Heavy Damage to Cotton From Early Fall Freeze

An early cold front that plunged temperatures down to 28 or 29 degrees early last Sunday morning caused thousands of dollars in damage to Schleicher county's cotton crop.

Cold, blustery weather on Saturday had temperatures hovering close to the freezing point, but some time after midnight the wind died down and by daybreak outdoor water vessels were covered with ice 1/4 inch thick. It was one of the earliest freezes in many years.

Green cotton bolls, when cut open, were found to contain ice—a sure sign they were ruined, according to growers.

The damage to the cotton is generally reported to be 50% of the unopened bolls, and is greater in the irrigated crops than in the dry-land fields.

Clyde Keeney on Sunday morning estimated that his crop had been cut 40 to 50 per cent.

Henry Moore on Monday also agreed that 50 per cent of his unopened bolls were a loss. Others with irrigated crops gave similar estimates, including Geo. Mikeska, whose son has an irrigated project in the west part of the county.

Picking Resumed

The cold weather over the week end cleared the skies and was followed by sunshine. Picking has been resumed and there is now an

AMERADA TO DRILL SUTTON WILDCAT

Amerada Petroleum Corp. will drill a 11,500-foot Ellenburger wildcat in southwest Sutton county 20 miles southwest of Sonora. It will be the No. 1 Winnie Aldwell Estate.

Location, on a 4,040-acre lease, is 1,980 feet from the north and 660 feet from the west lines of 4-James Redus survey.

The project is 5 1/2 miles southwest of Shell No. 1 Aldwell, a 10,475-foot failure abandoned Mar. 31, 1953.

Guests in the home of Mr. and Mrs. Albert McGinnes last week end were her sister and brother-in-law, Mr. and Mrs. Haskell Hamiter of Abilene.

RIAL Campaign Will Run Through November

Religion In American Life, the campaign which will stress increased attendance at all churches in Eldorado, will be officially launched tomorrow, November 1st under the direction of Edwin Jackson. Mr. Jackson is chairman and the campaign which will last thru November, has the full endorsement of the Eldorado Ministerial Alliance.

In connection with the launch of the RIAL campaign, Mr. Jackson issued the following statement:

"Sunday morning and the church doors are open! They are open for every adult and child, that the deepest needs of humanity may be satisfied. Neither pillow nor

acute need for more pickers, according to word brought in to the local gin.

Victor Sauer in the Reynolds community has increased his number of pickers from 6 to 15. He had had his cotton defoliated some time before the freeze, which may have helped protect it.

Ray Bruton started picking for the first time this year—on Monday. Neither Sauer or Bruton were prepared to give an estimate on the freeze damage.

590 Bales

The Mikeska gin today reports a total of 590 bales processed, with picking now going on steadily.

Three bales of dry-land cotton were recently brought in by Joe Edens, who reported no freeze damage to speak of.

Eldoradoans Rank High In Sterling Events

In a range judging contest held Saturday at the Benga ranch near Sterling City the entrants from Schleicher County won high honors in each division.

In the senior division six teams were entered with the Eldorado squad scoring first with 812 points out of a possible 900. Ozona was second with 805 and Robert Lee third with 767.

The Eldorado junior team in competition with four other groups, scored 729 points to win in their division.

Dick Runge was high individual in the senior contest scoring 291 out of a possible 300. Second was Ernest Nimitz with 278.

James Sallee won second in the individual judging in the junior division with 247 points. Charles West shared fourth places with Rocky Counts of Robert Lee with a score of 233.

The program was sponsored by the North Concho River Soil Conservation District.

Three-Fold Program Slated At CofC Meeting Next Week

Members, prospective members, and other interested individuals

LIONS CLUB

Mrs. Oliver Teele's fifth grade choral group presented a few selections at yesterday's Lions club meeting. Mrs. Teele accompanied the group at the piano.

In the business session President Charlie Trigg presented certificates and pins to several new members of the Eldorado Lions club. The group consisted of Wayne Black, D. C. DuBose, Ralph Preston, Bill Bowen, Earl Barnett, Don Reed, and Jim Herridge.

The Military

Sp-3 James Logan has been released from active duty after serving 16 months in Korea. He sailed from Inchon, Korea, and arrived in Ft. Lewis, Washington, October 21. Mr. and Mrs. Fred Logan and Mrs. Rony Kerr met him in Midland last Friday. Logan has been serving as a quartermaster clerk during his service with the army.

are invited to the meeting next week of the newly formed Schleicher County chamber of commerce. Arrangements for time and place of the meeting were pending yesterday, and it was stated that the telephone committee will inform the public as soon as arrangements are worked out.

