ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, MAY 8th, 1958

NUMBER 19

Two Lucky County Officials To Be Unopposed In Primary

SONORA ATTORNEY ANNOUNCES FOR STATE LEGISLATURE

JERRY SHURLEY

Sonora.—Jerry Shurley, attorney and ranchman of Sonora, this week announced that he is a candidate for Representative of District 78 of the Texas Legislature. This post is now held by Joe Burkett, Jr., who is seeking re-election.

Shurley is the son of Mrs. Velma L. Shurley of San Angelo and the late J. T. Shurley. He and his wife, the former Jackie Lou Friend of Ozona, reside on the ranch near Sonora with their two sons, Jerry and Mark.

He attended the Sonora schools and graduated from San Angelo High school. Upon completing his high school education, Shurley attended the University of Texas and Texas A&M. He received his B. A. in Government at the University of Texas in 1955 and his Bachelor of Laws from the University of Texas School of Law in 1958.

In announcing his candidacy, Shurley said: "I do not intend to make promises that I cannot fulfill, but I do promise the people of this district that, if elected, I will give you my very best effort and will always do what I believe to be right—for all the counties and people of this district."

Accident Near Here Sunday Morning

In an accident one mile south of town at 3:15 a. m. Sunday, a car went out of control and overturned, knocking down three guard posts on a curve. Five soldiers from an air base in Abilene were not seriously injured, although one was carried by the Ratliff-Kerbow ambulance to the Sonora hospital. The accident occurred when the driver went to sleep and lost control of the car.

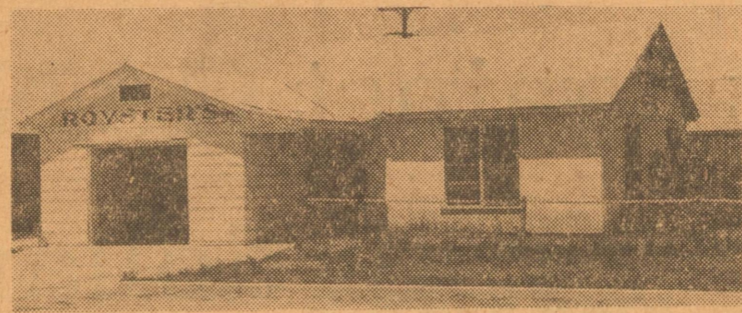

Week end visitors in the home of Mrs. Elizabeth Powell were Mr. and Mrs. George Graham and family of Midland and Mrs. Walter Ray and children of San Angelo.

Mile Relay Team Places Second In State Meet

The quartette of Dan Mittel, Dick Runge, Joe Stanford and Robbye Waldron ran a close second to White Oak in the state meet at Austin last Saturday.

The time of White Oak was 3:26.6 while Eldorado ran 3:27.1, their best effort of the year.

Location of New Field Office

Built to house a cafe, the above building has been rented a number of times by D. C. Royster as office quarters for first one and then another oil industry operator. It was vacated by a seismograph crew about ten days ago—was leased by El Paso Natural this week. Phone number of the new establishment is 26351.

CONSTABLE TO BE CHOSEN FOR FIRST TIME IN PRCT. ONE

The voters of Precinct No. 1 will have a chance to vote for a constable this year for the first time in Schleicher county history. Co. Democratic Chairman Edwin Jackson has revealed that Roy Andrews made application May 5th for his name to be placed on the ballot in the forthcoming Democratic primary for the office of constable.

An announcement is expected to be made in this paper next week by Mr. Andrews. Precinct 1 takes in all of the town in the city limits and that part of the southwestern part of the county lying between the Sonora and Big Lake highways.

Duties of the constable include serving all warrants issued by the Justice of the Peace and serving such citations as that office requires. According to the law, the constable may be paid under the fee basis or put on a salary, with the final decision left to the Commissioners Court.

VISITOR HERE FROM INDIA TO BE FETED THIS MORNING

Chuni Lal Bhatia of Dehradun, India, who is here today in connection with his study of soil conservation and ranch management, is to be honored with a coffee at the Memorial building from 10:00 a. m. until 11:00 a. m. Members of the Eldorado Woman's club will be hostesses and the public is invited.

