NUMBER 39

Richland Springs Easy Victim For Eldorado Eagles Friday

In spite of a night with drizzles of rain, a fairly good crowd turned out last Friday and saw the Eldorado Eagles coast to an easy victory over Richland Springs 28 to 0.

Eldorado scored in the first and second quarters and twice in the third. Coach Herridge was using a good many of his second stringers during the fourth.

In the first quarter, John Robledo scored from 10 yards out, followed by Dan Mittel in the second quarter from the five-yard line. Taking to the air, Eldorado scored twice in the third with pass plays from Nixon to Mittel and from Mittel to Robledo. Parker and Robledo added the points after touchdowns.

Neighboring Scores

Football games among neighboring schools last Friday resulted in the following scores:

Wink 19	Alpine 12
Van Horn 20	Fabens 24
Ft Stockton 8	Ozona 6
Big Lake 0	McCamey 0
Sonora 36	Iraan 6
Rankin 22	Sanderson 14
Mason 42	Junction 0
Jim Ned 18	Robert Lee 14
Santa Anna 14	Menard 0
Knox City 12	Hermleigh 6
Miles 6	Water Valley 39

Rankin Tomorrow

If weather conditions are favorable, a large delegation from here is expected to accompany the Eagles when they journey to Rankin tomorrow night for their fourth non-conference game.

The Upton county boys are expected to give the Eagles more competition than they had last week.

One year ago the Eagles defeated the Rankin Red Devils in a thrilling encounter here by a score of 6-7.

Oil News

Schleicher County gained a Canyon sand gas discovery and a 1½ mile southwest extension to Strawn reef production in the Tillery area with dual completion of Tucker Drilling Co. and L. E. Scherck No. 1 Faye Dell Derrick, 21 miles east of Eldorado, for a combined daily potential of 5,070,000 cubic feet of gas per day.

From the Canyon sand, it was finalized for a calculated, absolute open flow of 3,980,000 cubic feet of dry gas per day through perforations between 4,306-309 feet. From the Strawn reef, it gauged a calculated, absolute open flow of 1,090,000 cubic feet daily thru perforations between 4566-576 feet. Casing was set at 4670 feet, on total depth of 4816 feet.

Location is 660 feet from the north and east lines of 40-A. Abst. 1041.

Jocelyn-Varn No. 1 Thomson Estate, bottomed at 6603 feet, waiting on orders—probably to plug and abandon.

Oceanic No. 1 Meckel digging at 4100 feet in shale and lime.

Standard Oil of Texas, Lula Lee Wilson 3, well No. 6 was digging at 4866 feet yesterday in lime.

The Pan-American No. B-1 Mittel in the Neva Weest field took a drill stem test and have been coring below 6100 feet.

Mr. and Mrs. J. O. Hight of London were visitors in the home of their son and family, Mr. and Mrs. Wiley Hight.

Construction Is Now Under Way On Paving

Reece Albert, the San Angelo paving contractor, had his equipment and crew on the job in the West Addition this week. Yesterday the crew was at work putting the paving on the north-south runway of the Eldorado airport, which was graded out and caliche'd a while back.

Paving will also be put around the swimming pool, which is located on the nearby county park block.

Mr. Albert also has the job of putting the seal coat on the Huldale road.

The Military

Pvt. Clifford J. Conner, son of Mr. and Mrs. Orval Conner, reports that he has landed in Germany. He finished his 18 weeks' training at Fort Carson, Colo., where he was placed in the Airborne Division. After a few days leave he was shipped out and went to Augsburg, Germany where he will remain for 18 months. His address there is:

Here's good news for the cotton farmers . . .

Pete Bryant on Tuesday solemnly predicted that by Thursday (today) there would be a cold spell, which would put a definite end to this rainy weather for many weeks.

And will somebody tell us just what the heck is the matter with all the salt shakers!

We had lots of rainy spells before, when they didn't all get clogged up.

There was no more news yesterday on our new Sonora road job.

As reported last week Strain Bros. Construction Co., of San Angelo was the low bidder at Austin last Wednesday, but as of yesterday they had not yet been awarded the contract.

It seems to be assumed by District engineers that Strain Bros will get the job, but there are always a few days delay while details are being worked out.

