in Richland, Washington. Both had been here since the death of Mr. Coulter last week.

CIRCLE 1 MEETS

Circle No. 1 of the First Baptist church met Monday afternoon in the home of Mrs. John Luedecke. There were eight members present and one guest, Mrs. T. P. Robinson, Jr.

The program was presented by Mrs. L. M. Hoover, Mrs. Ben Biggs, and Mrs. J. D. Ashmore. After a short business session, Mrs. Luedecke led the closing prayer.

Refreshments of coffee, tea, fruit cake and cookies were served to those present.

Lecture Is Scheduled One Week From Tonight

J. LINGEN WOOD

How the light of truth presented in the Bible brings liberation from discord and disease will be the topic of a public lecture to be given in San Angelo Thursday, January 16 at 8:00 by J. Lingen Wood of Vancouver, British Columbia.

Mr. Wood will speak in the Town House ballroom under the auspices of First Church of Christ, Scientist, San Angelo. His subject will be "Christian Science: The Liberating Light of Truth." The lecture is free, and local members have invited the public to attend.

A member of the Christian Science Board of Lectureship, Mr. Wood has traveled widely throughout the world. He has devoted his full time to the practice of Christian Science healing for many years. During World War I he served as a captain in the British Infantry. After the war he engaged in construction work in Argentina and later was in the stock brokerage business. He served for 13 years as Christian Science Committee on Publications for the Province of British Columbia.

BACK TO THE BIBLE

More on what we do, and why we do as we do. I write in the interest of my brethren in the Lord, who think more of the progress of the Cause of Christ than they do of "Their way of doing what the Lord has commanded to be done."

When I teach one or a hundred, I must use some method or way. So long as I teach what Christ commanded, and do it in an orderly way, I have not violated any scripture. If I teach that, my way or method is the only scriptural way,

then I teach a false doctrine. I would become such as Paul mentions in Ro. 16:17-18. When I or anyone else does as last mentioned, we cause division in the body of Christ, and Paul told the church what to do with such an one. Read also Tit. 3:10-11.

I have baptized many in the usual way. I baptized one sitting in a chair. Assisted by three brethren, I baptized one on a sheet. Three ways or methods of doing what the Lord commanded.

Brethren, read Ro. 14:23. Brotherly,

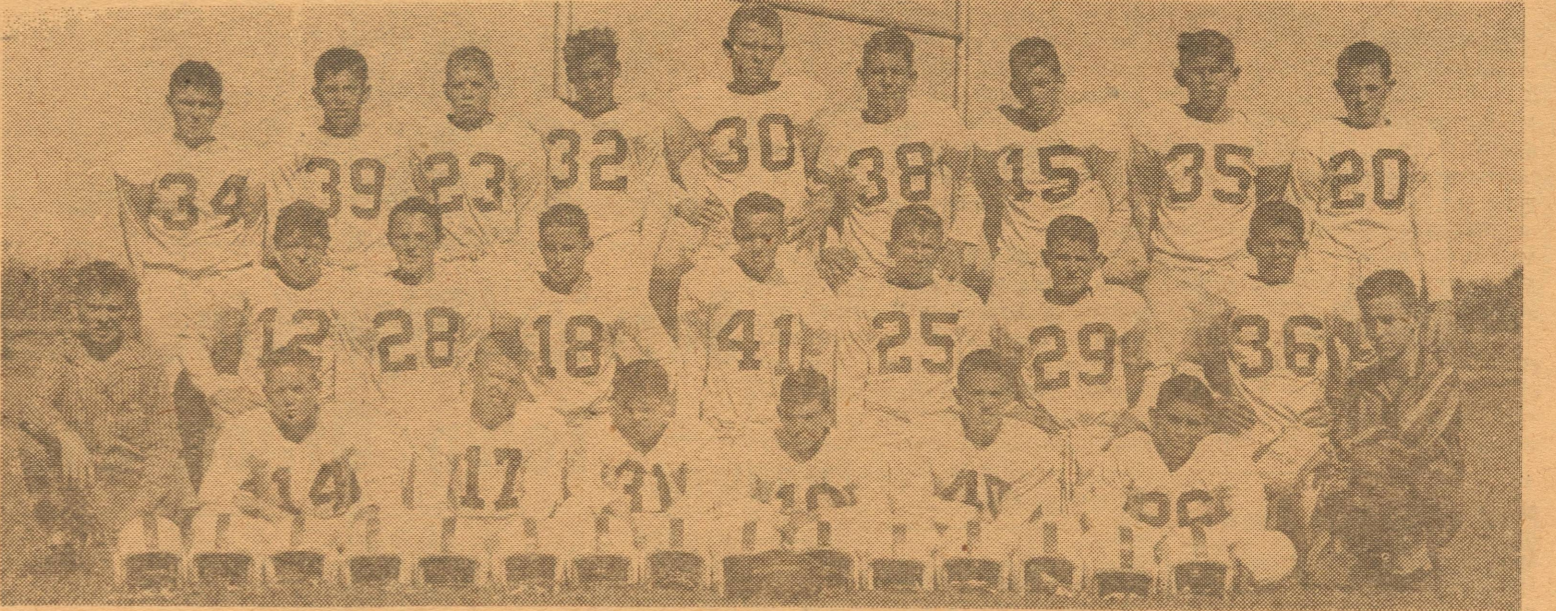

Price Bankhead

Minister

VISITORS IN EMMONS HOME

Miss Roberta Finklea, sister of Mrs. J. H. Emmons, left for her home in Amarillo Tuesday morning after spending two weeks here with Mr. and Mrs. Emmons.

Visitors in the Emmons home on New Year's day in addition to Miss Finklea were Herbert Emmons of Andrews, Floyd Emmons and his sister, Mrs. J. W. Callis of Odessa, and Roy Emmons of Eldorado. They returned to their homes on the afternoon of Jan. 1.

REV. RAYMOND WILSON VISITS

The Rev. Raymond Wilson of Dallas visited here in the home of Mr. and Mrs. A. J. Halbert Sunday and Monday.

He founded the Fundamental Baptist church here over 20 years ago and was the pastor for some time. He and Mrs. Wilson have two children, a son age 19 and a daughter, age 7.

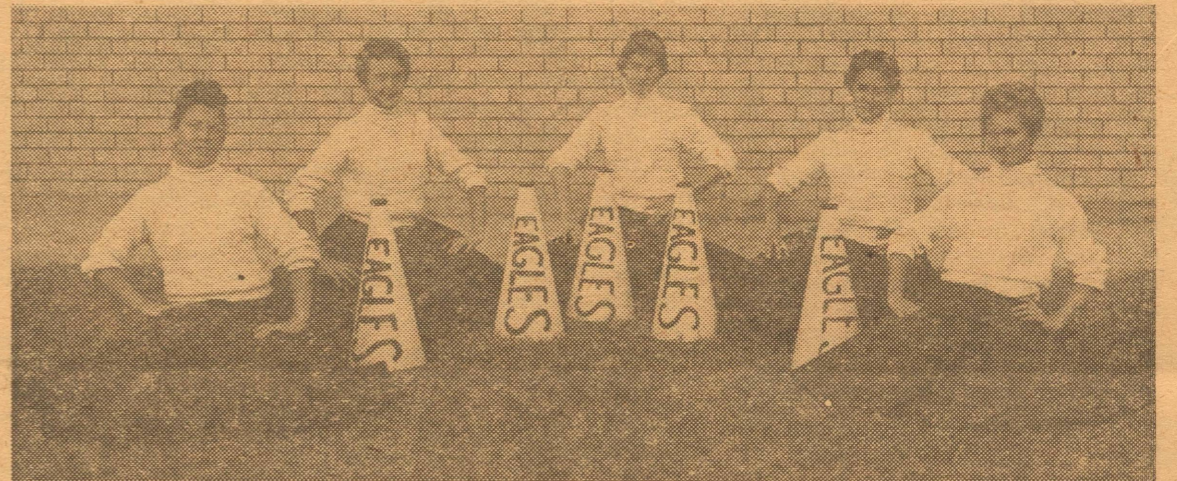

DAVID HOLDEN LEAVES

David Holden left Eldorado Sunday after spending two weeks here on leave from the Navy. He went by bus to Long Beach, California, where he will be stationed until February. After that date he will be assigned to a base on Bikini Island. He is attached to the USS Boxer, according to his parents, Mr. and Mrs. J. D. Holden.

On TRIP TO HONOLULU

Mr. and Mrs. Luke Robinson of San Angelo went by plane to Los Angeles Tuesday. From there they will fly to Honolulu for a vacation. Mr. and Mrs. Robinson were residents of this county for many years before moving to San Angelo some time ago. They plan to remain in Honolulu a month.