Mr. Bhatia has been in Texas three months studying livestock and range conditions in a program sponsored by his government. Mr. and Mrs. J. L. Ratliff returned Saturday after spending a week in Wichita Falls at the bedside of her father, G. N. Gilbreath. He underwent major surgery several days ago and has been released from the hospital.

El Paso Natural Establishes Field Office In Eldorado

Vernon B. Rogers, field foreman for El Paso Natural Gas Co., this week moved from Midway Lane to Eldorado and has established a field office here, from which he will direct operations in Schleicher and Sutton counties.

The company has leased the Royster building for their office quarters, which was vacated just a week ago by Atlantic Seismograph.

Mr. Rogers said that he expected a considerable number of people would eventually be attached to the Eldorado office, but he explained that new jobs were distributed on a seniority basis, and that it would take some time to get the local set-up established. He expected that an office man and a "measurement man" would be among the first to come.

He also explained that all of the operations of El Paso Natural Gas Company east of the Pecos river were directed from what the company called a "Permian division" office located at Jal, New Mexico. Future additions to the Eldorado crew would probably be supplied from Jal, he said.

HOUSING LIST WANTED

As the operations here develop, future families will be in need of housing, and local residents are again urged to list their rent property with C. H. Wright, manager of the local Chamber of Commerce, who has been active in helping Mr. Rogers to locate in Eldorado. The C. of C. office phone is No. 22591. In case the C of C office can not be contacted, word can be left at the Success office.

Vernon Rogers moved his family here this week, and they are established in the Kenneth Doyle residence, which they have leased. Mr. and Mrs. Rogers have two children, both of school age. The family are members of the Baptist Church.

Commissioners To Plan Swim Pool Operation

At their regular meeting next Monday, Schleicher county commissioners will meet with Mr. Stein of New Braunfels to make plans for the 1958 season of operation of the swimming pool. Mr. Stein is an authority on pool operation and will assist the commissioners in setting up admission rates, season ticket rates, etc.

A manager for this summer for the pool is still to be hired.

County crews have been draining the pool, using the water for sprinkling roads. The pool will undergo a thorough cleaning and chemicals are already on hand for this purpose.

Last year the swimming pool was opened for the first time on June 1st, with Jack Browning as manager.

Previously, county voters approved a \$35,000 bond issue for the swimming pool, and all of Block 6 in the West Addition was acquired for a new park, including site for the pool location. Legion field is also located in the same block, and is the scene of nighttime Little League games during the summer months.

Howard Parker of Midland spent last week end in the home of his mother, Mrs. Mabel Parker.

Little League Baseball Plans Are Announced

Plans for the Little League baseball program are being worked out under the direction of Coach Guy Whitaker and he has cited the need for ten adults to act as managers for the teams.

Permission blanks will be sent out in two weeks for parents approval. Tentative plans have been made to stage a barbecue for managers and teams before the summer program gets under way June 16.

Carroll Ratliff will act as umpire for all the games this year. There will be two divisions with one Little League division and two or three Minor Leagues for boys 8 or 9 years old.

Last year there were 75 boys taking part in the program and Coach Whitaker estimates that enrollment will surpass that figure this year.

Mr. and Mrs. John R. Jones of Bristow, Oklahoma, were here last week end attending to business matters and visiting with friends.

Will and Lennie McRae of San Angelo are spending the week here with their grandparents, Mr. and Mrs. Lum Burk. Will was only recently released from the hospital after having pneumonia.

Calicheing Of Landing Strip Nears Completion At Airport

Under direction of Jack Griffin, the county road crew has been hauling caliche to the Eldorado airport and laying it on the north-south runway, which was graded out a while back.

The four-inch compacted base is 50 feet wide and extends the entire 3300-foot length of the new strip.

When completed next week, the caliche strip will provide the town and county with an all-weather airport for the use of company planes and aircraft owned by individuals.

The airport is located on C. C. West estate land on the west edge of Eldorado, and the city and county pay the lease jointly each year.

In addition to getting the caliche strip, the airport is to be fenced on the west edge of the landing strip, with the city furnishing labor and the county providing materials.

E. H. Topliffe has lights which will be installed along the strip to provide for nighttime landings, later on. Also being talked is black-topping of the strip.

The airport improvements have been in the planning stage for months, but it was not until recently that the county road crew and equipment became available.

Adapting the airport to all-weather use is a major improvement and it is expected that more and more aircraft will be landing here.