Incidentally, it was the Strain Brothers firm that built the road last year from Sonora up to the county line—Drusky Top, it won't take them long to get on the job, once it has been officially awarded.

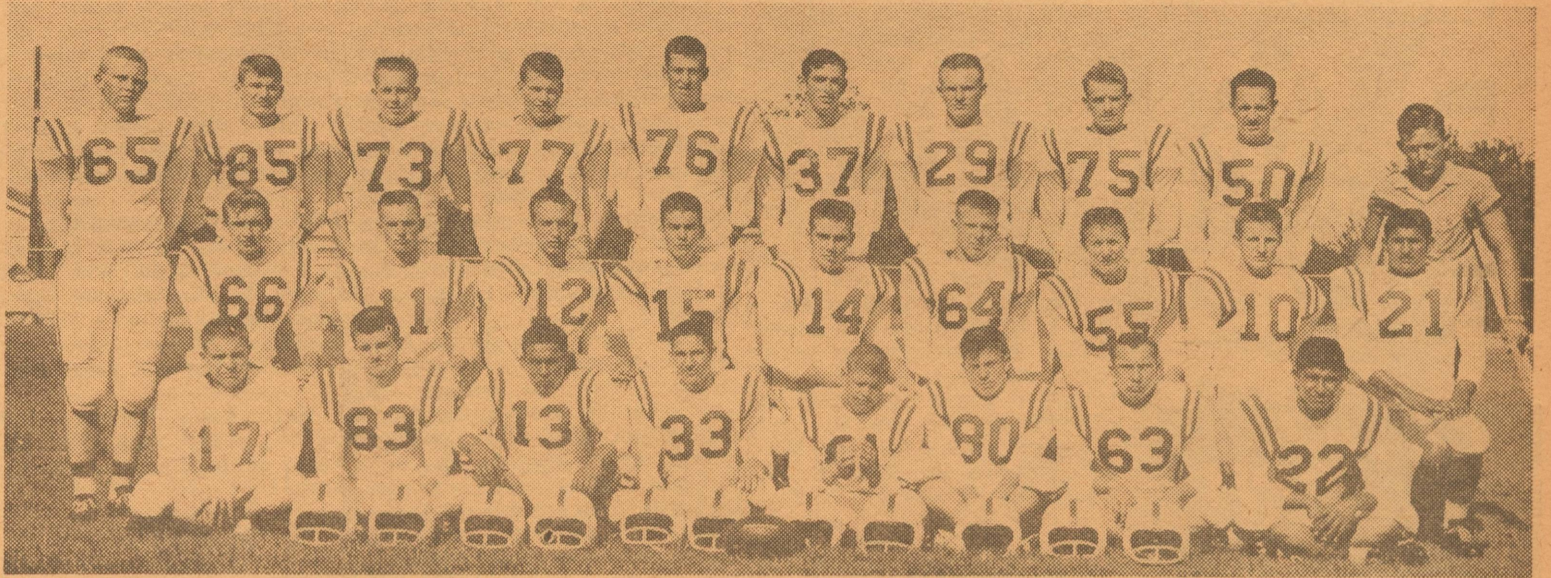

Here in Eldorado various ones are still trying to get locations on the new route.

Clyde Keeney reports that he has been "propositioned" for locations for several businesses.

A deal is pending for a station location on McCartney lots south of Mund's Gulf.

It's about ten years since the Memorial building was built here and it has become one of the most used buildings in town. Records are kept in the County Judge's office and from there were learn that 513 meetings have been held there so far this year. Also, this far in advance, the office has 67 meetings booked for the month of December!

Adult Education Program To Start Monday, October 6th

The Adult Education program of the P.T.A. will begin their schedule of classes Monday night, Oct. 6 at 7:00. The first session will be held in the high school auditorium.

This year the following courses will be offered: Spanish, typing, business math, followed by English the second half term, and parent education.

Ed Meador will teach the Spanish and this class will feature the practical use of Spanish. The purpose will be to aid in the use of Spanish as we find it necessary in our area.