Directors of the chamber met yesterday morning and outlined a three-fold slate of improvements, or goals, to be presented next week:

1. Extending of Ranch Road 33 west to Iraan.
2. Continued improvement of the airport, which is located on C. C. West estate land on the west edge of Eldorado.
3. Establishing of a water development district. This matter will be discussed by an engineer.

Other matters brought up at the meeting yesterday, at which Jo Ed Hill presided, included ordering of some printed forms.

It was reported that about 30 businesses had so far pledged \$2100 per year to the chamber, with many more individuals yet to be contacted.

Oil News

Operations are to begin immediately on a 6,100 foot wildcat, nine miles northeast of Eldorado. It will be the Tucker Drilling Co., et al No. 1 Robert Milligan. Location is on a 640 acre lease and is 5/8 mile southeast of the two-well Huldale, South field, which produces from 5,684-5,700 feet. It is separated by a dry hole, Honolulu Oil Corp. No. 1 Milligan which was plugged and abandoned at 5,800 feet in November 1953.

Jocelyn-Varn Oil Co., of Wichita, Kansas plugged and abandoned their No. 1 E. L. Tankersly, a wildcat in Schleicher county, 15 miles south of Mertzon.

R. H. Murray was in town this week overseeing work on the West Estate lease. The No. 2 well has been cleaned out and re-acidized with the oil flow improved considerably. No. 1 well was receiving 7,000 gallons of acid Wednesday evening. Both wells are 2200 feet in depth. A spudder has been placed over well No. 4 and No. 5 is still a location.

MAYOR'S PROCLAMATION

Religious faith is the keystone in the structure of the American way of life. It is now and always has been a distinguishing characteristic of the American people. Throughout the history of our great nation, men and women who have risen to positions of influence and leadership have testified to their dependence upon Divine guidance. The pioneer spirit which conquered the wilderness and built a vast civilization stretching from coast to coast was a religious spirit. Its source was trust in God.

In the establishment of our democracy, our forefathers were keenly aware that America must be a homeland where men and women of all walks of life could worship their God in ways they saw fit. This freedom of worship, an integral part of

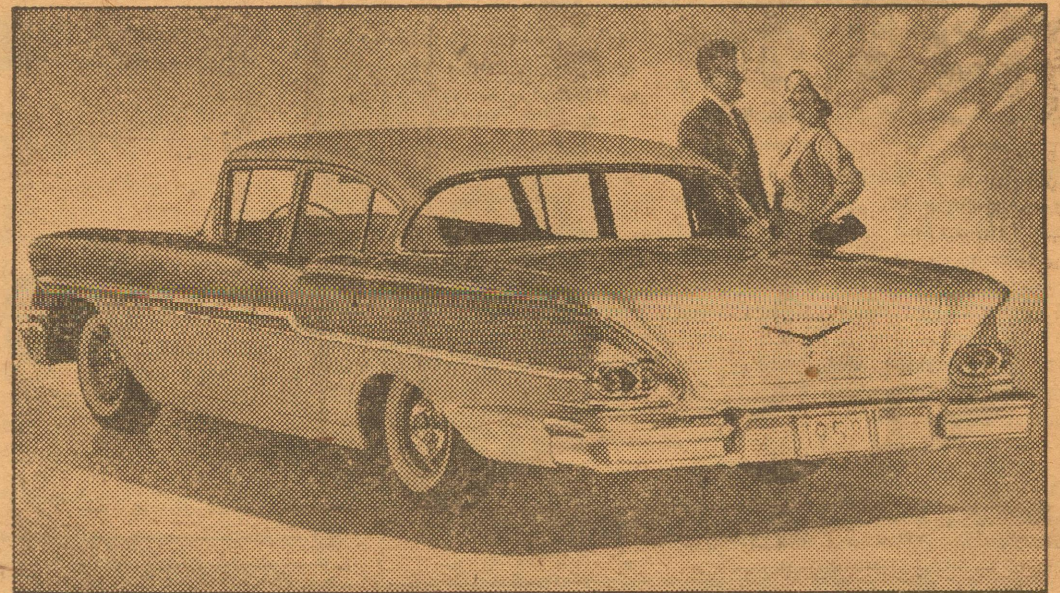

our Constitution, has had its champions in the past and continues to rally those who desire to see preserved this most basic aspect of our cherished heritage.

For this purpose, the nonsectarian Religion In American Life program urges each of us to observe November as a period in which we may all renew our dedication to our individual Faith.

NOW, THEREFORE, I Rance A. McDonald, Mayor of Eldorado, Texas, do hereby proclaim November, 1957, as RELIGION IN AMERICAN LIFE MONTH in Eldorado, Texas, and most heartily urge that every resident support this program by attending regularly the church of his choice.