Oil News

El Paso Natural Gas Co. No. 1 Sheen, dual gas producer, 22 miles east of Eldorado, was running potential Wednesday. Initial tests showed recovery of 4,000,000 cubic feet of gas daily between 3,776-90 feet and in a zone between 4,332-47 feet recovery was 7,500,000 cubic feet of gas with a spray of distillate.

Company personnel here in connection with the completion of the well were Peyton Randolph of Jal, New Mexico, gas engineer; Dale Lockett and Jimmy Olson, both company engineers from Midland. The men are with the testing department of El Paso Natural Gas Company.

A new wildcat has been staked 19 miles northeast of Eldorado. Miami Petroleum Co., Inc., of Abilene will begin operations immediately on their No. 1 Emma Campbell, located 1 3/8 miles south and slightly east of the one-well Tillery field. It is also 1 1/2 miles northeast of an unidentified discovery (possibly Canyon) Pearson-Siebert Oil Co., of Texas No. 1 White, a re-entered failure which was completed in January for 40.98 barrels of oil through perforations between 4807-820 feet.

The new project is being drilled on a farmout from Cities Service Oil Co., secured by Jones & Lyons of San Angelo, which turned it to Miami to drill. Jones & Lyons retained an undisclosed interest. Sun Oil Co., contributed dry hole money.

The R. E. G. (Tillery) field opener, Miami 1-D Glass was finished January 30, for a daily pumping potential of 112 barrels of 28 gravity oil, no water through perforations between 4906-912 feet. It attempted completion as a Strawn gas-distillate discovery through perforations between 5316-24 feet, but operator was unable to shut off water.

The new prospect is scheduled to be drilled to 5,400 feet with a company rig.

Fryer and Hanson Drilling Co., Callen No. 1, a re-entered project, was conditioning hole between 2900 and 3000 feet.

MRS. RANDOLPH SPEAKS

About 25 persons turned out Saturday afternoon at a small political rally at the Memorial Building to hear Mrs. R. D. (Frankie) Randolph, of Houston.

Mrs. Randolph, national committeewoman for Texas and leader of the Democrats of Texas (DOT), declared against the "old Dixiecrat machine built by Allan Shivers and now being carried on by Price Daniel and Jake Pickle."

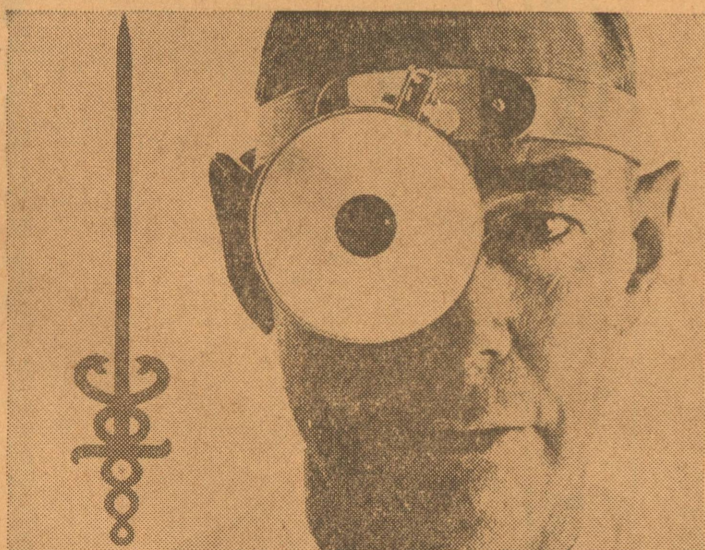

Her visit was at the request of John I. King, Schleicher and Sutton county ranchman, it was stated.

New Babies

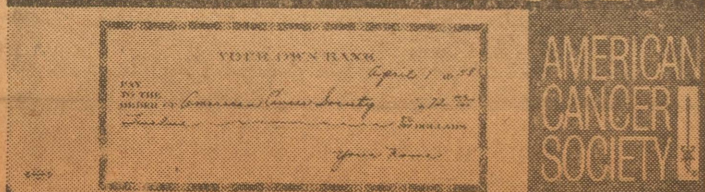

Mr. and Mrs. Chester Damron are parents of a daughter born April 30 in St. John's hospital in San Angelo. She has been named Jeton and weighed 7 lbs. 4 oz. at birth. She has one sister age 2.