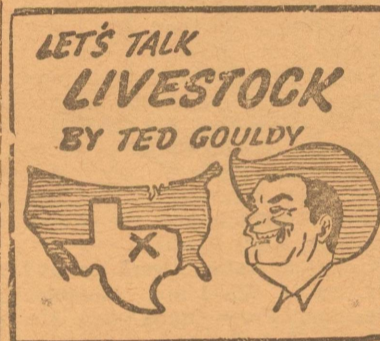

The typing class will be conducted by Mrs. Ed Meador and she is asking everyone who is interested in this course to contact her and register as soon as possible so that books may be ordered ahead of time. The cost of books will be \$2.00. Also those who have their own typewriters to use are asked to give her this information so as many as possible may register. There are only 16 machines at the school and these will be used by the first 16 people to register who do not have machines; however, any who have their own machines may bring them and take the course.

The Business Math course, which is new this year, will feature several instructors. This course will run approximately half the time allotted for the school, and English will follow during the second half. Guy Whitaker will start the instruction with a general review of arithmetic and business math, including fractions, percentages, volumes, etc. Mrs. Jerroll Sanders will present the simple forms of bookkeeping on the practical, everyday uses needed. Leslie Baker will present some information at this class on income tax. There will also be some instructions on insurance, the various policies and explanations given by a district insurance manager.

The English classes which will follow the math course will be given under the direction of Mrs. Carroll Ratliff. It will feature a review of grammar, spelling, reading, public speaking, and letter writing. More details will be given on this course at a later time.

The Parent Education course will be under the supervision of A. M. Whitis. It will follow the same lines the class did this past year with many new discussions being planned. More details will be given on this class at a later time, but since this is basically on instruction on your school and the entire educational system used for your children, all parents are urged to attend any of these sessions in which they have an interest.

Anyone in this area who wishes may attend these classes. There is no tuition, the instructors are not paid, and you are expected to pay only for materials you need. It is not compulsory for you to attend every session of the Parent Education class, but it is asked that all who sign up for typing, Spanish, or math, plan to attend regularly. There are no requirements as to previous education, and you are eligible to attend regardless of whether or not you have children in school. The classes will begin in October and run through the last Monday in March. They meet weekly from 7:00 to 9:00 p.m. and any holidays taken by the public school that fall on Monday will be taken by these classes also.

Cattle and calves found very active trade and stronger prices at Fort Worth Monday. Fat steers, butcher yearlings and fat calves were strong to 50c higher. Other cattle and calves were stronger, with stocker and feeder classes extremely active.

Good and choice steers and yearlings drew \$24.50 to \$27.50, several loads of just good steers in the \$24 to \$25 slot. Plainer slaughter stuff drew \$18 to \$24. Fat cows cashed at \$18 to \$21.50, with canners and cutters from \$13 to \$18.50. Bulls brought \$18 to \$22.50. Good and choice fat calves drew \$25 to \$27.50 and medium and lower grades sold from \$17 to \$24.

Stocker calves ranged from \$25 to \$32.50, some over 575-pound calves at the higher figure and some light yearlings reached \$30 and \$31. Other stocker yearlings bulked at \$27 down. Heavy feeder cattle sold from \$24.50 down. Heifer calves sold from \$31 down. A few stocker cows \$20 to \$21.50.

Butcher hogs equalled the best levels of the month at Fort Worth on Monday as choice butchers ranged from \$21.50 to \$22, with shippers taking about a load at the top figure. Less desirable weights and grades sold from \$20 to \$21.25. Sows again bulked at \$20 to \$21.

Good fat lambs scored \$19 to \$21 at Fort Worth Monday and there were indications the top would be higher ere the week progressed much farther. Feeder lambs sold from \$22.50 down. A few old canner ewes sold at \$7 to \$7.50 and goats sold from \$5.50 to \$7. Other grades and classes were in scant supply.

Mr. and Mrs. R. C. Williamson of Fort Worth were visiting here this week with the E. H. Sweatts and other relatives and friends.

Halliburton Moving In New Families

The Halliburton company is moving additional families and equipment to Eldorado to take care of the oil well service needs in this area.

Bulk cement equipment and 3 trucks will be parked on on lots rented north of town near the butane tanks. About five new families are due to move here.

The Halliburton company has other expansion plans which will be reported as soon as they develop.