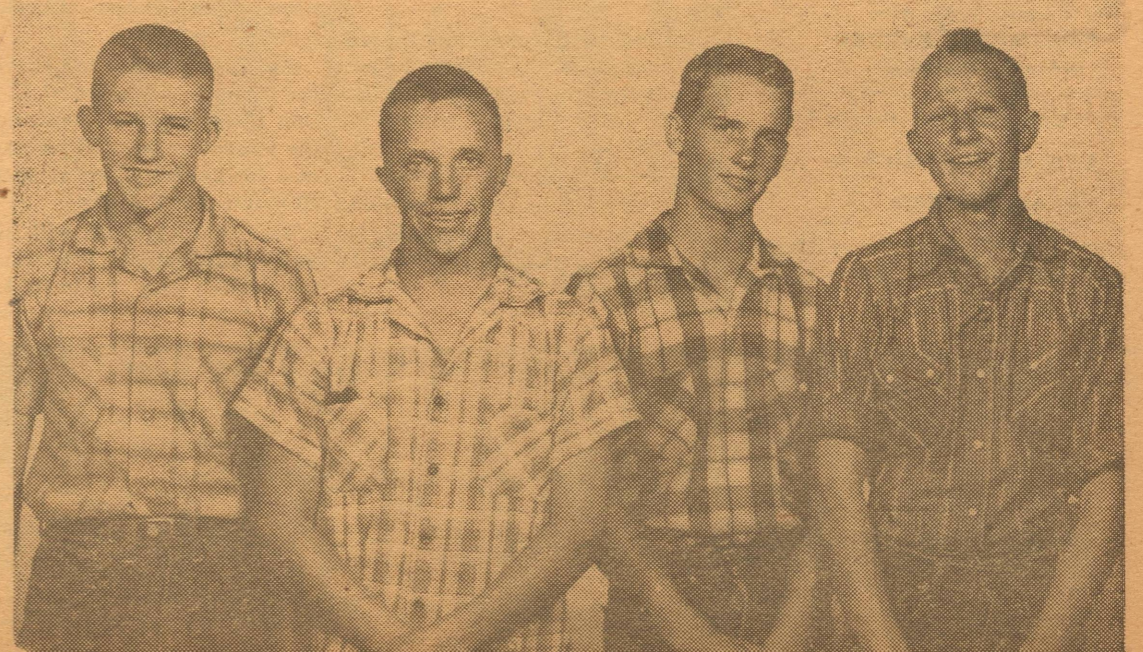

Success in Schleicher County, \$2 year—elsewhere \$3 year.

Cheer Leaders

Drum Major and Twirlers

BRINGING honor to Schleicher County and County Agent W. G. Godwin in June were this team of 4-H boys who made a clean sweep in the state contest at Texas A&M College at the annual 4-H Roundup. Left to right are: Farris Nixon, second high individual; Judge Whitten; Dwain Sauer, alternate; and Ernest K. Nimitz, high man entire contest. Mr. Godwin was in the hospital, unable to attend.

W. T. Whitten Services Held

Funeral services for W. T. (Willie) Whitten were held at the First Baptist church Friday, January 3, at 3:00 p.m. under the direction of Ratliff Funeral Home. The Rev. Douglas DuBose, pastor, was assisted by Rev. Clifford Nelson, Rev. J. M. Hays, and Rev. Noel Wilkinson in conducting the services.

Mrs. J. M. Christian, organist, accompanied the choir in several selections and Lavelle Meckel sang a solo.

Pallbearers were George Cales, Fred Watson, Archie Mittel, Carroll Ratliff, Frank Meador, Sam Loyd, Seth Ramsey, Leslie Baker, Gus Love, and Ervin Mund.

Graveside services were conducted by members of the Masonic Lodge.

Attend From Out of Town

Among those attending the services from out-of-town were: Mrs. J. S. Pelt, Charles Fortson, and Mrs. C. L. Fortson of Edinburg, Mr. and Mrs. John McWhorter of Dallas, Mrs. Pete Awald of San Angelo, Mr. and Mrs. Leroy Kallapas of Riverside, California, Mr. and Mrs. W. M. Patterson and Mr. and Mrs. P. S. Dudley of Abilene, Mr. and Mrs. Sam Calhoun and family of Christoval, Mr. and Mrs. Marion Calhoun and Mr. and Mrs. Bobby Calhoun of San Angelo.

Mr. and Mrs. Jodie Whitten of Ft. Worth, Wiley Whitten of San Antonio, Buddy Baker of El Paso, Mr. and Mrs. Frank Wright and boys of Ft. Worth, Herron Ramsey, Mrs. John Koshack, and Mr. and Mrs. T. E. Holcomb of San Angelo, Rev. and Mrs. J. M. Hays of Brookshire, Rev. and Mrs. Noel Wilkinson of San Antonio, Rev. and Mrs. Clifford Nelson of Brownwood.

Mr. and Mrs. Sam Loyd of Ft. Stockton, Mr. and Mrs. Seth Ramsey, Mrs. Florence Patterson, and Mr. and Mrs. Wayne Bennett of Midland, Mrs. Bill Brown of Odessa, Mrs. Ray Klotz and Mrs. Dick Bagley of Corona, New Mexico, Mrs. Stephen Perner and Mr. and Mrs. John Bailey of Ozona, and Mr. and Mrs. Ben Isaacs of McCamey.

Among those from San Angelo were Mrs. Frank Murchison, Mr. and Mrs. Jack Starnes, Dave Elder, Chester Kinley, Mrs. J. T. Ratliff, Mrs. Blake Duncan, Mrs. G. L. Lewis, Mrs. Travis Perry, Edward Newlin, A. L. McMurtrey, Mrs. Agnes West Womack, Mrs. Chester Wheeler, Mr. and Mrs. Clarence Knight, Miss Myrtle Mae Williams, and Miss Lucy Lee Williams.

Miss Miltia Hill of Alpine also attended.

MARILYN WILSON INJURED IN ACCIDENT FRIDAY

Marilyn, 10-year-old daughter of Mr. and Mrs. R. L. Wilson, fell at her home Friday and sustained a fractured left arm.

She remained in the Hudspeth Memorial hospital overnight and the arm was set in a cast. She returned to school Monday.

Mr. and Mrs. S. E. Jones and family spent the holidays in Sonora where they visited Mrs. Nell Holman, Mr. and Mrs. H. L. Taylor, and Mr. and Mrs. Bill Whitehead.

Extension Service Offers New Bulletin On Homemade Games

College Station.—Recreation can add a great deal to the happiness, healthfulness, and relaxation of the family—and one of the best places to get this recreation is right in your own home or back yard.

The Texas Agricultural Extension Service has just released a bulletin entitled *Homemade Games—How to Play*. This bulletin includes games and equipment that have proved interesting to children and adults in family and community recreation training schools.

Merely being an observer of recreation usually results in boredom, tension and fatigue, according to the bulletin authors, Lucille Moore and Mrs. Eloise Johnson. People are learning that active participation in recreation brings pleasure and satisfaction and relaxation, they say.

Making equipment for games serves two purposes—it offers an opportunity for an individual, family, or a community group to have the satisfaction of creating something and it enables them to have games and play equipment which will add to their enjoyment for much less money.

The classification of homemade games in this bulletin may help in planning for the recreational and developmental needs of all age groups. These games provide for quiet and active play, for individual and group participation and for indoor and outdoor activity.

Mr. and Mrs. Don Townsend and family recently visited her parents and other relatives in Western Oklahoma. They also visited his mother, Mrs. C. W. Townsend in Nocoena, Texas, before returning to Eldorado. The Townsend family were gone six days.

CIRCLE MEETS AT MISSION

The Mexican Mission Circle of the W. M. U. met at the Mission Tuesday afternoon with seven members present. At the business meeting, plans were made for W. M. U. Emphasis Week which will be held January 12 through January 17.

The Bible study was conducted by Mrs. Jose Orena.

Betty Sedberry, daughter of Mr. and Mrs. John Sedberry, returned to Abilene Sunday. She is a student in McMurtry college. She accompanied some school friends from Big Lake in returning to Abilene.

Mr. and Mrs. Wilson Smith spent New Years Day on the ranch near Llano.

Jack Stanford, son of Mr. and Mrs. Truett Stanford, and Gilda Humphries, whose parents are Mr. and Mrs. C. T. Humphries, returned to Waco Sunday after spending the holidays here with their parents. Both young people are students at Baylor.

House guest of Mr. and Mrs. Bill Lester this week is Miss Mary Robinson of Colorado City. She is Mrs. Lester's cousin and will be here a few days.

Mr. and Mrs. Wesley Hayhurst visited briefly in Eldorado recently. They were en route to their home in Eagle, Colorado, after spending the holidays in Texas. He was formerly a member of the Eldorado High School faculty.