Grandparents are Mrs. Ruby Damron of Eldorado, Elmer Selvedge of Amarillo, and Mrs. Wayne Garner of San Angelo. Mr. and Mrs. Will Doyle are her great-grandparents.

Canvass By Scouts To Launch Cancer Drive

FIGHT CANCER WITH A CHECKUP AND A CHECK

The Cancer Drive will get under way here Monday at 6:30 p. m., when the Boy Scouts will make a house to house canvass of the town. Carroll Ratliff is chairman and Mrs. Jack Mowrey, co-chairman of the drive, which will continue all next week.

If anyone is missed on the house to house canvass, donations can be handed to Ratliff, Mrs. Mowrey, or any Boy Scout. They will also be accepted at the Eldorado Clinic. Slogan for the drive this year is "Fight cancer with a check-up and a check."

Open House Saturday At Eldorado Drug

On page seven of this Success issue, announcement is made of the open house Saturday at Eldorado Drug. There will be drawings at 11:00 a. m. and 4:30 p. m., and free coffee, ice cream and Cokes will be served between the hours of 9:00 and 6:00. Eldon Calk is proprietor.

The store underwent a renovation and remodeling project recently, with all new showcases and fixtures, remodeled front show window, new prescription department, tile floor, and newly painted walls and ceilings.

Where we stand in the fight against **CANCER** ...and why your dollars are urgently needed now!

DECISIVE PROGRESS has been made in the fight against cancer in the last decade. Today one in every three persons who have cancer is saved. A few years ago it was only one in four.

Still more lives can be saved with what doctors know *now*, if all adults will have a health checkup every year. Many cancers are curable if discovered early and treated promptly and properly.

The major hope for the future conquest of cancer lies in research. About twenty million Americans living today are marked for death from cancer unless research finds new means of curing the disease, or preventing its onset.

What new knowledge has been won to brighten cancer's darkness? High on the list is the discovery of chemicals which cause some cancers to shrink . . . and put victims of this disease back on their feet for a time. There are sound, scientific reasons to believe that more effective chemicals will come which may possibly *cure* one or more forms of cancer.

Equally remarkable are the advances in surgery for cancer . . . permitting wider removal of malignant growths with less risk to patients and far greater chances to control the disease.

The scoreboard of cancer progress also includes methods for treating some cancers with hormones, which prolong the active, useful lives of many patients . . .

tests for early diagnosis of some common forms of cancer . . . development of X-rays with power undreamed of 10 years ago . . . incredibly delicate techniques by which the living chemistry of a single body cell can be studied.

Immense new research projects are under way and might be expanded to answer such questions as:

Are the tiny organisms called viruses significant factors in the cause of cancer in man, as they are in some cancers in animals? Why do cancers grow slowly in some patients, rapidly in others? If some people are immune or more immune to cancer than others, how can that immunity be strengthened? What elements in our environment may be causing cancer?

Important findings must be moved from the laboratory table to the hospital bed. The step from test tube to patient is difficult, time-consuming and costly. As research goes forward, and new leads open up, more and more work will be done directly with patients with cancer. Thus, research costs will snowball as science continues to press towards its goal.

Your support of the American Cancer Society's Crusade has already brought significant gains in the control of cancer. More lie ahead . . . will you make them possible? Let your dollars work for you and for your children and for their children.

Send your check today to "Cancer," c/o your local post office.

Fight **CANCER** with a checkup and a check.

Welcome the Boy Scouts Monday night when they call for your contribution to **CANCER**.

SOIL STEWARDSHIP WEEK
MAY 11-18, 1958

SOIL CONSERVATION DISTRICT NEWS

Governor Price Daniel has proclaimed May 11-18 as Soil Stewardship week in Texas. The board of supervisors of this district is active in sponsoring this important event in the district. The board of supervisors has purchased and distributed to local ministers information on soil stewardship and several hundred bulletins for their use in observing Soil Stewardship week. The supervisors extend a personal invitation to each land owner to attend the church of his choice and hear the rewarding sermon to be given on man and his responsibility as a steward of the land.