TAX VALUATION DROPS BELOW THE \$15 MILLION MARK

A report received last night from Sheriff Orval Edmiston reveals that the total tax valuation of the county has dropped below \$15,000,000 this year.

The total tax figures were brot up to date yesterday and the figure is \$14,778,700. Last year the figure was a small amount over fifteen million.

The county went over the \$15 million mark two years ago. Since then the Sinclair plant has been added as well as many miles of pipe lines and one or more compressor stations. These gains have been more than offset by depletions of producing oil wells thru-out the county.

The tax office has a lot of last-minute work to do, in order to have tax statements in the mail before October 1st.

STOCKER-FEEDER SALE OCT. 1

October 1st will be the final 1958 all-breeds Stocker-Feeder sale held at the Union Stock Yards in San Antonio. With the rains and great demand for cattle, this should be the finest sale of the year. This Stocker-Feeder sale will be sponsored by the San Antonio Livestock Market Institute.

Alderman Urges Passage of Urban Renewal Next Tuesday

By ED MEADOR
Qualified voters of the City of Eldorado will go to the polls Tuesday, September 30, to cast their votes for or against the proposal to adopt the Urban Renewal Program, a development program for small communities promulgated by the Federal Housing Authority.

Funds for the operation of the Urban Renewal Program are provided by Congress through the Federal Housing Authority in the form of grants to small communities which enable such communities to develop parks, streets, water and sewer systems, and in some cases, remove deteriorated buildings and other structures, thereby enhancing the beauty of the community.

Under this program, for each dollar spent by the city, county, school or state governing agencies within the city itself, the Federal Housing Authority will grant an additional two dollars credit which will become available to the city

for the furtherance of the city's development program. The program will be administered by a commission of nine qualified citizens of the city, and they will be charged with the responsibility of carrying out projects of development.

Urban Renewal is a national development program. It is not financed by any direct taxation by local governing agencies, but strictly by the federal government. Each individual taxpayer has already paid through income tax the money necessary to promote this development program. Communities all over the nation are already in the process of putting this program to work.

The qualified voters of Eldorado will decide as they go to the polls to use this program to the benefit of their own community as well as others or to contribute directly to the development of other communities, receiving nothing in return for their tax dollars spent.

Cotton Picking Under Way In Spite of Weather Handicap

Weather for the past week has been characterized by low-hanging clouds and occasional drizzles—not enough to make inches in the rain gauge but enough to keep cotton pickers out of the fields most of the time.

Winds have helped to dry out the rows somewhat and whenever it was possible to do so, pickers have entered the fields to gather the crop.

At the Mikeka Gin yesterday morning the books showed a total of 151 bales processed up to that time—which was an increase of 80 over the week before. Almost one-half of these were accounted for on Tuesday when 27 bales were ginned. The crew worked until 9:00 p. m. that night.

Moore Bros. who have the larg-

est number of Braceros (about 60) under contract at this time, reported that they sent them into the fields on Tuesday.

Clyde Keeney reported Tuesday that he was sure that he had at least 25 bales of open cotton in his fields, but it was still too wet to enter. All of his is irrigated cotton.

Among those who have brought in cotton during the past week are: Ray Bruton, E. H. Nixon, Cecil Williams, J. T. Tom Williams, R. W. Reynolds, Moore Bros., J. E. Sanders, Jesus Minor, R. T. Reynolds, Vernon Pfluger and J. F. Mayo.

Karen, daughter of Mr. and Mrs. George Mikeka, was at the gin office this week, taking over the job as bookkeeper.

KREKLOWS BACK FROM TRIP

Mr. and Mrs. Joe Kreklow returned last week from their trip to Europe, where they saw the Worlds Fair at Brussels, and visited a number of other countries.

Mrs. Kreklow is Schleicher County home demonstration agent.

RETURN FROM FUNERAL

Mr. and Mrs. Buster Gunn were called to Hamlin, Texas, last wed., Sept. 17, to attend the funeral of Mr. K. Garrett, father of Mrs. Gunn.

Mr. Garrett passed away Monday following a heart attack, at the age of 77.

Survivors include his widow, and five sons and four daughters.