(Signed) R. A. McDONALD, Mayor, Eldorado, Texas.

One of the New Chevies Being Shown Here Today

The side and rear treatment of the Biscayne four-door sedan points up the complete job of restyling on the 1958 Chevrolets. Note the broad, flat rear deck lid, the graceful gull-wing sweep of the rear fender line and the full-length moldings that marks the latest development in Sculpturamic styling. The Biscayne series is in the middle price range of the 1958 Chevrolet line.

Eldorado Polo Players Lose To San Angelo

The Eldorado polo team lost the game with San Angelo Sunday afternoon by a score of 5 to 1. A large crowd witnessed the action and also enjoyed the dog show during the afternoon.

Willard Potts of Lometa put an old and a young border collie through their paces and amazed the audience with their performance.

The Eldorado riding club served cake and coffee to the visiting team and their families in the club house at the polo grounds.

Ratliff Family Businesses To Undergo Changes Tomorrow

The Ratliff brothers—Tom of Sonora, and Carroll and Jack of Eldorado—are all involved in business changes that are scheduled for tomorrow, November 1st.

The following article in last week's Sonora newspaper, gives the story from the viewpoint of Tom, who is leaving that city to move to Eldorado.

"J. T. Ratliff announced this

week that he and Mrs. Ratliff will leave Sonora in the near future and will move to Eldorado where Ratliff has purchased the insurance agency formerly owned by a brother.

"The Ratliff Store, owned and operated by Ratliff for the past 15 years has been purchased by another brother, Carroll Ratliff of Eldorado, who will operate it in connection with his Eldorado store. Jack Kerbow will manage the Sonora store.

"Ratliff says he will continue to hold one half interest in the funeral home which serves both Sonora and Eldorado, in partnership with Kerbow.

"The Ratliffs plan to leave shortly after the first of the month and will move into the Jack Ratliff home in Eldorado which they which they have bought." Devils River News, Sonora.

Carroll Ratliff acknowledges the sale of his interest in the funeral business in an announcement on another page of this paper, and reported verbally that he would continue to be a resident of Eldorado.

Jack Ratliff, whose insurance business is a factor in the trading, had not yet prepared a statement.

Mr. and Mrs. Don McCormick were accompanied by Mrs. Evelyn Pennington and Mickey on a week end trip to Austin. They visited their children who are students at the University of Texas and attended the Texas & Rice football game Saturday night.

Post Script

From here it looks like there will be plenty of free coffee in the next several days around Eldorado. New cars are being put on display and you don't have to buy a car to get the coffee. Now if somebody would just start giving away new automobiles...

New Chevrolets are being put on display starting today (Thursday) when Fambrough Chevrolet is holding open house and showing the new 1958 models.

Tomorrow (Friday) P and M. Motors will show the new DeSotos and Plymouths and will serve coffee and doughnuts to all comers. See ads on other pages for full details.

Ford is due to be shown next week and Oldsmobile some time in the near future. It's the time of year for everyone to have a cup of coffee and see how our local dealers are trading.

Grover L. Johnson has bought the interest of W. K. (Bud) Davidson in the D & J Cleaning and Laundry service. The two men have operated the business as a partnership since buying it from Rance McDonald last April. Johnson states that he will operate it under the same name and in the same manner it has been carried on in the past. See ad on another page of this paper.

Eagles Lose 47-6 At Ozona; To Junction Tomorrow Night

In the game with Ozona last week, which was the first district play for the Eldorado Eagles, Ozona won by a score of 46 to 7. It was a spirited game all the way with Eldorado gaining 10 first downs to Ozona's 13.

The Lions received the opening kick-off and marched 55 yards for the first touchdown. In the second quarter Ozona scored 14 points, and 13 more points in the next two quarters. During the last minute of play in the fourth quarter Parker climaxed a seventy yard drive by the Eagles to go over for their only touchdown of the game. Robledo kicked the extra point.

Eldorado gained 63 yards in five passes completed out of nine tries. Ozona tried to pass 5 times, but all were incomplete. Eldorado sustained no penalties to 9 for Ozona for 95 yards.

NOW TO JUNCTION

Tomorrow (Friday) night the Eagles play the Junction team at Junction with playing time starting at 7:30. The average weight for the Eldorado team is 149 lbs. per man. For Junction the weight is 170 lbs per man. Farris Nixon is out for the rest of the season; Bellman will be out for the Junction game and possibly longer; and Robledo will possibly see some action in the game Friday.

Last year the Eldorado team rolled unmercifully over Junction to the tune of 44 to 0 in a game played here.