The growing observance of National Soil Stewardship week by both individuals and groups indicates not only man's feeling of kinship to the soil but also society's growing recognition of its dependence on soil and water resources. National Soil Stewardship week will be observed May 11 through 18. The event is sponsored by the National Association of Soil Conservation districts and national

MRS. REYNOLDS HAS SURGERY
Mrs. M. M. Reynolds underwent major surgery Monday morning in the Clinic-Hospital in San Angelo. Reports on her condition were favorable and she is doing nicely.

Mrs. R. B. Anderson has returned home after spending a week in the home of her sister, Mrs. M. A. Anderson in Hext, who has suffered a second stroke recently. She is seriously ill, according to members of the family.

church organizations. The scope of this year's observance is expected to exceed the participation of a year ago, judging from reports of district and church leaders.

The observance of man's responsibility as steward of our God-given soil and water resources has shown a steady growth. It started in scattered localities under various names before World War II. As the idea spread, organizations, churches, magazines, press, radio, and civic and professional groups adopted it. They found in it a mutual meeting ground—the universal love and respect for life-giving resources.

Throughout the ages the sun, the soil, and the rain have held an honored place in man's beliefs. His dependence on the soil for his very life gives man's use of this life-supporting resource a deep spiritual significance. It is appropriate that the clergy and churches join with farmers and soil conservation districts in emphasizing to all of us the importance of each doing a good job of stewardship.

CARR'S UNCLE DIES
Jess D. Carr, twin brother of J. C. Carr, and uncle of Bernard Carr of Eldorado, died at his home in Elsa, Texas, Sunday about 8:00 p. m. Funeral services were held Tuesday and interment was made in the Elsa cemetery.

Visiting in the home of Mr. and Mrs. A. T. Wright Sunday were their daughters Mrs. Agnes Crosby and Mrs. Mabel Doose and Kit, all of San Angelo.

FFA Sweetheart

KAY THOMERSON

Kay Thomerson, a freshman at Eldorado high school, was elected FFA Sweetheart for the 1957-1958 school year. She and her parents, Mr. and Mrs. A. B. Thomerson, were among the honored guests at the FFA banquet.

She is a member of the FHA Club, Science Club, Student Council representative and a twirler in the Eldorado High School Band.

Awards were made by Mr. Oliver Burk for outstanding members for their work. Charles West for work in conservation; Duwain Sauer as farm mechanic; James Gillaspay received safety award. Dick Runge received star farmer award for work with sheep and hogs. Ernest Nimitz received certificate of merit for high scholastic average for three years.

CIRCLE NO. 3

Circle No. 3 of the WMU met at the Baptist parsonage with Mrs. Douglas DuBose, hostess.

There were seven members and one guest, Mrs. T. P. Robinson, Jr., present. Mrs. Morris Whitten, circle chairman presided at the meeting. The program was presented by Mrs. Harry Mercer, Mrs. Weldon Davis, Mrs. Charlie Morris, Mrs. T. P. Robinson, and Mrs. Bill Rountree. Refreshments were served by the hostess.

SAUER FAMILY HAS GUESTS

Mr. and Mrs. Otto Sauer have had as their guests recently, their daughter, Mrs. Harvey Dannheim of San Angelo and her daughter, Mrs. Hirst and three children of Colorado Springs, Colorado.

Other visitors were Mr. and Mrs. John Fought and Mr. and Mrs. Lamar Bear and children of Big Lake.

Mrs. Ben Biggs spent a few days last week in the home of her daughter and son-in-law, Mr. and Mrs. Bob McElroy, in San Angelo.

COLORED GROUP PRESENTS MUSICAL PROGRAM TONIGHT

A group from St. Luke's Baptist church will present a program of songs at the Eastside Baptist church tonight beginning at 8:00 p. m. There will be solos, duets, and a quartette on the hour-long program. Charles McLaughlin, Jr., will act as master of ceremonies for the evening.

An offering will be taken for the benefit of the building fund of the St. Luke's church. Everyone is cordially invited to attend this event and enjoy an evening of good music and entertainment.

SINGING WELL ATTENDED

About 70 people attended the community singing held at the Memorial Building Sunday afternoon. This was the seventh anniversary of the founding of the organization in this county.

Among the towns represented were Menard, Christoval, Mason, Eden, and San Angelo. Mrs. Kenneth Cheek of Eldorado and Mrs. Coralie Spinks of Menard were pianists for the group during the afternoon.

The singing is held the first Sunday in each month at the Memorial Building from 2:00 p. m. until 4:00 p. m.