Eaglets Defeated By San Angelo Last Week

The Eldorado Eaglets were handed the losing end of a 16-6 score Thursday night by the Junior High team from the Edison school in San Angelo. The season's opening game for the local juniors was held in Eagle stadium.

Donny Holden scored the only touchdown for Eldorado.

Tonight the Eaglets go to Sonora.

New Babies

A baby daughter weighing 7 lbs. ½ oz. was born Sept. 22nd in a San Angelo hospital to Mr. and Mrs. A. B. (Bing) Crosby. She has been named Karen Lee.

Grandparents are Mr. and Mrs. Arch Crosby of Eldorado and Mrs. H. C. Williams of Christoval. Mrs. Maggie Harris of Christoval is a great.

Mrs. H. F. Webb entered the Shannon hospital Monday, for surgery.

Conservation Reserve Includes Wildlife

College Station.—Conservation practices which provide habitat and protection for wildlife qualify for assistance under the conservation reserve phase of the Soil Bank program. Up to 80 percent of the cost of putting cropland into wildlife habitat plus an annual rental each year the land is under contract, will be paid by the Soil Bank program, says Ed Cooper, extension wildlife specialist.

Under the program, Cooper says farmers have a choice of 5 or 10 year contracts for planting trees or shrubs on conservation reserve acres. Cost share payments for such plantings cover land preparation, planting, mulching and, in some cases, cost of necessary soil building elements. Also included are food plot plantings to attract and hold quail, doves, deer and wild turkeys. Food plants located adjacent to protective cover or water may include domestic grains as well as natural foods, says Cooper.

Water habitat for ducks, geese and fur-bearing animals are also included under the program. In addition to the restoration of former marsh lands by plugging drains, ditches may be dug or a series of shallow water areas may be provided on reserve acreage.

For those interested in fishing, the conservation reserve program includes the construction of ponds. Cost share payments are available for the construction of fish ponds and annual rental payments are made under 5 or 10 year contracts at the choice of the farmer.

Details of the wildlife practices under the conservation reserve program are available at all county ASC offices.

MIDLAND PATROL DISTRICT GIVES CASUALTY REPORT

"Nine persons died in motor vehicle traffic accidents in August," said Captain Ray B. Butler, commanding officer of the 24 county highway patrol district of Midland. Captain Butler summarized the monthly accidents as follows: 98 persons were injured in traffic accidents on our rural highways and property damage amounted to \$119,518, with 143 accidents being recorded for the month. Dawson and Ward counties each had two deaths, with Ector, Jeff Davis, Presidio, Reagan and El Paso counties each reporting one death.

Mrs. E. R. Bryant was in Midland this week end visiting with her daughter and family, Mr. and Mrs. Sid Rogge. The Rogges are former residents of Sonora.

Mr. and Mrs. J. E. Conner of Kingsville, Mr. and Mrs. Fulton Young of Galveston and Mr. and Mrs. R. E. Jones of Kermit, were visitors in the home of Mrs. T. W. Johnson.

Mrs. Edwin Jackson Sr. and Mrs. W. T. Whitten were in Abilene, Saturday, Sept. 20th, attending the district board work shop of the Sixth District Women's clubs.

A visitor in the home of Leslie Woullard was his brother from Del Rio, who found himself water bound when he tried to return home this week end.

Mr. and Mrs. T. J. Bailey of Ozona, and Mrs. A. J. Roach were in San Angelo visiting with Mrs. Mattie Cozens, who has had surgery. Mrs. Cozens is improving and plans to be home before long.

Mr. and Mrs. George Humphrey attended the Ford showing in Dallas last week, and heard Benson Ford of Detroit, who was one of the principal speakers.

October Plentiful Foods List Announced

College Station.—Beef is on the U. S. Department of Agriculture's plentiful foods list for October. It is the first such listing for this favorite meat for 1958.

October supplies of beef are expected to be seasonally large as fed cattle marketings increase and coincide with marketings of grass-fat cattle. The number of fed cattle going to market this fall is expected to exceed last fall's total, reports the Agricultural Marketing Service.

Broilers, fryers, cheese and apples have been designated as the foods to feature in October meals because of heavier than usual supplies.

Three other meats, hens, lamb and pork, are also listed as plentiful in the southwestern area.