In other district play last week the Sonora team defeated Junction by a score of 49 to 17.

P-TA Carnival To Be Held Indoors

The P. T. A. carnival which will be held tonight (Thursday) will be inside the Memorial building due to the recent cool weather. Previously, it had been scheduled to be held at the school building.

The parade will assemble near Henderson's Texaco station and will move down main street from that point at 5:00 p. m. It will end at the Memorial building and the carnival will begin at that time.

Visitors in the home of Mr. and Mrs. William Jarrett last week end were Mr. and Mrs. H. A. Chappel of Sterling City and Mr. and Mrs. F. E. Chappel of Christoval.

COUNTY AGENT'S COLUMN

Schleicher County Agricultural Agent

Youth representatives for RIAL, Religion In American Life, have been selected in youth organizations. This is in co-operation with the Ministerial Alliance with Edwin Jackson being chairman of RIAL.

4-H clubs will be represented by John McGregor, Ray Lewis Ballew and Genelle McCalla.

Boy Scouts: Brian Edmiston, Jim Runge and Kenneth Cheek.

Girl Scouts: Mary Jo Parker and Myrta Ann Topliffe.

FFA: Dick Runge and Ernest Nimitz.

These youth leaders will encourage all youths in the most worthwhile of all undertakings—going to church Sunday.

In Texas the banks hold 63% of non real estate loans; PCA's 17% and FHA 20%. In real estate loans the picture is entirely different. Banks hold 13% of the loans and only 6% of the total value. NFIA, 28-26; Individuals, 20-40; Insurances 27-24, and miscellaneous 2-4.

Financing agriculture for tomorrow you may expect substituting capital for labor with a strict management program, a must, as we move along.

The wool clip for 1957 was the smallest since 1950 but only 3% less than 1950. This being the reason for better wool prices in

1957, but there are other factors to consider. The Commodity Credit sold 75% of its total stock of wool. There was 34% less imports on wool in 1957 but the consumption of wool is down 12% on apparel wool and down 4% on carpet wool.

It costs the taxpayer one million dollars a day to store surplus agriculture commodities—wheat, cotton, corn, grain sorghums and other commodities. The Soil Bank acreage reserve took 37 million acres out of production in 1957. Economists say that 50 million needs to be out of production in 1958. Farmers may expect an average increase of 15% in payments for 1958 according to the way things are stacking up at present. This is still to be enacted, however. The average payment for Schleicher county cotton land was \$26.00 per acre.

The thinning of the rural population to urban areas is dangerous under certain conditions. This transition will work and American Democracy will be kept intact provided the foundation of each of the following steps are kept intact. Let us hope and pray that all who are caught in this transition will be loyal to self, loyal to home, loyal to church and other organizations, loyal to State and Nation.

Political, economic and religion of man must be kept alive in man during a transition and not fused into a socialistic attitude. Sense of security and ownership must be kept alive.

Enthusiasm is the mainspring of the soul. Keep it wound up and you will never be without power to get what you actually need.

PIONEER CIRCLE MEETS

The Pioneer Circle of the First Methodist church met at 2:30 Monday with the president, Mrs. V. G. Tisdale in charge. After a short business session, the program was presented by Mrs. Luke Thompson assisted by Mrs. Ed Hill and Mrs. W. H. McClatchy.

Subject for the afternoon program was on the study of Japan.

DEBRA ELAINE IS FIVE

Mrs. L. B. Johnson entertained with a party honoring her daughter, Debra Elaine on her fifth birthday, Tuesday afternoon at her home.

The Halloween theme was carried out in the decorations with a centerpiece on the table made out of a pumpkin and filled with candy. Autumn leaves were used as decorations also. Favors were Halloween whistles.

Twelve children were present and refreshments of cake and hot chocolate were served.

MONTHLY MEETING HELD AT CHURCH

The monthly meeting of the WMU of the First Baptist church was held Monday and the regular business meeting was conducted. Mrs. Archie Mittel had charge of the program on the subject of The Open Door.

Refreshments were served afterward to twenty who were present.

Methodist News

The WSCS bazaar will be held next week, on Friday, Nov. 8, at the Memorial building, all day long. All kinds of beautiful and practical things will be on sale and everyone is cordially invited to come and shop. Also, here will be a chicken spaghetti luncheon—either by the plate or cafeteria style—and a chicken spaghetti supper for those who would like to "eat out" before the Menard football game.

There will be a Christian social relations seminar next week on Thursday evening from 7:30 till 9:30 in San Angelo at the First Methodist Church. Dr. Andrew Turnispeed will speak. Everyone is invited, especially members of the Commission on Christian Social Relations.