County Council Meets

Fifteen members representing six clubs met Monday at the meeting of the County Council of Home Demonstration clubs. Reports were heard on the district meeting in San Angelo in April. Mrs. Farris Nixon reported on workshops, and Mrs. Arch Edmiston reported on registration.

Mrs. Vida Kreklow gave highlights of Mrs. Martin's speech at the meeting at which 249 registered, and 43 were voting delegates.

The plan of work for next year was discussed. On June 19 at 8:00 p. m. a meeting on "Women in Business" will be held.

CIRCLE NO. 1

Mrs. J. D. Ashmore was hostess to Circle No. 1 of WMU when the group met at her home on Monday afternoon. There were nine members present.

Topic for discussion during the afternoon was the Christian and the alcohol problem. Coffee, cake, and ice cream was served by the hostess.

KERR TO ENTER HOSPITAL

L. B. Kerr will enter a San Angelo hospital for major surgery Monday. He and Mrs. Kerr spent ten days with Mr. and Mrs. Granville Kerr in Schertz recently, during which time Mr. Kerr had a medical check-up by doctors in San Antonio. Tests indicated that surgery was necessary. Mr. and Mrs. Kerr returned home Saturday.

Last Sunday morning was the beginning of the fifth year for Rev. Spencer as pastor of the church. He and Mrs. Spencer came here from Houston where he was pastor of Ralston Memorial Presbyterian church and began his ministry here on the first Sunday in May, 1954.

The Pioneer Fellowship is now in the book business for a time. They are featuring Revised Standard Bibles and other inspirational books. They will have a table in the Eldorado Drug and in Hext grocery next Saturday. The books will be the same price as found on any book store counter.

LOCAL FAMILIES SPEND WEEK END AT BUCHANAN DAM

Mr. and Mrs. Leslie Baker and Mr. and Mrs. Gus Love, Roy Lynn, and Linda spent the week end at Buchanan Dam on a fishing trip. They were joined by Bob Whitis on Saturday and he returned home with them Sunday evening.

In Those Days

ONE YEAR AGO

The marriage of Monetta Bradshaw to Freddie Gauntt was announced, as was the engagement of Burnell Doyle to Billy Jack Etheredge.

A farewell service at the First Baptist church honored Rev. J. C. Hancock, the pastor, who was leaving for his new charge in suburban Houston.

Funeral services were held here for Mrs. Nettie Davis.
Donald (Rusty) Dannheim re-enlisted in the Navy.

FIVE YEARS AGO

Wilson Humphrey, son of Mr. and Mrs. W. J. Humphrey was named valedictorian and Jane Alexander, salutatorian of the Senior class.

The state was calling for bids for paving the Mertzon-Eldorado highway.

The Vernie Humphrey building was being vacated by the Chevrolet Co. which was moving to a new building in the south part of town. Sonny Stanford from Texas Tech was spending the week end with his parents here.

Mrs. Ed Hill was recovering from major surgery in a San Angelo hospital.

Dr. Jack Mowrey, surgeon practicing in San Antonio, announced plans to move here in July.

12 YEARS AGO

Mrs. R. C. Sourgens died Thursday, May 9, after undergoing surgery for a stomach ailment the day before.

The new building for dial equipment was nearing completion for the telephone company and it was expected to require several months to install the equipment.

W. O. Alexander was flown to Corpus Christi by Buck Kent when word was received of the very serious illness of his son, Ollie, Jr. Other members of the family left by car during the day.

Mrs. Horace Linthicum and Mrs. Joe Christian entertained a group of children, honoring Joe Charles Christian and Prissy Linthicum on their second birthdays.

Hailstones the size of baseballs caused considerable damage to homes and crops in a section of the Reynolds community.

35 YEARS AGO

A piano recital by the pupils of Mrs. H. W. Smith was presented. Pupils included: Maggie Lee Isaacs, Delaney Griffin, Jewel Roach, Annie Neill, Lola May Tisdale, Mabel Roach, Ebba Jones, Ruth DeLong, Marie Doty, Earline Atkins, Lena Parks, and a vocal solo by Dr. E. B. Newsome.

County Judge W. F. Ford returned from Temple where he un-

derwent eye surgery.

Robert Sproul and Ray Farrington were married.