MRS. BRUTON HAS FALL

Mrs. Mattie Bruton is confined to her home in the West Addition where she lives with her daughter, Miss Mary. She had a fall in her home late yesterday.

Mrs. Bruton is 92 years old.

Mayor Rance McDonald is back at his barber shop after an absence of three weeks due to illness.

Visiting in the home of Mr. and Mrs. L. C. Higgins were their daughter and family Mr. and Mrs. N. E. Harlow and two children Pam and Steve of Oklahoma City. They all went to Villa Acuna on a sight seeing trip on Monday.

Tax Valuations Drop In Crockett County

Total valuations for tax purposes in Crockett county dropped approximately one and a half million dollars this year over last, due primarily to depressed conditions in the oil industry and from depletions in producing fields in the county.

The final valuations for tax purposes in the county were revealed this week when the rolls were completed in the office of the county sheriff, tax assessor and collector. The total valuations for county purposes this year will be \$32,485,405, against last year's total of \$34,169,235.—The Ozona Stockman.

Asphalt seal coating has been completed on the 50 by 4500-foot runway, aprons and driveways at the local airport in the recent seal coat construction contract let by the county. This is the first seal coat the airport has had since its construction in 1953.—Big Lake Wildcat.

Buy Doctor's Interest In Store

Elsewhere in this issue is a notice of change of ownership of Concho Pharmacy.

John Bucy who has operated the store since last fall has purchased Dr. J. E. Carter's interest in the business with the change becoming effective as of Sept. 17. Dr. Carter, who also owned and operated Eden Hospital, is leaving the latter part of the month for Post where he will set up practice.—The Eden Echo.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

September 30 is the last day to file a claim for refund on federal tax on gasoline used on a farm or ranch for farming purposes. This includes soil preparation and care of crops through harvest. This also includes caring for, and management of, livestock.

Form 2240 is available at the county agent's office. Contact Mrs. Jo Woodward for form 2240 and instructions. If you mail the claim it must be postmarked not later than September 30th.

The refund is 3c a gallon and covers the period July 1, 1957, to June 30, 1958.

September 26th is the last day producers have to make a request to the ASC for conservation reserve for land evaluation. Should a producer not make this first step, he is "out" unless provisions are made at a later date by state and federal headquarters. After making the request a producer has until October 17 to file the requested contract.

With a county average rainfall of 4.27" for September, defoliation of cotton is an important item in cotton production in the county, especially irrigated cotton.

There are many defoliant: calcium cyanamide, sodium chlorate, magnesium chlorate, sodium ethyl, known by many commercial names. The main thing of importance is when to apply. All water was shut off September 1st. Defoliant, dusts or sprays should be applied not

earlier than 35 days after water "cut off" or peak flower load. Experience has shown that all red blooms can be fairly safely counted as bolls of cotton. 35 days permits maximum staple length and development.

The escond guide has been eliminated due to excess rain except on dry land cotton to be stripped. Defoliate when 50% of the bolls are open.

Make applications 10-14 days prior to intended picking date. Use defoliant as recommended in the chemical guide L-145 Cotton Defoliation Guide and avoid using any defoliant unless it is labeled as to the exact chemical content.

Always use the amount of water recommended for ground equipment or by plane. Experiments have shown that a poor defoliant job is generally caused by not enough water being used when the defoliant is sprayed.

When defoliating cotton, obtain all advance weather information such as dew, humidity, forecast, temperature, wind velocity and expected rainfall from radio stations. Dusts are more effective with dew and high humidity. If humidities are low, spraying is the answer.

Yep, grandma carried water from the well in an oaken bucket but she had no installments to pay the first of each month.

Bulletin B-884, Oats in Texas, has been mailed to all producers. Mus-

lang, New Nortex and Bronco are the recommended varieties for the soils of the county. Alamo is the spring oat to plant.

When choosing one of the winter varieties some of the things to remember are: Mustang will give more grazing due to its greater resistance to cold weather than New Nortex or Bronco. Bronco has about the same characteristics as Mustang but has a red kernel, and is a very late maturing oat.

Remember this: out of every 10 years one exceedingly good crop will be harvested, one average crop, one or two below average, and six years no harvest of grain.