Mr. and Mrs. C. C. McLaughlin drove to Austin Thursday accompanied by their son, Charles and also James Clark, who are students in the University of Texas. They returned to Eldorado Thursday night.

School Plans Spring Events, Set Mid-Term Exam Schedule

At a dinner meeting of District 8-A, January 6, 1958, in the home-making room of the Eldorado High school, the following calendar of spring events was adopted:

One act plays will be held in Menard on March 21, starting at 4:00 p.m. Mr. Brace will be the director. Places drawn for presentation of the plays were: 1. Sonora; 2. Menard; 3. Ozona; 4. Eldorado; 5. Junction.

The track and volleyball meet will be held in Ozona April 12th, beginning at 10:00 A. M.

The Literary Meet will be held in Eldorado April 1st, beginning at 3:00 p.m. The following events will be scheduled in Eldorado at that time:

1. Debate, director Mr. Whitfield of Sonora;
2. Extemporaneous Speech, Mr. Whitfield of Sonora;
3. Number Sense, Mr. Hopkins of Ozona;
4. Slide Rule, Mr. Hopkins of Ozona;
5. Declamation and Poetry Reading, Bill Bowen of Eldorado;
6. Original Oration, Mrs. Noguess of Menard;
7. Spelling, Mrs. Noguess of Menard;
8. Ready Writing, Junction;
9. Typing and Shorthand, Junction;
10. Elementary School Tennis, Mr. Clayton, Eldorado.

The Junior and Senior High tennis will be held at Sonora March 25th, beginning at 9:00 a.m. Golf will be held the 24th of March, but the place is not determined as yet. The Junior High basketball tournament will be held in Menard

February 15th. Teams drew for places in the tournament at 1. Ozona vs. Sonora; 2. Menard vs. Junction, with Eldorado drawing a bye and will play the winner of the Menard-Junction game at 1:00 p.m.

Soft ball will be on a round robin basis among the three teams participating.

The meeting was preceded by a delicious meal prepared by the advanced class in homemaking under the direction of Miss Dana Owens.

A. M. Whitis, chairman of the Spring Meet, presided, and Joe R. Andrews acted as secretary.

Mid-Term Exam Schedule

Thursday, January 16:
 8:30-10:15.....1st per. exam
 10:15-12:00.....5th per. exam
 12:45-2:45.....4th per. exam
 Friday, Jan. 17
 8:30-10:15.....2nd per. exam
 10:15-12:00.....6th per. exam
 12:45-2:45.....3rd per. exam.

Regulations pertaining to mid-term exams:

1. A student will not be permitted to take exams until all of his obligations (book fines, cafeteria, shop, etc.) to the school are paid.
2. Make up examinations will be given to students whose absence is due to sickness. This must be verified by a doctor's certificate. No make up exams will be given until all obligations due the school are paid.
3. Students must remain in class for one hour for each exam.
4. If a student has no exam scheduled, he need not come to school.
5. If a student does not have an exam scheduled and does come to school, he must report to and remain in the library.

school, he must report to and remain in the library.

6. After finishing an exam, students may go home: bus students must stay out of building or report to and remain in library.

7. Buses will run on regular schedule.

8. Lunch room will serve lunch at the regular time.

9. Report cards will be given out January 22nd.

R. N. McDONALD HONORED

R. N. McDonald was honored with a party on his birthday last week when his wife entertained a group of friends at the Memorial Building. She was assisted during the evening by Mrs. Roy Andrews.

About 45 guests were present and they enjoyed group singing during the party hours. Refreshments of birthday cake, coffee, and soft drinks were served those present.

Out-of-town guests included Mr. and Mrs. Hugh Spinks and Corale of Menard.

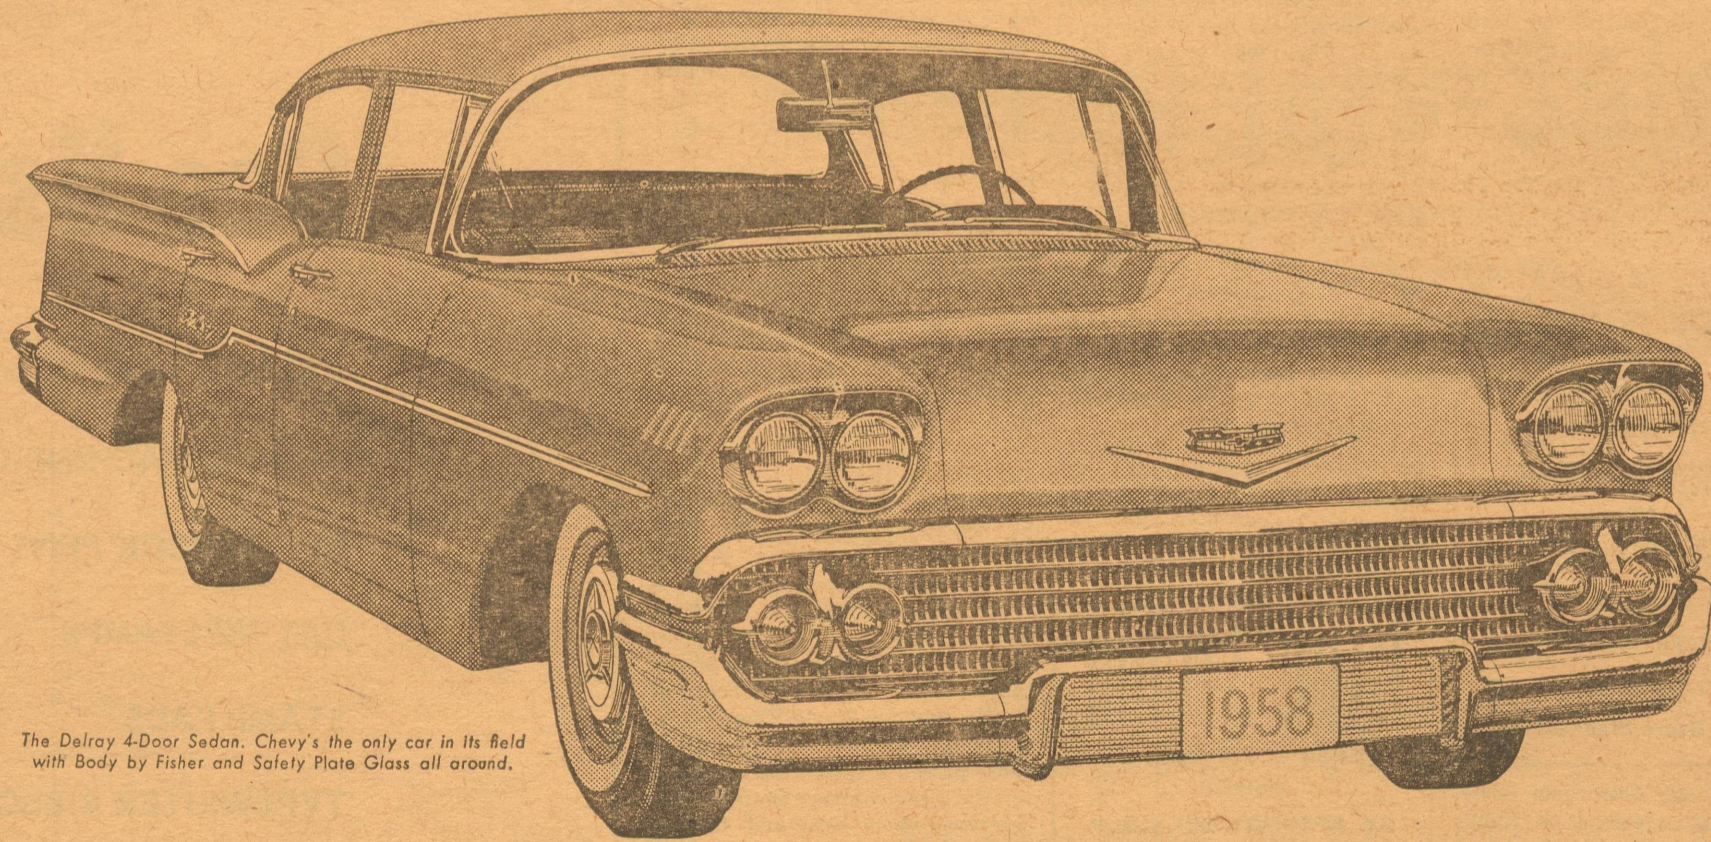

Visitors in the home of Mr. and Mrs. Hall Hagler on New Years Day were her brother W. M. George and John Eddie of Coleman. They also visited Mrs. Ida George who has been a guest in the Hagler home since being released from a San Angelo hospital several weeks ago. She is recovering nicely from injuries sustained in a fall some time ago.