Piano pupils of Mrs. Carl Reagan in recital were: Ethel Tisdale, Una Ford, Ona Ford, Margaret Swift, Margaret Tisdale, Vivien Reagan, Cicero Swift, Lelia Parker, Linna Parker, Lila Lee Watson, Agnes Wright, Frances Evans, Laura Tisdale, Myrtle Dell Espy, Nina Smith, and Ena Ford.

Success advertisers included R. A. Evans Commission Co., West Texas Lumber Co., Smith & Enochs, F. S. Miller meat market, W. H. Parker, groceries; Whitten, Whitten, & Murray; Corner Confectionery, Sam Lawhon, prop; Eldorado Hardware; Galbreath & Mund, barbers; H. T. Finley, barber; Alf Bruton, and H. S. Espy.

TO GRADUATE MAY 31st

Austin.—The University of Texas College of Engineering has 310 candidates for May 31 graduation. Dean W. R. Woolrich announced this week. Bachelor's degree candidates include:

Bachelor of Science in Electrical Engineering, Henry Mittel of Eldorado; and Bachelor of Science in Petroleum Engineering, Roy Dale Williams.

**Thought
For The Week
Ministerial Alliance**

As Jesus was walking along one day, there was a man short of stature who was eager to see him. Climbing a sycamore tree, Zaccheus elevated himself above the crowd and looked into the great Teacher's face.

If you and I are in any real sense come into the presence of God, we too, like Zaccheus, must lift ourselves above the crowd. We must rise above the motives, self-seeking, and many forms of amusement of the crowd. When it comes to high spiritual standards, the crowd is seldom right. The level on which it lives is too low to realize God's presence. We must rise to higher heights where the atmosphere is purer, the vision broader, the horizon larger, or God will be only a word in our vocabulary; not an experience in our lives.

"And he ran before and climbed up into a sycamore tree to see him, for he was to pass that way." Luke 19:4.—Henry Mills.

OCHSNER'S MOTHER HERE

Mrs. George Ochsner is visiting in the home of her son, Mr. and Mrs. L. D. Ochsner this week. They met her in Colorado City Sunday.

Mrs. Ochsner spends the summer at her home in Colorado Springs, Colo., and the winter at her home in Little Rock, Ark. She will return to Colorado the first of next week.

FATHER DIES

Mr. and Mrs. Charles Adams attended the funeral services for his father, Rupert L. Adams, which were held in Haskell May 1st. Mr. Adams died at his home in Kermit following a stroke April 30.

JR. WOMAN'S CLUB MEETS

Mrs. Russell Beach and Mrs. Clifford Schooley were hostesses to the Junior Woman's club when it met in the Beach home May 1.

Mrs. T. P. Robinson, Jr. reviewed a biography on the life of Sam Houston.

There were 13 members present. Four guests were Mrs. E. H. Topliffe, Mrs. Edwin Jackson, Mrs. Dan McWhorter, and Mrs. Glenn Parker.

The hostesses served cake and coffee.

RADIO STATION SOLD

Junction.—Papers for the sale of Radio Station KMBL to Charles Wayne Evans II by Farrell Brooks are now with the Federal Communications Commission in Washington, awaiting approval.

"If the sale is approved, and we see no reason why it should not be, Evans will take over on June 1 and I will be here until about June 20," Brooks said.—The Junction Eagle.

SPENCERS HONORED

Rev. and Mrs. J. M. Spencer were honored when members of the church entertained with a party recently. The affair was in celebration of the fifth anniversary of the arrival of the Spencers in Eldorado.

The table was decorated with a bowl of talisman roses centered with a May pole with streamers of ribbon from the pole to the rose buds. There were eighty church members and friends present. The women of the church served frost-free punch and cake to those present. A gift was presented to the Spencers.

Success in Schleicher County, \$2 year—elsewhere \$3 year.

Fathers, for Mother's Day, be the cook. Let Mom rest. Everything to make your task pleasant and easy. Steaks cut to order, fine to broil. Instant coffee, add hot water. Gandy's milk and delicious ice cream . . . easy to serve. Frozen foods; wide selections, just thaw and heat. Place your order early for homemade pies and cakes, or bake a cake with those good Gladiola cake mixes. Everything to make Mother's Day restful for Mom and not too hard on Dad. Tide or Cheer to wash the dishes.