Mrs. R. R. Heaner will speak at the First Methodist Church in Ozona on Sunday evening, Nov. 3. Dr. E. Stanley Jones will speak there from Nov. 17 to 22.

Our own pastor, the Rev. R. R. Heaner, will preach his Sunday at both the morning and evening services. Our church is cooperating with the RIAL ("Religion In American Life") campaign throughout the month of November and the Commission on Membership and Evangelism is supplying a lay speaker for a short talk during the morning service each Sunday. The speaker this Sunday will be Mr. Edwin Jackson, a Presbyterian layman who is the general chairman of RIAL for Schleicher County. The other lay speakers will be announced each week.

The annual World Day of Prayer was observed yesterday afternoon at the church by the Woman's Society of Christian Service.

Miss Nancy Miller of San Antonio, who has charge of children's work in the Southwest Texas conference, was here Thursday and Friday. She met with workers in the children's division of the local Methodist church, including Mrs. Jo Ed Hill, superintendent of the division, as well as the nursery home visitor, supervisor of cradle roll, and other workers in nursery, kindergarten, and primary departments.

Visitors in the home of Mr. and Mrs. Ed Hill recently were Mrs. Dick Bagley of Corona, N. M., Mrs. Bill Brown of Odessa, and Mrs. J. F. Murchison of San Angelo.

Miss Wilma Jean Lloyd of San Angelo visited her parents, Mr. and Mrs. L. E. Lloyd during the week end. Another guest in the Lloyd home was Harold, from Batesville. He was accompanied by Billy Williams who visited with his parents, Mr. and Mrs. J. T. Williams and other relatives.

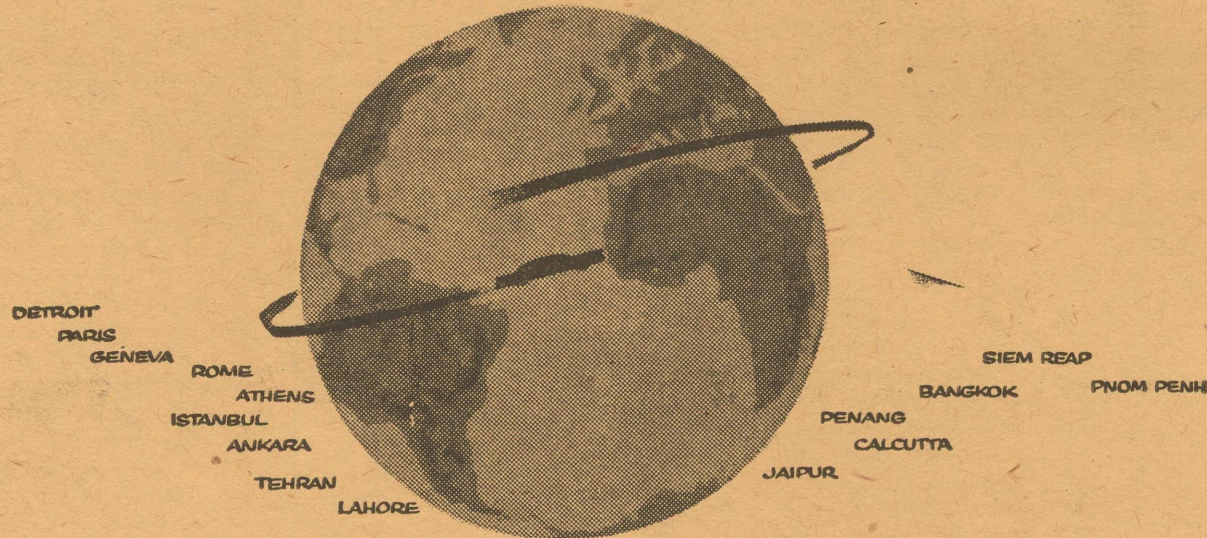

Miss Charleen Logan spent the week end with her parents, Mr. and Mrs. Fred Logan. She makes her home in San Angelo while she is a student in San Angelo Business college.

Bob Lester has been ill with the flu this week. He is improving.

58 FORD
COMING
NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturieres at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey: and the 58 Ford passed the heat of mysterious India, through the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford . . . has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

COLDER WEATHER INCREASES DANGER OF FARM HOME FIRES

College Station.—Fire cost the nation's farmers last year an estimated \$145 million. During the past 10 years, almost a billion and a half dollars worth of farm property has gone up in flames, according to economists in the USDA's Agricultural Research Service.