Small grains are considered primarily as temporary pasture only in the county, yet in all cases the recommended varieties, planting certified seed, will pay more in the recommendation of the county sub-committee on grain sorghum and small grains of the county planning board.

More Warfarin mice anticoagulant poison was mixed Tuesday. Call at the county agent's office for this bait. Warfarin is the recommended bait for mice control.

An echo is never as loud as the original noise and it is too bad that the same cannot be said about repeated scandal.

... your home is always comfortable when it is air conditioned with the *All Electric* HEAT PUMP

You have year-round perfect indoor climate with one setting of the thermostat when the all-electric heat pump is installed. It cools and heats from the same unit... switches automatically from cooling to heating and back again as required for comfort, even within the same hour. There is no seasonal starting up or shutting down of your heating or cooling equipment with the all-electric heat pump. No discomfort from those "in between season" days because the all-electric heat pump automatically adjusts itself. And because the all-electric heat pump only uses air and electricity, it is clean, modern and convenient.

For complete information about the all-electric heat pump call for one of our heat pump engineers.

D. A. R. Chapter Has Year's First Meeting

Mrs. J. E. Hill, Mrs. W. F. Meador, Sr., and Mrs. W. F. Meador Jr. were hostesses when the El Dorado chapter RAD met at the Memorial building last Thursday afternoon in the first meeting of the club year.

Officers to serve for the new year are Mrs. W. F. Meador, regent; Mrs. Luke Thompson, first vice regent; Mrs. J. O. Wiloughby, second vice regent; Mrs. V. G. Tisdale, chaplain; Mrs. Ernest C. Hill, secretary; Mrs. J. B. Montgomery, treasurer; Mrs. W. O. Alexander, registrar and permanent board member; Mrs. John Lucdecke, historian; Mrs. Mary D. Coupe, librarian.

Mrs. Tisdale presided at the opening ceremony and called for a moment of silent prayer in memory of a departed member, the late Mrs. J. E. Tisdale.

Two Sonora members, Mrs. Duard Archer and Mrs. Robert Kelly, were appointed to serve on the Good Citizenship contest in the Sonora schools. Mrs. Kelly was introduced as a new member, she having recently transferred to the El Dorado chapter from the Beaumont chapter. Mrs. Willoughby reported for the DAR magazine committee and Miss John Alexander reported for the flag committee. Two new members were elected, Mrs. J. A. Russell of Ozona and Mrs. J. L. Ratliff, subject to the approval of the National DAR board. The regent reported that the chapter now has ten junior members, women under thirty-five years of age.

"The Fruits of Freedom" is the subject of the course of study for this year. The program for the day was The Constitution of the United States. Mrs. Elizabeth Powell being the leader. Mrs. Meador read an article by the DAR national president on the framing of the constitution. Mrs. J. B. Montgomery read from leaflets articles on the perils confronting America today. Mrs. L. M. Hoover read a paper on The Real Purpose of the Constitution. The hostesses served refreshments to 18 members and one guest, Mrs. Edwin Jackson.

Who Keeps the Community Alive?
How close an observer are you? Have you noticed who it is that keeps Eldorado a fit place in which to live? Make your own survey. Note that the men, women and young people who make Eldorado a community in which we are glad to live are those who are faithful to the Church and her Lord. That is true in every community and it will always be so. They are the ones who sing with the Psalmist, "My soul longs, yea, faints for the courts of the Lord; my heart and flesh sing for joy to the living God." —James Spencer.

BROWNIES MEET

Debra Murr and Connie Speck were host to the second grade Brownies Tuesday afternoon in the Corral room at the Memorial building. All 19 members were present. Cakes and cookies were served. The Brownie story was read and games were played. Officers were drawn for the next meeting.

Mrs. A. T. Wright visited in San Angelo Monday and Tuesday with her daughters and families, Mrs. Mabel Doose and son Kit, Mr. and Mrs. L. T. Barber and Mrs. Agnes Crosby.

Ora Davis Jr., and family from Detroit, Mich., visited here last week with his mother, Mrs. Ora Davis. Mr. and Mrs. Bud Russell and family of Ozona spent the week end here.