Pvt. David Powell returned to his base at Ft. Carson, Colorado, January 3, after spending two weeks here in the home of his mother, Mrs. Elizabeth Powell.

Mr. and Mrs. Don McCormick drove to Austin Thursday to take their daughter, Donna Beth, back to school after the holidays. They returned to Eldorado Friday.

NOTHING ELSE NEAR THE PRICE HAS WHAT'S IN THIS PACKAGE!

The Delray 4-Door Sedan. Chevy's the only car in its field with Body by Fisher and Safety Plate Glass all around.

It's one of Chevrolet's dollar-stretching Delrays!

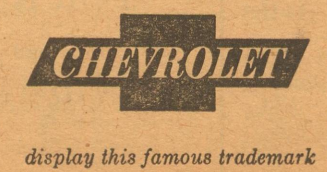

The handsome Delrays are the lowest priced of all the low-priced Chevrolets. And they're full-size Chevrolets—wider, lower and nine lively inches longer. In size, in style, in fine details and construction, no other car priced so low gives you so much!

When you're thinking about buying a car because of its extra-low price, there are two things it pays to watch for. First, be sure you get full measure when it comes to size. Don't settle for a cut-down bargain model. Second, be sure you get all the equipment and conveniences that you'd normally expect to be standard. Look for such everyday things as an instrument panel switch for the dome light, a booster for vacuum windshield wipers

and crank-operated vent windows.

Chevrolet's Delray models are the lowest priced in the line. But they're full-size Chevrolets—wonderfully lower and wider, with the same increased length as other models. They're all Chevrolet, with bold new sculptured styling and beautiful Body by Fisher. And they're equipped to do you proud. Nothing else near the price has what's in this package. See it soon at your Chevrolet dealer's!

News From Our Neighbors

Cow Not Rabid

H. L. Hildebrand and Webb Hudson took a milk cow's head to the State Department of Health in Austin this week to have it tested for rabies. It was proved not to be rabid. An area vet had diagnosed the case as possible rabies. —Sterling City News-Record.

Comanche Springs Flowing

Comanche springs in Rooney park started flowing overnight Dec. 27 and by noon Saturday water was running almost a foot deep in nearby drainage ditches. The springs had not flowed since last spring.

The beginning of the flow this year was 24 days later than in 1956, when water appeared Dec. 3. Water experts had no explanation for the tardy start this year. —Ft. Stockton Pioneer.

Confidence at Ft. Stockton

Fort Stockton, although somewhat bleary-eyed from the traditional late-hour celebration of New Year's Eve Tuesday night, can face 1958 with bright hope.

Expansion in all fields, which established records right and left during eventful 1957, promises to continue in this area of the economic frontier in spite of a mild recession that already has some parts of Texas in a firm grip. —Ft. Stockton Pioneer.

Road Accepted

New paved highway from Study Butte to Terlingua in southern Brewster county has been accepted by the state, County Judge Felix McLaughy was notified this week.

In addition to the black topping, the project included the erection of a large concrete bridge over Terlingua Creek, which will now permit all-weather travel to and from Terlingua and Lajitas. —Alpine Avalanche.

Saturday Closing

Effective January 11, the Ozona business office of the General Telephone Company of the Southwest will be closed on Saturdays. —Ozona Stockman.

Tour Flood Control Area

Farmers and ranchmen from Coke county viewed the Brady creek flood control project with a great deal of enthusiasm last Friday when they toured part of the project in the Eden vicinity.

The group making the tour was made up of Soil Conservation district workers and officials, landowners who have property on the Kickapoo watershed, and Bronte business men. —Bronte Enterprise.

New Store

Remodeling of the Elliott building on Concho street is in progress this week, preliminary to the opening of B&G grocery and market. The new business will open the latter part of next week and will be operated by J. O. Biggs and his grandson, Joe A. Gatlin. —Devil's River News.

To Start On Hospital

Confident that legal matters will be concluded satisfactorily, B&F Construction Co. of San Angelo will start moving equipment here from their Big Lake contract shortly after the first, to begin work on the Kimble County hospital. Architect John Linn Scott of Austin told the Eagle Thursday.

Kimble County commissioners court passed a resolution of intent to award the contract to B&F after receiving their refigured bid on Dec. 17. Jack Brewer and Jake Freeman of the company have both met with the court. Their original bid for hospital costs was \$176,000. —Junction Eagle.

Larger Bucks

Numerically the 1957 hunting season in Mason county was about on par with the two preceding years but there was a decided difference in quality. All were agreed the bucks killed during the past six weeks were larger than in many years. —Mason County News.

P. O. Housing Wanted

Robert Lee may get a new post office. At any rate the Post Office Department is hoping that some property owner will construct a new building and lease it to the government.

V. E. Bell of Lubbock, real estate officer for the Post Office Department, has asked for bids up to and including Jan. 21, 1958, to furnish quarters suitable for post office services in Robert Lee under a lease. —Robert Lee Observer.

Mr. and Mrs. Clvde Henderson of Sonora visited in the home of Mr. and Mrs. R. N. McDonald Sunday evening.

Blakeways Move To San Angelo This Week

Mr. and Mrs. B. L. Blakeway and son have moved to San Angelo and occupy a home at 2622 San Antonio street which they purchased six years ago.

Blakeway has been operating an electrical appliance business here since July of 1946, located in the Meador estate building on Main street. He and his wife belong to the First Baptist church and she has been employed as church secretary for some time. She was also employed recently by the Schleicher County Abstract Co.

Mr. and Mrs. Blakeway have both been active in many civic and church affairs while living here in Eldorado. They have one son, age 5.

In San Angelo Blakeway will be associated with Jess Thompson in the used car business. Mr. and Mrs. Thompson only recently sold their home in Eldorado and moved to San Angelo.

The Blakeways plan to rent their home here and may possibly sell it later. Plans for the stock of appliances and fixtures remaining here in the store are uncertain at this time, but some disposition of them will be made in the near future.

Ministerial Alliance To Meet Next Week

The Eldorado Ministerial Alliance will meet next Thursday morning, January 16, at St. Mary's Episcopal Church at 9:30 a. m. The president, the Rev. R. R. Heaner, announces that the election of officers will be held. All ordained ministers of Schleicher County are cordially invited to be present.

Special guests will be: Edwin Jackson, who will make a final report on the recent Religion in American Life campaign, and J. B. Morris of San Angelo, who will present ideas connected with Boy Scout Sunday and the God and Country award, and also Bill Gunstead, Billy Frank Blaylock and Claude King.

COLLEGE STUDENTS DELAYED BECAUSE OF SNOW

A group of college students were delayed in returning to school after the holidays because of the heavy snowfall between here and points north and east.

Billy Sam Hale left Sunday for Lubbock and arrived safely according to word received by his parents Sunday night.

Other Texas Tech students leaving Monday morning were Ronnie Mittel, Ann Ballew, Jimmy Wayne Harris, and Tomasine Jones.

GORDON McDONALD HAS HEART ATTACK

Gordon McDonald sustained a severe heart attack at his place near Buchanan Dam last week. He is confined to the Burnet Hospital and will have to remain there several weeks, although his condition is somewhat improved at this time.

McDonald is a former long-time resident and rancher of this county, having moved to Buchanan Dam about 18 months ago. He has a wife and two children.