"Don't let a fire happen on your farm or in your home," is the word of caution from the Texas Farm and Ranch Safety Council. "As the weather becomes colder and heating equipment is put back into active service, the chances of fires takes a big jump," says the Council. They add that the USDA survey shows that farm fires are due to 7 principal causes and most are preventable. The chief causes are: faulty flues and heaters, combustible roofs, spontaneous combustion, matches and smoking, defective wiring, gasoline and kerosene and lightning.

"All heating equipment should be checked carefully and adjusted by a qualified person," says the Councilmen. A check of all lines & connections should be made for leaks, and flues and chimneys should be thoroughly examined for cracks and breaks. "The most important item of all," points out the Council, "is don't give fire a place to start. In other words, prevention by following the rules of good safe farm and home living can save not only the loss in dollars but also the misery and suffering from injuries and even death to family members. Some 3,500 rural residents annually are killed in farm fires and another 300,000 persons are injured," says the Council.

Too, reminds the Council, most deaths from fires involve the very young and the old—those less able to make their exit from a burning building. Provisions should be made for getting such persons out of a building and for that extra insurance, the councilmen believe every farm home and other buildings should be protected by some type of fire fighting equipment including extinguishers. But to be effective, extinguishers and other equipment must be in top operating condition. Check it regularly to make sure it is ready for use in case of an emergency.

New Farm Construction Method Is Developed

Concrete tilt-up construction is a new development that can be a big help to farmers in constructing farm service buildings that are durable yet low in cost.

Tilt-up construction is a method of building erection which involves the casting of concrete panels on a carefully prepared sand bed or on a floor previously cast at the building site. These panels are tilted into a vertical position to form the building walls and, by means of concrete pilasters, are connected together to give the rigid construction necessary for a permanent farm service building.

This construction requires no skilled labor. Two men can handle any phase of the work. Form materials can be reused for other purposes, after the completion of a tilt-up structure.

A recently released Texas Agricultural Experiment Station bulletin, "Concrete Tilt-up Construction on the Farm," gives much helpful information on this new development. It contains sections on panel sizes, strength of panels, weight of solid panels, equipment for handling, casting procedure, erecting procedure, stabilizing the wall panels and a discussion of the time, labor and materials required.

This bulletin may be obtained from the Agricultural Information Office, College Station, Texas. Ask for B-874.

Open House at Radar Station

Hundreds of Ozonans took advantage of an invitation from Maj. Frank J. Radzikuinas, commander of the 732nd Aircraft Control and Warning Squadron, to tour the Ozona Air Force Station five miles east of the city Saturday afternoon at an open house from 2 to 5 p. m. during which time visitors were conducted on a sightseeing tour of the new installation. —The Ozona Stockman.

Plan For Shopping Center

Plans were revealed today for the second major building project in Fort Stockton in as many weeks. Following closely on the heels of last week's announcement of a \$150,000 bowling alley in the east end of the city, business partners Pete Barkis and D. G. Caldwell revealed plans for a \$50,000 shopping center.

It is to be erected on Dickinson Blvd. between Missouri and Kansas Sts., and eventually is scheduled to include six business buildings. —Ft. Stockton Pioneer.

Resigns As C of C Secretary

Willis Birk is resigning as secretary of the Chambers of Commerce so that he may devote more time to his ranch. He also serves as secretary of the Fair Association.

Presidents of the three organizations are on a lookout for a new replacement but have not been successful thus far. The office pays a combined total of \$2500 a year, made up of \$1700 from the Senior C of C, \$500 from the Junior C of C, and \$300 from the Fair Association. —Mason County News.

Health Negotiations Near Decision Stage

A State Health Department representative inspected Bevans Hotel this week and announced afterwards that it could be made into a hospital with a reasonable amount of remodeling.

An architect, brought here by the Texas Conference of Seventh Day Adventists, also inspected the building to determine the costs of alterations, indicating that extensive remodeling would not be necessary to make the building suitable. —The Menard News.

Big Lake Business Change

Paul Pangburn, employee of Texas Natural Gas Co. at Benedum Field for the past five years, took over the ownership of the Sinclair Station at the corner of Second and California on the first of this month, having purchased the business from H. W. Maddoux. The name has been changed to Pangburn's Sinclair. —Big Lake Wildcat.

Mr. and Mrs. J. C. Johnson were week end guests of J. C. Johnson, Sr., in Eldorado. Their home is in Odessa.

CLASS HAS BARBECUE

The F. B. Faust class of the First Methodist church enjoyed a barbecue held at the church Saturday evening. Bill Brooks prepared the barbecue. The affair was a get-acquainted affair for old members, new members, and their guests. About thirty attended.