Birthday Party

Rosann Peterson celebrated her fifth year with a Cinderella Birthday party. Her table was decorated with white and pink streamers. A white linen table cloth graced the table on which three cakes were arranged.

The first cake was Prince Charming's castle. The second was a Pumpkin cake coach drawn by two gaily decorated horses. The third was a Cinderella cake iced in pink and white.

A hoola-hoop contest was given. Danny Phelps won the prize. Bill Oglesby won the door prize.

The party was Thursday, September 18 at her home. Twenty-six children attended.

Among the children listed were: Dale, Margie, Dianne Thigpen, Peter Case, Shirley, Bobby, and Barbara Casbeer, Bill Oglesby, Jeanette Mowrey, Danny Phelps, Diane Warren, Darryl Mason, Colleen O'Harrow, Alona Haynes, Becky, Kathy, Loretta Smith, Marsha Jo and Colleen Ballard, Dale Montgomery, Tom Rittenhouse, Billy Dock Hubble, Archie and Gene Nixon, Henry Roach, Randy Peterson.

First Christian Church

The women of the First Christian church met in the home of Mrs. Charles Young Thursday, September 18th, for the purpose of organizing the Christian Women's Fellowship. Officers elected were Mrs. Andy Nixon, president; Mrs. Charles Young, vice president and study director; Mrs. Joe West, sec. and service director; and Mrs. Ted Hoss, treasurer and worship director.

The group meetings will be held the first and third Thursday of the month. The next meeting will be Oct. 2nd in the Memorial Building. Mrs. R. C. Brown will bring the Bible lesson from the life of Eve.

Others present were Mesdames W. R. Nicks, C. L. Martin Sr., Bob Burkart and daughters, and Roy T. Roundtree. Also present were R. C. Brown and Mrs. Young's father, Mr. Zumbrum.

Bob Burkart brought the Sunday night message in the absence of Rev. Brown. His topic was "Prayer and how to pray."

The night services have been changed to 7:30 in order that several families working late may be able to attend. Sunday morning worship is 9:30 with Sunday school following at 10:30. Sunday night service at 7:30.

Methodist News

The Methodist Men will meet Monday evening for dominoes and other games. All men are cordially invited. Also, men are asked to bring dominoes, checkers, chess sets, or other games that they would like to play. Bill Brooks is program chairman.

Mrs. E. H. Topliffe is the new superintendent of the children's division.

Choir practice is every Wednesday at 7:30 p.m. Mrs. Luke Thompson, Sr., is the president of our choir. Also, some of our singers are cooperating in the community choir, sponsored by the Ministerial Alliance. It will meet next Tuesday at 7:30 in the First Baptist church.

Would you like to know more about Alaska and Hawaii? Reserve the four Sunday nights in October for our mission study.

The senior MYF has elected new officers as follows: president, Diane Thomas; vice-president, Judy Hext; treasurer, Robby Waldron; MYFund treasurer, Genelle Edmiston; and representative to the Commission on Education, Martha Ellen Topliffe.

The Official Board has voted unanimously to have "Four Nights for God" during October, with the Commission on Membership and Evangelism selecting the visiting preacher and the honorarium being on a freewill offering basis.

REYNOLDS-ALEXANDER CLUB

The Reynolds-Alexander H. D. club met Tuesday in the home of Mrs. Henry Moore. Fourteen members were present, and two visitors, Mrs. Bruton and Mrs. Thigpen.

Officers for next year were elected: Mrs. Bascom Hartgraves, president; Mrs. Leonard Lloyd, vice pres.; Mrs. Cecil Williams, sec.; Mrs. Jack Wade, council delegate; and Mrs. J. Tom Williams, reporter.

Mrs. Kreklow gave a demonstration on mixes, and made a coffee cake. Refreshments were served.

STUDY CLUB ADOPTS NEW NAME

The name of the Junior Womens Club has been changed to "Eldorado Study Club." The first meeting was held Saturday, Sept. 13th at the home of Mrs. Fred Case, president. Coffee was served to ten members and two guests from the senior Womens Club, Mrs. Edwin Jackson Sr., and Mrs. W. T. Whitten.

There will be a regular meeting Thursday (tonight) at the home of Mrs. Earl Barnett, who will be hostess for the occasion.