WHITIS TO CONFERENCE

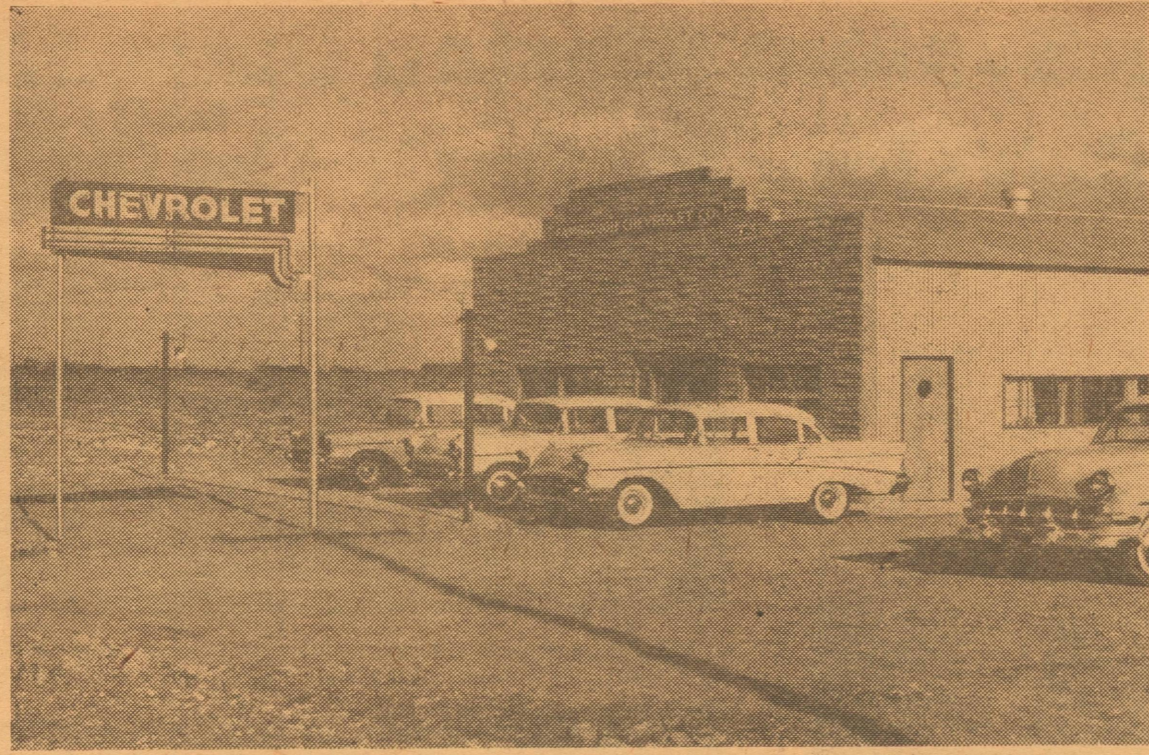

Superintendent A. M. Whitis left early Wednesday morning for Austin where he will attend the Mid-Winter Administrators Conference.

The meeting is held each year for school superintendents and is attended by men from all over the state. Mr. Whitis expects to return to Eldorado Saturday.

Jean Kuykendall returned to San Angelo after a week end visit here with her family.

Albert McGinnes and his son, Larry, have been quite ill with a throat infection. Both are improving.

Pam Jones and Jane Saunders spent two nights in the home of Mr. and Mrs. Bill Whitehead in Sonora recently.

CHEVY AGENCY completes year. Fambrough Chevrolet Company was opened on Highway 277 north during the month of January, 1957, by Arthur Fambrough. Land on which the establishment is located lies north of McCormick's drive-in grocery. Lots were bought from Reed Oil Co., Ralph Fowler, and Cramer Sofge to make a large unbroken area for building and parking space.

MRS. KATHERINE MCGILL'S SISTER DIES IN KERRVILLE

Mrs. Harry Clark, 51, died suddenly December 29 at her home in Kerrville. She and her husband were talking when she suddenly collapsed. Among her survivors are one son, two grandsons, one mother, and two sisters. One sister, Mrs. Katherine McGill, formerly lived in Eldorado and now resides in Baytown.

WOMAN'S CLUB TO MEET

Woman's Club will meet Tuesday, January 14, in the home of Mrs. Edwin Jackson. This will be the first club meeting of 1958. Subject under discussion for the afternoon will be "Traffic Safety" stressing driver education. Those taking part on the program will be Mrs. E. H. Topliffe, Mrs. C. H. Clark, and Mrs. L. D. Oehsner.

TUESDAY CLUB MEETS

Mrs. Thomas R. Jones was hostess to the Tuesday Bridge Club when it met in her home this week. There were two tables of members and one guest, Mrs. James Page present. Mrs. Patton Enochs won high, Mrs. Billie McCraevy, traveling, and Mrs. Carroll Sproul, bingo. After the afternoon of bridge, club members and Mrs. Page were served pie and coffee.

Adult Education Courses Resumed After Holidays

The Adult Education courses met Tuesday evening for the first time since the holidays. There were 64 present in the four classes. The typing class enrolled two new members and there was evidence of much interest in the new phase of study being taught in that course. New things to be taken up are letter writing, proper business forms, telegrams, index cards, manuscript typing, and other correct typing procedures. The instructor stated that anyone interested in brushing up on this course is urged to enroll now.

In the Parent Education course, Miss Dana Owens will give a lecture on Adolescent Psychology, with emphasis on the social side, when the class meets next week.

The classes will meet next Tuesday evening promptly at 7 p. m.

Sherry, 7-year-old daughter of Mr. and Mrs. Dwight Wiedenmann, entered the Clinic-Hospital in San Angelo Saturday morning for minor surgery. She was released from the hospital Sunday and will be out of school for a few days. She is doing nicely.

Visitors in the home of Mr. and Mrs. J. B. Montgomery on New Years were her sister and brother-in-law, Mr. and Mrs. A. W. Hedlund of Monahans and Miss Mary Lenore Hedlund who is a student at San Angelo college and the Shannon School of Nursing.

Methodist News

There will be a stag domino party in the Educational building on Friday, January 17 at 7:00 p. m. Hot dogs and coffee and doughnuts will be served. All men who like to play dominoes, forty-two, moon, checkers, etc., are cordially invited. "Come as you are." This is not a dress-up affair at all. Bring your dominoes and checkers.

The district board of Missions will meet next Wednesday at 10 a. m. at the First Methodist Church in San Angelo. It will be followed by a district preachers' meeting.

Congratulations to Mr. and Mrs. Dempsey L. Hale on the arrival of Christopher Lee Hale on Sunday morning, December 29.

The choir practices every Wednesday evening at 7:00 o'clock. If you like to sing, please come and sing with us.

We started the Nelson Attendance plan last Sunday. Everyone is asked to come this Sunday and to bring a visitor or a new member if possible. Let's make our Sunday school grow.

Thought For The Week Ministerial Alliance

There's A New Couple In Town

They have just moved to Eldorado and as yet, they haven't been invited to a church. Perhaps you know them; perhaps they have moved into your neighborhood. Maybe they have a child or children just the age of yours who want to attend Sunday school. These are the folks your church needs to know about.

Your pastor wants to call on them personally, along with you, and invite them to attend the church of their choice in Eldorado. Our churches have Sunday School classes for every age and many of them have nurseries for the infants.

If YOU know this couple, or these children, or anyone who isn't attending church—and you think they might be interested in visiting some church or perhaps several churches, the ministers of Eldorado would appreciate a call from you. Better still, why don't YOU call on that family TODAY. Tell them about the fine churches we have in our community and urge them to find a church they like and attend every Sunday.—R. R. Heaner.

Austin, Texas.—January is poll tax month.

Officially, poll tax sales begin in October. But nobody pays too much attention. However, after the first of the year, organized drives get under way, in a deadline month appeal to induce citizens to protect their right to vote by payment of the poll tax.

But a good percentage of potential voters ignore it all. Many, jolted at the last minute, flood into courthouses after knocking off work Jan. 31. Penalty for the putter-offers is usually a long wait in line. Many more never get there at all. Texas Almanac reports show that in past non-presidential election years, less than half the potential voters paid poll taxes or secured exemptions.

Poll tax costs \$1.75 and usually may be secured at several different places in every community. No charge for 21-year-olds getting their first vote and those 60 years and over, but an exemption certificate must be obtained. (Persons living outside cities of 10,000 or more may vote on affidavit without an exemption certificate.)

Deadline for poll tax payment is midnight, January 31.

Safety Program Pays Off

Texas traffic deaths fell below the Department of Public Safety prediction for the Christmas-New Year holiday period, as a result of the concerted efforts of the Governor's safety program. DPS predicted that 113 persons would die on Texas highways. Final number probably will be 103.

Both Governor Daniel and DPS Director Homer Garrison, Jr., had high praise for Texas citizens, law enforcement officers and news media, for the success of the program. If the DPS figure of 103 proves accurate, it will be the lowest since 1952 when 98 persons were killed in the holiday traffic crush.

Breather For Schools

Some 600 still segregated school districts in Texas are more relaxed

now. Many had feared that court-enforced integration in Texas would begin this winter in Dallas. Federal Judge Atwell of Dallas ruled last year that Dallas schools must integrate at mid-term (Jan. 1958). But a higher court (U. S. Fifth Circuit Court of Appeals in New Orleans) overruled. It said Dallas school officials should be given a "reasonable further opportunity" to plan for integration.

Decision leaves intact, for the time being, a state law passed last spring designed to delay desegregation. It prohibits school districts from integrating unless instructed to do so in a local election. Integration without a voter mandate would bring loss of state aid. For Dallas, this would have meant \$1,500,000 a year.

Unwanted "Eggs"

Estate Life Insurance Co. of Amarillo is asking the state to take back some "rotten eggs" it bought at a bankruptcy sale. Last summer Estate took over some \$11,000,000 worth of policies that had belonged to Physicians Life Insurance Co. Physicians had gone broke, and its affairs were being settled by the state liquidator.