Mr. and Mrs. Jerry Jones and son of Walden, Colorado, are visiting Mr. and Mrs. Houston Thigpen this week. They visited Mr. and Mrs. Joe Jones in Hedley, Texas, before coming here.

Mrs. Ora Davis visited her daughter and family, Mr. and Mrs. Bud Russell and children in Ozona Sunday.

Mr. and Mrs. Sam McGinnes visited their daughter and son-in-law, Mr. and Mrs. Walter Low in Lamesa last week end. They were met there by Mr. and Mrs. Floyd McGinnes and her mother, Mrs. C. J. Higginbotham of Crosbyton.

Otis Buie is in Eldorado this week in connection with his work with Shell. He has also been visiting Mrs. Dora Oliver while here. His home is in Austin.

Mr. and Mrs. Gerald Hartgraves and Mr. and Mrs. Bobby Sykes spent the week end in College Station and attended the Baylor-Texas A&M football game.

Mrs. Ruth Espy King who has been ill several months is now residing at 411-A West Ave. C in San Angelo and is able to be up and about with the use of a walker part of the time. She has had major surgery three times on one leg and it was necessary to amputate the limb above the knee finally. In the past months she has been in hospitals at Lake Charles, La., Big Spring, and Galveston for treatment.

Tom Henderson returned home from a San Angelo hospital Sunday night where he underwent major surgery earlier. He is doing fine.

A visitor in the home of Mrs. Zula Calcote recently was her brother, Tom Paris of Kerrville.

Mr. and Mrs. John Sedberry visited his mother, Mrs. M. E. Sedberry in Sweetwater Monday. She has been ill but is much improved.

ANNOUNCEMENT

I WISH TO ANNOUNCE THAT ON NOVEMBER 1st I AM SELLING MY INTEREST IN THE RATLIFF FUNERAL HOME TO JACK KERBO.

JACK KERBO WILL BE ASSOCIATED IN THE BUSINESS WITH TOM RATLIFF. JACK HAS BEEN WITH THE BUSINESS FOR 7 YEARS AND WILL CONTINUE TO SERVE THE PEOPLE OF SUTTON AND SCHLEICHER COUNTIES.

THE FUNERAL HOME WILL REMAIN IN THE SAME LOCATION AS IT IS AT THE PRESENT. THE SAME FACILITIES FOR AMBULANCE AND FUNERAL SERVICE WILL BE MAINTAINED.

I WISH TO EXPRESS MY APPRECIATION FOR YOUR LOYALTY AND THOUGHTFULNESS WHILE I HAVE BEEN ASSOCIATED WITH THIS BUSINESS.

CARROLL RATLIFF

"The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?"

Find the strength for your life...

WORSHIP TOGETHER THIS WEEK

"I have never known a man to have faith in himself," goes an American adage, "unless he *first* has faith in God."

It takes such courage to face life . . . greater courage than any of us has alone. It takes such strength to accept success humbly, to overcome setbacks . . . greater strength than any of us has alone.

And yet the world is full of unacclaimed heroes and heroines . . . men and women who have, in the course of their lives, faced seemingly insurmountable obstacles and griefs. Faced them, and conquered them.

If they were the kind of people who *talked* about themselves, they'd tell you . . . "I never could have done it without the help of God."

The strong Faith they called on to help them can be yours. Build such a Faith for yourself. Make it the firm foundation of your family's security and happiness. Begin this week to worship together at your Church or Synagogue. *There* you'll find the strength for your life.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

Good looking pears are beginning to show up in the markets these days—so, I'll get this recipe for preserves in the paper just like I've promised to.

Pear Preserves

1 pound pears.
3/4 to 1 pound sugar.
The Keiffer pear is the variety which appear most often in our vicinity. These may, and should, be stored for 2 or 3 weeks at between 60 and 65 degrees until ripened since they are sometimes pulled under-ripe to make shipping easier.

1. Wash, peel and cut fruit into uniform pieces, and quarters or eighths; and then core.
2. Combine fruit and sugar in alternate layers and let stand 8 to 10 hours (overnight is all right) before cooking. Fruit and sugar may be cooked together immediately if one fourth cup of water is added to each pound of fruit.
3. Stir carefully while heating to the boiling point.
4. Cook until syrup is somewhat thick, keep stirring occasionally to prevent burning.
5. When cooking has finished fill hot sterilized jars.
6. Seal, label and store.

Mrs. Forrest Runge gave me this ginger cookie recipe which is an unusually good one. It came from Mrs. Florence Hall of Eden, who is Edith's aunt and if I remember correctly these syrup cookies have been made in the family for years and years.