Estate's attorney charged at an Insurance Board hearing that the contract arranged by State Liquidator J. D. Wheeler was unfair to Estate. Some batch of business (mostly burial policies on older people) has passed through three companies.—Southern Bankers, American Atlas and Physicians. It bankrupted all three, the Estate attorney, who called the business "a bunch of rotten eggs."

State Insurance Department officials charge that Estate presented a false statement of assets when it entered into the contract. Insurance Board forced the resignation of Estate's president, John L. McCarty, after it was revealed that McCarty had given a State Insurance Department employee \$2000.

LIONS CLUB MEETS

Bill Bowen of the high school speech department presented D. J. Garvin and Linda Jones in monologs at yesterday's Lions club meeting.

Charlie Trigg presided. A minute of silent prayer was held for recently deceased Lions E. H. Coulter and W. T. Whitten.

Mrs. Oliver Teele's choral group will give the program at next week's meeting.

OUR FIRST

Anniversary Sale

FAMBROUGH CHEVROLET COMPANY HAS NOW BEEN IN BUSINESS FOR ONE YEAR, AND WE WISH TO THANK YOU FOR YOUR BUSINESS AND CO-OPERATION DURING THIS TIME. WHILE WE HAVE ONLY A MODEST STOCK OF USED CARS AT PRESENT, WE ARE PUTTING JANUARY CLEARANCE PRICES ON ALL OF THEM AND WE ARE OFFERING SOME REAL HOT BUYS WHILE THEY LAST.

Pioneer Gathering System Started Operations Here, One of the Major Developments Of County In 1957

Announcement by Pioneer Gathering System of Amarillo that they would build a gathering system for shut-in gas wells in Val Verde, Sutton, and Schleicher counties, with a compressor station in western Schleicher, was a major news development for this county in 1957.

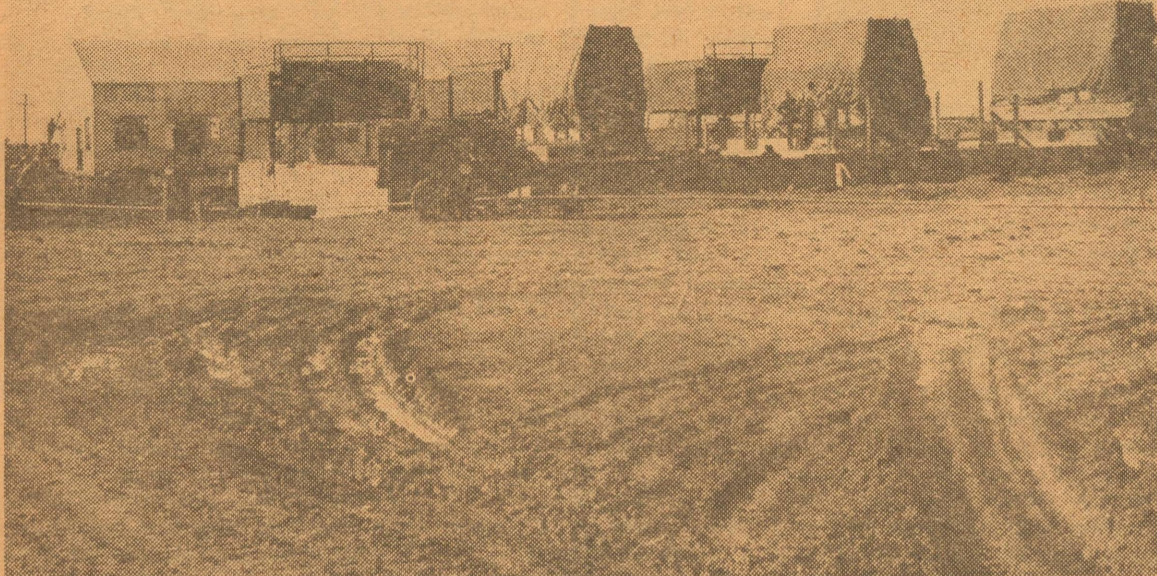

Construction has been under way at the compressor station site,

about a mile north of the old Reynolds school house, since last summer. Dresser Engineering Company is in general charge of the construction of the compressor station.

Only two houses are being built at the site, one for the superintendent and the other for his assistant. Other regular employees at the station are finding housing here in

Eldorado. A number of these expect to be located here permanently.

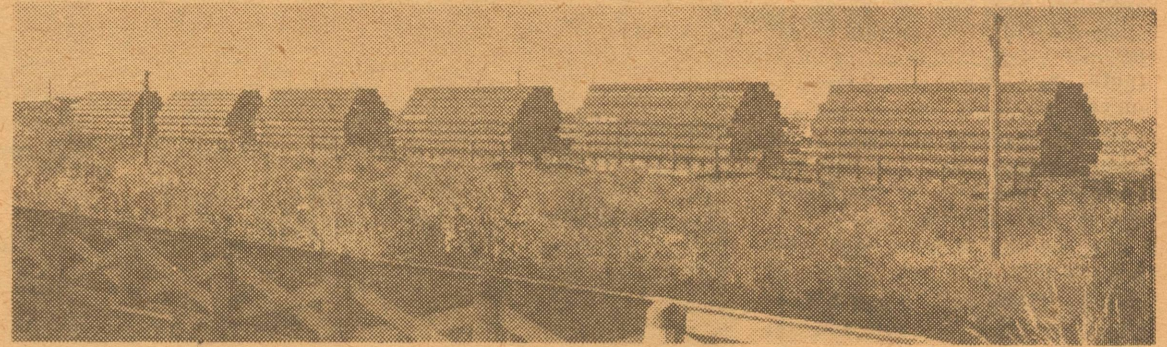

When completed, the installation will be another healthy addition to the tax rolls of the county-wide Schleicher County Rural High School District, as well as a new source of revenue for the county itself.

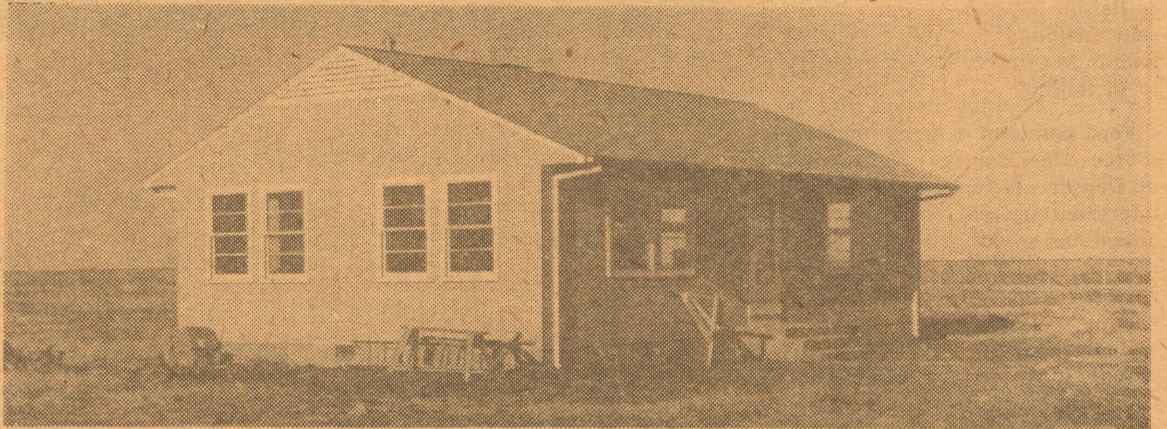

THIS was how things looked about a month ago. Contractors were taking advantage of clear weather and had a crew of about 80 workers

swarming all over the place. The three large "jobs" shown here are compressors which were being lowered into place on their founda-

tions. With heavy machinery in place, a steel building was to be erected over it.

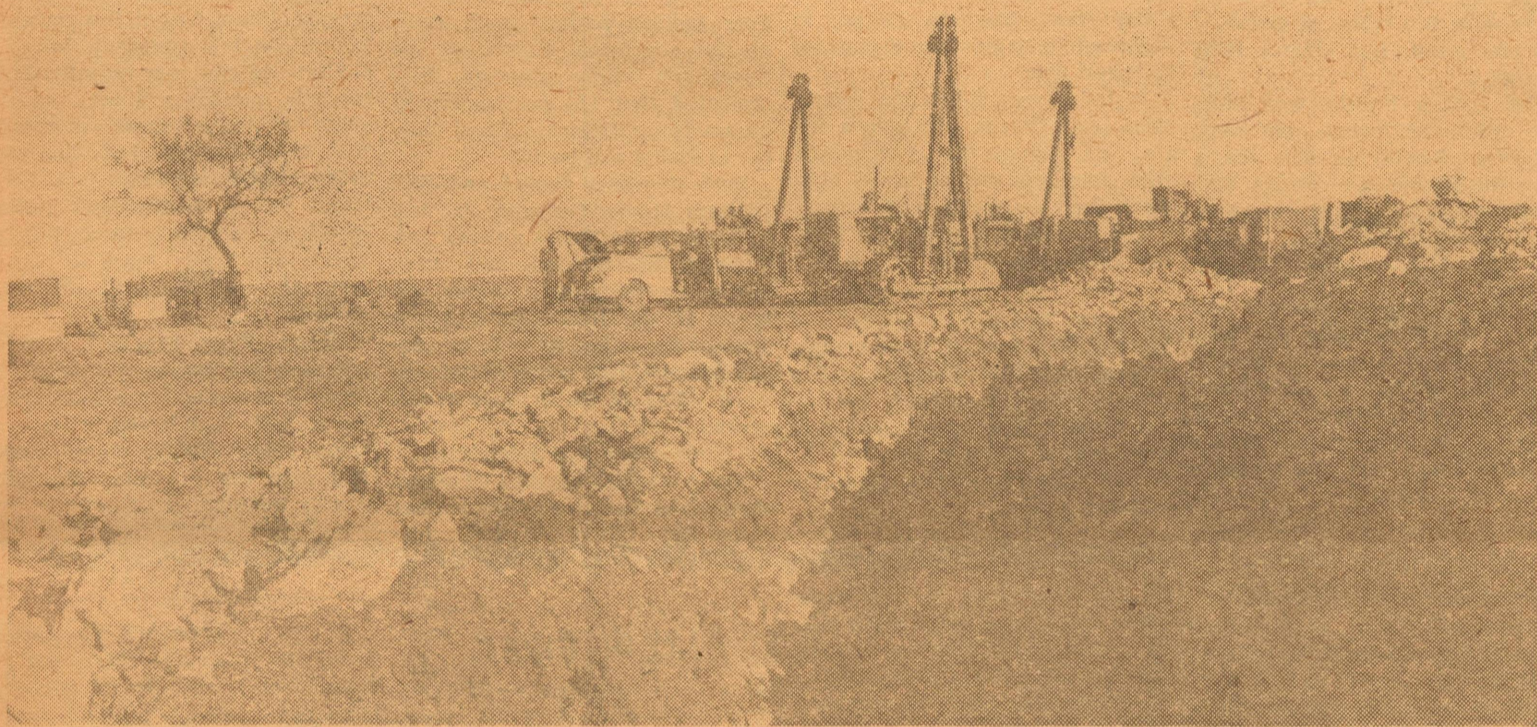

HERE we have carloads of large pipe on the Santa Fe side track in Eldorado in preparation for the Pioneer Gathering System of large gas system to be built by Amarillo. Photo made in August.

WORK on the interior was not complete when this photo was taken in September of the new office building out at the Permian location 1 1/2 miles north of the old Reynolds school house. The

40-acre tract was teeming with construction activity all during the summer and fall months.

BIG DITCH, shown in this September photo, is where the Permian

pipe line was to take off in the direction of Midland. The machin-

ery in the background is pipe-laying equipment and all of it had

the name "Lone Star Constructors" painted on it.

ENGINEER MOVES HERE

Mr. and Mrs. W. R. Thurman have moved here from Clifton, Kansas, and will occupy the Chester Biggs house as soon as their household goods arrive.

They now have an apartment at Mrs. Mattie Cozzens' home.

Mr. and Mrs. Thurman have two children, Roger, in the eighth grade and Billie Jo, in the second. The family belong to the First Christian church and Mr. Thurman is an engineer for Permian Basin Pipe Line Co.

Mrs. H. L. Galbreath spent two days last week visiting her son and family, Mr. and Mrs. Billy Galbreath on their ranch south of Sonora. She returned to Eldorado Friday evening.

School News

FHA Beau Elected

Billy Van Dusen was elected FHA beau and was presented with an engraved identification bracelet at the annual Christmas party at which the FFA boys and their sponsor were guests. Billy was unanimously chosen to receive this honor by the girls of the chapter because of his likable personality and his ability to cooperate with other students and the faculty. He is president of the Science club, president of the sophomore class, and a member of the "E" club. He participated in football and basketball.

This year the FHA members brought toys to be distributed to

needy children and sent Christmas cards to the Tubercular Hospital in Kerrville.

DAVID KUCKENDALL LEAVES

David Kuykendall left Friday night for Los Angeles after spending the Christmas holidays with his family. He left by bus for El Paso and then went from there to Los Angeles by American Air Lines.

He is attending Northrop Aeronautical Institute in Inglewood, California.

His address is 7022 LaTijera Blvd., Los Angeles 45, California.

Mr. and Mrs. Jim Estes of Barstow, Texas, visited in the home of Mr. and Mrs. Odie Harris and with other relatives on New Year's day.

Margo Mittel visited in San Angelo with Judy Donham last week. She was gone several days.

Mrs. J. N. Early has been ill at her home for a week. She is improving.

Mr. and Mrs. Raymond Lynn from San Angelo visited her father, J. C. Johnson here Sunday.

Mrs. Fred Barney returned to Eldorado Sunday after being at her home in Ft. Worth for two weeks during the holidays.

Mr. and Mrs. J. F. Kinser were hosts at a dinner on New Years for a group of relatives. There were 19 present including Mr. and Mrs. L. Kinser of Saragosa, and Buddy and Carol Froome of Roswell, N. M.

In Those Days

One Year Ago

About the only good news on the front page of our Success one year ago was the trip being planned to Florida by the local polo team. They were to compete in the World's Championship Tournament there in the early spring.

Schleicher county had received rainfall for the previous year measuring only 9.13.

Several dry holes were limiting the new West field close to town.

Dial Mercer died in a truck accident near Mertzon.

Herman Phillips was elected "citizen of the month" by the student council.

Jim Runge was pictured as having filed application to attend the Fourth National Jamboree of Boy Scouts to be held in July at Valley Forge.

5 Years Ago

Oil news was much in evidence as this issue of the Success was published. Several wells were being drilled and others were being completed. Sinclair No. 1-101 was being completed in the western part of the county. Tests had been made that indicated Ellenburger production between 7,500-8,045 ft.

Pan American No. 1 Wilson had been completed in the Neva West field and was flowing at the rate of 386 barrels per day, 46.5 gravity pipeline oil.

The city was crowded with the pipeline activity that was going on in connection with the Bailey Station which would later be known as the Eldorado Station of the Rancho line. Construction had begun on the new Mertzon highway also. Jack Shugart had just started construction of an apartment house and Fred Riley and Gus Love were moving in more ready-built houses to be furnished and rented.

The city of Eldorado was overflowing with people working on the

various projects under way at this time.

12 Years Ago

The first member of the Co-Op to receive electricity on the newly energized lines in the county was Ernest Hill. Others this week were L. T. Wilson, Jack Ratliff, and P. K. McIntosh.

J. D. Ashmore and Leslie Baker, who had occupied part of the Red and White building, moved this week to allow for the expansion and improvement of the grocery store.

Bernard Carr received his discharge from the service and started working in the office of the Woolen Mills.

It was announced that the total rainfall for 1945 was measured at 19.97 inches.

Announcement of the approaching marriage of E. C. Peters and Miss Frances Thompson was made. The wedding was to take place in the First Methodist church on Saturday evening, January 12th.

H. D. CLUB TO MEET WITH MRS. VICTOR SAUER

The Reynolds-Alexander Home Demonstration club will meet in the home of Mrs. Victor Sauer next Tuesday, January 14, at 2 p.m.

Mrs. Vida Kreklow will meet with the group and the topic for discussion will be "The Hurry-Up Meal." The last meeting of this group was held in November and it is hoped that all members will be present next Tuesday.

Mrs. Ethel Etheredge and Eddie spent the week end in Midland with Mr. and Mrs. S. E. Etheredge. They assisted the Midland couple in moving to a new home they had recently bought, which is located at 3610 Gaston Street.

Mr. and Mrs. Marvin McDonald of Burnet were in Eldorado Friday on business and visiting with friends and relatives.

Drouth Period Saw Question Of Rain Making Come Up

Bountiful rains of last weekend, which have followed others of the past several months, give hope that this is the end of the Great Drouth of the 1950's.

The dry years have seen several false starts on breaking of the drouth, and at least once the question came up about increasing rainfall by artificial means.

As far back as the spring of 1951 the area ranchmen and businessmen seemed to realize that we were in for no ordinary dry spell, and that unusual measures might be in order.

In May of 1951 the Edwards Plateau Improvement Corporation, which had been set up in Sutton and Crockett counties previously as liaison between ranchers and a rain making company, made attempts to interest Schleicher county in joining.