Syrup Cookies

- 1 1/2 cups sugar. 1 egg
1 cup boiling water
1 cup shortening (part butter is good.)
2 teaspoons ginger.
2 teaspoons soda
2 teaspoons cinnamon
2 tablespoons lemon extract
1/2 teaspoon salt
5 cups flour
cup boiling molasses
Cream fat, sugar and egg together. Dissolve soda in boiling water and add boiling molasses, then add extract. Sift flour and spices together. Add to liquid.

This dough will seem very soft but do not add more flour. Place in refrigerator over night. Dough may be rolled or dropped on cookie sheet. Freezes well either in raw dough or baked cookie stage.

Hot Turkey Salad

- 1/2 cup consomme or turkey stock
2 cups diced turkey or chicken
1 1/2 cups chopped celery
1 cup mayonnaise.
2 tablespoons lemon juice
Salt and pepper to taste
1/2 cup grated American cheese
1 cup chopped toasted almonds
1 pimiento, cut in strips
1 tablespoon grated onion
3/4 cup crushed potato chips or shoestring potatoes

Place turkey or chicken in consomme and heat. Mix other ingredients except cheese. Mix heated turkey mixture and other ingredients, place on bed of crushed potato chips, top with grated cheese. Slip under broiler flame until cheese bubbles. Remove and serve.

Turkey and chicken are bargain meats right now. Vary your meals a dozen ways with these favorite meats.

Here's a banana sauce that, served with hot or cold ham, will just about suit everybody and—it's quick and easy.

Mash two bananas until smooth, pick the ripe ones.) Add 2/3 cup mayonnaise. 1 each teaspoon salt and prepared mustard.

- 1 tablespoon horse radish.
2 teaspoons chopped parsley.
Mix all together. Makes about 1 1/2 cups sauce. Good.

Baked sweet potatoes may 'leak' if baked too long or with too high heat. Wash and dry potatoes, put them in oven for one hour at 350 degrees for medium sized potatoes. No need to grease. All this month in the Home Demonstration clubs nutritional study we've been reminded that we need one serving of potatoes every day—sweet or Irish. And the potato is not responsible for a high calorie count; it's the butter, cheese and gravy that are the culprits.

A couple of new bulletins are just off the press and they offer help on one of the subjects most of us need help on—organizing the kitchen and its work.

One is called "Kitchen storage devices you can make" and the other is "Arrange your kitchen for convenience and comfort."

In the devices to make directions everything is so well laid out and

the pictures are so clear that nearly anyone can make them. A saw, hammer, a square, some small nails, scrap lumber, plywood or soft boxes, is all that will be needed to work with.

Ideas for narrow shelves that fit between the counter top and upper cupboards are illustrated. Removable step-shelves, and hanging shelves are shown. Different types of cutlery racks, files for pans, sliding trays, towel racks, and drawer dividers are pictured.

Would you like copies of these bulletins, call 24281 and ask Josephine Woodward to mail you one. Both are worth a call—they are free.

CONNIE IS SEVEN

Mrs. Henry Speck, Jr., entertained in honor of her daughter, Connie, on her seventh birthday October 22nd with a party. The affair was held at the educational building at the First Methodist church.

Forty girls attended, dressed in Halloween costumes. The decorations and games were carried out in the Halloween theme. A real witch was in charge of the witch pot and handed out favors of miniature sets of dishes to the guests. Out of town guests included Marsha and Natalie Beck and Von Barber of San Angelo, and Fred and Stuart Hal Speck of Rocksprings. Mrs. Bobby Barber and Mrs. Fred L. Speck assisted with the party.

Mr. and Mrs. James Alexander and family visited during the week end with Mr. and Mrs. Jodie Minnick in Midland.

This Atomic Age Demands Unswerving Devotion from Christ's Followers.

Your Church Attendance Proves Your Love.

WORSHIP IS MAN'S GREATEST NEED

Eldorado Ministerial Alliance Thought for the Week

The Atomic Bomb is the most powerful energy ever released in the world. Yet just how powerful is it? Can it destroy our civilization? Yes, this is possible. Can it destroy the faithful disciple of Christ? Yes, it can destroy the body but, no, it cannot destroy our spiritual relation with God, the Almighty. The Creator is more powerful than His Creation, thus there is no power that can overcome God's Power. God is Power and there is none greater.

There have always been threats to our existence here on earth and

Atomic energy is just another such threat. Let us fear that power that can destroy our relation to God in Christ, rather than what can destroy our earthly existence. Let us then concentrate on spiritual development so that when the Day comes when we meet Christ face to face we will be prepared. Spiritual development comes through spiritual exercise, that is prayer, Bible study, and worship. This is our best defense against the atomic threat. Have you done your spiritual exercise today? —Alanson Brown.