Ford Hubbard of the Water Resources Development Corporation in Denver spoke at a meeting of interested people to discuss the operations of his company, pointing out that "rain increasing" was a term more correct than "rain making."

He further discussed how cloud seeding of this area would be done from seven strategically located ground generators, which could take advantage of clouds coming from any direction.

Rain could not be gotten out of a clear sky when it was not going to rain anyway, it was pointed out. Whatever finally became of the

"Edwards Plateau Improvement Corp." is hazy. They ran a large advertisement in the June 21, 1951 Success, in which they called for backing to "increase our rainfall 50% to 400% in this area."

The ad pointed out how help was needed to employ "The Water

Resources Development Corporation," headed by Dr. Irving P. Krick. It stated that he had a better-than-average chance of giving the area relief from drought conditions, based on his past record.

"To join this progressive, scientific rain-increasing operation will cost only two cents per acre annually! A tax counselor advises that this is a deductible expense of operation—in his opinion" the ad concluded.

ICE CREAM SUPPER HELD HERE

Mr. and Mrs. L. V. Hazelwood and Mr. and Mrs. H. L. Hazelwood entertained with an ice cream supper honoring their nephews, Herman and Jimmie Carroll. The affair was held in the home of Mr. and Mrs. L. V. Hazelwood Wednesday evening.

Among those attending were Mr. and Mrs. Vernon Carroll and Shirley, Mr. and Mrs. J. C. Whiteley, all of Eldorado, and Mr. and Mrs. Tom Carroll and Vicki of Ozona.

Herman Carroll left Saturday for California where he is stationed in the Navy Pharmacy school and Jimmie left Sunday for Alpine where he is a student in Sul Ross college.

Visitors in the home of Mr. and Mrs. Ted Hoss on New Year's were their daughter and son-in-law, Mr. and Mrs. Victor J. Friesen and Betty Jo and Bob of Royalty.

Peggy Spencer, daughter of Mr. and Mrs. J. E. Spencer, was dismissed from the Hudspeth Memorial hospital Saturday after having been there since Monday. She is much improved but will remain at home several more days.

Mr. and Mrs. Chester Biggs of Hobbs, New Mexico, visited friends and relatives in Eldorado Friday and Saturday. They also attended to some business matters while here.

Mr. and Mrs. Joe Edens spent New Year's Day in the home of Mr. and Mrs. Frank Edens at Buchanan Dam. In the afternoon they drove over to Austin where they visited Mrs. Annie Edens. The Eldorado couple returned home January 2.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

This question is aimed toward non Home Demonstration club members. Do you know what the Home Demonstration Council is and does? This might even be a good question for some club members who have not yet had the opportunity to attend meetings of the council.

A County Home Demonstration Council is a committee elected by the home demonstration clubs and is responsible to them and the home demonstration agent. This committee is made up of each club president and an elected delegate from each club. Council committee chairmen are council members too.

What do they do? The Council is an advisory board. The year's work and what it will be is a council responsibility. Special county and club events are discussed and planned for by this group of representative women. The Christmas party and decorating the Memorial Bldg were council activities.

Communication between one club and another, between other interested groups, between the clubs and the agent are bridged by the council. The group strives toward excellency in organizational procedures.

The new year promises to be a good one for the Schleicher County H. D. council. Mrs. M. H. Woodward continues as a second-term chairman, Mrs. Victor Sauer is vice chairman, Mrs. Arch Ory is secretary and treasurer, Mrs. L. E. McCalla is reporter and Mrs. John Williams will act as parliamentarian.

The committee chairmen will run as listed: Mrs. Arch Edmiston, county THDA (Texas Home Demonstration Association) chairman; finance, Mrs. Farris Nixon; expansion, Mrs. Ernest Finnigan; education, Mrs. J. Tom Williams; exhibit, Mrs. Ray Alexander; recreation, Mrs. E. L. Carlman; 4-H leader, Mrs. Bascom Hartgraves; yearbook, Mrs. C. R. Keeney; civil defense, Mrs. L. E. Lloyd; safety, Mrs. W. F. Wyatt and reporters, Mrs. Cecil Williams.

Welcome to the new names on our roll. Members of senior standing say that the nicest part of club work is the council work. A part of the aim of Home Demonstration and 4-H club work is to develop leaders. Today's conditions have confirmed the need of leadership so dramatically that I don't think anyone will argue the point. Only one can't lead when he is alone. Thus, clubs and councils and such proving grounds offer a chance to develop girls and women into leaders which are needed now and tomorrow.

If you are thinking of freezing a lot of pork at one time, do a little checking first. Pork doesn't keep so well as some other meats and it might be that some of it would become rancid before it could possibly be eaten by a small family.

Fresh sausage keeps from one to three months. Fresh shoulder, hams, chops and bacon will keep from 3 to 6 months, if the temperature is kept at 0 degrees F. or lower, and it's wrapped in a vapor resistant material such as heavy foil.

Cured and smoked pork usually becomes rancid if kept longer than two months. I wish it weren't so, but that's the chemistry of pork.

If you have to pack lunches, try this surprise someday. Steam prunes over hot water until soft, then cool. Remove seeds, stuff with nuts and dip in melted milk chocolate. Any chocolate bar will do. Prunes have iron and iron makes good red blood.

I've ordered a stock of a new bulletin, "Homemade Games and How to Play Them." While we're waiting for them, you who have little ones, start saving spoons. There is a tin-pan car, a snool doll, and a snool wagon that look as if they would be as much fun to make as play with.

This isn't a leaflet; it's an 18-page, slick paper "How To" book, and it's yours, free, and you are welcome. Call 24981 or write to Home Demonstration Agent, Eldorado, and it's yours.

We got several records at our house for Christmas, but the prettiest music I have heard yet is the sound of the new dish washer as winds up to really get busy on those dirty dishes.

Well, what do you know? They have at last found something else for a boll weevil to eat besides cot-

ton. Time was when they were about ready to study the rascal properly the green cotton would run out and the next year the whole thing would have to be started over. A woman, Dr. Emma Vandezant, a member of an agricultural research team at Texas A&M college, figured out a diet on which boll weevil will lay eggs without the use of cotton, and at any time of the year. She also provided the same diet for the laboratory production of pink boll worms. Both accomplishments are of great significance, both scientifically and economically. Trust a woman to make those diets come out right.

Marilyn, small daughter of Mr. and Mrs. John Mormon, was confined to the Hudspeth Memorial hospital in Sonora from Saturday until Monday. She is much improved.

Visitors in the home of Mrs. Rutha Boyer on New Years Day were Mr. and Mrs. Clarence Rampy and son from Water Valley and Mr. and Mrs. Howard Becher and children from San Angelo.

Presbyterian Notes

Calendar For The Week

- 10:00 Sunday School
- 11:00 Morning Worship
- 5:00 PYF
- 7:00 Evening Worship
- Monday**
- 3:15 WOC Circle No. 1 with Mrs. Edwin M. Jackson, Sr.
- 3:30 WOC Circle No. 3 with Mrs. Jack Mowrey
- Wednesday**
- 4:00 Choir Rehearsal
- 4:00 Crusaders
- 7:00 WOC Evening circle meets with Mrs. Jim Herridge

Last Sunday morning as a part of the worship period Sam E. Jones Jr. and Bill Oglesby were ordained and installed Ruling Elder of the 1960 class. They will serve the three years and rotate out and will have to be out one year before they can serve again in the same capacity. John F. Mayo was ordained and installed as Deacon of the 1958 class, filling the unexpired term of Sam E. Jones, Jr. Jim Herridge, Dr. Jack Mowrey and Robert J. Page were installed as the 1960 class of Deacons have been ordained previously, all having served on the Board previously. Jim Herridge in Andrews, and the other two here in Eldorado.

At a meeting of the Session last night (Sunday night) Sam E. Jones Jr. was elected as the official representative of the church to the first meeting of the Presbytery of the Southwest meeting in San Angelo 2:00 P. M. January 1st. John Williams was elected his alternate. The whole Session is planning to attend as much of the meeting as possible. Moderator, Exell Coon of Clovis, N. M., will open the meeting and the first business will be that of electing a Moderator for the meeting to serve till the next stated meeting of Presbytery.

Electricity can save you from carrying 2½ tons of wet laundry 40 miles to the clothesline!

In a year's time, a leading magazine tells us, the average housewife of a family of four washes 2½ tons of wet clothes and walks 40 miles in hanging them up on the line.

We're glad electric dryers and automatic washers make this big job a little one. And, of course, this is just one of the many jobs electricity helps you with each day.

What else do you use that helps so much to do so many things—yet costs so little?

West Texas Utilities Company

Electricity costs so little— you can afford to use lots of it!

LABOR TIME SHEETS
